

# FISCAL YEAR 2023 BUDGET

**MAY 1, 2022 - APRIL 30, 2023**

# *United City of Yorkville, Illinois*

## **Fiscal Year 2023 Budget**

**May 1, 2022 to April 30, 2023**

### *Elected Officials*

Mayor: John Purcell

1<sup>st</sup> Ward Alderman: Dan Transier

1<sup>st</sup> Ward Alderman: Ken Koch

2<sup>nd</sup> Ward Alderman: Craig Soling

2<sup>nd</sup> Ward Alderman: Joe Plocher

3<sup>rd</sup> Ward Alderman: Matt Marek

3<sup>rd</sup> Ward Alderman: Chris Funkhouser

4<sup>th</sup> Ward Alderman: Seaver Tarulis

4<sup>th</sup> Ward Alderman: Jason Peterson

### *Administration*

City Administrator: Bart Olson

Director of Finance / Treasurer: Rob Fredrickson

Director of Public Works: Eric Dhuse

Chief of Police: Jim Jensen

Director of Community Development: Krysti Barksdale-Noble

Director of Parks & Recreation: Tim Evans

Library Director: Shelley Augustine

City Clerk: Jori Behland

# Memorandum

To: City Council  
From: Bart Olson, City Administrator  
CC: Department Heads  
Date:  
Subject: FY 23 budget narrative

## **Purpose:**

Please accept this report and budget spreadsheet as proposal for the FY 23 budget. The budget proposed for approval by the City Council is for expenses and revenues scheduled to be spent and collected, respectively, between May 1, 2022 and April 30, 2023.

## **Background and “the big picture”:**

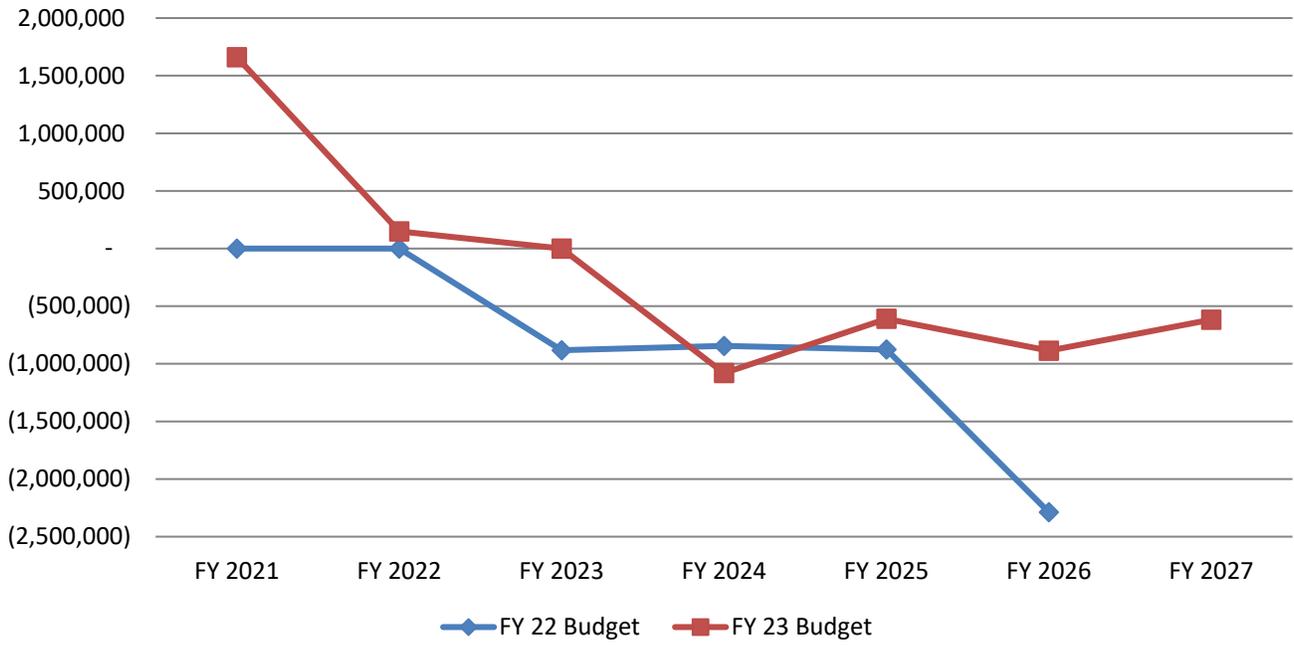

The City Council last discussed a comprehensive budget proposal in April 2021, when it approved the FY 22 budget, with additional information for FY 23, FY 24, FY 25, and FY 26. This approval represented the tenth five-year budget for the City, and we return to a five-year budget again this year.

Last year’s budget discussion recapped the first year of the COVID-19 pandemic, and the City’s unexpectedly positive fiscal outcomes related to the strong local economy. We were able to significantly increase the City’s capital improvement plan funding, on a mostly pay-as-you-go basis and begin to address generational challenges in municipal buildings and the City’s switchover to a new water source.

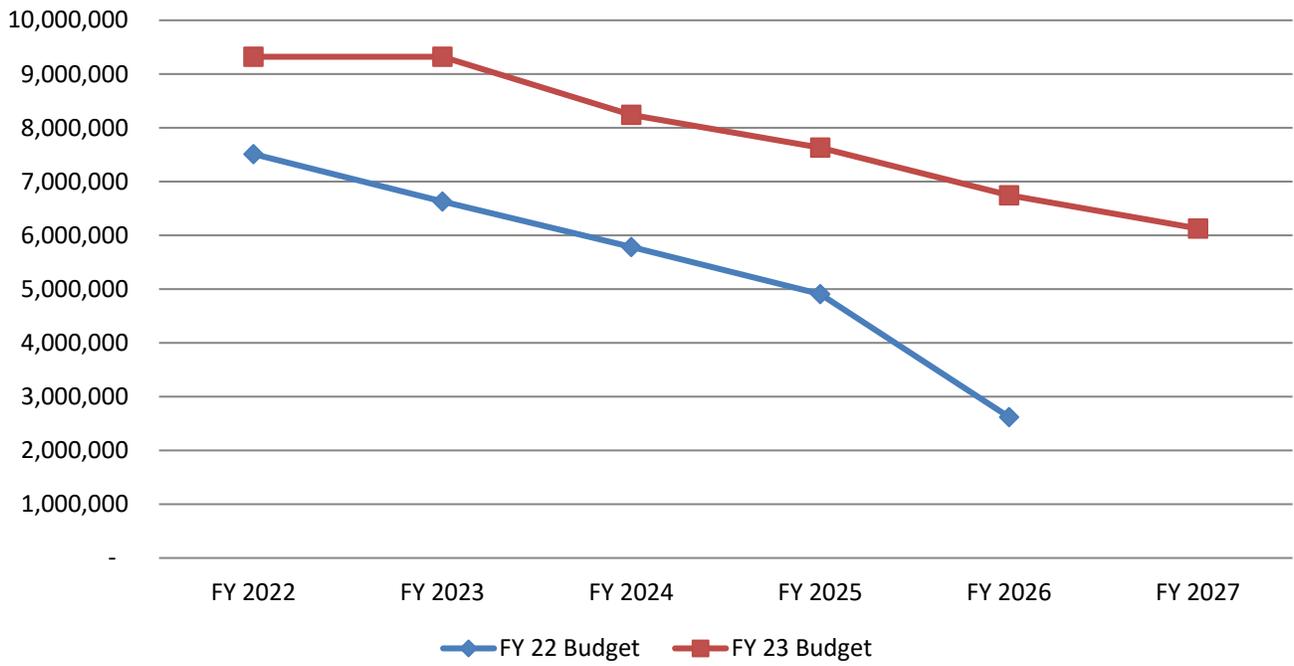

In this year’s budget proposal, we extend last year’s discussion in the same direction, if not to a more intense degree. While this five-year budget proposal has a \$96,000,000 Lake Michigan project and corresponding funding unaddressed, we have been able to put significant down payments on the City’s entire capital improvement plan and have identified funds to fully cover the City’s Prairie Pointe building project. Additionally, we have increased the planned scope of the proposed new Public Works Building from \$15m in last year’s budget proposal, to an estimated \$22m in this year’s budget proposal. While the Prairie Pointe building and Public Works building projects will be financed, we show the debt service from those two buildings as being able to be covered with existing, inflationary revenue streams. This funding concept and these two projects’ scope was unimaginable even five years ago when the City was on solid financial footing, much less 13 years ago when the City was at the valley of its fiscal distress, struggling to make vendor payments on time with a few hundred thousand dollars of liquid cash on a \$30m+ aggregate budget. The aggressive growth decisions made in the early 2000s have impacted us for the better part of two decades, and we are finally able to start funding operational and deferred maintenance from that period with this five-year budget proposal.

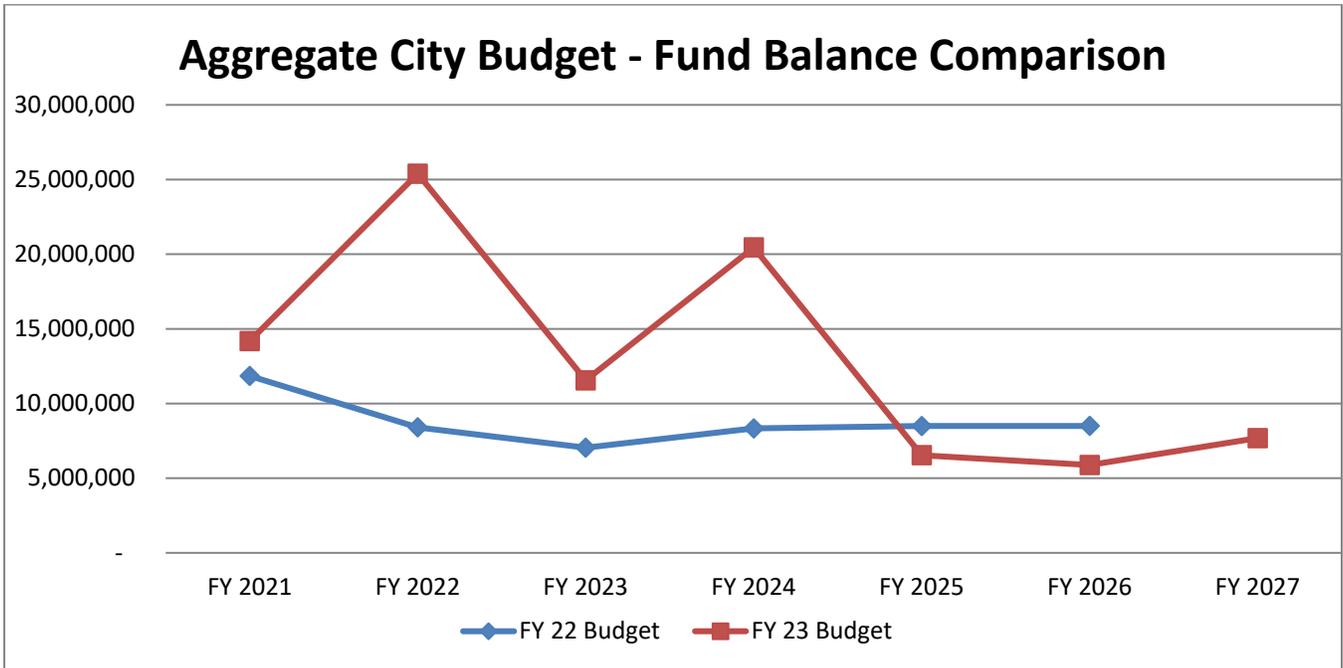

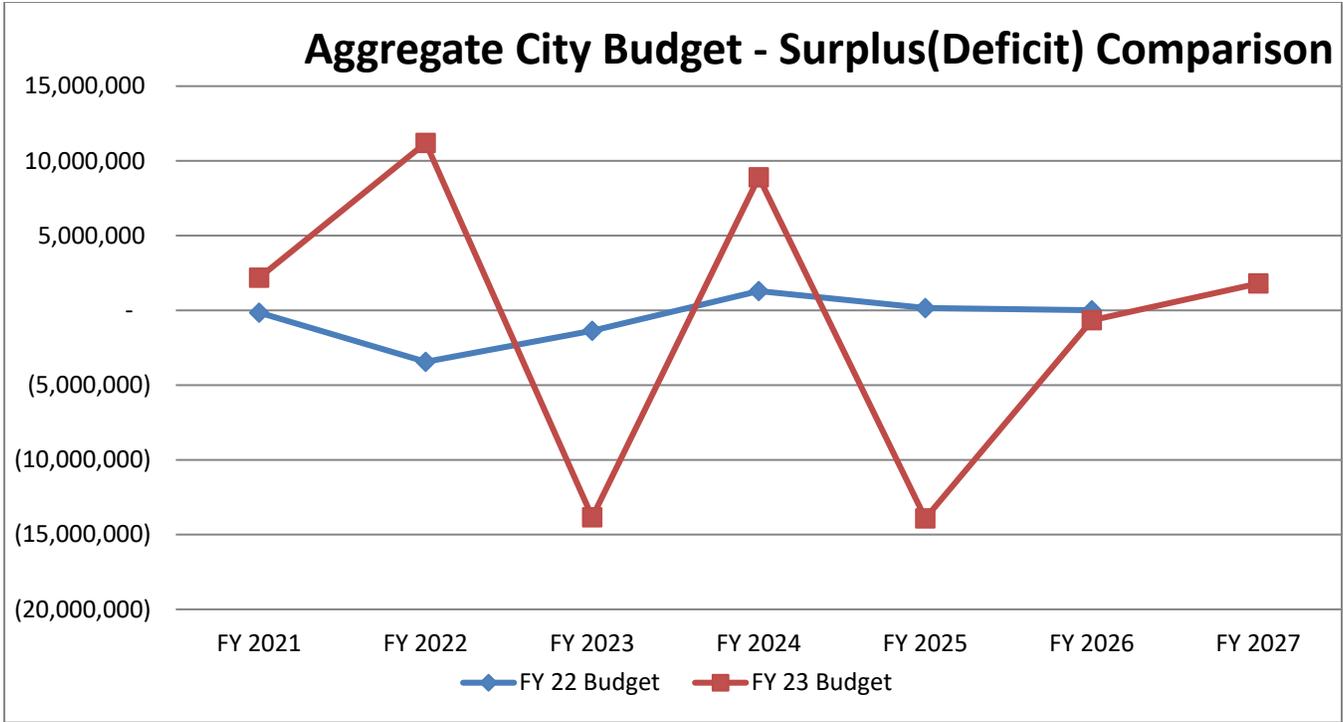

With another year of a better-than-expected General Fund and aggregate City budget fund balance, and a significant increase in capital projects and purchases, the five-year budget outlook is improved from last year’s budget proposal:

### General Fund - Surplus(Deficit) Comparison

### General Fund - Fund Balance

In short, we are well positioned for FY 23 and beyond, and we are positioned to make decisions on project deferrals or operational cuts with months or years of advance notice.

