# DRAFT

**UNITED CITY OF YORKVILLE  
PUBLIC SAFETY MEETING  
Thursday, October 6, 2016 6:30pm  
City Hall Conference Room**

**In Attendance:**

Chairman Larry Kot  
Alderman Seaver Tarulis

Alderman Joel Frieders

Absent: Alderman Carlo Colosimo

**Other City Officials in Attendance:**

Police Chief Rich Hart

Deputy Chief Larry Hilt

**Others in Attendance:**

Jim Jensen, Blackberry North

The meeting was called to order at 6:30pm by Chairman Kot and a quorum was established.

**Citizen Comments:** None

**Minutes for Correction/Approval:** July 7, 2016

The minutes were approved as presented.

**New Business:**

***1. PS 2016-15 Police Reports for June-August 2016***

Chief Hart reported the number of dispatches is up from the previous years and he gave the numbers from 2014, 2015 and 2016. Reports accepted as presented.

***2. PS 2016-16 Adjudication Reports for July-September 2016***

Chief Hart said he is happy with the adjudication system and they are looking at expanding the items that proceed to the hearing process. If home rule is approved, there would be a monthly rather than weekly hearing and more cases could be heard. Reports accepted as presented.

***3. PS 2016-17 Request to Dispose of Vehicles***

Five vehicle are beyond their lifespan with a couple no longer running. The Police Department is requesting to put these out to bid as a package and revenue from the sale goes towards future vehicle purchases. The committee approved of this request and it moves forward to the October 25<sup>th</sup> consent agenda.

#### ***4. PS2016-18 Ordinance Amending the City Code Regarding Cannabis Violations***

Chairman Kot said this ordinance would allow the City to keep in step with the State law. Adjudication now is only allowed up to 2.5 grams and the new ordinance will include up to 10 grams. Alderman Frieders discussed the fines for violations of public bodily functions. To Mr. Frieder's question about 'emergency proclamations', Chief Hart said this would be similar to yelling 'fire' in a theater or other false emergency situations. The ordinance will move forward to the October 25<sup>th</sup> consent agenda.

#### ***5. PS 2016-19 Meeting Schedule for 2017***

The committee agreed to continue quarterly meetings on the first Thursday of the month.

### **Old Business**

#### ***1. PS 2016-10 Police Department Staffing and Projected Needs Update***

Chief Hart said staff studies are being compiled. He likes to maintain 2 officers per 1,000 residents, but the present staffing is only 30 officers and there should be 40 with the current population. The department is lacking in some positions, deficient in the number of vehicles (one has run 24 hours a day for 2 weeks) and deficient in office staff. A dedicated traffic unit is also needed. Chairman Kot asked about truck enforcement and Chief Hart said he would like a dedicated officer which helps generate fines from \$800-\$1,000. A new scale is also needed for this purpose, the cost of which is \$10,000 to \$20,000. He said 2 scales are desired due to certification requirements.

Alderman Kot said this information should be brought forward to the upcoming budget meeting. Chief Hart summarized that he would like 2 more officers, another full time office person and 3 more vehicles. He added that training budgets and other needs have been met.

Alderman Kot asked if joint traffic details could be initiated with the County and State Police. Chief Hart said some other types of details have been done with neighboring municipalities, but the scales are no longer working. Mr. Kot said he will keep pushing to have the speed control monitors used especially near the park.

Regarding police facility needs, a study is underway on all City buildings. This item will be kept on the Old Business agenda as space needs become more critical. The Chief noted there is still land set aside for a new Police Department, however, sharing space with the County Sheriff is no longer on the table.

### **Additional Business**

Chief Hart said each year the July 4<sup>th</sup> fireworks becomes a greater issue for the police and it is difficult to catch offenders. He said Oswego imposes fines through the adjudication process and he said there is discussion in Springfield to legalize fireworks.

There was no further business and the meeting was adjourned at 7:05pm.

Dear Chief Hart:

I would like to take this opportunity to extend our thanks to your members of the ILEAS Mobile Field Force for the assistance they provided to the Oak Brook Police Department on May 25 and 26, 2015 regarding the SEIU Fight for \$15 Rally.

