Citizen Comments: None

Minutes for Correction/Approval: September 7, 2017

The minutes were approved as presented on a unanimous voice vote.

New Business:

1. PS 2017-16 Adjudication Reports for September 2017

No discussion.

2. PS 2017-17 New Liquor License Category for Sidewalk/Parklet Cafés

Downtown business owners have approached staff about outdoor seating on the sidewalk/right-of-way for their establishments. A new liquor license category now needs to be offered to allow outdoor eating etc. There are some restrictions to the license regarding music, dates of operation and materials/furniture allowed outside. This item came before EDC and will have a Public Hearing on October 18th at Planning and Zoning Commission.

Chairman Colosimo questioned establishments such as the Law Office that do not serve food. Modifications will be made to the ordinance to accommodate. The committee also discussed hours of serving liquor outside and enforcement of no smoking within 15' of the building/serving area. The committee agreed that eating or drinking on the public way or sidewalk should end at 11pm for Class F licenses and to allow glass serving utensils outdoors. This item moves to the Council regular agenda on October 24th.

3. PS 2017-18 Liquor License Application and Fee Review

Ms. Willrett said staff reviewed fees for liquor licenses and applications in comparison to nearby communities. A \$200 fee for certain classes of the licenses and an increase of \$150 for applications was recommended. The increase is to encourage submission of applications on time. Mr. Olson said there is a rush at the end of the license year to turn in applications with the expectation by the applicant to have the license turned around rapidly. Chairman Colosimo and Alderman Funkhouser indicated they did not support increases merely to keep pace with other communities, however, they supported them to encourage timeliness. A rush fee was suggested for late applications. A revised draft will be brought back to the next Public Safety meeting.

4. PS 2017-19 KenCom Intergovernmental Agreement

Chief Hart reported on this item. He said the police utilize a “New World” system shared with the County and local municipalities, however, the dispatch system has a different program. New World offers a program for dispatch which would then integrate all systems together. New software will be purchased with Yorkville's share being \$10,000 to \$11,000. The inter-governmental agreement with Kendall County will also be changed to reflect that KenCom is taking over the New World system from Kendall County. Alderman Funkhouser was concerned about the 9-year term considering how technology advances. The cost splits for the various agencies served were also discussed. This will return to committee after more information is obtained.

Old Business None

Additional Business

There was no further information and the meeting was adjourned at 6:37pm.

Director

Dear Law Enforcement Executive:

As you may be aware, the Illinois State Police (ISP), Division of Forensic Services is in the process of implementing a new Laboratory Information Management System (LIMS), as mandated by state law (P.A. 99-0352). Over the past year, the ISP has been working with Porter Lee Corporation (PLC) to configure and customize a system that will improve the efficiency of ISP's forensic laboratory and crime scene processes. This new LIMS will also enable the ISP to provide better information to user agencies and others through a number of improvements in areas such as reporting analytical results and statistics. Completion and implementation of this new LIMS is anticipated in late 2017.

Over the next several months, ISP and PLC will be finalizing plans for this implementation. These plans will include information and instructions specific to all user agencies. Please watch for further ISP communications in the next several months regarding LIMS training for user agencies, FAQs, and other important topics. Should you have any questions at this time, please direct them to ISP_Forensics@isp.state.il.us.

The ISP is confident the new LIMS will greatly enhance the forensic services provided to your agency. Your patience and cooperation will be greatly appreciated as we move forward with these improvements.

Sincerely,

Chief Hart,

Thank you so much for contributing to our effort to collect business cards for fallen Officer Kelchen's son. If you would like to find out more about the story check it out at <https://bluelivesmatter.blue/mitchell-kelchen-son-business-cards/> Unfortunately hate filled incidents like the one which happened to him seem to have become commonplace in today's society. From the expression of compassion from those like you and your officers, these hardships are turned into blessings. Through great partnerships from agencies like yours the 6 officer's in my district were able to collect 257 officer's business cards and other patches and police memorabilia. We were compelled to do what we could to encourage this cause and are proud to have such good contacts with agencies who are willing to assist us with matters like these. Thank you for your help and support.

Keep up the good work

And God Bless!

Dear Police Chief Hart:

My name is Tanner Prellberg, and I am a freshman at Waubonsee Community College in Sugar Grove, Illinois. I am planning on majoring in Criminal Justice.

