**UNITED CITY OF YORKVILLE
ECONOMIC DEVELOPMENT COMMITTEE
Tuesday, May 3, 2022, 6:00pm
City Council Chambers
800 Game Farm Rd., Yorkville, IL**

Note: In accordance with Public Act 101-0640 and Gubernatorial Disaster Proclamation issued by Governor Pritzker pursuant to the powers vested in the Governor under the Illinois Emergency Management Agency Act, remote attendance was allowed for this meeting to encourage social distancing due to the ongoing Covid-19 pandemic.

In Attendance:

Committee Members

Chairman Jason Peterson/in-person

Alderman Ken Koch/in-person

Alderman Chris Funkhouser/in-person

Absent: Alderman Joe Plocher

Other City Officials

City Administrator Bart Olson/in-person

Assistant City Administrator Erin Willrett/in-person

Community Development Director Krysti Barksdale-Noble/electronic attendance

Senior Planner Jason Engberg/electronic attendance

Code Official Pete Ratos/in-person

Other Guests

City Consultant Lynn Dubajic Kellogg/in-person

Mark Foster, *Kendall County Record*/in-person

The meeting was called to order at 6:00pm by Chairman Jason Peterson.

Citizen Comments None

Minutes for Correction/Approval April 5, 2022

The minutes were approved as presented.

New Business

1. EDC 2022-24 Building Permit Report for March 2022

Mr. Ratos reported 151 permits issued including 28 single-family permits and 15 commercial. This represents \$9 million in construction value. He said many of the permits were issued for Raintree Village.

2. EDC 2022-25 Building Inspection Report for March 2022

There were 767 inspections in March with 201 outsourced and 566 done in-house. Mr. Ratos said he did several inspections for Kendall County.

3. EDC 2022-26 Property Maintenance Report for March 2022

There was one case heard in March which involved motor vehicles on property and it was dismissed since the cars were removed. Other cases were responded to, however, only one citation was necessary.

4. EDC 2022-27 Economic Development Report for April 2022

Ms. Dubajic Kellogg reported that Noodles, Gerber Collision and Glass, Chipotle, Belle Tire and Iconic Coffee will be coming to Yorkville and Pet Supplies Plus will be remodeled. The Williams Group has their space 100% leased. Second Chance Cardio has moved and the We Grow Kids has sold their building to the school district. Dakotas will be moving into the Butcher Block space.

5. EDC 2022-28 Microbrewery/Brewpub/Microwinery Zoning Code Text Amendment

Mr. Engberg said this is a staff text amendment. The liquor license code was earlier amended and placed several breweries in the same class for liquor code licenses. Staff proposed changes to better align with the zoning ordinance and the liquor license code. Mr. Engberg discussed the primary changes and said they include a limit of 50,000 gallons of wine per year which matches the state statute. The changes also remove any requirements that the facility must be ancillary to a restaurant. He said this matter will go to Public Hearing at the Planning and Zoning Commission next week.

Alderman Funkhouser asked if there is a definition for “hand-capped” and said he interpreted it as a manual sealing of bottles. It was decided that the word “sealed” should be used instead. Chairman Peterson asked what the state statute said and if this amendment will make it easier for businesses to start. There is no quantity limit for licenses for the 3 categories and the process will be monitored by the state. It was stated that mead is a type of wine, rather than beer.

6. EDC 2022-29 Future Land Use Change – South Eldamain Corridor Properties

Mr. Engberg said last year the city had discussions with the county about changing future land uses on Eldamain and Highpoint Rd. Much of the city uses were for residential while the county uses were mixed use business. The east side of Eldamain is within the city limits and Plano has the west side. In the Comp Plan, the city focused on the unfinished subdivisions and the county reached out to property owners of some of the farm land. One owner preferred mixed use business, while others preferred to wait to state a preference. Kendall County took this information to their Planning Board and ZBA. Mr. Engberg is seeking comments from the committee and staff will continue to look at the area trends. This item will proceed to PZC in June. Chairman Peterson asked for further landowner feedback from the county. Staff will also re-evaluate potential uses when the city updates the Comp Plan.

Old Business:

1. EDC 2020-32 Urban Chickens

This was discussed last year and was placed on the agenda at Alderman Funkhouser's request since a handful of residents have continued interest. No action was taken when it was last discussed and he hopes it can move forward. Chairman Peterson said that most subdivision HOA's do not allow chickens. Alderman Funkhouser noted that a survey of 28 HOA's, showed a split on allowing vs. not allowing. Alderman Koch noted that he is

aware of 2 subdivisions that would put restrictions in place if chickens were allowed by ordinance. Possible problems include dogs chasing chickens, smell, noise, and others. Chairman Peterson shared some of the comments he has received from residents. The committee talked about some of the restrictions that would be put in place if chickens were to be allowed such as solid fencing, limit on number of chickens, lot size, setbacks, etc. Alderman Funkhouser said he wishes to re-address the lot size and setbacks and also does not want chickens on multi-tenant building lots.

Staff was asked to look at size lots – 8,000 to 10,000 sq. ft., maximum number of chickens, language about fencing/other enclosure and other restrictions. Alderman Funkhouser asked for a map of lot sizes which staff will compile for next month.

Additional Business: None

There was no further business and the meeting adjourned at 6:46pm.

Monthly Report – for June 2022 EDC Meeting of the United City of Yorkville

May 2022 Activity New Development:

- **O'Neil Property Group:** This Yorkville business purchased the building at 201 E. Veterans Parkway on May 13, 2022. They have relocated their real estate office into this building, moving from a small office space on Van Emmon Street. The new building also offers office rentals for other businesses. Congratulation to Kaelan O'Neil, another YHS graduate, who has established and is growing his business in Yorkville.
- **Renew Therapy:** Eileen O'Neil (Kaelan's wife) is opening her business office at 201 E. Veterans Parkway in June 2022. Renew Therapy offers in-person and virtual therapy for all ages, to those struggling with issues such as anxiety, depression, life changes and stress.
- **Little Fox Clubhouse:** Yorkville resident Aizabelle Manuel, will be opening an indoor children's playground at 2645 N. Bridge Street (River North Center). She will use the 2,400 square foot to create a space for kids to play and also parties to be held. Entrance to "Clubhouse" can be purchased by the day, by purchasing a punch card for multiple play days, and there is also an option for a monthly membership, which offers unlimited pay dates. Aizabelle hopes to be open in August of 2022.
- **Sound Decision Inc:** Mike & Amara Fata are purchasing the building at 123 Hydraulic in downtown Yorkville. They are moving their business **Sound Decision Unlimited** into the building immediately. This business builds and installs all type of electronics for autos, motorcycles, boats and homes.
- **Yorkville Crossing: A/K/A Menard's Center: Belle Tire**, previously reported, construction has begun...opening in late 2022.
- **Yorkville Crossing: A/K/A Menard's Center: Multi-Tenant building: Noodles & Co**, Permits issued. Construction beginning.
- **Yorkville Crossing: A/K/A Menard's Center: Multi-Tenant building: Pets Supply Plus**, Remodeling will begin in the near future.
- **Gerber Collison & Glass**, previously reported. Architect, and civil are working on plans. They are planning to open in 2023.
- **BP and Graham's Marketplace.** Gasoline service station with convenience store located at the northeast corner of Route 47 & Route 71. Previously reported... opening in late 2022. They have applied for rezoning, and special use.
- **Chipotle Mexican Grill:** Permit has been issued. Demo and rebuild will begin shortly. Opening targeted for end of 2022.
- **Caring Hands Thrift Shop:** 4,000 square foot business expansion. The store will remain open during the construction. The project will be completed in summer 2022.
- **The Williams Group: Former Investor Tools.** Purchase complete and redevelopment continues. All space has been leased.
- **Second Chance Cardiac Solutions** – This Yorkville business will be relocating from their existing location on Garden Street to the office space in the Williams Group building, in June 2022.
- **Iconic Coffee Shop-** Yorkville resident, Laura Intrain, will open this new café in 750 square feet at 109 S. Bridge (The Williams Group). She is focusing on opening summer 2022, and will serve coffee, teas, espresso, baked goods, and snack bites.
- **Fox's Den Meadery:** Yorkville resident, Enrico "Rico" Bianchi, is preparing the space at in the 101 S. Bridge, redevelopment (The Williams Group). They will occupy 1,116 square feet on the first floor and 2,000 square feet in the basement. This business will make "Mead Wine". It is considered a micro-winery. Anticipated opening is late summer of 2022.
- **Dakotas** – New restaurant located at 227 Heustis Street, opened May 28, 2022.
- **Craft'd**– Barry Michael and Cory Knowles, restaurant industry veterans with a combined 50+ years of experience, are excited about purchasing the former property Millhurst Ale House. They will be remodeling the space and plan to open in the fall of 2022.
- **Continue working with a variety of other potential business owners.** There are a variety of parties doing due diligence on space to lease and buildings and land to purchase. Information will be forthcoming.
- Attended **ICSC RECON** Conference in Las Vegas from May 21st to May 25st.

Respectfully submitted,

Monthly Report – for July 2022 EDC Meeting of the United City of Yorkville

June 2022 Activity New Development:

- **Kendall Crossing: Burnt Barrel Social**, is building a 560 square foot addition onto their existing dining room. This will create additional regular seating and can be used as a small private dining area. It is expected to open at the end of 2022.
- **Kendall Crossing: Station One Smokehouse** is coming to Yorkville. The family-owned, family-friendly, central Texas-style barbecue restaurant will open at Kendall Crossing Center at the northwest corner of Route 34 and Route 47. It will be built on the remaining one-acre lot. The single user building will be approximately 4,800 square feet in size. Co-owner and head chef Brad Hudetz and his partner, brother Justin Hudetz, are eager to open their second location in Yorkville. They currently own and operate the first Station One Smokehouse in downtown Plainfield, which they opened in December of 2018. Station One Smokehouse will offer fast-casual service with both dine-in and carry out options, and a full bar. The menu will feature a variety of meats, sandwiches, homemade sides and sauces, and desserts. Customers can visit a carving station to have their meats sliced and served. They will also offer a catering menu and outdoor dining. The new restaurant will also feature a wood-burning smoker and BBQ smoker with, "No gas. No electricity. All wood and hard work." Construction on the building will begin shortly. The opening will take place late in late 2022. You can learn more about award winning Station One Smokehouse at www.stationonesmokehouse.com
- **Cannonball Run: Agama Designs Architecture**, opened their office at 664 W. Veterans Parkway, Unit A. They offer full service architectural services, for both residential and commercial projects. They actually worked on Martini Banquet Hall.
- **Little Fox Clubhouse**: Yorkville resident Aizabelle Manuel, will be opening an indoor children's playground at 2645 N. Bridge Street (River North Center). She will use the 2,400 square foot to create a space for kids to play and also parties to be held. Entrance to "Clubhouse" can be purchased by the day, by purchasing a punch card for multiple play days, and there is also an option for a monthly membership, which offers unlimited pay dates. Aizabelle hopes to be open in August of 2022.

Agenda Item Summary Memo

Title: PZC 2022-15 Heads or Tails Dog Grooming (Special Use)

Meeting and Date: Economic Development Committee – July 5, 2022

Synopsis: Proposed special use for pet grooming services at 181 Wolf Street

Council Action Previously Taken:

Date of Action: _____ Action Taken: _____

Item Number: _____

Type of Vote Required: Majority

Council Action Requested: Vote

Submitted by: Jason Engberg Community Development
Name Department

Agenda Item Notes:

Memorandum

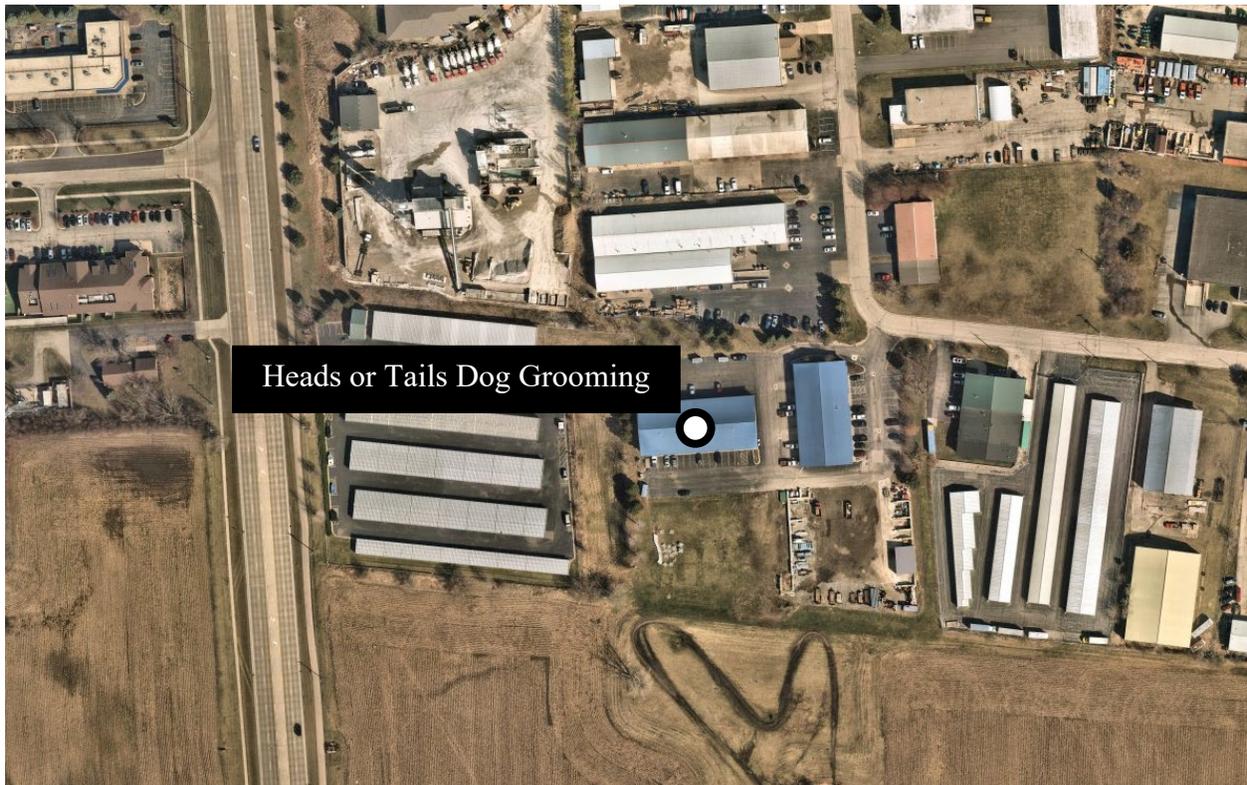

To: Economic Development Committee
From: Jason Engberg, Senior Planner
CC: Bart Olson, City Administrator
Krysti Barksdale-Noble, Community Development Director
Date: June 29, 2022
Subject: **PZC 2022-15 Heads or Tails Dog Grooming and Technical School
(Special Use)**

SUMMARY:

The petitioner, Kelly Helland, on behalf of David and Kathryn Penna, has filed an application requesting special use authorization for a commercial/trade school providing dog grooming services and care clinics within the M-1 Limited Manufacturing District. The property is located at 181 Wolf Street, Unit C, Yorkville, Illinois which is part of the Fox Industrial Park south of the Route 47 and Route 126 intersection.

PROPERTY INFORMATION:

The property is currently improved with a single-story metal structure containing 6 separate units. It shares vehicle access and is adjacent to another single-story metal structure to the east which is currently being utilized by the Yorkville Parks and Recreation Department. The Department uses the adjacent structure for office use and vehicle maintenance as well as loading and unloading materials for the parks. Both of these structures and the surrounding area are part of the Fox Industrial Park.

The subject property is currently zoned as M-1 Limited Manufacturing District. The following are the current immediate surrounding zoning and land uses:

	Zoning	Land Use
North	M-1 Limited Manufacturing District	Warehouse/Manufacturing
East	M-1 Limited Manufacturing District	Warehouse/Manufacturing (Parks and Recreation Facility)
South	M-1 Limited Manufacturing District	Farmland
West	M-1 Limited Manufacturing District	Warehouse/Manufacturing

PROJECT DESCRIPTION:

The business, Heads or Tails Dog Grooming, is currently operating within a unit in the building. In January 2022, the business owners received a commercial occupancy building permit for the land use as a commercial/technical school. There was a staff error on its issuance, as this land use is a special use in the M-1 Limited Manufacturing District and is not outright permitted. To correct this, the petitioner has now applied for the special use authorization for the business.

Land Use

The petitioner is seeking special use authorization within the M-1 Limited Manufacturing District for a Commercial/Trade School providing dog grooming services and care clinics. This land use is a permitted special use as stated in Table 10.06.03 of the Yorkville Zoning Ordinance and defines it as follows:

“Commercial school, trade school: A school established to provide for the teaching of industrial, clerical, managerial, artistic skills or alternative education. This definition applies to schools that are owned and operated privately for profit or not for profit. Such schools may not contain an auditorium, gymnasium, or any other sort of recreational facilities.”

The petitioner has provided a summary of their business operations with their application (attached). While the petitioner has provided this summary and illustrated the floor plan layout of the current dog grooming business, it does not detail many aspects of the school. At the June 9, 2022 Plan Council meeting, staff requested additional information regarding the school operations and the petitioner stated that the land use was more of a commercial service than school. They are moving forward with the process as they want to stay at this location and have requested that the City amend the zoning ordinance to allow dog grooming businesses as special uses within the M-1 Zoning District.

Bulk Regulations

The petitioner has only conducted interior renovations and does not plan to add any additional outside structures. The submitted aerial does illustrate that the existing structure meets all of the bulk regulations within the M-1 zoning district including setbacks, height, and lot coverage.

Parking

There are currently 16 striped parking spaces including a single handicapped space located at the front of the front of the building that all six (6) tenants share. Section 10-16-3 of the zoning ordinance does not specify the number of parking stalls for commercial/trade schools. Therefore, as stated in the ordinance, the Zoning Administrator shall assign the development use category which most resembles the land use which in this case is a commercial service. This use requires 3 spaces per 1,000 square feet of floor area. As described by the layout submitted in Exhibit C and verified through GIS measurements, the floor area of this unit is 1,500 square feet. This requires a total of 5 parking spaces, as the 4.5 required is rounded up to the nearest whole number.

Additionally, Section 10-16-4-A-1 states that shared parking between uses is permitted when vehicles accumulate at different times, either by hours, days, or seasons. Section 10-16-4-C-3 of the zoning ordinance requires that a legal document between owners outlining the shared parking requirements be provided to the City. Each unit in the structure is owned separately, but the entire parking lot is owned by a single owner. The petitioner will verify with the owner of the parking lot that they are providing adequate parking for each use adjacent to their parking lot.

Signage

There is a single building mounted sign located on the structure. While this sign appears to meet all zoning standards in Section 10-20, there is no record of a sign permit application on file. The petitioner has been made aware that the sign requires a building permit to keep their building mounted signage.

ZONING REQUEST:

Since the land use is defined as a type of commercial service, the petitioner may not request a special use as a commercial school. The petitioner has requested that the City amend the zoning ordinance to permit dog grooming businesses as a special use within the M-1 Zoning District and would like to alter their submission to request special use authorization under this land use if a text amendment is adopted. The impacts of a potential text amendment permitting dog grooming services as a special use within the M-1 Zoning District needs to be evaluated for the overall effect it may have on other industrial areas within the community as well as this specific site.

POTENTIAL CITYWIDE IMPACTS:

The purpose of designating separate zoning districts within a municipality is to separate dissimilar uses in order to promote and protect the public health, safety, morals, comfort and general welfare of the people. Additionally, the separation of land uses is meant to protect the character and the stability of the residential, business and manufacturing areas within the City and to promote the orderly and beneficial development of such areas.

Commercial land uses and industrial uses are typically separated from each other as they provide different services and goods to the community. Commercial businesses may include retail stores, services, and office uses which provide residents and visitors a variety of goods and generate higher than average traffic counts throughout the day and night. Industrial uses are typically more employment focused and concentrate on more intense business to business services. Traffic is typically generated at the beginning and end of work shifts and these zones support the access to larger vehicles like semi-trucks.

While these zoning districts help separate incompatible land uses, there are opportunities where commercial businesses may fit and complement an industrial district use. For reference, the table below details the existing commercial uses which are allowed within the M-1 Limited Manufacturing District in Yorkville:

Commercial Uses Permitted in the M-1 District	Commercial Uses as Special Use in the M-1 District
Art Gallery, Automobile Repair, Brewery, Car Wash, Carpet and Rug Cleaning, Health and Fitness Center, Heavy Machinery and Equipment Rental, Repair of Household or Office Machinery or Equipment, Semi-truck Repair, Tattoo and Body Piercing Establishment,	Adult Daycare Facility, Adult Uses, Amphitheater, Amusement Park, Bakery (Retail), Boat Storage, Commercial School, Daycare Facility and Preschool, Gas Station, Indoor Shooting Range, Outdoor Music Venue, Public Storage Facility, Retail Store including Pharmacy/Drug Store, Tavern, Nightclub or Lounge

The outright permitted commercial uses within the M-1 Limited Manufacturing district tend to have lower or infrequent or peak traffic generation, such as Health and Fitness Centers, or can directly support an industrial use like Repair of Household or Office Machinery or Equipment. The uses that are permitted as a special use are typically unique cases which need to prove they will not be detrimental to the area. The public hearing process gives the City an opportunity to review if the uses are compatible and meet the purpose of the zoning ordinance.

Whether pet grooming services should be permitted as a special use within the M-1 Limited Manufacturing District, it must be determined if it can be a complimentary use to the existing industrial areas within the City and protect the character and stability of those areas. The table below outlines some of the potential positive and negative impacts to the surrounding land uses a pet grooming service may have in the M-1 District to consider:

Potential Positive Outcomes	Potential Negative Outcomes
<ul style="list-style-type: none"> • Reduction in vacancies • Produces sales tax in a location that otherwise would not • Can provide a service to nearby employers and their employees 	<ul style="list-style-type: none"> • Increase in pedestrian and pet traffic may never be compatible in industrial areas • Increase of commercial services within the existing industrial districts could create a dichotomy between commercial, passenger and industrial vehicles and create unsafe situations • The Heads or Tails Dog Grooming is a low intensity business, but other dog grooming businesses may have a more intensive operation and would be allowed to apply for special use authorization

In terms of how other nearby communities handle pet grooming services in manufacturing or industrial districts, please see the breakdown in the table below:

Municipality	Permitted in Industrial District?	Additional Language
Oswego	Special Use (M-1)	Any use permitted in the B-3 Business District, provided the Performance Standards can be met in their entirety. Pet Shop.
Montgomery	Special Use (M-1)	Defined as a Personal Service Establishment
Plainfield	Not Permitted (I-1, I-2)	Defined as Animal Grooming Sales and Services
Plano	Not Permitted (M-1, M-2, M-3)	Not listed in use list for manufacturing districts
Sugar Grove	Special Use (BPD)	Is a special use in the Business Park District but not in the Industrial Districts
Aurora	Permitted (M-1, M-2)	Defined as pet and animal sales or service

Staff reached out to the planners at the communities that permit these uses to see if there have been any reported negative consequences to their allowance. None could verify any specific details or complaints they have had regarding pet services in an industrial district.

POTENTIAL SITE-SPECIFIC IMPACTS:

While there is an overarching evaluation that needs to be conducted prior to a text amendment, the impact the Head or Tails Dog Grooming business has at this location may also be reviewed. The petitioner has submitted their business summary (attached) which illustrates a low intensity pet care service. To determine if this use is complementary to the district and this specific area of Yorkville, the petitioner must prove that it meets the standards for a special use stated in Section 10-4-9 of the zoning ordinance:

1. The establishment, maintenance or operation of the special use will not be unreasonably detrimental to or endanger the public health, safety, morals, comfort or general welfare.
2. The special use will not be injurious to the use and enjoyment of other property in the immediate vicinity for the purpose already permitted, nor substantially diminish and impair property values within or near the neighborhood in which it is to be located.
3. The establishment of the special use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district.
4. Adequate utilities, access roads, drainage or other necessary facilities have been or are being provided.
5. Adequate measures have been or will be taken to provide ingress or egress so designed as to minimize traffic congestion in the public streets.
6. The proposed special use is not contrary to the objectives of the official comprehensive plan of the City as amended.

Since the business has been operating at this location since January 2022, there have been several issues which have risen that do not meet the above standards.

Safety Concerns

As stated previously, the business is located within a multi-tenant building and shares a single vehicle ingress/egress point along Wolf Street with the Parks and Recreation Department facility to the east. The Parks Department utilizes this site to maintain their larger vehicles and for loading and unloading outdoor materials. It is a very active site which sees large scale vehicles traversing the area throughout the early morning into the afternoon.

Staff members from the Parks Department have reported several incidents where patrons cannot find the location of the business and end up wandering around the area searching for the entrance. This causes pedestrian traffic with leashed pets interacting with larger vehicles. The staff is concerned about the safety issues with this interaction and fears that an accident is bound to happen at some point.

The petitioner has stated that their regular customers now know the location of the business and that the number of people per hour visiting the site is low. While the business's website indicates their location, as of June 29, 2022, staff was not able to find on the website where there is language stating how to navigate the parking lot safely.

This situation conflicts with the first special use standard as the use may be unreasonably detrimental to or endanger the public health and safety of those utilizing the site.

Comprehensive Plan

The 2016 Comprehensive Plan designates this area for General Industrial (GI) uses. This land use is designed for small to large scale industrial uses that are wholly contained in a building and do not generate noticeable external effects. The proposed business is more aligned with the Destination Commercial (DC) use category as it is a low-scaled auto-oriented commercial use. DC uses are planned to be typically located along Illinois Route 47 or Veterans Parkway and provide high quality site design and landscaping.

While it is true that this land use contains features more aligned to the DC category, a case by case review may be conducted to determine if it meets the overall future land use goals of the community. As stated previously, there are several commercial business uses permitted within the City's manufacturing districts that, due to their unique characteristics, are consistent with the areas overall industrial uses and help maintain that character. It must be determined whether or not this dog grooming business maintains the character of the area as a general industrial and is not contrary to the Comprehensive Plan's objectives as stated in the sixth special use standard.

STAFF COMMENTS:

After the petitioner submitted their application and materials, Community Development staff requested additional information regarding the activities of the business to ensure that it meets the definition of the commercial/trade school. Since the petitioner stated that it is not a school but a commercial service, **staff cannot recommend special use authorization for a commercial/trade school in this district.** If not supported by staff or the City Council as a commercial/trade school, the petitioner seeks consideration to allow dog grooming services be permitted as a special use in the M-1 Limited Manufacturing District.

Text Amendment

As provided in this memorandum, staff has outlined the impacts a text amendment allowing animal and pet grooming services may have on the community as a whole. **Community Development staff is seeking input from the Economic Development Committee to determine if the City would like to pursue this text amendment request.**

Heads or Tails Dog Grooming as a Special Use

The Parks and Recreation Department has provided comments and concerns with this specific use at this site and **does not support** its continuation. The following are major concerns provide by the department:

1. The heavy amount of truck traffic at this active site and the increase in pedestrian traffic may cause a serious accident.
2. Customers are walking their dogs on City property and entering areas that are not safe for pedestrians or their pets.
3. If the Parks Department ever wants to expand at this location, it will lead to more traffic and staff utilizing this site and increase the chance for an accident.
4. While the business is currently a low intensity, there are no guarantees that it will not grow more intense over time.

Community Development staff agrees with the Parks Department that this location is not suited well for this business and conflicts with several special use standards. At the June 9th Plan Council meeting, staff recommended additional wayfinding signage to help alleviate the issues of pedestrians traversing the site. Unfortunately, these solutions were not supported by the Parks Department staff as they believe it would have a minimal impact on the actual traffic generated on site and remain a safety issue.

Staff is seeking input from the Economic Development Committee regarding the Head or Tails Dog Grooming business as a special use at its current location. A tentative public hearing date has been scheduled in front of the Planning and Zoning Commission on August 10, 2022 but it will be dependent on the comments and direction given at the Economic Development Committee meeting.

Re: 181 Wolf St., Unit C, Yorkville, IL
Heds or Tails Dog Grooming and Tech School

Dear Ms. Barksdale-Noble:

Enclosed please find a copy of the Special Use Application for the above referenced matter. Additionally, the Petitioners would request that the United City of Yorkville amend the M-1 Zoning Ordinance to allow a dog/pet grooming business as a Special Use in the M-1 District.

Please let me know if the City is willing to review the same.

Very truly yours,

Kelly A. Helland

APPLICATION FOR SPECIAL USE

INTENT AND PURPOSE

The purpose of the zoning code is based upon the authority of the City to divide its land into districts by use, bulk, and structures, in a substantially uniform manner. It is recognized that while some uses are permitted under the zoning code to keep uniformity, a case-by-case analysis must be conducted for certain permitted uses to discover the impact of those uses on neighboring land. In these cases a special use must be granted.

This packet explains the process to successfully submit and complete an Application for Special Use. It includes a detailed description of the process, outlines required submittal materials, and contains the application for special use.

For a complete explanation of what is legally required throughout the Special Use process, please refer to "Title 10, Chapter 4, Section 9: Special Uses" of the Yorkville, Illinois City Code.

APPLICATION PROCEDURE

STEP

1

APPLICATION SUBMITTAL

SUBMIT APPLICATION, FEES, AND PLANS TO THE COMMUNITY DEVELOPMENT DEPT.

The following must be submitted:

- One (1) original signed and notarized application.
- Legal description of the property in Microsoft Word.
- Three (3) copies each of the exhibits, proposed drawings, location map, and site plan. All exhibits and plans must be an appropriate size for all details and descriptions to be legible.
- Appropriate application and filing fee. Checks may be written to the United City of Yorkville.
- Signed Applicant Deposit Account/Acknowledgment of Financial Responsibility form.
- One (1) electronic copy (PDF) of all materials submitted including application and exhibits.

Within one (1) week of submittal, the Community Development Department will determine if the application is complete or if additional information is needed. An incomplete submittal could delay the scheduling of the project.

The petitioner is responsible for payment of recording fees and public hearing costs, including written transcripts of the public hearing and outside consultant costs (i.e. legal review, land planner, zoning coordinator, environmental, etc.). The petitioner will be required to establish a deposit account with the City to cover these fees.

Once a submitted and complete, Community Development staff will provide a tentative schedule of meetings as well as all needed documents for the process.

STEP

2

PLAN COUNCIL

MEETS ON THE 2ND & 4TH THURSDAY OF THE MONTH

The petitioner must present the proposed request to the Plan Council. The members of the Council include the Community Development Director, City Engineer, the Building Department Official, the Public Works Director, the Director of Parks and Recreation, a Fire Department Representative, and a Police Department Representative. This meeting is held to provide the petitioner with guidance from all City staff departments to ensure the petitioner is aware of all requirements and regulations for their development. Upon recommendation by the Plan Council, the petitioner will move forward to the Economic Development Committee.

United City of Yorkville
 800 Game Farm Road
 Yorkville, Illinois, 60560
 Telephone: 630-553-4350
 Fax: 630-553-7575
 Website: www.yorkville.il.us

APPLICATION FOR SPECIAL USE

STEP 3
ECONOMIC DEVELOPMENT COMMITTEE

MEETS ON THE 1ST TUESDAY OF THE MONTH

The petitioner must present the proposed plan to the Economic Development Committee. The committee consists of four alderman who will provide feedback to the petitioner regarding their request. This feedback allows the petitioner to gather comments and concerns prior to full City Council considerations. It also allows the City Council members to review the request prior to its arrival at City Council.

STEP 4
PLANNING & ZONING COMMISSION

MEETS ON THE 2ND WEDNESDAY OF THE MONTH

The petitioner will attend and present their request at a public hearing conducted by the Planning and Zoning Commission. The Planning and Zoning Commission will conduct a public hearing on the request, take public comments, discuss the request, and make a recommendation to City Council. No special use shall be recommended by the Planning and Zoning Commission unless it follows the standards set forth in City's Zoning Ordinance.

The petitioner is responsible for sending certified public hearing notices to adjacent property owners within five hundred (500) feet of the subject property no less than fifteen (15) days and no more than thirty (30) days prior to the public hearing date. The public hearing notice will be drafted by the City as well as published in a local newspaper. Additionally, a public hearing notice sign must be placed on the property no less than fifteen (15) days prior to the public hearing.

A certified affidavit must be filed by the petitioner with the Community Development Department containing the names, addresses and permanent parcel numbers of all parties that were notified. The Certified Mailing Affidavit form is attached to this document.

STEP 5
CITY COUNCIL

MEETS ON THE 2ND & 4TH TUESDAY OF THE MONTH

The petitioner will attend the City Council meeting where the recommendation of the special use will be considered. City Council will make the final approval of the special use. If approved, City staff will have a drafted ordinance to be signed by the Council and must be recorded with the County Clerk before any further steps may be taken by the petitioner.

SUMMARY OF RESPONSIBILITIES

Below is a summary breakdown of what will be required by the petitioner and what will be completed by the City:

- PETITIONER**
- Signed and Notarized Application
 - Required Plans, Exhibits, and Fees
 - Certified Mailing of Public Notice
 - Signed Certified Affidavit of Mailings
 - Attendance at All Meetings

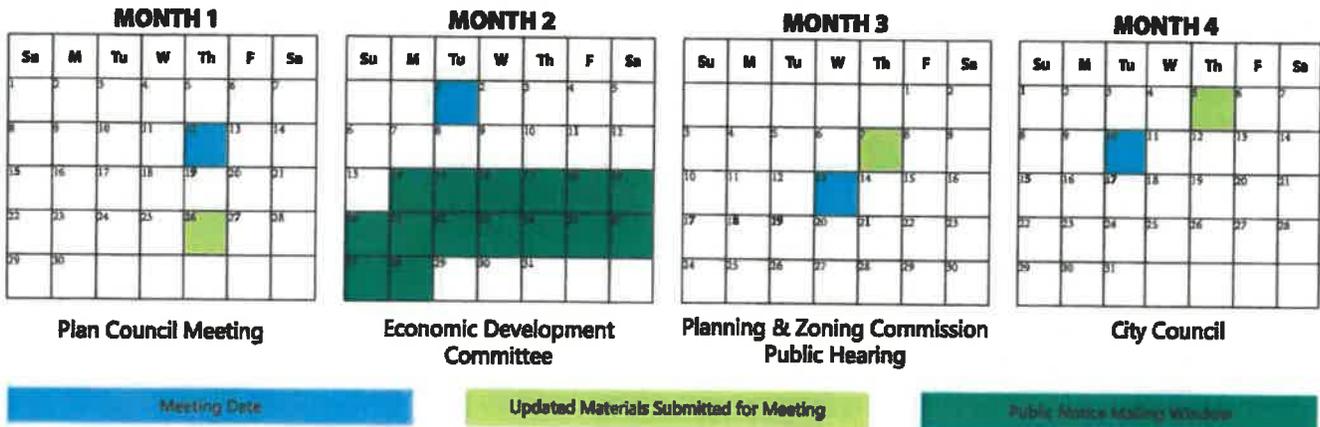

- CITY STAFF**
- Detailed Schedule After Complete Submission
 - Public Hearing Notice Language
 - Posting of the Public Notice in a Local Newspaper
 - Public Hearing Sign Application
 - Draft Ordinance & Signatures for Recording

 Fax: 630-553-7575
 Website: www.yorkville.il.us

APPLICATION FOR SPECIAL USE

SAMPLE MEETING SCHEDULE

This is a sample of what a schedule may look like after submission. The Step 1 Submission must be completed before the Plan Council Meeting can be scheduled. This timeline represents an ideal schedule. Throughout the review process, there may be requests or changes to the submission requested by the committees which may delay the meeting schedule. As illustrated, there is a small amount of time between meeting dates and the deadline for updated materials to be submitted for review. Depending on the complexity and nature of the request, this timeline may be extended to give the petitioner and staff enough time to review requested updates to the submission.

DORMANT APPLICATIONS

The Community Development Director shall determine if an application meets or fails to meet the submission requirements. If the Director determines that the application is incomplete it will become dormant under these circumstances:

- The applicant has been notified of such deficiencies and has not responded or provided a time line for completing the application within ninety (90) days from the time of notification.
- The applicant has not responded in writing to a request for information or documentation from the initial planning and zoning commission review within six (6) months from the date of that request.
- The applicant has not responded to a request for legal or engineering deposit replenishment for city incurred costs and fees within ninety (90) days from the date of the request.

If the Community Development Director has sent the required notice and the applicant has not withdrawn their application or brought it into compliance, then the director shall terminate the application. After termination, the application shall not be reconsidered except after the filing of a completely new application.

Withdrawal or termination of an application shall not affect the applicant's responsibility for payment of any costs and fees, or any other outstanding debt owed to the city. The balance of any funds deposited with the city that is not needed to pay for costs and fees shall be returned to the applicant. (Ord. 2011-34, 7-26-2011)

APPLICATION FOR SPECIAL USE

SPECIAL USE STANDARDS

PLEASE STATE HOW THE ESTABLISHMENT, MAINTENANCE OR OPERATION OF THE SPECIAL USE WILL NOT BE UNREASONABLY DETRIMENTAL TO OR ENDANGER THE PUBLIC HEALTH, SAFETY, MORALS, COMFORT OR GENERAL WELFARE:

The business operation will not be detrimental to the public health, safety, morals, comfort or general welfare as the services are conducted inside of the facility and scheduled by appointment only. The maximum number of dogs that can be groomed in one day by each employee is 10-12. The average grooming appointments per day is 5-6. Since the business operates by appointment only there are not individuals waiting outside of the facility as is the case with several veterinarian offices within the City. All classes will be conducted after normal business hours thereby minimizing any effect on the community.

PLEASE STATE HOW THE SPECIAL USE WILL NOT BE INJURIOUS TO THE USE AND ENJOYMENT OF OTHER PROPERTY IN THE IMMEDIATE VICINITY FOR THE PURPOSE ALREADY PERMITTED, NOR SUBSTANTIALLY DIMINISH AND IMPAIR PROPERTY VALUES WITHIN THE NEIGHBORHOOD:

The business operation and classes will not be injurious to the use and enjoyment of other properties in the immediate vicinity nor diminish or impair property values as all operations are conducted inside of the facility and by appointment only. All classes will be conducted after normal business hours thereby minimizing any effect on the surrounding businesses.

PLEASE STATE HOW THE ESTABLISHMENT OF THE SPECIAL USE WILL NOT IMPEDE THE NORMAL AND ORDERLY DEVELOPMENT AND IMPROVEMENT OF SURROUNDING PROPERTY FOR USES PERMITTED IN THE DISTRICT:

The surrounding properties are fully developed within the Fox Industrial Park. Allowing a grooming and technical school to operate in the industrial condo will have no impact on the development of the Industrial Park. There are more intense uses/businesses within the Fox Industrial Park i.e. concrete plant, food pantry, self storage and heavy equipment/construction companies.

PLEASE STATE HOW ADEQUATE UTILITIES, ACCESS ROADS, DRAINAGE OR OTHER NECESSARY FACILITIES HAVE BEEN OR ARE BEING PROVIDED:

As there are only scheduled appointments and a maximum of two employees at one time there is adequate parking for the two employee (who can park in the front and the back) and customers to drop off and pick up. As it is an existing building and the Fox Industrial Park is basically fully developed there is no impact on utilities/drainage and roads.

All classes will be conducted after normal business hours so there is adequate parking.

United City of Yorkville
 800 Game Farm Road
 Yorkville, Illinois, 60560
 Telephone: 630-553-4350
 Fax: 630-553-7575
 Website: www.yorkville.il.us

APPLICATION FOR SPECIAL USE

SPECIAL USE STANDARDS

PLEASE STATE HOW ADEQUATE MEASURES HAVE BEEN OR WILL BE TAKEN TO PROVIDE INGRESS OR EGRESS SO DESIGNED AS TO MINIMIZE TRAFFIC CONGESTION IN THE PUBLIC STREETS:

The owners and employees have educated their customers on the location in person and provided directions on their website on the entrance and exiting the facility.

PLEASE STATE HOW THE SPECIAL USE SHALL IN ALL OTHER RESPECTS CONFORM TO THE APPLICABLE REGULATIONS OF THE DISTRICT IN WHICH IT IS LOCATED, EXCEPT AS SUCH REGULATIONS MAY IN EACH INSTANCE BE MODIFIED BY THE CITY COUNCIL PURSUANT TO THE RECOMMENDATIONS OF THE PLANNING AND ZONING COMMISSION:

The Petitioners would request the City of Yorkville amend the M-1 Zoning Code to include a dog grooming business as a special use. The Petitioners are offering grooming/bathing and nail trimming classes at the facility. Schools are a Special Use in the M-1 District and therefore necessitate an approval to operate. The Petitioners will conform with the balance of the regulations contained in the City Code.

AGREEMENT

I VERIFY THAT ALL THE INFORMATION IN THIS APPLICATION IS TRUE TO THE BEST OF MY KNOWLEDGE. I UNDERSTAND AND ACCEPT ALL REQUIREMENTS AND FEES AS OUTLINED AS WELL AS ANY INCURRED ADMINISTRATIVE AND PLANNING CONSULTANT FEES WHICH MUST BE CURRENT BEFORE THIS PROJECT CAN PROCEED TO THE NEXT SCHEDULED COMMITTEE MEETING.

I UNDERSTAND ALL OF THE INFORMATION PRESENTED IN THIS DOCUMENT AND UNDERSTAND THAT IF AN APPLICATION BECOMES DORMANT IT IS THROUGH MY OWN FAULT AND I MUST THEREFORE FOLLOW THE REQUIREMENTS OUTLINED ABOVE.

APPLICANT DEPOSIT ACCOUNT/ ACKNOWLEDGMENT OF FINANCIAL RESPONSIBILITY

PROJECT NUMBER:	FUND ACCOUNT NUMBER:	PROPERTY ADDRESS: 181 Wolf St., Unit C, Yorkville, Illinois
-----------------	----------------------	---

PETITIONER DEPOSIT ACCOUNT FUND:

It is the policy of the United City of Yorkville to require any petitioner seeking approval on a project or entitlement request to establish a Petitioner Deposit Account Fund to cover all actual expenses occurred as a result of processing such applications and requests. Typical requests requiring the establishment of a Petitioner Deposit Account Fund include, but are not limited to, plan review of development approvals/engineering permits. Deposit account funds may also be used to cover costs for services related to legal fees, engineering and other plan reviews, processing of other governmental applications, recording fees and other outside coordination and consulting fees. Each fund account is established with an initial deposit based upon the estimated cost for services provided in the **INVOICE & WORKSHEET PETITION APPLICATION**. This initial deposit is drawn against to pay for these services related to the project or request. Periodically throughout the project review/approval process, the Financially Responsible Party will receive an invoice reflecting the charges made against the account. At any time the balance of the fund account fall below ten percent (10%) of the original deposit amount, the Financially Responsible Party will receive an invoice requesting additional funds equal to one-hundred percent (100%) of the initial deposit if subsequent reviews/fees related to the project are required. In the event that a deposit account is not immediately replenished, review by the administrative staff, consultants, boards and commissions may be suspended until the account is fully replenished. If additional funds remain in the deposit account at the completion of the project, the city will refund the balance to the Financially Responsible Party. A written request must be submitted by the Financially Responsible Party to the city by the 15th of the month in order for the refund check to be processed and distributed by the 15th of the following month. All refund checks will be made payable to the Financially Responsible Party and mailed to the address provided when the account was established.

ACKNOWLEDGMENT OF FINANCIAL RESPONSIBILITY

NAME: James D. Kramer and Nancy L. Kramer	COMPANY:
MAILING ADDRESS: 643 Douglas St.	
CITY, STATE, ZIP: Oswego, Illinois 60543	TELEPHONE: 630-204-5314
EMAIL: NKramer70@aol.com	FAX:

FINANCIALLY RESPONSIBLE PARTY:

I acknowledge and understand that as the Financially Responsible Party, expenses may exceed the estimated initial deposit and, when requested by the United City of Yorkville, I will provide additional funds to maintain the required account balance. Further, the sale or other disposition of the property does not relieve the individual or Company/Corporation of their obligation to maintain a positive balance in the fund account, unless the United City of Yorkville approves a Change of Responsible Party and transfer of funds. Should the account go into deficit, all City work may stop until the requested replenishment deposit is received.