It is good to know that we can rely on your assistance in instances of this nature and that the ILEAS Mobile Field Force Program accomplished exactly what it is intended to do. This cooperation between departments proved invaluable.

Please do not hesitate to contact me or any member of my staff in the future, for any assistance you may need. We will be more than happy to reciprocate.

Sincerely,

James R. Kruger, Jr.

**Subject:** Thank Everyone for thier Service to our Community

To all who wear a uniform to serve and protect everyone in Yorkville and Kendal County.

First and foremost we appreciate your service and dedication to our community.

We are sure that when you made the decision to wear a uniform, you understood the risk of community service and that one day you may have to face a life threading incident during a, traffic stop, domestic dispute, neighbor dispute and retail theft.

Hardly anyone takes the time to stop and say "Thank You", for assisting us during times when we are not thinking clearly or under stress.

Greg and I have been part of the Yorkville community for over 20 years and would like to thank each and every one serving in any position on the Yorkville Police Department.

Our Prayers and Thoughts are with you and your loved ones

Thank you for your continued service to us and the community, you have our full support.

Be Safe

Sincerly Yours,

Dear Chief Hart:

As a follow up to our phone conversation on June 1<sup>st</sup>, I would like to again reiterate the courtesy and professionalism exhibited by Officer Matthew Nelson on May 28, 2016.

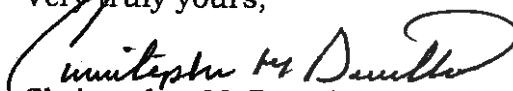

As I explained during our phone conversation, in the course of preparing to leave for the holiday weekend, I had mistakenly locked my vehicle, while running, with my daughter in it. After realizing what had just occurred, both my wife and myself fell into a panic. With our options limited, my wife contacted the Yorkville Police Department. Soon thereafter Officer Nelson arrived and quickly assessed the situation. He reassured us that we would be able to gain entry into the vehicle and resolve the situation.

In what seemed like an eternity, but in reality was less than three minutes, Officer Nelson was able to gain entry into our vehicle, only to find our daughter completely unharmed. Throughout our entire interaction with Officer Nelson he displayed courtesy, professionalism and diligence in quickly assessing the situation and resolving the issue.

I would imagine that the type of behavior exhibited by Officer Nelson is what you come to expect of all officers under your command; However, it is my opinion that these everyday interactions with law enforcement officers, in which they display courtesy, respect, and professionalism, quite often go unnoticed.

I again would like to thank you for discussing this matter with me during our phone conversation. If you could please extend my family's gratitude to Officer Nelson for the services he provided on May 28<sup>th</sup> 2016, I would appreciate it.

Very truly yours,

Dear Chief Hart:

My name is Mariesa Shapiama and I am a student at Waubonsee Community College in Sugar Grove, Illinois and am majoring in Criminal Justice & Psychology.

On September 28<sup>th</sup>, I participated in a ride-along with Officer Chris Kuehlem as part of an assignment for my Introduction to Criminal Justice class. During our patrol, we conducted a traffic stop, investigated a call about an abandoned vehicle, responded to a car accident, and responded to various other calls from dispatch. I learned many things from observing him and talking to him about the important work he does for your department. During this experience, I learned how to react and respond to multiple different situations, common police codes, how to fill out tickets/reports, Yorkville geography, and learned a lot about character & the type of officer I would like to be. It was a great experience to ride with Officer Kuehlem and learn more about my community.

Thank you for allowing me to ride along with Officer Kuehlem, and please extend my thanks and appreciation to him as well. This was an eye opening experience that I will remember for a long time as I continue to pursue my future career. The main thing I took from this experience is that being a police officer plays many roles. Not only are you a law enforcer, but you are also the ultimate problem solver.

Sincerely,

Dear Officer Jeka:

My name is Jonah Rojas and I am a student at Waubonsee Community College in Sugar Grove. I plan on majoring in Criminal Justice and would like to some day study law as a profession, preferably as a lawyer.