On November 24th, I participated in a ride along with Officer Hart because Professor Heinrich wanted to not just teach his class what being an officer was like but experience what it could be like. During our patrol, we went to on a lock out where Officer Hart explained to me that in some of the new vehicles that because of the anti theft device that is built in that it is not able to be unlocked by using a jimmy. Officer Hart also walked me through how he does a traffic stop. He explained how he like to radio in his location of the traffic stop before he turns on the lights, and how he uses L.E.A.D.S. to see if a person has any warrants, or tickets in the last 12 months.

I want to thank you for allowing me to ride along with Officer Hart and was wanting you to extend my thank you to him as well. This ride along helped me ensure myself that I really want to be a police officer in a few years. Thanks again for the experience.

Sincerely,

Dear Chief Hart,

My name is Christopher Kurbyun and I am a student at Waubonsee Community College in Sugar Grove, Illinois studying Criminal Justice as my major.

On November 22, I interviewed Detective McMahon as part of an assignment for my Criminal Investigation class. During the interview Detective McMahon informed me of the ins and outs of the detective work he does on a day to day basis, it was a great experience to do this interview.

I would like to thank you and your department for all the time you have spent with me, including the interview that I had with Detective McMahon the other day. The interview shed a bit more insight to the detective side of the department which is something I was not able to see much of in the two years that I interned there while in high school. But throughout all the time I did spend there I did learn a lot from the officers I spent time with and getting to know them and the tasks they do every day. Because of the experience I had at your department and with your officers only solidified my career choice of becoming a police officer and a detective. Thank you for the experience, I am truly grateful.

Sincerely,

Dear Yorkville Police Department,

My name is Luke and I'm a 5th Grade student at Yorkville Intermediate School.

I want to thank you for saving/helping the people in 9/11. If you didn't help, thank you for helping Yorkville become better. In my class, we watch a video about 9/11. We tried to watch another video, but it didn't work.

I believe that you shouldn't make a joke out of something bad happened or has to do with the world, such as 9/11, the Pledge of Allegiance, or something else.

Thank you again for helping Yorkville become better. Please write back if you can.

Dear Yorkville Police Department, Hello my name is Emma and a student at Yorkville Intermediate School.

Me and my class learned about the twin towers today. We watched videos about the twin towers. The videos we watched made me very sad. I don't understand why people would hijack a plane and crash it into the twin towers. I would never do that. So thank you for saving people's lives and keeping everyone safe!

Thanks for all you do,

department,

~~Am very~~ Thank for

Dear Yorkville Police

I'm Tyler a 5th grader
at the Yorkville Intermediate School.
I'm very thankful for the police that
help find people and the
trained dogs that helped to find people.
I hope never ever anything happen
like this again. I can't believe people
are still dying today. We in class today
watched a bunch of videos of 9-11.

Thank you for all the brave actions
you do. Tyler

Dear Yorkville Police Department

hello my name is Ryan from
Yorkville Intermediate School.

We learned about the attack
of September 11th. In class
we watched a video. I have
read a book about September 11th
I wish it never happened
it really looked bad.

Thanks for every
thing you do
from Ryan

You are my hero!

Dear Officer,

Thank you for protecting us. We all

thank you. We all want you to have

a good day officer. Have you

been to 9/11 Memorial?

from Caleb R

Ricci
You are my hero!

Dear Officer,

I thank you for catching
the bad guys and
making it so
that everyone
is safe.
Sincerely Ricci

I want to thank you
so much for helping my
son and I when my
car broke down back on
July 3rd. You went
above and beyond your
call of duty.

As a former police
dispatcher I understand
how busy you really are
and so it means so
much more to me that
you took the extra time
to drop my son off at
the water park and wait
with me till the tow
truck arrived.

Thank you again!

But anyone can see
that what you do
makes a wonderful difference.

THANK YOU

Barb Rutnam

Thank You,

Too many times
police officers get bad
raps. But when an act
of kindness happens I feel
it is important to acknowledge
it.

Thursday mornings (9/21)
my Club 47 Ladies went to
our 6 A.M. Class as we do
each morning. After that
class we always go to Darden
Donuts (Southside)

We are usually there by 7.
2 of your officers were sitting
inseles well & we conversed
a bit with them. When
they left they kindly gave
our table of 7 Ladies a \$10
gift card to use. We
just wanted to say Thank
you & what great P.A. that
is. Keep up the good work
We all appreciate you all
being out there all the time

Love & Bless

The flowers were beautiful

They usually show up when you most need them or miss them.