Exhibit "B"

Heads or Tails Dog Grooming and Tech School Business Operation

Heads or Tails Dog Grooming and Tech School currently employs two (2) employees who work Monday through Saturday grooming dogs. The business also offers nail trimming, bathing and brushing clinics approximately once a month for its customers.

The business hours are as follows:

<u>2 employees working</u>		<u>1 employee & 1 assistant working</u>	
Wednesday	8/9 am to 4 pm	Monday	8/9 am to 4 pm
Friday	8/9 am to 4 pm	Tuesday	8/9 am to 4 pm
Saturday	8 am to 4 pm	Thursday	8/9 am to 4 pm

There is a designated area for dog owners to allow dogs to relieve themselves prior to or subsequent to their grooming. The employees do not take the dogs out to relieve themselves during appointments.

Each dog usually takes approximately 2 hours to groom.

The business requires all dogs to be on a leash upon entrance and exiting the facility. The operation is strictly limited to grooming and education of dogs. There are no services for cats, rabbits, pot belly pigs, or other pets. The business was originally operating in downtown Oswego and the customer base is primarily repeat customers. The services offered by the business is by appointment only and walk-ins are not allowed.

At most each groomer can groom 12 small dogs per day.

The owner did note that if a customer does have multiple dogs, they generally bring them at the same time. Since the services are by appointment only any impact on the surrounding property is minimized as there are not individuals with their pets waiting outside as is the case for the Yorkville Animal Hospital (who operates on a first come first serve basis).

The business policy is that an employee or assistant must be present at all times when there are dogs at the premises. At least one person must remain at the premises at all times if there are dogs in the building. The dogs are never left alone. Furthermore, the business does not allow for boarding nor any type of overnight stay.

Attached hereto as Exhibit "C" is the floorplan of the premises. The grooming and tech school operate out of the front portion of the facility and the rear portion of the facility is utilized for storage of the owner's son-in-law's electrical business. He is an electrician who operates the business out of his home which is not located in the United City of Yorkville.

The employees generally park at the premises. Clients generally enter from Wolf Street on the north side of the City of Yorkville Parks and Rec building and park in front of Unit C drop their dog or dogs off at Unit C and leave the premises while the services are being completed.

Memorandum

To: Plan Council
From: Jason Engberg, Senior Planner
Date: June 5, 2022
Subject: **PZC 2022-15 Heads or Tails Dog Grooming and Technical School (Special Use)**

I have reviewed the application for Special Use approval received April 21, 2022 as submitted by Kelly Helland on behalf of David and Kathryn Penna, Petitioner, as well as the following documents:

1. Business Operation Summary
2. Interior Commercial Space Layout
3. Location Aerial

The petitioner is seeking special use permit approval for a for-profit Commercial/Trade School providing dog grooming services and care clinics within the M-1 Limited Manufacturing District. The real property is located at 181 Wolf Street, Unit C, in Yorkville, Illinois.

Based upon my review of the application and documents, I have compiled the following comments:

ZONING

The subject property is currently zoned as M-1 Limited Manufacturing District. The following are the current immediate surrounding zoning and land uses:

	Zoning	Land Use
North	M-1 Limited Manufacturing District	Warehouse/Manufacturing
East	M-1 Limited Manufacturing District	Warehouse/Manufacturing; Parks and Recreation Facility
South	M-1 Limited Manufacturing District	Farmland
West	M-1 Limited Manufacturing District	Warehouse/Manufacturing

LAND USE

The petitioner is seeking a special use within the M-1 Limited Manufacturing District for a Commercial/Trade School providing dog grooming services and care clinics. While this land use is considered a special use within Table 10.06.03, the definition of such a school is as follows:

“Commercial school, trade school: A school established to provide for the teaching of industrial, clerical, managerial, artistic skills or alternative education. This definition applies to schools that are owned and operated privately for profit or not for profit. Such schools may not contain an auditorium, gymnasium, or any other sort of recreational facilities.”

While the petitioner illustrated the floor plan layout of the current dog grooming business, it does not detail any aspect of the school. **Staff is requesting that as a condition of special use, the petitioner must provide a floor plan layout that details where instruction is given, the number of classrooms, location of classrooms, and student seating/learning areas.**

Additionally, to provide better clarification on how this land use is a commercial school, staff is requesting as a condition of special use that the petitioner provide a schedule of classes and curriculum. Within this document, the hours of instruction as well as the overall percentage of time the business operates as a teaching institution must be provided.

BULK REGULATIONS

The petitioner has only conducted interior renovations and does not plan to add any additional outside structures. The submitted aerial does illustrate that the existing structure meets all of the bulk regulations within the M-1 zoning district including setbacks, height, and lot coverage.

PARKING

There are currently 16 striped parking spaces including a single handicapped space located at the front of the front of the building that all six (6) tenants share. Section 10-16-3 of the zoning ordinance does not specify the number of parking stalls for commercial/trade schools. Therefore, as stated in the ordinance, the Zoning Administrator shall assign the development use category which most resembles the land use which in this case is a commercial service. This use requires 3 spaces per 1,000 square feet of floor area. As described by the layout submitted in Exhibit C and verified through GIS measurements, the floor area of this unit is 1,500 square feet. This **requires a total of 5 parking spaces** as the 4.5 required is rounded up to the nearest whole number.

Additionally, Section 10-16-4-A-1 states that shared parking between uses is permitted when vehicles accumulate at different times, either by hours, days, or seasons. Section 10-16-4-C-3 of the zoning ordinance requires that a legal document between property owners outlining the shared parking requirements be provided to the City.

Staff is recommending that the petitioner evaluate whether there is space on the north side of the structure to provide parking for students while the existing shared spaces on the south side be utilized for the dog grooming services. Staff will require that as a condition of the special use, the petitioner must provide documentation that acknowledges the shared parking for the tenants of the building.

SIGNAGE

There is a single building mounted sign located on the structure. While this sign appears to meet all zoning standards in Section 10-20, there is no record of a sign permit application on file. **If the special use is approved, it will be required for the petitioner to submit a sign permit application for this sign.**

Additionally, due to the location of the business frontage and entrance, there can be confusion on the site where to park and access the business. **Staff is recommending as a condition of the special use that the petitioner provide parking wayfinding signage along the northern section of the property to direct traffic in a safe manner.** Examples of sign location and preferred route is shown in the illustration below:

Staff is also recommending as a condition of the special use that 1-2 of the spots in front of the grooming business on the south side of the building be marked with signage for dog grooming drop-off. This will assist in letting patrons know the location of the service and where the parking is located on site.

VEHICLE & PEDESTRIAN CIRCULATION

As illustrated in Exhibit D of the submission, the business is located within a multi-tenant building and shares vehicle ingress/egress along Wolf Street with the Parks and Recreation Department facility to the east. There have been concerns about safety issues with the patrons as the location of the business is not clear. Parks staff have reported many instances of patrons parking by the Parks building and then walking around to find the dog grooming entrance.

Since the facility/site is used for the department's larger vehicles and for loading materials, it can lead to dangerous situations for patrons, their pets, and City staff when traversing the site. The petitioner has stated that their regular customers now know the location of the business, but this does not have any effect on new customers. As of June 6, 2022, staff was not able to find on the website where there is language stating how to navigate the parking lot safely.

COMPREHENSIVE PLAN

The 2016 Comprehensive Plan designates this area for general industrial uses. This land use is designated for small to large scale industrial uses that are wholly contained in a building and do not generate noticeable external effects. In 2016, The City approved a text amendment to the Zoning Ordinance which would allow trade/commercial schools as a special use in the M-1 and M-2 manufacturing districts. The language in the City's Zoning Ordinance states that these types of uses are appropriate in industrial areas and therefore comply with the future land use plan. **Therefore, if approved, this commercial school will be consistent with the City's future land use plans.**

ADDITIONAL COMMENTS

The information requested by staff within this memorandum as conditions of the special use will be required for a positive staff recommendation for future review meetings with the Economic Development Committee, Planning and Zoning Commission, and City Council.

If the petitioner cannot provide the requested materials detailed in this memorandum to attach as conditions of a special use, then they may move forward with the process without a positive staff recommendation. If the petitioner does not want to move forward without a positive recommendation, the process for a text amendment may be sought. The petitioner has stated in their application that they are requesting dog grooming services be permitted as a special use within the M-1 Manufacturing District. This will require its own development process as a separate request.

**UNITED CITY OF YORKVILLE
PLAN COUNCIL
Thursday, June 9, 2022 9:00am
Yorkville City Hall, Council Chambers
800 Game Farm Road, Yorkville, IL**

Note: In accordance with Public Act 101-0640 and Gubernatorial Disaster Proclamation issued by Governor Pritzker pursuant to the powers vested in the Governor under the Illinois Emergency Management Act, remote attendance was allowed for this meeting to encourage social distancing due to the ongoing Covid-19 pandemic.

IN ATTENDANCE:

Krysti Barksdale Noble, Community Development Director, City of Yorkville/in-person
Jason Engberg, Senior Planner, City of Yorkville/in-person
Nadia Schweisthal, EEI/in-person
Luke Zaroni, Mackie Consultants/electronic attendance
Kelly Helland, Attorney, Law Offices of Daniel J. Kramer/electronic attendance
Madeline Lamon, Mackie Consultants/electronic attendance
Gage Berger, landscaper/electronic attendance
Jack McFarland, Mackie Consultants/electronic attendance

Ms. Noble called the meeting to order at 9:00am.

1. Minutes for Approval: May 26, 2022
The minutes were approved as presented.

2. PZC 2022-14 Windett Ridge – Unit 2 – Final Plat of Subdivision

Ms. Noble stated the names of those present for this meeting, both in-person and electronically.

Comments from Ms. Noble:

Staff has reviewed the Final Plat for the 12 single-family homes in Windett Ridge Unit 2. The development conforms to a PUD with R-2 zoning. Ms. Noble said the rezoning codes in the amended agreement under zoning ordinance 2019-07, granted an extension of certain fees and code locks until December 31, 2023. Those code locks related to the International Code Council of 2008-2009. The developer has until December 31, 2023 to decide if they wish to keep the 2008/2009 building codes or move to the current 2018 codes.

The building permit fees have expired as of December 31, 2020 so the current fee list has been provided. In the 2013 Annexation Agreement, there were comments relating to the lift station architecture. Ms. Noble listed the requirements for the station saying they must be sized to accommodate mechanical equipment and have vinyl siding or other approved material to blend in with the surroundings. The amended agreement in 2019 stated that the completion of these improvements must occur prior to December 31, 2023.

Engineering Comments:

Ms. Schweisthal said the Final Plat review comments are attached in the agenda packet. She said EEI is aware that Mackie has some questions and a meeting will be scheduled for next week to resolve the questions. She said when the plans are mostly finalized and there are no changes for utilities, sign-offs on IEPA permits can occur. Ms. Lamon said they are working with EEI and have set up a phone call to discuss some clarifications. She added that there were only some minor storm sewer comments and they are still waiting for the sanitary district comments after several attempts to contact them. Ms. Noble said staff will follow up with YBSD.

Mr. Gage Berger said it was thought a 30 foot wide buffer yard was needed along the perimeter of the stormwater basin. He said with the current layout, that wouldn't be possible and asked if a split rail fence with some signage would be appropriate in lieu of the buffer yard. Ms. Noble said there was an approved landscape plan prior to the review, so it might be under current standards. She will research this.

Mr. Noble said this agenda item will move to the July EDC and PZC meetings. There were no further comments or discussion.

2. PZC 2022-15 Heads or Tails Dog Grooming – Special Use

Mr. Engberg reviewed the application and comments. The location is in the M-1 Manufacturing District with farmland and warehouses to the south and the Parks and Rec building is on the east. The Parks and Rec also has a loading area and storage for materials to the east.

Business Plan: Looking at the land use, the request is for a trade school in the M-1 district. The business plan specifies the hours of operation, number of employees, etc. To define it as a school, staff is seeking a floor plan showing the classrooms and student seating, written curriculum, schedule of classes, hours of instruction and percentage of time for the school vs. the provided services--all needed to demonstrate this is a technical school.

Parking: Mr. Engberg said the bulk regulations are fine, it is an existing building. Parking regulations require 3 spaces for each 1,000 sq. ft.. The building is 1500 sq. ft, so 5 spaces are required. Staff would like to see parking spots for students in the north part of the parking lot. Also requested is signage in the front designating the parking spots are for the dog grooming business. Since the parking is shared with with 6 other units, staff would like documentation that the other owners are aware of the shared parking.

Signage: There is already a wall-mounted sign, but it was never applied for, so a sign permit application will be needed. Also recommended, as part of the Special Use conditions, are some wayfinding signs. The reason for this is because Parks and Rec expressed concern for people walking their dogs near the area where dump trucks might be moving in/out. As part of the Special Use, staff is requesting the petitioner to provide the types and location of signs and a circulation map to avoid using the Parks & Rec area.

In reviewing the Comprehensive Plan, the area is shown as industrial. If approved, this is a Special Use for a technical school and would be a conforming use in the M-1 and M-2 districts.

Mr. Engberg referenced the Text Amendment being requested to allow the dog grooming service, rather than school. He said that would be a separate process. He said that the conditions requested for the Special Use are things they would like to see, to give an approval recommendation to other public bodies. If those conditions can't be provided, the petition can still move forward, but without staff recommendation. The Text Amendment could be moved forward at that time. No Public Hearing Notice has been sent out yet depending on what the petitioner decides—either Special Use or Text Amendment.

Attorney Kelly Helland said the banner may have caused some confusion being located close to Parks and Rec and it has been removed. She said they filed the Special Use application on staff recommendation and the primary business is not education/technical, but rather a dog-grooming business. She said the Text Amendment route may be the most honest route. Ms. Noble added that staff would be willing to look at this since the Unified Development Ordinance is being revised at this time. Ms. Noble recommended the Special Use route first, because much of that land is already zoned industrial. If EDC would be more open to amending the code rather than have the client pursue the Special Use, then staff can reverse course.

Adjournment

There was no further business and the meeting adjourned at 9:25am.

Agenda Item Notes:

See attached memo.

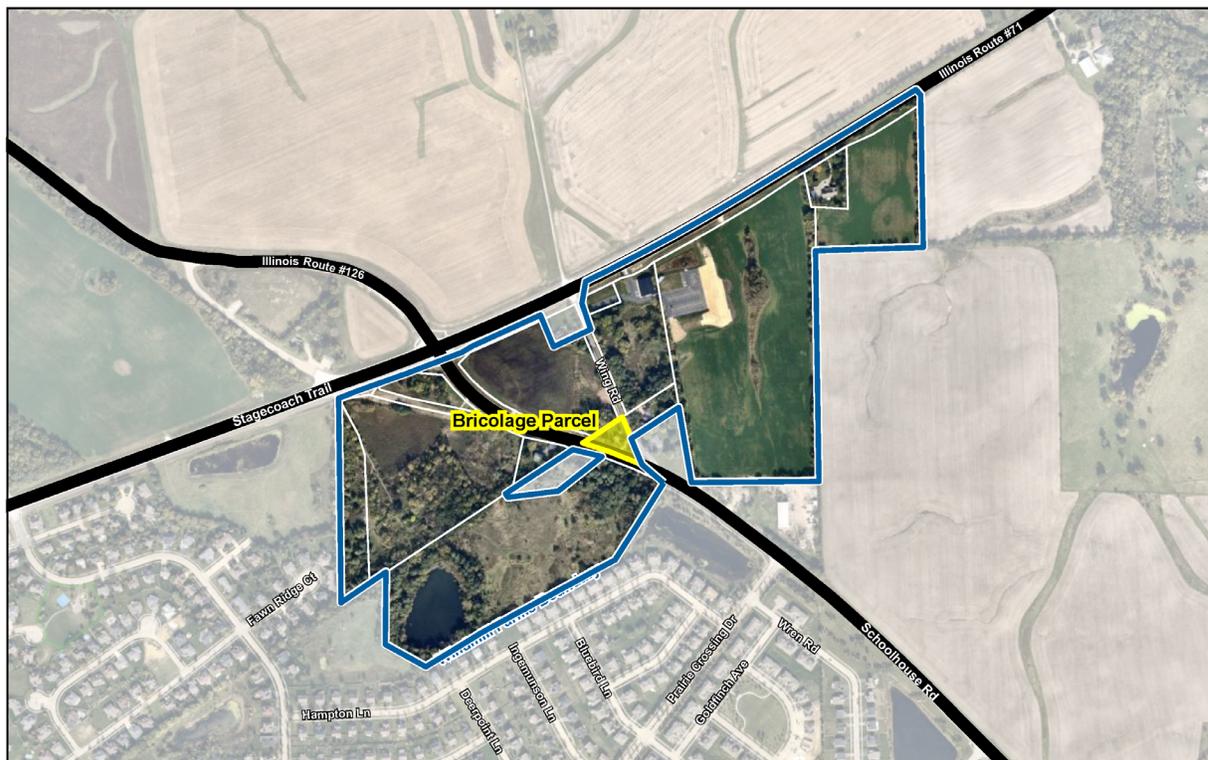

Memorandum

To: Economic Development Committee
From: Jason Engberg, Senior Planner
CC: Bart Olson, City Administrator
Krysti J. Barksdale-Noble, Community Development Director
Date: June 1, 2022
Subject: Comprehensive Plan Update – Future Land Use Amendment

Summary

On April 26, 2022 the City Council approved rezoning the property located at 8721 Route 126, Bricolage Wellness, which was part of the Windmill Farms Planned Unit Development (PUD), from the established remnant Planned Unit Development zoning to the B-3 General Business District. The commercial zoning district is consistent with the trend of development within the immediate area surrounding the property as 75% of the adjacent properties are designated as B-3 General Business District. While this is true, the City's 2016 Comprehensive Plan classified the parcel's future land use as "Estate/Conservation Residential (ERC)" which is intended to provide flexibility for residential design in areas that can accommodate low-density detached single-family housing. Since there is now a discrepancy between what was adopted and what the plan suggested, staff is recommending amending the plan to align the zoning with the proposed future land use.

Windmill Farms Bricolage Location Map

United City of Yorkville, Illinois
April 6, 2022

Previous Amendments

In 2020, staff evaluated conflicts between adopted land uses and developments with designated future land uses since the Comprehensive Plan was adopted. It was determined there were 5 contradictions within the Comprehensive Plan and staff proposed an amendment to the plan which was approved as an appendix to the plan. A list of these developments can be seen in the table below:

Project	Current Comp Plan Future Land Use Designation	Proposed Comprehensive Future Land Use Designation
PZC 2017-01 Cedarhurst Living	Suburban Neighborhood	Commercial Office (CO)
PZC 2017-07 Casey’s General Store	Mid-Density Residential	Destination Commercial (DC)
PZC 2017-13 Coffman Carpets	Mid-Density Residential	Destination Commercial (DC)
PZC 2018-18 Heartland Business	Mid-Density Residential	Commercial Office (CO)
PZC 2019-03 Hively (Windmill Farms)	Estate/Conservation Residential	Destination Commercial (DC)

Proposed Amendment

The property located at 8721 Route 126, Bricolage Wellness, was rezoned to the B-3 General Business District this past April. As stated previously, the commercial zoning district is consistent with the commercial trend of development within the immediate area but the designated future land use within the Comprehensive Plan as “Estate/Conservation Residential (ERC)”. This land use is intended to provide flexibility for residential design in areas that can accommodate low-density detached single-family housing.

This ERC land use category was implemented as a “holding” classification for those areas, particularly on the outskirts or along the perimeter of the City’s corporate boundaries, that had an entitlement plan approved but lacked the public infrastructure to support the development of the land within the 10-year timeline of the 2016 Comprehensive Plan Update. As conditions change, reevaluation of this guiding document is necessary and is important to make these changes to ensure the plan is consistent with the current built environment and is not interpreted incorrectly within the planning horizon of the document.

Therefore, staff is recommending an amendment to the Comprehensive Plan’s Future Land Use map for this property to be designated as “Destination Commercial (DC)”. The “Destination Commercial” future land use is intended for a variety of low-scaled auto oriented commercial uses, including offices. The proposed amendment to the existing appendix is attached to this memorandum.

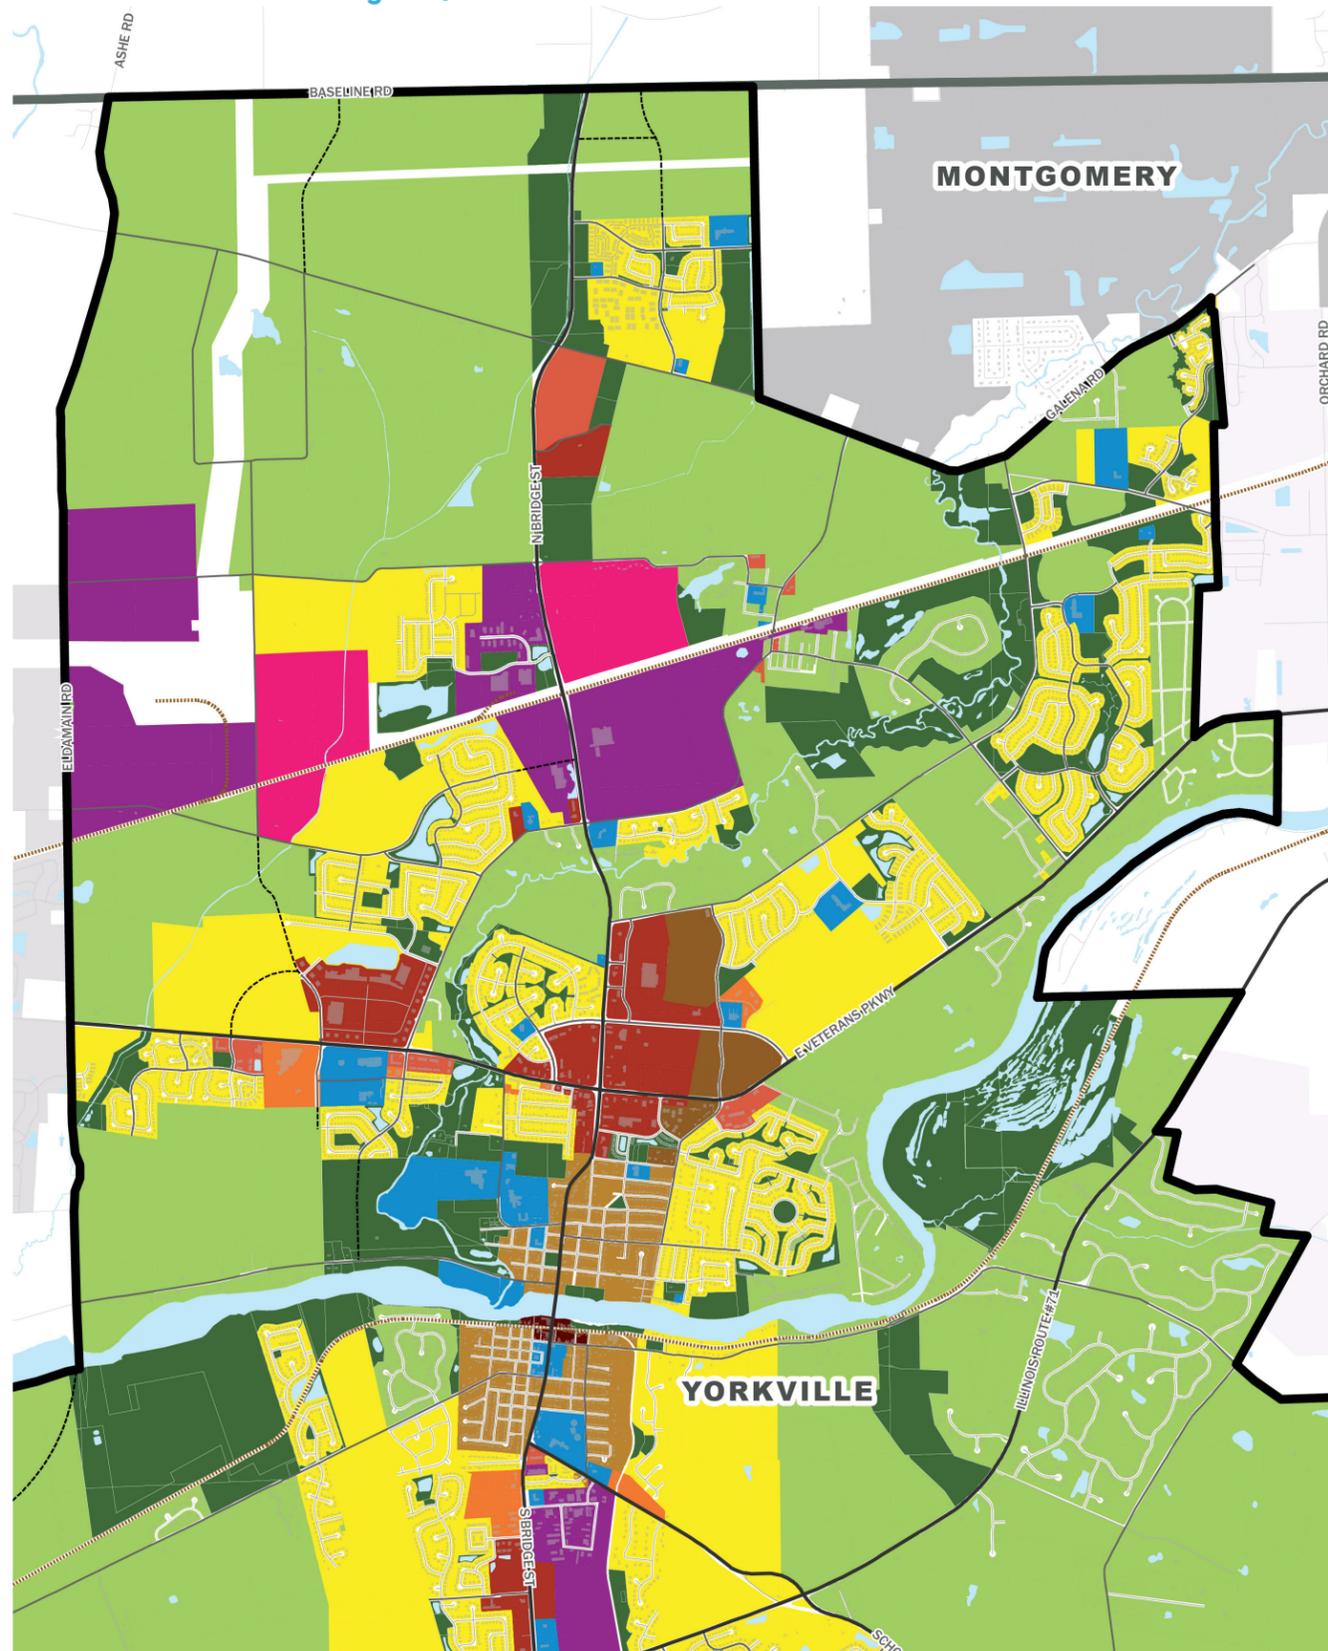

Staff Comments

The Comprehensive Plan land use map is a guide to future development and zoning decisions, but it is also meant to be adjusted when circumstances warrant a change in planning direction in a given area of the City. The changes to this area have already been decided and it is appropriate to change their land use designation. Prior to holding a public hearing, City staff is seeking comments and direction from the Economic Development Committee and will be available at Tuesday night’s meeting to discuss this matter in greater detail.

1. Proposed Appendix Amendment Pages

Figure 4.1: Future Land Uses North of the Fox River

LAND USE CHANGES*

The Land Use Strategy and Future Land Use Map presented above describes the distribution of general land use categories (Residential, Commercial, industrial, Open Space and Parks, and so on) that will set the framework for achieving the goals of the Comprehensive Plan. It is not a zoning map but should set the stage for future changes and modifications to the Yorkville Zoning Ordinance. The Land Use Strategy seeks to “re-position” Yorkville’s future land use pattern given current development conditions in Yorkville since the 2008 economic downturn and the unlikelihood that the Prairie Parkway will be constructed within this Plan’s time horizon. Several changes in land use classifications are proposed from those included in the 2008 Comprehensive Plan. Changes in the land use categories are summarized below:

RESIDENTIAL

A Mid-Density Residential land use zone is proposed in order to encourage new multi-family housing types in Yorkville; new housing types could diversify housing opportunities and provide housing at different price points that what is currently offered in Yorkville’s housing market. The Rural Neighborhood land use classification in the 2008 Comprehensive Plan is eliminated given that such residential development is unlikely to occur in the southeastern portions of the Yorkville planning area where there are significant infrastructure and market constraints. The primary infrastructure constraint is the need to construct a lift station along a ridge line, generally located south of Illinois Route 71. In its place, an Estate/Conservation Residential land use category has been created to accommodate large-lot residential development in areas where infrastructure exists and smaller-lot single family residential subdivisions are less likely

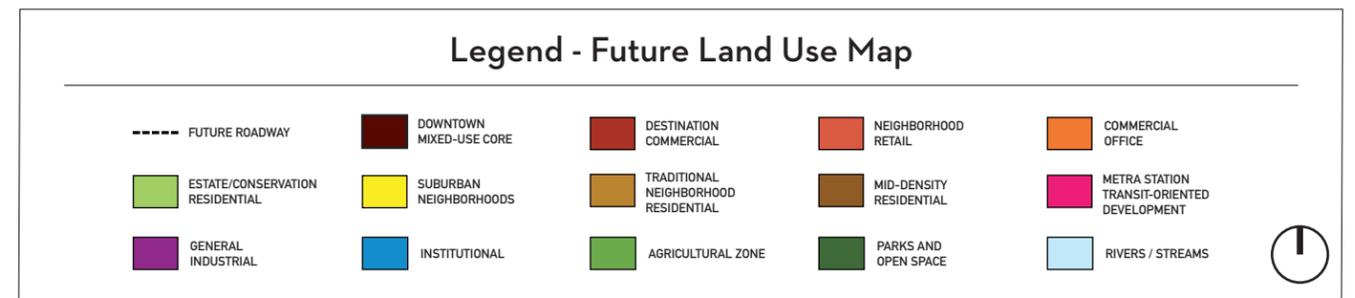

to be supported by market demand. Conservation subdivisions should also be encouraged in order to preserve significant environmental and topographical features, provide alternative housing types, and provide opportunities to expand Yorkville’s open space network. A Metra Station TOD zone is also included to plan accordingly for future development even if the Metra Station is years away from construction.

COMMERCIAL

Several new commercial land use categories are suggested in this Comprehensive Plan. A Downtown Mixed-Use Core zone is intended to focus revitalization and redevelopment efforts in Yorkville’s traditional downtown; new mixed-use development is envisioned on various opportunity sites that expand the Downtown’s footprint further to the east on Van Emmon Street with potential residential and commercial development. The need to address particular development design and land use issues within the Downtown necessitates the need for a Downtown-specific land use classification.

The general Commercial land use classification in the 2008 Plan is now designated Destination Commercial to recognize that a high percentage of commercial land in Yorkville accommodates large format and chain store formats, usually located along major transportation thoroughfares. Destination Commercial uses have their own particular physical design and development issues and should be distinguished from commercial uses located in the Downtown and in neighborhood retail areas.

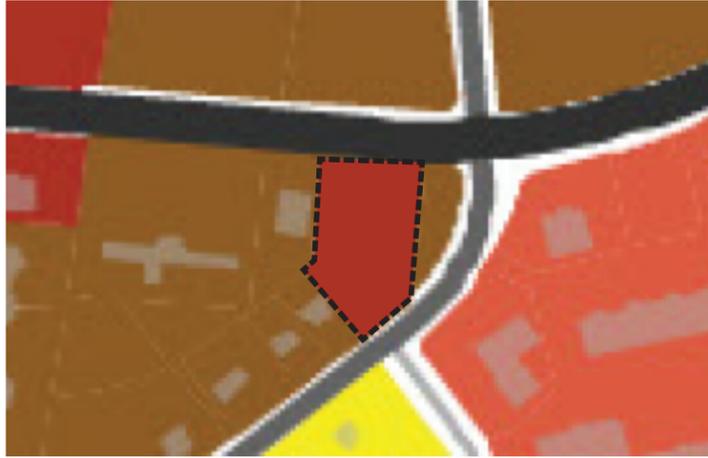

A Commercial Office land use category has been created to accommodate small-scaled office uses in single developments or as part of an office park setting;

* Please see page 186-188 for an addendum to the Future Land Use Map in Figures 4.1 and 4.2.

Figure 4.1 - Future Land Uses North of the Fox River

FUTURE LAND USE - MAP ADDENDUMS

CASEY'S GENERAL STORE

New Future Land Use Designation: Destination Commercial

Summary:

An application was approved requesting annexation, rezoning, special use, and variance authorization to construct a gasoline station with accessory convenience store southwest of the McHugh Road and Route 34 intersection. The property original contained a small apartment complex and single family detached home. The property was originally designated as "Mid-Density Residential" which is meant to provide higher density residential developments near commercial areas which include a variety of housing options. The "Destination Commercial" designation is meant to provide large format and outlot development for commercial business along Yorkville's main commercial corridors. The original designation reflected the existing apartments on site while the "Destination Commercial" now reflects what has been approved.

COFFMAN CARPETS

New Future Land Use Designation: Destination Commercial

Summary:

An application was approved requesting annexation pursuant to an annexation agreement and rezoning classification for the existing carpet retail store. The property is located south of U.S. Route 34 and west of McHugh Road. The property was originally designated as "Mid-Density Residential" which is meant to provide higher density residential developments near commercial areas which include a variety of housing options. The "Destination Commercial" designation is meant to provide large format and outlot development for commercial business along Yorkville's main commercial corridors. The "Destination Commercial" land use now reflects what has been approved.

HEARTLAND BUSINESS CENTER

New Future Land Use Designation: Commercial Office

Summary:

An application was approved requesting authorization of an amendment to the existing Heartland Subdivision Planned Unit Development (PUD) and Annexation Agreement Amendment for the purpose of reducing a side yard setback to allow for a two-story office building. The property is located at the southwest corner of McHugh Road and Route 34. The property was originally designated as "Mid-Density Residential" which is meant to provide higher density residential developments near commercial areas which include a variety of housing options. The "Commercial Office" designation is meant to provide commercial, office, and retail space along the City's main commercial corridors including Route 47 and Route 34. The "Commercial Office" land use now reflects what has been approved.

CEDARHURST LIVING

New Future Land Use Designation: Commercial Office

Summary:

An application was approved requesting authorization of an amendment to the existing Cannonball Trails Planned Unit Development (PUD) and Annexation Agreement Amendment for the purpose of constructing a new two-story assisted living with memory care facility at the northeast corner of US 34 and Cannonball Trails. The property was originally designated as “Suburban Neighborhood” which is meant to provide single family detached housing options in traditional subdivision layouts. The “Commercial Office” designation is meant to provide commercial, office, and retail space along the City’s main commercial corridors including Route 47 and Route 34. The “Commercial Office” land use now reflects what has been approved.

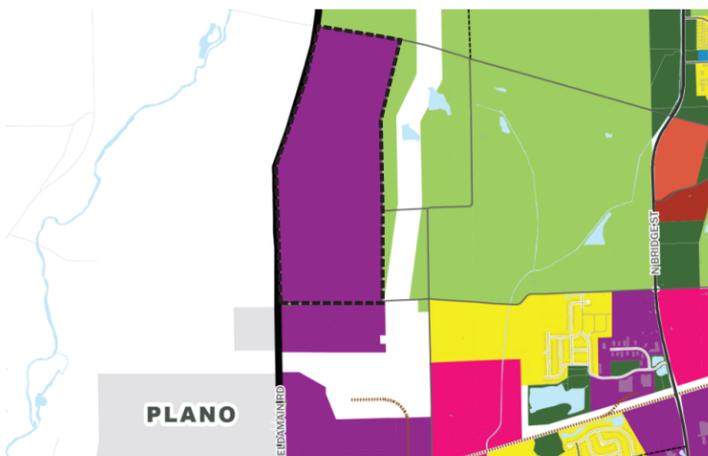

HIVELY (WINDMILL FARMS)

New Future Land Use Designation: Destination Commercial

Summary:

An application was approved requesting rezoning of three parcels within the Windmill Farms Planned Unit Development which approved certain land uses consistent with those found in the R-4 General Multi-Family Residence District and B-3 General Business zoning districts. The requested new zoning was be B-3 General Business District on two (2) parcels and A-1 Agricultural District on one (1) parcel. The properties which require a change in designation are the B-3 properties located at the southeast and southwest corner of Route 126 and Route 71. While not yet constructed, the properties were rezoned to accommodate a landscaping retail business. The property was originally designated as “Estate/Conservation Residential” which is meant to provide flexibility for residential design that can accommodate low-density single-family housing. The “Destination Commercial” designation is meant to provide large format and outlot development for commercial business along Yorkville’s main commercial corridors. Now that the properties are zoned B-3 General Business, it is appropriate to amend the designation with the plan as it will likely be used for commercial uses in the future.

ELDAMAIN ROAD CORRIDOR

New Future Land Use Designation: General Industrial

Summary:

In 2019, the Illinois Department of Transportation announced that \$45 million in funds for the construction of the Eldamain Road bridge over the Fox River was allocated in their multiyear plan. The city was contacted by Kendall County asking us to revisit the comprehensive plan’s future land use designation for the Eldamain Road corridor to align with the Kendall County Land Resource Management Plan. Yorkville’s future land use designation for this area is “Estate/Conservation Residential” which is intended to provide flexibility for residential design of large lot single-family homes or clustering of home with most of the development dedicated for conservation or green space area. However, Kendall County’s Land Resource Management Plan (LRMP) identifies this area’s future land use as “Mixed Use Business.”. The Mixed-Use Business category would include offices, warehouses, highway-oriented commercial businesses and light industrial. To better align the potential future land uses in this region, the “General Industrial” is more appropriate given the new funding for infrastructure in the area.

FUTURE LAND USE - MAP ADDENDUMS

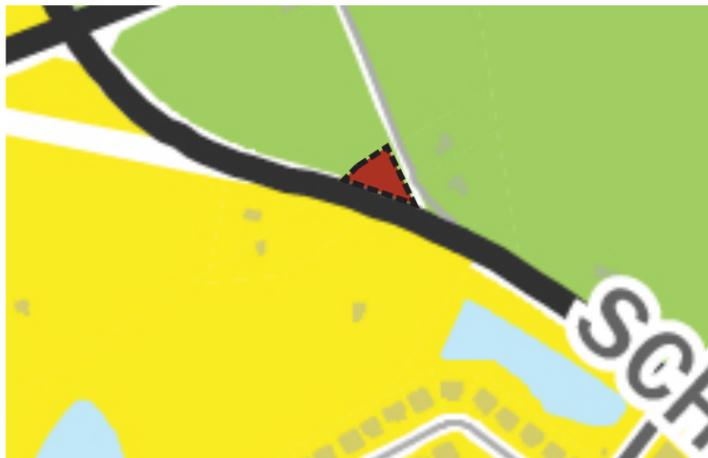

ASHLEY ROAD

New Future Land Use Designation: N/A

Summary:

The Raintree Village and Prestwick residential developments have both resumed construction after the adoption of the comprehensive plan. Along with the single-family attached and detached housing in both subdivisions, Prestwick has constructed a new private high school. Along with these developments, the intersection at Route 126 (Schoolhouse Road) and Ashley Road must be improved by the end of 2021. With the growth in this region and the improved intersection being complete before the end horizon of this plan, the potential connection and realignment of Minkler Road to the north has been added to the future land use map.

BRICOLAGE WELLNESS

New Future Land Use Designation: Destination Commercial

Summary:

In 2022, an application was approved requesting rezoning of the property located at 8721 Route 126 within the Windmill Farms Planned Unit Development. This PUD approved certain land uses consistent with those found in the R-4 General Multi-Family Residence District and B-3 General Business zoning districts. The requested new zoning was be B-3 General Business District to conduct a commercial office land use for a therapy and wellness business. The existing structure was originally being used as a residential home and the property was originally designated as "Estate/Conservation Residential". Due to the commercial trends within the area since 2016, City Council approved this rezoning classification from residential to commercial. The new "Destination Commercial" classification is now a more suitable designation for this property.

Agenda Item Notes:

Memorandum

To: City Council
From: Bart Olson, City Administrator
CC:
Date: June 30, 2022
Subject: Raging Waves employee parking

Summary

Consideration of an ordinance that will allow a portion of the Raymond Regional Detention Basin to be used as a gravel parking lot for Raging Waves employees.

Background

This item was last discussed by the City Council in 2009, when the City Council received a public utility easement for a regional stormwater detention basin generally located east of Raging Waves, south of Galena Road, and west of Cannonball Trail. This area was contemplated as a very large, regional-use stormwater detention basin in the 2006 Bristol Bay annexation agreement. The general planning concept at the time was that Bristol Bay would be granted higher density north of Galena Road than the City Council preferred at the time, and in exchange, the developer would grant a large easement in the subject area for use as a regional detention basin. This regional detention basin would not only fully serve the Bristol Bay development, but it would generally allow all properties in the Yorkville planning area east of Route 47 and south of Baseline Road to maximize their development potential by tying into this detention basin. Since 2009, the southern part of Bristol Bay has not been developed, and the tributary properties have not seen development interest in earnest.

Raging Waves has been using grass/gravel/asphalt parking areas in various locations since they opened in 2007. These overflow or employee parking lots have allowed them to minimize their capital outlay while still accommodating peak attendance events during the summer months. The development of the area, including the Gas N Wash property, the Raging Waves expanded parking lot to the south of their original property, and potential development on the remaining vacant outlots have eliminated Raging Waves current overflow/employee parking lots. Their employee entrance is on the rear (east) side of their property, and as the Raging Waves owners were reviewing their latest parking options, they identified a small parcel just to their east within the detention basin. They engaged the property owner, have come to a tentative deal, and are prepared to close on the property to use as a parking lot subject to our approval.

In order to use this employee parking lot in the location provided, the City needs to grant Raging Waves permission to use a portion of this easement. Accordingly, Attorney Orr has prepared an ordinance and agreement that will allow Raging Waves to construct a gravel road and parking lot and conduct parking operations on the property. This request has been reviewed by Director Noble, Director Dhuse, and Engineer Sanderson, and we do not expect that this

authorization will impact Bristol Bay's detention systems or capacity, nor will it prevent us from using the area as a regional detention basin in the future – should those properties ever develop.

Recommendation

Staff recommends approval of the ordinance and the easement agreement.

**AN ORDINANCE APPROVING AN AGREEMENT BY AND BETWEEN
THE UNITED CITY OF YORKVILLE, KENDALL COUNTY, ILLINOIS
AND RAGING WAVES, LLC**

WHEREAS, the United City of Yorkville, Kendall County, Illinois (the “*City*”) is a duly organized and validly existing non home-rule municipality created in accordance with the Constitution of the State of Illinois of 1970 and the laws of the State; and,

WHEREAS, pursuant to a certain Annexation Agreement dated April 26, 2005, by and among the City, the Betty O’Keefe Family Limited Partnership and certain other owners (collectively, the “*Owners*”) as thereafter from time to time amended (collectively, the “*Annexation Agreements*”) the terms and conditions pertaining to the annexation of approximately 140.9 acres located east of Illinois Route 47 south of Galena Road in Kendall County, Illinois (the “*Subject Property*”) to the City were established; and,

WHEREAS, pursuant to the Annexation Agreements, a perpetual, non-exclusive and irrevocable easement legally described on *Exhibit A* attached hereto (the “*Easement*”) was conveyed to the City and recorded with the Clerk of Kendall County on June 29, 2009, as Document No. 20090014336 for the purpose of permitting the City to install utility service when needed; and,

WHEREAS, since the recordation of the Easement, there have been conveyances of the real property upon which the Easement was granted and most recently the Subject Property was conveyed to Raging Waves, LLC an Illinois limited liability company (“*Raging Waves*”); and,

WHEREAS, Raging Waves has submitted a request to the City for authorization to construct a gravel parking area over the Easement which request the City has reviewed and agrees to approve such request in accordance with the terms and conditions as set forth in the

Agreement Regarding Utility Easement Grant To the United City of Yorkville, Kendall County, Illinois, as attached hereto.

