# DRAFT

**UNITED CITY OF YORKVILLE  
PUBLIC SAFETY MEETING  
Thursday, October 1, 2015 6:30pm  
City Hall Conference Room**

**In Attendance:**

Chairman Larry Kot  
Alderman Carlo Colosimo  
Alderman Joel Frieders  
Alderman Seaver Tarulis

**Other City Officials in Attendance:**

Deputy Chief Larry Hilt

**Others in Attendance:** None

The meeting was called to order at 6:30pm by Chairman Kot and a quorum was established.

**Citizen Comments:** None

**Minutes for Correction/Approval:** June 4, 2015

The minutes were approved as read on a unanimous voice vote.

**New Business:**

***1. PS 2015-24 Police Reports for May – September 2015***

Alderman Tarulis said he appreciated receiving these reports to help answer citizens' questions. The double digit domestic battery cases were a concern for Alderman Frieders and Alderman Kot said the overtime reports were helpful when considering the budget. A bill for annual software maintenance was questioned by Alderman Frieders and it was noted there was an error in the dates. Reports are for information.

***2. PS 2015-25 Adjudication Reports for June – September 2015***

It was noted by Alderman Frieders that page 56 of the packet showed 16 truancies for one individual all on one day. Due to the police records system, they all must be entered as one date, however, the tickets do reflect individual dates. Reports are informational.

***3. PS 2015-26 Public Safety Committee Meeting Dates for 2016***

Committee members agreed to keep the meeting dates on the first Thursday of each month. Chairman Kot said sometimes the meetings have been cancelled when there are few agenda items. The staff has to post meetings, then cancel and it was suggested the committee just meet quarterly. Another idea was to meet prior to Council meetings, however, if there are special issues and many attendees, the meeting would be hurried.

The starting time was also discussed. The schedule was then approved as presented on a unanimous voice vote, but the committee will seek input from the City Administrator and Police Chief.

***4. PS 2015-27 Ordinance Adding Regulations for Happy Hours to the Liquor Code***

Chairman Kot said this will align the City ordinance with the State law allowing Happy Hour. It allows for 4 hours a day, no more than 15 hours per week and not after 10pm. The bar owner must post 7 days in advance that they will have Happy Hour. If the ordinance is not passed, citations could not be enforced according to Deputy Chief Hilt.

Mr. Kot stated Bassett training is now required for all servers by 2017 and on-line training is available. Alderman Kot took a roll call vote and all approved this ordinance. This moves to the next Council consent agenda.

***5. PS 2015-28 Administrative Adjudication - Informational***

A State law was implemented which gives the City more power to enforce what the Hearing Officer rules on and the City codes must be updated to match the State law. Currently, it is difficult to collect on fines and going forward, properties can be lienied without going to court. The lien amount can be greater to allow for attorney fees and the property can be foreclosed if the lien is not paid. Overall it gives the City more leverage. This item is informational for this committee and will originate in the Administration committee.

**Old Business** None

**Additional Business**

A citizen asked Alderman Tarulis if the police officers report non-working street lights. Deputy Chief Hilt said the midnight shift does a survey once a month and citizens may also report outages to Public Works or the Police Department.

Alderman Frieders reported multiple car break-ins in Autumn Creek, so an extra watch will be initiated. He also noted recent break-ins at the Lighthouse Academy. Alderman Colosimo said there are fluorescent cards that can be left in unlocked cars warning drivers. HOA's were suggested as another means of alerting citizens and media reminders will also be done. Alderman Frieders asked if Yorkville is active on Facebook to provide warnings. Currently, Facebook is not used for that purpose.

There was no further business and the meeting adjourned at 6:54pm.

# Memorandum

To: Economic Development Committee  
From: Krysti J. Barksdale-Noble, Community Development Director  
CC: Bart Olson, City Administrator  
Date: December 29, 2015  
Subject: Noise regulations for bars and outdoor patios

---

## **Summary**

This memo shall provide staff recommendations regarding a review of the City's noise ordinance as it relates to bars and outdoor patios, and potential revisions to the ordinance to mitigate nuisance complaints.

## **Background**

The City's Noise Ordinance was last amended in December 2014. At that time, the code was comprehensively rewritten based on staff's research of surrounding municipalities. The main reason for the rewrite was due to the proposed downtown amphitheater.

Since then, the City has responded to multiple instances of noise complaints for the area surrounding Pinheadz Bar. The City has responded, during work hours and non-work hours, to complaints of noise originating inside and outside the building. On a couple occasions the City has written tickets for noise violations. Attached are the copies of the complaint and ticket history for your reference.

A few City Council meetings ago, a resident attended and asked us to restudy the noise ordinance in light of the noise complaints at Pinheadz. Subsequently, this item was placed on the EDC agenda.

A table of the noise ordinance regulations for the City and its surrounding neighbors is attached. While the City has taken a few complaints for noise during daytime hours, most of the complaints have occurred during the nighttime hours. Since all municipalities have the same nighttime hours, we initially felt the noise ordinance as drafted did not need to be changed.

In addition to the standard noise ordinance regulations, the City also has a stricter requirement for noise originating from a patio with an outdoor liquor license. This regulation requires all noise originating from a patio to be non-existent for 75' from the property. More strict enforcement of this provision of the liquor code will be looked at for complaints during outdoor liquor license hours (pre-10pm, generally). While this will not prevent all sound complaints since a fair amount of the complaints have originated from music inside the building, we think it will help.

## **Site Inspection of Property**

In November, staff met on site with the owner of Pinheadz and toured the property. The owner explained that they consulted with a sound technician who informed them the noise vibration from their property was possibly caused by an unused exhaust vent that remained opened since the prior building owners (Moose Lodge) left. The owner has since sealed the exhaust vent and taken several noise

readings at the property line of the adjacent residential neighbors and their readings have not exceeded 45 decibels, well within the current ordinance sound levels.

However, staff has spoken with the property owner immediately behind Pinheadz and the homeowner a few houses down, both of which said the noise issue has not improved since mid-November when the building improvements were made. They did, however, state the noise is not as bad as the vibrations from the bass, as it reverberates through both of their homes.

### **Proposed Acoustical Consulting Services**

Due to the continued nuisance regarding the noise at the Pinheadz property, staff has contacted an acoustical consulting service, Soundscape Engineering, to provide a scope of services in assisting the City with evaluating the current noise ordinance and proposing any revisions necessary regarding dbA levels and vibration regulations. In addition, the consultant will conduct a site visit of the Pinhead property during the evening at the time of a live music performance and take sound measurements at the various surrounding residential property lines. A review of the City's sound level meters will occur and recommendations for particular models with more functionality to measure noise may be given. All assessments and recommendations will be provided in a written report by Soundscape Engineering and given to the City.

As proposed, the professional service fee for the report is in an amount not to exceed \$4,000.00. The report should take a few weeks to complete after the site inspection. A copy of the proposed project description and scope of services from Soundscape Engineering is attached for your consideration.

### **Recommendation**

Staff recommends engaging Soundscape Engineering to conduct the noise assessment and provide recommendations related to ordinance revisions and equipment purchase. We look forward to getting the EDC's feedback on this recommendation and answer any questions regarding this agenda item at Tuesday night's meeting.

Incident Number	Call Date/Time	Incident Type	Indoor or Outdoor	Location

Hearing Date 11/9, Found Liable, Fine \$200

2014-00000820	6/16/2014 22:28	9058 - COMPLAINTS - LOUD NOISE	band noise, report doesn't specify where	1205 N BRIDGE ST, Yorkville
2014-00000594	5/2/2014 23:21	9058 - COMPLAINTS - LOUD NOISE	INDOOR	1205 N BRIDGE ST, Yorkville

This is a report of all complaints related to noise at Pinheadz, between 2014 and mid-October 2015. The citation issued on October 9th was heard at adjudication on November 9th. The owner was found liable and was fined \$200.

After this report was generated, the City took a noise complaint on October 31st. The police responded and took noise readings, which were below the limits in the code. For a variety of reasons, a citation was issued for disorderly conduct and was heard at adjudication on December 7th. The owner was found not liable.