They also make an appearance during times of celebration as well as despair to let you know they will always be with you.

Look for them and they'll appear.

No words could ever express our appreciation for the love and support you have shown to us after the passing of our son, and brother Seth. We are deeply grateful.

With love.

Memorandum

To: Public Safety Committee
From: Lisa Pickering, Deputy Clerk
CC: Bart Olson, City Administrator
Date: December 20, 2017
Subject: Banquet Hall Liquor License Category

Summary

Consideration of an amendment to the liquor code to create a new license category for banquet halls.

Background

Staff has received an inquiry from a business owner who is interested in opening a banquet hall in Yorkville. The city does not currently have a liquor license classification for banquet halls, so staff is proposing to create a new liquor license class.

Staff is proposing to add a banquet hall definition and new license class to the liquor code. The proposed definition would be as follows: Banquet hall: Every building or public place kept, used, maintained, and held out to the public to be a place where banquets, weddings and other single day events and parties are catered to and where no other portion of the premises is used for any other purpose defined herein. The proposed license class would be as follows: BH – Banquet hall. Authorizes the licensee to sell alcoholic liquors for consumption on the premises only, of any banquet hall.

Staff is proposing an annual license fee of \$2,000.00 for banquet halls. Other Yorkville liquor licenses with an annual license fee of \$2,000.00 are the golf course and hotel/motel liquor licenses.

Recommendation

Staff recommends approval of the attached ordinance.

Subject: Amendment to Title 3 Chapter 9 Massage Establishments

Summary

Attached you will find the staff recommended revisions to the City's Codified Ordinance Title 3 Chapter 9 Massage Establishments. Legal has reviewed the revisions as well.

Background

The current version is attached for your reference. The recommended amendment includes all items necessary to adhere to the Illinois Massage Licensing Act, 225 ILCS 57/5 *et seq.* A few key revisions from the Ordinance are listed below:

- The Definitions section has been amended to add several words that have not been previously defined. Those are: *Act, Advertise, Applicant, Bodywork Establishment, Bodywork or Bodywork Services, Bodywork Provider, Compensation, Massage or Massage Services or Massage Therapy, Owner, Permit, Person, Recognized School.*
- Updated Exemptions from Licensing and Fees have been added to include: *occupational and physical therapists, State licensed physicians assistants, practical and registered nurses acting in the normal course of their medical duties under the supervision of licensed medical professionals, bodywork or massages provided by massage therapy students enrolled in a recognized school provided that such services are part of the curricular requirements of the recognized school and for which no compensation is received.*
- Updated Application section, which includes information on *the Business, the Premises, the Business Owners and Supervisors, Business Employees and Agents, Miscellaneous information, Inspections, and Information and Documentation.*
- Updated the License Fee. Currently, the fee is \$200.00, with the extra steps added, it is expected to be a more time intensive process. Staff is proposing an increase in the fee to \$500.00 for the license fee.
- Added the Background Check Fee (NEW). Currently, there is no background check fee. Staff calculated the time spent by an officer to perform the background check and the time for administration staff spent on processing the background check to come up with the new fee of fifty dollars (\$50.00).
- A Sanitation and Safety Requirements Section (NEW) has also been added. This shall be periodically inspected by a duly authorized representative of the City for safety of the structure and adequacy of plumbing, ventilation, heating, illumination and fire protection. There are also several other requirements added for the sanitation rules.