On November 8, I participated in a ride-along with Officer Chris Jeka as part of an assignment for my class. During the ride-along I was able to see how a police department operates from within. When I eventually got to actually leave the station, I was informed about all the equipment inside a police cruiser which was extremely interesting. After that, we then began to respond to calls such as the report of a stolen purse from Jewel-Osco. Upon getting to Jewel, I quickly learned that you shouldn't immediately criminalize someone for doing something until you know their true intentions. I learned this through seeing the footage of the woman seemingly stealing a purse when in actuality she was taking it to return it to the woman who lost it. I learned quite a lot of information from this ride-along.

Thank you for allowing me to ride-along with Officer Jeka, and please extend my thanks and appreciation to him as well.

Sincerely,

your actions were truly unexpected, but greatly appreciated. It was all I could do to shovel the drive to clear the snow the first time. Words can not express our gratitude. The pair of you went above and beyond the call of duty when you cleared the snow that the plow piled at the end of our drive.

Dear Yorkville Police Dept.,

My Daughter and her friends were having their very first lemonade stand this past weekend and were becoming a little discouraged when they weren't getting many customers. These girls were just tickled when Officer Patrick McMahon stopped, brightened their day and got a cup of lemonade! He was no doubt the highlight of their day and should be recognized for his kindness.