NOW, THEREFORE, BE IT ORDAINED by the Mayor and City Council of the United City of Yorkville, Kendall County, Illinois, as follows:

Section 1. That the recitals in the preambles to this Ordinance are incorporated into this Section 1 as if fully set forth herein.

Section 2. That the Agreement Regarding Utility Easement Grant To the United City of Yorkville, Kendall County, Illinois, attached hereto and made a part hereof, is hereby approved and the Mayor, City Clerk, and City Administrator are hereby authorized to execute and deliver said Agreement to Raging Waves, LLC on behalf of the City.

Section 3. This Ordinance shall be in full force and effect from and after its passage and approval as provided by law.

Passed by the City Council of the United City of Yorkville, Kendall County, Illinois, this ____ day of _____, 2022.

masonry, wall or curb that would in any manner interfere with the use of the Easement, as reasonably determined by the City; and,

WHEREAS, the New Owner has reviewed the Easement and the rights and interest of the City pursuant to its terms and is prepared to acknowledge its limitations of future use by the New Owner over the Easement as hereinafter provided.

NOW, THEREFORE, for an in consideration of the mutual covenants hereinafter set forth, the sufficiency of which are hereby acknowledged:

1. The New Owner has informed the City of its intentions to construct a gravel road over the Easement for the sole purpose of providing an employee parking area for those employees serving the business immediately adjacent to the New Owner's property; however, the City has advised the New Owner that parking is only permitted on paved surfaces pursuant to Section 10-16-3-D-5 of the *Yorkville Municipal Code*.

2. The New Owner has stated that in order to abide by the terms and conditions of the Easement it may not construct or permit the construction of any structure or obstruction over the Easement, including but not limited to any building, masonry, wall or curb which would in any manner interfere with the use of the Easement by the City, as reasonably determined by the City and, therefore, has requested that the City permit a gravel parking area (the "*gravel parking area*") on its property subject to the following conditions:

- (a) That the use be seasonal and only on the days the New Owner's adjacent business is operating;
- (b) That the gravel parking area shall be solely for the use of parking for employee vehicles and not used by the public; and,
- (c) That the gravel parking area be regularly compacted in order to reduce dust into the environment.

3. The City acknowledges the limitation on the use of the Easement by its terms, and, therefore, agrees that a gravel road for parking purposes is an acceptable use of the Easement so long as the conditions, as hereinabove stated, are met without interruption.

4. The New Owner hereby agrees that in the event the conditions as hereinabove set forth are not continuously met after a thirty (30) day prior notice from the City to the New Owner, the use of a gravel parking area shall immediately cease and enforcement of the *Yorkville Municipal Code* Section 10-16-3-0-5 shall proceed.

5. This Agreement and the rights and obligations of the parties set forth herein shall be binding upon and shall inure to the benefit of all recorded titleholders of the property underlying the Easement and their respective heirs, representatives, successors and assigns.

6. All notices and other communications in connection with this Agreement shall be in writing and shall be deemed delivered to the addressee thereof (a) when delivered in person on

a business day at the address set forth below, or (b) on the third business day after being deposited in any main or branch of the United States post office, for delivery by properly addressed postage prepaid, at the address set forth below, or (c) by facsimile or email transmission, when transmitted to either the facsimile telephone number or email address set forth below, when actually received.

Agenda Item Summary Memo

Title: PZC 2022-17 Yorkville Self-Storage (Variance)

Meeting and Date: Economic Development Committee – July 5, 2022

Synopsis: Proposed variance for temporary storage units to become permanent accessory

Structures at 1602 N Bridge Street

Council Action Previously Taken:

Date of Action: _____ Action Taken: _____

Item Number: _____

Type of Vote Required: Majority

Council Action Requested: Vote

Submitted by: Jason Engberg Community Development

See attached memorandum.

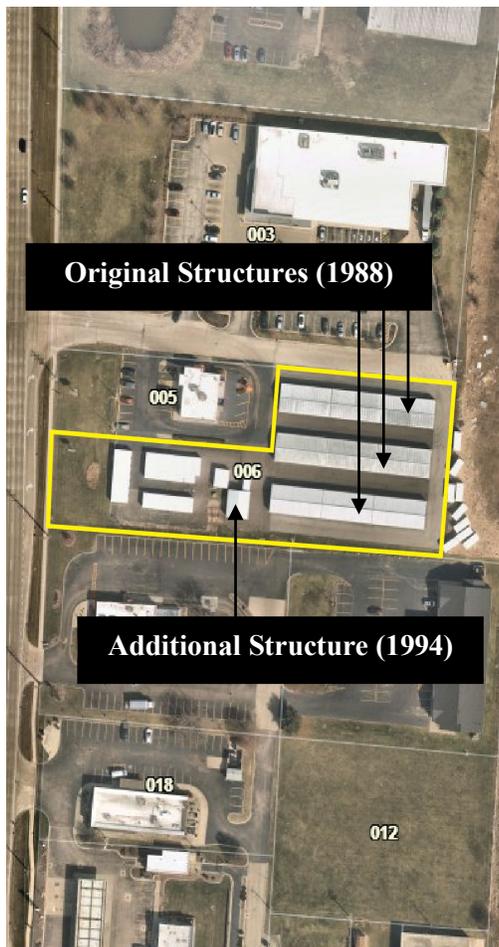

Memorandum

To: Economic Development
From: Jason Engberg, Senior Planner
CC: Bart Olson, City Administrator
Krysti Barksdale-Noble, Community Development Director
Date: June 30, 2022
Subject: **PZC 2022-17 Yorkville Self Storage (Variance)**

SUMMARY:

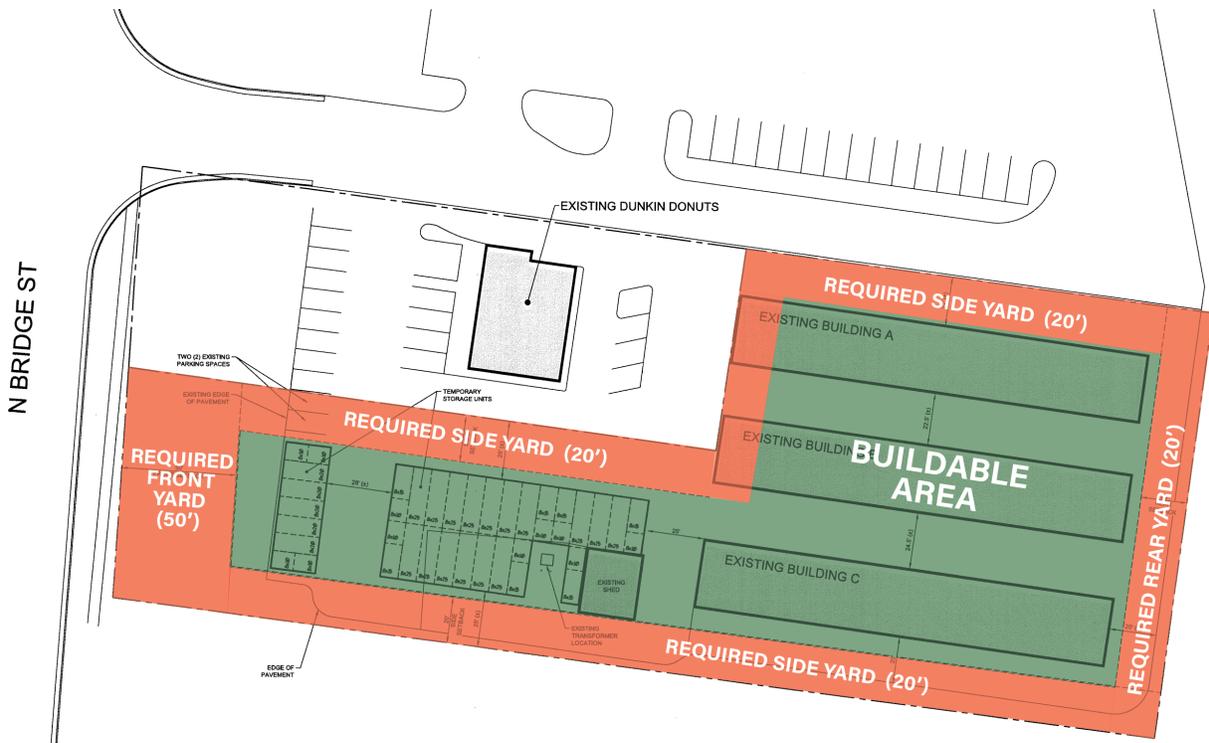

David Courtright, attorney on behalf of the petitioners CIG TSP LLC, GIG TSP AP LLC, CIG TSP CFP LLC, CIG TSP K&SM II LLC, is seeking variance approval to permit permanent accessory structures closer to the public way than the principal building on a lot as stated in Section 10-3-5-B of the Yorkville Municipal Code. Additionally, the petitioner is seeking variance approval to permit expansion of a nonconforming use as stated in Section 10-15-2-C of the Yorkville Municipal Code. The real property is located at 1602 N Bridge Street on the east side of Bridge Street (State Route 47) and north of Veterans Parkway (U.S. 34). The petitioner is seeking to keep their temporary storage containers currently located on the property as permitted through a temporary building permit.

PROPERTY BACKGROUND:

The current land use at 1602 N Bridge Street is defined by the City's zoning ordinance as a "public storage facilities/miniwarehouse storage" and the parcel is currently zoned B-3 General Business District. The property was originally annexed into the City in 1979 as part of a larger territory which included the parcel to the northwest which is currently a Dunkin coffee and baked goods store. It was later subdivided into its current layout in 1993. The existing three (3) primary storage facilities on the east of the parcel were erected in 1988 and a smaller storage structure was built in 1994 (see image to the left). Additionally, there was an oil and tire shop built on the western side of the parcel in 1988 but it was demolished in 2006 due to a fire and was never rebuilt.

At the time of their construction, all of these uses were permitted in the B-3 District by the Yorkville zoning ordinance. But in the early 2000's, the Zoning Ordinance was amended to only permit public storage facilities/miniwarehouse storage facilities as special uses in the M-1 Limited Manufacturing District and M-2 General Manufacturing District. Since the use was lawfully established prior to the current regulations and now does not conform to the use regulations for the district in which it is located, Section 10-15-1-A states that the use shall be deemed to be a legal nonconforming use and may be continued subject to the provisions in Section 10-15. The property has continued to operate as a storage facility throughout this time.

TEMPORARY STORAGE UNITS:

In the spring of 2021, the business owner received a building permit to install 38 storage units temporarily within the buildable area of the site. The units were to be installed for a short period of time when demand for storage was high in the area and once demand decreases, move them to a different site where they are needed. Due to the irregular shape of the lot (flag lot) and the approximately seventy (70) foot setback from Route 47, the buildable area for the lot (the space remaining on a zoning parcel after the minimum yard requirements have been met) has a substantial amount of space in front of the existing permanent structures. The submitted plan illustrated all of the temporary structures were located within the buildable area and not in any required yard within the B-3 District (Section 10-7-1) as shown above.

However, during the issuance of the temporary storage units in the fall of 2021, the initial layout was not consistent with the approved permitted plan. The units were encroaching upon the property lines, required side yards and were outside the permitted buildable area. Staff notified the petitioner at that time, Ron Shorkey, who stated he received different units than what was ordered and arranged them on the site to what he thought were appropriate. The permit was revoked on September 14, 2021 until the temporary storage units met all setback and bulk regulations of the zoning ordinance and was consistent with the original submitted layout.

The layout was corrected, and the permit was reinstated on January 31, 2022 (see attached letter of reinstatement). The conditions set upon the reinstatement was as follows:

1. The structures are permitted for six (6) months from the date of issuance.
2. The site maintains a minimum of two (2) off-street parking spaces.
3. If the owner(s) wants to have the structures permanently, they can apply for a variance.

Therefore, the termination of the temporary building permit is July 31, 2022 and the business owner has applied for a variance to keep the structures in their location permanently.

REQUEST SUMMARY:

To keep the proposed storage units as permanent accessory structures. In order to comply with the Zoning Ordinance for this request, there are two (2) sections which will require variance approval:

10-3-5-c:

Location: No part of any accessory building or structure shall be located closer than five feet (5') from any side or rear property line of a zoning lot. No accessory building or structure shall be closer than ten feet (10') to any main building or closer to the public way than the principal building on any zoning lot.

10-15-2-b:

Expansion: A nonconforming use shall not be extended, expanded, enlarged or increased in any manner including, but not limited to, the following:

1. A nonconforming use that does not involve a structure or which is accessory to the nonconforming use of a structure shall not be expanded or extended to any land area not occupied by such nonconforming use.
2. A nonconforming use shall not be expanded within a structure to any portion of the floor area that was not occupied by such nonconforming use. A use permitted in the district in which it is located may expand in a nonconforming structure.

If the accessory structures are to remain as currently situated and considered permanent, they will be closer to the public way (Route 47) and they will expand the existing nonconforming use.

VARIATION STANDARDS:

Section 10-4-7 identifies six (6) standards that need to be met when approving a zoning variation. The petitioner has provided their responses to these standards within their attached application:

- a. Because of the particular physical surroundings, shape or topographical conditions of the specific property involved, a particular hardship to the owner would result, as distinguished from a mere inconvenience, if the strict letter of the regulations were carried out.
- b. The conditions upon which the petition for a variation is based are unique to the property for which the variation is sought and are not applicable, generally, to other property within the same zoning classification.
- c. The alleged difficulty or hardship is caused by this title and has not been created by any person presently having an interest in the property.
- d. The granting of the variation will not be detrimental to the public welfare or injurious to other property or improvements in the neighborhood in which the property is located.
- e. The proposed variation will not impair an adequate supply of light and air to adjacent property, or substantially increase the congestion in the public streets, or increase the danger to the public safety, or substantially diminish or impair property values within the neighborhood.
- f. The proposed variation is consistent with the official comprehensive plan and other development standards and policies of the City.

COMPREHENSIVE PLAN:

The 2016 Comprehensive Plan designates this site for Destination Commercial (DC). This land use is designated for small to medium scale auto-oriented commercial uses, such as retail centers and restaurants located near residential areas. Some of the features associated with this land use include being located along Route 47 and Veteran's Parkway, higher quality building design and landscaping requirements, and

visual and business operational impacts being minimized from the adjacent neighbors through buffering and landscaping treatments.

This public/miniwarehouse storage facility land use fits into some of the characteristics of this future land use designation but could also be considered part of the General Industrial (GI) category which features generally small to large-scale industrial uses for warehousing, assembly and low-impact manufacturing which aligns with the City's M-1 and M-2 Manufacturing Districts. This is why currently public/miniwarehouse storage facilities are permitted as a special use in only those two districts. While the existing and proposed expansion of the land use does not fit perfectly into either land use category, should the City Council approve the request to allow the accessory structures to remain, an increase in landscaping and buffering between the right-of-way and neighbors will help provide more features that are consistent with a Destination Commercial designation.

STAFF COMMENTS:

Staff recognizes that the current irregular shape of the parcel does provide a potential hardship on the owner as flag lots are now discouraged within the zoning ordinance (10-3-1-E) and is a unique characteristic than other typical B-3 Districts. In regard to the variance standards, the property does meet the requirements for standards (a) and (b).

Per staff's estimation, the request of the accessory structures seems to stem from the limited capacity of storage space on the property which tends to show the property is obsolete for the use. Within the last 10 years, the City has approved only one other self-storage use. It was a special use in the M-1 Limited Manufacturing District and was approximately 3.6 acres in size and accommodated 322 units. For comparison, the table below details the number of units and size of other existing public storage uses within Yorkville:

Name	Address	# of Units	Acres	Units/Acre
Red Dot Storage	1410 S Bridge Street	364	3.62	101
Red Dot Storage	204 Wolf Street	192	1.87	103
Space Center Self Storage	147 Commercial Drive	322	3.6	89
Yorkville Self Storage	1602 N Bridge Street	134	1.48	91

The request for additional permanent storage units on the property may be a result of competing with similar uses within the region and therefore, the hardship may be considered self-imposed, addressing the variance standard (c).

Finally, the property has continued to operate and function as a storage facility for over 34 years and does not seem to impact the surrounding land uses in a significant way. This also includes the recent installation of the temporary structures. Therefore, staff does not believe the variance would be detrimental to the public safety or generate additional traffic.

STAFF RECOMMENDATIONS:

If the committee and other reviewing bodies feel that the petitioner meets the standards for a variance, staff recommends the following conditions be attached to any approved variance to ensure any detrimental effects the units may have are brought to a minimum:

1. The placement of the accessory structures must be consistent with the current layout of units as illustrated in the submitted site plan dated 6-30-2022.

2. An eight (8) foot privacy fence be installed along the rear property line to buffer the land use from adjacent properties.
3. A landscape plan must be submitted and approved which is consistent with the conditions of the Landscape Ordinance regulations for perimeter parking lot landscaping, per Section 8-12-2-C-2-b, as listed below:
 - b. When a parking lot is adjacent to a public right-of-way, a landscape buffer yard shall be provided and shall be the width of the required parking lot setback or thirty feet (30'), whichever is less. The buffer yard shall consist of one (1) shade tree, one (1) evergreen tree and thirty-three (33) shrubs per one hundred (100) linear feet of buffer yard.

Staff is seeking input from the Economic Development Committee on this submission. The public hearing for this request is scheduled to be heard in front of the Planning and Zoning Commission on August 10, 2022 followed by a final vote by City Council at the August 23, 2022 meeting. Since these meetings are scheduled after the July 31st deadline for the temporary structures, staff is also requesting feedback from the Economic Development Committee on whether the units may remain until this development process is complete.

APPLICATION FOR VARIANCE

INTENT AND PURPOSE

The purpose of a variance is to provide relief from certain regulations of the zoning ordinance to permit the use of land in a way that is not otherwise permitted under the ordinance. A variance is granted when the terms of the zoning ordinance, if literally applied, would create an unreasonable hardship on the landowner, making the property virtually useless.

This packet explains the process to successfully submit and complete an Application for a Variance Request. It includes a detailed description of the process, outlines required submittal materials, and contains the application for variance.

For a complete explanation of what is legally required throughout the Variance Request process, please refer to "Title 10, Chapter 4, Section 7 Variations" of the Yorkville, Illinois City Code.

APPLICATION PROCEDURE

STEP

1

APPLICATION SUBMITTAL

SUBMIT APPLICATION, FEES, AND PLANS TO THE COMMUNITY DEVELOPMENT DEPT.

The following must be submitted:

- One (1) original signed and notarized application.
- Legal description of the property in Microsoft Word.
- Three (3) copies each of exhibits, proposed drawings, location map, and site plan. All exhibits and plans must be an appropriate size for all details and descriptions to be legible.
- Appropriate application and filing fee. Checks may be written to the United City of Yorkville.
- Signed Applicant Deposit Account/Acknowledgment of Financial Responsibility form.
- One (1) electronic copy (PDF) of all materials submitted including application and exhibits.

Within one (1) week of submittal, the Community Development Department will determine if the application is complete or if additional information is needed. An incomplete submittal could delay the scheduling of the project.

The petitioner is responsible for payment of recording fees and public hearing costs, including written transcripts of the public hearing and outside consultant costs (i.e. legal review, land planner, zoning coordinator, environmental, etc.). The petitioner will be required to establish a deposit account with the City to cover these fees.

Once a submitted and complete, Community Development staff will provide a tentative schedule of meetings as well as all needed documents for the process.

STEP

2

PLAN COUNCIL

MEETS ON THE 2ND & 4TH THURSDAY OF THE MONTH

This step is dependent on the complexity of the request and may be skipped at the discretion of staff.

The petitioner must present the proposed request to the Plan Council. The members of the Council include the Community Development Director, City Engineer, the Building Department Official, the Public Works Director, the Director of Parks and Recreation, a Fire Department Representative, and a Police Department Representative. This meeting is held to provide the petitioner with guidance from all City staff departments to ensure the petitioner is aware of all requirements and regulations for their development. Upon recommendation by the Plan Council, the petitioner will move forward to the Economic Development Committee.

United City of Yorkville
800 Game Farm Road
Yorkville, Illinois, 60560
Telephone: 630-553-4350
Fax: 630-553-7575
Website: www.yorkville.il.us

APPLICATION FOR VARIANCE

STEP

3

ECONOMIC DEVELOPMENT COMMITTEE

MEETS ON THE 1ST TUESDAY OF THE MONTH

The petitioner must present the proposed request to the Economic Development Committee. The committee consists of four alderman who will provide feedback to the petitioner regarding their request. This feedback allows the petitioner to gather comments and concerns prior to full City Council considerations. It also allows the City Council members to review the request prior to its arrival at City Council.

STEP

4

PLANNING & ZONING COMMISSION

MEETS ON THE 2ND WEDNESDAY OF THE MONTH

The petitioner will attend and present their request at a public hearing conducted by the Planning and Zoning Commission. The Planning and Zoning Commission will conduct a public hearing on the request, take public comments, discuss the request, and make a recommendation to City Council.

If the variance request adheres to any of the following standards then the variance may be granted by the Planning and Zoning Commission without City Council approval:

- Reducing a required setback by no more than twenty-five percent (25%).
- Reducing the lot width or lot size regulation not less than ninety percent (90%) of the required width or area.
- Permitting the same off street parking spaces for two or more uses provided each use does not take place at approximately the same hours of the same days of the week.
- Reducing the required off street parking spaces or loading spaces by no more than one (1) or twenty percent (20%) of the regulations (whichever is greater).
- Increasing by not more than twenty-five percent (25%) the maximum distance that required parking spaces are permitted to be located from the use served.
- Allowing for the deferment of required parking facilities for a reasonable period of time as specified in the variance.
- Increasing no more than ten percent (10%) the maximum gross floor area of any use so limited by the applicable regulations.
- If eminent domain by any authorized government agency results in exceeding one of the previously listed variance requests.

The petitioner is responsible for sending certified public hearing notices to adjacent property owners within five hundred (500) feet of the subject property no less than fifteen (15) days and no more than thirty (30) days prior to the public hearing date. The public hearing notice will be drafted by the City as well as published in a local newspaper. Additionally, a public hearing notice sign must be placed on the property no less than fifteen (15) days prior to the public hearing.

A certified affidavit must be filed by the petitioner with the Community Development Department containing the names, addresses and permanent parcel numbers of all parties that were notified. The Certified Mailing Affidavit form is attached to this document.

STEP

5

CITY COUNCIL

MEETS ON THE 2ND & 4TH TUESDAY OF THE MONTH

This step may be skipped if the variance request adheres to the authorized requests listed above.

The petitioner will attend the City Council meeting where the recommendation of the variance will be considered. City Council will make the final approval of the variance. If approved, City staff will have a drafted ordinance to be signed by the Council and must be recorded with the County Clerk before any further steps may be taken by the petitioner.

United City of Yorkville
 800 Game Farm Road

 Telephone: 630-553-4350
 Fax: 630-553-7575
 Website: www.yorkville.il.us

APPLICATION FOR VARIANCE

SUMMARY OF RESPONSIBILITIES

Below is a summary breakdown of what will be required by the petitioner and what will be completed by the City:

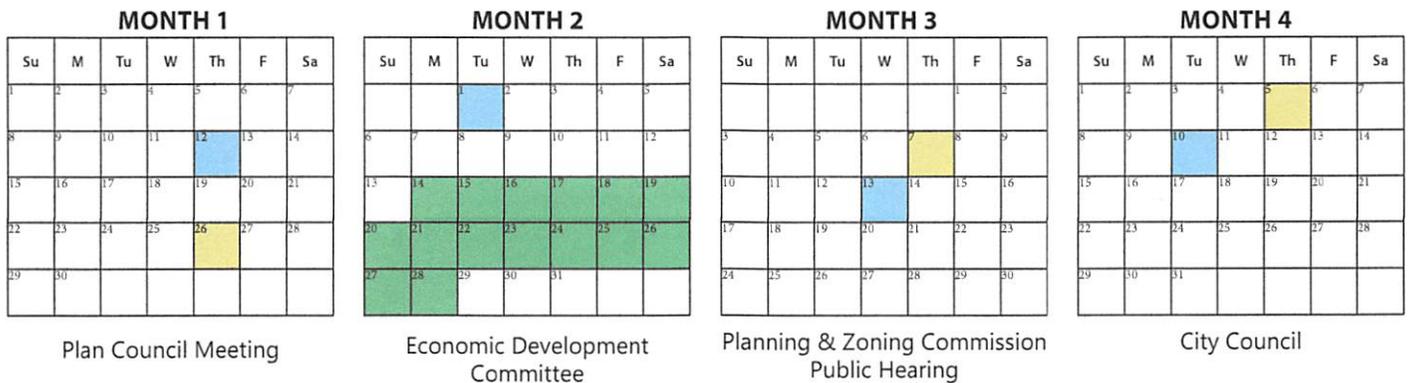

PETITIONER

- Signed and Notarized Application
- Required Plans, Exhibits, and Fees
- Certified Mailing of Public Notice
- Signed Certified Affidavit of Mailings
- Attendance at All Meetings

CITY STAFF

- Detailed Schedule After Complete Submission
- Public Hearing Notice Language
- Posting of the Public Notice in a Local Newspaper
- Public Hearing Sign Application
- Draft Ordinance & Signatures for Recording

SAMPLE MEETING SCHEDULE

This is a sample of what a schedule may look like after submission. The Step 1 Submission must be completed before the Plan Council Meeting can be scheduled. This timeline represents an ideal schedule. Throughout the review process, there may be requests or changes to the submission requested by the committees which may delay the meeting schedule. As illustrated, there is a small amount of time between meeting dates and the deadline for updated materials to be submitted for review. Depending on the complexity and nature of the request, this timeline may be extended to give the petitioner and staff enough time to review requested updates to the submission.

APPLICATION FOR VARIANCE

DORMANT APPLICATIONS

The Community Development Director shall determine if an application meets or fails to meet the submission requirements. If the Director determines that the application is incomplete it will become dormant under these circumstances:

- The applicant has been notified of such deficiencies and has not responded or provided a time line for completing the application within ninety (90) days from the time of notification.
- The applicant has not responded in writing to a request for information or documentation from the initial planning and zoning commission review within six (6) months from the date of that request.
- The applicant has not responded to a request for legal or engineering deposit replenishment for city incurred costs and fees within ninety (90) days from the date of the request.

If the Community Development Director has sent the required notice and the applicant has not withdrawn their application or brought it into compliance, then the director shall terminate the application. After termination, the application shall not be reconsidered except after the filing of a completely new application.

Withdrawal or termination of an application shall not affect the applicant's responsibility for payment of any costs and fees, or any other outstanding debt owed to the city. The balance of any funds deposited with the city that is not needed to pay for costs and fees shall be returned to the applicant. (Ord. 2011-34, 7-26-2011)

APPLICATION FOR VARIANCE

VARIANCE STANDARDS

PLEASE STATE THE VARIANCE REQUESTED AND THE CITY ORDINANCE INCLUDING THE SECTION NUMBERS TO BE VARIED:

Owner is requesting a variance to have portable storage units become permanent accessory structures, and therefore requesting variance from the following sections of the Zoning Ordinance:

Section 10-3-5-B

...No accessory building or structure shall be closer than ten feet (10') to any main building or closer to the public way than the principal building on any zoning lot.

Section 10-15-2-C

Expansion: A nonconforming use shall not be extended, expanded, enlarged or increased in any manner...

PLEASE STATE HOW THE PARTICULAR SURROUNDINGS, SHAPE OR TOPOGRAPHICAL CONDITIONS OF THE SPECIFIC PROPERTY INVOLVED, A PARTICULAR HARDSHIP TO THE OWNER WOULD RESULT, AS DISTINGUISHED FROM A MERE INCONVENIENCE, IF THE STRICT LETTER OF REGULATIONS WAS CARRIED OUT:

All parcels are intended to be square or rectangular in shape as consistent with the comprehensive plan and other development standards. However, the Property at issue is "L" shaped with reduced public way frontage and access. The Property and its current use predates the current Zoning Ordinance and any restriction to use accessory structures on the west half of the parcel. The principle buildings were erected far off the public way, on the east side of the parcel, and the thinner section of the parcel with reduced public way frontage, which constitutes the west half of the parcel, was left to accommodate accessory structures and improvements. At the time this "L" shaped lot and its use was planned, it conformed to the Zoning Ordinance in all respects. If the strict letter of the current Zoning Ordinance were enforced, a particular hardship resulting in the lost use of west half of the parcel would result.

PLEASE STATE HOW THE CONDITIONS UPON WHICH THE APPLICATION FOR A VARIATION IS BASED ARE UNIQUE TO THE PROPERTY FOR WHICH THE VARIATION IS SOUGHT AND ARE NOT APPLICABLE, GENERALLY, TO OTHER PROPERTY WITHIN THE SAME ZONING CLASSIFICATION:

The property is an "L" shaped/"flag" shaped lot, having ingress and egress behind Dunkin/Baskin Robbins, on its North side property line. All adjoining lots, and all other lots situated on this stretch of IL Rt 47, are rectangular or square in shape with ingress/egress driveways on IL Rt 47. The property uniquely orients its minimal traffic in and out to the North. The property further installed paved right of ways throughout to navigate the parcel and permit use of the parcel without direct access to IL Rt 47. No other parcel in the immediate area is "L" shaped having 50% reduced frontage property line on IL Rt 47. No other parcel in similarly oriented with access to its north side rather than IL Rt 47. The principal buildings on the parcel are situated on the East side of the parcel, whereas the other similarly zoned lots all situate their main buildings and parking to the east towards IL Rt 47.

PLEASE STATE HOW THE ALLEGED DIFFICULTY OR HARDSHIP IS CAUSED BY THIS TITLE AND HAS NOT BEEN CREATED BY ANY PERSON PRESENTLY HAVING AN INTEREST IN THE PROPERTY:

The property is legally non-conforming use as a self storage facility zoned B3 General Business District. The property has operated as a self storage facility since prior to the adoption of the current Zoning Ordinance, when such use conformed to B3 General Business District zoning classification. The "L" shape of the property preexists the current comprehensive plan. The Property was purchased, planned, developed and zoned as a self storage business all in keeping with the comprehensive plan and regulations as they existed at the time. The Owner's continued use of it's land has not changed but has rather been restricted by this Title which contemplated applicability to rectangular and square parcels of land oriented toward the public way with ingress and egress thereon. Moreover, it is likely that the Title was intended to prevent the expansion of non-conforming commercial activity along this stretch of IL Rt 47, but never intended to restrict or burden a self storage business from being allowed to continue it's existing operations in keeping with its current orientations.

Fax: 630-553-7575
Website: www.yorkville.il.us

APPLICATION FOR VARIANCE

VARIANCE STANDARDS

PLEASE STATE HOW THE GRANTING OF THE VARIATION WILL NOT BE DETRIMENTAL TO THE PUBLIC WELFARE OR INJURIOUS TO OTHER PROPERTY OR IMPROVEMENTS IN THE NEIGHBORHOOD IN WHICH THE PROPERTY IS LOCATED:

The self storage units are aesthetically pleasing and naturally partition two other private businesses with entry and parking lots on IL Rt 47. The Property is situated half behind one of those other businesses on IL Rt 47. The self storage business generates practically no noise and traffic, and acts as a buffer for those adjoining parcels. Owner remains committed to improving the property, low waste and high efficiency. Overflow parking from the adjoining Aldi and Dunkin/Baskin Robbins appreciate the rarely used parking spaces and low traffic provided by the self storage facility. Moreover, the purpose and use of the land serves to maintain clean storage for the community whereas alternative storage means pose more risk to public welfare.

PLEASE STATE HOW THE PROPOSED VARIATION WILL NOT IMPAIR AN ADEQUATE SUPPLY OF LIGHT AND AIR TO ADJACENT PROPERTY, OR SUBSTANTIALLY INCREASE THE CONGESTION IN THE PUBLIC STREETS, OR INCREASE THE DANGER TO THE PUBLIC SAFETY, OR SUBSTANTIALLY DIMINISH OR IMPAIR PROPERTY VALUES WITHIN THE NEIGHBORHOOD:

The proposed variation permits the continued operations of self storage, facilitates the continued orientation of low traffic to the north, and maintains safe and aesthetic use of the property in an organized fashion that buffers neighboring lots. The business generates virtually no noise, emissions, traffic, and waste. It permits the adequate flow of light and air to all adjacent property. It reduces congestion and merging onto IL Rt 47 by utilizing an entry on a drive shared with the adjacent Aldi. It poses no threat or nuisance to public safety and welfare. Moreover, it provides a public service of storage for the community which can thereby reduce otherwise dangerous and unsightly alternative storage measures, and ultimately increase property values.

AGREEMENT

I VERIFY THAT ALL THE INFORMATION IN THIS APPLICATION IS TRUE TO THE BEST OF MY KNOWLEDGE. I UNDERSTAND AND ACCEPT ALL REQUIREMENTS AND FEES AS OUTLINED AS WELL AS ANY INCURRED ADMINISTRATIVE AND PLANNING CONSULTANT FEES WHICH MUST BE CURRENT BEFORE THIS PROJECT CAN PROCEED TO THE NEXT SCHEDULED COMMITTEE MEETING.

I UNDERSTAND ALL OF THE INFORMATION PRESENTED IN THIS DOCUMENT AND UNDERSTAND THAT IF AN APPLICATION BECOMES DORMANT IT IS THROUGH MY OWN FAULT AND I MUST THEREFORE FOLLOW THE REQUIREMENTS OUTLINED ABOVE.

APPLICANT DEPOSIT ACCOUNT/ ACKNOWLEDGMENT OF FINANCIAL RESPONSIBILITY

PROJECT NUMBER:	FUND ACCOUNT NUMBER:	PROPERTY ADDRESS:	1602 N. Bridge Street Yorkville, IL 60560
<p>PETITIONER DEPOSIT ACCOUNT FUND: It is the policy of the United City of Yorkville to require any petitioner seeking approval on a project or entitlement request to establish a Petitioner Deposit Account Fund to cover all actual expenses occurred as a result of processing such applications and requests. Typical requests requiring the establishment of a Petitioner Deposit Account Fund include, but are not limited to, plan review of development approvals/engineering permits. Deposit account funds may also be used to cover costs for services related to legal fees, engineering and other plan reviews, processing of other governmental applications, recording fees and other outside coordination and consulting fees. Each fund account is established with an initial deposit based upon the estimated cost for services provided in the INVOICE & WORKSHEET PETITION APPLICATION. This initial deposit is drawn against to pay for these services related to the project or request. Periodically throughout the project review/approval process, the Financially Responsible Party will receive an invoice reflecting the charges made against the account. At any time the balance of the fund account fall below ten percent (10%) of the original deposit amount, the Financially Responsible Party will receive an invoice requesting additional funds equal to one-hundred percent (100%) of the initial deposit if subsequent reviews/fees related to the project are required. In the event that a deposit account is not immediately replenished, review by the administrative staff, consultants, boards and commissions may be suspended until the account is fully replenished. If additional funds remain in the deposit account at the completion of the project, the city will refund the balance to the Financially Responsible Party. A written request must be submitted by the Financially Responsible Party to the city by the 15th of the month in order for the refund check to be processed and distributed by the 15th of the following month. All refund checks will be made payable to the Financially Responsible Party and mailed to the address provided when the account was established.</p>			
ACKNOWLEDGMENT OF FINANCIAL RESPONSIBILITY

Re: Yorkville Self Storage Variance Request – Ownership Change
1602 N. Bridge Street, Yorkville, IL

Community Development Department

On June 14, 2022, the subject property was sold by Jack and Rossetta Fletcher to the investment groups of CIG TSP LLC, GIG TSP AP LLC, CIG TSP CFP LLC, CIG TSP K&SM II LLC. Please be advised my office represents both the prior owner and the new owner of real property located at 1602 N. Bridge Street Yorkville, IL., dba, Yorkville Self Storage Facility. My client offers this letter as explanation for requesting the same variance for the application that was submitted to the United City of Yorkville on May 13, 2022.

Please advise if the United City of Yorkville would like any additional information regarding this matter or amendments to the application for variance.

Respectfully,

David Courtright

RE: Reinstatement of Permit #2021-0103 (Temporary Storage Units)
1602 N. Bridge Street, Yorkville IL, 60560
PIN # 02-28-126-006

Mr. Shorkey/Mr. and Mrs. Fletcher,

The above referenced permit issued to you on March 11, 2021 had been revoked effective 9/14/2021. This action was taken pursuant to the 2018 International Building Code, Section A105.6 Suspension or Revocation, which states "*The Building Official is authorized to suspend or revoke a permit issued under the provisions of this code whenever the permit is issued in error or on the basis of incorrect, inaccurate or incomplete information, or in violation of any ordinance or regulation or of any provision of this code.*"

As of January 31, 2022, permit #2021-0103 has been reinstated and shall be considered valid for a term of not more than six (6) months with a final termination date of July 31, 2022. This permit has been reinstated with the following conditions per the Community Development department:

1. The structures are permitted for six (6) months from the date of issuance.
2. The site maintains a minimum of two (2) off-street parking spaces.
3. If the owner(s) wants to have the structures permanently, they can apply for a variance.

Should you have any questions, please contact me via email at pratos@yorkville.il.us or via telephone at 630-553-8549.

CONDITIONS OF PERMIT

By signing below, I acknowledge and understand the conditions listed below associated with the issuance of a building permit. This includes all items listed for accessory structures as well as the more detailed conditions listed for my individual request.

<p>ALL ACCESSORY STRUCTURES (EXCLUDES FENCES)</p> <ul style="list-style-type: none"> No part of an accessory structure may be closer than five (5) feet from any side or rear property line; No part of an accessory structure may be closer than ten (10) feet to any main building; No accessory structure shall exceed fifteen (15) feet in height as measured from the mid-line of the roof; If the accessory structure is located on a reversed corner lot and within fifteen (15) feet of any adjacent residential property to the rear, no part of the structure may be located closer to the side lot line adjacent to the public street than a distance equal to sixty percent (60%) of the depth of the required front yard setback on the adjacent property; If the accessory structure is being constructed on an adjacent vacant lot owned by the same property owner, the sidewalks and parkway trees will be required to be installed prior to the issuance of an accessory structure which requires a building permit; and It is the responsibility of the property owner to verify if their accessory structure requires Home Owner's Association approval prior to construction. The City does not review, enforce, or keep copies of Home Owner's Association covenants.
<p>FENCE</p> <ul style="list-style-type: none"> The fence may be built up to the property line; The fence shall not extend beyond the front plane of the primary structure's façade; The fence may be constructed within an easement, though a separate hold harmless agreement must be signed; The fence must be erected so that the finished side of the fence faces outward or away from the lot; The property owner is responsible for locating property lines, prior to the installation of the fence; and If the fence is being constructed on an adjacent vacant lot owned by the same property owner, the sidewalks and parkway trees will be required to be installed prior to the issuance of a building permit; It is the responsibility of the property owner to verify if their fence requires Home Owner's Association approval prior to construction. The City does not review, enforce, or keep copies of Home Owner's Association covenants.
<p>DECK</p> <ul style="list-style-type: none"> No part of a free-standing deck may be closer than ten (10) feet to any main building, although decks attached to the primary structure on the property is permitted.
<p>POOL</p> <ul style="list-style-type: none"> Above ground pools higher than 48 inches do not require a fence but must have a removable/collapsible ladder; If the pool is lower than 48 inches or is an in-ground pool, the pool or yard must be fenced in or have an automatic pool cover that meets ASTM F1346 installed; Gates and doors on the fence must be self-closing and self-latching; and The release for the latch shall be no lower than 54 inch above grade.

It is the responsibility of the applicant to schedule inspections. Please schedule inspections 1 business day in advance.

Memorandum

To: Economic Development Committee
From: Krysti J. Barksdale-Noble, Community Development Director
CC: Bart Olson, City Administrator
Brad Sanderson, EEI, City Engineer
Date: May 31, 2022
Subject: **PZC 2022-12 Bristol Bay – Units 10 & 12 (Final Plats of Subdivision)**
Proposed Final Plat Approval for Multi-Family Townhome Units

Proposed Request:

The petitioner, Troy Mertz, on behalf of Bristol Bay Yorkville, LLC, is seeking Final Plat approval to subdivide approximately 20.5 acres into two (2) units consisting of 119 multi-family townhome lots in Unit 10 and 60 multi-family townhome lots in Unit 12 in Bristol Bay, for a total of 179 dwellings. Both units were previously approved final plats by the City Council in 2006 but were never recorded. The general location of the areas to be subdivided is north of Galena Road and west of Rosenwinkel Street just south of Units 11 and Unit 9 in the Bristol Bay subdivision.

The subject property, located immediately north of Galena Road and west of Rosenwinkel Street in the far northeast quadrant of the city, was originally annexed and approved as part of the Bristol Bay planned residential development in 2005. Although the Final Plat of Subdivision for Bristol Bay Unit 10 was approved via Resolution No. 2006-69 in August 2006 and Unit 12 was approved in October 2006 via Resolution 2006-98, neither was ever recorded. Per Section 11-2-3H of the Subdivision Control Ordinance, final plats must be recorded with the County Recorder of Deeds within thirty (30) days from the date of final approval, or final approval shall be considered null and void.

Bristol Bay Units 10 & 12

United City of Yorkville, Illinois
June 1, 2022

General PUD/Annexation Agreement Comments:

ARCHITECTURAL STANDARDS/APPEARANCE CODE

The original annexation agreement (Ord. 2005-34) provided general architectural renderings and stated that the residential improvements shall be constructed substantially consistent with those renderings or adhere to the City’s Appearance Code standards, whichever is the least restrictive. Additionally, Ord. 2005-34 requires the developer to impose covenants, conditions and restrictions relating to façade materials, accessory structures, and other building restrictions at the time of final plat submittal for each unit. Exhibit R of the original annexation agreement depicts the townhome product offered by the former developer (Centex/Pulte). The petitioner has provided elevations for the proposed new townhome product offered within these units. Below are images of products from Exhibit R and the proposed new townhome elevations.