## **Changes in budgeting**

There are no major changes in budget format. In FY 23, we do propose to close out the Land-Cash Fund (72) due to their being no expected material revenues or expenditures for the entire five-year budget proposal.

## **Year-by-year summary, FY 22 projections**

The General Fund outlook for FY 22 has had its second straight year of extreme overperformance. As the City Council reviewed throughout the start of the pandemic, state and local revenues have benefitted from a growing population base, a change in online sales tax sourcing rules, a robust local economy that promoted local businesses big and small, and federal and state stimulus efforts. Because the City Council and staff have always taken a “wait and see” approach to revenue projections, a few years of double-digit revenue increases and direct state and federal aid to municipalities have left us with a strong fund balance and given us the opportunity to address long term capital and operational needs. The proposed balanced budget, which already had a significant capital plan funded within it plus a sizable down payment for future municipal building needs, is expected to end a few hundred thousand dollars in surplus, even though we’ve expanded the capital plan mid-year, benchmarked sales tax revenues against a relatively conservative standard and transferred the overage into the capital funds and increased the down payments to future municipal building needs. We expect to end FY 22 with the City’s largest fund balance amount ever, with fund balance percentage exceeding 62% (excluding transfers out).

One of the largest changes in the budget is the Building and Grounds Fund (FY 22), which saw two bond sales occur mid-year after the City Council initially punted on the concept in the FY 22 budget proposal. All these funds should be expended in FY 23.

Along with the Buildings & Grounds fund, the City-wide capital fund will benefit from ARPA funds, which were not fully addressed in the FY 22 budget proposal on the chance that they did not come to fruition. The outlook for the Water Fund is significantly better than expected, which is caused by a modest increase in revenues and a few deferred projects. Positive budget outcomes in the vehicle and equipment fund (25) are primarily caused by supply chain issues – the City has approved the purchase of several vehicles in FY 22 which have been significantly delayed in delivery. Most other funds were within normal variance.

**Year-by-year summary, FY 23 proposed**

General Fund

Surplus (Deficit)	\$0
Fund Balance	42%

Notes

- 1) Variable merit and COLA increases for staff
- 2) Patrol officer position filled (vacated due to Police Commander promotion)

Water Fund

Surplus (Deficit)	(\$1,885,200)
Fund Balance	25%

Notes

- 1) Lake Michigan project-based interim water rate increase

Sewer Fund

Surplus (Deficit)	\$609,175
Fund Balance	26%

Notes

- 1) Sewer maintenance fee increases approx. 6% - from new housing starts and inflationary increase

Aggregate Budget

Surplus (Deficit)	(\$13,837,570)
Fund Balance	\$11,552,363

Notes

- 1) Deficit caused by spend down of 2021 and 2022 bond proceeds related to the New City Hall/Police Station renovation

Capital Projects List

Fox Hill improvements, Mill Rd rehab and realignment, Bristol Ridge Rd – STP Project completed, UDO completed, ERP implementation begins, Road to Better Roads, sidewalk replacements, pavement striping, parking lot and shared use path maintenance, Rte. 34 eastern & western expansion completed, Rte. 71 (eastern portion) completed, Kennedy Rd (Freedom Place) begins, water meter replacement program, new City Hall renovations, Kennedy Rd (North) finishes, Rte. 71 water/sewer main replacement, Raintree Village subdivision improvements completed, Kennedy Rd bike trail wraps up, Van Emmon LAFO project commences, Rebuild Downtown project starts, North Central Water Tower painting completed, DWC Water Sourcing project begins, East Main St watermain improvements completed, Prairie Ln area watermain work begins, rehab of Well #7 and Well #4, Beaver Street standby generator installed, cat-ion media exchange at water treatment plant #4, SSES work continues, sanitary sewer improvements (Bright Farms), new playground equipment at Kiwanis and Sleezer parks.

**Year-by-year summary, FY 24 projections**

General Fund

Surplus (Deficit)	(\$1,080,774)
Fund Balance	37%

Notes

- 1) Undetermined merit increases for staff
- 2) New patrol officer position

Water Fund

Surplus (Deficit)	(\$987,894)
Fund Balance	13%

Notes

- 1) Water rate interim increase from FY 23 in place for full year plus inflationary increase from new construction. Lake Michigan caused water rate increase expected to be considered by City Council prior to FY 24.

Sewer Fund

Surplus (Deficit)	(\$57,965)
Fund Balance	51%

Notes

- 1) Sewer maintenance fee increases approx. 6% - from new housing starts and inflationary increase

Aggregate Budget

Surplus (Deficit)	\$8,902,168
Fund Balance	\$20,454,531

Notes

- 1) Surplus created by the proposed issuance of a \$22m bond for the construction of a new Public Works facility
- 2) Fund balance in the General and Water Funds decline. Sewer Fund projected with modest deficit. TIF Funds turn a surplus, but overall negative equity position of TIF's continues to put a strain on the General Fund

Capital Projects List

Road to Better Roads, pavement striping, Baseline Rd ends, parking lot and path maintenance, ERP implementation ends, Rebuild Downtown project continues, sidewalk replacements, water meter replacement, Kennedy Rd (Freedom Place) completed, construction begins on proposed PW facility, South Central water tower repainting, Rte 47 (northern) project begins, Prairie Ln area watermain work ends, Well #4 rehab, DWC Water project continues, water main improvements start on Colton Str and Sunset Ave, SSES Rehab continues, cat-ion media exchange at water treatment #7 finished, park improvements installed at Rice and Rotary.

**Year-by-year summary, FY 25 projections**

General Fund

Surplus (Deficit)	(\$609,496)
Fund Balance	34%

Notes

- 1) Undetermined merit increases for staff
- 2) New patrol officer position

Water Fund

Surplus (Deficit)	(\$1,251,431)
Fund Balance	-5%

Notes

- 2) Water sales as shown increase approx. 5%, but broader water rate increase to fund Lake Michigan source project expected to be settled before FY 24 begins

Sewer Fund

Surplus (Deficit)	(\$713,197)
Fund Balance	23%

Notes

- 1) Sewer maintenance fee increases approx. 6% - from new housing starts and inflationary increase

Aggregate Budget

Surplus (Deficit)	(\$13,913,397)
Fund Balance	\$6,541,134

Notes

- 1) Deficit caused by the spend down of bond proceeds related to the proposed Public Works facility
- 2) Fund balance in the General, Water and Sewer Funds continue to decline. TIF's post a moderate surplus but accumulated negative equity position of TIF funds continues to put a strain on the General Fund.

Capital Projects List

Road to Better Roads, pavement striping, sidewalk replacements, water meter replacement program, Route 47 (Rte. 30/Water Park Way) project continues, parking lot and shared use path maintenance, Rebuild Downtown project finishes, South Central water tower repainting is completed, new Public Works facility slated for completion, watermain work completed on Colton Street and Sunset Avenue, DWC Water Sourcing project continues, water main replacements begin on Main, Washington and Orange Streets, SSES rehab program continues, park improvements installed at Cannonball, Gilbert and Prestwick.

**Year-by-year summary, FY 26, and FY 27 projections**

General Fund	<u>FY 26</u>	<u>FY 27</u>
Surplus (Deficit)	(\$886,303)	(\$617,620)
Fund Balance	29%	26%

Notes

- 1) Undetermined merit increases for staff
- 2) New patrol officers in FY 26 and FY 27

Water Fund		
Surplus (Deficit)	\$1,074,822	\$2,059,733
Fund Balance	14%	63%

Notes

- 3) Water sales as shown increase approx. 5%, but broader water rate increase to fund Lake Michigan source project expected to be settled before FY 24 begins

Sewer Fund		
Surplus (Deficit)	(\$217,330)	\$357,747
Fund Balance	20%	53%

Notes

- 1) Sewer maintenance fee increases approx. 6% - from new housing starts and inflationary increase

Aggregate Budget		
Surplus (Deficit)	(\$658,857)	\$1,802,895
Fund Balance	\$5,882,277	\$7,685,172

Notes

- 1) Fund balance in the General Fund continues to decline. Water Fund generates strong multi-year surpluses. Sewer Fund yields a modest surplus in FY 27. TIF Funds continue to generate a net surplus, but accumulated deficit position of TIF Funds continues to put a strain on the General Fund.

Capital Projects List

Road to Better Roads, pavement striping, sidewalk replacements, Route 47 (Rte. 30/Water Park Way) project completed, water meter replacement program, parking lot and shared use path maintenance South Central water tower repainting begins, watermain work begins on Madison Court and Wolf, Deer and Madison Streets, water main replacements finished on Main, Washington and Orange Streets, SSES rehab program continues, park improvements installed at Sunflower, Bridge, Raintree, Steeping Stones and Bristol Station parks.

## Items to note – big picture

### Items to note – Lake Michigan water source changeout

In December 2021, the City Council identified a DuPage Water Commission Lake Michigan water source as the preferred option for the City's long term water supply. In the past few weeks, the City Council has also approved an engineering agreement with EEI to provide materials related to the Lake Michigan withdrawal permit application, and that process has begun in earnest. Staff has been compiling the long-term capital improvement plans and budget estimates and has determined that three related components should be funded in FY 23: the IDNR Lake Michigan withdrawal permit application (already approved by City Council), a preliminary engineering agreement with EEI (to be reviewed in spring 2022), and a corrosion control study (to be reviewed in spring/summer 2022). Each of these components are generally the sole responsibility of Yorkville and there are not available grant or loan programs to offset these costs.

We have added these three studies into the five-year budget proposal along with the City's normal, extensive water capital program. To pay for these necessary capital items and Lake Michigan study pieces, we propose to begin the water rate increases in FY 23. These water rate increases are at the \$5-6 per month per household range for ~60% of all households in the City (\$10-12 per billing cycle) and under \$10 per month for 90% of all households, depending on usage – although we propose to phase these water rate adjustments in the following manner:

- 1) The current rate is \$17 bi-monthly base rate for the first 350 cubic feet of water, plus \$4.30 per 100 cubic feet thereafter. This rate has been in place since May 1, 2016.
- 2) We propose to increase the base rate to \$24 bi-monthly base rate for the first 350 cubic feet of water on September 1, 2022.
  - a. This increase will be broadly spread to every residential and commercial account in the City at a flat \$3.50 per month rate.
- 3) We propose to increase the volumetric rate to \$4.80 per 100 cubic feet thereafter on January 1, 2023.
  - a. For ~12% of residences, this volumetric increase will have no impact (they use less than 350 cubic feet in a billing cycle).
  - b. For 47% of residences (those using between the minimum and 1200 cubic feet per billing cycle), this volumetric increase will result in an additional \$2.12 per month (\$4.25 per billing cycle).
  - c. For 31% of residences (those using between 1200 cubic feet and 2400 cubic feet per billing cycle), this volumetric increase will result in an additional \$5.12 per month (\$10.25 per billing cycle).
  - d. For 6% of residences (those using between 2400 cubic feet and 3600 cubic feet per billing cycle), this volumetric increase will result in an additional \$8.12 per month (\$16.25 per billing cycle).
  - e. The remaining ~4.6% of residences and businesses (those using greater than 3600 cubic feet per billing cycle), this volumetric increase will result in varying costs. A large user (60,000 cubic feet per cycle) might see an average monthly increase of ~\$300, and the largest users (200,000 cubic feet to 300,000 cubic feet per cycle)

might see an average increase of \$500 to \$700 per month (\$1,000 to \$1,400 per billing cycle).

As discussed by the Mayor and staff during the past water source discussions, this proposed water rate increase is an interim step to a larger expected rate increase of \$45 per month per household from current rates to fund the Lake Michigan water source project. This revenue source can be modeled and discussed at different base rates and volumetric rates as the City Council wishes.

The studies referenced above are less than \$500,000 in FY 23 and represent less than 1% of the total Lake Michigan capital expenditures needed in the next five years. The City staff is still working through those capital components, the timing of each, and the available funding sources to pay for the ~\$95,000,000 necessary to complete the project. We expect to review the larger project rollout with City Council this Spring, as there are still weeks' worth of discussions to be had internally, with Oswego and Montgomery, and with the DuPage Water Commission.

#### Items to note – Home rule status and special census

The City's population is 21,533 as of the 2020 decennial census which occurred between April and October 2020. Depending on the speed of home construction, home sale, and new resident move-in, it is possible that as many as 700 new housing starts were in various stages of construction and not included in that population count from homes constructed between October 2019 and October 2020. Additionally, the City has built more than 500 new homes since October 2020 and is on pace for another strong year in 2022. Depending on the timing of the ~1,200 new homes referenced above, the special census enumerators survey through neighborhoods, and the rate of new home construction in 2022 and 2023, it is likely that the City will cross the 25,000-population threshold (home rule status) between Fall 2022 and the end of 2024.

For every new resident counted as part of a special census, the City stands to receive more than \$210 per year. This combination of per capita income taxes, use taxes, motor fuel taxes, transportation renewal fund, and cannabis taxes are state shared revenues based on a City's population.