Dear Yorkville Police Officers,

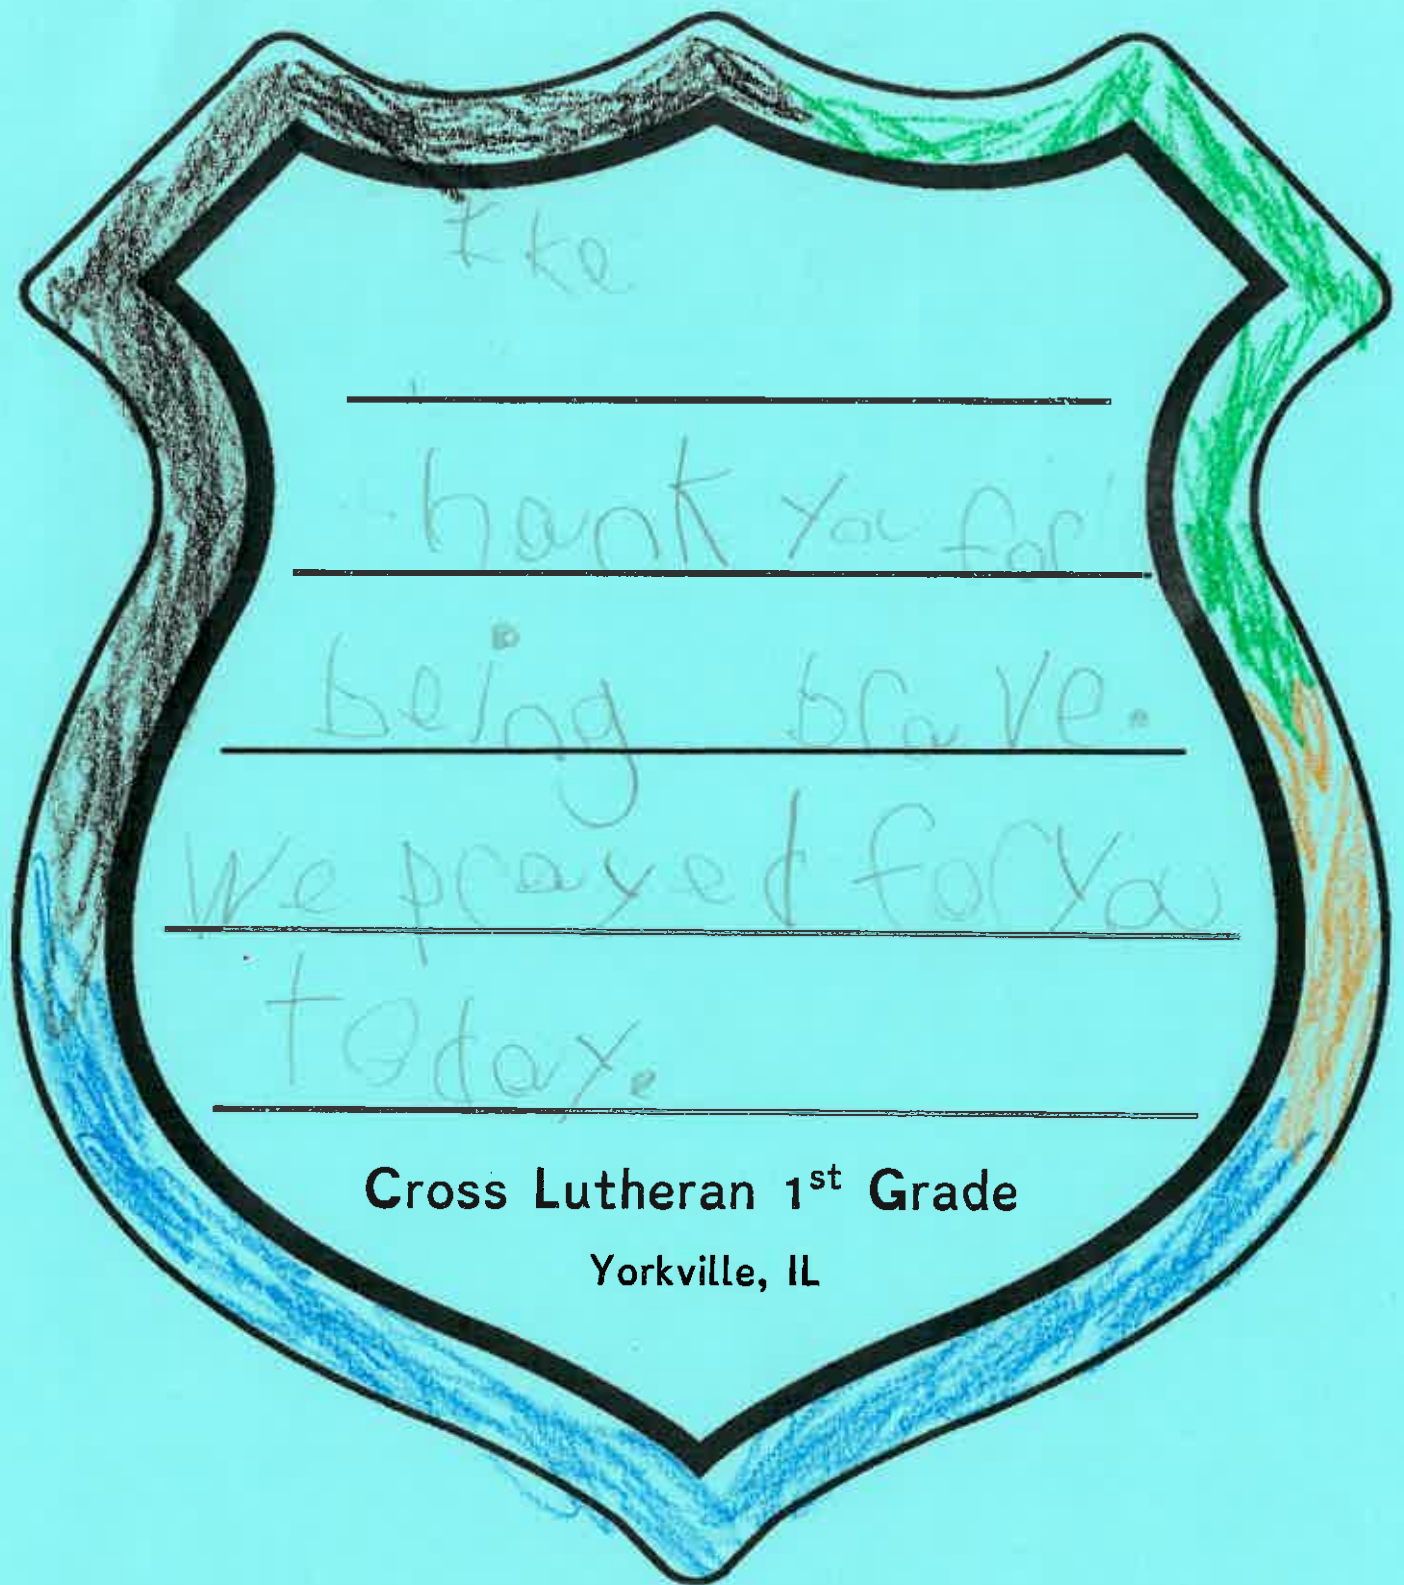

In our first grade social studies unit we have learned about our community and community workers. One lesson highlighted the work that police officers do. In addition to reading and learning, each student chose some sentences to write for you. At a time when tensions have risen around the country between citizens and police we wanted to especially let you know that we appreciate your bravery and courage to keep your citizens safe. Our school's Bible theme verse this year seemed so especially fitting as "Be on your guard; stand firm in the faith; Be courageous. Be strong. Do everything in love."<sup>1</sup> Corinthians 16:13-14. We prayed for you in our classroom. May you be blessed by these student letters. May God bless you as you serve and protect the Yorkville community.

Subject: Intergovernmental Agreement with Newark for Administrative Adjudication

---

## **Summary**

An ordinance approving an intergovernmental agreement with Newark for use of the City's administrative adjudication hearings.

## **Background**

Newark writes a few tickets per year for various issues, and currently prosecutes them through the circuit court system. Since Newark writes so few tickets, they did not think the effort of creating their own administrative adjudication system would be worth it. So, a few months ago, staff was approached by the Village Attorney for Newark, Boyd Ingemunson, about use of Yorkville's administrative adjudication hearings for tickets issued by Newark. This would be allowable with an intergovernmental agreement and is something staff felt would be a good example for intergovernmental cooperation.

A draft intergovernmental agreement is attached. It allows Newark citations to use the Yorkville administrative adjudication process. For the first six months, Yorkville will cover the cost of adjudication and will evaluate how much cost should be apportioned to Newark at the end of the six months. We will then that use framework to establish cost sharing going forward.

## **Recommendation**

Staff recommends approval of the intergovernmental agreement.