Exhibit R of Original Annexation Agreement

Proposed New Townhome Dwelling Units

4-UNIT 1ST FLOOR MASTER TOWNHOME BUILDING

4-UNIT TOWNHOME BUILDING

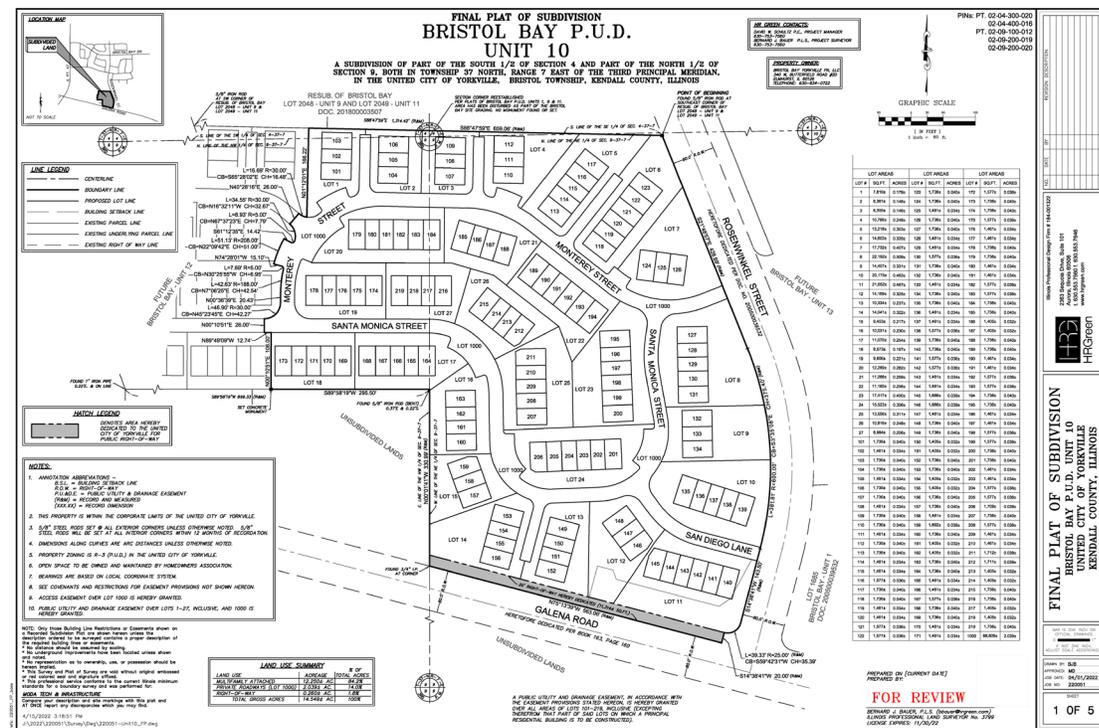

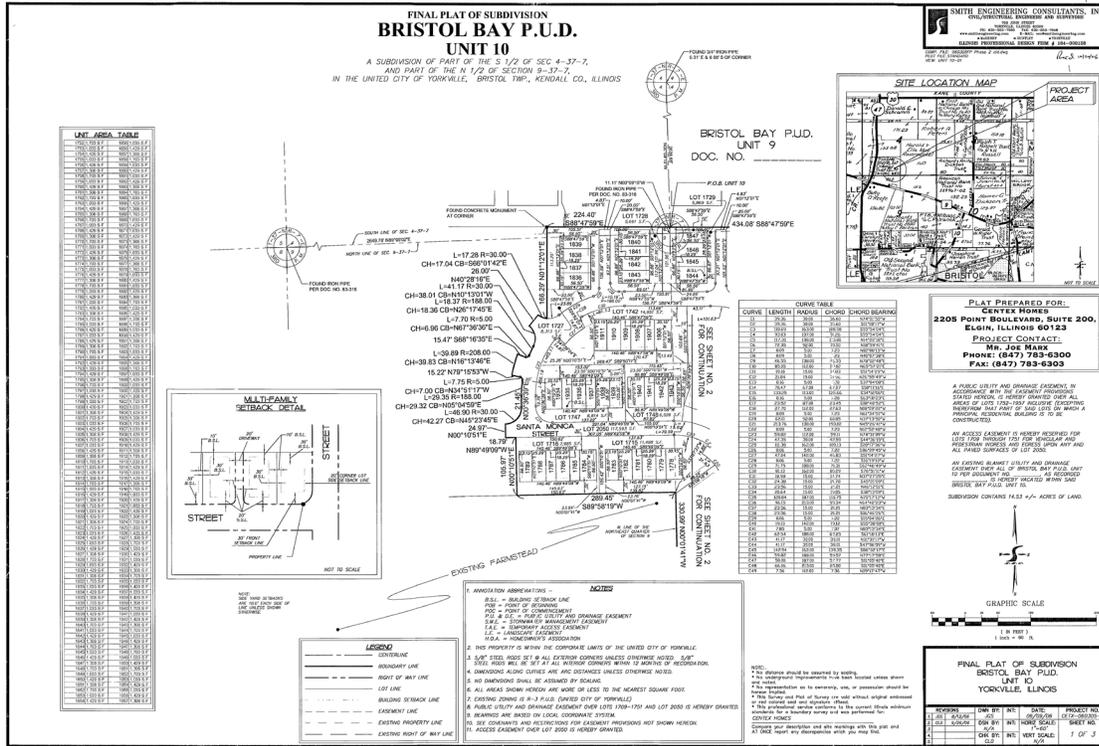

6-UNIT TOWNHOME BUILDING

Note, the proposed new townhome elevations have incorporated transom windows on center unit front doors, shake style siding on top quarter of side elevations that face the street and dormer with contrast color on rear elevations. This new product complies with the City’s current Appearance Code and the architectural standards of the Bristol Bay annexation agreement.

Proposed Unit 10 Final Plat of Resubdivision:

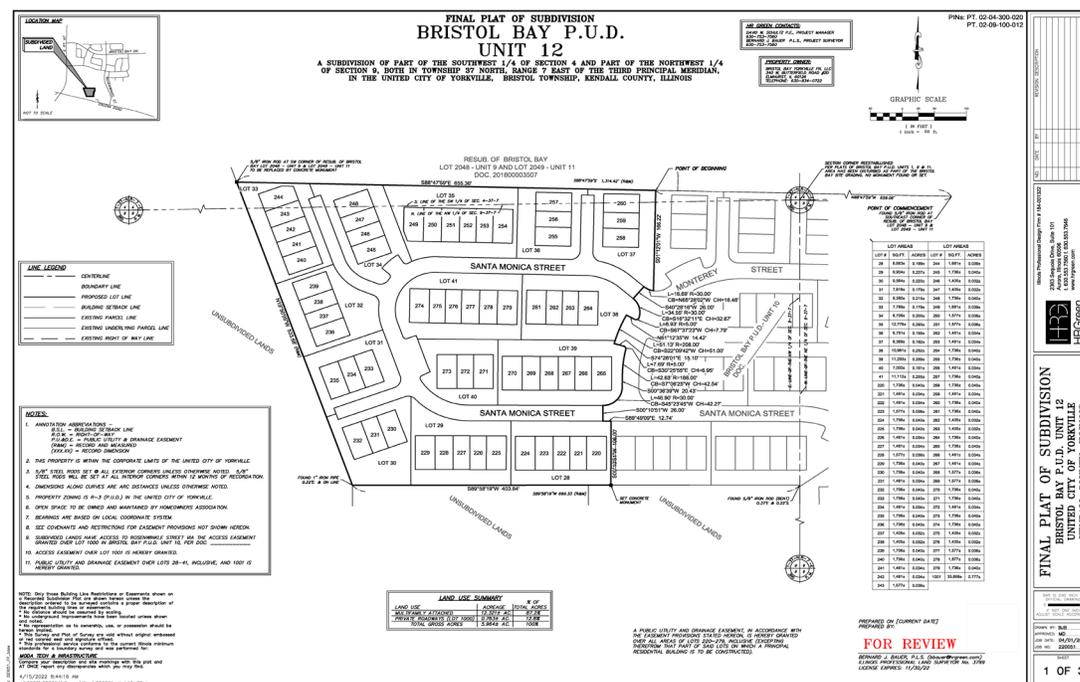

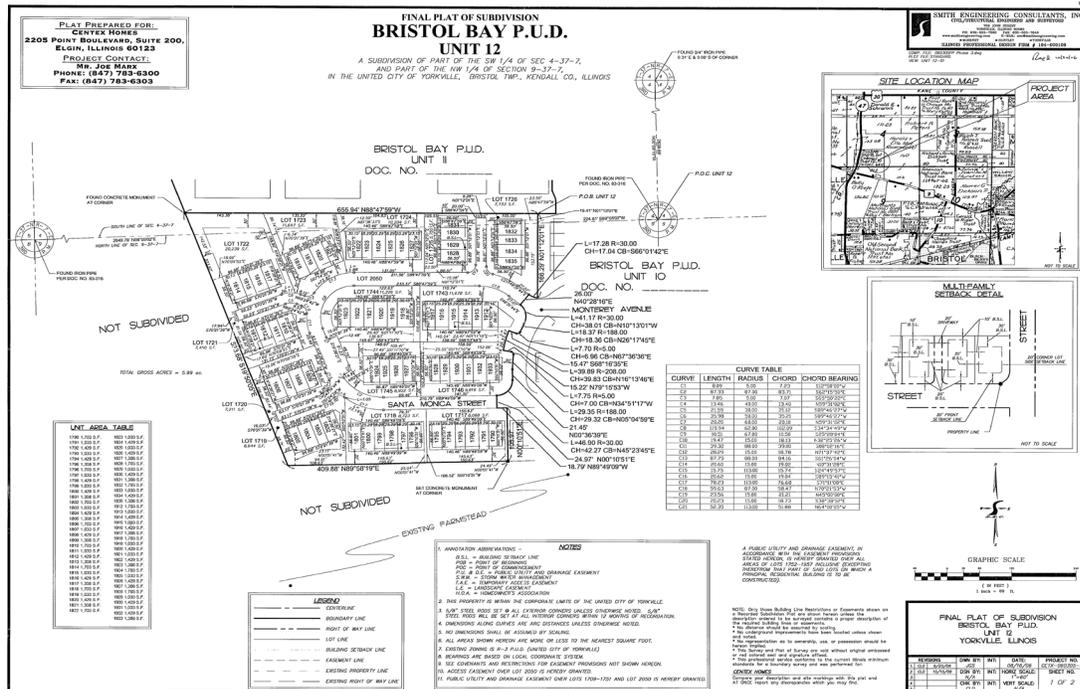

The proposed Final Plat of Subdivision for Bristol Bay P.U.D. Unit 10, as prepared by HR Green, illustrates the proposed 119 townhome dwelling units. The final plat deviates slightly from the previously approved final plat prepared by Smith Engineering Consultants, Inc. dated 09/26/06 which depicted 138 townhome dwelling units. The proposed final plat represents a reduction of 19 dwelling units (~13.77% decrease). Below are depictions of the originally approved Final Plat for Unit 10 and the proposed new Final Plat of Subdivision for Bristol Bay Unit 10.

It appears the reduction in overall lots are due to the change in overall townhome counts per building, with the majority of the reductions attributed to previously 5-6-unit buildings being reduced to 4-5 units. This occurs mostly within the central area of Unit 10 north/west of Santa Monica Street and south/east of Monterey Street. The lot sizes from the previously approved Unit 10 Final Plat ranged from 1,033 sq. ft. – 1,703 sq. ft. with an average lot size of 1,368 sq. ft. However, the lot sizes in the proposed Unit 10 Bristol Bay Final Plat range from 1,405 sq. ft. – 1,736 sq. ft. for an average lot size of 1,570.5 sq. ft.

Proposed Unit 12 Final Plat of Resubdivision:

Per the previously approved final plat for Unit 12 of the Bristol Bay PUD prepared by Smith Engineering Consultants, Inc. dated 10/10/06, there were a total of 68 townhome dwelling units. The proposed total number of dwelling units for the Unit 12 Final Plat of Bristol Bay is 60; a reduction of 8 dwelling units (~11.76% decrease). Additionally, lots within the northwest quadrant of Unit 12 appear to reorient dwelling units in lots 32, 33 and 34.

As in Unit 10, the lot sizes from the previously approved Unit 12 Final Plat ranged from 1,033 sq. ft. – 1,703 sq. ft. with an average lot size of 1,368 sq. ft. Lot sizes in the proposed Unit 12 Bristol Bay Final Plat range from 1,405 sq. ft. – 1,736 sq. ft. for an average lot size of 1,570.5 sq. ft. Below are depictions of the originally approved Final Plat for Unit 12 and the proposed new Final Plat of Subdivision for Bristol Bay Unit 12.

Density/Fiscal Analysis

Below is a density comparison of the currently approved dwelling count for the overall Bristol Bay Planned Unit Development (north and south of Galena Road), as amended by the recently approved Units 3 & 13, with the proposed dwelling count for Units 10 and 12:

Current Residential Land Use

Land Use	Dwelling Units (DU)	Dwelling Unit %	Gross Acreage	% of Total Acres	Density
Residential-Condominiums	624	30%	40.1	12.0%	15.6 du/ac
Residential-Townhomes	803	39%	94.0	29.0%	8.5 du/ac
Residential-Duplex	182	9%	32.7	10.0%	5.6 du/ac
Residential-Single Family	467	22%	162.9	49.0%	2.9 du/ac
TOTAL	2076	100.00%	329.7	100.00%	6.3 du/ac

Proposed Residential Land Use

Land Use	Dwelling Units (DU)	Dwelling Unit %	Gross Acreage	% of Total Acres	Density
Residential-Condominiums	624	30%	40.1	12.0%	15.6 du/ac
Residential-Townhomes	776	38%	94.0	29.0%	8.3 du/ac
Residential-Duplex	182	9%	32.7	10.0%	5.6 du/ac
Residential-Single Family	467	23%	162.9	49.0%	2.9 du/ac
TOTAL	2049	100.00%	329.7	100.00%	6.2 du/ac

Staff also evaluated the Bristol Bay lot count specifically for the units north of Galena Road and prepared the lot analysis chart below:

Currently Approved Lot Count

Proposed Lot Count

	Single-Family	Town-homes	Duplexes	Condos		Single-Family	Town-homes	Duplexes	Condos
Unit 1	0	0	0	288	Unit 1	0	0	0	288
Unit 2	0	142	0	0	Unit 2	0	142	0	0
Unit 3	0	139	0	0	Unit 3	0	139	0	0
Unit 4	44	0	0	0	Unit 4	44	0	0	0
Unit 5	76	0	0	0	Unit 5	76	0	0	0
Unit 6	51	0	0	0	Unit 6	51	0	0	0
Unit 7	37	0	0	0	Unit 7	37	0	0	0
Unit 8	0	0	0	0	Unit 8	0	0	0	0
Unit 9	0	0	0	96	Unit 9	0	0	0	96
Unit 10	0	138	0	0	Unit 10	0	119	0	0
Unit 11	0	0	0	240	Unit 11	0	0	0	240
Unit 12	0	68	0	0	Unit 12	0	60	0	0
Unit 13	69	0	0	0	Unit 13	69	0	0	0
SUBTOTAL	277	487	0	624	SUBTOTAL	277	460	0	624
GRAND TOTAL	1,388				GRAND TOTAL	1,361			

Considering the loss of twenty-seven (27) townhome dwelling units, there is no significant impact to the dwelling type mix or the density of the overall Bristol Bay development. The same is true for the units north of Galena Road, which results in an overall change in dwelling units from 1,388 to 1,361 (approx. 1.95% decrease). Additionally, the overall mixture of townhome dwelling units north of Galena Road changes from 35% of all dwelling types (487 of 1,388) to 34% (460 of 1,361), representing a decrease of approximately 1%.

However, the impact to anticipated City

building permit revenue loss is approximately \$440,000, as each townhome development generates approximately \$16,292.48 in building permit fees. The following chart outlines the anticipated impact in building permit revenue by line item:

United City of Yorkville Fee	Fee Amounts	Aggregate Total (x27)
Building Permit Fee¹	\$950	\$25,650
Water Connection Fee	\$4,761	\$127,547
Water Meter Fee	\$550	\$14,850
City Sewer Connection Fee	\$2,000	\$54,000
Water & Sewer Inspection Fee	\$25	\$675
Public Walks/Driveway Inspection Fee	\$35	\$945
Development Fees	\$4,409	\$119,043
<ul style="list-style-type: none"> • Public Walks (\$700) • Police (\$300) • Building (\$1,759) • Library (\$500) • Parks and Recreation (\$100) • Engineering (\$100) • Bristol-Kendall Fire (\$1,000) 		
Land Cash Fees	\$1,562.48	\$42,186.96
<ul style="list-style-type: none"> • Park (\$0) • School (\$1,562.48) 		
Road Contribution	\$2,000.00	\$54,000
TOTAL	\$16,292.48	\$438,896.96

Staff Comments:

The proposed Final Plats of Subdivision Bristol Bay P.U.D. for Units 10 and 12 have been reviewed by the City’s engineering consultant, Engineering Enterprises Inc. (EEI), for compliance with the Subdivision Control Ordinance’s Standards for Specification. Comments dated May 23, 2022 were provided to the applicant (see attached). The comments are minor in nature and will be addressed by the Petitioner prior to recordation. Staff supports approval of the proposed final plats.

This matter was discussed at the May 26, 2022 Plan Council meeting and is scheduled for the June 7, 2022 Planning and Zoning Commission meeting. Per Section 6, paragraph A of the annexation agreement for Bristol Bay (Ord. 2005-34), the City shall act upon any final plat and final engineering or resubmitted final plat and final engineering within sixty (60) days of receipt. Initial receipt of the completed application was on April 25, 2022. Based upon the required City meeting schedule, the

¹ Assumes an average of 1,500 square foot townhome unit.

final approval of the requested Final Plat Amendment is proposed for July 26, 2022. The petitioner has agreed to this timeline. Should you have any questions regarding this matter; staff will be available at Tuesday night's meeting.

Memorandum

To: Economic Development Committee
From: Krysti J. Barksdale-Noble, Community Development Director
CC: Bart Olson, City Administrator
Brad Sanderson, EEI, City Engineer
Date: June 29, 2022
Subject: **PZC 2022-14 Windett Ridge – Unit 2 (Final Plat of Subdivision)**
Proposed Final Plat Approval for Twelve (12) Single-Family Lots

Summary:

The petitioner, John McFarland, on behalf of CalAtlantic Group, LLC, is seeking Final Plat approval to subdivide the approximately 6.274-acre vacant parcel into 12 single-family units in Windett Ridge Unit 2. The proposed Final Plat would reduce the originally approved Windett Ridge Preliminary Plan for Unit 2 by four (4) residential lots to accommodate an approximately 55,000 square foot stormwater management easement and the required design and construction of a sanitary sewer lift station due to the site's topography.

Windett Ridge Unit 2 Location

United City of Yorkville, Illinois
June 29, 2022

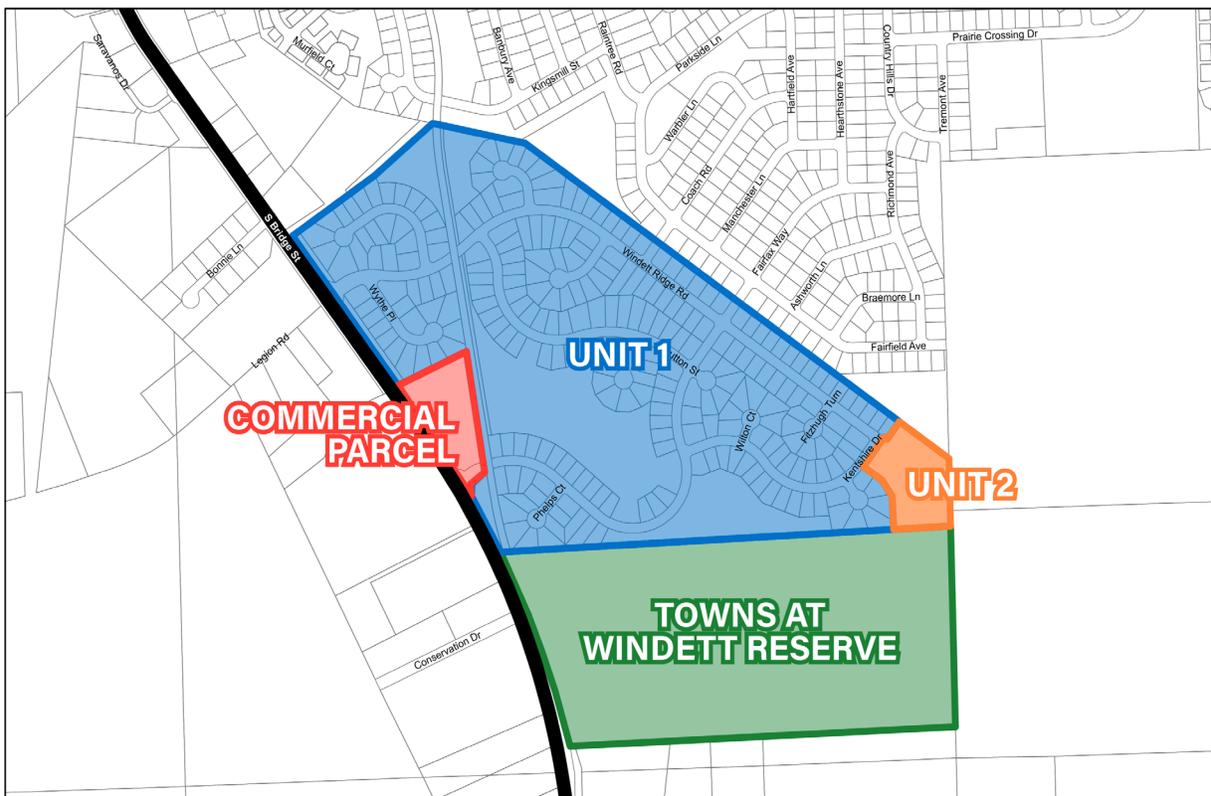

Project Background/Request:

The subject property, located east of South Bridge Street (IL Route 47) and south of Stagecoach Trail (IL Route 71) in the far southeast quadrant of the city, was originally approved as part of the Windett Ridge planned unit development in 2002 consisting of single-family, townhomes and a commercial site. Although the original developer, Wiseman Hughes, commenced construction of single-family homes in Unit 1, construction ceased in 2008 and the remaining undeveloped lots were sold.

In 2013, CalAtlantic (formerly Ryan Homes) became the successor developer/builder of the residential lots in Windett Ridge Unit 1 and the undeveloped Unit 2 parcel. As they neared completion of the 261 single-family homes in Unit 1 of Windett Ridge, CalAtlantic contacted City staff in 2018 to begin the process to Final Plat Unit 2 which consisted of sixteen (16) single family lots.

The original Windett Ridge PUD was approved anticipating the homesites in Unit 2 would be developed along with the townhome portion to the south, which was to be known as the Townes at Windett Reserve. As planned, the Townes at Windett Reserve would be engineered with a sanitary sewer lift station and an appropriately sized stormwater management basin to support both the single-family homesites in Unit 2 and the townhome development. However, the townhome parcel was purchased by another buyer, leaving the future development of the Townes at Windett Ridge uncertain.

Therefore, in order for the build-out of Windett Ridge Unit 2 to be complete, CalAtlantic has proposed to re-engineer this portion of the development to accommodate the list station and stormwater basin within the 6.274-acre site of Unit 2, resulting in a loss of four (4) single-family lots. This would bring the total entitled single-family units in Windett Ridge from 277 to 273, with Unit 1 having 261 single-family lots and Unit 2 having 12 single-family lots.

Prior Annexation Agreement Amendments:

In the last almost ten (10) years, the City has approved three (3) amendments to the Windett Ridge Annexation Agreement. Those agreement dealt with timing of infrastructure and punch list completion, fee/ordinance locks and contributions for enhanced park improvements. However, the following amendments relate specifically to the development of Unit 2 in Windett Ridge:

Ordinance 2013-51

Approved in 2013, this amendment set forth development obligations and performance deadlines related to the completion of infrastructure, payment of fees and development build-out. This amendment also provided the benefit of increased signage, building permit and code locks, as well as a hold on punchlist

APPLICATION FOR FINAL PLAT/REPLAT

INTENT AND PURPOSE

The purpose of this application is to allow land to be divided and distributed in a way that conforms to the City of Yorkville's standards. The process for applying for a final plat or replat allows for the review of a proposed layout of divided lots and establishes standard design specification to ensure adequate roadways for safe and efficient traffic circulation is provided; safeguard against flood damage; promotes access and availability of utilities; and requires the provision of other necessary public improvements.

This packet explains the process to successfully submit and complete an Application for Final Plat/Replat. It includes a detailed description of the process, outlines required submittal materials, and contains the application.

For a complete explanation of what is legally required throughout the process, please refer to "Title 11 Subdivision Control" of the Yorkville, Illinois City Code.

APPLICATION PROCEDURE

STEP

1

APPLICATION SUBMITTAL

SUBMIT APPLICATION, FEES, AND PLANS TO THE COMMUNITY DEVELOPMENT DEPT.

The following must be submitted:

- One (1) original signed and notarized application.
- Legal description of the property in Microsoft Word.
- Three (3) copies each of the exhibits and proposed drawings. All exhibits and plans must be an appropriate size for all details and descriptions to be legible.
- Appropriate application and filing fee. Checks may be written to the United City of Yorkville.
- Signed Applicant Deposit Account/Acknowledgment of Financial Responsibility form.
- One (1) electronic copy (PDF) of all materials submitted including application and exhibits.

Within one (1) week of submittal, the Community Development Department will determine if the application is complete or if additional information is needed. An incomplete submittal could delay the scheduling of the project.

The petitioner is responsible for payment of recording fees and outside consultant costs (i.e. legal review, engineering review, etc.). The petitioner will be required to establish a deposit account with the City to cover these fees.

Once submitted and complete, Community Development staff will provide a tentative schedule of meetings as well as all the needed documents for the process.

STEP

2

PLAN COUNCIL

MEETS ON THE 2ND & 4TH THURSDAY OF THE MONTH

This step is dependent on the complexity of the request and may be skipped at the discretion of staff.

The petitioner must present the proposed request to the Plan Council. The members of the Council include the Community Development Director, City Engineer, the Building Department Official, the Public Works Director, the Director of Parks and Recreation, a Fire Department Representative, and a Police Department Representative. This meeting is held to provide the petitioner with guidance from all City staff departments to ensure the petitioner is aware of all requirements and regulations for their development. Upon recommendation by the Plan Council, the petitioner will move forward to the Economic Development Committee.

United City of Yorkville
 800 Game Farm Road
 Yorkville, Illinois, 60560
 Telephone: 630-553-4350
 Fax: 630-553-7575
 Website: www.yorkville.il.us

APPLICATION FOR FINAL PLAT/REPLAT

STEP 3

ECONOMIC DEVELOPMENT COMMITTEE

MEETS ON THE 1ST TUESDAY OF THE MONTH

The petitioner must present the proposed plat to the Economic Development Committee. The committee consists of four alderman who will provide feedback to the petitioner regarding their request. This feedback allows the petitioner to gather comments and concerns prior to full City Council considerations. It also allows the City Council members to review the request prior to its arrival at City Council.

STEP 4

PLANNING & ZONING COMMISSION

MEETS ON THE 2ND WEDNESDAY OF THE MONTH

The petitioner will attend and present their plat to the Planning and Zoning Commission. The Planning and Zoning Commission will discuss the request and make a recommendation to City Council.

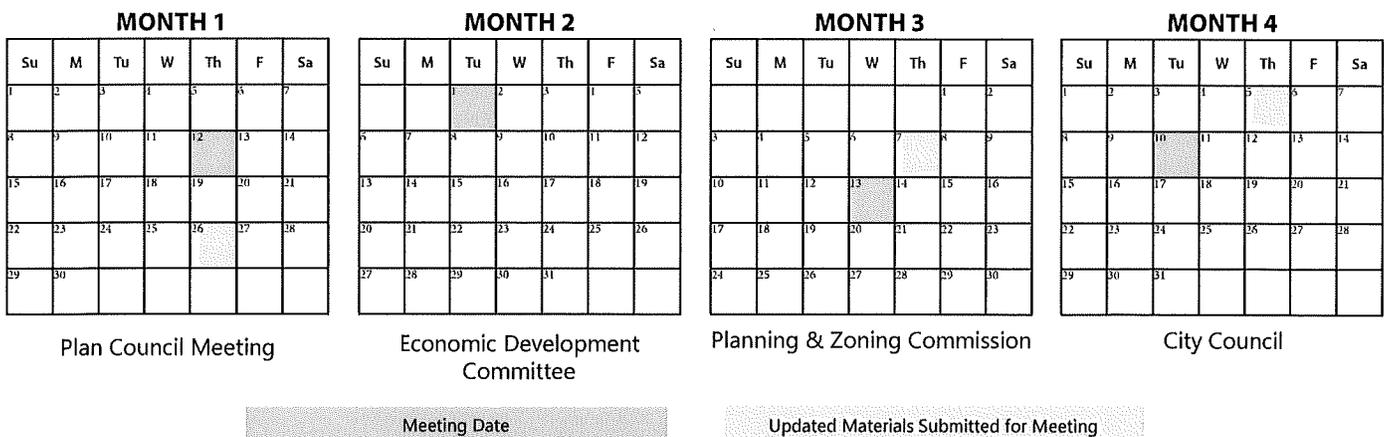

STEP 5

CITY COUNCIL

MEETS ON THE 2ND & 4TH TUESDAY OF THE MONTH

The petitioner will attend the City Council meeting where the recommendation of the plat will be considered. City Council will make the final approval of the plat. If approved, City staff will have a drafted ordinance to be signed by the Council and must be recorded with the County Clerk before any further steps may be taken by the petitioner.

SAMPLE MEETING SCHEDULE

This is a sample of what a schedule may look like after submission. The Step 1 Submission must be completed before the Plan Council Meeting can be scheduled. This timeline represents an ideal schedule. Throughout the review process, there may be requests or changes to the submission requested by the committees which may delay the meeting schedule. As illustrated, there is a small amount of time between meeting dates and the deadline for updated materials to be submitted for review. Depending on the complexity and nature of the request, this timeline may be extended to give the petitioner and staff enough time to review requested updates to the submission.

APPLICATION FOR FINAL PLAT/REPLAT

DORMANT APPLICATIONS

The Community Development Director shall determine if an application meets or fails to meet the submission requirements. If the Director determines that the application is incomplete it will become dormant under these circumstances:

- The applicant has been notified of such deficiencies and has not responded or provided a time line for completing the application within ninety (90) days from the time of notification.
- The applicant has not responded in writing to a request for information or documentation from the initial planning and zoning commission review within six (6) months from the date of that request.
- The applicant has not responded to a request for legal or engineering deposit replenishment for city incurred costs and fees within ninety (90) days from the date of the request.

If the Community Development Director has sent the required notice and the applicant has not withdrawn their application or brought it into compliance, then the director shall terminate the application. After termination, the application shall not be reconsidered except after the filing of a completely new application.

Withdrawal or termination of an application shall not affect the applicant's responsibility for payment of any costs and fees, or any other outstanding debt owed to the city. The balance of any funds deposited with the city that is not needed to pay for costs and fees shall be returned to the applicant. (Ord. 2011-34, 7-26-2011)

APPLICANT DEPOSIT ACCOUNT/ ACKNOWLEDGMENT OF FINANCIAL RESPONSIBILITY

PROJECT NAME:	FUND ACCOUNT NUMBER:	PROPERTY ADDRESS: Windett Ridge Road and Kentshire Drive
---------------	----------------------	--

PETITIONER DEPOSIT ACCOUNT FUND:

It is the policy of the United City of Yorkville to require any petitioner seeking approval on a project or entitlement request to establish a Petitioner Deposit Account Fund to cover all actual expenses occurred as a result of processing such applications and requests. Typical requests requiring the establishment of a Petitioner Deposit Account Fund include, but are not limited to, plan review of development approvals/engineering permits. Deposit account funds may also be used to cover costs for services related to legal fees, engineering and other plan reviews, processing of other governmental applications, recording fees and other outside coordination and consulting fees. Each fund account is established with an initial deposit based upon the estimated cost for services provided in the **INVOICE & WORKSHEET PETITION APPLICATION**. This initial deposit is drawn against to pay for these services related to the project or request. Periodically throughout the project review/approval process, the Financially Responsible Party will receive an invoice reflecting the charges made against the account. At any time the balance of the fund account fall below ten percent (10%) of the original deposit amount, the Financially Responsible Party will receive an invoice requesting additional funds equal to one-hundred percent (100%) of the initial deposit if subsequent reviews/fees related to the project are required. In the event that a deposit account is not immediately replenished, review by the administrative staff, consultants, boards and commissions may be suspended until the account is fully replenished. If additional funds remain in the deposit account at the completion of the project, the city will refund the balance to the Financially Responsible Party. A written request must be submitted by the Financially Responsible Party to the city by the 15th of the month in order for the refund check to be processed and distributed by the 15th of the following month. All refund checks will be made payable to the Financially Responsible Party and mailed to the address provided when the account was established.

ACKNOWLEDGMENT OF FINANCIAL RESPONSIBILITY

NAME: John McFarland	COMPANY: CalAtlantic Group, LLC
MAILING ADDRESS: 1700 East Golf Road, Suite 1100	
CITY, STATE, ZIP: Schaumburg, IL 60173	TELEPHONE: 224-293-3100
EMAIL: john.mcfarland@lennar.com	FAX: 224-293-3101

FINANCIALLY RESPONSIBLE PARTY:

I acknowledge and understand that as the Financially Responsible Party, expenses may exceed the estimated initial deposit and, when requested by the United City of Yorkville, I will provide additional funds to maintain the required account balance. Further, the sale or other disposition of the property does not relieve the individual or Company/Corporation of their obligation to maintain a positive balance in the fund account, unless the United City of Yorkville approves a Change of Responsible Party and transfer of funds. Should the account go into deficit, all City work may stop until the requested replenishment deposit is received.

KENDALL COUNTY RECORDER

EASEMENT PROVISIONS:

A NON-EXCLUSIVE EASEMENT FOR SERVING THE SUBDIVISION AND OTHER PROPERTY WITH ELECTRIC AND COMMUNICATION SERVICE IS HEREBY RESERVED FOR AND GRANTED TO:
COMMONWEALTH Edison COMPANY, AMERTECH ILLINOIS

THEIR RESPECTIVE LICENSEES, SUCCESSORS AND ASSIGNS, JOINTLY AND SEVERALLY TO CONSTRUCT, OPERATE, REPAIR, MAINTAIN, MODIFY, RECONSTRUCT, REPLACE, SUPPLEMENT, RELOCATE AND REMOVE, FROM TIME TO TIME, POLES, GUYS, ANCHORS, WIRES, CABLES, CONDUITS, MANHOLES, TRANSFORMERS, PEDESTALS, TRIM OR REMOVE TREES, BUSHES, ROOTS, SAPLINGS AND TO CLEAR OBSTRUCTIONS FROM THE SURFACE AND SUBSURFACE AS MAY BE REASONABLY REQUIRED INCIDENT TO THE RIGHTS HEREIN GIVEN, AND THE RIGHT TO ENTER UPON THE SUBDIVIDED PROPERTY FOR ALL SUCH PURPOSES. OBSTRUCTIONS SHALL NOT BE PLACED OVER GRANTEES' FACILITIES OR IN, UPON OR OVER THE PROPERTY WITHIN THE DASHED OR DOTTED LINES (OR SIMILAR DESIGNATION) ON THE PLAT AND MARKED "EASEMENT", "UTILITY EASEMENT", "PUBLIC UTILITY & DRAINAGE EASEMENT", "TUBE" (OR SIMILAR DESIGNATION), "UTILITY EASEMENT", "PUBLIC UTILITY & DRAINAGE EASEMENT", "TUBE" (OR SIMILAR DESIGNATION), WITHOUT THE PRIOR WRITTEN CONSENT OF THE GRANTEE. AFTER INSTALLATION OF ANY SUCH FACILITIES, THE GRADE OF THE SUBDIVIDED PROPERTY SHALL NOT BE ALTERED IN A MANNER SO AS TO INTERFERE WITH THE PROPER OPERATION AND MAINTENANCE THEREOF.

THE TERM "COMMON ELEMENTS" SHALL HAVE THE MEANING SET FORTH FOR SUCH TERM IN THE "CONDOMINIUM PROPERTY ACT", CHAPTER 765 ILCS 605/2, AS AMENDED FROM TIME TO TIME.

THE TERM "COMMON AREA OR AREAS" IS DEFINED AS A LOT, PARCEL OR AREA OF THE REAL PROPERTY, THE BENEFICIAL USE AND ENJOYMENT OF WHICH IS RESERVED IN WHOLE OR AS AN APPURTENANCE TO THE SEPARATELY OWNED LOTS, PARCELS OR AREAS WITHIN THE PLANNED DEVELOPMENT, EVEN THOUGH SUCH MAY BE OTHERWISE DESIGNATED ON THE PLAT BY TERMS SUCH AS "OUTLOTS", "COMMON ELEMENTS", "OPEN SPACE", "COMMON GROUND", "PARKING", AND "COMMON AREA". THE TERMS "COMMON AREA OR AREAS" AND "COMMON ELEMENTS" INCLUDE REAL PROPERTY SURFACED WITH INTERIOR DRIVEWAYS AND WALKWAYS, BUT EXCLUDES REAL PROPERTY PHYSICALLY OCCUPIED BY A BUILDING, SERVICE BUSINESS DISTRICT OR STRUCTURES SUCH AS A POOL, RETENTION POND OR MECHANICAL EQUIPMENT.

RELOCATION OF FACILITIES WILL BE DONE BY GRANTEE AT COST OF THE GRANTOR/LOT OWNER, UPON WRITTEN REQUEST.

EASEMENT PROVISIONS:

AN EASEMENT IS HEREBY RESERVED FOR AND GRANTED TO NORTHERN ILLINOIS GAS COMPANY, ITS SUCCESSORS AND ASSIGNS ("N-GAS"), TO INSTALL, OPERATE, MAINTAIN, REPAIR, REPLACE AND REMOVE, FACILITIES USED IN CONNECTION WITH THE TRANSMISSION AND DISTRIBUTION OF NATURAL GAS IN, OVER, UNDER, ACROSS, ALONG AND UPON THE SURFACE OF THE PROPERTY SHOWN ON THIS PLAT AND MARKED "PUBLIC UTILITY AND DRAINAGE EASEMENT", "TUBE", "COMMON AREA OR AREAS" AND "STREETS AND ALLEYS, WHETHER PUBLIC OR PRIVATE, AND THE PROPERTY DESIGNATED IN THE DECLARATION OF CONDOMINIUM AND/OR ON THIS PLAT AS "COMMON ELEMENTS", TOGETHER WITH THE RIGHT TO INSTALL, REPAIR, REPLACE, SUPPLEMENT, RELOCATE AND REMOVE, FROM TIME TO TIME, POLES, GUYS, ANCHORS, WIRES, CABLES, CONDUITS, MANHOLES, TRANSFORMERS, PEDESTALS, TRIM OR REMOVE TREES, BUSHES, ROOTS, SAPLINGS AND TO CLEAR OBSTRUCTIONS FROM THE SURFACE AND SUBSURFACE AS MAY BE REASONABLY REQUIRED INCIDENT TO THE RIGHTS HEREIN GIVEN, AND THE RIGHT TO ENTER UPON THE PROPERTY FOR ALL SUCH PURPOSES. OBSTRUCTIONS SHALL NOT BE PLACED OVER NORTH SHORE GAS FACILITIES OR IN, UPON OR OVER THE PROPERTY IDENTIFIED ON THIS PLAT FOR UTILITY PURPOSES WITHOUT PRIOR WRITTEN CONSENT OF NORTH SHORE GAS. AFTER INSTALLATION OF ANY SUCH FACILITIES, THE GRADE OF THE SUBDIVIDED PROPERTY SHALL NOT BE ALTERED IN A MANNER SO AS TO INTERFERE WITH THE PROPER OPERATION AND MAINTENANCE THEREOF.

SAID UTILITY INSTALLATIONS ARE SUBJECT TO THE APPROVAL OF THE THEN OWNERS OF THE SUBJECT PROPERTY AS TO NATURE AND LOCATION, WHICH APPROVAL SHALL NOT BE UNREASONABLY WITHHELD.

THE TERM "COMMON ELEMENTS" SHALL HAVE THE MEANING SET FORTH FOR SUCH TERM IN SECTION 605/2(1) OF THE "CONDOMINIUM PROPERTY ACT" (ILLINOIS COMPILATED STATUTES, CH. 765, SEC. 65/2(1)), AS AMENDED FROM TIME TO TIME.

THE TERM "COMMON AREA OR AREAS" IS DEFINED AS A LOT, PARCEL OR AREA OF REAL PROPERTY, INCLUDING REAL PROPERTY SURFACED WITH INTERIOR DRIVEWAYS AND WALKWAYS, BUT EXCLUDES REAL PROPERTY PHYSICALLY OCCUPIED BY A BUILDING, SERVICE BUSINESS DISTRICT OR STRUCTURES SUCH AS A POOL, RETENTION POND OR MECHANICAL EQUIPMENT.

GIVEN UNDER MY HAND AND SEAL THIS _____ DAY OF _____ 20____
IN ROSEMONT, ILLINOIS.

KENDALL COUNTY RIGHT TO FARM STATEMENT

NOTICE: KENDALL COUNTY HAS A LONG, RICH TRADITION IN AGRICULTURE AND RESPECTS THE ROLE THAT FARMING CONTINUES TO PLAY IN SHAPING THE ECONOMIC VIABILITY OF THE COUNTY. PROPERTY THAT SUPPORTS THIS INDUSTRY IS INDICATED BY A ZONING INDICATOR A-1 OR AG. SHOULD THE COUNTY BE REQUIRED TO REZONE ANY RESIDENCE USE FROM THIS ZONING SHOULD BE AWARE THAT NORMAL AGRICULTURAL PRACTICES MAY RESULT IN OCCASIONAL SMELL, AIR DUST, SIGHTS, NOISE, AND UNIQUE HOURS OF OPERATIONS THAT ARE NOT TYPICAL IN OTHER ZONING AREAS.

UNITED CITY OF YORKVILLE EASEMENT PROVISIONS PUBLIC UTILITY & DRAINAGE EASEMENT

A NON-EXCLUSIVE EASEMENT IS HEREBY RESERVED FOR AND GRANTED TO SBC AMERTECH, INCORP. COM ED, JONES INTERCABLE, OTHER PUBLIC UTILITIES, AND HOLDERS OF EXISTING FRANCHISES GRANTED BY THE CITY OF YORKVILLE, ILLINOIS, AND THEIR RESPECTIVE SUCCESSORS AND ASSIGNS WITHIN THE AREAS SHOWN ON THE PLAT AS "PUBLIC UTILITY & DRAINAGE EASEMENT" (TUBE) TO CONSTRUCT, INSTALL, RECONSTRUCT, REPAIR, REMOVE, REPLACE, INSPECT, MAINTAIN AND OPERATE UNDERGROUND TRANSMISSION AND DISTRIBUTION SYSTEMS AND LINES UNDER THE SURFACE OF THE "PUBLIC UTILITY & DRAINAGE EASEMENT", INCLUDING WITHOUT LIMITATION TO TELEPHONE CABLE, GAS MAINS, ELECTRIC LINES, CABLE TELEVISION LINES, AND ALL NECESSARY FACILITIES APPURTENANT THERETO, TOGETHER WITH THE RIGHT OF ACCESS THERETO FOR THE PERSONNEL AND EQUIPMENT NECESSARY AND REQUIRED FOR SUCH USES AND PURPOSES AND TOGETHER WITH THE RIGHT TO INSTALL REQUIRED SERVICE CONNECTIONS UNDER THE SURFACE OF EACH LOT TO SERVE IMPROVEMENTS THEREON.

A NON-EXCLUSIVE EASEMENT IS ALSO HEREBY RESERVED FOR AND GRANTED TO THE UNITED CITY OF YORKVILLE, ILLINOIS TO CONSTRUCT, INSTALL, RECONSTRUCT, REPAIR, REMOVE, REPLACE AND INSPECT FACILITIES FOR THE TRANSMISSION AND DISTRIBUTION OF WATER, STORM SEWERS, SANITARY SEWERS AND ELECTRICITY, WITHIN THE AREAS SHOWN ON THE PLAT AS "PUBLIC UTILITY & DRAINAGE EASEMENT", TOGETHER WITH A RIGHT OF ACCESS THERETO FOR THE PERSONNEL AND EQUIPMENT NECESSARY AND REQUIRED FOR SUCH USES AND PURPOSES.

THE ABOVE NAMED ENTITIES ARE HEREBY GRANTED THE RIGHT TO ENTER UPON EASEMENTS HEREIN DESCRIBED FOR THE USES HEREIN SET FORTH AND THE RIGHT TO CUT, TRIM, OR REMOVE ANY TREES, SHRUBS OR OTHER PLANTS WITHIN THE AREAS DESIGNATED AS "PUBLIC UTILITY AND DRAINAGE EASEMENT" WHICH INTERFERE WITH THE CONSTRUCTION, INSTALLATION, RECONSTRUCTION, REPAIR, REMOVAL, REPLACEMENT, MAINTENANCE AND OPERATION OF THEIR UNDERGROUND TRANSMISSION AND DISTRIBUTION SYSTEMS AND FACILITIES APPURTENANT THERETO, NO PERMANENT BUILDINGS, STRUCTURES, OR OBSTRUCTIONS SHALL BE CONSTRUCTED IN, UPON, OR OVER ANY AREAS DESIGNATED AS "PUBLIC UTILITY & DRAINAGE EASEMENT", BUT SUCH AREAS MAY BE USED FOR GARDENS, SHRUBS, TREES, LANDSCAPING, DRIVEWAYS, AND OTHER RELATED PURPOSES THAT DO NOT UNREASONABLY INTERFERE WITH THE USES HEREIN DESCRIBED.