Municipality	Morning Hours	Maximum Allowable dBA	Evening Hours	Maximum Allowable dBA	Supplemental Notes
Yorkville	7 AM to 10 PM	70 dBA	10 PM to 7 AM	55 dBA	No amplification regulations.
Plainfield	7 AM to 7 PM	62 dBA	7 PM to 7 AM	55dBA	A license is required for amplification. Nonresidential license: A nonresidential license may be issued for the use, operation or employment of any such device at any location of which there are no other residences on the licensee's property and there are no other residences within two hundred (200) feet measured form the nearest property line of the residential property. Such license shall permit the use of any such device until the hour of 10:00 p.m. prevailing time on Sunday through Thursday and until the hour of 12:00 a.m. prevailing time on Friday or Saturday, and after the hour of 9:00 a.m. prevailing time of any day.
Naperville	7 AM to 7 PM	62 dBA	7 PM to 7 AM	55 dBA	External Speaker Systems shall not generate noise that is heard beyond the property line. A license is required for amplification. Nonresidential license: A nonresidential license may be issued for the use, operation or employment of any such device at any location of which there are no other residences on the licensee's property and there are no other residences within two hundred (200) feet measured form the nearest property line of the residential property. Such license shall permit the use of any such device until the hour of 10:00 p.m. prevailing time on Sunday through Thursday and until the hour of 12:00 a.m. prevailing time on Friday or Saturday, and after the hour of 9:00 a.m. prevailing time of any
Plano	7 AM to 10 PM	65 dBA	10 PM to 7 AM	55 dBA	No amplification regulations. They have only have musical festival permits.
Montgomery	7 AM to 10 PM	60 dBA	10 PM to 7 AM	55 dBA	No amplification regulations.
Oswego	7 AM to 10 PM	60 dBA	10 PM to 7 AM	55 dBA	No amplification regulations.

# Chapter 4

## NOISE ORDINANCE

### 4-4-1: DEFINITIONS:

All terminology used in this chapter shall be in conformance with applicable publications of the American National Standard Institute (ANSI) or its successor body. (Ord. 2001-10, 3-22-2001)

### 4-4-2: WEIGHTED SOUND LEVEL:

Sound pressure decibel levels shall be measured on a sound level meter using the "A" weighing network and designated as dB(A) or dBA. The following table provides examples of sound pressure decibel levels:

Sound Environment	Typical Sound Pressure Decibel Levels Generated
Threshold of hearing	0 dBA
Broadcast studio	20 dBA
Library	30 dBA
Quiet office	40 dBA
Light auto traffic (100 feet)	50 dBA
Air conditioning unit (20 feet)	60 dBA
Freeway traffic	70 dBA
Vacuum cleaner (5 feet)	80 dBA
Passing car at 10 feet	90 dBA
Passing bus or truck at 10 feet	100 dBA
Passing subway train at 10 feet	110 dBA
Nightclub with band playing	120 dBA
Jet takeoff (200 feet)	130 dBA
Air raid siren	140 dBA

(Ord. 2014-80, 12-9-2014)

**4-4-3: HOURS AND LEVELS:**

A. Day Hours: No person shall cause or allow the emission of sound decibel levels during daytime hours from seven o'clock (7:00) A.M. to ten o'clock (10:00) P.M. from any noise source which exceeds the following levels:

<b>Land Use</b>	<b>Outdoor Space Within The Property Boundaries Of Property Where The Sound Originates From - Max. Decibel Level (dB)</b>	<b>Outdoor Space Not Closer Than The Property Line Of The Receiving Residential Property - Max. Decibel Level (dB)</b>	<b>Indoor Space In A Structure - Max. Decibel Level (dB)</b>
Residential - single-family and multi-family, detached and attached	70	65	65
Office buildings, businesses, commercial and professional	70	70	70
Sports arena, outdoor spectator sports	110	100	100
Theaters, auditoriums, concert halls, outdoor music venues, amphitheaters	110	90	100
Parks, neighborhood	70	70	-

playgrounds, ball fields			
Golf courses, water recreations, gun/ shooting ranges	75	70	70
Industrial, manufacturing, utilities, agriculture	80	75	80

- B. Night Hours: No person shall cause or allow the emission of sound decibel levels during nighttime hours (10:01 P.M. to 6:59 A.M.) from any noise source to any receiving residential land which exceeds fifty five (55) dBA when measured at any point within such receiving residential land provided that the point of measurement shall not be closer than on the property line of the complainant. (Ord. 2014-80, 12-9-2014)

#### **4-4-4: EXEMPTIONS:**

- A. Emergency Operations: Emergency short term operations which are necessary to protect the health and welfare of the citizens, such as, emergency utility and street repair, fallen tree removal or emergency fuel oil delivery shall be exempt, provided that reasonable steps shall be taken by those in charge of such operations to minimize noise emanating from the same.
- B. Noises Required By Law: The provisions of this section shall not apply to any noise required specifically by law for the protection or safety of people or property.
- C. Powered Equipment: Powered equipment, such as lawn mowers, small lawn and garden tools, riding tractors, and snow removal equipment which is necessary for the maintenance of property is exempted between the hours of seven o'clock (7:00) A.M. and ten o'clock (10:00) P.M.
- D. Community Events: The term "community events" shall include such things as parades, festivals, drum corps shows, sports events, Fourth Of July celebrations, sanctioned or sponsored in whole or in part by local governments, schools or charitable or service

organizations. (Ord. 2001-10, 3-22-2001)

**United City of Yorkville**  
800 Game Farm Road  
Yorkville, IL 60560

**Subject: Scope of Services and Fee Proposal to provide acoustical consulting services to assist City of Yorkville with evaluation of City's existing noise ordinance and any changes needed to allow the ordinance to better suit the needs of the community**

Dear Ms. Barksdale-Noble:

Thank you for contacting Soundscape Engineering to request this proposal. The scope of services described herein is based upon our phone conversation last week and my company's experience with similar projects.

Soundscape Engineering LLC is an engineering firm that provides sound and vibration measurement, assessment, and design consulting services. We do not sell any products or have affiliations with any product manufacturers, allowing us to provide an unbiased service to our clients. Our principal consultants hold engineering licenses in four States, including Illinois, and are Board Certified by the Institute of Noise Control Engineering. Please refer to the attachments for further details about our company.

### **Project Description**

The City of Yorkville has recently been fielding complaints from residents that live near the Pinheadz Sports Bar. This bar, housed in a former bowling alley, is situated very near single-family residences. The residents have complained about music emanating from the bar. Because of this issue, you have decided that the City's noise ordinance and sound level measurement equipment should be evaluated.

The City has a noise ordinance with quantitative sound level limits. You are interesting in having Soundscape Engineering LLC review the ordinance, visit this site, and determine if there are any changes that should be made to the ordinance to allow it to better address the needs of the community.

### **Scope of Services**

To address the acoustical issues described above, Soundscape Engineering LLC proposes the following specific scope of services.

1. Visit the residential property near Pinheadz during an evening when there is a music event. While on-site, measure the noise level at the residences. The sound level will be measured in a manner that will not only allow it to be compared with the existing noise ordinance, but also in a manner that will allow it to be more fully defined, for comparison with limits imposed by other communities.
2. Review the City's existing noise ordinance. Compare the requirements of the ordinance to the requirements imposed in other communities and explain if there are aspects of the limits imposed by other communities that would better address the type of noise emanating from an establishment such as Pinheadz.
3. Review the model of sound level meter currently being used by the City to determine if there is a violation of the noise ordinance. If a meter with more functionality is needed then recommend models that would be suitable.
4. Issue a written report with our assessment and recommendations.
5. Answer any questions that you may have regarding the content of our report. This would be done via phone or email. No in-person meetings have been included in the estimated fee (other than any meeting that may take place while we are in Yorkville to measure the noise level at the residence near Pinheadz).

### **Professional Services Fee**

Soundscape Engineering LLC proposes to perform the Scope of Services on a **time plus reimbursable expenses fee basis**. The estimated fee and reimbursable expenses are provided in the table below. Soundscape will not perform work that would cause our fee to exceed these estimates without first receiving written authorization.

Task	Fee Estimate (time plus expenses fee basis)
Acoustical consulting services as presented in Scope of Services (Items 1 - 5)	\$4,000

Expenses may include airfare, mileage, lodging, meals, measurement equipment usage, printing, and other expenses reasonably incurred in the process of performing the Scope of Services.

**Personnel**

A firm partner will be in responsible charge of the work associated with this project. Resumes for the firm partners and staff that may be assigned to the project are attached for your consideration.

**Final Note**

Soundscape Engineering LLC's standard Additional Terms and Conditions are considered applicable to this proposal and have been appended to this letter. Please review them to confirm their acceptability.