**AN INTERGOVERNMENTAL AGREEMENT  
BETWEEN THE UNITED CITY OF YORKVILLE AND THE VILLAGE OF NEWARK

**THIS INTERGOVERNMENTAL AGREEMENT** (the “*Agreement*”) is made and entered into as of the \_\_\_\_ day of \_\_\_\_\_, 2016, by and between the United City of Yorkville, Kendall County, Illinois ( “*Yorkville*”) a municipal corporation of the State of Illinois and the Village of Newark, Kendall County, Illinois ( “*Newark*”) a municipal corporation of the State of Illinois (collectively “*Parties*”).

**WITNESSETH:**

**WHEREAS**, Yorkville and Newark are duly organized and validly existing non home-rule municipalities created in accordance with the Constitution of the State of Illinois of 1970 and the laws of the State; and,

**WHEREAS**, the Constitution of the State of Illinois of 1970, Article VII, Section 10, provides that units of local government may contract or otherwise associate among themselves to obtain or share services and to exercise, combine, or transfer any power or function in any manner not prohibited by law or by ordinance; and,

**WHEREAS**, pursuant to the Intergovernmental Cooperation Act, 5 ILCS 220/1 *et seq.*, Yorkville and Newark are authorized to enter into an agreement for the joint performance of any powers, privileges, functions or authority which may be exercised by a public agency of the State of Illinois; and,

October 27, 2015, adopted the Municipal Code and established the procedures for an administrative adjudication system (“*Yorkville Adjudication System*”) through which an administrative hearing officer conducts administrative hearings to adjudicate certain violations of the United City of Yorkville Code of Ordinances (the “*Yorkville City Code*”); and,

**WHEREAS**, Yorkville agrees that it is in its best interests to facilitate adjudication of violations of Newark’s ordinances through the Yorkville Adjudication System; and,

**WHEREAS**, this Agreement sets forth the terms and conditions pursuant to which Yorkville will provide Newark with use of the Yorkville Adjudication System for processing violations of Newark’s ordinances.