- The Issuance and Denial of Licenses has been updated to include an *inspection from the Building Inspector prior to issuance. The denial process must go with the advice and consent of the City Administrator and the Chief of Police if the requirements of the Chapter or 1 of 5 listed items have happened or are not in place.*
- Registration and Regulation of Employees and Agents have been updated to include that the *licensee, the owner(s) and any person designated by the licensee as a supervisor shall update the register and supply the updated information contained in the register to the City when the information changes. This register shall be located and available for inspection by representative of the City at all times during regular business hours.*
- A section has been added for Conditions and Restrictions of Licenses (NEW). *This includes: Separate License for each premise, Transfer of License, Minors Prohibited, Alcoholic Beverages Prohibited, Solicitations Prohibited (NEW) – no false, deception or misleading solicitation or suggestion or imply any sexual activity in connection with services, or which appear on any adult website or website or other platform with similar services or products, Hours of Operation (NEW) – no business shall be open between 10:00 pm and 6:00 am, Inspections, Residence Prohibited (NEW), Open Door during Business Hours (NEW), Open Sign (NEW), Public Access (NEW), and Effect of Revocation (NEW).*
- A Prohibited Acts and Conditions (NEW) section has been added. There are 13 items that are described in detail that are prohibited.
- An Enforcement (NEW) section has been added. *The Chief of Police, police department, and community development department shall have the authority and duty to enforce the provisions of this Chapter.*
- A Suspension without a Hearing (NEW) section has been added. *This would allow the Chief of Police, if there is reason to believe that any of the following circumstances exist, the license may be suspended upon the issuance of a written order stating the reason for the suspension without prior notice or hearing for not more than 7 days, giving the licensee an opportunity to be heard during that period. There are 3 specific reasons for the suspension without a hearing to be issued.*
- A Revocation or Suspension; Hearing Procedure; Fines and Costs (NEW) section has been added. This section outlines the procedure and fines/costs that go along with the revocation/suspension.
- A Cause for Suspension, Revocation and/or Fines (NEW) section has been added to the Chapter. Listing 12 causes for suspension, revocation and/or fines for the business.
- Added an Incorporation of the Massage Licensing Act (NEW).

Recommendation

Staff recommends approval of the attached revision to Title 3 Chapter 9 Massage Establishments to the City's Codified Ordinances.

Subject: Liquor license fee justification

Summary

Review of staff time spent administering liquor licenses.

Background

This agenda item was last discussed at the October Public Safety Committee meeting. At that meeting, the committee reviewed the proposed amendments to the liquor license fees and requested a tally of staff time and resources spent on administering liquor licenses.

Deputy Clerk Lisa Pickering has provided some notes on the minutiae of administering liquor licenses, which is attached. In summary, for each liquor license issued, the City spends 4-6 hours of staff time administering the licensing process. This is in exchange for the \$100 first-time or changed application fee and why we recommended the fee to increase from \$100 to \$250. For each year thereafter, the City only charges an application fee if a renewal is turned in late. We recommended that the late fee increase as well.

Outside of the licensing process, the City spends an undetermined and highly varying amount of hours on enforcement issues at each location throughout the year. These police activities can range from proactive (meetings with owners and managers) to reactive (disorderly conduct, noise). For some establishments, the amount of time spent responding to citizen inquiries and complaints can easily tally into dozens of hours. At a low level estimate of \$40 per hour for staff responses (including police), a \$1,500 annual license fee can easily be matched by any single response incident.

Recommendation

Staff recommends increasing the liquor license fees as suggested in the October 2017 memo.

Liquor License

New applications

Deputy clerk answers questions from potential license holders, discusses the process, goes through application forms, accepts payment, make copies of application and ID, takes applicant and a copy of their application to the police department where they are fingerprinted. Police department front desk calls someone in to take fingerprints, officer comes in takes fingerprints, officer or office staff submit fingerprints to state through Livescan. Fingerprint results come back, detectives conduct background check and write report summarizing, findings go to Nicole, Nicole contacts me and I send original application over to police department for Police Chief to review and approve/deny application based on background check. If fingerprint results are not received in a timely manner, police staff sometimes need to call the state to follow up on results. State charges city for fingerprint submittal and that gets processed by staff.

Once police department concludes the background check, the signed application returns to deputy clerk. Next the application and police report are left for the Mayor to review and approve/deny application. After Mayor approves/denies, deputy clerk contacts applicant and lets them know the outcome and that while their application is approved, the license will not be issued until they provide a certificate of insurance showing dram shop coverage. Typically liquor applicants apply ahead of time for liquor license and then hold off on the city issuing the license until it is near when they want to open their restaurant. When it gets near opening, there are usually more questions regarding city's certificate of insurance requirements and deputy clerk spends time answering questions and at times speaking directly with the applicant's insurance agent to facilitate getting a correct certificate of insurance. Once all steps are completed, a liquor license is printed out and left for the Mayor's signature. After the Mayor signs, the Deputy Clerk signs as well. License is scanned for electronic copy, license info is added to spreadsheet to facilitate keeping track of all licenses issued and paper file is created for retention of all future documents related to the liquor license. Many times applicants have multiple licenses that are applied for and issued after liquor license approval. These include the following: Outdoor liquor license, amusement device license, and video gaming license. Some liquor applications require liquor code amendments which then require time spent on preparing materials for meeting packets.