Special censuses can be conducted on a City-wide or partial / neighborhood specific basis. City-wide special censuses can cost several hundred thousand dollars, and the last partial special census we completed was \$135,000. Fortunately, all the City's growth is contained within newer subdivisions, which allows us to conduct partial special censuses at minimal cost and maximum benefit. Theoretically, with an average population per household at 2.6 to 2.8, the City has a one-year return on investment at just 350-400 new houses. From initial point of contact with the census bureau to receipt of new revenues, the special census process takes approximately one-year to complete. Given all this information, it may be worth it for the City to conduct a special census in the immediate future (to capture the 400 new homes constructed in 2021 at minimum, and the 1,200 houses in question since the decennial) to capture incremental revenue and then conduct another special census when it is sure it has crossed the 25,000 threshold. This strategic timing concept will be discussed in depth by the City Council, and for purposes of this five-year budget proposal, we have assumed no censuses will be completed.

### Items to note – ARPA Funds

The City will receive close to \$2.8m in federal pandemic relief (ARPA funds) via \$1.4m payments in FY 22 and FY 23. These funds can be used on a variety of capital projects, pandemic relief, and public safety expenditures, but the federal rules governing use of these funds allows use of the ARPA funds on any legitimate City operation or capital project since the amount of money we will receive is less than \$10m. For conservative budgeting principles, we propose to use these one-time revenues on one-time expenditures in FY 22 through a \$1.4m transfer to Building and Grounds to offset costs of the Public Works building, and in FY 23 through two ~\$700,000 transfers into City-wide Capital and Building and Grounds funds to offset various one-time capital projects.

### Items to note – the unknown

While each of these items is referenced within this memo, the following concepts are unaddressed from a revenue or expenditure side within this five-year budget proposal: any long-term Lake Michigan / DuPage Water Commission project costs and rate increases; selling of any City assets, including buildings and property; any partial or full special census conducted mid-decade.

### Items to note – Sales tax projections

The City Council reviewed a sales tax benchmarking proposal in January 2022, related to the City's solid overperformance of sales taxes since FY 20. Changes in online sales tax sourcing rules, the general increase in applicable online sales to sales tax obligations, and the residents robust support of local businesses caused 5% growth in sales tax revenues between FY 19 and FY 20, 12% growth between FY 20 and FY 21, and we are seeing average year-over-year increases in the 15-20% range in FY 22. Given this extremely positive and compounded outcome, the City Council decided to benchmark the last six months of sales tax projections in FY 22 to a 10% year-over-year growth standard; for any of the last six months of the fiscal year, any observed increases in the monthly sales tax reports beyond 10% year-over-year would be dumped into the City-wide capital fund, rather than sit in the general fund.

Since that City Council meeting in January 2022, the City Council has already seen monthly sales tax reports between 25% and 35% resulting in a transfer into the capital fund of more than \$315,000. This partially explains the larger than expected transfer to City-wide capital in the general fund (roughly \$400,000 budgeted and \$1,000,000 now expected). With a few months of the fiscal year still yet to go, there is a strong possibility that this transfer will grow even higher. As a point of reference, the non-home rule sales annual amount which has historically been in the \$2m to \$2.5m annual range is expected to top \$3.4m in FY 22, a growth of more than \$1m in new revenue in two fiscal years. The regular sales tax line-item has seen similar growth, going from a then-historically high amount of \$3.2m in FY 20 to more than \$4.4m expected in FY 22. While we have conservatively estimated 3% growth year-over-year in FY 23 and beyond, this influx of more than \$2m in new annual revenue has allowed us to fully fund most capital needs and chip away at our long term deferred maintenance of assets.

### Items to note – Prairie Pointe building planning

The City purchased the Prairie Pointe building and adjacent vacant lot in late 2020 for \$2,000,000, spent the next several months planning the buildout and renovation of the building for use as a City Hall and Police Station, sold two bonds for \$8.25m and \$1m to pay for an estimated \$7.3m renovation project and land acquisition, captured a \$525,000 premium as part of the bond sale, received bids and quotes for a variety of supplemental equipment, services, and building alternates on February 15, 2022, and is prepared to review all of the above at the February 22<sup>nd</sup> and March 8<sup>th</sup> City Council meetings.

This five-year budget proposal includes the architect's base bid estimates and relevant alternates, all known supplemental purchases, and general estimates of supplemental purchases for which pricing is currently to be determined.

### Items to note – Public Works building planning

The City Council had authorized a Public Works building space needs RFQ in early 2020, before the study was shelved due to the pandemic. Shortly thereafter, the Prairie Pointe building became available and most of the staff resources went to that project. The City picked the Public Works building process back up in 2021, completing the building analysis in late 2021. Several building layouts and permutations were identified between the Public Works department needs, the Parks Department needs, and a potential shared building with Kendall Area Transit (KAT). In early 2022, staff is busy identifying available properties before moving towards an interim space needs analysis to both look at a site-specific building layout and to reduce the building cost to within City affordability.

A fully built-out, 40+year Public Works and Parks Department building is likely in the \$22m to \$30m range, on approximately 10-15 acres depending on utilities and stormwater basin needs. For purposes of this five-year budget, we have identified a \$22m total project paid off with a 30-year bond issuance, with debt service costs to be split between the water, sewer, and streets department funds. Any larger budget or shorter bond issuance will require further planning at time of bond sale. For planning purposes, we did assume the PW facility will be planned and designed in 2022 with potential bond sale and construction starting in 2023.

### Items to note - City Council goals

Due to the COVID-19 pandemic, the City Council skipped a traditional goal setting session in Fall 2020 and Fall 2021. Instead, the City Council reviewed pandemic related budget figures at every City Council meeting for more than a year and deferred in Fall 2021. Staff is open to conducting strategic planning discussions throughout Summer 2022 and/or doing a more traditional goal setting session in Fall 2022.

### Items to note – Capital Projects, Road to Better Roads & Water/Sewer Main Replacement Programs

The City Council’s focus for capital projects has been pavement rehabilitation via the Road to Better Roads program. Since the first year of the program in summer 2013, we have spent almost \$7.5 million (thru FYE 21) between pavement, water, and sewer projects. In summer 2022, we are proposing over \$2.7 million in Road to Better Roads and water/sewer main projects.

Our annual Road to Better Roads budget for FY 23 is slated at \$1.5m for pavement improvements, with construction expenditures budgeted in MFT (\$1m) and City-wide capital (\$500,000).

The “Road to Better Roads” branded program is slightly short of the \$2m annual funding target to maintain the City’s entire road system, but the City has spent much more than the annual funding target when considering one-off road rehab projects not labeled as “Road to Better Roads”. Examples of these projects include Mill Road, Bristol Ridge Road, Countryside subdivision roadwork, Fox Hill subdivision repaving, etc. Including these large projects towards the target means the City has maintained its overall street rating level around 76, which was the initial rating in 2013, despite underfunding the annual target in the initial years of the program.

### Items to note – Countryside TIF

In last year’s budget proposal, we observed the second full year of a reduced property assessment for the NCG Theater and the impact of a full year of construction of the last few commercial outlots in the TIF district. The net impact has been that the fund has modestly improved since the first year of the NCG reduction, but the long-term fund equity is still in doubt long-term. Short of the completion of the Opal Banquets, the construction of the last remaining outlot, and/or a major increase in property values, the fund is looking more likely to end in negative fund equity before TIF closure in FY 29. However, the City staff have been tracking this metric for years, will have years or notice to pivot if an opportunity to arise, and we already have begun to show the City’s financial position assuming worst case scenarios.

### Items to note – Public Works vehicle purchases

The City has made significant strides in replacing in largest Public Works vehicles but has delayed in realizing the benefits of the new vehicle by nationwide supply chain issues. The City Council authorized a large dump truck purchase in FY 20, along with the rehab of two older trucks. Further, the City Council approved the purchase of another two large dump trucks in FY 22, and the rehab of two more older dump trucks – all four of which have been delayed in delivery until late FY 22 or FY 23. With the City’s strong financial performance, we propose to purchase a variety of new, large vehicles in FY 23 and will come close to funding our full replacement value throughout the entire five-year budget. A summary of the vehicles is included in the small picture section of this memo, and a more detailed memo from Director Dhuse will be distributed in the next week or so. Exact quotes/bids will be brought to a future City Council meeting if this budget proposal is approved by the City Council.

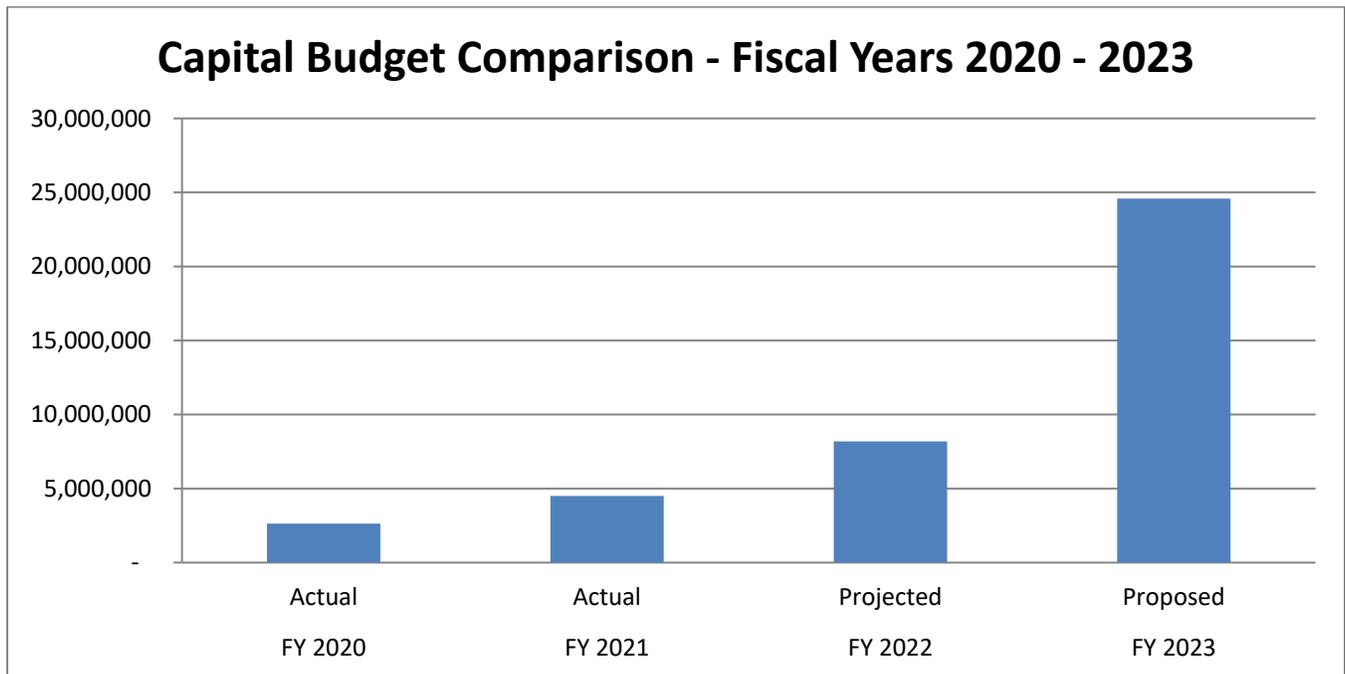

Items to note – IMET Loss on Investment in FY 15

The City received its final disbursement last September from the Overall Receiver (i.e. law firm responsible for collection and recovery efforts) in the amount of \$12,193. In total, the City was able to recover 59% of the proceeds stemming from the First Farmers Financial fraud in the amount of \$190,118. (59%).

Items to note – Capital Projects

The City’s Capital Improvement Plan is attached for your use. Most of these projects are wholly within the City’s control (road, water, and sewer improvements), some are within the State’s control (Route 71 expansion, Route 47 expansion, US Rte. 34) and others are dependent upon a variety of factors (water projects related to new wells and/or treatment plants). The biggest discussion the City is faced with is how to balance the maintenance needs of existing infrastructure against the concerns by residents against higher taxes and fees both in the present and future.

An outline of the proposed yearly capital projects is included in the year-by-year summaries above. In general, capital budgets went up in FY 21, due to the acquisition of the new City Hall building and adjacent lot at 651 Prairie Point. The sharp increase in FY 23 stems from the anticipated City Hall renovation costs (budgeted at \$7M+), in addition to enhanced infrastructure improvements and vehicle and equipment acquisitions.

Items to note – Bond Ratings and refinancing

The City was upgraded one notch from to AA- to AA, by Fitch Ratings in July 2019, which was recently affirmed in February 2022. Standard & Poor’s has rated the City’s debt at AA since 2016; with both rating agencies presenting a stable outlook. A higher bond rating allows the City to issue and refinance debt at a lower rate of interest. This is crucial as we continue to plan for future capital projects. Upgrades are based on several factors including a favorable economic outlook, budgetary flexibility (increasing revenues and/or decreasing expenditures/expenses), and relatively high fund balance (reserves) levels. To maintain its bond ratings, the City will need to continue to keep spending within or just slightly above projected revenues allowing the City to be able to adapt to changing economic conditions. Increased revenue, reserves and overall economic expansion within the City may help to improve our ratings even further.

Items to note- Building Inspection Load]

The comparison to other neighboring communities regarding inspections conducted in 2021 is below.