**NOW, THEREFORE**, in consideration of the promises and mutual covenants hereafter set forth, the Parties agree as follows:

*Section 1.* The foregoing preambles are hereby incorporated into this Agreement as if fully restated in this Section 1.

*Section 2.* Yorkville, through the Yorkville Adjudication System, will process and conduct administrative adjudications of citations that are issued by Newark code enforcement officers from time to time and which are assigned by the issuing officer for administrative adjudication.

*Section 3.* At the expiration of the first six (6) months of the term of this Agreement, Yorkville shall review the number of citations heard and time allotted to Newark at each session of the Yorkville Adjudication System and determine if any proportion of the costs incurred by Yorkville for the administrative hearing officer and court reporter should be paid by Newark. If Yorkville determines that they have incurred increased costs as a result of the Newark citations, then the parties shall mutually agree upon a proportional division of the expenses.

*Section 4.* Hearings on citations to be processed through the Yorkville Adjudication System shall be held at the United City of Yorkville Village Hall, 800 Game Farm Road, Yorkville, Illinois 6056 in accordance with the procedures as set forth in the Yorkville City Code.

*Section 5.* All administrative adjudication hearings under the Yorkville Adjudication System shall be conducted by an administrative hearing officer appointed by Yorkville pursuant to the Yorkville City Code.

# Memorandum

To: Public Safety Committee  
From: Bart Olson, City Administrator  
CC:  
Date: December 29, 2016  
Subject: Ordinance on vehicles on public property

---

## **Summary**

Approval of an ordinance amending the City code to address vehicles on public property.

## **Background**

Several months ago, a Yorkville police officer wrote a ticket to a citizen for using a golf cart within the Countryside common areas. The Countryside common areas are owned by the City, but the ticket was thrown out at adjudication because the City's ordinance addressing vehicles on public property only prohibited vehicles within park properties and the Countryside common areas were not designated as a park.

Subsequently, the resident who received a ticket insisted that the Americans with Disabilities Act (ADA) allowed him to drive a golf cart on all public properties. Staff understanding was that ADA did not apply to such an act, and we sought and received confirmation from the City Attorney on the matter (letter attached).

After the letter to the resident was sent, we realized that the current loophole in the code that would allow someone in a golf cart to drive back and forth across the City Hall front lawn should be closed. Therefore, we have drafted an ordinance that would prohibit all non-highway vehicles from all City properties, whether they are park properties or public buildings.

## **Recommendation**

Staff recommends approval of the attached ordinance regulating the use of motor vehicles on public ways and properties.

**Ordinance No. 2017-\_\_\_\_\_**

*Re: Americans with Disabilities Act*

Dear Bart:

You have requested my legal opinion regarding whether or not the Americans with Disabilities Act (“ADA”) mandates the City to permit the use of golf carts on walkways in public parks and public areas. While the ADA requires a public entity to afford a disabled person an equal opportunity to participate in any service, program or activity, the use of mobility devices in public thoroughfares is not mandated by this law.

The ADA applies to all service programs and activities of public entities and therefore mandates all buildings, structures, sites, complexes, etc. may require certain structural changes to be reasonably accessible and usable by persons with disabilities. All newly constructed streets, roadways and highways must contain curb ramps or sloped areas to permit street level pedestrian walkways to permit access. Notwithstanding the foregoing, the ADA does not require a public entity to permit an individual to participate in or benefit from the services, programs or activities of that public entity when that it poses a threat to the health or safety of others.

Illinois law authorizes any local government to prohibit the use of “non-highway vehicles”, which includes golf carts, on any roadway if public safety is jeopardized. Similarly, park walkways and thoroughfares cannot be deemed to be safe to pedestrians, runners and bikers when competing with a motorized vehicle much greater in size and weighing as much as 1000 pounds. Drivers of golf carts are not required to be licensed nor are they age restricted. Moreover, the City could not reasonably control the number of golf carts permitted at any given time or supervise the capabilities of the driver so as to assure the safety of all.