There is also time spent on filing and records management of all associated documents.

With new applications, the current liquor license application fee is \$100.00. Out of this \$100.00, the city incurs fingerprinting charges from the state in the amount of \$27.00 per each person fingerprinted. Most applications include a minimum of two individuals being fingerprinted (owner and general manager). Some applications include multiple owners.

Estimate of time spent on new liquor applications is 3-4 hours per new applicant from the Administration department. Police Chief estimated 2 hours of time for the police department.

Renewal liquor licenses

Liquor licenses are valid from May 1st through the following April 30th at midnight. Renewal applications along with renewal letters with instructions get mailed out to all liquor license holders in the middle of March. Per city code, renewal paperwork received after April 15th is subject to late fee of \$100.00. When businesses submit renewal paperwork, they are required to fill out renewal application, they are required to provide a copy of their current certificate of liability insurance showing liquor liability coverage. The insurance certificate once again is one of the most time consuming items to make sure that it gets submitted and in several instances involves phone calls to the liquor licensees and their insurance agents to make sure that the correct documents are submitted. Once licensees are late in submitting their renewal application and incur the \$100.00 late fee, some licensees then choose to wait until the last day or two to bring their paperwork in. This creates an issue at the end of the licensing period when we have to get all of the licenses processed and issued on the last day. When liquor license renewal paperwork is submitted, the information is checked and if it is found that a new general manager has been hired, an amended application with information on the new general manager must be filled out and submitted to the city. The Deputy Clerk then makes arrangements for the general manager to come in and submit application and get a copy of the ID and then the new general manager is taken to the police department so that they can be fingerprinted and a background check done. In addition to the main liquor license renewal, there also license renewals for many of the applicants for outdoor liquor license renewal, amusement device license renewal, and video gaming license renewal. All of these other licenses require renewal applications and information to be sent to license holders and for licenses to be issued.

Renewal liquor licenses also take staff time for the filing and records management of all associated documents.

Estimate of time spent on liquor license renewal (along with renewal of associated licenses) is 3-4 hours per business from the Administration department. The police department incurs time in fingerprinting and background checking for the general managers who have been hired since the last renewal process.

Subject: Liquor License Application and Fee Review

Summary

Review of Liquor License Fees and Liquor License Application Fee with surrounding comparable communities.

Background

Attached you will find a spreadsheet outlining selected liquor license categories with a brief description and current fees associated with those categories. Also attached is a similar spreadsheet outlining the initial application fee and associated fees for the same municipalities. The last comprehensive review of fees was completed in 1996. In reviewing both license category fees as well as liquor license application fees, staff observed that Yorkville was lagging behind in the amount charged for liquor license fees as well as the liquor application fee. In order to stay current within the close geographic area of communities, staff is recommending increases to the license fees and application fee. The license fee is proposed to go into effect May 1, 2018 and the application fee is proposed to take effect if it is approved by City Council.

Recommendation

Staff is recommending the increase of \$200.00 per license fee for Class A1, R1, B, B1, BG, CA and MB as shown on the attached spreadsheet. Staff is also recommending a \$150.00 increase of the initial liquor license application fee. This proposed increase would equal a total initial application fee of \$250.00. These proposed increases would keep the City in-line with the surrounding communities' fee schedules.

Chief Burgner’s memo:

BACKGROUND:

The Oswego Police Department has been a member agency to KenCom Public Safety Dispatch Center (KenCom) since the inception in 1992. In 1995, a Computer Aided Dispatch (CAD) software program was purchased and has been used since then with numerous upgrades along the way. KenCom has identified the need for new CAD software and funding was identified through capital budgeting within the KenCom budget.