If you have any questions regarding this proposal, please call or send an email to me. Otherwise, if this proposal is acceptable, please sign in the location provided below, initial the fee table next to the tasks approved, and return to my office via email, fax, or postal service; or if it is your standard practice, you may authorize us to proceed by issuing a purchase order or subcontractor agreement referencing this proposal.

Thank you for contacting us and we look forward to working with you on this project.

Sincerely,

**Soundscape Engineering LLC**

**Authorization to Proceed** – Sign below to accept this contract, including all terms and conditions. Please return a copy to us via email or mail.

Client (Print Entity Name): \_\_\_\_\_

Approved by (Print Name): \_\_\_\_\_

Approved by (Signature): \_\_\_\_\_

Date: \_\_\_\_\_

## **Additional Terms and Conditions**

1. Offers are valid for 60 days from the date of proposal issue.
2. Fees are invoiced monthly. For fixed-fee basis contracts, the amount billed is based on the approximate percentage of Soundscape Engineering LLC's scope-of-services that has been completed. For time basis fee contracts, the amount billed is based on the number of hours expended and our hourly rates.
3. Accounts are payable upon receipt of invoice. Interest of 1.5% per month will be charged on accounts overdue more than 30 days. Accounts overdue more than 120 days may be sold to a collection agency.
4. Payments by credit card incur a 3% surcharge.
5. Where Soundscape Engineering LLC is retained as a sub-consultant by a prime consultant (i.e., where the prime consultant signs the acceptance copy of the Soundscape Engineering proposal) the prime consultant accepts full responsibility for timely payment of Soundscape Engineering LLC's invoices.
6. Where a fee retainer has been requested, that retainer shall be received before any work is undertaken on the project. The retainer will be applied to the final invoice for the project.
7. Soundscape Engineering LLC's hourly charge out rates are reviewed annually, typically in January, and, at that time, may be increased without notice. Generally, the annual hourly rate increase is a nominal amount to correspond with our estimate of increases in the cost of doing business and inflation in the local or national economy.
8. Any project extensions which result in the date of project design completion being later than the dates established in the proposal will necessitate a negotiated increase in the acoustical consulting fee.
9. Soundscape Engineering LLC carries professional liability coverage with an annual and per claim limit of \$1,000,000. Soundscape Engineering LLC's Client hereby agrees that to the fullest extent permitted by law, Soundscape Engineering LLC's total liability to Client for any and all injuries, claims losses, expenses or damages whatsoever arising out of or in any way related to the project or this Agreement from any cause or causes including but not limited to Soundscape Engineering LLC's negligence, errors, omissions, strict liability, breach of contract or breach of warranty (hereafter "Client's claims") shall not exceed the total sum paid on behalf of or to Soundscape Engineering LLC by Soundscape Engineering LLC's insurers in settlement or satisfaction of Client's claims under the terms and conditions of Soundscape Engineering LLC's insurance policies applicable thereto. If no such insurance coverage is provided with respect to Client's claims, then Soundscape Engineering LLC's total liability to Client for any and all such uninsured Client's claims shall not exceed the compensation paid to Soundscape Engineering LLC under this Agreement.
10. If Soundscape Engineering LLC's Client is the Owner, then Owner hereby agrees that to the fullest extent permitted by law, Soundscape Engineering LLC shall not be liable to Owner for any special, indirect or consequential damages whatsoever, whether caused by Soundscape Engineering LLC's negligence, errors, omissions, strict liability, breach of contract, breach of warranty or other cause or causes whatsoever, including but not limited to, loss of use of equipment or facility, and loss of profits or revenue.

## Company Profile

Soundscape Engineering LLC is an engineering consulting firm specializing in acoustics, noise, and vibration control. Our team has consulted on a broad range of project types, including industrial facilities, commercial, institutional, and research buildings, aircraft, road traffic, and building equipment environmental noise, automobile cabin sound quality and aircraft cabin noise control. The breadth of our experience benefits all of our clients, regardless of project type.

For our industrial clients, we provide assessment and mitigation consulting for noise that affects workers and noise and vibration that impacts surrounding communities. We monitor noise and vibration levels in and near facilities, identify and rank contributing sources, and advise on mitigation approaches.

Our consultants have worked with municipalities to monitor and assess noise and vibration produced by industry located within their jurisdiction, and they have worked with industry to assess noise and vibration emissions and determine mitigation options. They are accustomed to working on high profile projects with community activism, media coverage and legal ramifications. They have consulted on noise control to limit employee noise exposure in existing manufacturing plants and in facilities under design.

## Firm Accreditation

Soundscape Engineering LLC is a National Council of Acoustical Consultants member firm. Membership in NCAC is granted only after a company has undergone rigorous vetting. Admittance is the highest level of professional accreditation for acoustical consulting firms.

## Firm Ownership Structure

Soundscape Engineering LLC is a limited liability company

### Service Quality

- Proactive approach
- Responsive service
- Extensive experience
- All consultants have engineering degrees
- Senior consultants have professional certifications
- Company owner involved with every project

### Services

- Noise Control and Sound Isolation
- Vibration Control
- Community Noise Impact Assessment
- Indoor Sound Level Measurements
- Outdoor Sound Monitoring
- Vibration Monitoring
- Employee Noise Dosimetry

organized in the State of Indiana and is registered with the Illinois Secretary of State and the Michigan Secretary of State. Soundscape Engineering LLC is owned by partners Nathan Sevenser and Mandy Kachur.

## Corporate Insurance

Soundscape Engineering LLC carries professional liability coverage, a.k.a. errors and omissions insurance, with an annual aggregate and per claim limit of \$1,000,000. We also carry general liability insurance. Certificates are available upon request.

Chicago Office:  
3711 N. Ravenswood Ave., Ste. 104  
Chicago, IL 60613  
(312) 436-0032

Detroit / Ann Arbor Office:  
729 W. Ann Arbor Trl., Ste. 150  
Plymouth, MI 48170  
(734) 418-8663

## Project Experience

Our consultants have provided noise and vibration control consulting and measurement services for many industrial project types, including the following:

- oil drilling and pumping facilities
- tube swaging facilities
- steel forges and foundries
- automotive parts distribution facilities
- automotive assembly plants
- manufacturing plants
- metal shredders
- scrap handling
- weld destruct process
- commercial laundering plants
- food processing and packaging plants
- aluminum melting furnaces
- automotive painting facilities
- waste water treatment plants and pumping stations
- machine and welding shops

Please see the accompanying project experience lists for more specific information.

## Commendations

"I consider Mandy an expert in acoustical design and value her ability to understand and enhance each project regardless of program, budget, schedule, or other constraints."

- Jeff Gaines, Manager Planning & Programming  
Albert Kahn Family of Companies

"Nathan was able to work with our design to create a better end product."

- Perry Hausman, Senior Associate  
TowerPinkster

"Mandy is a person that I have a confidence upon to offer you quality 'sound & noise consulting' design services for your projects."

- Siraj Khan, Director of Engineering  
Oakland University

"We have been pleased with Nate's work now at multiple client sites. Nate has been engaged in efforts to analyze noise issues at existing sites as well as recommendations during design to achieve low noise levels."

- Dan Miles, Director Engineering & Planning  
BSA LifeStructures

"Nate has a sharp sensibility and patience with explaining acoustic concepts to clients that lends confidence to the decisions they (clients) make regarding complicated interior environmental quality issues."

- Julie Root, Associate Partner  
ZGF Architects

Note: Some of the above commendations are based on experiences working with Mr. Sevener & Ms. Kachur prior to the formation of Soundscape Engineering LLC.

## Project Experience - Environmental Noise & Vibration Assessment

The following is a sample of the many projects that constitute the career experience of our staff.