For the foregoing reasons, it is apparent that the ADA did not intend to apply to public owned thoroughfares, bike paths or walkways.

Very truly yours,

KATHLEEN FIELD ORR & ASSOCIATES

# Legal Brief: Regulation of Golf Carts and Low-Speed Vehicles

By Jenifer Johnson, General Counsel  
Jerry Zarley, Legal Analyst

The combination of an aging population, the price of new cars and the desire for environmentally-friendly transportation alternatives has led to a steady demand for golf carts and low-speed vehicles in recent years. The reliance on these alternative modes of transportation has precipitated necessary changes in Illinois law. This article is an update to the Legal Q & A published in the September 2008 *Illinois Municipal Review* entitled "Golf Carts & Neighborhood Vehicles on Public Streets" to reflect the statutory changes since then.

## Definitions of Vehicles

The definition of "golf cart" was moved to the definitions section of the Illinois Vehicle Code by Public Act 96-0279. As before, "golf cart" is defined as:

A vehicle specifically designed and intended for the purposes of transporting one or more persons and their golf clubs or maintenance equipment while engaged in the playing of golf, supervising the play of golf or maintaining the condition of the grounds on a public or private golf course.<sup>1</sup>

A golf cart is also a "non-highway vehicle."<sup>2</sup> Non-highway vehicles also include all-terrain vehicles, off-highway motorcycles and recreational off-highway vehicles.<sup>3</sup> Although off-highway motorcycles are regulated the same as golf carts, all-terrain vehicles and recreational off-highway vehicles are regulated a bit differently. Please see subsection (h) in section 11-1426.1 of the Code for these differences. The regulation of these other non-highway vehicles is beyond the scope of this article.

The definition of "neighborhood vehicle," which was described in the previous article, was ultimately repealed by Public Act 97-0144.<sup>4</sup> The term "neighborhood vehicle" was replaced with "low-speed vehicle," which is defined as:

Any 4-wheeled vehicle with a maximum speed greater than 20 miles per hour but not greater than 25 miles per hour that conforms with the federal motor vehicle safety standards set forth in 49 C.F.R. Part 571.500.<sup>5</sup>

There are some differences between the two types of vehicles. Low-speed vehicles are manufactured with the proper equipment to be street legal, while golf carts may or may not be. Some low-speed vehicles already have doors and windows, while golf carts usually do not. Golf carts are typically designed to carry two people, while low-speed vehicles may be designed to carry four or more. Low-speed vehicles are also slightly bigger and move slightly faster than typical golf carts. While golf carts are specifically designed for use on a golf course but can also be used on streets with specific limitations, low-speed vehicles are designed for use on the streets but not a golf course.

### **Operation of Golf Carts**

Removing the statutory ambiguity described in the previous article, the Illinois Vehicle Code now specifically authorizes units of local government to permit the use of golf carts on their roadways, provided that the posted speed limit on the roadway is 35 miles per hour or less.<sup>6</sup> Section 11-1426.1(d) provides:

A municipality, township, county or other unit of local government may authorize, by ordinance or resolution, the operation of non-highway vehicles on roadways under its jurisdiction if the unit of local government determines that the public safety will not be jeopardized. The Department [of Transportation] may authorize the operation of non-highway vehicles on the roadways under its jurisdiction if the Department determines that the public safety will not be jeopardized. The unit of local government or the Department may restrict the types of non-highway vehicles that are authorized to be used on its streets.<sup>7</sup>

Before permitting the operation of golf carts on their roadways, however, the Code requires local governments to "consider the volume, speed and character of traffic on the roadway and determine whether [golf carts] may safely travel on or cross the roadway" and to post appropriate signage after the adoption of the ordinance or resolution.<sup>8</sup> Furthermore, if a particular road is under the jurisdiction of more than one unit of government, each unit of government must agree to the usage and take the appropriate action.<sup>9</sup>