THE OCCUPATION AND USE OF THE NON-EXCLUSIVE EASEMENT HEREIN GRANTED AND RESERVED FOR THE ABOVE NAMED ENTITIES BY EACH OF SUCH ENTITIES SHALL BE DONE IN SUCH A MANNER SO AS NOT TO INTERFERE WITH OR PRECLUDE THE OCCUPATION AND USE THEREOF BY OTHER ENTITIES FOR WHICH SUCH EASEMENTS ARE GRANTED AND RESERVED. THE CROSSING AND EASEMENT AREAS SHOWN ON THIS PLAT AS "PUBLIC UTILITY & DRAINAGE EASEMENT" SHALL BE DONE IN SUCH A MANNER SO AS NOT TO INTERFERE WITH, DAMAGE, OR DISTURB ANY TRANSMISSION AND DISTRIBUTION SYSTEMS AND FACILITIES APPURTENANT THERETO EXISTING WITHIN THE EASEMENT OR RECONSTRUCTED OR RECREATED OR RECREATED OR RECREATED EASEMENTS BY THE ABOVE NAMED ENTITIES SHALL CAUSE ANY CHANGE IN GRADE OR IMPAIR OR CHANGE THE SURFACE DRAINAGE PATTERNS.

FOLLOWING ANY WORK TO BE PERFORMED BY THE UNITED CITY OF YORKVILLE IN THE EXERCISE OF ITS EASEMENT RIGHTS HEREIN GRANTED, SAID CITY SHALL HAVE NO OBLIGATION WITH RESPECT TO SURFACE RESTORATION, INCLUDING BUT NOT LIMITED TO, THE RESTORATION, REPAIR OR REPLACEMENT OF PAVEMENT, CURB, GUTTERS, TREES, LAWN OR SHRUBBERY PROVIDED, HOWEVER, THAT SAID CITY SHALL BE OBLIGATED FOLLOWING SUCH MAINTENANCE WORK, TO BACKFILL AND MOUND ALL TRENCH CREATED SO AS TO RETAIN SUITABLE DRAINAGE TO EXISTING ASPHALT OR CONCRETE SURFACES. SURFACE RESTORATION SHALL EXCESS DEBRIS AND SPILL AND TO LEAVE THE MAINTENANCE AREA IN A GENERALLY CLEAN AND WORKMANLIKE CONDITION.

LENNAR®

NATIVE SEED MIXTURES

A. Temporary Cover Crop:

Cover crops shall be installed in all planting areas containing dry mesic, mesic, and wet mesic soils, to stabilize soils, and combat weed pressure during the germination and establishment of the native seeding area.

For spring plantings use Seed Oats at the specified rate below:

Botanical Name	Common Name	lbs./AC.
Avena sativa	Seed Oats	30.0 lbs.

For fall or dormant plantings, use Regreen at the specified rates below:

Botanical Name	Common Name	lbs./AC.
Triticum aestivum	Regreen	10.0 lbs.

B. Emergent Plantings - Stormwater Basin Bottoms in areas with 6" water depth

Botanical Name	Common Name	lbs./AC.	Plugs/AC.
Acorus calamus	Sweet Flag	0.500	494
Alisma subcordatum	Water Plantain	1.250	494
Iris virginica shrevei	Blue Flag	0.500	494
Juncus effusus	Common Rush	0.500	494
Leersia Oryzoides	Rice Cut Grass	1.250	494
Pontederia Cordata	Pickersweed	0.250	494
Sagittaria latifolia	Common Arrowhead	1.250	494
Scirpus cactus	Hardstem Bulrush	0.130	988
Scirpus Fluvialis	River Bulrush	1.000	494
Scirpus pungens	Chairmakers Rush	0.250	494
Scirpus validus	Great Bulrush	0.500	988
Sparganium eurycarpum	Bur Reed	1.000	494
Total:		8.750	5434

C. Wet Meadow Seed Mixture - Lower slopes of basin

Botanical Name	Common Name	lbs./AC.
Carex bebbii	Bebbs Oval Sedge	0.250

GENERAL NOTES

- Contractor shall verify underground utility lines and is responsible for any damage.
- Contractor shall verify all existing conditions in the field prior to construction and shall notify landscape architect of any variance.
- Material quantities shown are for contractors convenience only. The Contractor must verify all material and supply sufficient materials to complete the job per plan.
- The landscape architect reserves the right to inspect trees and shrubs either at place of growth or at site before planting, for compliance with requirements of variety, size and quality.
- Work shall conform to American Standard for Nursery Stock, State of Illinois Horticultural Standards, and Local Municipal requirements.
- Contractor shall secure and pay for all permits, fees, and inspections necessary for the proper execution of this work and comply with all codes applicable to this work.
- See General Conditions and Specifications for landscape work for additional requirements.
- Landscape Plan shows details & locations for seat walls & raised planters, all other walls are specified on engineering plans.

SHEET NO.	

I. GENERAL SPECIFICATIONS

A. Scope of Work

- This work shall consist of preparing the planting beds, seedbed or ground surface, and furnishing, transporting and placing plants, mulch, seed, sod, fertilizer and other materials required in the specified operations.
- Planting required for this work is indicated on the Landscape Plans and, in general consists of the following:
 - The establishment of trees, shrubs, perennials, annuals, lawn and natural areas as shown on the Landscape Plans;
 - The provision of post-planting management as specified herein;
 - Any remedial operations necessary for conformance with The Landscape Plans as specified in this document;
 - The design, furnishing and installation of a complete underground sprinkler system at locations noted on plan.

B. General

- Permits

The Landscape Contractor shall be responsible for obtaining any permits required for the completion of the work and shall be responsible for the cost of the same.
- Field Verification

Upon notice to begin work the Landscape Contractor shall verify all existing conditions of the site and shall report any conditions that will impede the beginning of work to the Landscape Architect in writing. The Landscape Contractor shall examine areas, conditions, grades, soils and water levels under which work is to be performed and notify the Landscape Architect of conditions detrimental to the proper and timely completion of the work.

- Existing Utilities

The Landscape Contractor shall verify location of all underground utilities before construction. Contact J.U.L.I.E at 1.800.892.0123; 48 hours prior to digging. Notification of any disturbance of existing utilities shall be given to the Landscape Architect immediately. Should uncharted or incorrect utilities be encountered, notify the Landscape Architect immediately.
- Inspections of Project

During the construction period, all phases of work shall be available for inspections by the Landscape Architect. All plant material shall be subject to inspection and approval, and the Landscape Architect reserves the right to reject any plants which fail to meet the standards of this inspection. The Landscape Architect reserves the right to inspect nursery stock either at place of growth or at site for compliance with requirements of variety, size and quality.

C. Quality Assurance

- The Landscape Contractor shall provide at least one person who shall be present at all times during execution of this portion of the work and who shall be thoroughly familiar with the type of materials being installed and the best methods for their installation and who shall direct all work performed under This Section and shall comply with work site requirements.
- The Landscape Contractor must verify with the Landscape Architect at the commencement of work that he has the most current set of plans for the project and that one set of the current plans, clearly marked "Field Set", must be on the jobsite at all times.
- The Landscape Contractor shall provide protection for structures, utilities, roads, trees and vegetation from damages caused by settlement, undermining, washout and other hazards created by landscape operations.
- The Landscape Contractor shall provide and maintain fences, planking, guard lights, barricades, warning signs and guards as necessary for protection of material storage, curbs, sidewalks, streets, drives and adjoining property.
- Any damage to utilities, structures, plantings, or lawns which result from the Landscape Contractor's course of work will be repaired at the Landscape Contractor's expense, to the satisfaction of the Landscape Architect, in a reasonably timely manner with as little inconvenience to the Owner as possible.
- Existing trees, shrubs and plant material to remain shall be protected. Damage to existing plants which result from the Landscape Contractor's course of work shall be repaired by a qualified nurseryman or replaced with approved material per village ordinance at the expense of the Landscape Contractor.
- All planting techniques and methods shall be consistent with the latest edition of "Horticulture Standards of Nurseryman" and as detailed on the drawings.
- Landscape Contractor shall maintain all relevant erosion control devices destroyed or disrupted during landscape installation. Erosion control devices include measures shown on the approved erosion control plans, plus any additional measures deemed necessary by the Owner or public agency having jurisdiction over erosion control. Erosion control devices include, but are not limited to, silt fence, straw bales, erosion control logs, filter fabric in storm structures, filter baskets ditch checks and siltation basins.

D. Substitutions

- Substitution from the approved plans will be accepted only when satisfactory evidence in writing is submitted to the Landscape Architect, showing that the plant specified is not available.
- Landscape Contractor shall submit request for approval to substitute plant material available and shall include Common and Botanical names and size of substitute material.
- Only those substitutions of equivalent size and having essential characteristics similar to the originally specified material will be approved.
- Acceptance or rejection of substitute plant materials will be issued in writing by the Landscape Architect, following approval by Lennar Homes and the governing Municipality or Regulatory Agency.
- Any unauthorized substitutions will be removed and replaced by the Landscape Contractor at the expense of the Landscape Contractor.

E. Submittals

- Nursery List: In Bid Proposal Form Landscape Contractor shall identify a list of area nurseries from where nursery stock for the job will be obtained.
- Materials List: Before any plant materials are delivered to the job site, submit to the Landscape Architect a complete list of all plants and other items to be installed and the nursery sources.
- Certification of Inspection: Shall accompany each shipment of plants as may be required by law for transportation. File certificates with the Landscape Architect prior to acceptance of the material. Inspection by Federal or State authorities at place of growth does not preclude rejection of the plants at the site.
- Planting Schedule: Submit proposed planting schedule with dates for review and inspection of plants by the Landscape Architect prior to planting.
- Soil Tests: Submit two (2) copies of soils test of existing topsoil with recommendations for soil amendments for Landscape Architect's review.
- Seed: Submit seed vendor's certification for required grass seed mixture, indicating percentage by weight, and percentage of purity, germination, and weed seed for each grass species and date tested.
- Sod: Submit sod grower's certification of grass species. Identify source location in Bid Proposal Form.
- Mulch and Erosion Control Blankets: Submit two (2) sample of shredded hardwood bark mulch, erosion control blankets, and all other products and materials as specified on plans to Landscape Architect for review and written approval.
- Maintenance Instructions: Submit to the Landscape Architect typewritten instructions recommending procedures to be established by the Owner for the maintenance of landscape work after preliminary acceptance of plantings and turf areas. Submit prior to beginning of warranty period. Instructions shall include: watering, fertilizing, spraying, mulching and pruning for plant material and trimming groundcover. Instructions for watering, fertilizing and mowing grass areas shall be submitted prior to request for preliminary inspection for acceptance.

F. Product Handling

- Delivery and Storage
 - Deliver all items to the site in their original containers with all labels intact and legible at the time of inspection.
 - Immediately remove from the site all plants which are not true to name and all materials which do not comply with the provisions of these Specifications.
 - Use all means necessary to protect plant materials before, during, and after installation and to protect the installed work and materials of all other trades.
 - Cover all plant material transported in open vehicles with a protective covering to prevent windburn.

2. Time of Planting

- All planting shall be performed during favorable weather conditions and only during normal and accepted planting seasons when satisfactory growing conditions exist.
- The planting operations shall not be performed during times of extreme drought, when ground is frozen or during times of other unfavorable climatic conditions unless otherwise approved by the Landscape Architect. The Landscape Contractor assumes full and complete responsibility for such plantings and operations.

G. Materials

1. Plant Material

- Provide plants typical of their species or variety with normal, densely developed branches and vigorous, fibrous root systems. Provide only sound, healthy, vigorous plants free from defects, disfiguring knots, sunscald injuries, frost cracks, abrasions of the bark, plant diseases, insect eggs, borers, and all forms of infestation. All plants shall have a fully developed form without voids and open spaces.
- Balled and burlapped plants shall have a firm natural ball of earth of sufficient diameter and depth to encompass the fibrous and feeding root system necessary for full recovery of the plant. Provide ball sizes complying with the latest edition of the "American Standard for Nursery Stock". Cracked or mushroomed balls are not acceptable
 - Tree spade transplanting is acceptable for plants 6" caliper and larger after acceptance of plant by the Landscape Architect. Tree spade must be of a size generally accepted in the trade to safely move the tree size.
 - Container grown stock shall be grown in a container for a sufficient length of time for the root system to have developed to hold its soil together, firm and whole.
 - No plants shall be loose in the container.
 - Container stock shall not be pot bound.
 - All container plants used on the project shall conform to the sizes indicated on the plant list and on the drawings.
 - No evidence of wounds and/or pruning cuts shall be permitted unless approved by the Landscape Architect.
 - When specified by caliper, provide shade and ornamental trees with a single main trunk. When specified by height, provide shade and ornamental trees as multi-stemmed plants with not less than three main trunks and side branches that are generous and well twigged.
 - Evergreen trees shall be branched to the ground unless otherwise specified and accepted.
 - Provide plants matched in form when arranged in groups.
 - All plants shall be nursery grown under climatic conditions similar to those in the locality of the project for a minimum of two years. Comply with sizing and grading standards of the latest edition of "American Standards of Nursery Stock" A plant shall be dimensioned as it stands in its natural position. No plants shall be loose in the container.
 - Shade Tree and Ornamental Tree caliper shall be measured at a point on the trunk six (6) inches above natural ground line for trees up to and including four (4) inches in diameter, and at a point twelve (12) inches above the natural ground line for trees over four (4) inches in diameter.
 - Height of Evergreen Trees is measured from the natural ground line to the first lateral branch closest to the top.
 - Height of Clump Ornamental Trees is measured from the natural ground line to the beginning last year's growth.
 - Shrub and small plants shall meet the requirements for spread and/or height indicated on the plant list and with not less than the minimum number of canes required by ANSI Z60.1 for the type and height of shrub required.

2. Sub-drainage Systems

- Provide piping types and sizes indicated. Provide matching reducers, adapters, couplings, fittings and accessory components to ensure continuity of the sub-drainage system.
 - Plastic tubing shall be ASTM F405, corrugated Polyethylene drainage tubing, perforated or solid as required.
 - Sub-drainage fill shall be AASHTO M43 (3/8" to 3/4") clean uniformly graded stone or gravel.
 - Sub-drainage filter fabric shall be DuPont "Typar" or other non-woven porous polypropylene fabric approved by the Landscape Architect.

3. Grass Seed

- All seeds shall be guaranteed by the vendor to be true to name and variety.
- Seed mixtures shall be fresh, clean new crop with a tolerance for purity and germination established by the Official Seed Analysts of North America. Seed will not contain any noxious weed seeds.
- Seed mixtures shall be proportioned by weight and shall be as specified on the drawings. If no seed mix is specified, the following general turf seed mix shall be used:
 - 65% Improved Kentucky Bluegrass (minimum three (3) varieties)
 - 25% Improved Perennial Ryegrass (minimum two (2) varieties with endophytes)
 - 10% Creeping Red Fescue

If this general turf seed mix is used, the Landscape Contractor must submit the vendor's seed varieties, composition and application rate to the Landscape Architect for approval prior to ordering.

4. Erosion Control Blanket

- Futerra environet seed blanket matting shall be used. Secure with 4" biostakes.

5. Sod

Sod used shall be an approved blend of improved Kentucky Bluegrass (such as: Midnight, Allure, Viva, Washington and Liberty) with a mineral back that is adapted to the locality of work. It shall be either nursery grown of field grown and be well rooted. The consistency of adherent soil shall be such that it will not break, crumble, or tear during handling and placing of the sod. Landscape Architect reserves the right to reject unacceptable sod.

- Each piece of sod shall be well covered with turf grass, shall not be less than two (2) years old, shall be free from noxious weeds and other objectionable plants, and shall not contain substances injurious to growth.
- All sod used shall comply with state and federal laws with respect to inspection for plant diseases and insect infestation.
- Each sod shipment shall be accompanied by an invoice from the vendor giving quantity and certifying that the sod received meets all requirements contained in these specifications.

6. Seed Fertilizer

- Fertilizer for seeded areas shall be a granular non-burning product from a commercial source composed of not less than 50% organic slow acting, guaranteed analysis professional fertilizer, uniform in composition, free flowing and suitable for application with approved equipment. Fertilizer types and ratios shall be as follows:
 - Starter fertilizer with an approximate analysis of 13-25-12 at the rate of 4 lbs. per 1,000 S.F. or similar composition approved by the Landscape Architect.
 - Post emergent fertilizer with an approximate analysis of 25-0-5 at a rate of 4 lbs. per 1,000 S.F. or similar composition approved by the Landscape Architect.

7. Sod Fertilizer

- Fertilizer for sod areas shall be a granular non-burning professional product from a commercial source, uniform in composition, free flowing and suitable for application with approved equipment. Fertilizer ratio shall be a ratio of 13-25-12 at the rate of 4 lbs. per 1,000 S.F.

8. Plant Fertilizer

- Fertilizer for plants shall be a granular non-burning standard commercial grade product, uniform in composition, free flowing and suitable for application with approved equipment and an analysis of 14-14-14 at the rate of 6 lbs. per 1,000 S.F.

9. Native Planting Mixtures

Provide fresh, clean, new crop of the species and proportions as specified. Native seed and live plant material shall be obtained from a reputable supplier (approved by Landscape Architect) that has collected from sources west of the Mississippi River within the same EPA Level III Ecoregion as the project site (Central Corn Belt Plains). Any material sourced from outside this ecoregion must be approved by the Landscape Architect prior to installation.

For each species, the amount of seed indicated on the specifications shall mean the total amount of pure live seed (PLS) per acre. Seed tags and PLS testing information shall be provided to the Landscape Architect prior to seeding.

It is the sole responsibility of the Native Landscape Contractor to provide approved seed that meets industry-standard PLS requirements.

10. Mulch

- Mulch for tree and shrub planting beds shall be dark shredded hardwood bark mulch, six month old, not larger than 4" in length and 1/2" in width, free of woodchips and sawdust. Submit sample to Landscape Architect for approval.
- Mulch for perennial flower, annual flower and groundcover planting beds shall be pinebark fines. Submit sample to Landscape Architect for approval.

11. Topsoil

- Topsoil shall be available adjacent to the community site for use on project or in backfill mixes as specified. Initial fine grading to be done by Excavation Contractor.
- Touch up movement and placement of this topsoil shall be at the sole expense of the Landscape Contractor.
- Topsoil stockpile placement will be coordinated with Excavator to ensure easy access to Contractor.

12. Planting Bed Soil Mixture (Perennial, Annual and Groundcover Beds)

- Provide planting soil mixture consisting of equal parts cooled mushroom compost and pinebark fines (Same as Midwest Trading CM30 mix) at 1 C.Y. per 100 S.F. incorporated into all perennial, annual and groundcover areas. Planting pits shall be excavated and fill with friable topsoil (stockpiled at site) to a depth of 8" prior to adding and incorporating planting bed soil mixture.

13. Accessories

- Water: Water provided by the Landscape Contractor shall be free of substances harmful to plant growth. All necessary hose piping, tank truck and other methods of transportation shall be supplied by the Landscape Contractor.
- Downspout Splash Areas:
 - Downspout splash areas in lawns shall be 24" concrete splash blocks.
 - Downspout splash areas in mulch shall be washed gravel sub-base 0.5-0.75" diameter and 3-4" diameter granite cobblestone surface with geotextile filter fabric lining sides and bottom of trench.
- Sand: Sand shall be coarse "torpedo" sand.
- Pea gravel: Pea gravel shall be 1/8" to 1/4" washed gravel.
- Retaining Walls: Retaining walls must always be installed in strict compliance with manufacture's recommendations for sizing and reinforcement
 - Retaining wall material shall be as specified on the drawings or as approved by the Landscape Architect
- Anti-Desiccant: Anti-Desiccant shall be an applicable emulsion which forms a transparent protective film over plant surface, permeable enough to permit transpiration. (Wilt-Pruf, manufactured by Nursery Specialty Products, Inc. or approved equal).
- Herbicide: Herbicide shall be a granular form of herbicide applied in shrub and ground cover beds in strict accordance with the manufacturer's directions and recommendations. Acceptable products are "Treflan", "Ronstar" or approved equal.

H. Installation and Execution

1. Inspection

- Prior to all work of this Section, carefully inspect the installed work of all other trades and verify that such work is complete to the point where this installation may properly commence. Verify that planting may be completed in accordance with the original design and the referenced standards. Work will commence only when satisfactory conditions exist.
- Check that grading, including spreading of topsoil and all other sub-surface work in lawn areas have been completed and accepted by Lennar Homes. Start of work in this section shall constitute acceptance of grade. Lawn irrigation system must be completed and in operation before seeding and sodding begins.
- Saturate and fill tree and shrub pits with water to test drainage before planting. Provide gravel drains and venting tubes at pits, which are more than half full of water after 24 hours.
- Landscape Contractor shall notify the Landscape Architect prior to plant installation. The Landscape Architect, at his discretion, may inspect all plant material and layout prior to planting.

2. Preparation

- Trees, Shrubs, Perennials, Annuals and Groundcovers
- Planting shall be performed only by experienced workmen familiar with planting procedures under the supervision of a qualified supervisor.
 - Locate plants as indicated or as approved in the field by the Landscape Architect after staking by the Landscape Contractor. If obstructions are encountered that are not shown on the drawings, do not proceed with planting operations until alternate locations have been selected by the Landscape Architect.
 - Excavate circular plant pits with tapered sides as shown on the drawing details. In general, all plant pits shall have a rounded bottom with the depth of the pit equal to the depth of the ball to be planted. The diameter of the pit shall be a minimum of two (2) times the width of the ball.
 - Excavate all clay and debris to 8" depth beneath all perennial, ornamental grass, annual flower, and groundcover beds. Backfill with 12" amended topsoil, thus resulting in all these areas being elevated or crowned by 4" wherever site drainage allows.

Seeding and Sodding

- Seed and sod bed preparation shall not be started until all stones, boulders, debris, and similar material larger than 1 inch in diameter have been removed. The area to be seeded shall be worked to a minimum depth of 6 inches with a disk or other equipment, reducing all soil particles to a size not larger than 1 inch in the largest dimension. Bed prep shall occur on the contour, where possible. The prepared surface shall be relatively free from all weeds, stones, roots, sticks, rivulets, gullies, crusting and caking. Do not overwork or powder final seedbed.
- Upon completion of the above, any rocks or stones larger than one (1) inch in diameter shall be removed from the surface prior to seeding. If excessive amount of rocks are present in native soil Contractor should contact the Landscape Architect immediately.
- Landscape Contractor shall remove all debris and dispose of such material legally off-site.
- The areas to be seeded shall be assumed to be at final grades established by Excavator. The Landscape Contractor, however, shall be responsible for the proper drainage of the entire area. The Landscape Contractor shall fine grade all turf areas including any grading necessary to eliminate ponding of water, ruts or ridges. Limit preparation to areas which will be grassing within 48 hours.
- Immediately prior to the seed and sod bed preparation, specified fertilizer nutrients shall be uniformly spread at the following rate:
 - 5 lbs. per 1000 S.F.
- Final surface of topsoil immediately before seeding shall be within plus or minus 1/2" of required elevation, with no pockets or low spots in which water can collect. Restore prepared areas to specific condition if eroded, settled, or otherwise disturbed after fine grading and prior to seeding or sodding. Finish grade surface with a drag or rake, round out all breaks in grade, smooth down all lumps and ridges, fill in all holes and crevices.
- In the event of settlement, re-adjust the work to required finish grade.

3. Planting

Plant nursery stock immediately upon delivery to the site and approval by the Landscape Architect. If immediate planting is not possible a holding area on-site must be established in a location approved by Lennar Homes. All plant material in the holding area must have the rootball heeled in damp mulch and be protected from excessive sun and wind. The Landscape Contractor must operate and maintain the holding area in a neat and orderly appearance.

All planting shall be performed during favorable weather conditions and only during normal and accepted planting seasons when satisfactory growing conditions exist. The planting operations shall not be performed during times of extreme drought, when ground is frozen or during times of other unfavorable climatic conditions unless otherwise approved by the Landscape Architect. The Contractor assumes full and complete responsibility for such plantings and operations.

Trees and Shrubs

- Set plant material in the planting pit to proper grade and alignment. Set plants upright, plumb and faced to give best appearance or relationship to each other or adjacent structure. Set plant material 2" above the adjacent grade. The Contractor is responsible for planting to correct grades and alignment and all plants shall be set so that when settled will bear the same relationship to finished grade as they did before being transported.
- Remove all non-biodegradable strings and twine from top of ball. Remove non-biodegradable burlap from to 1/3 of ball after the tree is set in the planting hole. The wire basket should remain. Fold the top portion of the wire basket into the hole.
- Any topsoil excavated from plant pits shall be used in the backfill soil mixture. No filling will be permitted

- around trunks or stems. Backfill the pit with topsoil. Do not use frozen or muddy mixture for backfilling. Form a ring of soil around the edge of each planting pit to retain water.
- After setting plants in pit to proper grade compact 6" of soil around base of ball. Fill the entire planting hole with water and allow to soak in. Gradually backfill remaining space around the ball or roots and compact the soil thoroughly using water to eliminate all voids and thoroughly soak the plant root ball.
 - Within 24 hours of planting slowly re-water the plant thoroughly soaking the root ball again.
 - Install enough topsoil to insure finished grades are met after settling.
 - All excess soil, other than topsoil, excavated from pits, shall be removed from the holes and left on site in locations designated by Lennar Homes.
 - After planting apply specified commercial pre-emergent herbicide per manufacturer's directions to all shrub beds.

Perennials, Ornamental Grasses, Annual Flowers and Groundcovers

- Where perennials, ornamental grasses, annual flowers and groundcovers are specified on the plans, prepare entire plant bed incorporating a 1 C.Y. layer of planting soil mixture per 100 S.F. Incorporate commercial 14-14-14 fertilizer into prepared soil mixture at an approximate rate of 6 lbs. per 1000 S. F.
- Space plants in accordance with dimensions indicated on the plans. Adjust spacing as necessary to evenly fill planting bed with indicated quantity of plants. Plant to within 18" of the trunks of trees and shrubs or at edge of plant ball whichever is closest. Plant to within 12" of edge of bed.
- After planting apply specified commercial pre-emergent herbicide per manufacturer's directions to all planting beds. Confirm herbicide compatibility with all plant material in beds and notify the Landscape Architect immediately if a conflict exists.

Seeding

- Install seed under favorable weather conditions unless approved by the Landscape Architect. The conditions of the guarantee apply regardless of the date of installation. The generally accepted times for seeding are:
 - Spring - April 1st to June 15th
 - Fall - September 15th to just before first frost
- Seed indicated areas within contract limits and areas adjoining contract limits disturbed as a result of construction operations.
- Seed with specified seed mix at rate specified on the drawings or at a rate of 5 lbs. per 1000 S.F.
- Broadcast Seeding: Using a broadcast seeder, sow seed evenly over entire area by sowing equal quantities in two directions at right angles to each other. Do not seed when wind speed exceeds five (5) miles per hour. Seeding by hand is not allowed.
- Following seeding the area shall be lightly raked to incorporate seed into top 1/8" to 1/4" of soil. Remove all stones and other debris greater than 1 inch in any dimension which are visible shall be removed and disposed of legally off-site. Areas shall then be smoothed by rolling with an hand roller.
- Mechanical Seeding: Using a "Brillion-type" seeder and cultipacker, sow seed evenly over entire area sowing equal quantities in two directions at right angles to each other. Using this method raking and rolling is not required.
- Following seeding, all seed areas will be covered with specified erosion control seed matting and stapled in place.
- Following seeding, raking and matting, the entire area shall be watered by use of lawn sprinklers or other means approved by the Landscape Architect. Landscape Contractor shall assure initial watering continues until the equivalent of two inches of water has been applied to entire seed surface, at a rate which will not dislodge the seed.
- Landscape Contractor shall assure watering is repeated thereafter as frequently as required to prevent drying of the surface and to ensure proper establishment.
- Landscape Contractor shall mow the lawn area as soon as top growth reaches a 3 inch height. Cut back to 2 inch height. Not more than 33% of grass leaf shall be removed at any single mowing. The contract shall include a minimum of 3 (three) mowings. Repeat mowing as required to maintain specific height until Landscape Architect issues preliminary acceptance of completed work.
- It shall be the Landscape Contractor's responsibility to determine and implement whatever procedures deemed necessary to establish the turf as part of the work. Reseed bare areas and provide erosion control as necessary until complete establishment achieved.
- Areas of seed installation will not be accepted unit it meets the growth coverage specifications detailed by Illinois Department of Transportation.

Sodding

- Transport sod in either a closed van or in properly covered open trucks.
- Maintain sod in a moist condition from cutting until placement. Any sod that has dried out, or excessively heated will be rejected and shall be immediately removed and legally disposed of off-site by the Landscape Contractor. Replacement of rejected sod shall be at the expense of the Landscape Contractor.
- Sod shall be placed within 24 hours of cutting. Do not use sod cut for more than 24 hours without the approval of the Landscape Architect.
- Sod shall be placed when the ground is in a workable condition and temperatures are less than 90oF. Do not lay dormant sod or install sod on saturated or frozen soil or during an extended drought.
- The sod shall be placed on the prepared surface with the edges in close contact and alternate courses staggered. Lay sod to form a solid mass with tightly-fitted joints. Butt ends and sides of sod strips. Do not overlap edges. Stagger strips to offset joints in adjacent courses. Remove excess sod to avoid smothering of adjacent grass. Provide sod pad top flush with adjacent curbs, sidewalks, drains, and seeded areas.
- In ditches, the sod shall be placed with the longer dimension perpendicular to the flow of water in the ditch. On slopes, install preliminary row of sod in a straight line, starting at the bottom of the slope, the sod shall be placed with the longer dimension parallel to the contours of the ground. Place subsequent rows parallel to and lightly against previously installed row. The exposed edges of sod shall be buried flush with the adjacent soil.
- All sod shall be rolled with a light drum roller to ensure contact with sub-grade, uniformly and foster root knitting.
- The sod shall be staked on all slopes of 3:1 or steeper to prevent slippage. Sod shall be staked with ±2 stakes per square yard of sod as necessary to stabilize with at least one stake for each piece of sod.
- Sodded areas shall be watered to ensure proper establishment. Sod shall be watered thoroughly with fine spray immediately after laying and not be allowed to dry out. Any sod that has shrunk shall be replaced. Landscape Contractor shall assure initial watering continues until the equivalent of two inches of water has been applied to entire sod surface, at a rate which will not dislodge the sod.
- Landscape Contractor shall assure watering is repeated thereafter as frequently as required to prevent drying of the surface and watering shall continue through preliminary acceptance to ensure proper establishment.
- Landscape Contractor shall mow the lawn area as soon as top growth reaches a 3 inch height. Cut back to 2 inch height. Not more than 40% of grass leaf shall be removed at any single mowing. The contract shall include a minimum of 3 (three) mowings. Repeat mowing as required to maintain specific height until Landscape Architect issues preliminary acceptance of completed work.

Native Seeding and Planting

- The period for planting prairie seed shall be between April 1st and June 15th, or as soon thereafter as the soil is free of frost and in workable condition, and from September 15 to freeze up. If these dates are adjusted, it shall be the responsibility of the Landscape Contractor to ensure establishment of the seed.
- Remove existing grass, vegetation and turf. Dispose of such material legally off-site. Do not turn over into soil being prepared for lawns.
- If present, compacted soils shall be disked or raked prior to seeding. Remedial measures for the access area may at the direction of the Wetland Consultant, involve ripping from 12-18 inches of the soil horizon prior to diskling.
- Prior to seeding, planting areas shall have at least twelve inches of clean un-compacted topsoil. Clumps, clods, stones of 2" diameter, roots and other extraneous matter shall be removed and disposed of legally off-site.
- Granular mycorrhizal inoculants shall be installed with the seed mix at a rate of 40 lbs/acre. Inoculant can be banded under seed, worked into seed or added into spray tanks. NATIVE AREAS SHALL NOT RECEIVE FERTILIZER.
- Contractor shall be solely responsible for the proper handling and storage of the seed according to the best seed handling and storage practices, including fungicide treatments and stratification considerations. Owner shall make no compensation for damage to the seed because of improper storage, cleaning, threshing or screening operations.

I. GENERAL SPECIFICATIONS CONTINUED

- g. Seeding operations, including installation of erosion control matting, must be accomplished within 24 hours of any area which is fine graded. Fine grade, plant and cover only areas small enough to be completed within the required time frame.
h. Except where site conditions preclude their use, seeding shall be performed using a Truax drill, Truax Trillion seeder, or comparable equipment designed specifically for the installation of native seed.
i. Do not seed when wind velocity exceeds five (5) miles per hour.
j. Prior to starting work, all seeding equipment shall be calibrated and adjusted to sow seeds at the proper seeding rate.
k. Seed mixture shall be as specified on the drawings or the specified Prairie planting mixture.
l. If a broadcast method of seeding is used, the following requirements shall be met.
m. If a drill-seed method is used, rolling of the seedbed will not be required.
n. After the seeding, raking and rolling operations are completed, water with a fine spray and install specified erosion control blanket per manufacturer's specifications over the entire prairie area.
o. The Landscape Contractor shall monitor all seeded areas to insure at least one inch of water per week from a combination of watering and natural rainfall and shall mow plantings to a height of 6-10 inches for the enhancement of native species until preliminary acceptance by the Landscape Architect.
p. It shall be the Landscape Contractor's responsibility to determine and implement whatever procedures deemed necessary to establish the turf as part of the work.
q. Wet mesic and emergent areas shall be planted and seed allowed to germinate (if possible), prior to the flooding with significant amounts of water.
r. After seeding operation is completed, install erosion control blanket per manufacturer's specifications.
s. Emergent plugs, if used, shall be planted in natural groupings within designed areas containing saturated soils or inundation.
t. Emergent plugs shall not be planted less than the specified rate and shall be protected with goose enclosures surrounding all natural groupings of plugs.

4. Preparation of Reconditioned Native Areas

The Contractor chosen for the enhancement and maintenance of native areas must be must be experienced in the restoration, installation, and management of said areas. They must have a minimum of five years' experience in the field and shall be able to identify non-native and native plants by genus and species. It is imperative that a qualified Native Landscape Contractor perform the initial installation and maintenance.

A basic work procedure is outlined below. The contractor is required to evaluate all existing conditions prior to bidding the work. Any proposed changes to the work plan shall be submitted to the Landscape Architect as required under Section 1.3 (A)(B)

- a. Woody Vegetation Removal
i. All woody, non-planted species shall be removed from basin slopes and bottoms for existing ponds
ii. Contractor will cut all woody species to be removed with hand tools including, but not, limited to gas powered chainsaws, gas powered clearing saws, bow saws, and loppers.
iii. All stumps shall be cut flat with no sharp points and to within two inches of surrounding grade.
iv. A supply of chemical absorbent shall be kept on-site.
v. The contractor shall maintain copies at the project site of all current pesticide applicator's licenses, herbicide labels, and MSDS's (Material Safety Data Sheets) for all chemicals utilized during completion of work.
vi. Cut brush piles shall not exceed eight (8) feet in height by twelve (12) feet in diameter.
b. A prescribed burn can be conducted on existing basins as per the Management Section 3.4.
c. Spot treat invasive and undesirable herbaceous species on existing basin slopes with glyphosphate to remove undesirable species in planted areas.
d. Over-seed slopes of existing basins with low profile prairie grasses (see section 2.4C) as necessary.
e. If adequate top soil is not present, top soil can be added to slopes with approval of Landscape Architect.
Repair: Repair any damages caused by Contractor during completion of the work.
f. Water newly seeded areas. Maintain adequate soil moisture as specified for new lawns, until new grass is established.

5. Reconditioning Existing Turf

- a. Recondition existing turf damaged by Contractor's operations, including storage of materials or equipment and movement of construction vehicles.
b. Provide fertilizer, seed and soil amendments as specified for new lawns and as required to provide a satisfactory reconditioned lawn.
c. Prior to over-seeding cultivate or rototill bare and compacted areas thoroughly to a depth of four (4) inches.
d. Remove diseased or unsatisfactory lawn areas. Do not bury into soil.
e. Where substantial, but thin lawn remains, rake, aerate if compacted, and cultivate soil, fertilize and seed.
f. Water newly seeded areas. Maintain adequate soil moisture as specified for new lawns, until new grass is established.

6. Mulching

- Trees and Shrubs
a. Apply the specified mulch to a depth of two (2) inches, evenly spread over the entire area of each tree basin and shrub bed.
Perennials, Ornamental Grasses, Annual Flowers and Groundcovers
a. Apply the specified mulch to a depth of one (1) inch, evenly spread over the entire area of each planting bed using care to keep foliage exposed.
7. Pruning
a. Prune branches of deciduous stock, after planting, to preserve the natural character appropriate to the particular plant requirements.

- b. Prune with clean, sharp tools.
c. Prune trees and evergreens at the direction of the Landscape Architect and in accordance with standard horticulture practice to preserve the natural character of the plant.
d. In general, tree pruning requires removing 1/4 to 1/3 of the leaf bearing buds. Prune multiple leader plants to preserve the leader which best promote the symmetry of the plant. Do not apply paint to pruning marks.

8. Care of Existing Trees

- a. Selectively prune existing trees in construction limits as required, at the direction of the Landscape Architect.
b. Clean up miscellaneous organic debris within construction limits and dispose of legally off-site.

9. Clean-up

- a. The Landscape Contractor shall store materials and equipment, during landscape work, where directed by the landscape architect.
b. The Landscape Contractor shall thoroughly clean the project area daily during the progress of work and upon completion of the work.
c. Landscape Contractor shall keep pavement clean and all work areas and adjoining areas in an orderly condition.
d. No storing of rubbish or debris will be allowed on the site.
e. No debris shall be buried at the site.
f. No landscaping debris is allowed on the site dumpsters.
g. The Landscape Contractor shall protect the property of the owner and the work of other contractors.
h. The Landscape Contractor shall be directly responsible for all damage caused by the Landscape Contractor's activities and shall remove and properly dispose of all resultant dirt, rubbish, debris and other waste materials resulting from the work daily.

10. Inspections

In addition to normal progress inspections, the Landscape Contractor shall schedule and conduct the following inspections, giving the Landscape Architect at least 24 hours prior notice of readiness for inspection.

- a. Inspection of plants and containers prior to planting.
b. Inspection of plant locations to verify compliance with the current revisions of the Landscape Plans and As-Built Drawings.
c. Preliminary acceptance inspection after completion of planting.
d. Final acceptance inspection at the end of the maintenance period provided that all previous deficiencies have been corrected.
e. All other inspections necessary for replacement warranty work and completion of the project.

I. Maintenance and Monitoring

- 1. Traditional Landscaping: Landscape Contractor shall maintain all planting, starting with the planting operations and continuing until all planting for that portion of the project is complete and through preliminary acceptance in writing from the Landscape Architect.
a. Maintenance of plants and planting beds shall include resetting plants to proper grades or upright position, restoring planting saucers, tightening and repair of guy wires and stakes, weeding, cultivating, pruning, application of appropriate insecticides and fungicides necessary to keep the plant materials in a healthy growing condition and to keep the planted areas neat and attractive.
b. Maintenance of lawn areas shall be as specified, including spot weeding, mowing, application of weed and insect controls and reseeding necessary to promote proper establishment the lawn areas.
c. Contractor shall water all sod and plantings for the first two weeks following installation.

2. Native Planting Areas: The Owner shall notify the County upon completion of plantings. The Owner's Environmental Specialist shall inspect the plantings and provide the County with a copy of the planting locations, species, and quantities for verification by applicable regulatory authority.

- a. Native planting areas shall be maintained as specified below, continue for the three full (3) years after preliminary installation acceptance, and meet annual establishment performance criteria:
i. First Season - With the exception of the emergent area, native seeding areas should be mowed to a height of 6" to control annual nonnative and invasive species early in the growing season.
ii. Second Season - Control of undesirable plant species during the second growing season shall consist primarily of precise herbicide application.
iii. Third Year - Seasonal mowing and herbicide will continue as above but should be reduced over time.
b. General performance criteria is outlined below. Contractor is responsible to ensure native areas meet Federal, County and local requirements as necessary.
i. 1st Full Growing Season: 90% of cover crop shall be established.
ii. 2nd Full Growing Season: All areas with the exception of emergent zones shall exhibit full vegetative cover.
iii. 3rd Full Growing Season: At least 75% of vegetation coverage shall be native, non-invasive species.

- c. Long Term Wetland and Prairie Management/Maintenance
A final compliance report and Long-Term Operation and Maintenance Plan shall be submitted by the Developer/Owner's Environmental Specialist no less than 60 days prior to the expiration of any landscape Cash Bond or Letter of Credit posted for the native areas.
The Long -Term Operation and Maintenance Plan shall be written to include guidelines and schedules for burning, mowing, application of herbicide, debris/litter removal and inspection schedule for storm structures and sediment removal.

- i. State and local permits shall be required prior to controlled burning.
ii. The initial burn shall be dependent on fuel availability which is directly related to the quantity and quality of grasses contained within the plant matrix.
iii. Owner to provide all supplemental watering and proper care and maintenance of all plant materials, sod and sod areas (except for native planting areas) after preliminary acceptance of the Landscape Contractor's work.

J. Preliminary Acceptance

- 1. When the preliminary landscape work is completed, including maintenance, the Landscape Architect will, upon request, make a preliminary inspection of initial installation to determine acceptability.
2. The inspection for preliminary acceptance of the initial installation will be for general conformance to establishment of turf areas, specified size, character and quality of plant materials, workmanship and maintenance and shall not relieve the Landscape Contractor of responsibility for full conformance of the contract documents, including correct species.

3. It shall be the responsibility of the Landscape Contractor to verify all work is completed for the initial installation and maintained as per plan prior to notifying the Landscape Architect for preliminary inspection.

4. For preliminary acceptance of the initial installation all plant material shall be in a healthy growing condition. Any plants, lawn areas, workmanship, etc. not meeting the standards will be rejected and the Landscape Contractor will be instructed to make the necessary corrections immediately before preliminary acceptance of the initial installation will be granted.

5. Seeded areas will be inspected for acceptance after the first mowing by the Landscape Contractor and will be satisfactory provided requirements, including maintenance, have been complied with and a uniform healthy close stand of the specified grass is established, free of weeds, bare spots exceeding 5 by 5 inches, undesirable grass species, disease, insects and surface irregularities.

6. Sodded areas will be inspected for acceptance after the first mowing by the Landscape Contractor and will be satisfactory provided requirements, including maintenance, have been complied with and when all areas show a uniform stand of the specified grass in a healthy, well-rooted, even-colored, viable lawn condition, free of weeds, undesirable grass species, open joints, bare areas, disease, insects and irregular surfaces.

7. The Landscape Contractor shall assume liability for the correction of his work and liability for any other charges incurred due to the correction of his work. The cost of follow-up inspections of the initial installation required to receive acceptance will be charged to the Landscape Contractor.

8. Upon the receipt of written acceptance of the preliminary inspection of the initial installation the Owner will be responsible for maintenance.

9. The warranty period will begin upon receipt of written acceptance of the preliminary inspection for initial installation from the Landscape Architect.

10. After preliminary acceptance of the initial installation and receipt of notification in writing from the Landscape Architect, the Landscape Architect will recommend the release of payment, less retainers deemed necessary by the Owner, for the completed work.

11. The release of all fees will be at the discretion of Lennar Homes upon receipt of written invoice from the Landscape Contractor.

K. Warranty Agreement

1. The Landscape Contractor shall provide a replacement warranty for all plant material and shall guarantee all work free of any defect in quality or workmanship for a minimum period of one (1) year or until final inspection and written acceptance by the Landscape Architect.
a. Warranties of native plantings are excluded from this section and shall conform to the specified establishment performance criteria.

2. The warranty period will be from the date of the Landscape Architect's written preliminary acceptance of the initial installation and will continue through the end of the following years growing season upon the final inspection and written acceptance of the work.

3. The warranty shall provide against defects including death, unsatisfactory growth, and provides the material to be in good, healthy and flourishing condition, except for defects resulting from neglect by the owner, abuse or damage by others or unusual phenomena or incidents which are beyond Landscape Contractor's control. For verification of such defects, neglect, abuse or damage by others the Landscape Contractor must notify the Landscape Architect in writing immediately upon identifying said occurrences.