- **City Hall Artspace Lofts**  
Conversion of City Hall buildings into work-live artist lofts. 3-D computer modeling of site and nearby roadways to calculate traffic noise impact on the Dearborn City Hall property and to assess the extent of building façade changes that would be needed to comply with HUD noise guidelines.  
Dearborn, Michigan
- **Hoosier Village**  
Monitoring of existing sound levels at multiple locations in large senior living community, TNM 2.5 (traffic noise) modeling of new roadway with heavy truck traffic to be constructed through property by City, modeling of alternate roadway proposed by community, determination of noise impact on community and length and height of sound barrier walls needed to mitigate impact. Issued report suitable for submission to City.  
Zionsville, Indiana
- **Mor/ryde**  
Measurement of noise emitted to environment by existing manufacturing facility, prediction of sound levels at residences near proposed plant expansion, attendance at County planning commission meeting.  
Elkhart, Indiana
- **11 W Quincy Music Venue**  
Consulting to project design team with respect to noise isolation of venue from adjacent buildings (battered together) and from other nearby properties, in order for the venue to meet the local noise ordinance. Also, follow-up testing per the requirements placed on the venue by the Village.  
Westmont, Illinois
- **City of Des Plaines (Events Venue Noise)**  
Consulting to the City with respect to noise produced by the Fountain Blue Banquet & Conference Center during events. Work included peer review of studies performed by Fountain Blue's consultants, meeting with residents, and attendance at City's Zoning Board of Appeals and City Council meetings.  
Des Plaines, Illinois
- **Sears Holdings Corporation**  
Data Center Expansion  
Community noise assessment and noise control, including environmental noise emissions and propagation modeling.  
Troy, Michigan
- **Standard Bar & Grill**  
Measurement of entertainment sound level in apartment building abutting client's establishment. Issue report for use in judicial proceedings.  
Chicago, Illinois
- **Northwestern University**  
18 months of monitoring ground vibration associated with construction of new Kellogg School of Management building.  
Evanston, Illinois
- **Rs-FUELS**  
Measurement of car wash noise at several facilities and prediction of noise at residential property adjacent to proposed new car wash. Submission of report and presentation to Village Board of Trustees.  
Wilmette, Illinois
- **The Chapman House**  
Prediction and assessment of noise impact by a proposed outdoor event's venue located near residences. Preparation of report and presentation to City Planning Commission.  
Rochester, Michigan
- **Fort Knox Studios**  
Property line measurement of noise produced in recording studios located adjacent to residential development. Issued report for submission to City.  
Chicago, Illinois
- **K9 Club**  
Acoustical analysis and design recommendations for proposal animal boarding facility and veterinary clinic with nearby residential land uses. Attendance at zoning board of appeals hearing.  
Mundy Township, Michigan

<sup>1</sup> Work performed by Soundscape Engineering working as sub-consultant to partner firm Daniel Lyzun & Associates Ltd. or Acoustic Arts & Engineering

<sup>2</sup> Work performed by firm Partner while employed by Ove Arup & Partners, Ltd., Acoustics By Design, Inc., or Albert Kahn Associates, Inc.

## Project Experience - Environmental Noise & Vibration Assessment

- **Fibertex Nonwovens LLC**  
Property line noise level measurements near factory to assess level for compliance with noise code for the Village of Lakemoor.  
Lakemoor/Ingleside, Illinois
- **The Woodmont Two Condominiums Inc.**  
Assessment of noise produced by air-cooled chiller on adjacent commercial property and submission of report with options for noise mitigation.  
Indianapolis, Indiana
- **A. Finkl & Sons Co.**  
Ground vibration assessment for forging operations adjacent to residential community  
Chicago, Illinois
- **Down Range Tactical**  
Firing range noise measurement and assessment to determine compliance with State regulations.  
Spring Valley, Illinois
- **Advocate South Suburban Hospital**  
Design consulting for transformer upgrade and chiller plant addition, with the goal of maintaining the existing noise level at the hospital property line.  
Hazel Crest, Illinois
- **Saskatoon Police Service Headquarters<sup>1</sup>**  
New 350,000 sq.ft., police headquarters building with budget of CAD\$122 million. Environmental noise assessment included sound transmission from the 10 position indoor firing range and the building HVAC equipment and emergency gen-sets.  
Saskatoon, Saskatchewan
- **Northeastern Illinois University**  
Computer modeling to predict noise emissions from proposed South Campus Central Utility Plant to residential neighborhood and design support to limit emissions to below limits imposed by City ordinance.  
Chicago, Illinois
- **Ypsilanti High School**  
Measurement of community noise from pool equipment.  
Ypsilanti, Michigan
- **Village of East Dundee**  
Advising Village on noise control and noise monitoring options for bars with outdoor beer gardens.  
East Dundee, Illinois
- **Doggie in the Window**  
Assessment and mitigation of sound from dog day care facility to neighboring building and properties  
Berkley, Michigan
- **Concert Stage Noise Impact (Residential Client)**  
Peer review, for submission to City of Indianapolis, of noise assessment report for proposed outdoor concert stage and beer garden at Bent Rail Restaurant and Brewery.  
Indianapolis, Indiana
- **Independence Place Apartments<sup>2</sup>**  
Rural Housing and Economic Development (RHED) assessment for apartment complex where train noise dominated; building envelope design for noise control  
Linton, Indiana
- **City of East Chicago**  
HUD assessment and building envelope design for housing near freight rail line  
East Chicago, Indiana
- **Nightclub Noise Impact**  
Measurement and assessment of noise emitted from bar through wall common to Client's building  
Ypsilanti, Michigan
- **River Point Centre<sup>1</sup>**  
Cooling tower noise mitigation for ordinance compliance  
Winnipeg, Manitoba
- **Power Solutions International, Inc.**  
Design consulting to allow new engine test facility to meet State of Illinois Title 35 noise regulations.  
Itasca, Illinois
- **Palm Street Middle School<sup>2</sup>**  
Computer modeling to predict noise generated by new freeway to be built near school, peer review of State's predictions, measurement of sound isolation provided by existing building construction, recommendation of building upgrades to isolate classroom from future freeway noise.  
Lemon Grove, California

## Project Experience - Environmental Noise & Vibration Assessment

- **Food 'n' Fuel**  
Environmental impact assessment for new car wash and drive-through window proposed to be constructed on the site of an existing gas station with convenience store and fast-food restaurant. Noise assessed against Will County code and Illinois Title 35. Attendance at zoning board meeting.  
Frankfort, Illinois
- **Ryko Solutions, Inc.**  
Study commissioned by Ryko Solutions to quantify the sound level produced by MacNeil car wash dryers and determine if the dryers could meet the noise restrictions imposed by the City of McHenry.  
McHenry & Herscher, Illinois
- **Lodge at Nordman Lake**  
Survey noise emitted to distant residential neighbors during wedding ceremonies and receptions on large rural property with private lake. Issue report for submission to township.  
Dexter, Michigan (Lima Township)
- **MSP Industries**  
Noise and ground vibration measurements near forging plant.  
Oxford, Michigan
- **Ciena Healthcare**  
Property line sound level measurements to determine if rooftop exhaust fan at new skilled nursing facility is in compliance with township noise ordinance. Issue report for submission to township.  
Shelby Township, Michigan
- **Triple C Development**  
Computer modeling of noise emitted to environment by proposed Zippy's Car Wash. Comparison with State noise regulations and recommendation of noise mitigation options.  
Carol Stream, Illinois
- **Car Wash Property Line Noise Study**  
Measurement of noise produced by existing car wash and advising owner on mitigation options.  
Dearborn, Michigan
- **Perrigo Company**  
Measurement of noise produced by temporary air-cooled HVAC chiller and recommendation of options for reducing noise transmission to nearby residential neighborhood.  
Holland, Michigan
- **Marlborough Condominium Association**  
Measure noise level emanating from electrical vault across street from condominium building and issue report with assessment of whether the noise level exceeds any applicable regulations.  
Chicago, Illinois
- **Constellation Place**<sup>2</sup>  
Noise impact assessment and mitigation for bus and auto traffic associated with proposed new commercial tower  
Century City, California
- **Stratosphere Hotel and Casino**<sup>2</sup>  
Acoustical Analysis of Proposed Rollercoaster Type Attraction  
Las Vegas, Nevada
- **Universal Studios**<sup>2</sup>  
Acoustical assessment to support Master Plan Environmental Noise Impact Report and Noise Mitigation Measures for Theme Park and Studios  
Universal City, California
- **Linden Group Architects**  
Survey noise levels in and near operating dog kennels and issue report with the results. Attend zoning board meeting to describe implications proposed new kennel.  
Countryside and Oswego, Illinois
- **Animal Samaritans SPCA**  
Prediction of proposed animal shelter noise impact on nearby residential zone.  
Thousand Palms, California
- **Humane Society of Huron Valley**<sup>2</sup>  
Design of exterior courtyard and noise barrier for control of dog barking noise to neighboring residences  
Ann Arbor, Michigan

## Curriculum Vitae

Nathan Sevenser has been working in acoustical engineering since 1994. He started his career at the London based engineering giant Arup, where he became a Senior Consultant and Project Manager. Prior to founding Soundscape Engineering, he headed the Chicago area office of the Grand Rapids Michigan based Acoustics By Design, Inc. He has applied his expertise in acoustics and vibration to a range of project types involving vibration assessment for laboratory buildings, building sound isolation and room acoustics, overhead paging and sound reinforcement system design, building services noise control, industrial noise control, and prediction of community noise impact.