City or Town	Inspectors Full Time, 2021	Inspectors Part Time, 2021	# of Inspections in 2021	Annual Inspections per Day per/Inspector	Average Inspections Per Day Per Inspector	# of Outsourced Inspections	# of Inspections Requiring Illinois Plumbing License
Oswego	11	0	9360	850	36	10	868
Montgomery	2	0	3000	1,150	6	700	700
Kendall County	1	1	983	978		5	96
Sugar Grove	1	1	1217	1,217		0	160
Yorkville	3	0	9336	694 PR	3	4300	1639

				1314 GH	5		
				454 EEI	2		
				15 FD			

### Items to note – Property taxes

For fiscal years 2015 through 2018, the City unofficially adopted a plan to reduce its tax levy by 2% in FY 15, followed by a 1% each year through FY 18. Property taxes decreased at a rate quicker than we initially expected as follows: 3% in FY 15; 1.66% in FY 16; and 1.68% in FY 17. After holding the levy flat (0%) in 2016 (FY 18), over the next four years (FY 19 thru 22) Council decided to increase the levy by EAV growth generated from new construction only, resulting in nominal increases of approximately 3% for the current levy year. Property owners who see their EAV unchanged from year to year should pay relatively the same share of City taxes as the year prior. The corporate property tax budget assumptions within this proposal are relatively flat over the next several fiscal years, as any projected incremental revenues generated from new construction have been allocated to the police pension property tax levy so that the City can continue to fully satisfy its pension funding requirements. However, the entire country experienced high inflation in 2021 and the Property Tax Extension Limitation Law (PTELL) inflationary figure for the 2022 tax levy (ordinance to be considered in December 2022 for taxes payable in Summer 2023) is 7%. Because of Illinois' PTELL rules, the maximum inflationary increase from 2021 to 2022 will be 5%. If the City's new construction amounts are much less than 5%, the City would be functionally reducing its property tax levy as it relates to inflation. This strategy may not be fiscally tenable if it occurs for multiple years in a row.

Along with this approval, the City Council also permitted separating the City and Library levies for the sixth year in a row. In the past when the levies were joined, property tax growth was determined in different ways for the City and the Library. This resulted in the Library's levy amount growing at a much higher rate than that of the City. Essentially, this reduced the amount available to the City as the Library's increase had to be accounted for within the City's PTELL maximum.

## **The small picture – items to note in the General Fund**

Please accept the following information as discussion on individual line-items within the budget. These individual line-items may change between now and the date of approval based on City Council direction or staff recommendation (due to new information). Revenues are listed as “R#”, and expenditures are listed as “E#”.

- R1) Property Taxes – Corporate Levy 01-000-40-00-4000
- a. As mentioned in the Items to Note section above, the property tax cap related inflationary variable is 5% for the December 2022 tax levy ordinance, to be paid in Summer 2023 and impacting the FY 24 figure. This is due to actual inflation in 2021 being north of 7%. While the City Council approved a FY 23 figure in November 2021 that only accounts for new construction, we may want to revisit the FY 24 number towards the end of calendar year 2022. As the five-year budget proposal is drafted, we have budgeted for conservative estimates of property taxes related to new construction only, with the corresponding revenue increases split at various allocations between this line-item and the police pension line-item. The FY 23 number for this line-item is higher than the aggregate property tax levy increase because the police pension property tax line-item is at 0% between FY 22 and FY 23. As a reminder, this line item does not include police pension, library operations or library debt service taxes.
- R2) Property Taxes – Police Pension 01-000-40-00-4010
- a. After increasing by ~\$100,000+ in each of FY 21 and FY 22, the actuarial determined contribution is flat in FY 23 due to several factors, but primarily strong equity returns. The percent funded has increased to 58.2% at the end of FY 21. FY 23 will represent the ninth year in a row that the City will meet or exceed its actuarial determined contribution. Future years funding amounts are estimates only and will be analyzed each year by the City’s actuary. As a general reminder, the City’s pension funding policy sets the 2040 target goal at 100%, even though the state mandate is currently 90% by 2040 and there is legislation considering extending the deadline to 2050.
- R3) Municipal Sales Tax 01-000-40-00-4030
- R4) Non-Home Rule Sales Tax 01-000-40-00-4035
- a. The Items to Note section contains a summary of the City’s positive sales tax performance before and during the pandemic. The City Council has set a policy in FY 22 to assume an approximate 20% growth from FY 21, dictating that any amount above that mark be dedicated to one-time capital projects in FY 23 or beyond, via an interfund transfer to the City-Wide Capital Fund. The figures in both line-items reflect 20%+ year-over-year growth, based on actual sales tax receipts received through February 2022. As a general reminder, the FY 22 year-over-year growth figures have been between 20% and 40% monthly, despite seeing double digit growth between FY 20 and FY 21. Starting in FY 23, we revert to a more normal 3% growth assumption.

- R5) Electric Utility Tax 01-000-40-00-4040
- R6) Natural Gas Utility Tax 01-000-40-00-4041
- a. These revenue line-item represents the City’s locally imposed tax on electricity usage and natural gas usages, respectively. Both amounts are variable based on total usage which means this line-item is dependent upon seasonal weather patterns. For budgeting purposes, we have projected these amounts to be flat over the entire budget proposal.
- R7) Excise Tax 01-000-40-00-4043
- a. This line-item was formerly called the Telecommunications Tax and represents a 5% tax on landline and cell phone usage. The amounts in this line-item have fallen in recent years, matching the decline in overall land-line phone usage. We assume this revenue stream will continue to decrease at a 10% rate each year. Of note, the tax in this line-item only applies to the phone portion of a cell phone bill, and not the data portion.
- R8) Cable Franchise Fees 01-000-40-00-4045
- a. This line-item represents franchise fees received from Comcast, AT&T and Metronet. Total revenues are projected to be flat due to overall growth in new homes offset by a trend away from video services.
- R9) Hotel Tax 01-000-40-00-4050
- a. Hotel tax revenues have bounced back from pandemic lows and exceeded historical norms due to having two local, name brand hotels. We have heard that room rentals are up due to a busy local economy and general domestic travel trends.
- R10) Video Gaming Tax 01-000-40-00-4055
- a. Video gaming revenues have far exceeded expectations, which is in line with observed increases of restaurant and bar related revenues. Since 2019, the City has added 5 new video gaming locations and added more than 36 additional terminals. This line-item had dipped slightly during the pandemic but has almost doubled since then.
- R11) Amusement Tax 01-000-40-00-4060
- a. Amusement taxes were impacted by the pandemic closing and/or limiting capacity at Raging Waves and NCG for the majority of FY 21, however those revenues have rebounded to their pre-pandemic levels in FY 22. We assume flat growth for FY 23 and beyond. This is the 3% tax charged on all amusement devices and tickets within the City. The maximum amount allowable under law for this tax is 5%. Most of this line-item is generated by Raging Waves, which has a large percentage of out-of-town visitors. The second largest contributor to this amount is NCG Movie Theater, although this amount currently has no net impact on the budget, as we are rebating 100% of the amusement tax to the movie theater developer until we rebate \$200,000 total. We expect that figure to be reached in FY 24. At that point, the rebate drops to 50% thru January of 2024.

- R12) Admissions Tax 01-000-40-00-4065  
 a. This is the 2.75% admissions tax charged at Raging Waves, authorized by their annexation agreement. This amount is remitted to Raging Waves to offset their on-site infrastructure costs. This tax expires in September 2026.
- R13) Business District Tax – Kendall Mrkt 01-000-40-00-4070  
 a. This line item represents the additional 0.5% general merchandise sales tax applicable to the Kendall Marketplace Business District. These proceeds are rebated in full (out of Admin Services) to pay debt service on the Kendall Marketplace bonds. This tax expires in January 2027.
- R14) Business District Tax – Downtown 01-000-40-00-4071  
 a. This line item represents the additional 1.0% general merchandise sales tax applicable to the Downtown Business District. These proceeds are rebated in full (out of Admin Services) to Imperial Investments, pursuant to their development agreement with the City. This tax expires in 2036.
- R15) Business District Tax – Countryside 01-000-40-00-4072  
 a. This line item represents the additional 1.0% general merchandise sales tax applicable to the Countryside Business District. These proceeds are rebated in full (out of Admin Services) to Kendall Crossing LLC, pursuant to their development agreement with the City. This tax expires in 2032.
- R16) State Income Tax 01-000-41-00-4100  
 a. Income taxes have greatly exceeded expectations due to a combination of favorable outcomes to municipalities, the general strength of the state economy, the City’s conservative budgeting principles, and population growth. First, the Governor had proposed to cut income tax sharing (LGDF) with municipalities in the state’s FY 22 budget proposal in exchange for closing corporate income tax loopholes (pitched as a 1:1 change). The corporate income tax loopholes were closed by the Illinois legislature, but the reduction in LGDF never was adopted by the state. Second, the state and IML have increased their per capita income tax estimates from around \$98 in FY 20 to a FY 23 estimate of \$132 per capita, due to variety of state and federal stimulus efforts boosting income tax payments into the state. Third, the City assumed the worst-case scenarios in both prior two factors. Finally, the City’s population growth due to a sharp increase in new housing starts was reflected in the 2020 decennial census results certified at the end of 2021. While there is much debate at the state level about how long the state’s stimulus boosted economy will continue to thrive, the IML per capita estimates are generally conservative in that regard. Additionally, there seems to be optimism that the state will consider increasing the LGDF share for municipalities in this 2022 Spring legislative session. For conservative budgeting purposes, we do assume 2% annual growth but no related income tax increase from increased LGDF percentages.

- R17) Local Use Tax 01-000-41-00-4105
- a. Use tax increased 29% between FY 20 and FY 21, driven by changes in on-line sales tax sourcing and the City’s population growth. Since the sales tax sourcing changes have been finalized by the state, there has been a modest reduction in “use taxes” but an equivalent increase in “sales taxes”. The IML is projecting ~\$38 per capita for FY 23, which is lower than the historical high of \$44 per capita in FY 21. We’ve kept that estimate flat at \$38 per capita going forward.
- R18) Cannabis Excise Tax 01-000-41-00-4106
- a. This line-item represents an 8% share of the State’s cannabis taxes, which must be used to fund crime prevention programs, training, and drug interdiction efforts. The IML estimate for this revenue is now \$1.95 per capita, reflecting general overperformance of retail cannabis sales statewide.
- R19) Federal Grants 01-000-41-00-4160
- a. The large bump in FY 21 represents the City’s receipt of CURE funds via the CARES Act, the Business Interruption Grant (BIG), and the Downstate Small Business Stabilization Grant. The FY 22 and FY 23 columns reflect \$2.8m in federal ARPA funds sent to the City in \$1.4m payments each year. These funds can be used for a variety of infrastructure, capital projects, and even operations in some cases. We propose to transfer these funds into the City-wide Capital (Fund 23) and Building and Grounds (Fund 24) funds to offset capital projects including building improvements, building construction, and sidewalk and roadway funding.
- R20) Building Permits 01-000-42-00-4210
- a. Revenue figures within this line-item are budgeted at \$500,000 in FY 23 (decreasing slightly thereafter) which will help offset personnel and contractual costs associated with conducting inspection activities. If during the year, all those costs are met, any excess building permit revenue would be transferred into the City-Wide Capital Fund for the use of one-time capital expenses. This prevents us from using one-time revenues for operating costs in the future.
- R21) Garbage Surcharge 01-000-44-00-4400
- a. This line-item represents all revenue the City receives from residents for garbage services. Increases in this line-item reflect contractual rate changes only, and there is no material net impact within the budget as the cost of service is generally matched by revenues. The City’s current garbage contract with Waste Management runs through FY 22, and the new garbage contract with Groot runs through FY 27.
- R22) Administrative Chargeback 01-000-44-00-4415
- a. This revenue represents that the General Fund will be reimbursed from the Water, Sewer, and TIF Funds for a portion of personnel costs. This is according to the time that employees whose salaries come out of the General Fund spend on water, sewer, and TIF related issues.

- R23) Investment Earnings 01-000-45-00-4500  
a. This line item consists of interest income earned from US Treasury securities and FDIC insured certificates of deposit (i.e., CD's), in addition to having cash on account with First National, Illinois Funds, Illinois Trust and Associated Bank. Since the beginning of the pandemic interest rates have cratered but are expected to eventually return to more historical norms, as indicated by the gradual increase in interest earnings thru FY 27.
- R24) Reimbursement – Engineering Expenses 01-000-46-00-4604  
a. Revenue figures within this line-item will offset the line item for engineering expenses to net out the engineering services to equal the \$240,000 contract amount.
- R25) Miscellaneous Income 01-000-48-00-4850  
a. This revenue line-item primarily represents green power civic grants from the City's residential electric aggregation program. The FY 23 figure is lower than the FY 22 amount due to the change between Waste Management and Groot. We will likely not charge the Groot invoices to the City's credit card and recoup the credit card rebates, as Waste Management doesn't charge a credit card fee to pay invoices, and Groot does.
- E1) Salaries – All Departments Multiple #'s  
a. We are proposing a ~3% COLA or bargaining agreement approved increases and appropriate step increases for all non-union and union employees. We have budgeted for reasonable, but undetermined, salary increases in FY 23 through FY 26.
- E2) Health Insurance – All Departments Multiple #'s  
a. For FY 23 thru FY 27, we are assuming an annual 8% increase in health insurance and a 5% increase in dental costs.
- E3) IMRF – All Departments Multiple #'s  
a. The City's employer rate substantially decreased by 20% in 2022, going from 11.11% to 8.90%, due to strong stock market returns by IMRF in 2020. While IMRF fund is very well funded compared to other State-wide pension systems, we are budgeting conservative increases in the employer contribution rates each year for FY 23 through FY 27. The preliminary 2023 rate will be available this April and staff will revise projections accordingly in the subsequent budget year.
- E4) Tuition Reimbursement – All Departments Multiple #'s  
a. Per the City's tuition reimbursement policy, any approved degree programs are shown in the appropriate departmental budget. Currently, Deputy Chief Pfizenmaier (Police Department) is enrolled in a bachelor's degree program at the University of Arizona (online) and Sergeant Stroup is pursuing a master's degree at Aurora University.