4. Annual increases in the size of required replacements shall serve to maintain the continuity of the landscape design. At the time of the scheduled replacements, the required landscape replacement material shall be increased in size from the original plan to match the new growth of the surrounding plants.

5. The Landscape Contractor shall make as many periodic inspections as necessary, at no extra cost to the Owner during the warranty period to determine what changes, if any, should be made to the Owner's maintenance program. The Landscape Contractor shall submit, in writing to the Landscape Architect, any recommended changes.

6. During the warranty period, should the appearance of any plant die, indicate weakness and/or probability of dying, the Landscape Contractor shall immediately begin replacement of said plants with new and healthy plants of the same type and size as soon as weather conditions permit and within a specified planting period after notification of such occurrences from the Landscape Architect without additional cost to the Owner.

7. The Landscape Contractor shall make all necessary repairs of damage due to plant replacements. Such repairs shall be done at no extra cost to the Owner.

8. Replacements shall be in accordance with and subject to all requirements of landscape installation, mulching, maintenance, warranty and acceptance procedures.

9. The Contractor is responsible for the watering and maintenance necessary to ensure establishment of the replacement plants until the Landscape Architect inspects the replacement plants and issues preliminary acceptance in writing.

10. The Landscape Contractor, prior to notifying Landscape Architect for preliminary acceptance, shall maintain the replacement plants for a period of 45 days at no additional cost to the owner.

11. The Landscape Contractor shall notify the Landscape Architect in writing, upon completion of replacements and extended maintenance period, for preliminary acceptance and written notification of new warranty period.

12. The Landscape Contractor, upon written preliminary acceptance of the replacements, shall warranty all replacements until the end of the following growing season and written final acceptance. The Landscape Contractor shall notify the Landscape Architect in writing at the end of the warranty period of replacement plants for final inspection and acceptance.

13. The Landscape Contractor shall remove tree wrapping, tree guy wires, stakes and tags from all established plants prior to contacting the Landscape Architect for final acceptance inspection. Tags, tree wrap, guy wires and stakes shall remain on all replacements until completion of additional warranty period.

14. All subsequent inspections required due to unacceptability of the replacements will be at the cost of the Contractor.

L. Final Acceptance

1. Inspection of all work will be made by the Landscape Architect at the end of the warranty periods upon written request of the Landscape Contractor.

2. The Landscape Architect shall prepare and submit, to Lennar Homes and the Landscape Contractor, a list of warranty replacement items to be completed before final acceptance shall be deemed to have occurred. The failure to include any items on such list does not alter the responsibility of the Landscape Contractor to complete all work in accordance with the contract.

3. The Landscape Contractor shall complete all warranty replacement work as deemed necessary by the Landscape Architect, shall verify completion of all work required to satisfy the contract and shall notify the Landscape Architect upon completion of all work for review and final acceptance.

4. The Landscape Architect will perform a final inspection of the completed work with the Landscape Contractor and a representative from Lennar Homes. At that time if all work is satisfactory, a written statement will be issued by the Landscape Architect that will constitute final acceptance of completed work to date.

5. After the final inspection and acceptance of the work, the Landscape Architect will notify Lennar Homes in writing and will recommend release of fees in retention for the completed work, except for retention fees deemed necessary by Lennar Homes and the Landscape Architect for work still under additional warranty.

6. The Landscape Architect will make a follow-up inspection of all additional warranty replacements at the written request of the Landscape Contractor and issue a written report accepting satisfactory completion of the warranty obligations and request release of the remaining retention fees.

7. The release of all retention fees will be at the discretion of Lennar Homes after receipt of written notification from the Landscape Architect and upon receipt of written invoice from the Landscape Contractor.

8. The written final acceptance of all work following any necessary replacements shall terminate the Landscape Contractor's plant warranty period.

II. DAMAGES: STREET AND SITE

- 1. The Landscape Contractor shall be responsible for any damages to streets, curbs or site improvements as a result of his work or his employees. The Landscape Contractor shall be responsible for any future charges resulting from the repair/replacement of damage.
2. Curb damage will be billed to the contractor at fault at a rate of \$25.00/lineal foot with a ten foot minimum
3. Subcontractor shall not park on any asphalt or concrete driveways at any time. Violators will be fined \$500 per occurrence.

IV. TRADITIONAL LANDSCAPE MAINTENANCE

A. Turf Maintenance

1. Mowing

- a. All litter (i.e. paper, cans and bottles) will be removed from turf and plant bed areas prior to mowing.
b. All lawn areas will be mowed weekly to a height of 3" from April through November, or as needed.
c. Mowing patterns shall be altered on a weekly basis wherever possible.
d. Clippings shall be bagged and removed when clipping buildup is such that the excess clipping lay in an unsightly matted condition on the lawn.
e. The turf shall be cut in such a manner as to avoid blowing clippings toward structures, patios, air conditioners, and planting beds.
f. If the turf could potentially be damaged by equipment due to weather, mowing should not be performed.
g. Turf bordering vertical surfaces such as foundations, fences, and utility boxes shall be trimmed to match the mowing height.
h. Clippings shall be removed from all pavement areas.

2. Edging

- a. Turf areas adjacent to walks, driveways and curbing will be mechanically edged monthly in a uniform manner.
b. Shrub beds and tree rings shall be neatly and uniformly edged twice per year; once during the spring cleanup, and again in August or September weather permitting.

3. Fertilizer & Weed Control

- a. Pesticides must be applied by a licensed individual.
b. Notice shall be given to the homeowners association or owner's representative 1 week prior to any pesticide application.
c. The lawn shall be fertilized three (3) times with a high quality granular or liquid formula.
d. A pre-emergent weed control application for annual grass prevention shall be incorporated into the first turf fertilization in spring.
e. The entire turf area will be treated one (1) time with a post emergent broad leaf weed control at the appropriate time of year.
f. Flags shall be posted throughout the community following each fertilizer application.

B. Planting Bed Maintenance

1. Pruning

- a. Trees, shrubs and evergreens should be pruned, trimmed or sheared at the appropriate time for each species to maintain the plant's proper form.
b. Removal of dead or injured limbs.
c. Shaping and internal thinning of the plant to allow for its natural form and habit.
d. Groundcovers should be pruned twice during the season to maintain a neat appearance.
e. Ornamental grasses should be trimmed during the spring cleanup.
f. All pruning debris shall be removed from the site by the contractor immediately after the work is complete.

2. Fertilizer & Weed Control

- a. Pesticides must be applied by a licensed individual.
b. Notice shall be given to the homeowner's association 1 week prior to any pesticide application.
c. Pre-emergent weed control shall be applied at the beginning of the growing season.
d. Post emergent applications or hand pulling shall be used on any weeds that appear throughout the season.
e. Trees, shrubs and groundcover shall be fertilized one (1) time during the season.

C. Spring & Fall Cleanup

1. Spring Cleanup

- a. Lawn areas and planting beds will be raked as necessary to remove leaves, dead branches, litter and debris.
b. All mulch beds shall be cultivated to break up any existing compaction in the mulch.
c. Fresh mulch should be applied to any bare spots in the planting beds.
d. Monitor plant health and notify homeowner's association or owner's representative of any dead plants.
e. Debris generated during the cleanup shall be disposed of legally off site.

2. Fall Cleanup

- a. All lawn areas will have leaves removed either by raking or through the mowing process so as to prevent leaf buildup on the turf on a weekly basis.
b. All planting beds will have leaves and debris removed at the end of the season.
c. Perennials without winter interest shall be cut back.
d. Monitor plant health and notify homeowner's association or owner's representative of any dead plants.
e. Debris generated during the cleanup shall be disposed of legally off site.

IV. PERSONAL CONDUCT / SAFETY

- 1. Consumption of alcoholic beverages or drugs on the job site is strictly prohibited.
2. Any offensive or obnoxious behavior (loud radio, profanity, etc.) is strictly prohibited.
3. Reckless operation of vehicles or equipment by Subcontractor's employees while in the subdivision will not be tolerated.
4. Hard hats to be worn by all employees at all times.
5. Failure to comply with Lennar Homes' Safety Policy, OSHA or any other presiding safety institution could result in fines starting at \$100.00 per occurrence.
6. Subcontractor to provide a competent person trained in OSHA requirements on site at all times.

NOTES:
 1. WATERPROOFING SHALL BE PROVIDED FOR THE EXTERIOR OF THE LIFT STATION WET WELL AND VALVE VAULT.
 2. ALL EQUIPMENT AND COMPONENTS IN THE LIFT STATION WET WELL INCLUDING SUBMERSIBLE LEVEL TRANSDUCER, SHALL BE CLASS 1, DIVISION 1 EXPLOSION-PROOF RATED.
 3. ALL METAL HARDWARE IN THE LIFT STATION WET WELL AND VALVE VAULT SHALL BE STAINLESS STEEL.
 4. ALL UNDERGROUND CONDUIT SHALL BE HEAVY-WALL 4" PVC, SCHEDULE 40.
 5. MOTOR CONTROL CENTER SHALL HAVE SOLID-STATE DUPLEX LOGIC.
 6. A WALL-MOUNTED METAL CABINET SHALL BE PROVIDED IN THE BUILDING WITH SPARE FUSES, RELAYS, AND OTHER PLUG-IN TYPE DEVICES FOR EACH SIZE OF COMPONENT AT THE STATION.
 7. A HEAVY-DUTY FREE STANDING METAL SHELF SHALL BE PROVIDED, AS WELL AS, ONE (1) FIRE EXTINGUISHER RATED TYPE A-B-C FIRES.
 8. THE WET WELL AND VALVE VAULT SHALL BE SET IN BUTYL ROPE JOINT SEALANT, INCLUDING ALL COMPONENT PARTS, BOTTOMS, BARRELS, ADJUSTING RINGS AND CASTINGS. THE OUTSIDE JOINTS SHALL BE PROVIDED WITH A FOUR (4) INCH WIDE STRIP OF BUTYL-RESIN SEALANT COMPLETELY AROUND EACH JOINT WITH VERTICAL LAP OF ONE (1) INCH AND HORIZONTAL LAP OF SIX (6) INCHES.
 9. DRIVEWAY AND APRON FROM GENERATOR CONTROL BUILDING AND DRIVEWAY AROUND WET WELL AND VALVE VAULT SHALL BE CONCRETE (SEE PCC PAVEMENT DETAIL ON SHEET 12).

PLAN COUNCIL AGENDA

Thursday, June 9, 2022

9:00 a.m.

Remote Access via Zoom

1. Minutes for approval: May 26, 2022
2. PZC 2022-14 Windett Ridge – Units 2 - Final Plat of Subdivision
3. PZC 2022-15 Heads or Tails Dog Grooming – Special Use

Adjournment

**UNITED CITY OF YORKVILLE
PLAN COUNCIL
Thursday, May 26, 2022 9:00am
Yorkville City Hall, Council Chambers
800 Game Farm Road, Yorkville, IL**

Note: In accordance with Public Act 101-0640 and Gubernatorial Disaster Proclamation issued by Governor Pritzker pursuant to the powers vested in the Governor under the Illinois Emergency Management Act, remote attendance was allowed for this meeting to encourage social distancing due to the ongoing Covid-19 pandemic.

IN ATTENDANCE:

Krysti Barksdale Noble, Community Development Director, City of Yorkville/in-person
Jason Engberg, Senior Planner, City of Yorkville/in-person
Brad Sanderson, Engineer for City of Yorkville/EEI/electronic attendance
Dave Schultz, HR Green/in-person
Troy Mertz, Moda Tech & Infrastructure/electronic attendance

Ms. Noble called the meeting to order at 9:03am.

1. Minutes for Approval: May 12, 2022
The minutes were approved as presented.

2. PZC 2022-12 Bristol Bay – Units 10 & 12 – Final Plat of Subdivision

Ms. Noble said staff has reviewed both units and are combining them into one application request. HR Green has submitted the Final Plat dated 4-1-2022. There are about 20 acres between the 2 units with 119 multi-family townhome units in unit 10 and 60 multi-family townhome units in unit 12. Both units were previously approved in 2006, but never recorded.

Ms. Noble said the area is zoned R-3 and architectural standards still apply per the development agreement. If the final elevations are different from those proposed for unit 3, they must be re-submitted.

Final Plat comments from Ms. Noble: staff has 60 days to respond to the Final Plat request, but due to scheduling conflicts, Ms. Noble asked if staff could move the request to the July 26, 2022 City Council agenda rather than to June. Mr. Mertz agreed to this date and he said there were no planned changes to the building. He said the architectural plans for unit 3 are the same as units 10 and 12. Ms. Noble said she is waiting for an update on the review from the Building Code Official and when he approves, staff can issue the necessary permits.

Commenting further, Ms. Noble said in unit 10, there was a reduction of 19 units due to the new product. In the previously approved unit 10, it was noticed that some of the units were very small. The average lot size has increased in this portion of the development with an average size of 1,570 square feet. Staff is OK with that, however, Ms. Noble did not know how City Council will receive it. Ms. Noble did a comparison of dwelling unit types and overall density with not much change shown with

the new plan. The density is now 6.2, down from 6.3.

In regards to lot 12, there was a lot reduction and re-orientation of units, which she will note. She will also prepare an economic impact statement to show what effect the reduction of lots will have on the building permit projections. Mr. Schultz said lot 12 will contain 3, 4, 5, and 6 building units that may be different due to re-orientation.

Engineer Sanderson said there were some comments on the final plats and engineering plans and Mr. Schultz will make some adjustments based on the previous review on unit 13. Engineer Schultz asked about security bonds for units 10 & 12 regarding division and breakdown. The security bonds were being requested since the city format had not been following exactly. A bond and Letter of Credit were approved.

Mr. Mertz thought he had one general bond with the city already and wondered if he could obtain a new one. Ms. Sanderson stated the general one can be released now since the units are moving forward.

Referring to question #5 in Mr. Sanderson's memo, Mr. Schultz said he has a call into Mr. McMains at YBSD about the submittals made. Regarding question #6, the landscaping plan, Mr. Schultz said there has been a delay in tracking down the landscaping plans previously submitted. Ms. Noble said staff may be able to provide that.

In conclusion, Ms. Noble said this matter is scheduled for EDC on June 7th and for PZC on July 13th.

Adjournment

There was no further business and the meeting adjourned at 9:16a.m. on a motion by Mr. Sanderson.

Minutes respectfully transcribed by
Marlys Young, Minute Taker/in-person

Memorandum

To: Plan Council
From: Krysti Barksdale-Noble, Community Development Director
Date: June 3, 2022
Subject: **PZC 2022-14 Windett Ridge – Unit 2 (Final Plat of Subdivision)**
Proposed Final Plat Approval for Single-Family Homes

I have reviewed the application for Final Plat of Subdivision for Windett Ridge Unit 2, as submitted by John McFarland on behalf of CalAtlantic Group, LLC, Petitioner. The Final Plat Subdivision – Windett Ridge Unit 2 was prepared by Mackie Consultants, LLC and date last revised 03-09-2022.

The petitioner is seeking Final Plat approval to subdivide the approximately 6.274-acre parcel into 13 lots consisting of 12 single-family units and a 55,152-square foot stormwater management easement in Windett Ridge Unit 2. Based upon my review of the applications, documents, and plans; I have compiled the following comments:

GENERAL PUD/ANNEXATION AGREEMENT COMMENTS:

1. **PLANNED UNIT DEVELOPMENT (PUD)** – Per Ordinance No. 2002-50, the subject property is currently zoned R-2 Single-Family Traditional Residence District as a Planned Unit Development (PUD).
2. **ZONING & BUILDING CODES**– The Third Amendment to the Windett Ridge Annexation Agreement (Ord. 2019-07) the granted the developer an extension of time until **December 31, 2023** for City building and zoning codes, as provided in Ord. 2011-32 and 2011-33.
 - Ordinance 2011-32 adopts the 2009 edition of the International Code Council series with amendments.
 - Ordinance 2011-33 adopts the 2008 edition of the National Electrical Code with amendments.
3. **BUILDING PERMIT FEES** – Per the Third Amendment to the Windett Ridge Annexation Agreement (Ordinance 2019-07), the lock on building permit fees expired **December 31, 2020**.
4. **LIFT STATION** - Per the Second Amendment to the Annexation Agreement (Ord. 2013-51), the developer agreed to design and construct a lift station sufficient to accommodate the completion of the development of the subdivision, with the understanding that the lift station does not need to be designed to benefit any other development or subdivision other than the Windett Ridge Subdivision.
 - The enclosure of the lift station will be sized to accommodate the generator and controls only and will have vinyl siding or such other siding as approved by the City-with a color to blend in with the surrounding homes.

- Per the Third Annexation Agreement Amendment (Ord. 2019-07) an extension of time was granted to the developer until **December 31, 2023**, to complete the construction of the public improvements that are to be constructed in Unit 2 of the Windett Ridge Subdivision.

FINAL PLAT OF RESUBDIVISION COMMENTS:

1. **PREVIOUS PRELIMINARY PLAN (UNIT 2)** – Per Ordinance No. 2002-50, the City approved the Windett Ridge Preliminary Plan which entitled 16 single-family lots. However, a final plat for Unit 2 was never recorded. The proposed new Final Plat represents a reduction of four (4) lots in Unit 2.

United City of Yorkville
800 Game Farm Road
Yorkville, IL 60560

**Re: *Windett Ridge – Unit 2
Engineering Plan Review – 3rd Submittal
United City of Yorkville, Kendall County, Illinois***

Dear Krysti:

We are in receipt of the following items for the above referenced project:

- Final Engineering Plans for Windett Ridge Residential Subdivision Unit 2 (18 sheets) dated April 15, 2022 and prepared by Mackie Consultants, LLC.
- Engineer's Opinion of Probable Cost dated April 15, 2022 and prepared by Mackie Consultants, LLC.
- Final Plat of Subdivision dated March 9, 2022 and prepared by Mackie Consultants, LLC.
- Landscaping Plans (4 sheets) dated April 14, 2022 and prepared by Gary R. Weber Associates, Inc.
- Stormwater Management Addendum dated April 8, 2022 and prepared by Mackie Consultants, LLC.
- Stormwater Permit Application dated May 9, 2019 and prepared by Lennar Homes
- Illinois EPA Water Permit Application prepared by Mackie Consultants, LLC.

Our review of these plans is to generally determine their compliance with local ordinances and whether the improvements will conform to existing local systems and equipment. This review and our comments do not relieve the designer from his duties to conform to all required codes, regulations, and acceptable standards of engineering practice. Engineering Enterprises, Inc.'s review is not intended as an in-depth quality assurance review, we cannot and do not assume responsibility for design errors or omissions in the plans. As such, we offer the following comments:

General

1. Yorkville–Bristol Sanitary District (YBSD) comments shall be provided to the City upon receipt.
2. Corrected IEPA Water and Sanitary Sewer Permit forms shall be submitted.
3. Landscape plan review comments from the City's review consultant are attached.
4. The EOPC shall be revised for current watermain pricing and based on the changes in this review letter.

IEPA Water Permit

5. United City of Yorkville's Facility ID is IL0930250
6. Permit Fee (Applicable Water Main Only) shall be checked.
7. The following shall be revised in 9.6
 - a. Address shall be changed to 800 Game Farm Road
 - b. Name of Authorized Public Water Supply Official shall be changed to John Purcell
 - c. Title of Authorized Public Water Supply Official shall be changed to Mayor
8. The numbers for items 2-13 on Schedule B – Water Main Construction will be provided.

Stormwater Management Addendum

9. The maintenance plan should be revised to reference Kendall County Stormwater Ordinance.

Engineering Plans

Sheet 3: Existing Conditions and Demolition Plan

10. Storm Manhole 2 is shown on top of both storm and sanitary sewers. This shall be confirmed and if applicable, the storm manhole should be shifted to avoid this direct conflict.
11. Storm MH S 66 has several pipes stubbed off for proposed development. Proposed underdrains to no longer be used shall be removed.

Sheets 4 and 5: Grading Plan – North and South

12. Proposed contours should be shown based on spot grades.
13. Existing contours do not match Unit 1 tie-in grades.

Sheet 7: Stormwater Pollution Prevention Plan

14. The hatch shown at bottom of detention pond shall be added to the legend.

Sheet 9: Stormwater Pollution Prevention Plan Specifications and Details

15. Concrete washout details conflict with detail shown on Sheet 8.

Sheet 10: Plan & Profile

16. Callouts are missing for storm structure 3.
17. There are a couple 4" DIP Forcemain (TYP.) call outs pointing to the proposed 8" water main, these shall be removed.
18. Sump pump discharge lines should tie into existing structures, where appropriate.
19. The existing 6-inch storm drain running along the backyards shall be analyzed to ensure it meets capacity for the sump pump connections. If undersized, it should be replaced.
20. All inverts for storm sewers shall be shown.
21. The restrictor structure is shown with the inflow and outflow pipe at an angle. This is not practical for structures with restrictors.
22. All proposed structures should call out the proposed frame and grates.

23. All storm sewers crossing above watermain shall be watermain quality pipe.

Sheets 12-15: Details and Specifications

24. The following details shall be added:

- a. Sidewalk
- b. Street pavement section

25. A typical reinforced wall section detail is shown, but not called out on the plans.

Sheets 18: Project Specifications

26. The City's updated water main notes shall be added to the plans.

Lift Station

- 27. The City's Building Inspector shall review the above grade control building requirements pertaining to IBC (e.g. structural, architectural, electrical, HVAC), as well as the foundation. EEI has forwarded the plans for comment.
- 28. Typically, a duplex lift station is designed to operate with one (1) pump in service to meet the design flow conditions of the lift station, and the second pump serves as the redundant standby. If this is the case, then the "Pump On" ball float for the second pump (standby) should be eliminated. Please confirm if one (1) pump can handle the design flow conditions of the lift station.
- 29. Structural drawings for the wet well and valve vault base slabs and buoyancy calculations for both concrete structures should be provided.
- 30. Structural drawings for the control building foundation should be provided.
- 31. All pipe and conduit penetrations in the wet well and valve vault should be sealed.
- 32. It should be verified if an air release valve is required at the valve vault or somewhere on the force main.
- 33. Bollards along the north side of the wet well and valve vault should be installed to protect the lift station facilities.
- 34. The top of the wet well and valve vault shall be a minimum of 6" above the finished grade.
- 35. On Sheet 10, the top of the wet well and valve vault is at elevation 725.82, but Sheet 11 shows the top elevations as 725.75 for both structures.
- 36. The exposed piping, valves, fittings, and pumps shall be coated per the specifications below:
Moderate Environment (Semi-Gloss Finish): One finish coat over epoxy prime and epoxy intermediate coat.
 - a. Surface Preparation: Immersion Service SSPC SP-10. Non-Immersion service SSPC SP-6.
 - b. Primer: Polyamide epoxy applied at a dry film thickness of spreading rate of 3.0 – 4.0 mils.
 - i. Tnemec Series N69-1255 Beige Hi-Build Epoxoline II

- c. Intermediate Polyamide epoxy applied at a dry film thickness of 4.0 – 5.0 mils.
 - i. Tnemec Series N69 Hi-Build Epoxoline II
 - d. Topcoat - Interior & Immersion Service only: Polyamide epoxy, semi-gloss finish applied at a dry film thickness of 4.0-5.0 mils.
 - i. Tnemec Series N69 Hi-Build Epoxoline II
 - e. Topcoat: Exterior Exposure only: Aliphatic Acrylic Polyurethane, Semi-Gloss finish, applied at a dry film thickness of 2.0 – 3.0 mils.
 - i. Tnemec Series 1075 Endura-Shield II
37. Electrical drawings for the lift station and control building should be provided and be signed and sealed by an electrical engineer. The drawings shall include a one-line diagram, controls diagram, electrical service drop (overhead or underground), transformer location, electrical site plan, electrical panel schedule, etc.
38. The developer or engineer shall coordinate with ComEd and Nicor on routing utility services to the lift station site. ComEd and Nicor will require easements for their equipment which may impact the overall layout of the lift station and control building.
39. The engineer shall coordinate with the City's Systems Integrator (Metropolitan Pump) on furnishing and installing the SCADA panel and antenna.
40. The following inputs should be routed to the SCADA system:
- Raw Sewage Pump 1 Running/Off
 - Raw Sewage Pump 1 H-O-A in Auto
 - Raw Sewage Pump 1 H-O-A in Hand
 - Raw Sewage Pump 1 Over Temperature Alarm
 - Raw Sewage Pump 1 Seal Failure Alarm
 - Raw Sewage Pump 2 Running/Off
 - Raw Sewage Pump 2 H-O-A in Auto
 - Raw Sewage Pump 2 H-O-A in Hand
 - Raw Sewage Pump 2 Over Temperature Alarm
 - Raw Sewage Pump 2 Seal Failure Alarm
 - Primary Level System (Wet Well) - Wet Well Submersible Level Transducer (analog)
 - Back Level System (Wet Well) - Ball Float Contacts
 - Valve Vault High-Level Alarm from Ball Float
 - Generator Run
 - Generator Failure
 - Generator Alarms
 - MCC Power Meter (analog), plus alarms
 - Door Contact 1 Open/Close (Control Building)
 - Door Contact 2 Open/Close (Control Building)
 - Thermostat – Electrical/Control Room (analog)
 - Thermostat – Dry Well (analog)

Final Plat

41. Lots 90 and 91 do not meet the minimum lot area of 12,000 sf.

42. Side yard setback shall be 7.5' and corner lot setback shall be 20'.

The design engineer should make the necessary revisions and resubmit for further review.

Respectfully Submitted,

Re: Landscape Plan Review
Windett Ridge Unit 2
Windett Ridge Subdivision Southeast Corner
City of Yorkville, IL

Dear Nadia:

We have completed our first landscape plan review of the proposed Windett Ridge Unit 2 located at the southeast corner of the Windett Ridge Subdivision.

Landscape Plan – NOT RECOMMENDED FOR APPROVAL

For reasons described below, this landscape plan is not recommended for approval at this time. A response letter from the petitioner which addresses all review comments should be provided with their next submittal.

REVIEW COMMENTS

Comments must be addressed before landscape plan approval can be recommended. If there are any changes to the proposed project, additional comments may be provided. Please note that the requirements of each section are in addition to the requirements of all other sections of the ordinance (i.e., trees and other plant materials cannot be “double counted” to meet multiple requirements).

Parkway Landscaping

Parkway tree requirement is met. A minimum of 1 tree per interior residential lot and 2 trees per residential corner lot is required. 13 total trees are required. In addition, for the detention lot a minimum of 1 tree per 50 feet of parkway frontage is required. At 367', 7 trees are required for the detention basin.

Perimeter Landscaping

As a single family residential development abutting other single family development, these requirements are not applicable.

Parking Lot Landscaping

No parking lots are proposed. This requirement is not applicable.

Lot Landscaping

Requirements not met. One tree per lot located 5' from a utility and within 15' of the lot line is required. None are shown.

Stormwater Storage Basin Landscaping

Stormwater storage basin landscaping, consisting of one (1) tree per thirty (30) linear feet of thirty foot (30') wide buffer yard length is required because all basins are proposed within front or side yards of this corner lot. We estimate three hundred and twenty six (26) are required (790/30). Only 25 are provided. In addition, the bufferyard width (as measured from the property line to the average elevation between normal and high water levels) is less than 30 feet on the north, west, and south sides and part of the east side.

Tree Preservation

~~Tree preservation standards apply to all development parcels greater than five (5) acres in area, this development is 6.29 acres. A review of Google Earth aerial photography of the site indicates there are trees throughout the site. A tree survey and tree preservation and removal plan are required complying with the requirements set in section 8-12-2.H.~~

General Standards

The linetypes of utilities shall comply with industry standards. Utilities on the plans are indistinguishable.

The graphic scale on sheet C601 does not correspond to dimensions shown on the plan such as those given in the bearings and distances along the north, east and west sides of property.

SUMMARY

This review was based upon the following documents, pursuant to requirements of City's Landscape Ordinance.

- Landscape Plans, three (3) sheet, prepared by Gary Weber Associates, Inc., most recently dated 4/14/2022

Let us know if there are any questions or comments.

Sincerely,

Ryan Alexander, PLA
Landscape Architect

**Re: Windett Ridge – Unit 2
Engineering Plan Review
United City of Yorkville, Kendall County, Illinois**

Dear Ms. Barksdale-Noble:

Please find enclosed for your review and approval the following documents in connection with the above referenced project:

- One (1) electronic copy of the Final Engineering Plans for Windett Ridge Residential Subdivision – Unit 2, prepared by Mackie Consultants LLC, dated June 22, 2022;
- One (1) electronic copy of the Stormwater Management Report for Windett Ridge – Unit 2, prepared by Mackie Consultants LLC, dated June 22, 2022;
- One (1) electronic copy of the signed IEPA Water Permit application forms;
- One (1) electronic copy of the signed IEPA Sanitary Sewer Permit application forms;
- One (1) electronic copy of the Engineer's Opinion of Probable Cost, dated June 22, 2022;
- One (1) electronic copy of Lift Station Buoyancy Calculations, prepared by Mackie Consultants LLC, dated June 22, 2022;
- One (1) electronic copy of Lift Station Specifications and Calculations, prepared by Metropolitan Pump Company, dated June 15, 2022;
- One (1) electronic copy of the Landscape Plan, prepared by Gary R. Weber and Associates, dated June 21, 2022;
- One (1) electronic copy of Yorkvill-Bristol Sanitary District comment response letter sent on June 22, 2022;

The enclosed documents have been revised based on the review comments below.

In response to these comments, we offer the following:

COMMENTS FROM EEI , BY B. SANDERSON, DATED MAY 31, 2022

GENERAL

- COMMENT 1:** Yorkville-Bristol Sanitary District (YBSD) comments shall be provided to the City upon receipt.
- RESPONSE 1:** See the comment response letter sent to YBSD on June 22, 2022. This letter includes the comments received from the District on June 9, 2022 and responses detailing respective updates to the Engineering Plans and the IEPA Sanitary Permit forms.
- COMMENT 2:** Corrected IEPA Water and Sanitary Sewer Permit forms shall be submitted.
- RESPONSE 2:** The signed permits are attached for your review. Two (2) hard copies of each of the signed permit forms were sent to the City, addressed to Ms. Krysti J. Barksdale-Noble, for signature on June 22, 2022.
- COMMENT 3:** Landscape plan review comments from the City's review consultant are attached.
- RESPONSE 3:** Comment noted – See responses to the respective comments at the end of this letter.
- COMMENT 4:** The EOPC shall be revised for current watermain pricing and based on the changes in this review letter.
- RESPONSE 4:** The EOPC has been revised to reflect current watermain pricing and plan changes.

IEPA WATER PERMIT

- COMMENT 5:** United City of Yorkville's Facility ID is IL930250
- RESPONSE 5:** the IEPA Water permit applications have been updated to show with the provided Facility ID.
- COMMENT 6:** Permit Fee (Applicable Water Main Only) shall be checked.
- RESPONSE 6:** Permit Fee (Applicable Water Main Only) has been checked on the provided IEPA Water Main Permit form.
- COMMENT 7:** The following shall be revised in 9.6
- a) Address shall be changed to 800 Game Farm Road
 - b) Name of Authorized Public Water Supply Official shall be changed to John Purcell
 - c) Title of Authorized Public Water Supply Official shall be changed to Mayor
- RESPONSE 7:** The address, name of authorized public water supply official, and title were revised as requested
- COMMENT 8:** The numbers for items 2-13 on Schedule B – Water Main Construction will be provided.
- RESPONSE 8:** The numbers have since been received and have been incorporated in Schedule B of the provide IEPA Water Permit forms.

STORMWATER MANAGEMENT ADDENDUM

COMMENT 9: The maintenance plan should be revised to reference Kendall County Stormwater Ordinance.

RESPONSE 9: The Maintenance Plan provided within Tab 4 of the Stormwater Management Addendum has been revised to reference the Kendall County Stormwater Ordinance.

ENGINEERING PLANS

Sheet 3: Existing Conditions and Demolition Plan

COMMENT 10: Storm Manhole 2 is shown on top of both storm and sanitary sewers. This shall be confirmed and if applicable, the storm manhole should be shifted to avoid this direct conflict.

RESPONSE 10: The crossing of the existing storm manhole and sanitary sewer is an existing condition which appears to be fully functioning at this time and we are not proposing changes to this alignment. We have however clarified within note #8 on sheet 10 of the plans that the sanitary sewer shall be televised within this unit and any issues in this area can be identified at that time. We have also reviewed the crossing in this area and have determined that the bottom of the storm manhole would be 2.09' feet above the top of the sanitary sewer if they do in fact cross exactly.

COMMENT 11: Storm MH S 66 has several pipes stubbed off for proposed development. Proposed underdrains to no longer be used shall be removed.

RESPONSE 11: The following note has been added to Storm MH S 66 on Sheet 3: "Contractor to locate existing sump drain stubs and remove any stubs not used for proposed sump connections." This same note has been added as Demolition Plan General Note 14 on Sheet 3.

Sheets 4 and 5: Grading Plan – North and South

COMMENT 12: Proposed contours should be shown based on spot grades.

RESPONSE 12: Proposed contours have been shown on the Grading Plans (Sheet 4 and 5) for all homesites within the subdivision.

COMMENT 13: Existing contours do not match Unit 1 tie-in grades.

RESPONSE 13: The existing contours shown are a combination of previous topographic surveys from 02/26/2018 and Final Record Grading Surveys for Lots 88 and 106-109 in Windett Unit 1. The existing contours have been revised to better represent the combination of this information. The proposed contours now match the reprocessed existing contours.

Sheet 7: Stormwater Pollution Prevention Plan

COMMENT 14: The hatch shown at bottom of detention pond shall be added to the legend.

RESPONSE 14: Naturalized plantings have been called out and added to the legend on Sheet 7.

Sheet 9: Stormwater Pollution Prevention Plan Specification and Details

COMMENT 15: Concrete washout details conflict with detail shown on Sheet 8.

RESPONSE 15: The concrete washout detail on Sheet 9 has been removed.

Sheet 10: Plan & Profile

COMMENT 16: Callouts are missing for storm structure 3.

RESPONSE 16: The callout for proposed CB 3 has been moved closer to the proposed structure to be more easily located. The callout for existing STMH(M-3) has been updated to reference the profile view for respective invert information.

COMMENT 17: There are a couple 4" DIP Forcemain (TYP.) call outs pointing to the proposed 8" water main, these shall be removed.

RESPONSE 17: The callouts to the proposed 4" DIP Forcemain have been updated in both the plan and profile view on Sheet 10. Additionally the shading in the profile view for the proposed 4" forcemain has been revised to black opaque shading to better distinguish it from the proposed 8" watermain which is shown in a semi-transparent gray shading.

COMMENT 18: Sump pump discharge lines should tie into existing structures, where appropriate.

RESPONSE 18: Sump pump discharge lines have been revised to tie into existing or proposed storm structures for all homes.

COMMENT 19: The existing 6-inch storm drain running along the backyards shall be analyzed to ensure it meets capacity for the sump pump connections. If undersized, it should be replaced.

RESPONSE 19: The existing 6-inch storm sewer was analyzed and it was determined that the sewer that runs within the rear yards of Lots 92 – 94 should be upsized to a 12" sewer. The existing 6-inch sewer has been called to be removed (Sheet 3) and replaced with a 12" RCP for lots 92-94. Refer to the stormwater report for capacity calculations.

COMMENT 20: All inverts for storm sewers shall be shown.

RESPONSE 20: The plan and profile (Sheet 10) has been updated to insure that all inverts are shown either in the plan view or in the profile. For all structures that have inverts shown in profile a note has been added to the structure callout in the plan view for clarity.

COMMENT 21: The restrictor structure is shown with the inflow and outflow pipe at an angle. This is not practical for structures with restrictors.

RESPONSE 21: The outlet control structure detail on Sheet 13 has been revised to show how the orientation of the proposed inflow pipe, weir wall with restrictor orifice, and outflow pipe are feasible within the proposed structure.

COMMENT 22: All proposed structures should call out the proposed frame and grates.

RESPONSE 22: A frame and grate schedule has been added to Sheet 10 to clarify the typical frame and grates to be used on all proposed structures, unless otherwise noted in the specific structure callout.

COMMENT 23: All storm sewers crossing above watermain shall be watermain quality pipe.

RESPONSE 23: Storm sewers crossing above watermain have been called out as "WMQ"

Sheets 12-15: Details and Specifications

COMMENT 24: The following details shall be added:
a) Sidewalk
b) Street pavement section

RESPONSE 24: A typical sidewalk detail was added on Sheet 2. The street pavement section is shown on the City of Yorkville's "Typical Local Residential Street X-Section" which has been shown on Sheet 2.

COMMENT 25: A typical reinforced wall section detail is shown, but not called out on the plans.

RESPONSE 25: The typical reinforced wall is now called out on Sheets 5 & 10.

Sheets 18: Project Specifications

COMMENT 26: The City's updated water main notes shall be added to the plans.

RESPONSE 26: Watermain notes on Sheet 18 were updated to reflect the City's construction notes dated November 18, 2021.

Lift Station:

COMMENT 27: The City's Building Inspector shall review the above grade control building requirements pertaining to IBC (e.g. structural, Architectural, electrical, HVAC), as well as the foundation. EEI has forwarded the plans for comment.

RESPONSE 27: As of the date of this letter, no comments have yet been received from the City's Building Inspector. Please forward comments to us once available.

COMMENT 28: Typically, a duplex lift station is designed to operate with one (1) pump in service to meet the design flow conditions of the lift station, and the second pump serves as the redundant standby. If this is the case, then the "pump On" ball float for the second pump (standby) should be eliminated. Please confirm if one (1) pump can handle the design flow conditions of the lift station.

RESPONSE 28: Yes one pump can handle the design flow of the lift station. A duplex lift station is designed to operate with one (1) pump in service to meet the design flow conditions of the lift station, and the second pump serves as the redundant standby. Both the primary and back up float system operates with the lowest float as the off float, the 2nd float as the Lead Float, the 3rd float as the Lag Float and the 4th float as the High water alarm. The system is designed when in either float back up or when in primary control with the

transducer to alternate on each cycle. There could be reasons why the first pump may not keep up and that could be in situations where there may be a partial blockage and the pump may be operating but not pumping enough. Another reason could be due to age where it may not be performing like it was when it was new due to part wearing etc. 4 floats on a duplex system is standard among most system set up like this. To my knowledge, I believe the city has most of their stations using the 4 float systems such as the Blackberry Creek LS that was recently in the last two years upgraded.

- COMMENT 29:** Structural drawings for the wet well and valve vault base slabs and buoyancy calculations for both concrete structures should be provided.
- RESPONSE 29:** Buoyancy calculations for the lift station have been included. Structural drawings will be provided under separate cover upon completion.
- COMMENT 30:** Structural drawings for the control building foundation should be provided.
- RESPONSE 30:** Structural drawings will be provided under separate cover.
- COMMENT 31:** All pipe and conduit penetrations in the wet well and valve vault should be sealed.
- RESPONSE 31:** Note #9 on the Lift Station Drawings by Metropolitan Industries as shown on Sheet 11 of the Engineering Plans have been updated to read "Use Link Seals at all pipe penetrations."
- COMMENT 32:** It should be verified if an air release valve is required at the valve vault or somewhere on the force main.
- RESPONSE 32:** An air release valve has been added to the Valve Vault (see item #35 on Lift Station Drawings by Metropolitan Industries as shown on Sheet 11).
- COMMENT 33:** Bollards along the north side of the wet well and valve vault should be installed to protect the lift station facilities.
- RESPONSE 33:** Three bollards were added along the north side of the wet well and valve vault.
- COMMENT 34:** The top of the wet well and valve vault shall be minimum of 6" above the finished grade.
- RESPONSE 34:** Comment noted – the grade was raised to 727.32 to be 6" above the finished grade of the concrete driveway surrounding the Wet Well and Valve Vault.
- COMMENT 35:** On Sheet 10, the top of the wet well and valve vault is at elevation 725.82, but Sheet 11 shows the top elevations as 725.75 for both structures.
- RESPONSE 35:** The top of both the wet well and valve vault is now shown at 727.32 on both Sheet 10 and Sheet 11.
- COMMENT 36:** The exposed piping, valves, fittings, and pumps shall be coated per the specifications below:
Moderate Environment (Semi-Gloss Finish): One finish coat over epoxy prime and epoxy intermediate coat.
a) Surface Preparation: Immersion Service SSPC-10. Non-Immersion service SSPC SP-6.

- b) Primer: Polyamide epoxy applied at a dry film thickness of spreading rate of 3.0 – 4.0 mils.
 - i. Tnemec Series N69-1255 Beige Hi-Build Epoxoline II
- c) Intermediate Polyamide epoxy applied at a dry film thickness of 4.0 - 5.0 mils.
 - i. Tnemec Series N69 Hi-Build Epoxoline II
- d) Topcoat – Interior & Immersion Service only: Polyamide epoxy, semi-gloss finish applied at a dry film thickness of 4.0 – 5.0 mils.
 - i. Tnemec Series N69 Hi-Build Epoxoline II
- e) Topcoat: Exterior Exposure only: Aliphatic Acrylic Polyurethane, Semi-Gloss finish, applied at a dry film thickness of 2.0 – 3.0 mils.
 - i. Tnemec Series 1075 Endura-Shield II

RESPONSE 36: The specifications listed above have been added to the Lift Station Specifications prepared by Metropolitan Pump Company.

COMMENT 37: Electrical drawings for the lift station and control building should be provided and be signed and sealed by an electrical engineer. The drawings shall include a one-line diagram, controls diagram, electrical service drop (overhead or underground), Transformer location, electrical site plan, electrical panel schedule, etc.

RESPONSE 37: Comment noted – Electrical drawings will be provided under separate cover as described.

COMMENT 38: The developer or engineer shall coordinate with ComEd and Nicor on routing utility services to the lift station site. ComEd and Nicor will require easements for their equipment which may impact the overall layout of the lift station and control building.

RESPONSE 38: Comment noted – coordination with Nicor and ComEd is ongoing by both the developer and the electrical engineer preparing the electrical drawings.

COMMENT 39: The engineer shall coordinate with the City's Systems Integrator (Metropolitan Pump) on furnishing and installing the SCADA panel and antenna.

RESPONSE 39: Comment noted – The Cloud SCADA is called out within the Lift Station Specifications.

COMMENT 40: The following inputs should be routed to the SCADA system:

- Raw Sewage Pump 1 Running/Off
- Raw Sewage Pump 1 H-O-A in Auto
- Raw Sewage Pump 1 H-O-A in hand
- Raw Sewage Pump 1 Over Temperature Alarm
- Raw Sewage Pump 1 Seal Failure Alarm
- Raw Sewage Pump 2 Running/Off
- Raw Sewage Pump 2 H-O-A in Auto
- Raw Sewage Pump 2 H-O-A in Hand
- Raw Sewage Pump 2 Over Temperature Alarm
- Raw Sewage Pump 2 Seal Failure Alarm
- Primary Level System (Wet Well) – Wet Well Submersible Level Transducer (analog)
- Back Level System (Wet Well) – Ball Float Contacts
- Valve Vault High-Level Alarm from Ball Float

- Generator Run
- Generator Failure
- Generator Alarms
- MCC Power Meter (analog), plus alarms
- Door Contact 1 Open/Close (Control Building)
- Door Contact 2 Open/Close (Control Building)
- Thermostat – Electrical/Control Room (analog)
- Thermostat – Dry Well (analog)

RESPONSE 40: Metropolitan Pump Company has confirmed that the listed inputs can be provided, except MCC Power Meter plus alarms, Door Contact 2 (a second set of doors is not being provided), and Thermostat – Dry Well (there is not a dry well on this project).

Final Plat

COMMENT 41: Lots 90 and 91 do not meet the minimum lot area of 12,000 sf.

RESPONSE 41: Lots 90 and 91 now meet the minimum lot area of 12,000 sf.

COMMENT 42: Side yard setback shall be 7.5' and corner lot setback shall be 20'.

RESPONSE 42: The typical easement and setback detail and setbacks shown on the lots have been revised to a Side yard setback of 7.5' and to a corner lot setback of 20'.