Nathan has consulted on over 300 international and domestic projects. His work has encompassed university buildings, K-12 schools, corporate offices, courthouses, airport terminals, hotel and residential buildings, hospitals and research institutes, performing arts and recording spaces, museums, and industrial facilities.

These projects include the \$768 million Ronald Reagan UCLA Medical Center, for which he was recognized by AIA Los Angeles as a member of their Project Team of the Year in 2002 (architect: Perkins & Will), renovation of the U.S. Courthouse and Federal Building in Phoenix, for which he was recognized as the project acoustical consultant in the 2004 GSA citation for Design Excellence (architects: Thomas Phifer & Partners and Gould Evans Assoc.), the \$90 million Frederick C. Hamilton wing of the Denver Art Museum

(architect: Daniel Libeskind), the \$220 million Soka University of America campus (architects: Pheiffer Partners and Summit Architects), and the 82-story, \$300 million Aqua Tower in Chicago.

Nathan taught at the Southern California Institute of Architecture in Los Angeles and in the College of Engineering at Valparaiso University in Indiana. He has been published and has presented technical papers for Sound & Vibration Magazine, the Acoustical Society of America, and the Institute of Noise Control Engineering.

Practical Solutions from Professional Engineers

## Curriculum Vitae

Since 1991, Mandy Kachur has worked as an acoustics and noise control engineer. At Soundscape Engineering, she is responsible for all aspects of architectural acoustics project work and client development in addition to engineering analysis and measurement in room acoustics, sound isolation, building systems noise and vibration control, and community noise control.

She has worked on over 350 architectural projects, including auditoriums, healthcare facilities, university buildings, K-12 schools, acoustical and other laboratories, corporate offices, government, hotel and residential buildings, performing arts and recording spaces, worship, museums, and industrial facilities.

These projects include the award winning Henry Ford Health System West Bloomfield Hospital (560,000 sq.ft., 300 bed addition and 250,000 sq. ft. renovation), the Indiana Tech Law School Building (70,000 sq.ft. new construction), the LEED Gold Certified Agro-Culture Liquid Fertilizers World Headquarters Building (40,000 sq.ft. new construction), and the State of Michigan Hall of Justice, which houses the State Supreme Court and Court of Appeals (281,000 sq.ft. new construction). Her many small projects are just as important and include the LEED Gold Greenhills School addition in Ann Arbor and room acoustics for the Okemos Community Church.

In addition to working for acoustics consulting firms, she has also been an acoustics specialist at

a medium sized Detroit architectural/engineering firm, where daily integration into multi-disciplinary project teams heightened her sensitivity to the need for practical acoustical solutions to mesh with all aspects of a project's design.

Mandy is a Board-Certified Member of the Institute of Noise Control Engineering, currently serving as the Vice President of Public Relations, and is a prior member of the Board of Directors and chair of the Building Acoustics Technical Committee. She is a member of teams that contribute to the

*Practical Solutions from Professional Engineers*

## Curriculum Vitae

Since 1985, Louie Sunga has been working as an acoustical consultant and architect. During his nearly thirty year career, he has managed and contributed to a variety of project types, including performing arts, K-12 and higher education, corporate, hospitality, healthcare, museums, and residential.

He is skilled at integrating the acoustics, sound isolation and noise control recommendations into projects from the early stages of planning and criteria development through to preparation of project deliverables and commissioning. Project management and facilitating information flow is critical to the success of projects, particularly for the seamless integration of acoustical elements into buildings, and Louie has expertise in this critically important area.

Prior to joining Soundscape Engineering, Louie was a Senior Acoustic Consultant/Associate at Kirkegaard Associates. During his twelve years at the firm he was involved with many high profile projects.

Prior to working for Kirkegaard, he spent three years as Senior Architect/Project Manager for Animate Architects, a small architectural firm specializing in residential and business construction, and a year as Senior Architect at Teng Associates.

During his time with Teng he gained the experience and skills in Project Management and Client Relationships needed to work on large and complicated projects. His most notable project

during his time at Teng was a Joint Venture Project with Jean-Paul Viguier (Design Architect) for the Hotel Sofitel Chicago Tower.

Louie spent the first fourteen years of his career at the architecture firm, Solomon Corwell and Buenz. He was involved in many of the firms successful Chicago area projects including the Crate and Barrel Flagship Store, Tetra Pak Headquarters, and the Children's Memorial Institute for Education and Research. During his tenure at SCB, he was deeply involved in the

## Curriculum Vitae

Aimee Lalime focused her career on Acoustics in 2000, when she began her Master's Degree in Mechanical Engineering with a Concentration in Acoustics. She worked for NASA Langley to develop an efficient virtual acoustics simulation of structural noise from the space station walls.

After completing her Master's Degree, Aimee joined Arup Acoustics, working to solve and prevent problems with architectural acoustics, environmental noise, and mechanical systems noise. She conducted measurements, analyzed data, and wrote reports for presentation to clients.

She continued her career with The Aerospace Corporation, providing support to the Air Force regarding the acoustic, vibration, and shock environments experienced by sensitive equipment during spacecraft launches. During this time, she developed skills in 3D modeling of complex systems to predict vibration and acoustical environments during launch. She also gained experience in digital signal processing of flight data, managing spacecraft testing, and interfacing directly with Air Force clients.

During her time at The Aerospace Corporation, Aimee also coordinated the SCLV Dynamic Environments Workshop. She planned and managed all aspects of the workshop events, including session content, panel discussions, networking events, and keynote presentations.

When joining Soundscape Engineering in 2012, Aimee combined her experience in architectural acoustics and 3D modeling to create 3D computer

models of auditoria and meeting spaces. In addition, she has assessed sound isolation issues between hotel and apartment spaces, quantified outdoor environmental noise from mechanical equipment, predicted traffic noise for planned road additions, and designed listening and recording rooms. She has reviewed architectural drawings and planned treatments to meet mechanical noise and reverberation targets in schools, atria, meeting rooms, gymnasiums, and performance spaces.

## Professional History

2012-Present - Soundscape Engineering LLC, Ann Arbor, Michigan / Chicago, Illinois

2004-2009 – Member of the Technical Staff, The Aerospace Corporation, El Segundo, California

2002-2004 – Consultant, Arup Acoustics, Los Angeles, California

2001-2002 – Graduate Research Assistant, NASA Langley Research Center and Vibrations and Acoustics Laboratories, ME Department, Virginia Tech, Blacksburg, Virginia

2000 – Undergraduate Researcher, Michelin Tire Company and ME Department, Virginia Tech, Blacksburg, Virginia

1999-2000 Grading Assistant, Thermodynamics, Fluids, and Heat Transfer, Virginia Tech, Blacksburg, Virginia

## Education

M.S. Mechanical Engineering, Virginia Polytechnic Institute and State University, Concentration in Acoustics, 2002

B.S. Mechanical Engineering, Virginia Polytechnic Institute and State University, 2000

## Honors

Corporate Achievement Award, The Aerospace Corporation, June 2007, *For outstanding support of DOS/HiLET Payload and Space Test Program*

Mary V. Jones Award, Jan. 2001

Awarded Graduate Research Fellowship from NASA Langley, Jan. 2001

# Memorandum

To: Public Safety Committee  
From: Bart Olson, City Administrator  
CC:  
Date: December 30, 2015  
Subject: Tattoo Licenses

---

## **Summary**

Review of the City Code section on tattoo licenses.

## **Background**

This item was requested by Alderman Kot. The City has approved a recent comprehensive amendment in November 2015, and is set to review a singular amendment for insurance requirements in January 2016. We have compiled both amendments into a clean copy of the City Code, and attached a copy of that code to this memo.

## **Recommendation**

No further recommendations are provided at this time. Alderman Kot wanted the committee to have a chance to view a clean copy of the code and to discuss if any further changes are desired.

## Chapter 10

### TATTOO AND BODY PIERCING ESTABLISHMENTS

[3-10-16: COMPLIANCE WITH STATE AND COUNTY REQUIREMENTS:](#)

[3-10-17: MALPRACTICE INSURANCE:](#)

3-10-1: DEFINITIONS:

For purpose of this chapter, the words and terms defined below shall have the following meanings:

**BODY PIERCING:** means penetrating the skin to make a hole, mark, or scar that is generally permanent in nature. “Body piercing” does not include practices that are considered medical procedures or the puncturing of the outer perimeter or lobe of the ear using a pre-sterilized, single-use stud and clasp ear piercing system.