Except for where it is specifically authorized, "it is unlawful for any person to drive or operate a non-highway vehicle upon any street, highway or roadway in this state."<sup>10</sup> Golf carts are not prohibited from crossing a road or street at an intersection where the road or street has a posted speed limit of more than 35 miles per hour.<sup>11</sup> Where the operation of a golf cart is authorized on the roadways, however, the driver must have a valid driver's license<sup>12</sup> and insurance,<sup>13</sup> and the golf cart must at minimum have "brakes, a steering apparatus, tires, a rearview mirror, red reflectorized warning devices in the front and rear, a slow moving emblem . . . on the rear of the non-highway vehicle," and headlights, taillights, brake lights and turn signals.<sup>14</sup>

### **Operation of Low-Speed Vehicles**

Although there are some identical provisions, the regulations regarding the operation of low-speed vehicles do not mirror the regulations regarding the operation of golf carts. For example, unlike golf carts which need authorization to operate on the streets, low-speed vehicles can be operated on any street in the state where the posted speed limit is 30 miles per hour or less,<sup>15</sup> unless the operation of which is prohibited by regulation, ordinance or resolution.<sup>16</sup> Thus, low-speed vehicles have a statutory right of use unless determined and regulated otherwise. In addition:

Low-speed vehicles may cross a street at an intersection where the street being crossed has a posted speed limit of not more than 45 miles per hour. Low-speed vehicles may not cross a street with a speed limit in excess of 45 miles per hour unless the crossing is at an intersection controlled by a traffic light or 4-way stop sign.<sup>17</sup>

However, a unit of local government may authorize the use of these vehicles on its roadways with speed limits between 30 and 35 miles per hour by ordinance or resolution.<sup>18</sup> If the use of these vehicles is to be authorized, like golf carts, the municipality is required to consider the volume, speed and character of the traffic on the street to determine whether low-speed vehicles may travel safely on that street.<sup>19</sup> Whether the operation of such vehicles is authorized under subsection (e-5) or prohibited under subsection (c), the unit of government is required to post the appropriate signage.<sup>20</sup> And, similar to golf carts, if the roadway is under the jurisdiction of more than one unit of government, both or all units of government must agree to the authorization and/or prohibition of the use of low-speed vehicles and take the appropriate action.<sup>21</sup>

Although low-speed vehicles are required to have similar equipment (*e.g.*, brakes, lights, etc.), they must also have a windshield, a vehicle identification number, seat belts and two rearview mirrors.<sup>22</sup> Like golf carts, the driver is required to have a valid driver's license<sup>23</sup> and insurance,<sup>24</sup> but drivers must also have a certificate of title and a valid registration for the low-speed vehicle.<sup>25</sup> Finally, the operation of low-speed vehicles is subject to the Rules of the Road and applicable local ordinances, just like all other street-legal vehicles.<sup>26</sup>

## **Municipal Liability**

The previous article eluded to the possibility of liability if municipalities allowed golf carts or low-speed vehicles on their roadways. Section 3-102(a) of the Local Governmental and Governmental Employees Tort Immunity Act imposes a duty on all municipalities to "exercise ordinary care to maintain [their] property in a reasonably safe condition for the use" by "intended and permitted users."<sup>27</sup> Back then, there was nothing in the relevant statutes to relieve municipalities from that chance of liability. Now, however, both statutes remove that possibility with the following language:

No action taken by a unit of local government under this Section designates the operation of a [non-highway vehicle/low-speed vehicle] as an intended or permitted use of property with respect to Section 3-102 of the Local Governmental and Governmental Employees Tort Immunity Act.<sup>28</sup>

It should be noted, however, that this provision does not necessarily relieve municipalities from all potential liability.

## **Conclusion**

Municipalities have options in regulating the operation of golf carts and low-speed vehicles on their roadways. It is important to recognize the differences between these types of vehicles, to understand the statutory provisions governing each of them, and to examine the unique characteristics of community roadways and travel patterns to decide whether they are a safe form of travel within that municipality.