- E5) Training and Travel – All Departments Multiple #'s
- a. Travel and conferences are budgeted assuming all conferences occur as they would pre-COVID. We have seen some movement in national and state conferences to either push back the start dates of conferences or to pivot towards remote conferences. This could result in lower-than-expected year-end expenditures, but we would prefer to keep the amounts at normal levels on the off chance that conference opportunities resume.
- E6) Computer Replacement Chargeback – All Dept's Multiple #'s
- a. These line-items reflect all standard laptop and desktop computer replacements for all employees in all departments, based on standards for replacement at 3 or 4 years depending on the piece of equipment and recommendations from the City's IT consortium.
- E7) Commodity Assumptions – All Departments Multiple #'s
- a. Graduated increases in gasoline, electricity, natural gas, and simple contractual services are not based on any estimate of the details of the line-item, except where specifically noted in this budget section. From a conservative budgeting principle, we are purposefully trying to overestimate costs to hedge on unanticipated price increases on those items that are subject to market fluctuations.
- E8) Professional Services – All Departments Multiple #'s
- a. Professional services expenditures vary in each department and can be for a variety of services. For each department, we've included a brief sampling of the expenses coded out of this line-item. Full expense reports for this or any line-item can be obtained from the Finance Department at any time.
  - b. Administration – Expenses for the minute taker, zoom remote meeting access, safe deposit box and background checks.
  - c. Finance – GFOA CAFR award fee, utility billing processing and credit card fees, bank fees, police pension and OPEB actuarial fees, and the annual accounting software maintenance agreement.
  - d. Police – Expenses for onsite shredding, Brazos, CAPERS annual fee, Power DMS Live Scan, Pace scheduler and WatchGuard.
  - e. Community Development – Access to iWorQ (code enforcement and permit management software), consultant work related to the subdivision control ordinance (UDO), annual fees for ESRI GIS and Adobe Professional, and expenses for the minute taker.
  - f. Street Operations – copier charges, parkway tree trimming, annual cloud storage fees for solar speed signs and CDL license renewal.
  - g. Admin Services – General Fund related lobbyist charges.
  - h. Water Operations –Utility billing processing and credit card fees, emergency leak detection, lobbyist charges, and BSI backflow monitoring.
  - i. Sewer Operations – Sewer cleaning, alarm monitoring, utility billing processing and credit card fees, and manhole repair.
  - j. Parks – background checks, copy charges, lightning detector annual fees, and park board minute taker fees.
  - k. Recreation – Referees and umpires, recreation class instructors, graphic design, web track maintenance agreement, pest control, background checks, and park board minute taker fees.

- E9) Office Cleaning – All City Hall Multiple #'s
  - a. This line-item increases significantly across a few departments which have employees who will move into the new City Hall and Police Station. The new building is significantly larger than the old building, so we have made some conservative estimates of cleaning costs. We will discuss the exact scope of cleaning contracts later, after quoted or bid out by staff.
  
- E10) Salaries – Mayor 01-110-50-00-5001
- E11) Salaries – Liquor Commissioner 01-110-50-00-5002
- E12) Salaries – Alderman 01-110-50-00-5005
  - a. These line-items reflect the City Council’s approval of elected official’s salary changes for May 2023.
  
- E13) Auditing Services (Finance) 01-120-54-00-5414
  - a. The City went out to RFP in 2021 and awarded a five-year contract to Lauterbach and Amen which will expire in FY 27.

- E14) Salaries – Police Officers 01-210-50-00-5008
- E15) Salaries – Police Chief and Deputies 01-210-50-00-5011
- E16) Salaries – Sergeants 01-210-50-00-5012

a. Last year’s staffing plan for the Police Department carries forward to this budget proposal. The City currently has 32 sworn officers budgeted in FY 22, which is the same amount of sworn officers that the City had in FY 21. The Commander position budgeted for in FY22 has been filled. We delayed in backfilling that position until FY23 and would request to hire one additional sworn officer bringing us to the previously authorized level of 33 Sworn Officers. We have included a regional staffing analysis for your use:

City/Village	Full-Time Sworn Staff	Total Dept. Budget (Operating & Capital)	Sworn Officers Per 1,000	Population (2020 Decennial Census)	Cost Per Capita
Batavia	41	\$10,958,455	1.57	26,098	\$419.89
Darien	34	\$8,617,121	1.54	22,011	\$391.49
Frankfort	32	\$8,575,800	1.58	20,296	\$422.53
Lisle	38	\$6,400,000	1.56	24,223	\$264.21
Lockport	41	\$9,899,000	1.57	26,094	\$379.36
Montgomery	33	\$6,383,958	1.62	20,262	\$315.07
New Lenox	37	\$8,900,000	1.36	27,214	\$327.03
North Aurora	32	\$6,000,000	1.75	18,261	\$328.57
Roselle	32	\$9,004,865	1.40	22,897	\$393.27
Westmont	38	\$10,968,163	1.55	24,429	\$448.98
Yorkville	32	\$6,477,654	1.48	21,533	\$300.82
<b>Average</b>	<b>35</b>	<b>\$8,380,456</b>	<b>1.54</b>	<b>23,029</b>	<b>\$360.54</b>
<b>Other Communities of Note</b>					
Plano	24	\$2,786,382	2.05	11,691	\$238.34
Sandwich	18	\$2,622,000	2.49	7,221	\$363.10
Oswego	51	\$11,276,111	1.47	34,585	\$326.04
Plainfield	61	\$14,383,000	1.36	44,762	\$321.32

To provide a benchmark for expenditures, communities with a similar population to Yorkville were surveyed. **Cost Per Capita:** Total Department Budget (Operating & Capital) divided by Population.  
**Sworn Officers Per 1,000:** Full-Time Sworn Staff divided by Population

- E17) Police Commission 01-210-54-00-5411
  - a. Sergeant testing will occur in FY 24 and FY 27. Patrol officer testing will occur in FY 23, 25, and 27.
- E18) Vehicle and Equipment Chargeback 01-210-54-00-5422
  - a. This line-item represents the gap between police impact fees and the amount of expenditures related to police-car purchases.

- E19) Inspections 01-220-54-00-5459
- a. Permits and permit revenues went unexpectedly higher again in FY 22, resulting in the decision to hire both a property maintenance inspector and a front desk employee in FY 22. These outsourced inspection costs should decrease significantly in FY 23 but will be offset by a corresponding process change on parkway trees and driveway inspections. These inspections were previously completed by EEI staff, at a greater cost than in-house employees. With the recent City staff hires, we can transition these inspections B&F in the near term at a rate cheaper than EEI, and then to City-staff in the mid-term, reducing the cost long-term.
- E20) Professional Services (Community Development) 01-220-54-00-5462
- a. The FY 23 column for this line-item contains the remainder of the UDO project, which was authorized by City Council in February 2019 and delayed during 2020.
- E21) Operating Supplies (Community Development) 01-220-56-00-5620
- a. The increase in FY 23 includes purchase of a digital plan review system for the Code Official, a new plotter for the department, and some miscellaneous pieces of equipment for the new property maintenance inspector.
- E22) Vehicle & Equipment Chargeback 01-410-54-00-5422
- a. This line-item represents the gap between public works impact fees and the amount of expenditures related to public works vehicle and equipment purchases.
- E23) Mosquito Control 01-410-54-00-5455
- a. The line-item expense for mosquito control represents treatment of storm sewer inlets only. This item had not been completed in FY 20, 21, and 22 primarily due to purchasing manager staffing turnover. We expect to re-engage this service in FY 23 (Summer 2022).
- E24) Garbage Services – Senior Subsidy 01-540-54-00-5441
- a. This line item represents the total amount of the current senior garbage subsidy. The subsidy is 20% for all seniors and 50% for all seniors on the Circuit Breaker program. Currently, we have 850 senior accounts and 52 circuit breaker senior programs.
- E25) Purchasing Services 01-640-54-00-5418
- a. This line-item represents the Purchasing Manager shared with the Village of Oswego. The term of the intergovernmental agreement expires on December 31, 2026.
- E26) IDOR Administration Fee 01-640-54-00-5423
- a. This line-item represents the amount of the City’s sales locally imposed sales and excise taxes that are being swept by the State of Illinois.

- E27) GC Housing Rental Assistance Program 01-640-54-00-5427  
a. This line-item represents the City’s cost to run the housing assistance program for the GC Housing development, as approved in Ordinance 2016-21. The estimated maximum annual liability for this program is \$12,000, and the actual numbers can fluctuate by a few thousand dollars per year, depending on the recipients’ income levels. We have conservatively estimated 10% to 15% increases each year after FY 23. The ordinance contemplates the program expiring in FY 26, related to the development agreement approved for the project. For continuity and conservative budgeting purposes, we assume the program will be renewed for FY 27.
- E28) Utility Tax Rebate 01-640-54-00-5428  
a. This line-item represents the electric and natural gas utility taxes rebated to Wrigley as part of the Skittles factory expansion. The last rebate is scheduled to occur in FY 22.
- E29) Facility Management Services 01-640-54-00-5432  
a. This line-item represented the Facility Services Manager shared with the Village of Oswego. This position’s costs are now housed in the (24) Building and Grounds Fund. The term of the intergovernmental agreement expires on December 31, 2022, with notice to terminate due by June 30<sup>th</sup>. We recommend continuing this position through FY 27.
- E30) Amusement Tax Rebate 01-640-54-00-5439  
a. As part of the Countryside redevelopment project incentives, the City is refunding a portion of the amusement tax to the Movie Theater developer. This amount should equal the amount of amusement tax generated by the Movie Theater up to \$200,000. We expect that this incentive will be satisfied in early FY 24. All further proceeds will be rebated at 50% until January 2024.
- E31) KenCom 01-640-54-00-5449  
a. This line-item represents the City’s contributions to KenCom, based on the intergovernmental agreement for annual funding, the intergovernmental agreement for New World software usage, the City’s purchase of a T1 line through Comcast for a direct connection into Kendall County, and the KenCom budget. This line-item is estimated by staff in February of each year for the upcoming FY budget, but the actual dollar amounts are not finalized until the end of each calendar year.
- E32) Information Technology Services 01-640-54-00-5450  
a. This line-item covers our base level IT contract, some annual special projects, all Microsoft Office licensing, and various other licenses for network components. This line-item also includes the purchase and implementation of a full ERP in FY 23 and FY 24. The General Fund and this line-item are expected to absorb about 70% of the cost of the ERP, and the remaining costs have been apportioned out to the Water and Sewer Funds.

- E33) Building and Grounds Chargeback 01-640-54-005453  
a. This line-item represents the General Fund’s coverage of 80% of the shared Facilities Manager position with Oswego and the personnel costs for the Public Works Department’s Building and Grounds Maintenance Worker II, hired in FY 22. Both expenditures are housed in the Building and Grounds Fund.
- E34) Professional Services 01-640-54-00-5462  
a. This line-item covers half of the Yorkville cost of the state lobbyist (shared with Montgomery and Oswego) and half of the Yorkville cost of the federal lobbyist (shared with Kendall County, Oswego, and Montgomery). The remaining amount of Yorkville’s contribution for these contracts are covered in the water fund.
- E35) Engineering Services 01-640-54-00-5465  
a. This is the gross cost of all EEI expenses which are not related to capital projects. It includes \$240,000 of contract-related expenses plus non-contract related expenses (subdivision-infrastructure inspections, home construction based public sidewalk and drainage inspections, and/or reimbursable development work).
- E36) Economic Development 01-640-54-00-5486  
a. The City’s contract for economic development consulting with Lynn Dubajic of DLK, LLC was renewed in January 2022, for a term extending through 2024.
- E37) Sales Tax Rebate 01-640-54-00-5492  
a. This line item represents the 50% share of rebated sales tax to developers, pursuant to past economic incentive agreements entered with the City. Sales tax rebate growth is pegged to overall sales tax growth, as mentioned above.
- E38) Business District Rebate 01-640-54-00-5493  
a. Currently, this expenditure line-item corresponds with the revenue line-items of the same amount (less the State’s administrative fee of 2%), as this tax is rebated 100% to the developers of the Kendall Marketplace, Kendall Crossing, and the downtown business district.
- E39) Admissions Tax Rebate 01-640-54-00-5494  
a. Currently, this expenditure line-item corresponds with a revenue line-item of the same amount, as this tax is rebated 100% to Raging Waves. This rebate is set to expire in FY 27.
- E40) Contingency 01-640-70-00-7799  
a. This line-item represents the Mayor’s request to identify funding for various unplanned expenditures throughout the year. At time of budget, no specific projects or purchases are planned for this line-item.

- E41) Transfer to City-Wide Capital 01-640-99-00-9923  
a. The FY 22 column includes the original transfer amount needed to fund the FY 22 City-Wide Capital budget, sales tax overages as benchmarked by City Council, and funds to offset the DCEO Downtown Grant, should it be awarded. The FY 23 column includes funds to cover the FY 23 City-Wide Capital program plus designated ARPA funds.
- E42) Transfer to Building & Grounds 01-640-99-00-9924  
a. The FY 22 column includes the normal transfer to fund the long-term Building and Grounds capital program, a full ARPA fund payment, plus additional funds as a down payment for the future PW building.
- E43) Transfer to Debt Service 01-640-99-00-9942  
a. This line-item represents the amount the general fund covers of the 2014B bond, which initially financed a streets rehab program from the mid-2000s and will be retired in FY 23. The property taxes on the 2014B bond were completely abated in the 2017 tax levy cycle (FY 19 budget).
- E47) Transfer to Sewer 01-640-99-00-9952  
a. This line-item represents the City's transfer of non-home rule sales tax dollars being transferred into the Sewer Fund to pay for a portion of the yearly debt service on the 2011/2022 refinancing bond. The increase in FY 23 matches the sewer department's projected capital expenditures and debt service payments.
- E48) Transfer to Parks and Recreation 01-640-99-00-9979  
a. This line-item represents the City's operational transfer to fund Parks and Recreation expenses. The increase in the transfer in FY 23 and beyond is primarily due to the purchase of several large Parks vehicles, equipment, and playgrounds, which are mainly housed in the capital funds but are linked to a chargeback within the Parks Department.
- E49) Transfer to Library Operations 01-640-99-00-9982  
a. This line-item transfer covers liability and unemployment insurance for the Library.

**The small picture – all other funds**

**Fox Hill SSA (11)**

- R1) Property Taxes 11-000-40-00-4000
  - a. The FY 22 projected revenue figure of \$16,034 reflects incorrectly levied \$72.55 per home per year tax amount, as mentioned during the Fox Hill SSA levy discussion in November 2021. The FY 23 proposed amount reflects the \$97.29 per home per year tax amount, as approved by the City Council in November 2021. The 2021 levy materials also forecasted the property taxes for FY 24 and FY 25, with \$11 increases per year. Of note, the long-term debt on past projects and the negative fund equity will be cleared in FY 25.
  