**OPERATOR:** means an individual, partnership, corporation, association or other entity engaged in the business of owning, managing, or offering services of body piercing or tattooing.

**TATTOOING:** means making permanent marks on the skin of a live human being by puncturing the skin and inserting indelible colors. “Tattooing” includes imparting permanent makeup on the skin, such as permanent lip coloring and permanent eyeliner. “Tattooing” does not include any of the following:

- (1) The practice of electrolysis as defined in the Electrolysis Licensing Act.
- (2) The practice of acupuncture as defined in the Acupuncture Licensing Act.
- (3) The use, by a physician licensed to practice medicine in all its branches, of colors, dyes, or pigments for the purpose of obscuring scar tissue or imparting color to the skin for cosmetic, medical, or figurative purposes.

Words or phrases as used in this chapter shall be defined as provided in the Tattoo and Body Piercing Establishment registration Act (410 ILCS 54/1 et seq.), as amended”

#### 3-10-2: LICENSE REQUIRED:

It shall be unlawful for any person, firm or corporation to maintain and operate a tattoo establishment, with or without body piercing, or a body piercing establishment without first having obtained a license as hereinafter provided. (Ord. 2000-55, 10-26-2000)

#### 3-10-3: APPLICATION FEE:

A. Every applicant for a license to maintain or operate a tattoo or body piercing establishment shall file an application upon a form provided by the city clerk and pay a nonrefundable filing fee of one hundred dollars (\$100.00) for the initial filing of the application.

B. Each applicant, its partners, or officers and shareholders owning more than five percent (5%) of the outstanding shares of stock, shall be required to submit to fingerprinting and a background check by the Police Department in connection with the application for a license. The applicant shall pay the fee as set by the Illinois State Police for the required fingerprint check.

C. The city clerk shall, within fifteen (15) days thereafter, refer copies of such application and all additional information to the police department, building department and city administrator. The city departments shall, within forty five (45) days, inspect the premises proposed to be operated as a tattoo or body piercing establishment, and make recommendations to the clerk concerning the compliance with the codes of the city. Upon receipt of the recommendations of the respective city departments, the clerk shall notify the applicant as to whether his application has been granted, denied or held for further investigation. The period of such additional investigation shall not exceed an additional thirty (30) days. (Ord. 2000-55, 10-26-2000)

#### 3-10-4: LICENSE FEE; DURATION:

The applicant for a tattoo and body piercing establishment license required by this chapter shall pay the city clerk at the time of filing an application a license fee of one hundred dollars (\$100.00) per calendar year. If at the time the application is filed for a license and less than six (6) months of the current license year shall have expired, the full license fee shall be charged. If more than six (6) months of such current year shall have expired, a licensen fee of one-half (1/2) the full fee shall be charged. (Ord. 2000-55, 10-26-2000)

#### 3-10-5: PREMISES REGULATIONS:

No tattoo or body piercing establishment shall receive a license or be operated, established or maintained unless the establishment shall comply with each of the following minimum regulations:

A. The establishment shall have a certificate of compliance or inspection by the Kendall County health department, if available.

B. The room in which tattooing or body piercing is done shall have an enclosed area of not less than five hundred (500) square feet. The walls, floors and ceiling shall have an impervious, smooth and washable surface.

C. Toilet facilities shall be provided within the establishment. When five (5) or more employees or patrons of different sexes are on the premises at the same time, separate toilet facilities shall be provided. Lavatories shall be provided with both hot and cold running water and shall be installed in the toilet room. Lavatories shall be provided with soap and a dispenser with sanitary towels.

D. All tables and other equipment shall be constructed of easily cleanable material, shall be painted or finished in a light color, with a smooth washable finish, and shall be separated from waiting customers or observers by a solid wall or door totally eliminating any view into the tattooing or body piercing room.

E. Closed cabinets shall be provided for use in the storage of clean linens and towels. Equipment, instruments or other materials shall be kept in properly covered containers or cabinets which shall be kept separate from the clean storage areas.

F. The entire premises and equipment shall be maintained in a clean, sanitary condition and in good repair.

G. No tattoo or body piercing establishment shall be open to the public for business between the hours of ten o'clock (10:00) P.M. and seven o'clock (7:00) A.M.

H. The main entrance door of any tattoo or body piercing establishment shall be visible from a public street and shall remain unlocked during business hours.

I. The business shall also comply with all of the terms and conditions set forth within this title with respect to business registration.

J. No establishment shall be allowed within five hundred feet (500') of another existing tattoo or body piercing establishment.

K. No establishment shall be allowed within five hundred feet (500') of an adult use as defined in this code. (Ord. 2000-55, 10-26-2000)

L. No establishment shall be allowed within seven hundred feet (700') of any zoning district which is zoned for single-family suburban residence district (R-1), single-family traditional residence district (R-2), duplex, two-family attached residence district (R-2D), multi-family attached residence district (R-3), general multi-family residence district (R-4), office district (O), agricultural district (A-1). (Ord. 2000-55, 10-26-2000; amd. Ord. 2014-73, 11-25-2014)

M. No establishment shall be allowed within five hundred feet (500') of a preexisting school or place of worship.

N. No establishment shall be allowed in a building or structure which contains another business that sells or dispenses in some manner alcoholic beverages.

O. For the purposes of this chapter, measurements shall be made in a straight line, without regard to intervening structures or objects, from the property line of the lot or parcel containing the adult use to the property line of the lot or parcel containing the nearest adult use, school, place of worship, or district zone for residential use. (Ord. 2000-55, 10-26-2000)

### 3-10-6: OPERATING REQUIREMENTS:

A. The operator of an establishment must ensure that all body piercing and tattooing procedures are performed

- 1) in a clean and sanitary environment that is consistent with the sanitation techniques, and
- 2) in a manner that is consistent with an aseptic technique, and
- 3) that all equipment and instruments used in body piercing and tattooing procedures are either single use and pre-packaged instruments or in compliance with sterilization techniques as established by the Illinois Department of Public Health. The operator shall wash his or her hands thoroughly with antiseptic soap and water before starting any tattooing or body piercing; the hands shall be dried with individual, single use towels.

B. The area on the patron to be tattooed or pierced shall first be thoroughly washed with a sterile, single use sponge with warm water containing an antiseptic liquid soap. For a tattoo, the area should be shaved with a safety razor, using single service blades for each customer or patron, followed by a solution of seventy percent (70%) alcohol to be applied to the area before tattooing is begun.

C. Only petroleum jelly in collapsible metal or plastic tubes shall be used on the area to be tattooed, and it shall be applied with sterile gauze.

D. Single service or individual containers of dye or ink shall be used for each tattoo patron, and the container therefor shall be discarded immediately after completing work on each patron. Any dye in which the needles are dipped shall not be used on another patron. Any needles, pigments, dyes, colors and any other material used in tattooing or body piercing and all bandages and surgical dressings used in connection with tattooing or body piercing shall be sterile and free from bacteria, virus particles and noxious agents and substances. After completing work on any person, the tattooed or pierced area shall be washed with sterile gauze and seventy percent (70%) alcohol solution and allowed to dry. A sterile gauze dressing shall be fastened to the tattooed area.

E. No tattooing or body piercing shall be done on any skin surface that has rash, pimples, boils, infections or manifests any evidence of unhealthy conditions. No person, customer, or patron having any communicable disease shall be tattooed or pierced. All infections resulting from the practice of tattooing or body piercing which become known to the operator shall be promptly

reported to the city by the person owning or operating the tattooing or body piercing establishment, and the infected client shall be referred to a physician.

F. No skin area shall be penetrated, abraded, or treated with chemicals for the purpose of removing, camouflaging, or altering any blemish, birthmark, scar or tattoo.

G. Operators shall at all times while in the performance of their duties wear uniforms or garments which cover the torso, and said garments shall be kept clean and in a sanitary condition.

H. No person, while on the premises of any tattoo or body piercing establishment, shall possess, sell, dispense, provide, give, keep or maintain any alcoholic beverage.

I. No intoxicated person shall be tattooed or pierced by an operator on the licensed premises.

J. Operators shall at all times comply with the regulations of the department of labor's occupational safety and health administration, as presently existing or hereafter amended, with respect to occupational exposure to blood, blood borne pathogens or other potentially infectious materials, which regulations are incorporated by reference herein. (Ord. 2000-55, 10-26-2000)

### 3-10-7: CARE AND STORING OF INSTRUMENTS:

A. Storing Of Instruments: All clean and ready to use instruments and single service needles shall be kept in a closed glass or metal case or storage compartment while not in use. The cabinet shall be maintained in a sanitary manner at all times.