In 2003, the Kendall County Sheriff’s Office via Kendall County and the Oswego Police Department via the Village of Oswego jointly purchased a report management system (RMS) software manufactured by New World Systems which is now owned by Tyler Technologies. The RMS software which we will now go by the name Tyler/New World for reference purposes has been upgraded many times over the years of use. Since the original purchase in 2003, Yorkville Police Department and Plano Police Department became member users of the Tyler/New World RMS software. The long term vision when the RMS software was purchased in 2003 was to eventually have it integrate through the CAD software which would assist in making data entry at the municipal level more efficient.

DISCUSSION:

When KenCom began researching new CAD software options in 2016, the member police agencies requested that KenCom consider the concept of RMS and CAD integration when researching options. During the discussions at various KenCom Operating Board and Finance Committee meetings, the concept of KenCom taking over by “Assignment” the Tyler/New World RMS contract which is currently held by Kendall County which would allow KenCom to then purchase the Tyler/New World CAD software as an upgrade to the current Tyler/New World Contract was discussed as an option. The concept of the “Assignment” of this contract went in front of the Kendall County Board for consideration and possible approval. The current Intergovernmental Agreement (IGA) between the Village of Oswego and Kendall County regarding the RMS software requires both parties to agree to any reassignment before it can become effective. Kendall County has agreed to assign the Tyler/New World RMS software to KenCom as well as allow the IGA between the Village of Oswego and Kendall County be assigned to KenCom. On June 6, 2017, the Village of Oswego Board of Trustees approved the assignment of our IGA with Kendall County to KenCom.

On May 25, 2017, the KenCom Executive Board approved the purchase of the CAD software contingent of the contract “Assignment” being approved by Kendall County and the Village of Oswego. The KenCom Executive

Board also approved accepting the “Assignment” of the IGA held currently by Kendall County and the Village of Oswego. All terms of the current IGA between the Village of Oswego and Kendall County are held by KenCom once all parties have approved the assignments. While working through the implementation of the upgrade project, two IGA documents were drafted by a committee for all member agencies to use for consistency. The two documents now known as the Tyler/New World Licensing and Maintenance IGA and the Tyler/New World Security and Operations IGA have incorporated language that works for all member agencies and will provide a consistent set of documents for members and KenCom to operate from regarding Tyler/New World software and maintenance. These two documents will now replace the existing IGA that was assigned by the Village of Oswego to KenCom on June 6, 2017 in order to have all member agencies working from the same documents.

The Tyler/New World Licensing and Maintenance IGA will cover the cost sharing of the entire system, which includes a one-time buy-in cost for all of the mobile CAD modules based on how many licenses we have and an ongoing cost sharing attachment that sets out terms for maintenance fees over the next ten years. The current cost to the Village for the one-time software purchase is \$19,725 in the FY19 Village operating budget and is not included in our current KenCom budget amount in FY18. The cost sharing agreements for RMS maintenance are split between police and fire entities (different number of entities, different modules within the systems). Generally, Montgomery pays a higher, flat contribution because they are a late-arriving partner in KenCom and Oswego pays a portion of the costs remaining after the Montgomery contribution is put towards the gross total cost. KenCom has negotiated annual maintenance costs for the RMS for 10 years. These fees include a 3% increase per year. The previous agreement included a 4% increase per year. This lower rate will be a long term savings for all law enforcement users. These known costs are shown in Exhibit A. These amounts will be included in the Village operating budget in future fiscal years. An additional outcome of this project will also result in a lower annual maintenance cost for our squad car CAD software.

Additionally; part of this overall CAD purchase project will include Montgomery Police Department becoming a Tyler/New World RMS user through KenCom. Currently Montgomery Police Department utilizes their own stand-alone version of RMS. The benefits to this integration include further expansion of information sharing within Kendall County Law Enforcement agencies under the Tyler/New World RMS. Montgomery Police Department will also be committing to a 10 year agreement for dispatch services from KenCom. This will assist in creating a more stable KenCom budget and the commitment will assist in controlling the Village of Oswego share of KenCom dispatching fees.

RECOMMENDATION:

Staff recommends upon final review of the IGA’s by the Village Attorney, that the Village Board approve (1) Resolution Authorizing an Intergovernmental Agreement Between the Village of Oswego and Kendall County Emergency and Communications Board (KenCom) – Tyler/New World Licensing Agreement and (2) Resolution Authorizing an Intergovernmental Agreement Between the Village of Oswego and Kendall County Emergency and Communications Board (KenCom) – Tyler/New World Security and Operation.