- E1) Professional Services 11-111-54-00-5462
  - a. The City ended use of a HOA management company in FY 21.
  
- E2) Outside Repair and Maintenance 11-111-54-00-5417
  - a. The FY 23 amount reflects our best estimate for the annual maintenance contract for mowing and landscaping, and the re-installation of the subdivision entrance sign. The sign project is being offset by funds given to the City by IDOT for the Route 34 project in FY 17. The FY 23 column contains money for crack sealing and sealcoating the trails in the subdivision, as these components were delayed from FY 22.

**Sunflower SSA (12)**

- R1) Property Taxes 12-000-40-00-4000
  - a. The FY 23 revenue figures reflect the ~\$180 levy per home that was discussed by the City Council during the levy approved in November 2021. The 2021 levy materials also forecasted the FY 24 levy at \$188 per home per year. Of note, the long-term debt on past projects and the negative fund equity is expected to be cleared in FY 23.
  
- E1) Pond Maintenance 12-112-54-00-5416
  - a. In FY 23 and beyond, the City is budgeting for annual algae treatments and basin monitoring.
  
- E2) Professional Services 12-112-54-00-5462
  - a. The City ended use of a HOA management company in FY 21.
  
- E3) Outside Repair and Maintenance 12-112-54-00-5495
  - a. This line-item reflects our best estimate for the annual maintenance contract for mowing, tree trimming, and landscaping the subdivision entrances.

**Motor Fuel Tax Fund (15)**

- R1) Motor Fuel Tax 15-000-41-00-4112
  - a. The FY 23 revenue figures reflect the City’s share of the state’s motor fuel tax at \$23.50 per capita (IML estimate) and our certified population of 21,533. In subsequent years, the amount of the tax will increase by an inflationary factor each year.

- R2) MFT High Growth 15-000-41-00-4113  
a. The MFT High Growth line item represented a supplemental MFT appropriation that was created soon after the State's 2009 capital bill. With the passage of the 2019 capital plan, the state has said it will decrease high growth funding by 75%, although this has yet to happen in practice.
- R3) Transportation Renewal Tax 15-000-41-00-4114  
a. When the state increased motor fuel taxes as part of the 2019 capital plan, they chose to break out a portion of the increase and distribute it to several transit agencies and transportation purposes. The remainder of the tax was pegged to inflation and distributed to municipalities on a per capita basis. The FY 23 figures represent a \$17.70 per capita distribution.
- R4) Rebuild Illinois 15-000-41-00-4115  
a. The state issued new capital bonds in 2020 to fund a number of projects including but not limited to bondable projects in municipalities. Yorkville's allocation was more than \$1.2m, to be distributed in three installments in FY 21, 22, and 23. In February 2021, the City Council reviewed the use of these funds in the Fox Hill subdivisions and adopted an MFT resolution accordingly. The remaining distributions of these revenues will be deposited in FY 23 to offset the expenditures occurring in FY 22.
- E1) Salt 15-155-56-00-5618  
a. Salt prices for FY 22 were impacted by supply chain issues, resulting in the state having to bid out the bulk purchase of salt twice. The \$65 per ton salt price was within historical norms, and we have conservatively budgeted for FY 23 and beyond at \$95 per ton.
- E2) Fox Hill Improvements 15-155-60-00-6005  
a. This line-item represents the one-time expenditures for road resurfacing in Fox Hill, to be funded by the Rebuild Illinois revenues.
- E3) Road to Better Roads 15-155-60-00-6025  
a. The FY 23 column reflects the roads chosen by the City Council in late 2021 and bid out in February 2022.
- E4) Pavement Striping Program 15-155-60-00-6028  
a. This line-item contains various pavement striping projects throughout town, as dictated by the City's Road to Better Roads program, and other locations on an as needed basis. For FY 23 we have plans to stripe parts of Bristol Bay, Kennedy Road, and Cannonball Trail north of Route 34.
- E5) Route 47 expansion 15-155-60-00-6079  
a. The final payments to the state for the City's contribution to the Route 47 expansion through downtown Yorkville will be made in FY 23.

**City-Wide Capital Fund (23)**

- R1) Federal Grants – STP Bristol Ridge 23-000-41-00-4163  
a. The City was notified in November 2021 that the project had been moved forward for eligible funding via the Kane/Kendall Council of Mayor’s review of eligible Surface Transportation Project (STP) grant applications. The City had entered into a design engineering agreement in 2021, and the project is prepared to go to letting in June 2022. We anticipate the project will be completed in FY 23 and grant reimbursement received in the same year. The grant will fund approximately 75% of the total project, leaving a net construction cost to the City of around \$160,000.
- R2) DCEO Rebuild Downtown 23-000-41-00-4164  
a. In late 2021, the City applied for a major downtown redevelopment grant via the State’s DCEO ReBuild Downtown grant program. As of time of this memo, the grant application is under review, with a decision expected sometime in 2022. For conservative budgeting purposes, we assume the grant will be awarded, the project completed, and the grant reimbursement received in FY 23.
- R3) Van Emmon LAFO 23-000-41-00-4165  
a. This line-item assumes the City receives a grant award for and completes the E Van Emmon resurfacing project. This grant application was reviewed at the February 2022 Public Works Committee meeting and is up for consideration by the City Council at the February 22, 2022 meeting.
- R4) Building Permits 23-000-42-00-4210  
a. This line-item corresponds to any building permit revenues received above and beyond related staffing and operational costs in the Community Development Department. The City’s past practice has been to identify these unexpected revenues as available for use for one-time capital projects. For conservative budgeting purposes, we do not assume any revenue in FY 23.
- R5) Road Contribution Fee 23-000-42-00-4222  
a. The road contribution fee is an impact fee collected at time of building permit for developments that were generally constructed after 2006. These funds must be spent on the regional roadway system, and in some subdivisions, there are specific earmarks for use of these funds.
- R6) Road Infrastructure Fee 23-000-44-00-4440  
a. The FY 23 column reflects the \$8 per month per household fee collected as part of the utility bill. This fee amount has been unchanged since implementation in FY 14. Any growth in revenue in future years is assumed from housing count increases.
- R7) Reimb - Com Ed 23-000-46-00-4606  
a. This line-item includes Com Ed’s reimbursement to the City for Corneils Road resurfacing. This project was approved by the City and will be completed in FY 23 as part of a greater Com Ed infrastructure expansion in the immediate area.

- R8) Reimb – Grande Reserve Improvements 23-000-46-00-4612  
a. The City Council approved a Grande Reserve annexation agreement in FY 21, which included reimbursement of Mill Road projects costs from the developer to the City. Most of the project was completed in calendar year 2021, but some of the project costs may fall in FY 23. Most of the FY 23 column is for collected and escrowed road contribution fees which will be classified as new revenue and used to offset Kennedy and Mill Road intersection improvements, expected in FY 23. The same collection, escrow, and revenue classification will be made in FY 24 for the Kennedy Road and Freedom Place intersection. These projects will not move forward unless the building permits and corresponding impact fees are received by the City. The schedule narrated above represents the earliest possible timelines for revenues.
- R9) Reimb – Bristol Bay annex 23-000-46-00-4618  
a. The \$171,000 in FY 27 represents the City’s expected IDOT contribution towards the pavement gap between the IDOT construction boundaries for the Route 47 north expansion project and the current pavement boundaries of Bristol Bay Drive and Bertram Drive. The actual project is estimated at \$250,000, gross.
- R10) Reimb – Raintree Village 23-000-46-00-4636  
a. The City agreed to accept responsibility for the completion of certain pieces of infrastructure in the development as part of a broader development agreement in 2019. This line-item represents the completion and final payment from the escrow account for the infrastructure in Raintree Village. There is no net cost to the City for this project at this time and all funds will be spent on punchlist related items.
- E1) Engineering Services 23-230-54-00-5465  
a. The FY 23, 24, 25, and 27 columns represent minor design and construction engineering costs for various small projects like pavement striping. The larger jump in FY 26 represents an expected update to the City’s LIDAR based road survey and scoring system update, as referenced in the RTBR presentation in Fall 2021 to City Council.
- E2) Fox Hill Improvements 23-230-60-00-6005  
a. The streetlights in Fox Hill have been deteriorating and staff has replaced the light poles on an as needed basis. The FY 22 and FY 23 columns represent the City doing most of the installation work in house and some of the repairs through a vendor.
- E3) Mill Road Improvements 23-230-60-00-6012  
a. The FY 23 column represents the final payments for the Grande Reserve developer funded Mill Road improvements.

- E4) Road to Better Roads 23-230-60-00-6025  
a. This line-item includes some leftover payments from the FY 22 Road to Better Roads program and the Fox Hill Rebuild IL project, the non-MFT portion of the FY 23 Road to Better Roads program, pavement preservation initiatives (\$60,000), Poplar Drive railroad crossing improvements mandated by Omnitrax and the City's previous agreements with Omnitrax (estimated at \$200,000), and the potential intergovernmental agreements covering Fox Road and the Cannonball Trail curve.
- E5) Bristol Ridge Road 23-230-60-00-6032  
a. The FY 23 column represents completion of the project with grant funds, as mentioned in the revenue section above.
- E6) Shared Use Path Maintenance Program 23-230-60-00-6033  
a. The City has not yet calculated the estimated annual cost to properly maintain its entire trail system. Currently, we recommend an average annual expenditure of \$140,000 for this program. Exact locations and details will be presented to Council later, based on bidding schedules. Additionally, the scope could be increased and/or the cost could be decreased if the City Council approves the purchase of the proposed seal coat machine.
- E7) Raintree Village Improvements 23-230-60-00-6036  
a. As referenced in the revenue section above, the City agreed to complete certain pieces of infrastructure in the subdivision. This line-item and the FY 23 column represents the final pieces of infrastructure to be completed by the City.
- E8) Parking Lot Maintenance Program 23-230-60-00-6037  
a. The City has not yet calculated the estimated annual cost to properly maintain its entire parking lot system. Currently, we recommend an average annual expenditure of \$151,000 for this program. Exact locations and details will be presented to Council later, based on bidding schedules. Additionally, the scope could be increased and/or the cost could be decreased if the City Council approves the purchase of the proposed seal coat machine.
- E9) Sidewalk Replacement Program 23-230-60-00-6041  
a. The City has not yet calculated the estimated annual cost to properly maintain its entire sidewalk system. Currently, we recommend a \$200,000 annual program for the next few years. Sidewalks can be chosen on a worst-first basis, as there is no value advantage to a replacing a sidewalk at certain times in its lifespan, and we propose no further analysis or study estimate to strategically make project decisions.
- E10) Route 71 (Rt 47- Rt 126) Project 23-230-60-00-6058  
a. This line-item represents a portion of the City's local share of costs for the Route 71 expansion project. This project began in FY 19, and we expect the invoices to be paid by the City through FY 23.

- E11) US 34 (IL 47 / Orchard Rd) Project 23-230-60-00-6059  
a. This line-item represents a portion of the City’s local share of costs for the Route 34 eastern expansion project. This project began in FY 18 and we expect the invoices to be paid by the City through FY 23. The funds budgeted are based on the IDOT approved bids but do not consider any possible change orders.
- E12) Route 47 (Rte 30 / Water Park Way) 23-230-60-00-6063  
a. The state has construction funding available for the expansion of Route 47 on the northside of town. This line-item represents the earliest possible state construction timeline and the City’s financial responsibility according to a previously approved memorandum of understanding.
- E13) Baseline Road Improvements 23-230-60-00-6071  
a. Baseline Road is one of the worst rated roads in the City, and this project was previously on the unfunded capital projects list. We propose to complete a mill and overlay over the entire City stretch from Route 47 to the township section of Baseline (east of Eldamain Rd). This project will not touch the bridge deck or substructure, which are both set to be replaced by IDOT as part of the Route 47 north expansion project.
- E14) Rebuild Downtown Project 23-230-60-00-6073  
a. As mentioned in the revenue section above, this line-item assumes the City receives the state / DCEO Rebuild Downtown grant award in FY 23. This project will not occur without state grant award.
- E15) Corneils Road Improvements 23-230-60-00-6085  
a. As referenced in the revenue section above, ComEd will be reimbursing the City 100% for the costs related to resurfacing Corneils Road.
- E16) Kennedy Road (Freedom Place) 23-230-60-00-6087  
E17) Kennedy Road (Mill Road) 23-230-60-00-6088  
a. Both projects are set to occur within the five-year budget, based on the growth patterns of the Grande Reserve subdivision and the City’s collection of the \$2,000 per unit road contribution fee. As stated in the revenue section above, the City plans to escrow all road contribution fees collected within the Grande Reserve subdivision for use on the Kennedy Road near Freedom Place and north of the BNSF railroad tracks. The Freedom Place project will commence when enough funds are escrowed to complete the work (estimated FY 24) and the north section of Kennedy Road (near the regional park and the Mill Road intersection) is proceeding with anticipated funds already received.
- E18) Kennedy Rd Bike Trail 23-230-60-00-6094  
a. This line item contains the final gross expenses from the construction of the trail. Pursuant to the commitment made by the Push for the Path group in 2012, the City’s estimated local share in the amount of \$217,000 was covered entirely through private donations and grant funding.

- E19) Bristol Bay Subdivision 23-230-60-00-6098  
 a. This line-item represents the City’s share of costs associated with extending the existing east-west roads in the Bristol Bay subdivision to connect to the future Route 47 northern expansion.
- E20) Principal Payment (2014A Bond) 23-230-81-00-8000  
 E21) Interest Payment (2014A Bond) 23-230-81-00-8050  
 a. This line-item contains the debt service for a 20-year bond associated with the Game Farm Road project.