COMMENTS FROM HEY AND ASSOCIATES, INC., BY R. ALEXANDER, DATED MAY 27, 2022

Parkway Landscaping

COMMENT 1: Parkway tree requirement is met. A minimum of 1 tree per interior residential lot and 2 trees per residential corner lot is required. 13 total trees are required. In addition, for the detention lot a minimum of 1 tree per 50 feet of parkway frontage is required. At 367', 7 trees are required for the detention basin.

RESPONSE 1: 13 Parkway Trees are provided to meet the requirement of one parkway tree per lot, and 2 parkway trees per corner lot. 7 Parkway Trees have been provided to meet the requirement of 1 parkway tree per 50' of detention basin frontage.

Perimeter Landscaping

COMMENT 2: As a single family residential development abutting other single family development, these requirements are not applicable.

RESPONSE 2: Comment noted.

Parking Lot Landscape

COMMENT 3: No parking lots are proposed. This requirement is not applicable.

RESPONSE 3: Comment noted.

Lot Landscaping

COMMENT 4: Requirements not met. One tree per lot located 5' from a utility and within 15' of the lot line is required. None are shown.

RESPONSE 4: The utilities and lot lines are now shown on the plan.

Stormwater Storage Basin Landscaping

COMMENT 5: Stormwater storage basin landscaping, consisting of one (1) tree per thirty (30) linear feet of thirty foot (30') wide buffer yard length is required because all basins are proposed within front or side yards of this corner lot. We estimate three hundred and twenty six (26) are required (790/30). Only 25 are provided. In addition, the bufferyard width (as measured from the property line to the average elevation between normal and high water levels) is less than 30 feet on the north, west, and south sides and part of the east side.

RESPONSE 5: Additional trees have been provided.

General Standards

COMMENT 6: The linetypes of utilities shall comply with industry standards. Utilities on the plans are indistinguishable.

The graphic scale on sheet C601 does not correspond to dimensions shown on the plan such as those given in the bearings and distances along the north, east and west sides of property.

RESPONSE 6: The linstyle legend is provided on the cover sheet.

C601 is not a sheet within this engineering plan set and therefore we suspect is not meant to correspond to this submittal; if so, please clarify.

Landscaping Comments from City of Yorkville Plan Council Meeting Follow-Up, June 9, 2022

COMMENT 1: Estimated trees needed in bufferyard is twenty-six (26). Twenty-five (25) trees are provided. Therefore, one (1) additional tree is needed to meet the minimum ordinance requirement.

RESPONSE 1: Additional trees have been provided.

COMMENT 2: •Although the bufferyard varies in depth along the north, south, west and part of the east boundary between 18'-27', which is less than the required 30' width. However, Section 8-12-2F of the Landscape Ordinance permits the landscape buffer to be reduced to ten feet (10'), subject to the plan providing two (2) trees per thirty (30) linear feet of bufferyard. Staff does not recommend the basin's bufferyard be reduced to ten feet (10') in width, but encourages the petitioner to accommodate additional trees within the bufferyard where feasible.

RESPONSE 2: Additional trees have been provided to the extent that the minimum separation between trees is still met to promote healthy growth.

We request your review and subsequent approval of the enclosed documents. Should you have any questions, please contact me.

Sincerely,

Madeline Larmon

Memorandum

To: Economic Development Committee
From: Krysti J. Barksdale-Noble, Community Development Director
CC: Bart Olson, City Administrator
Brad Sanderson, City Engineer, EEI
Date: June 29, 2022
Subject: **PZC 2022-08 Graham C Stores & Gas Station**
107 E. Stagecoach Trl. - Proposed New Fuel Station & Convenience Store
(Rezoning, Special Use, Sign Variance & Final Plat)

SUMMARY:

The petitioner, Thomas Williamson, on behalf of Graham C Stores Company, has filed an application requesting rezoning, special use permit and final plat approval pursuant to Section 10-6-0 of the Yorkville City Code for a gasoline service station with accessory convenience store. The property is located at the northeast corner of IL Route 47 (Bridge Street) and IL Route 71 (Stagecoach Trail).

The petitioner is also seeking sign variance approval to increase the maximum sign area and height for a monument sign in a business district. The proposed sign area would increase from the maximum 64 square feet to 168 square feet and sign height would be 25 feet, exceeding the maximum 18 feet. The property is currently zoned M-1 Limited Manufacturing and requires rezoning to B-3 General Business District to permit a gas station use. The 5.51-acre property will be resubdivided into two (2) lots consisting the of the fuel station/convenience store and onsite detention, as well as a future buildable lot.

PROPERTY INFORMATION:

This property is currently improved with various detached metal structures on a gravel foundation utilized for industrial/farming storage and truck related services, as illustrated below.

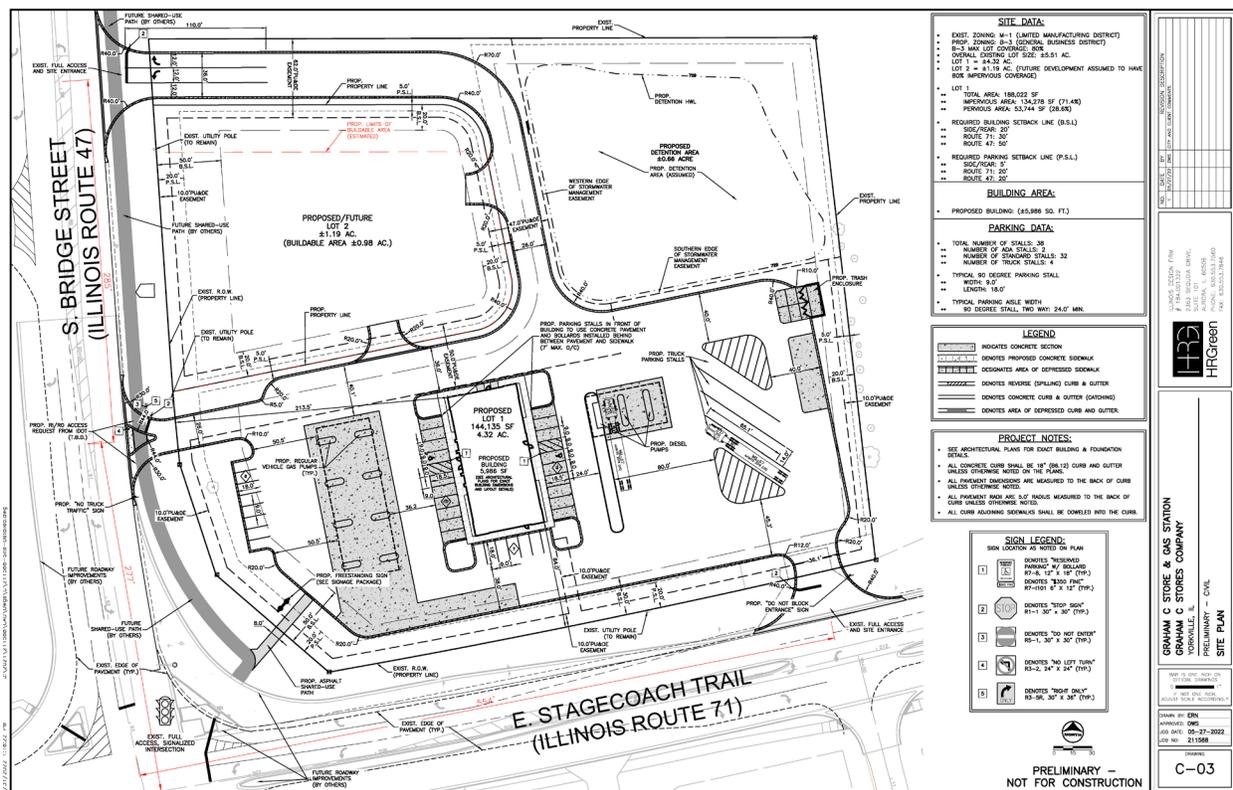

The subject property is currently zoned as M-1 Limited Manufacturing District. The following table depicts the current immediate surrounding properties' zoning and land uses:

	Zoning	Land Use
North	B3- SU (Unincorporated Kendall County)	Kendall County Highway Department
South	B-3 General Business District	Silver Dollar Restaurant All Season Motel Transportation Land Use (IL Route 71)
East	M-1 Limited Manufacturing District	Undeveloped Agricultural Land
West	B-3 Business District	Transportation Land Use (IL Route 47) Fountain Village Commercial Development

PROJECT DESCRIPTION:

Graham C-Stores is a large wholesale gasoline and diesel marketer of various fuel brands operating in Illinois and Indiana. The BP brand is proposed for the 107 E. Stagecoach Trail property offering fuel for automobiles and commercial/industrial trucks. The fuel station and a 4,500 square foot convenience food store will be located on a 4.32-acre parcel (Lot 1), along with a proposed .66-acre detention area. A 1.19-acre parcel (Lot 2) is also proposed as a future commercial outlet.

SITE PLAN:

The proposed 5.51-acre site plan was reviewed by various City departments and outside agencies to ensure compliance with applicable ordinances, regulations and standards with regard to building setbacks, parking/parking setbacks, circulation/access roads, stormwater management/utilities and signage. Below are the summaries of those reviews.

Bulk Regulations

The petitioner has depicted the following property’s building setback locations:

BUILDING SETBACK	REQUIRED MINIMUM	PROPOSED SETBACK
Interior Side Yard (North)	20 feet	+/- 30’ (C Store)
Front Yard (West/IL 47)	50 feet	+/- 216.5’ (C Store) +/- 50.5’ (Gas Pump Canopy)
Corner Side Yard (South/IL 71)	30 feet	+/- 91.1’ (C Store) +/- 30’ (Gas Pump Canopy)
Rear Yard (East)	20 feet	+/- 40’ (Parking Endcap)

The maximum building height in the B-3 District is 80 feet. The overall height of the convenience store is approximately 24’-8” at its peak and the gas pump canopies have a maximum height of about 18 feet. The maximum lot coverage for the B-3 General Business District including all impervious surfaces is 80 percent. As stated on the site data table, the proposed impervious lot coverage for the gas station site is 71.4% (134,278 sq. ft.). Therefore, the petitioner meets all bulk regulations according to the submitted materials. Upon future development of the outlot (Lot 2), verification will be made that it meets the maximum lot coverage, as well.

Parking and Loading

The submitted plans show a total of 34 vehicle parking spaces, including two (2) handicap accessible spaces, and four (4) semi-truck parking stalls. The total minimum required parking spaces needed per the Yorkville Zoning Ordinance is 14 vehicle spaces (Section 10-16-3) which is exceeded by the on-site spaces provided. Additionally, the typical stall and drive aisle dimensions meet the minimum zoning standards.

Due to the overall gross floor area of the C-Store, the petitioner is not required to locate a loading berth as designated in Section 10-16-9. The petitioner has indicated most convenience store deliveries will occur via box trucks which can be easily accommodated onsite without interfering with onsite traffic and parking.

The petitioner meets the required parking lot setback of 20 feet from arterial roadways (IL Rte. 47 and IL Rte. 71), per Section 10-7-1 of the Zoning Ordinance, as indicated below:

PARKING LOT SETBACK	REQUIRED MINIMUM	PROPOSED PARKING LOT SETBACK
IL Rte. 47 – West (Arterial)	20’	+/- 20’
IL Rte. 71- South (Arterial)	20’	+/- 68’

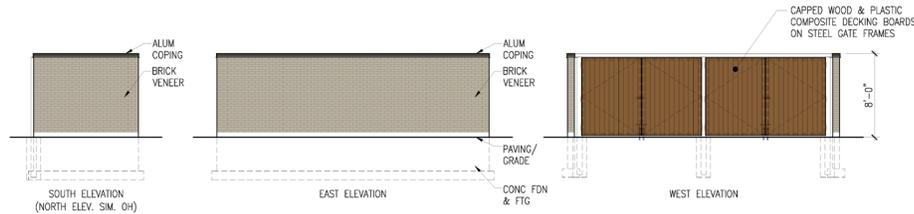

Appearance Code

The petitioner has submitted elevations and renderings which illustrate that the project will comply with the City’s Appearance Code (Section 8-15-5):

Criteria for Appearance of the City Code, new non-residential structures shall have at least fifty percent (50%) of the total building constructed of masonry products or precast concrete incorporated as follows:

SCHEMATIC ELEVATION
NOT TO SCALE

SCHEMATIC TRASH ENCLOSURE ELEVATION
NOT TO SCALE

GRAHAM C STORES
NEW "STAGECOACH" STORE
IL ROUTE 47 & IL ROUTE 71
YORKVILLE, IL 60550
MAY 31, 2022
PROJECT NUMBER | 921070

Signage

The petitioner has submitted a sign package for the entire project and is requesting a sign variance for the size of the monument sign. Per Section 10-20-9-A of the Yorkville Zoning Ordinance, free standing monument signs on lots three (3) acres or larger with more than one street frontage, one freestanding sign sixty-four (64) square feet or less in area and twelve feet (12') or less in height per street frontage with an entrance/exit is allowed.

The petitioner is requesting a single monument sign on Lot 1 at the intersection of IL Rte. 47 and IL Rte. 71 which is approximately twenty-five (25) feet in height and about 168 square feet in area. The sign height exceeds the City's standards by 13 feet (or nearly 200%) and the sign area is 104 sq. feet larger than permitted by City Code. Therefore, the petitioner is requesting a sign variance to increase the maximum allowable sign area and overall height. Below is a comparison chart of recently approved gas station signs with the proposed request:

	Location	Sign Height/Area	Approval Type
<i>Graham C Store</i>	<i>NEC IL Rte. 47/IL Rte. 71</i>	<i>25 feet/168 sq. ft.</i>	<i>Proposed Variance (Sign Height & Area)</i>
Gas N Wash (2019)	NEC IL Rte. 47/Waterpark Way	12 feet/107 sq. ft.	Variance (Sign Area)
Casey's (2017)	SWC IL Rte. 34/McHugh Road	10 feet/47 sq. ft.	Variance (Sign Area)
Shell/Circle K (1990)	SWC IL Rte. 47/IL Rte. 71	20.6 feet/129 sq. ft.	Permitted by Ordinance

Please see provided example of Wadsworth Crossing sign for list of color and materials for the sign. This is the same height and will have the same foundation, just slightly different panel layout

The base will be concrete wrapped with brick

<p>16W 109 83rd Street Burr Ridge, IL 60527 Phone: 630.655.2850 Fax: 630.655.2857 www.imagefxcorp.com</p>	Start Date:	Job#:	Drawing#:	107 E Stagecoach Trail, Yorkville, IL 60560	
	Last Revision:	Page:		Location:	Sales Rep: Designer:

The Casey's Gas Station on US 34 and McHugh was granted a sign variance for a monument sign of approximately 47 square feet, which exceeded the maximum sign area for parcel less than 3 acres by 15 square feet or 32%. Also, the recently approved Gas N Wash on IL Rte. 47 and Waterpark Way was granted a sign variance for a monument sign of approximately 107 square feet (40% larger than permitted by code) and an overall height of 12 feet.

Staff supports the sign variance for increased sign height and area, as it is consistent with previously approved gasoline station sign immediately southwest of the subject property. The previously submitted sign had an overall height of 30 feet, which staff recommended be reduced to 20 feet by either removing a panel insert (e.g. BP Gasoline Invigorate) or removing a tenant panel or digital display. The petitioner revised the plan to remove two (2) tenant panels and the "Invigorate" branding insert, thereby lowering the sign by five (5) feet. Due to the speed and volume of vehicular and truck traffic along both IL Rte. 47 and IL Rte. 71, and the fact the petitioner is requesting only one (1) monument sign, staff is supportive of the request.

Driveways

Per Section 10-16-3-D of the Yorkville Zoning Ordinance, nonresidential driveways shall be a minimum of two hundred feet (200') when from the driveway edge to the nearest intersecting street right of way line. The proposed driveways/access points meet this standard. However, staff has recommended and the petitioner has provided a "Do Not Block Entrance" sign at the southern driveway entrance (IL Rte. 71) to avoid potential conflicts with vehicles in turning lanes exiting the gas station site, as this appears to be the prime ingress/egress access point for semi-trucks. IDOT has also provided comments regarding

driveways in a letter dated March 28, 2022 which the petitioner will need to address in order to obtain the necessary permits for commercial access on IL Rte. 47 and IL Rte. 71.

Lighting

A photometric plan has been provided of the proposed light standards to be installed within the parking lot area. Maximum illumination at the property line shall not exceed 0.1 foot-candle and no glare shall spill onto adjacent properties or rights of way. Section 10-16-3-D-7 of the Zoning Code requires the average foot candle to be between 2.0 and 2.5. Proposed average for “inside the curb” calculation is 2.59, which is slightly above the code requirement. **Staff is not opposed to this deviation but will defer to the City Engineer for further comments.**

Additionally, the Code requires the maximum to minimum light intensity ratio be no more than 20:1. The petitioner’s submission indicates a 105:1 ratio, greatly exceeding this requirement. **The petitioner is aware of the maximum to minimum light intensity ratio requirement and states the requirement is difficult to meet based upon the unique shape of the site and the large truck area. Again, staff will defer to the city engineer and continue to work with the petitioner.**

Truck Turning Template

A truck turning template demonstrating the maneuverability of standard sized semitrucks within the site layout has been provided. It appears that there are a few spots where a truck may breach the curbs. Specifically, the full access point off IL Rte. 47 shows interference on both northbound ingress and egress. The petitioner will need to address this issue by enlarging the lanes or by making the island mountable to avoid damage to the curbs.

Sidewalks/Share Paths

Currently, no sidewalks are located along IL Rte. 47 and IL Rte. 71. All future sidewalks along IL Rte. 71 will occur as part of future IDOT roadway improvements. Additionally, a future shared path is proposed along IL Rte. 47 as part of IDOT roadway improvements. The petitioner will provide an asphalt path connection to the gas station development (Lot 1).

Stormwater Detention Area

A backup/dormant Special Service Area will be required per the Stormwater Ordinance to ensure future maintenance of the detention facility.

COMPREHENSIVE PLAN:

The 2016 Comprehensive Plan designates this for Destination Commercial (DC). This land use is designated for small to medium scale auto-oriented commercial uses, such as retail centers and restaurants located near residential areas. Additionally, this land use should have landscaping treatments between front parking lots and rights-of-way as well as containing high quality signage which is scaled appropriately. Therefore, the proposed use is consistent with the designated future land use plan.

ENGINEERING/LANDSCAPE PLAN REVIEW:

The City Engineer has reviewed the plans and continues to work with the petitioner in updating the plans as comments are given. All requests made will be required as a condition of the special use request.

STAFF COMMENTS:

Staff is seeking input and comments from the Economic Development Committee. The proposed rezoning, special use, sign variance scheduled for a public hearing on August 10, 2022 before the Planning and Zoning Commission (PZC). The final plat will also be reviewed at the August PZC meeting. A recommendation will be forwarded to the City Council for consideration at the August 23, 2022 regularly scheduled meeting, if all requested materials are submitted and comments from the public and

commissions are addressed. Staff will be available to answer any question the Economic Development Committee may have at Tuesday night's meeting.

APPLICATION FOR REZONING

INTENT AND PURPOSE

Rezoning is a type of map amendment which allows for the reclassification of a property's zoning district. A request for rezoning must not be arbitrary. There are several land use factors which are considered during the review process for a rezoning request including the suitability of surrounding land uses and zoning districts, local development trends, potential traffic impacts, and the overall public health and safety of the community.

This packet explains the process to successfully submit and complete an Application for Rezoning. It includes a detailed description of the process, outlines required submittal materials, and contains the application for rezoning.

For a complete explanation of what is legally required throughout the Special Use process, please refer to "Title 10, Chapter 4, Section 7: Amendments" of the Yorkville, Illinois City Code.

APPLICATION PROCEDURE

STEP

1

APPLICATION SUBMITTAL

SUBMIT APPLICATION, FEES, AND PLANS TO THE COMMUNITY DEVELOPMENT DEPT.

The following must be submitted:

- One (1) original signed and notarized application.
- Legal description of the property in Microsoft Word.
- Three (3) copies each of the exhibits, proposed drawings, location map, and site plan. All exhibits and plans must be an appropriate size for all details and descriptions to be legible.
- Appropriate application and filing fee. Checks may be written to the United City of Yorkville.
- Signed Applicant Deposit Account/Acknowledgment of Financial Responsibility form.
- One (1) electronic copy (PDF) of all materials submitted including application and exhibits.

Within one (1) week of submittal, the Community Development Department will determine if the application is complete or if additional information is needed. An incomplete submittal could delay the scheduling of the project.

The petitioner is responsible for payment of recording fees and public hearing costs, including written transcripts of the public hearing and outside consultant costs (i.e. legal review, land planner, zoning coordinator, environmental, etc.). The petitioner will be required to establish a deposit account with the City to cover these fees.

Once a submitted and complete, Community Development staff will provide a tentative schedule of meetings as well as all needed documents for the process.

STEP

2

PLAN COUNCIL

MEETS ON THE 2ND & 4TH THURSDAY OF THE MONTH

The petitioner must present the proposed request to the Plan Council. The members of the Council include the Community Development Director, City Engineer, the Building Department Official, the Public Works Director, the Director of Parks and Recreation, a Fire Department Representative, and a Police Department Representative. This meeting is held to provide the petitioner with guidance from all City staff departments to ensure the petitioner is aware of all requirements and regulations for their development. Upon recommendation by the Plan Council, the petitioner will move forward to the Economic Development Committee.

United City of Yorkville
 800 Game Farm Road
 Yorkville, Illinois, 60560
 Telephone: 630-553-4350
 Fax: 630-553-7575
 Website: www.yorkville.il.us

APPLICATION FOR REZONING

STEP 3

ECONOMIC DEVELOPMENT COMMITTEE

MEETS ON THE 1ST TUESDAY OF THE MONTH

The petitioner must present the proposed plan to the Economic Development Committee. The committee consists of four alderman who will provide feedback to the petitioner regarding their request. This feedback allows the petitioner to gather comments and concerns prior to full City Council considerations. It also allows the City Council members to review the request prior to its arrival at City Council.

STEP 4

PLANNING & ZONING COMMISSION

MEETS ON THE 2ND WEDNESDAY OF THE MONTH

The petitioner will attend and present their request at a public hearing conducted by the Planning and Zoning Commission. The Planning and Zoning Commission will conduct a public hearing on the request, take public comments, discuss the request, and make a recommendation to City Council. No rezoning request shall be recommended by the Planning and Zoning Commission unless it follows the standards set forth in City's Zoning Ordinance.

The petitioner is responsible for sending certified public hearing notices to adjacent property owners within five hundred (500) feet of the subject property no less than fifteen (15) days and no more than thirty (30) days prior to the public hearing date. The public hearing notice will be drafted by the City as well as published in a local newspaper. Additionally, a public hearing notice sign must be placed on the property no less than fifteen (15) days prior to the public hearing.

A certified affidavit must be filed by the petitioner with the Community Development Department containing the names, addresses and permanent parcel numbers of all parties that were notified. The Certified Mailing Affidavit form is attached to this document.

STEP 5

CITY COUNCIL

MEETS ON THE 2ND & 4TH TUESDAY OF THE MONTH

The petitioner will attend the City Council meeting where the recommendation of the special use will be considered. City Council will make the final approval of the special use. If approved, City staff will have a drafted ordinance to be signed by the Council and must be recorded with the County Clerk before any further steps may be taken by the petitioner.

SUMMARY OF RESPONSIBILITIES

Below is a summary breakdown of what will be required by the petitioner and what will be completed by the City:

PETITIONER

- Signed and Notarized Application
- Required Plans, Exhibits, and Fees
- Certified Mailing of Public Notice
- Signed Certified Affidavit of Mailings
- Attendance at All Meetings

CITY STAFF

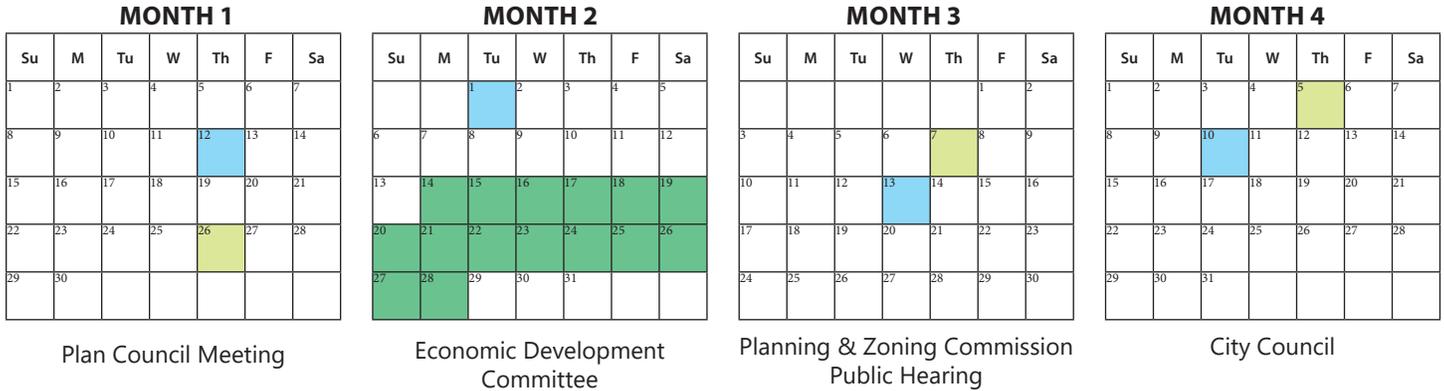

- Detailed Schedule After Complete Submission
- Public Hearing Notice Language
- Posting of the Public Notice in a Local Newspaper
- Public Hearing Sign Application
- Draft Ordinance & Signatures for Recording

APPLICATION FOR REZONING

SAMPLE MEETING SCHEDULE

Meeting Date Updated Materials Submitted for Meeting Public Notice Mailing Window

This is a sample of what a schedule may look like after submission. The Step 1 Submission must be completed before the Plan Council Meeting can be scheduled. This timeline represents an ideal schedule. Throughout the review process, there may be requests or changes to the submission requested by the committees which may delay the meeting schedule. As illustrated, there is a small amount of time between meeting dates and the deadline for updated materials to be submitted for review. Depending on the complexity and nature of the request, this timeline may be extended to give the petitioner and staff enough time to review requested updates to the submission.

DORMANT APPLICATIONS

The Community Development Director shall determine if an application meets or fails to meet the submission requirements. If the Director determines that the application is incomplete it will become dormant under these circumstances:

- The applicant has been notified of such deficiencies and has not responded or provided a time line for completing the application within ninety (90) days from the time of notification.
- The applicant has not responded in writing to a request for information or documentation from the initial planning and zoning commission review within six (6) months from the date of that request.
- The applicant has not responded to a request for legal or engineering deposit replenishment for city incurred costs and fees within ninety (90) days from the date of the request.

If the Community Development Director has sent the required notice and the applicant has not withdrawn their application or brought it into compliance, then the director shall terminate the application. After termination, the application shall not be reconsidered except after the filing of a completely new application.

Withdrawal or termination of an application shall not affect the applicant's responsibility for payment of any costs and fees, or any other outstanding debt owed to the city. The balance of any funds deposited with the city that is not needed to pay for costs and fees shall be returned to the applicant. (Ord. 2011-34, 7-26-2011)

APPLICANT DEPOSIT ACCOUNT/ ACKNOWLEDGMENT OF FINANCIAL RESPONSIBILITY

PROJECT NUMBER:	FUND ACCOUNT NUMBER:	PROPERTY ADDRESS:
-----------------	----------------------	-------------------

PETITIONER DEPOSIT ACCOUNT FUND:

It is the policy of the United City of Yorkville to require any petitioner seeking approval on a project or entitlement request to establish a Petitioner Deposit Account Fund to cover all actual expenses occurred as a result of processing such applications and requests. Typical requests requiring the establishment of a Petitioner Deposit Account Fund include, but are not limited to, plan review of development approvals/engineering permits. Deposit account funds may also be used to cover costs for services related to legal fees, engineering and other plan reviews, processing of other governmental applications, recording fees and other outside coordination and consulting fees. Each fund account is established with an initial deposit based upon the estimated cost for services provided in the **INVOICE & WORKSHEET PETITION APPLICATION**. This initial deposit is drawn against to pay for these services related to the project or request. Periodically throughout the project review/approval process, the Financially Responsible Party will receive an invoice reflecting the charges made against the account. At any time the balance of the fund account fall below ten percent (10%) of the original deposit amount, the Financially Responsible Party will receive an invoice requesting additional funds equal to one-hundred percent (100%) of the initial deposit if subsequent reviews/fees related to the project are required. In the event that a deposit account is not immediately replenished, review by the administrative staff, consultants, boards and commissions may be suspended until the account is fully replenished. If additional funds remain in the deposit account at the completion of the project, the city will refund the balance to the Financially Responsible Party. A written request must be submitted by the Financially Responsible Party to the city by the 15th of the month in order for the refund check to be processed and distributed by the 15th of the following month. All refund checks will be made payable to the Financially Responsible Party and mailed to the address provided when the account was established.

ACKNOWLEDGMENT OF FINANCIAL RESPONSIBILITY

FINANCIALLY RESPONSIBLE PARTY:

I acknowledge and understand that as the Financially Responsible Party, expenses may exceed the estimated initial deposit and, when requested by the United City of Yorkville, I will provide additional funds to maintain the required account balance. Further, the sale or other disposition of the property does not relieve the individual or Company/Corporation of their obligation to maintain a positive balance in the fund account, unless the United City of Yorkville approves a Change of Responsible Party and transfer of funds. Should the account go into deficit, all City work may stop until the requested replenishment deposit is received.

APPLICATION FOR FINAL PLAT/REPLAT

INTENT AND PURPOSE

The purpose of this application is to allow land to be divided and distributed in a way that conforms to the City of Yorkville's standards. The process for applying for a final plat or replat allows for the review of a proposed layout of divided lots and establishes standard design specification to ensure adequate roadways for safe and efficient traffic circulation is provided; safeguard against flood damage; promotes access and availability of utilities; and requires the provision of other necessary public improvements.

This packet explains the process to successfully submit and complete an Application for Final Plat/Replat. It includes a detailed description of the process, outlines required submittal materials, and contains the application.

For a complete explanation of what is legally required throughout the process, please refer to "Title 11 Subdivision Control" of the Yorkville, Illinois City Code.

APPLICATION PROCEDURE

STEP

1

APPLICATION SUBMITTAL

SUBMIT APPLICATION, FEES, AND PLANS TO THE COMMUNITY DEVELOPMENT DEPT.

The following must be submitted:

- One (1) original signed and notarized application.
- Legal description of the property in Microsoft Word.
- Three (3) copies each of the exhibits and proposed drawings. All exhibits and plans must be an appropriate size for all details and descriptions to be legible.
- Appropriate application and filing fee. Checks may be written to the United City of Yorkville.
- Signed Applicant Deposit Account/Acknowledgment of Financial Responsibility form.
- One (1) electronic copy (PDF) of all materials submitted including application and exhibits.

Within one (1) week of submittal, the Community Development Department will determine if the application is complete or if additional information is needed. An incomplete submittal could delay the scheduling of the project.

The petitioner is responsible for payment of recording fees and outside consultant costs (i.e. legal review, engineering review, etc.). The petitioner will be required to establish a deposit account with the City to cover these fees.

Once submitted and complete, Community Development staff will provide a tentative schedule of meetings as well as all the needed documents for the process.

STEP

2

PLAN COUNCIL

MEETS ON THE 2ND & 4TH THURSDAY OF THE MONTH

This step is dependent on the complexity of the request and may be skipped at the discretion of staff.

The petitioner must present the proposed request to the Plan Council. The members of the Council include the Community Development Director, City Engineer, the Building Department Official, the Public Works Director, the Director of Parks and Recreation, a Fire Department Representative, and a Police Department Representative. This meeting is held to provide the petitioner with guidance from all City staff departments to ensure the petitioner is aware of all requirements and regulations for their development. Upon recommendation by the Plan Council, the petitioner will move forward to the Economic Development Committee.

United City of Yorkville
 800 Game Farm Road
 Yorkville, Illinois, 60560
 Telephone: 630-553-4350
 Fax: 630-553-7575
 Website: www.yorkville.il.us

APPLICATION FOR FINAL PLAT/REPLAT

STEP 3

**ECONOMIC
DEVELOPMENT
COMMITTEE**

MEETS ON THE 1ST TUESDAY OF THE MONTH

The petitioner must present the proposed plat to the Economic Development Committee. The committee consists of four alderman who will provide feedback to the petitioner regarding their request. This feedback allows the petitioner to gather comments and concerns prior to full City Council considerations. It also allows the City Council members to review the request prior to its arrival at City Council.

STEP 4

**PLANNING
& ZONING
COMMISSION**

MEETS ON THE 2ND WEDNESDAY OF THE MONTH

The petitioner will attend and present their plat to the Planning and Zoning Commission. The Planning and Zoning Commission will discuss the request and make a recommendation to City Council.

STEP 5

**CITY
COUNCIL**

MEETS ON THE 2ND & 4TH TUESDAY OF THE MONTH

The petitioner will attend the City Council meeting where the recommendation of the plat will be considered. City Council will make the final approval of the plat. If approved, City staff will have a drafted ordinance to be signed by the Council and must be recorded with the County Clerk before any further steps may be taken by the petitioner.

APPLICATION FOR FINAL PLAT/REPLAT

DORMANT APPLICATIONS

The Community Development Director shall determine if an application meets or fails to meet the submission requirements. If the Director determines that the application is incomplete it will become dormant under these circumstances:

- The applicant has been notified of such deficiencies and has not responded or provided a time line for completing the application within ninety (90) days from the time of notification.
- The applicant has not responded in writing to a request for information or documentation from the initial planning and zoning commission review within six (6) months from the date of that request.
- The applicant has not responded to a request for legal or engineering deposit replenishment for city incurred costs and fees within ninety (90) days from the date of the request.

If the Community Development Director has sent the required notice and the applicant has not withdrawn their application or brought it into compliance, then the director shall terminate the application. After termination, the application shall not be reconsidered except after the filing of a completely new application.

Withdrawal or termination of an application shall not affect the applicant's responsibility for payment of any costs and fees, or any other outstanding debt owed to the city. The balance of any funds deposited with the city that is not needed to pay for costs and fees shall be returned to the applicant. (Ord. 2011-34, 7-26-2011)

APPLICANT DEPOSIT ACCOUNT/ ACKNOWLEDGMENT OF FINANCIAL RESPONSIBILITY

PROJECT NAME: GRAHAM C STORE & GAS STATION	FUND ACCOUNT NUMBER:	PROPERTY ADDRESS:
---	----------------------	-------------------

PETITIONER DEPOSIT ACCOUNT FUND:

It is the policy of the United City of Yorkville to require any petitioner seeking approval on a project or entitlement request to establish a Petitioner Deposit Account Fund to cover all actual expenses occurred as a result of processing such applications and requests. Typical requests requiring the establishment of a Petitioner Deposit Account Fund include, but are not limited to, plan review of development approvals/engineering permits. Deposit account funds may also be used to cover costs for services related to legal fees, engineering and other plan reviews, processing of other governmental applications, recording fees and other outside coordination and consulting fees. Each fund account is established with an initial deposit based upon the estimated cost for services provided in the **INVOICE & WORKSHEET PETITION APPLICATION**. This initial deposit is drawn against to pay for these services related to the project or request. Periodically throughout the project review/approval process, the Financially Responsible Party will receive an invoice reflecting the charges made against the account. At any time the balance of the fund account fall below ten percent (10%) of the original deposit amount, the Financially Responsible Party will receive an invoice requesting additional funds equal to one-hundred percent (100%) of the initial deposit if subsequent reviews/fees related to the project are required. In the event that a deposit account is not immediately replenished, review by the administrative staff, consultants, boards and commissions may be suspended until the account is fully replenished. If additional funds remain in the deposit account at the completion of the project, the city will refund the balance to the Financially Responsible Party. A written request must be submitted by the Financially Responsible Party to the city by the 15th of the month in order for the refund check to be processed and distributed by the 15th of the following month. All refund checks will be made payable to the Financially Responsible Party and mailed to the address provided when the account was established.

ACKNOWLEDGMENT OF FINANCIAL RESPONSIBILITY

NAME:	COMPANY:
MAILING ADDRESS:	
CITY, STATE, ZIP:	TELEPHONE:
EMAIL:	FAX:

FINANCIALLY RESPONSIBLE PARTY:

I acknowledge and understand that as the Financially Responsible Party, expenses may exceed the estimated initial deposit and, when requested by the United City of Yorkville, I will provide additional funds to maintain the required account balance. Further, the sale or other disposition of the property does not relieve the individual or Company/Corporation of their obligation to maintain a positive balance in the fund account, unless the United City of Yorkville approves a Change of Responsible Party and transfer of funds. Should the account go into deficit, all City work may stop until the requested replenishment deposit is received.

APPLICATION FOR SPECIAL USE

INTENT AND PURPOSE

The purpose of the zoning code is based upon the authority of the City to divide its land into districts by use, bulk, and structures, in a substantially uniform manner. It is recognized that while some uses are permitted under the zoning code to keep uniformity, a case-by-case analysis must be conducted for certain permitted uses to discover the impact of those uses on neighboring land. In these cases a special use must be granted.

This packet explains the process to successfully submit and complete an Application for Special Use. It includes a detailed description of the process, outlines required submittal materials, and contains the application for special use.

For a complete explanation of what is legally required throughout the Special Use process, please refer to "Title 10, Chapter 4, Section 9: Special Uses" of the Yorkville, Illinois City Code.

APPLICATION PROCEDURE

STEP

1

APPLICATION SUBMITTAL

SUBMIT APPLICATION, FEES, AND PLANS TO THE COMMUNITY DEVELOPMENT DEPT.

The following must be submitted:

- One (1) original signed and notarized application.
- Legal description of the property in Microsoft Word.
- Three (3) copies each of the exhibits, proposed drawings, location map, and site plan. All exhibits and plans must be an appropriate size for all details and descriptions to be legible.
- Appropriate application and filing fee. Checks may be written to the United City of Yorkville.
- Signed Applicant Deposit Account/Acknowledgment of Financial Responsibility form.
- One (1) electronic copy (PDF) of all materials submitted including application and exhibits.

Within one (1) week of submittal, the Community Development Department will determine if the application is complete or if additional information is needed. An incomplete submittal could delay the scheduling of the project.

The petitioner is responsible for payment of recording fees and public hearing costs, including written transcripts of the public hearing and outside consultant costs (i.e. legal review, land planner, zoning coordinator, environmental, etc.). The petitioner will be required to establish a deposit account with the City to cover these fees.

Once a submitted and complete, Community Development staff will provide a tentative schedule of meetings as well as all needed documents for the process.

STEP

2

PLAN COUNCIL

MEETS ON THE 2ND & 4TH THURSDAY OF THE MONTH

The petitioner must present the proposed request to the Plan Council. The members of the Council include the Community Development Director, City Engineer, the Building Department Official, the Public Works Director, the Director of Parks and Recreation, a Fire Department Representative, and a Police Department Representative. This meeting is held to provide the petitioner with guidance from all City staff departments to ensure the petitioner is aware of all requirements and regulations for their development. Upon recommendation by the Plan Council, the petitioner will move forward to the Economic Development Committee.

United City of Yorkville
 800 Game Farm Road
 Yorkville, Illinois, 60560
 Telephone: 630-553-4350
 Fax: 630-553-7575
 Website: www.yorkville.il.us

APPLICATION FOR SPECIAL USE

STEP 3

ECONOMIC DEVELOPMENT COMMITTEE

MEETS ON THE 1ST TUESDAY OF THE MONTH

The petitioner must present the proposed plan to the Economic Development Committee. The committee consists of four alderman who will provide feedback to the petitioner regarding their request. This feedback allows the petitioner to gather comments and concerns prior to full City Council considerations. It also allows the City Council members to review the request prior to its arrival at City Council.

STEP 4

PLANNING & ZONING COMMISSION

MEETS ON THE 2ND WEDNESDAY OF THE MONTH

The petitioner will attend and present their request at a public hearing conducted by the Planning and Zoning Commission. The Planning and Zoning Commission will conduct a public hearing on the request, take public comments, discuss the request, and make a recommendation to City Council. No special use shall be recommended by the Planning and Zoning Commission unless it follows the standards set forth in City's Zoning Ordinance.

The petitioner is responsible for sending certified public hearing notices to adjacent property owners within five hundred (500) feet of the subject property no less than fifteen (15) days and no more than thirty (30) days prior to the public hearing date. The public hearing notice will be drafted by the City as well as published in a local newspaper. Additionally, a public hearing notice sign must be placed on the property no less than fifteen (15) days prior to the public hearing.

A certified affidavit must be filed by the petitioner with the Community Development Department containing the names, addresses and permanent parcel numbers of all parties that were notified. The Certified Mailing Affidavit form is attached to this document.

STEP 5

CITY COUNCIL

MEETS ON THE 2ND & 4TH TUESDAY OF THE MONTH

The petitioner will attend the City Council meeting where the recommendation of the special use will be considered. City Council will make the final approval of the special use. If approved, City staff will have a drafted ordinance to be signed by the Council and must be recorded with the County Clerk before any further steps may be taken by the petitioner.

SUMMARY OF RESPONSIBILITIES

Below is a summary breakdown of what will be required by the petitioner and what will be completed by the City:

PETITIONER

- Signed and Notarized Application
- Required Plans, Exhibits, and Fees
- Certified Mailing of Public Notice
- Signed Certified Affidavit of Mailings
- Attendance at All Meetings

CITY STAFF

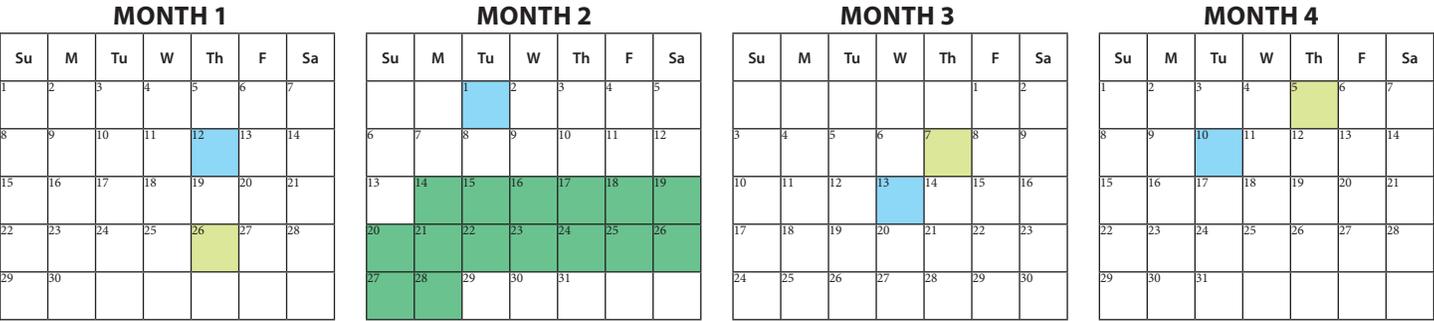

- Detailed Schedule After Complete Submission
- Public Hearing Notice Language
- Posting of the Public Notice in a Local Newspaper
- Public Hearing Sign Application
- Draft Ordinance & Signatures for Recording

APPLICATION FOR SPECIAL USE

SAMPLE MEETING SCHEDULE

Plan Council Meeting

Economic Development Committee

Planning & Zoning Commission Public Hearing

City Council

This is a sample of what a schedule may look like after submission. The Step 1 Submission must be completed before the Plan Council Meeting can be scheduled. This timeline represents an ideal schedule. Throughout the review process, there may be requests or changes to the submission requested by the committees which may delay the meeting schedule. As illustrated, there is a small amount of time between meeting dates and the deadline for updated materials to be submitted for review. Depending on the complexity and nature of the request, this timeline may be extended to give the petitioner and staff enough time to review requested updates to the submission.

DORMANT APPLICATIONS

The Community Development Director shall determine if an application meets or fails to meet the submission requirements. If the Director determines that the application is incomplete it will become dormant under these circumstances:

- The applicant has been notified of such deficiencies and has not responded or provided a time line for completing the application within ninety (90) days from the time of notification.
- The applicant has not responded in writing to a request for information or documentation from the initial planning and zoning commission review within six (6) months from the date of that request.
- The applicant has not responded to a request for legal or engineering deposit replenishment for city incurred costs and fees within ninety (90) days from the date of the request.