B. Sterilizing Of Instruments: A steam sterilizer (autoclave) shall be provided for sterilizing all instruments before use on any customer, person or patron. Sterilization of equipment will be accomplished by exposure to live steam for at least thirty (30) minutes at a minimum pressure of fifteen (15) pounds per square inch, temperature of two hundred fifty degrees Fahrenheit (250°F) or one hundred sixteen degrees Celsius (116°C).

C. Use Of Instruments: The needles and instruments required to be sterile shall be so used, handled, and temporarily placed during tattooing or piercing so that they will not be contaminated. (Ord. 2000-55, 10-26-2000)

### 3-10-8: RECORDS:

Permanent records for each patron or customer shall be maintained by the licensee or operator of the establishment. Before the tattooing or body piercing operation begins, the patron or customer shall be required personally to enter, on a record form provided for such establishments, the date, his name, address, age, and his signature. The records shall be maintained in the tattoo or body piercing establishment and shall be available for examination by the city. Records shall be retained by the operator or licensee for a period of not less than two (2) years. In the event of a

change of ownership or closing of the business, all such records shall be made available to the city. (Ord. 2000-55, 10-26-2000)

#### 3-10-9: INSPECTIONS:

Any city department or agency may make an inspection of each establishment granted a license under the provisions of this chapter for the purposes of determining compliance with the provisions of this chapter. (Ord. 2000-55, 10-26-2000)

#### 3-10-10: LICENSE REVOCATION AND SUSPENSION:

It shall be cause for revocation or suspension that a licensee has violated the provisions of this chapter or any code or ordinance of the city relative to operation of the business or use of the premises, has made a false statement on any application for license under this chapter or, in the event that the licensee shall refuse to permit any authorized police officer or authorized member of the police department or building department of the city to inspect the premises or the operations thereof at reasonable times. (Ord. 2000-55, 10-26-2000)

#### 3-10-11: TRANSFER OF LICENSE PROHIBITED:

No license for the operation of a tattoo or body piercing establishment shall be transferable. (Ord. 2000-55, 10-26-2000)

#### 3-10-12: DISPLAY OF LICENSE REQUIRED:

Each licensee shall display a valid current license in a conspicuous place within the licensed establishment so that the same may be readily seen by persons entering the establishment. (Ord. 2000-55, 10-26-2000)

#### 3-10-13: EXEMPTIONS:

The provisions of this chapter shall not apply to licensed medical doctors of osteopathic medicine who perform body piercing or tattoo individuals while in the course of their medical practice. (Ord. 2000-55, 10-26-2000)

#### 3-10-14: REQUIREMENT FOR BODY PIERCING:

Body piercing may be performed within such licensed tattoo establishments. The piercing of ears shall be exempt from the provisions of this chapter. (Ord. 2000-55, 10-26-2000)

### 3-10-15: AGE REQUIREMENTS:

No minor under the age of eighteen (18) may receive body piercing without permission of the minor's parents or legal guardians. (Ord. 2000-55, 10-26-2000)

### 3-10-16: COMPLIANCE WITH STATE AND COUNTY REQUIREMENTS:

A. The operator of a tattoo or body piercing establishment shall comply with the Tattoo and Body Piercing Establishment Registration Act (410 ILCS 54/1 et seq.) and any Kendall County requirements. If there is a conflict between the regulations in this Chapter and the State or County regulations, the State and County regulations shall control over the regulations in this Chapter.

A. The operator shall file its application for its certificate of registration with the Department of Public Health or other health authority designated as the Department's agent with its application for its City license. The operator shall file with the City a copy of its certificate of registration before the City license, if otherwise approved by the City, shall be issued.

B. It shall be unlawful to be an operator in the City without a valid certificate of registration from the Department of Public Health.

### 3-10-17: MALPRACTICE INSURANCE:

The operator shall keep and maintain malpractice insurance in an amount of at least one million dollars (\$1,000,000.00) and shall provide evidence of such insurance upon application for or renewal of each license.

# Memorandum

To: Public Safety Committee  
From: Bart Olson, City Administrator  
CC:  
Date: December 30, 2015  
Subject: Adult Use Business Licenses

---

## **Summary**

Review of the City Code section on adult use businesses.

## **Background**

This item was requested by Alderman Kot. While reviewing the tattoo license city code section, staff felt it was reasonable to look over the Adult Use Business sections. Attorney Orr has been asked to review the code for any major issues, but has not had a chance to do so at time of packet creation. I would note that the provisions on approval of the licenses seem to allow us to run a background check on the owner of the business. This was a major point of consideration during the tattoo license amendments, as the old code did not allow for the City to conduct a background check.

## **Recommendation**

No further recommendations are provided at this time. Alderman Kot wanted the committee to have a chance to review the ordinance in full.

# Chapter 11

## ADULT BUSINESSES

### 3-11-1: DEFINITIONS:

For the purpose of this chapter, the following words and phrases shall have the meanings respectively prescribed to them by this section:

**ADULT BOOKSTORE:** An establishment having as a substantial portion of its stock in trade, books, magazines, films for sale or viewing on the premises by use of motion picture devices or any other coin operated means, and other periodicals which are distinguished or characterized by their emphasis on matter depicting, describing, or relating to "specified sexual activities", or "specified anatomical areas" or an establishment with a segment or section devoted to the sale or display of such material.

**ADULT ENTERTAINMENT CABARET:** A public or private establishment which is licensed to serve food and/or alcoholic beverages, which features topless dancers and/or waitresses, strippers, male or female impersonators, or similar entertainers.

**ADULT MINIMOTION PICTURE THEATER:** An enclosed building or "drive in" theater with a capacity for less than fifty (50) persons used for presenting material distinguished or characterized by an emphasis on matter depicting, describing, or relating to "specified sexual activities" or "specified anatomical areas" for observation by patrons therein.

**ADULT MOTION PICTURE THEATER:** An enclosed building or a "drive in" theater with a capacity of fifty (50) or more persons used regularly and routinely for presenting motion pictures having as a dominant theme material distinguished or characterized by an emphasis on matter depicting, describing, or relating to "specified sexual activities" or "special anatomical areas" for observation by patrons therein.

**BODY SHOP OR MODEL STUDIO:** Any public or private establishment which describes itself as a body shop or model studio, or where for any form of consideration or gratuity, figure models who display "specified anatomical areas" are provided to be observed, sketched, drawn, painted, sculptured, photographed, or similarly depicted by persons paying such consideration or gratuity or where for any form of consideration or gratuity, nude and seminude dancing, readings, counseling sessions, body painting, and other activities that present materials distinguished or characterized by an emphasis on matter depicting, describing, or relating to "specified sexual activities" or "specified anatomical areas" are provided for observation by or communication to persons paying such consideration or gratuity.

**BUILDING STRUCTURE:** Any structure or group of structures housing two (2) or more businesses which share a common entry, exit, wall or frontage wall, including, but not limited to, shopping centers, shopping plazas, or shopping squares.

**MASSAGE:** Any method of pressure on or friction against or stroking, kneading, rubbing, tapping, pounding, vibrating, or stimulating of the external soft parts of the body with the hands

or other parts of the human body or with the aid of any mechanical or electrical apparatus or appliance with or without such supplementary aids as rubbing alcohol, liniments, antiseptics, oils, powder, creams, lotions, ointments, or other similar preparations commonly used in this practice, that is performed by a person not licensed or certified by applicable state agency or professional accreditation organization registered with the state of Illinois.

**MASSAGE ESTABLISHMENT:** An establishment having a fixed place of business where any person, firm, association, or corporation engages in, or carries on, or permits to be engaged in or carried on any of the activities mentioned in the definition of "massage" of this section.

**SPECIFIED ANATOMICAL AREA:** Any of the following conditions:

A. Less than completely and opaquely covered:

1. Human genitals, pubic region, or pubic hair.
2. Buttock.
3. Female breast below a point immediately above the top of the areola.

B. Human male genitals in a discernibly turgid state, even if completely covered.

**SPECIFIED SEXUAL ACTIVITIES:** Any of the following conditions:

A. Human genitals in a state of sexual stimulation or arousal.

B. Acts or representations of acts of human masturbation, sexual intercourse or sodomy, bestiality, oral copulation or flagellation.