**Building and Grounds Fund (24)**

- R1) Development Fees – Municipal Bldg 24-000-42-00-4218  
 a. This line-item contains revenue received by the City at time of building permit via a municipal building impact fee. This fee is either \$150 or \$1,752 per new dwelling unit, depending on the subdivision.
- R2) Building and Grounds Chargeback 24-000-44-00-4416  
 a. As mentioned in the General Fund narratives above, this line-item represents 80% of the cost of the shared Facilities Manager and the personnel costs of the Building and Grounds Maintenance Worker II hired in FY 22.
- R3) Bond Proceeds 24-000-49-00-4900  
 R4) Premium on Bond Issuance 24-000-49-00-4903  
 a. These line-items represent two bond sales in FY 22 for \$9.785m for all costs associated with the Prairie Pointe land acquisition and building renovation. In addition, a projected bond sale of \$22m is included in this line item in FY 24 related to the construction of a new Public Works facility. The remaining 20% of these costs are allocated between the Water and Sewer Funds.
- R5) Transfer from General 24-000-49-00-4901  
 a. This line-item contains future general fund transfers to cover the debt service payments on the 2021 bond and the 2023 bond.
- R6) Transfer from City-Wide Capital 24-000-49-00-4924  
 a. Approximately \$350,000 of the transfer in FY 22 represents the amount set aside as savings for the Prairie Pointe building project, as referenced in the FY 21 budget amendment proposal.
- R7) Transfer from Water 24-000-49-00-4951  
 a. This line-item contains future Water Fund transfers to cover the debt service payments on the 2023 bond (PW facility).
- R8) Transfer from Sewer 24-000-49-00-4952  
 a. This line item contains future Sewer Fund transfers to cover the debt service payments on the 2023 bond (PW Facility).

- E1) Facility Management Services 24-216-54-00-5432  
a. This line-item represents the City’s cost of the Facilities Manager, as shared with Oswego through intergovernmental agreement. The term of the intergovernmental agreement expires on December 31, 2022, with notice to terminate due by June 30<sup>th</sup>. We recommend continuing this position through FY 27.
- E2) Property and Building Maintenance Services 24-216-54-00-5446  
a. The FY 22 column contained \$75,000 for PW building study and design costs, with the remainder going to normal building maintenance projects as determined by the City’s Facilities Manager. For FY 23, we propose that a portion of this line-item will go towards future PW facility planning and normal building maintenance projects as they come up.
- E3) City Hall Improvements 24-216-60-00-6030  
a. This line-item contains funding for base bids plus relevant alternates, as opened on February 15<sup>th</sup>, plus all known supplemental purchases and estimates of supplemental purchases to be determined.
- E4) Public Works Facility 24-216-60-6042  
a. The \$22m listed in FY 24 and 25 assumes successful completion of PW facility construction in 2023 and debt service payments in 2024. Given that a Public Works facility cost should be partially borne by the Water and Sewer Funds, and the City has a significant amount of debt service retiring in the near term, we chose to show the impact of the building construction in the Building and Grounds, General, Water, and Sewer Funds. The related debt service is currently evenly split 1/3 each in the General, Water, and Sewer Funds.
- E5) Principal Payment (2021 Bond) 24-216-82-00-8000  
E6) Interest Payment (2021 Bond) 24-216-82-00-8050  
E7) Principal Payment (2022 Bond) 24-216-95-00-8000  
E8) Interest Expense (2022 Bond) 24-216-95-00-8050  
a. These line-items represent the debt service on the two bond sales of ~\$9.26m in FY 22 for Prairie Pointe land acquisition and building renovation.
- E9) Principal Payment (2023 Bond) 24-216-86-00-8000  
E10) Interest Payment (2023 Bond) 24-216-86-00-8050  
a. These line-items represent the debt service on a bond sale in FY 24 of \$22m.
- E11) Transfer to City-Wide Capital 24-216-99-00-9923  
a. The amount in the FY 22 column represents the reimbursement of land acquisition proceeds for the Prairie Pointe property to the City-Wide Capital Fund from 2021 bond proceeds.

**Vehicle and Equipment (25)**

- R1) Building and Grounds Chargeback 25-000-44-00-4416
- R2) Police Chargeback 25-000-44-00-4420
- R3) Public Works Chargeback 25-000-44-00-4421
- R4) Parks & Recreation Chargeback 25-000-44-00-4427
  - a. As discussed in the general fund line-item narrative, these line-items represent transfers from the General Fund (police & public works), Building and Grounds Fund, Parks and Recreation Fund to cover the gap between vehicle and equipment purchases and available funds in the respective departments.
  
- R5) Miscellaneous Reimb – Park Capital 25-000-46-00-4692
  - a. This line-item contains two separate developer reimbursements for parks projects itemized below: ~\$50,000 from leftover Raintree Village subdivision improvement proceeds for a project to be determined and \$50,000 from the Grande Reserve developer for construction of a pickleball court, as contemplated by the City Council in February 2022.
  
- R6) Sale of PW Capital 25-000-49-00-4921
  - a. As part of a larger purchase of capital equipment (outlined below), staff expects to sell various pieces of equipment in FY 23, including but not limited to an old ditch mowing tractor, an old leaf vacuum, and the PW Director’s Ford Explorer. Each sale will be processed according to the City’s disposal of property policy.
  
- E1) Rental and Lease Purchase (Police) 25-205-54-00-5485
  - a. This line-item contains all costs associated with the City’s police body camera program, as approved by the City Council in January 2022.
  
- E2) Equipment (Police) 25-205-60-00-6060
  - a. This line-item contains \$20,000 in each of FY 23 and FY 24 for the purchase of more speed signs and message boards. The Police have found usefulness in the current speed signs and would like to expand them to more areas.
  
- E3) Vehicles (Police) 25-205-60-00-6070
  - a. The annual target for squad car replacement is somewhere between \$200,000 and \$300,000. We propose to fund 3 new police cars annually each year of this budget proposal, which is an increase from last year’s budget proposal which had some years at 2 cars and some years at 3 cars. Given local supply chain issues, we expect to bring pre-authorization for the FY 23 cars to the March Public Safety Committee meeting.
  
- E4) Computer Equipment and Software (General Govt) 25-212-56-00-5635
  - a. This line-item is new and contains all the laptop-desktop replacements for the entire City. Like the vehicle chargebacks, each department pays for their computer replacements via a chargeback in each fund. The City is on a 3 or 4-year replacement cycle for computers.

- E5) Equipment (Public Works) 25-215-60-00-6060
- a. The FY 23 proposal includes a seal-coating machine at \$60k, a striping machine at \$9k, a grapple bucket for \$15k, a gator replacement (UTV) at \$15k, a new ditch mowing tractor at \$95k (gross cost – will pair with the \$40k trade in mentioned above), a flatbed trailer for \$15k, a new wheel loader for \$175k, several snowplow blades and a new brine loading rig at \$25k. Items above worth more than \$25k each will be presented to City Council for approval at a future committee / council meeting. Items worth less than \$25k can be authorized by staff, and detailed information about the use of each of these items will be distributed in a supplemental memo forthcoming by Director Dhuse. The FY 24 and beyond columns include a regular scheduled funding amount to meet long-term equipment replacement schedules.
- E6) Vehicles (Public Works) 25-215-60-00-6070
- a. The FY 23 proposal includes a \$223k for a Peterbilt cab, chassis, and buildout previously approved by City Council in March 2021 and still awaiting delivery, a new electrical bucket truck for \$230k, a new leaf vacuum truck for \$110k, a new small pickup truck for the Director and for small plowing jobs, a new F250 pickup truck for the City’s current Building and Grounds Maintenance Worker II employee, and a new single axel large dump truck for \$240k. All items not already approved by the City Council will be presented to City Council for approval at a future committee / council meeting. Detailed information about the use of each of these items will be included in a supplemental memo forthcoming from Director Dhuse. The FY 24 and beyond columns include a regularly scheduled funding amount to meet long-term equipment replacement schedules.
- E7) Principal Payment (PW 185 Wolf Street bldg.) 25-215-92-00-8000
- E8) Interest Payment (PW 185 Wolf Street bldg.) 25-215-92-00-8050
- a. These line-items cover the annual purchase installment payments to the property seller for the Public Works south building. The final payment will not occur until November 2028.
- E9) Park Improvements 25-225-60-00-6010
- a. The five-year budget proposal contains various playground replacements, based on the useful lifespan of the playground equipment installed at all parks in town. The Parks Department has mapped out every playground and when it needs to be replaced and this budget fully funds that plan. Obviously, equipment can be delayed or moved around in timing based on ongoing analysis and funding considerations. For FY 22, staff ordered the playground equipment for and are planning on refurbishing both Price and Fox Hill parks. Due to supply chain issues, the City has not received the playground equipment pieces. Staff expects to receive the equipment in FY 22. The FY 23 column includes payment of final invoices on the Sleezer park, installing a new pickle ball court, and the replacement playground at Kiwanis Park. FY 24 includes replacement playgrounds at Rice, Rotary, and a new playground in Countryside. For FY 25, replacements for Cannonball, Gilbert, and a new playground at Prestwick. For FY 26, we expect to replace playgrounds at Sunflower, Bridge, and Raintree Park A. For FY 27, we propose to replace playgrounds at Stepping Stones and Bristol Station playgrounds.

- E10) Equipment (Parks Capital) 25-225-60-00-6060  
 a. The FY 23 column contains a “normal program” of \$50,000 in various equipment replacement, plus a \$24,000 purchase for a new gator vehicle.
- E11) Vehicles (Parks Capital) 25-225-60-00-6070  
 a. The FY 23 column contains a “normal program” of \$50,000 in vehicle replacements (FY 23 – cargo van), plus the unexpended FY 22 column for pickup replacements not ordered due to supply chain issues.

**Debt Service Fund (42)**

- E1) Principal Payment (2014B Refunding) 42-420-79-00-8000  
 E2) Interest Payment (2014B Refunding) 42-420-79-00-8050  
 a. The FY 23 column represents the final bond payment for the 2007 In-town road program.

**Water Fund (51)**

- R1) DCEO – General Infra Grant 51-000-44-00-4166  
 a. The City was notified in early 2022 that it is the recipient of a \$100,000 general state infrastructure grant through DCEO. We have completed the paperwork to put these funds towards the water tower rehab project and are awaiting formal distribution of the funds as of February 2022.
- R2) Water Sales 51-000-44-00-4424  
 a. As discussed in the Items to Note section below, we propose a water rate increase on an interim basis towards funding the Lake Michigan water source project, including a number of engineering studies needed and proposed in FY 23. The current water rate is \$17 bi-monthly base rate for the first 350 cubic feet of water plus \$4.30 per 100 cubic feet thereafter. We propose to change the base rate to \$24 bi-monthly on September 1<sup>st</sup> and change the volumetric rate to \$4.80 per 100 cubic feet thereafter, on January 1, 2023.
- R3) Water Infrastructure Fees 51-000-44-00-4440  
 a. No change is proposed for the Water Infrastructure Fee for FY 23. It is currently set at \$8.25 per month through the end of FY 22 and will need to be reauthorized for FY 23.
- R4) Water Connection Fees 51-000-44-00-4450  
 a. For FY 22, we expect 100 new housing starts, which should net approximately \$3,000 in revenue per home. Each subdivision has its own water connection fee amount, depending on when the subdivision was annexed.
- R5) Rental Income 51-000-48-00-4820  
 a. This line-item contains rental and lease fees from various cellular and internet antennas on City water towers.

- E1) Administrative Chargeback 51-510-54-00-5401  
a. This line-item represents the cost of Administration and Finance Department staff spending time on utility billing and water projects. The exact breakout of costs is included in the attached administrative chargeback exhibit.
- E2) Water Meter Replacement Program 51-510-54-00-5404  
a. The City needs to replace water meters older than 20 years to accurately capture water usage and revenue. Unaccounted for water loss can be partially attributed to old water meters, and the IDNR requires the City to lower its unaccounted-for water loss when switching to Lake Michigan. Additionally, the City has a patchwork inventory of water meter brands and systems and the staff recommends we move towards an easy-to-use tower-read or drive-by water meter system to lower staff time spent on water meter reading. The City has approximately 7,500 water meters and we propose to replace around 3,500 meters in the next four fiscal years by utilizing an outsourced contractor (approximately 900 meters per year). Exact details will be provided to the Public Works committee when a bidding package can be drafted by staff.
- E3) Building and Grounds Chargeback 51-510-54-00-5453  
a. This line-item contains a small portion of personnel costs for Buildings and Grounds employees as outlined within the chargeback exhibit.
- E4) Water Main Replacement Program 51-510-54-00-5404  
a. The line-item expenditure represents the dollar amount we can fund for water infrastructure as part of the program through FY 27. This line-item was formerly branded as Road to Better Roads, but we recommend changing it this year because a good portion of the projects within are not caused by pavement projects.
- E5) Professional Service 51-510-54-00-5462  
a. This line-item contains costs for normal, annual professional services (~\$55,000), a portion of the cost of the ERP system a leak detection study, and the costs associated with the City's federal and state level lobbyists.
- E6) Water Sourcing - DWC 51-510-60-00-6011  
a. This line-item was previously named "land acquisition" when it contemplated purchase of a property for the Fox River regional water plant. Per the Items to Note section above, we have programmed enough funds to complete a variety of Lake Michigan / DuPage Water Commission (DWC) engineering studies and analyses in FY 23, 24, and 25. The remaining FY 24 through FY 27 expenditures and corresponding revenue increases will be discussed later this year by the City Council.
- E7) Water Tower Rehab 51-510-60-00-6015  
a. This line-item contains repainting the north-central water tower in FY 23 and the south-central water tower in FY 25.
- E8) Well Rehabilitations 51-510-60-00-6022  
a. The City is planning to rehab two wells in FY 23, Well 7 and Well 4.

- E9) Equipment 51-510-60-00-6060  
a. The FY 23 column contains \$30,000 for a bulk water, metered dispenser. This dispenser will be used by contractors and other organizations to easily access and pay for bulk water purchases.
- E10) Route 71 Watermain Relocation 51-510-60-00-6066  
a. This line-item contains the water-related local project costs for the Route 71 expansion project.
- E11) Vehicles (Water Dept) 51-510-60-00-6070  
a. The amount in FY 23 represents two new transit vans (used for JULIE locates and other light-duty work) and one new pickup truck each year thereafter (fully funded replacement schedule).
- E12) Rebuild Downtown Project 51-510-60-00-6073  
a. This line-item assumes the City's Downtown grant application is approved by the DCEO sometime in FY 23 and is then completed over the next two fiscal years.
- E13) Cation Exchange Media Replacement 51-510-60-00-6081  
a. The City's water treatment facilities contain cation exchange units that are necessary to keep potable water within radium compliance. The media (resin) within the units has a useful life and typically needs to be replaced every 10-15 years to remain effective. The City's water treatment plants were all constructed in the mid-2000's and the media are reaching the end of its useful life. Within this line-item, we've budgeted for full replacement of all media Water Treatment Plant 4 in FY 23 and Water Treatment Plant 7 in FY 24. While these systems will not likely be used once the City switches over to Lake Michigan water, the condition of the materials within may need to be replaced to keep the water system within radium compliance before the switch over occurs. The staff will be regularly monitoring and analyzing the necessary replacement dates.
- E14) 2015A Bond Principal 51-510-77-00-8000  
E15) 2015A Bond Interest 51-510-77-00-8050  
a. These two line-items represent the debt service payments associated with the Countryside water main project.
- E16) Transfer to Buildings and Grounds 51-510-99-00-9924  
a. This line-item contains future water fund transfers to cover the debt service payments on the 2023 bond (PW facility).

## **Sewer Fund (52)**

- R1) Federal Grants – CDBG Funds 52-000-41-00-4167  
a. This line-item assumes the City is successful in receiving the sewer extension grant on behalf of Bright Farms.
- R2) Sewer Maintenance Fees 52-000-44-00-4435  
a. The sewer fund has not had a change in sewer rates since FY 2019. To fund the long-term capital, debt service, and developer commitment obligations, an inflationary rate increase is proposed for each year through FY 27. Similar to the water fund, we show a 6% aggregate revenue increase, which we assume will be split between account growth (3%) and an inflationary rate increase of 3%.
- R3) Sewer Infrastructure Fee 52-000-44-00-4440  
a. No change in the sewer infrastructure fee is proposed in FY 23. It is currently \$4 per unit per month through April 2022. The fee will need to be reauthorized in FY 23.
- R4) Transfers from General Fund 52-000-49-00-4901  
This line-item represents the non-home rule sales tax transfers from the general fund, used to offset portions of the 2011/2022 Refunding Bond.
- E1) Buildings and Grounds Chargeback 52-520-54-00-5453  
a. This line-item contains a small portion of contractual and personnel costs for Buildings and Grounds employees, as outlined in the chargeback exhibit.
- E2) Professional Services 52-520-54-00-5462  
a. The increase in this line-item is due to the ERP project.
- E3) Engineering Services 52-520-54-00-5465  
a. The FY 23 column includes the potential study of long-term capital needs and sewer rates, if needed.
- E4) Sewer Main Replacement Program 52-520-60-00-6025  
a. The line-item expenditure represents the dollar amount we can fund for sewer infrastructure as part of the program through FY 27. This line-item was formerly branded as Road to Better Roads, but we've changed it this year to reflect the fact that many of the sewer lining initiatives were unrelated to road construction.
- E5) Equipment (Sewer Dept) 52-520-60-00-6060  
a. The FT 23 column contains a new pipe crawler camera for inspecting sanitary mains. This will provide our staff and residents more immediate access to the sewers when there are issues. Additionally, we can avoid outsourced camera services costs in the amount of \$5,000 to \$10,000 a year currently and will be able to avoid an undetermined but larger one-time cost when we complete the next SSES study.

- E6) Route 71 Expansion 52-520-60-00-6066
  - a. This line-item represents sewer related local project costs for the Route 71 expansion project. We anticipate this project to be complete in FY 23.
- E7) Vehicles 52-520-60-00-6070
  - a. The FY 23 column includes \$100,000 for the new PW bucket truck (partially funded in sewer) and the Director’s pickup truck and plow accessories (partially funded in sewer). The \$90,000 annual expenditure thereafter generally represents 1 or 2 vehicles per year (fully funding long-term vehicle replacement costs).
- E8) Rebuild Downtown Project 52-520-60-00-6073
  - a. This line-item assumes the City’s Downtown grant application is approved by the DCEO sometime in FY 23 and is then completed over the next two fiscal years. All costs within this line-item and fund will be put towards sewer infrastructure within the grant application.
- E9) Sanitary Sewer Improvements 52-520-60-00-6092
  - a. This line-item assumes the City is successful in approving a development agreement with Bright Farms and the project is constructed in FY 23. Of note, the current budget proposal assumes 100% Bright Farm funding of the project, subject to recapture. Any decision by the City Council to contribute towards this project would be addressed through a budget proposal amendment.
- E10) Transfer to Buildings and Grounds 52-520-99-00-9924
  - a. This line-item contains future sewer fund transfers to cover the debt service payments on the 2023 bond (PW facility).

**Land Cash Fund (72)**

As referenced in the introductory sections of this memo, the Land-Cash Fund is generally not useful, and the majority of the Park developments and renovations will be housed in the Parks Capital section of the Vehicle and equipment fund.

**Parks and Recreation Fund (79)**

- R1) Special Events 79-000-44-00-4402
  - a. This line-item represents a normal year of all special events run by the Parks and Recreation staff throughout the year, except for Hometown Days which has its own revenue line-item.
- R2) Child Development 79-000-44-00-4403
  - a. This line-item represents a normal year of a variety of child-focused programs ran by the Parks and Recreation Department, including Preschool and Ready, Set, Go. (2yr. Old Preschool)

- R3) Athletics and Fitness 79-000-44-00-4404
  - a. The increase in this line-item is caused by registration increases due to population growth, decrease in COVID-related hesitancy to participate in programs, and the return and expansion of the Basketball Leagues. This line-item includes all athletic programming including Baseball/Softball Leagues, Soccer Leagues, Basketball Leagues, sports camps and classes, and adult fitness classes held at the Van Emmon Activity Center.
- R4) Rental Income 79-000-48-00-4820
  - a. This line-item includes rental revenue from the leased buildings on Hydraulic in Riverfront Park, and the cell tower lease at Wheaton Woods Park.
- R5) Park Rentals 79-000-48-00-4825
  - a. The revenue generated by this line item is primarily from baseball and soccer field rentals for tournaments, daily field usage and individual park rentals.
- R6) Hometown Days 79-000-48-00-4843
  - a. This line-item represents a normal year of Hometown Days programming.
- R7) Transfer from General Fund 79-000-490-00-4901
  - a. The City Council approved a one-time liquidation of the Parks and Recreation Dept fund balance in FY 21, which caused the decrease in FY 21 and return to historical levels in FY 22.
- E1) Program Supplies (Recreation) 79-795-56-00-5606
  - a. This contains most of the expenses related to the Department running year-round special events, sports leagues, preschool, camps, and recreation program schedule. Expenses include sports league equipment, band fees, signage, preschool curriculum needs etc.

**Countryside TIF Fund (87)**

- R1) Property Taxes 87-000-40-00-4000
  - a. In FY 21, the movie theater paid its sixth full year of property taxes but at a lower amount rate than previous due to a reassessment, which was fully offset by the development of all but one outlot in the development in FY 22. The property taxes generated are moderately exceeding the debt service costs of the original and refinanced TIF bond obligations through FY 25, before turning upside down in FY 26. This TIF expires in FY 29, and the City needs to see the full development and successful operation of the banquet facility and remaining commercial outlot if we hope to eliminate the long-term negative fund equity.

**Downtown TIF Fund (88)**

- R1) Property Taxes 88-880-40-00-4000
  - a. Properties within the TIF have seen modest growth in value, as compared to the City’s conservative revenue projections. With the approval of a couple new redevelopment projects, there is a possibility that revenue growth in this line-item could pick up in future years (although offset by TIF incentives on the expenditure side). As a general reminder, this TIF expires in FY 30.
  
- E1) TIF Incentive Payout 88-880-54-00-5425
  - a. Based on historical payouts, we’ve set the FY 23 figure at ~\$39,000. The FY 24 could be significantly higher if the Williams Group finishes their project in 2023 and other new projects commence. Since there is no little net impact on the budget, we do not address those revenues and expenditures until they are known.
  
- E2) Professional Services 88-880-54-00-5462
  - a. This line item represents any studies or legal services used by the City in relation to TIF projects or incentive agreements.
  
- E3) Project Costs 88-880-60-00-6000
  - a. This line-item is for minor City-initiated projects within the TIF districts.

**Downtown TIF II Fund (89)**

- R1) Property Taxes 89-000-40-00-4000
  - a. Properties within the TIF have seen modest growth in value, plus the Old Jail development was completed in FY 21. The FY 22 column represents the total increment for all properties in Downtown TIF 2. We have estimated inflationary growth in FY 23 and beyond.
  
- E1) Project Costs 89-890-54-00-5425
  - a. The only project receiving TIF incentives as of FY 23 is the old jail redevelopment. The dollar amounts in the columns in the five-year budget proposal reflect the agreement approved by City Council in Summer 2019.
  
- E2) Professional Services 89-890-54-00-5462
  - a. This line-item represents all legal costs incurred during the creation of the TIF.

### **Cash Flow – Surplus (Deficit)**

This section of the budget shows the surpluses and deficits for every fund in the entire budget and can be used to see the City’s “overall budget” performance. The total at the bottom of the column for each fiscal year is the basis for whether the City’s overall budget is running a surplus or deficit.

The FY 22 total projected budget being significantly better than the FY 22 adopted budget surplus is primarily result of bond revenues being deposited in FY 22 and then being used in FY 23, but underlying that cause is extremely strong local and state revenues, receipt of ARPA funds, and tight management control of expenditures in all operating funds. The five-year total budget outlook is significantly improved from last year’s budget proposal, even though the City is proposing to complete a record number of capital projects.

### **Cash Flow – Fund Balance**

This section of the budget is directly related to the “Cash Flow – Surplus (Deficit)” section above. Fund balance, by definition, is the accumulated surplus of the City since its founding, and therefore these amounts represent the approximate amount of projected cash the City should expect to have on hand at the end of each fiscal year.

As we discussed in the big picture narrative, we expect fund balance in the General Fund to stay around 40% through FY 24, although the three TIF district funds will weigh down fund balance to ~30% through FY 24. The Water Fund is stable in the next two years, before temporarily declining in FY 25, and then rebounds sharply in FY 26 and FY 27. However, the City is fully funding its water capital improvement plan on a pay-as-you-go basis – except for the ~\$96,000,000 Lake Michigan water source project, so much of the five-year outlook for this Fund remains to be determined. As discussed earlier in this memo, the Sewer Fund is stable if an inflationary rate increase is imposed – which would allow us to fully fund the sewer capital improvement plan over the next five years.

The total at the bottom of each column represents the City’s overall aggregate fund balance. The past few years has benchmarked severe fiscal problems at \$4M in aggregate fund balance. Fortunately, the booming local housing and retail economy and years of adhering to conservative budget principles have helped the aggregate fund balance along, such that the minimum aggregate fund balance in the five-year budget proposal is \$5.9m in FY 26. While that low point is moderately better than the low point in last year’s five-year budget proposal (\$5.5m in FY 26), the City is funding tens of millions of dollars in new infrastructure, roads, and municipal buildings – and we have yet to address the broader Lake Michigan water source project. In short, the City is in an extremely strong financial position while funding more capital projects than it ever has – which provides us with the flexibility should an economic downturn or similar budget issue present itself.

### **Allocated Items – Aggregated**

This section carries forward from last year, and contains aggregate costs from all departments, including liability insurance, employee health, dental and vision insurance, property taxes, non-abated property taxes, building permit revenue, employee salaries, other capital projects in excess of \$500,000, etc.

## ADMINISTRATION DEPARTMENT

The Administration Department includes both elected official and management expenditures. The executive and legislative branches consist of the Mayor and an eight member City Council. The city administrator is hired by the Mayor with the consent of the City Council. City staff report to the city administrator. It is the role of the city administrator to direct staff in the daily administration of City services.

## COMMUNITY DEVELOPMENT DEPARTMENT

The primary focus of the Community Development Department is to ensure that all existing and new construction is consistent with the overall development goals of the City which entails short and long-range planning, administration of zoning regulations, building permits issuance and code enforcement. The department also provides staff support to the City Council, Plan Commission, Zoning Board of Appeals and Park Board and assists in the review of all development plans proposed within the United City of Yorkville.

## Vehicle and Equipment Fund (25)

This fund was created in Fiscal Year 2014, consolidating the Police Capital, Public Works Capital and Park & Recreation Capital funds. The General Government function was added in Fiscal Year 2019 to account for administrative vehicle and City-wide computer purchases. This fund primarily derives its revenue from monies collected from building permits and development fees, in addition to functional chargebacks. The revenue is primarily used to purchase vehicles and equipment for use in the operations of the Police, General Government, Public Works and Parks & Recreation Departments.

## Debt Service Fund (42)

The Debt Service Fund accumulates monies for payment of the 2014B bonds, which refinanced the 2005A bonds. The 2005A bonds were originally issued to finance road improvement projects.

## Sewer Fund (52)

The Sewer Fund is an enterprise fund which is comprised of both a capital and operational budget. The capital portion is used for improvement and expansion of the sanitary sewer infrastructure while the operational side allows the City to service and maintain sanitary sewer systems.

### Land Cash Fund (72)

Land-Cash funds are dedicated by developers through the contribution ordinance to serve the immediate and future needs of park and recreation of residents in new subdivisions. Land for park development and cash spent on recreational facilities is often matched through grant funding to meet the community’s recreation needs at a lower cost to the City.

## Parks and Recreation Fund (79)

This fund accounts for the daily operations of the Parks and Recreation Department. Programs, classes, special events and maintenance of City wide park land and public facilities make up the day to day operations. Programs and classes consist of a wide variety of options serving children through senior citizens. Special events range from Music Under the Stars to Home Town Days. City wide maintenance consists of over two hundred acres at more than fifty sites including buildings, boulevards, parks, utility locations and natural areas.

## Library Operations Fund (82)

The Yorkville Public Library provides the people of the community, from pre-school through maturity, with access to a collection of books and other materials which will serve their educational, cultural and recreational needs. The Library board and staff strive to provide the community an environment that promotes the love of reading.