C. Fondling or erotic touching of human genitals, pubic region, buttock, or female breasts.

D. Excretory functions as part of or in connection with any activities set forth in subsections A through C of this definition. (Ord. 98-26, 8-27-1998)

### **3-11-2: ADULT USES ENUMERATED:**

The following shall be considered adult uses for the purpose of this chapter.

Adult bookstore.

Adult entertainment cabaret.

Adult mini-motion picture theater.

Adult motion picture theater.

Body shop or model studio.

Massage establishment. (Ord. 98-26, 8-27-1998)

### **3-11-3: LIMITATIONS ON ADULT USES:**

Adult uses shall be permitted subject to the following restrictions:

- A. An adult use shall not be allowed within five hundred feet (500') of another existing adult use. (Ord. 98-26, 8-27-1998)
- B. An adult use shall not be located within seven hundred feet (700') of any zoning district which is zoned for single-family suburban residence district (R-1), single-family traditional residence district (R-2), duplex, two-family attached residence district (R-2D), multi-family attached residence district (R-3), general multi-family residence district (R-4), office district (O), local business district (B-1), retail commerce business district (B-2), general business district (B-3), service business district (B-4), agricultural district (A-1). (Ord. 98-26, 8-27-1998; amd. Ord. 2014-73, 11-25-2014)
- C. An adult use shall not be located within five hundred feet (500') of a preexisting school or place of worship.
- D. An adult use shall not be located in a building structure which contains another business that sells or dispenses in some manner alcoholic beverages. (Ord. 98-26, 8-27-1998)

### **3-11-4: MEASUREMENT OF DISTANCE:**

For the purposes of this chapter, measurements shall be made in a straight line, without regard to intervening structures or objects, from the property line of the lot or parcel containing the adult use to the property line of the lot or parcel containing the nearest adult use, school, place of worship, or district zone for residential use. (Ord. 98-26, 8-27-1998)

### **3-11-5: LICENSE REQUIRED; FILING OF APPLICATION; FILING FEE:**

It shall be unlawful for any person to engage in, conduct, or carry on, or permit to be engaged in, conducted, or carried on, in or upon any premises in the city the operation of an adult use as herein defined, without first having obtained a separate license for such adult use from the mayor of the city.

Every applicant for a license to maintain, operate, or conduct an adult use shall file an application in duplicate under oath with the mayor upon a form provided by the city clerk and pay a nonrefundable filing fee of one hundred dollars (\$100.00) to the city clerk, who shall issue a receipt which shall be attached to the application filed with the mayor.

Within thirty (30) days after receiving the application, the mayor shall notify the applicant that his application is granted, denied, or held for further investigation. Such additional investigation shall not exceed an additional thirty (30) days unless otherwise agreed to by the applicant. Upon the conclusion of such additional investigation, the mayor shall advise the applicant in writing whether the application is granted or denied.

Whenever an application is denied or held for further investigation, the mayor shall advise the applicant in writing of the reasons for such action.

Failure or refusal of the applicant to give any information relevant to the investigation of the application or his or her refusal or failure to appear at any reasonable time and place for examination under oath regarding said application or his or her refusal to submit to or cooperate with any inspection or investigation required by this chapter shall constitute an admission by the applicant that he or she is ineligible for such permit and shall be grounds for denial thereof by the mayor. (Ord. 98-26, 8-27-1998)

### **3-11-6: CONTENTS OF APPLICATION FOR LICENSE:**

The term "applicant" as used in this chapter shall include any partner or limited partner of a partnership applicant and any officer or director of a corporate applicant and any stockholder more than ten percent (10%) of the stock of a corporate applicant, or any other person who is interested directly in the ownership or operation of the business. An applicant for a license shall furnish the following information under oath:

A. Name and address.

B. Written proof that the individual is at least eighteen (18) years of age. (Ord. 98-26, 8-27-1998)

### **3-11-7: ISSUANCE OF ADULT USE LICENSE:**

The mayor may issue a license to maintain, operate, or conduct an adult use if he finds:

A. That the applicant is eighteen (18) years of age and under no legal disability.

B. That the applicant is a person who is of good moral character and reputation in the community in which he or she resides; and has had no criminal convictions.

C. That said use complies with all site distances contained in this chapter in relation to school, church, and residential uses.

Every adult use license issued pursuant to this chapter will terminate at the expiration of one year from the date of its issuance, unless sooner revoked. (Ord. 98-26, 8-27-1998)

### **3-11-8: SUSPENSION OR REVOCATION OF LICENSE FOR ADULT USE:**

Any license issued for an adult use may be revoked or suspended by the mayor if the mayor shall find:

A. That the licensee has violated any provisions of this chapter regulating adult uses.

B. That the licensee has knowingly furnished false or misleading information or withheld relevant information on any application for any license or permit required by this chapter or knowingly caused or suffered another to furnish or withhold such information on his or her behalf.

The licensee shall be responsible for the acts of his agents, servants and employees provided, however, that in the case of a first offense by a licensee where the conduct was solely that of an employee, the penalty shall not exceed a suspension of thirty (30) days if the mayor shall find that the licensee had no actual or constructive knowledge of such violation and could not by the exercise of due diligence have had such actual constructive knowledge.

The mayor before revoking or suspending any license shall give the licensee at least ten (10) days' written notice of the charges against him or her. The licensee may within five (5) days of receipt of said notice request a public hearing before the mayor at which time the licensee may present evidence bearing upon the question. Any notice by the mayor may be delivered personally to the licensee or be posted on the premises of the establishment being used as an adult use. (Ord. 98-26, 8-27-1998)

### **3-11-9: EXTERIOR DISPLAY:**

No adult use shall be conducted in any manner that permits the observation of any material, depicting, describing, or relating to "specified sexual activities" or "specified anatomical areas" by display, decoration, sign, show window, or other opening from any public way or from any property not licensed as an adult use. (Ord. 98-26, 8-27-1998)

### **3-11-10: DISPLAY OF LICENSE AND PERMIT:**

Every licensee shall display a valid license in a conspicuous place within the adult use business so that same may be readily seen by persons entering the premises. (Ord. 98-26, 8-27-1998)

### **3-11-11: EMPLOYMENT OF PERSONS UNDER AGE OF EIGHTEEN PROHIBITED:**

It shall be unlawful for any adult use licensee or his manager or employee to employ in any capacity within the adult business any person who is not at least eighteen (18) years of age. (Ord. 98-26, 8-27-1998)

### **3-11-12: ILLEGAL ACTIVITIES ON PREMISES:**

No licensee or any officer, associate, member, representative, agent or employee of such

licensee shall engage in any activity or conduct or permit any other person to engage in any activity or conduct in or about the licensed premises which is prohibited by an ordinance of the city or law of the state or of the United States. (Ord. 98-26, 8-27-1998)

### **3-11-13: SEVERABILITY CLAUSE:**

If any section, subsection, subdivision, paragraph, sentence, clause, or phrase of this chapter, or any part thereof, or application thereof to any person, firm, corporation, public agency, or circumstance, is for any reason held to be unconstitutional or invalid or ineffective by any court of competent jurisdiction, such decision shall not affect the validity or effectiveness of the remaining portions of this chapter or any part thereof. It is hereby declared to be the legislative intent of the city council that this chapter would have been adopted had such unconstitutional or invalid provision, clause, sentence, paragraph, section, or part thereof not then been included. (Ord. 98-26, 8-27-1998)

### **3-11-14: VIOLATION AND PENALTY:**

Each day of violation shall constitute a separate and punishable offense. (Ord. 2008-74, 8-26-2008)

# Memorandum

To: Public Safety Committee  
From: Lisa Pickering, Deputy Clerk  
CC: Bart Olson, City Administrator  
Date: December 15, 2015  
Subject: Public Safety Committee Meeting Dates for 2016

---

## **Summary**

Discussion of quarterly meeting dates for the Public Safety Committee.

## **Background**

At the Public Safety Committee meeting held on October 1, 2015, the committee discussed the meeting schedule for 2016. Monthly meeting dates were approved; however, the committee requested further discussion on a quarterly meeting schedule. The Public Safety Committee is currently scheduled to meet the first Thursday of each month at 6:30 p.m. A complete 2016 meeting schedule of all city meetings is attached for reference.

## **Recommendation**

Staff does not see any issues with a quarterly meeting schedule. If a meeting is needed outside of the quarterly meetings, a special Public Safety Committee meeting could be scheduled. Quarterly meetings for 2016 would be January 7, April 7, July 7, and October 6.