If the Community Development Director has sent the required notice and the applicant has not withdrawn their application or brought it into compliance, then the director shall terminate the application. After termination, the application shall not be reconsidered except after the filing of a completely new application.

Withdrawal or termination of an application shall not affect the applicant's responsibility for payment of any costs and fees, or any other outstanding debt owed to the city. The balance of any funds deposited with the city that is not needed to pay for costs and fees shall be returned to the applicant. (Ord. 2011-34, 7-26-2011)

APPLICANT DEPOSIT ACCOUNT/ ACKNOWLEDGMENT OF FINANCIAL RESPONSIBILITY

PROJECT NUMBER:	FUND ACCOUNT NUMBER:	PROPERTY ADDRESS:
-----------------	----------------------	-------------------

PETITIONER DEPOSIT ACCOUNT FUND:

It is the policy of the United City of Yorkville to require any petitioner seeking approval on a project or entitlement request to establish a Petitioner Deposit Account Fund to cover all actual expenses occurred as a result of processing such applications and requests. Typical requests requiring the establishment of a Petitioner Deposit Account Fund include, but are not limited to, plan review of development approvals/engineering permits. Deposit account funds may also be used to cover costs for services related to legal fees, engineering and other plan reviews, processing of other governmental applications, recording fees and other outside coordination and consulting fees. Each fund account is established with an initial deposit based upon the estimated cost for services provided in the **INVOICE & WORKSHEET PETITION APPLICATION**. This initial deposit is drawn against to pay for these services related to the project or request. Periodically throughout the project review/approval process, the Financially Responsible Party will receive an invoice reflecting the charges made against the account. At any time the balance of the fund account fall below ten percent (10%) of the original deposit amount, the Financially Responsible Party will receive an invoice requesting additional funds equal to one-hundred percent (100%) of the initial deposit if subsequent reviews/fees related to the project are required. In the event that a deposit account is not immediately replenished, review by the administrative staff, consultants, boards and commissions may be suspended until the account is fully replenished. If additional funds remain in the deposit account at the completion of the project, the city will refund the balance to the Financially Responsible Party. A written request must be submitted by the Financially Responsible Party to the city by the 15th of the month in order for the refund check to be processed and distributed by the 15th of the following month. All refund checks will be made payable to the Financially Responsible Party and mailed to the address provided when the account was established.

APPLICATION FOR SIGN VARIANCE

INTENT AND PURPOSE

The purpose of a variance is to provide relief from certain regulations of the zoning ordinance to permit the use of land in a way that is not otherwise permitted under the ordinance. A variance is granted when the terms of the zoning ordinance, if literally applied, would create an unreasonable hardship on the landowner, making the property virtually useless.

This packet explains the process to successfully submit and complete an Application for a Sign Variance Request. It includes a detailed description of the process, outlines required submittal materials, and contains the application for variance.

For a complete explanation of what is legally required throughout the Variance Request process, please refer to "Title 10, Chapter 4, Section 7 Variations" of the Yorkville, Illinois City Code.

APPLICATION PROCEDURE

STEP

1

APPLICATION SUBMITTAL

SUBMIT APPLICATION, FEES, AND PLANS TO THE COMMUNITY DEVELOPMENT DEPT.

The following must be submitted:

- One (1) original signed and notarized application.
- Legal description of the property in Microsoft Word.
- Three (3) copies each of exhibits, proposed drawings, location map, and site plan. All exhibits and plans must be an appropriate size for all details and descriptions to be legible.
- Appropriate application and filing fee. Checks may be written to the United City of Yorkville.
- Signed Applicant Deposit Account/Acknowledgment of Financial Responsibility form.
- One (1) electronic copy (PDF) of all materials submitted including application and exhibits.

Within one (1) week of submittal, the Community Development Department will determine if the application is complete or if additional information is needed. An incomplete submittal could delay the scheduling of the project.

The petitioner is responsible for payment of recording fees and public hearing costs, including written transcripts of the public hearing and outside consultant costs (i.e. legal review, land planner, zoning coordinator, environmental, etc.). The petitioner will be required to establish a deposit account with the City to cover these fees.

Once a submitted and complete, Community Development staff will provide a tentative schedule of meetings as well as all needed documents for the process.

STEP

2

PLAN COUNCIL

MEETS ON THE 2ND & 4TH THURSDAY OF THE MONTH

This step is dependent on the complexity of the request and may be skipped at the discretion of staff.

The petitioner must present the proposed request to the Plan Council. The members of the Council include the Community Development Director, City Engineer, the Building Department Official, the Public Works Director, the Director of Parks and Recreation, a Fire Department Representative, and a Police Department Representative. This meeting is held to provide the petitioner with guidance from all City staff departments to ensure the petitioner is aware of all requirements and regulations for their development. Upon recommendation by the Plan Council, the petitioner will move forward to the Economic Development Committee.

United City of Yorkville
800 Game Farm Road
Yorkville, Illinois, 60560
Telephone: 630-553-4350
Fax: 630-553-7575
Website: www.yorkville.il.us

APPLICATION FOR SIGN VARIANCE

STEP 3

ECONOMIC DEVELOPMENT COMMITTEE

MEETS ON THE 1ST TUESDAY OF THE MONTH

The petitioner must present the proposed request to the Economic Development Committee. The committee consists of four alderman who will provide feedback to the petitioner regarding their request. This feedback allows the petitioner to gather comments and concerns prior to full City Council considerations. It also allows the City Council members to review the request prior to its arrival at City Council.

STEP 4

PLANNING & ZONING COMMISSION

MEETS ON THE 2ND WEDNESDAY OF THE MONTH

The petitioner will attend and present their request at a public hearing conducted by the Planning and Zoning Commission. The Planning and Zoning Commission will conduct a public hearing on the request, take public comments, discuss the request, and make a recommendation to City Council.

The petitioner is responsible for sending certified public hearing notices to adjacent property owners within five hundred (500) feet of the subject property no less than fifteen (15) days and no more than thirty (30) days prior to the public hearing date. The public hearing notice will be drafted by the City as well as published in a local newspaper. Additionally, a public hearing notice sign must be placed on the property no less than fifteen (15) days prior to the public hearing.

A certified affidavit must be filed by the petitioner with the Community Development Department containing the names, addresses and permanent parcel numbers of all parties that were notified. The Certified Mailing Affidavit form is attached to this document.

STEP 5

CITY COUNCIL

MEETS ON THE 2ND & 4TH TUESDAY OF THE MONTH

The petitioner will attend the City Council meeting where the recommendation of the variance will be considered. City Council will make the final approval of the variance. If approved, City staff will have a drafted ordinance to be signed by the Council and must be recorded with the County Clerk before any further steps may be taken by the petitioner.

SUMMARY OF RESPONSIBILITIES

Below is a summary breakdown of what will be required by the petitioner and what will be completed by the City:

PETITIONER

- Signed and Notarized Application
- Required Plans, Exhibits, and Fees
- Certified Mailing of Public Notice
- Signed Certified Affidavit of Mailings
- Attendance at All Meetings

CITY STAFF

- Detailed Schedule After Complete Submission
- Public Hearing Notice Language
- Posting of the Public Notice in a Local Newspaper
- Public Hearing Sign Application
- Draft Ordinance & Signatures for Recording

Economic Development Committee

Planning & Zoning Commission Public Hearing

City Council

Meeting Date

Updated Materials Submitted for Meeting

Public Notice Mailing Window

This is a sample of what a schedule may look like after submission. The Step 1 Submission must be completed before the Plan Council Meeting can be scheduled. This timeline represents an ideal schedule. Throughout the review process, there may be requests or changes to the submission requested by the committees which may delay the meeting schedule. As illustrated, there is a small amount of time between meeting dates and the deadline for updated materials to be submitted for review. Depending on the complexity and nature of the request, this timeline may be extended to give the petitioner and staff enough time to review requested updates to the submission.

DORMANT APPLICATIONS

The Community Development Director shall determine if an application meets or fails to meet the submission requirements. If the Director determines that the application is incomplete it will become dormant under these circumstances:

- The applicant has been notified of such deficiencies and has not responded or provided a time line for completing the application within ninety (90) days from the time of notification.
- The applicant has not responded in writing to a request for information or documentation from the initial planning and zoning commission review within six (6) months from the date of that request.
- The applicant has not responded to a request for legal or engineering deposit replenishment for city incurred costs and fees within ninety (90) days from the date of the request.

If the Community Development Director has sent the required notice and the applicant has not withdrawn their application or brought it into compliance, then the director shall terminate the application. After termination, the application shall not be reconsidered except after the filing of a completely new application.

Withdrawal or termination of an application shall not affect the applicant's responsibility for payment of any costs and fees, or any other outstanding debt owed to the city. The balance of any funds deposited with the city that is not needed to pay for costs and fees shall be returned to the applicant. (Ord. 2011-34, 7-26-2011)

APPLICANT DEPOSIT ACCOUNT/ ACKNOWLEDGMENT OF FINANCIAL RESPONSIBILITY

PROJECT NAME:	FUND ACCOUNT NUMBER:	PROPERTY ADDRESS:
---------------	----------------------	-------------------

PETITIONER DEPOSIT ACCOUNT FUND:

It is the policy of the United City of Yorkville to require any petitioner seeking approval on a project or entitlement request to establish a Petitioner Deposit Account Fund to cover all actual expenses occurred as a result of processing such applications and requests. Typical requests requiring the establishment of a Petitioner Deposit Account Fund include, but are not limited to, plan review of development approvals/engineering permits. Deposit account funds may also be used to cover costs for services related to legal fees, engineering and other plan reviews, processing of other governmental applications, recording fees and other outside coordination and consulting fees. Each fund account is established with an initial deposit based upon the estimated cost for services provided in the **INVOICE & WORKSHEET PETITION APPLICATION**. This initial deposit is drawn against to pay for these services related to the project or request. Periodically throughout the project review/approval process, the Financially Responsible Party will receive an invoice reflecting the charges made against the account. At any time the balance of the fund account fall below ten percent (10%) of the original deposit amount, the Financially Responsible Party will receive an invoice requesting additional funds equal to one-hundred percent (100%) of the initial deposit if subsequent reviews/fees related to the project are required. In the event that a deposit account is not immediately replenished, review by the administrative staff, consultants, boards and commissions may be suspended until the account is fully replenished. If additional funds remain in the deposit account at the completion of the project, the city will refund the balance to the Financially Responsible Party. A written request must be submitted by the Financially Responsible Party to the city by the 15th of the month in order for the refund check to be processed and distributed by the 15th of the following month. All refund checks will be made payable to the Financially Responsible Party and mailed to the address provided when the account was established.

ACKNOWLEDGMENT OF FINANCIAL RESPONSIBILITY

NAME:	COMPANY:
MAILING ADDRESS:	
CITY, STATE, ZIP:	TELEPHONE:
EMAIL:	FAX:

FINANCIALLY RESPONSIBLE PARTY:

I acknowledge and understand that as the Financially Responsible Party, expenses may exceed the estimated initial deposit and, when requested by the United City of Yorkville, I will provide additional funds to maintain the required account balance. Further, the sale or other disposition of the property does not relieve the individual or Company/Corporation of their obligation to maintain a positive balance in the fund account, unless the United City of Yorkville approves a Change of Responsible Party and transfer of funds. Should the account go into deficit, all City work may stop until the requested replenishment deposit is received.

Subject: Graham C Store Development - Monument Sign and Photometrics
Date: Wednesday, June 1, 2022 2:02:45 PM
Attachments: [image001.png](#)
[2022-0531 Monument Sign Revised.pdf](#)

Krysti,

I wanted to follow up on the monument sign and photometrics. Please let me know if you have any questions on our resubmittal.

Monument Sign

The Grahams would like to request a variance for the attached monument sign. This sign is 25' tall and matches height to their other Yorkville BP station. The sign was revised to eliminate the (2) tenant panels and the "Invigorate" branding.

Photometrics

We provided a revised photometric plan. The revised plan has the fixture shown with a circle around them to make it easier to read. We have eliminated two fixtures and reduced the lumens provided in the other lights to address your review comments.

1. Review comment – Lighting fixtures should be full cutoff and the use of wall packs on buildings should be minimized.
 - a. Response: A light fixture south of the detention was eliminated to allow for full cut off at the east property line
2. Review comment – Zoning code requires the average foot candle to be between 2.0 and 2.5. proposed average is 1.82
 - a. Response: The Calculation summary includes an "All Calc Points" label and an "Inside Curb" label. The inside curb label was included by the light designer to provide a more realistic calculation by omitting the other areas on the property like the detention area and undeveloped lot. The previous submittal had an inside the curb average of 4.49. The revised average is 2.59 inside curb. The lighting removed one fixture in the island west of the diesel and one south of the detention. The canopy fixtures were reduced in lumen output to lower the average.
3. Review Comment – The maximum to minimum light intensity ratio should be no more than 20:1. Please confirm the minimum to maximum light intensity ratio is in conformance.
 - a. Response – The lighting designer was not able to reduce the max to min intensity ratio. In the revised plan the value increased slightly. The designer has indicated it would be difficult to have this value meet the ratio required with the shape of the site and the large truck area. We have an alternate plan that includes the (2) removed light fixtures. This allows us to reduce the max to min ratio to 105 but the average is increased significantly. We would be happy to share this alternate plan and get your feedback. Please contact me if you would like to review.

RE: Graham C-Stores Company – 107 East Stagecoach Road
Engineering Plan Review Comments
HR Green Project No.: 211588

Dear Ms. Barksdale-Noble:

Please see below our responses to review comment letter dated May 9, 2022. Responses to each comment are shown in **bold** following the comment.

General Comments:

1. The following items will need to be provide with the final engineering plans:
 - a. An engineer's estimate needs to be provided and must include all public improvements within the ROW including utility connections and all soil erosion and sediment control items. This cost estimate will be used to determine the construction guarantee amount. In addition, a cost estimate needs to be provided for all site improvements which will be used to calculate the building permit fees.
 - b. IEPA permits as well as YBSD sign-off.
 - c. Landscape Plan.

RESPONSE: Noted and to be provided at final engineering submittal.

2. A truck turning movement diagram shall be submitted to confirm appropriate movements for service, delivery, and emergency vehicles.

RESPONSE: Truck movement exhibit included with this letter.

Preliminary Engineering Plans

3. Improvements to Illinois Route 71 and Illinois Route 47 as directed by IDOT for the proposed site shall be shown. The engineer or developer should provide all correspondence with IDOT as it relates to the proposed road connections.
RESPONSE: Attached please find the initial IDOT correspondence as requested. Nothing further has been resubmitted or returned.
4. The parking counts do not match what is shown. Truck parking should be included.
RESPONSE: The parking count on Sheet C-03 has been updated to include the truck parking.
5. Plans show that wheel stops will be placed in front of stalls along store fronts. This will require longer parking stalls than that shown as the wheel stops reduce the length of the stall.
RESPONSE: Plans have been revised to use bollards instead per Owner request.

6. The water main should be extended to the eastern property line for future extension.
RESPONSE: Water main extended to the eastern property line.

Preliminary Storm Water Management Report

7. A high-level review was performed and it was noted that the rainfall intensity appears to be incorrect.
RESPONSE: The rainfall intensities have been updated to reflect Illinois Bulletin 75.

Final Plat

8. Lot numbers need to be added to the plat.
RESPONSE: Lot numbers and areas have been corrected to display correctly.
9. The second paragraph in the ownership certificate should be replaced with the following:
THE UNDERSIGNED HEREBY DEDICATES FOR PUBLIC USE THE LANDS INDICATED ON THIS PLAT AS THOROUGHFARES, STREETS, ALLEYS AND PUBLIC SERVICES; AND HEREBY ALSO RESERVES FOR ANY ELECTRIC, GAS, TELEPHONE, CABLE TV OR OTHER TELECOMMUNICATIONS COMPANY UNDER FRANCHISE AGREEMENT WITH THE UNITED CITY OF YORKVILLE, THEIR SUCCESSORS AND ASSIGNS, THE EASEMENT PROVISIONS WHICH ARE STATED HEREON.
RESPONSE: Revised as requested.
10. Cross access easement provisions should be added.
RESPONSE: Noted: Cross access provision to be coordinated with the Owner/Developer.
11. The monument sign is in the 10' PU&E and needs to be moved.
RESPONSE: Location of monument sign revised within Engineering Site Plan
12. An IDOT certificate is needs to be added.
RESPONSE: IDOT certificate added as requested.
13. A landscape setback line is noted on the engineering plans and should be addressed
RESPONSE: It is the surveyor's opinion that current zoning regulations should dictate the landscape setback/buffer requirements and they should not be shown on the face of the recorded Final Plat.

Sincerely,

HR GREEN INC.

David Schultz, P.E., LEED AP
Project Manager

PHOTOMETRIC EVALUATION
NOT FOR CONSTRUCTION

Based on the information provided, all dimensions and luminaire locations shown represent recommended positions. The engineer and/or architect must determine the applicability of the layout to existing or future field conditions.

This lighting plan represents illumination levels calculated from laboratory data taken under controlled conditions in accordance with The Illuminating Engineering Society (IES) approved methods. Actual performance of any manufacturer's luminaires may vary due to changes in electrical voltage, tolerance in lamps/LEDs and other variable field conditions. Calculations do not include obstructions such as buildings, curbs, landscaping, or any other architectural elements unless noted. Fixture nomenclature noted does not include mounting hardware or poles. This drawing is for photometric evaluation purposes only and should not be used as a construction document or as a final document for ordering product.

Total Project Watts
Total Watts = 3811

UTILITY EASEMENT PROVISIONS

A NON-EXCLUSIVE EASEMENT FOR SERVING THE SUBDIVISION AND OTHER PROPERTY WITH ELECTRIC AND COMMUNICATION SERVICE IS HEREBY RESERVED FOR AND GRANTED TO

COMMONWEALTH EDISON COMPANY, AMERITECH ILLINOIS a.k.a. ILLINOIS BELL TELEPHONE COMPANY, GRANTEE;

THEIR RESPECTIVE LICENSEES, SUCCESSORS AND ASSIGNS, JOINTLY AND SEVERALLY TO CONSTRUCT, OPERATE, REPAIR, MAINTAIN, MODIFY, RECONSTRUCT, REPLACE, SUPPLEMENT, RELOCATE, AND REMOVE, FROM TIME TO TIME, POLES, GUYS, ANCHORS, WIRES, CABLES, CONDUITS, MANHOLES, TRANSFORMERS, PEDESTALS, EQUIPMENT CABINETS OR OTHER FACILITIES USED IN CONNECTION WITH UNDERGROUND TRANSMISSION AND DISTRIBUTION OF ELECTRICITY, COMMUNICATIONS, SOUNDS AND SIGNALS IN, OVER, UNDER, ACROSS, ALONG AND UPON THE SURFACE OF THE PROPERTY SHOWN WITHIN THE DASHED OR DOTTED LINES (or similar designation) ON THE PLAT AND MARKED "EASEMENT", "UTILITY EASEMENT", "PUBLIC UTILITY EASEMENT", "P.U.E." (or similar designation), THE PROPERTY DESIGNATED IN THE DECLARATION OF CONDOMINIUM AND/OR ON THIS PLAT AS "COMMON ELEMENTS" AND THE PROPERTY DESIGNATED ON THE PLAT AS "COMMON AREA OR AREAS"; AND THE PROPERTY DESIGNATED ON THE PLAT FOR STREETS AND ALLEYS, WHETHER PUBLIC OR PRIVATE, TOGETHER WITH THE RIGHT TO INSTALL REQUIRED SERVICE CONNECTIONS UNDER THE SURFACE OF EACH LOT AND COMMON AREA OR AREAS TO SERVE IMPROVEMENTS THEREON, OR ON ADJACENT LOTS, AND COMMON AREA OR AREAS, THE RIGHT TO CUT, TRIM OR REMOVE TREES, BUSHES, ROOTS, SAPLINGS AND TO CLEAR OBSTRUCTIONS FROM THE SURFACE AND SUBSURFACE AS MAY BE REASONABLY REQUIRED INCIDENT TO THE RIGHTS HEREIN GIVEN, AND THE RIGHT TO ENTER UPON THE SUBDIVIDED PROPERTY FOR ALL SUCH PURPOSES. PRIVATE OBSTRUCTIONS SHALL NOT BE PLACED OVER GRANTEE'S FACILITIES OR IN, UPON OR OVER THE PROPERTY WITHIN THE DASHED OR DOTTED LINES (or similar designation) ON THE PLAT AND MARKED "EASEMENT", "UTILITY EASEMENT", "PUBLIC UTILITY EASEMENT", "P.U.E." (or similar designation), WITHOUT THE PRIOR WRITTEN CONSENT OF THE GRANTEE. AFTER INSTALLATION OF ANY SUCH FACILITIES, THE GRADE OF THE SUBDIVIDED PROPERTY SHALL BE IN A MANNER SO AS TO INTERFERE WITH THE PROPER OPERATION AND MAINTENANCE THEREOF.

THE TERM "COMMON ELEMENTS" SHALL HAVE THE MEANING SET FORTH FOR SUCH TERM IN THE "CONDOMINIUM PROPERTY ACT", CHAPTER 765 ILCS 605/2, AS AMENDED FROM TIME TO TIME.

THE TERM "COMMON AREA OR AREAS" IS DEFINED AS A LOT, PARCEL OR AREA OF THE REAL PROPERTY, THE BENEFICIAL USE AND ENJOYMENT OF WHICH IS RESERVED IN WHOLE OR AS AN APPORTIONMENT TO THE SEPARATELY OWNED LOTS, PARCELS OR AREAS WITHIN THE PLANNED DEVELOPMENT, EVEN THOUGH SUCH MAY BE OTHERWISE DESIGNATED ON THE PLAT BY TERMS SUCH AS "OUTLOTS", "COMMON ELEMENTS", "OPEN SPACE", "OPEN AREA", "COMMON GROUND", "PARKING", AND "COMMON AREA". THE TERMS "COMMON AREA OR AREAS" AND "COMMON ELEMENTS" INCLUDE REAL PROPERTY SURFACE AND UNDERGROUND TRANSMISSION AND DISTRIBUTION SYSTEMS AND EQUIPMENT NECESSARY AND REQUIRED FOR SUCH USES AND PURPOSES AND TOGETHER WITH THE RIGHT TO INSTALL REQUIRED SERVICE CONNECTIONS UNDER THE SURFACE OF EACH LOT TO SERVE IMPROVEMENTS THEREON.

RELOCATION OF FACILITIES WILL BE DONE BY GRANTEE AT COST OF THE GRANTOR/LOT OWNER, UPON WRITTEN REQUEST.

PUBLIC UTILITIES AND DRAINAGE EASEMENT PROVISIONS

A NON-EXCLUSIVE EASEMENT IS HEREBY RESERVED FOR AND GRANTED TO SBC AMERITECH, NIDOR, COM ED, COMCAST, OTHER PUBLIC UTILITIES AND HOLDERS OF EXISTING FRANCHISES GRANTED BY THE CITY OF YORKVILLE, ILLINOIS, AND THEIR RESPECTIVE SUCCESSORS AND ASSIGNS WITHIN THE AREAS SHOWN ON THE PLAT AS "PUBLIC UTILITY & DRAINAGE EASEMENT" (abbreviated P.U. & D.E.) TO CONSTRUCT, INSTALL, RECONSTRUCT, REPAIR, REMOVE, REPLACE, INSPECT, MAINTAIN AND OPERATE UNDERGROUND TRANSMISSION AND DISTRIBUTION SYSTEMS AND LINES UNDER THE SURFACE OF THE "PUBLIC UTILITY & DRAINAGE EASEMENT", INCLUDING WITHOUT LIMITATION TO TELEPHONE CABLE, GAS MAINS, ELECTRIC LINES, CABLE TELEVISION LINES, AND ALL NECESSARY FACILITIES APPURTENANT THERETO, TOGETHER WITH THE RIGHT OF ACCESS THERETO FOR THE PERSONNEL AND EQUIPMENT NECESSARY AND REQUIRED FOR SUCH USES AND PURPOSES.

A NON-EXCLUSIVE EASEMENT IS ALSO HEREBY RESERVED FOR AND GRANTED TO THE UNITED CITY OF YORKVILLE, ILLINOIS TO CONSTRUCT, INSTALL, RECONSTRUCT, REPAIR, REMOVE, REPLACE AND INSPECT FACILITIES FOR THE TRANSMISSION AND DISTRIBUTION OF WATER, STORM SEWERS, SANITARY SEWERS AND ELECTRICITY, WITHIN THE AREAS SHOWN ON THE PLAT AS "PUBLIC UTILITY & DRAINAGE EASEMENT", TOGETHER WITH A RIGHT OF ACCESS THERETO FOR THE PERSONNEL AND EQUIPMENT NECESSARY AND REQUIRED FOR SUCH USES AND PURPOSES.

THE ABOVE NAMED ENTITIES ARE HEREBY GRANTED THE RIGHT TO ENTER UPON EASEMENTS HEREIN DESCRIBED FOR THE USES HEREIN SET FORTH AND THE RIGHT TO CUT, TRIM, OR REMOVE ANY TREES, SHRUBS OR OTHER PLANTS WITHIN THE AREAS DESIGNATED AS "PUBLIC UTILITY AND DRAINAGE EASEMENT" WHICH INTERFERE WITH THE CONSTRUCTION, INSTALLATION, RECONSTRUCTION, REPAIR, REMOVAL, REPLACEMENT, MAINTENANCE AND OPERATION OF THEIR UNDERGROUND TRANSMISSION AND DISTRIBUTION SYSTEMS AND FACILITIES APPURTENANT THERETO, NO PERMANENT BUILDINGS, STRUCTURES, OR OBSTRUCTIONS SHALL BE CONSTRUCTED IN, UPON, OR OVER ANY AREAS DESIGNATED AS "PUBLIC UTILITY & DRAINAGE EASEMENT", BUT SUCH AREAS MAY BE USED FOR GARDENS, SHRUBS, TREES, LANDSCAPING, DRIVEWAYS, AND OTHER RELATED PURPOSES THAT DO NOT UNREASONABLY INTERFERE WITH THE USES HEREIN DESCRIBED.

THE OCCUPATION AND USE OF THE NON-EXCLUSIVE EASEMENT HEREIN GRANTED AND RESERVED FOR THE ABOVE NAMED ENTITIES BY EACH OF SUCH ENTITIES SHALL BE DONE IN SUCH A MANNER SO AS NOT TO INTERFERE WITH OR PRECLUDE THE OCCUPATION AND USE THEREOF BY OTHER ENTITIES FOR WHICH SUCH EASEMENTS ARE GRANTED AND RESERVED. THE CROSSING AND RE-CROSSING OF SAID EASEMENTS BY THE ABOVE NAMED ENTITIES SHALL BE DONE IN SUCH A MANNER SO AS NOT TO INTERFERE WITH, DAMAGE, OR DISTURB ANY TRANSMISSION AND DISTRIBUTION SYSTEMS AND FACILITIES APPURTENANT THERETO EXISTING WITHIN THE EASEMENTS BEING CROSSED OR RE-CROSSED. NO USE OR OCCUPATION OF SAID EASEMENTS BY THE ABOVE NAMED ENTITIES SHALL CAUSE ANY CHANGE IN GRADE OR IMPAIR OR CHANGE THE SURFACE DRAINAGE PATTERNS.

FOLLOWING ANY WORK TO BE PERFORMED BY THE UNITED CITY OF YORKVILLE IN THE EXERCISE OF ITS EASEMENT RIGHTS HEREIN GRANTED, SAID CITY SHALL HAVE NO OBLIGATION WITH RESPECT TO SURFACE RESTORATION, INCLUDING, BUT NOT LIMITED TO, THE RESTORATION, REPAIR OR REPLACEMENT OF PAVEMENT, CURB, GUTTERS, TREES, LAWN OR SHRUBBERY, PROVIDED, HOWEVER, THAT SAID CITY SHALL BE OBLIGATED, FOLLOWING SUCH MAINTENANCE WORK, TO BACKFILL AND MOUND ALL TRENCH CREATED SO AS TO RETAIN SUITABLE DRAINAGE, TO COLD PATCH ANY ASPHALT OR CONCRETE SURFACES, TO REMOVE ALL EXCESS DEBRIS AND SPILL, AND TO LEAVE THE MAINTENANCE AREA IN A GENERALLY CLEAN AND WORKMANLIKE CONDITION.

KENDALL COUNTY RIGHT TO FARM STATEMENT

NOTE: KENDALL COUNTY HAS A LONG, RICH TRADITION IN AGRICULTURE AND RESPECTS THE ROLE THAT FARMING CONTINUES TO PLAY IN SHAPING THE ECONOMIC VIABILITY OF THE COUNTY. PROPERTY THAT SUPPORTS THIS INDUSTRY IS INDICATED BY A ZONING INDICATOR - A-1 OR AG SPECIAL USE. ANYONE CONSTRUCTING A RESIDENCE OR FACILITY NEAR THIS ZONING SHOULD BE AWARE THAT NORMAL AGRICULTURAL PRACTICES MAY RESULT IN OCCASIONAL SMOKE AND DUST, SIGHTS, NOISE, AND UNIQUE HOURS OF OPERATION THAT ARE NOT TYPICAL IN OTHER ZONING AREAS.

KENDALL COUNTY RECORDER _____

STORM WATER MANAGEMENT EASEMENT PROVISIONS

AN EASEMENT IS HEREBY RESERVED FOR AND GRANTED TO THE UNITED CITY OF YORKVILLE AND TO ITS SUCCESSORS AND ASSIGNS, OVER ALL OF THE AREAS MARKED "STORMWATER MANAGEMENT EASEMENT" (ABBREVIATED S.M.E.) ON THE PLAT FOR THE PERPETUAL RIGHT, PRIVILEGE, AND AUTHORITY TO SURVEY, CONSTRUCT, RECONSTRUCT, REPAIR, INSPECT, MAINTAIN AND OPERATE STORM SEWERS AND THE STORMWATER MANAGEMENT AREA, TOGETHER WITH ANY AND ALL NECESSARY MANHOLES, CATCH BASINS, SANITARY SEWERS, WATER MAINS, ELECTRIC AND COMMUNICATION CABLES, CONNECTIONS, DITCHES, SWALES, AND OTHER STRUCTURES AND APPURTENANCES AS MAY BE DEEMED NECESSARY BY SAID CITY, OVER, UPON, ALONG, UNDER AND THROUGH SAID INDICATED EASEMENT TOGETHER WITH THE RIGHT OF ACCESS ACROSS THE PROPERTY FOR NECESSARY MEN AND EQUIPMENT TO DO ANY OF THE ABOVE WORK. THE RIGHT IS ALSO GRANTED TO CUT DOWN, TRIM OR REMOVE ANY TREES, SHRUBS OR OTHER PLANTS ON THE EASEMENT THAT INTERFERE WITH THE OPERATION OF SEWERS OR OTHER UTILITIES. NO PERMANENT BUILDINGS SHALL BE PLACED ON SAID EASEMENT. NO CHANGE TO THE TOPOGRAPHY OR STORMWATER MANAGEMENT STRUCTURES WITHIN THE EASEMENT AREA SHALL BE MADE WITHOUT EXPRESS WRITTEN CONSENT OF THE CITY ENGINEER, BUT SAME MAY BE USED FOR PURPOSES THAT DO NOT THEM OR LATER INTERFERE WITH THE AFORESAID USES OR RIGHTS. THE OWNER OF THE PROPERTY SHALL REMAIN RESPONSIBLE FOR THE MAINTENANCE OF THE STORMWATER MANAGEMENT AREA AND APPURTENANCES. THE UNITED CITY OF YORKVILLE WILL PERFORM ONLY EMERGENCY PROCEDURES AS DEEMED NECESSARY BY THE CITY ENGINEER OF THE UNITED CITY OF YORKVILLE.

CROSS ACCESS EASEMENT PROVISIONS

[THIS SPACE IS RESERVED FOR CROSS ACCESS EASEMENT PROVISIONS]

SURVEYOR'S CERTIFICATE

STATE OF ILLINOIS)
COUNTY OF KANE) S.S.

THIS IS TO CERTIFY THAT I, BERNARD J. BAUER, ILLINOIS PROFESSIONAL LAND SURVEYOR NO. 035-003799, AT THE REQUEST OF THE OWNER(S) THEREOF, HAVE SURVEYED, SUBDIVIDED AND PLATTED THE FOLLOWING DESCRIBED PROPERTY:

THAT PART OF THE SOUTHWEST QUARTER OF SECTION 4 AND PART OF THE SOUTHEAST QUARTER OF SECTION 5, TOWNSHIP 36 NORTH, RANGE 7 EAST OF THE THIRD PRINCIPAL MERIDIAN, DESCRIBED AS FOLLOWS:

COMMENCING AT THE NORTHEAST CORNER OF THE NORTHEAST QUARTER OF SAID SECTION 5, THENCE SOUTH 89 DEGREES 40 MINUTES 5 SECONDS WEST, ALONG THE NORTH LINE OF SAID NORTHEAST QUARTER, 655.52 FEET TO THE TANGENT CENTER LINE OF ILLINOIS STATE ROUTE NO. 47 EXTENDED FROM THE SOUTH; THENCE SOUTH 1 DEGREE 44 MINUTES 7 SECONDS EAST, ALONG SAID CENTER LINE AND SAID TANGENT CENTER LINE EXTENDED, 3511.16 FEET; THENCE NORTH 89 DEGREES 29' 40" EAST, 548.60 FEET (THIS POINT HERINAFTER REFERRED TO POINT "A"); THENCE SOUTH 89 DEGREES 29 MINUTES 40SECONDS WEST, ALONG THE LAST DESCRIBED COURSE, 548.60 FEET TO THE CENTER LINE OF ILLINOIS STATE ROUTE NO. 47 AFORESAID; THENCE SOUTH 1 DEGREE 44 MINUTES 7 SECONDS EAST, ALONG SAID CENTER LINE, 920.01 FEET TO A POINT ON SAID CENTER LINE, 4431.17 FEET SOUTH OF THE NORTH LINE OF SAID SECTION 5, AS MEASURED ALONG SAID TANGENT CENTER LINE AND SAID TANGENT CENTER LINE EXTENDED, FOR THE POINT OF BEGINNING; THENCE SOUTH 87 DEGREES 56 MINUTES 7 EAST, 593.08 FEET TO A LINE DRAWN SOUTH 4 DEGREES 21 DEGREES 7 SECONDS EAST FROM SAID POINT "A"; THENCE SOUTH 4 DEGREES 21 MINUTES 7 SECONDS EAST, ALONG SAID LINE, 482.85 FEET TO THE CENTER LINE OF ILLINOIS STATE ROUTE NO. 71; THENCE WESTERLY ALONG SAID CENTERLINE, 589.32 FEET TO THE CENTER LINE OF SAID ILLINOIS STATE ROUTE NO. 47; THENCE NORTHERLY ALONG THE CENTER LINE OF SAID ROUTE 47, 598.73 FEET TO THE POINT OF BEGINNING, IN THE TOWNSHIP OF KENDALL, KENDALL COUNTY, ILLINOIS.

EXCEPTING THEREFROM THE LAND CONVEYED TO THE PEOPLE OF THE STATE OF ILLINOIS, DEPARTMENT OF TRANSPORTATION BY WARRANTY DEED, RECORDED MARCH 17, 2011 AS DOCUMENT NUMBER 20110004835. ALSO EXCEPTING THEREFROM LAND CONVEYED TO THE PEOPLE OF THE STATE OF ILLINOIS, DEPARTMENT OF TRANSPORTATION BY WARRANTY DEED, RECORDED JUNE 15, 2017 AS DOCUMENT NUMBER 201700009111.

I FURTHER CERTIFY THAT THE PLAT HEREON DRAWN IS A CORRECT AND ACCURATE REPRESENTATION OF SAID SURVEY AND SUBDIVISION. ALL DISTANCES ARE SHOWN IN U.S. SURVEY FEET AND DECIMAL PARTS THEREOF.

I FURTHER CERTIFY THAT NO PART OF THE ABOVE DESCRIBED PROPERTY IS LOCATED WITHIN A SPECIAL FLOOD HAZARD AREA AS IDENTIFIED BY THE FEDERAL EMERGENCY MANAGEMENT AGENCY BASED ON FIRM MAP NO. 17093C0125G, BEARING AN EFFECTIVE DATE OF FEBRUARY 4, 2009. ALL OF THE PROPERTY IS LOCATED IN ZONE "X" (UNSHADED), AREAS DETERMINED TO BE OUTSIDE OF THE 0.2% ANNUAL CHANCE FLOODPLAIN.

I FURTHER CERTIFY THAT I HAVE SET ALL EXTERIOR SUBDIVISION MONUMENTS AND DESCRIBED THEM ON THIS FINAL PLAT, AND THAT ALL INTERIOR MONUMENTS SHALL BE SET AS REQUIRED BY STATUTE (ILLINOIS REVISED STATUTES 1989, CHAPTER 109 SECTION 1).

I FURTHER CERTIFY THAT THE PROPERTY SHOWN ON THE PLAT HEREON DRAWN IS SITUATED WITHIN THE CORPORATE LIMITS OF THE UNITED CITY OF YORKVILLE, ILLINOIS, WHICH IS EXERCISING THE SPECIAL POWERS AUTHORIZED BY DIVISION 12 OF ARTICLE 11 OF THE ILLINOIS MUNICIPAL CODE AS AMENDED.

THIS PROFESSIONAL SERVICE CONFORMS WITH THE CURRENT ILLINOIS MINIMUM STANDARDS FOR BOUNDARY SURVEYS.

GIVEN UNDER MY HAND AND SEAL AT AURORA, ILLINOIS, THIS _____ DAY OF _____, 2022.

SITE CALCULATIONS

EXIST. ZONING:	M-1 (LIMITED MANUFACTURING DISTRICT)
PROP. ZONING:	B-3 (GENERAL BUSINESS DISTRICT)
OVERALL EXISTING LOT SIZE:	~5.51 AC. 239,934 SF
LOT 1:	~4.32 AC.
LOT 2:	~1.19 AC.
TOTAL STANDARD PARKING STALLS:	32
TOTAL ADA STALLS:	2
TOTAL NUMBER OF STALLS:	34

ORDINANCE LANDSCAPE REQUIREMENTS

PARKWAY LANDSCAPING

FOR ALL DEVELOPMENT OTHER THAN SINGLE-FAMILY DETACHED AND DUPLEX RESIDENTIAL DEVELOPMENT, THE MINIMUM REQUIRED NUMBER OF PARKWAY TREES IS ONE TREE PER FIFTY (50) LINEAR FEET OF FRONTAGE.

869 LF / 50 = 17.38 PARKWAY TREE REQUIRED

MATERIAL	REQUIRED	PROVIDED
PARKWAY TREES	18	20

PARKING LOT

INTERIOR LANDSCAPING: ONE TREE SHALL BE PROVIDED FOR EVERY TWENTY (20) PARKING SPACES AND SHALL BE PLANTED WITHIN THE INTERIOR OF THE PARKING LOT.

34 PARKING SPACES / 20 = 1.7 ≈ 2 PARKING LOT TREES REQUIRED

MATERIAL	REQUIRED	PROVIDED
PARKING LOT TREES	2	3

LOT LANDSCAPING

NONRESIDENTIAL: TWO (2) SHADE TREES AND FIFTEEN (15) SHRUBS SHALL BE PROVIDED FOR EVERY TWENTY THOUSAND (20,000) SQUARE FEET OF LOT AREA.

239,934 SF / 20,000 = 12.00 * 2 = 24 SHADE TREES REQUIRED
239,934 SF / 20,000 = 12.00 * 15 = 180 SHRUBS REQUIRED

MATERIAL	REQUIRED	PROVIDED
SHADE TREES	24	75
SHRUBS	160	160

STORMWATER STORAGE BASIN LANDSCAPING

A THIRTY FOOT (30') WIDE BUFFER YARD SHALL BE PROVIDED AROUND ANY STORMWATER STORAGE BASIN THAT HAS ITS HIGH WATER LINE WITHIN THE FRONT OR SIDE YARDS OF A LOT. THE BUFFER YARD SHALL BE PLANTED WITH ONE TREE PER THIRTY (30) LINEAR FEET OF BUFFER YARD LENGTH. THE BUFFER YARD SHALL BE MEASURED FROM THE PROPERTY LINE TO THE AVERAGE ELEVATION BETWEEN THE LOWEST BASIN ELEVATION AND THE HIGH WATER LINE FOR DETENTION BASINS.

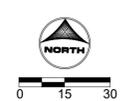

320 LF OF BUFFER YARD / 30 = 10.7 TREE REQUIRED

MATERIAL	REQUIRED	PROVIDED
TREES	11	26

- PROJECT NOTES:**
- SEE ARCHITECTURAL PLANS FOR EXACT BUILDING & FOUNDATION DETAILS.
 - ALL CONCRETE CURB SHALL BE 18" (B6.12) CURB AND GUTTER UNLESS OTHERWISE NOTED ON THE PLANS.
 - ALL PAVEMENT DIMENSIONS ARE MEASURED TO THE BACK OF CURB UNLESS OTHERWISE NOTED.
 - ALL PAVEMENT RADII ARE 5.0' RADII MEASURED TO THE BACK OF CURB UNLESS OTHERWISE NOTED.
 - ALL CURB ADJOINING SIDEWALKS SHALL BE DOWELED INTO THE CURB.

CONCEPT PLANT SCHEDULE

	DECIDUOUS TREE	20
	ORNAMENTAL TREE	2
	REPLACEMENT TREE (2.5 CAL.)	53
	REPLACEMENT TREE	24

TAB 1

PROJECT DESIGN NOTES

**PROJECT
LOCATION**
PROP. ZONING: B-3

LOCATION MAP

DESIGN NOTES

EXISTING CONDITIONS:

- The subject property, consisting of 5.508 acres is located at the northeast corner of intersection of IL Route 71 (Stagecoach Trail) and IL Route 47 (S. Bridge Street). The property in question has been previously zoned for Manufacturing use and is currently occupied by several warehouses. The property is currently Zoned M-1 (Limited Manufacturing District) and is proposed to be rezoned to B-3 (General Business District).
- The vegetation on site is grass and mowed with various scrub trees that have grown on the site along the property line and in various locations.
- Two existing property parcels
 - PIN# 05-05-400-050 & 05-04-300-031

PROPOSED CONDITIONS:

- The proposed improvement plan includes two lots with paved surface areas for access and delivery, parking stalls, private and public utilities, a planned storm water management area (Dry/Wetland Bottom Detention), various landscaping areas, and vegetated restoration of disturbed areas. The first lot, Lot 1, will be fully developed with a gas station, fueling pumps, and all required utilities. The second lot, Lot 2, is planned to be developed in the future and is proposed to be constructed as an unpaved grassed area with driveway and utility stubs to the lot. The Storm water management area is sized to account for the increased impervious area in the proposed condition and also includes the ultimate build out of the entire Lot for this development. Note that the storm water management system has been designed with the assumption that the future Lot 2 development will result in 80% impervious area coverage on the lot.
- Since the project is located in the United City of Yorkville, the proposed improvements are subject to meeting the requirements of the Kendall County Stormwater Ordinance along with various City of Yorkville Ordinances including Subdivision Control Ordinance and Park Development Standards. The following design criteria were utilized for the proposed storm water management and drainage system within the design:
- Storm Water Management Notes:
 - The storm water management and storage system has been designed utilizing a Modified Rational Method
 - Rainfall – Based on data found in the Illinois State Water Survey's Bulletin 75 – Rainfall Depths Averaged for Northeastern Illinois – as amended for the City of Yorkville Area.
 - Storage Release Rate – Per the City ordinance a stormwater basin serving a given property is allowed the following maximum release rates:

- 2 Year Storm: 0.04 cfs/acre
- 100 Year Storm: 0.15 cfs/acre
- Overflow curtain wall is set at six inches above the calculated 100-YR elevation
- Summary of tables below show the required and calculated volumes for 100-YR storm events based on allowable release rates for the project site. See Table 1.

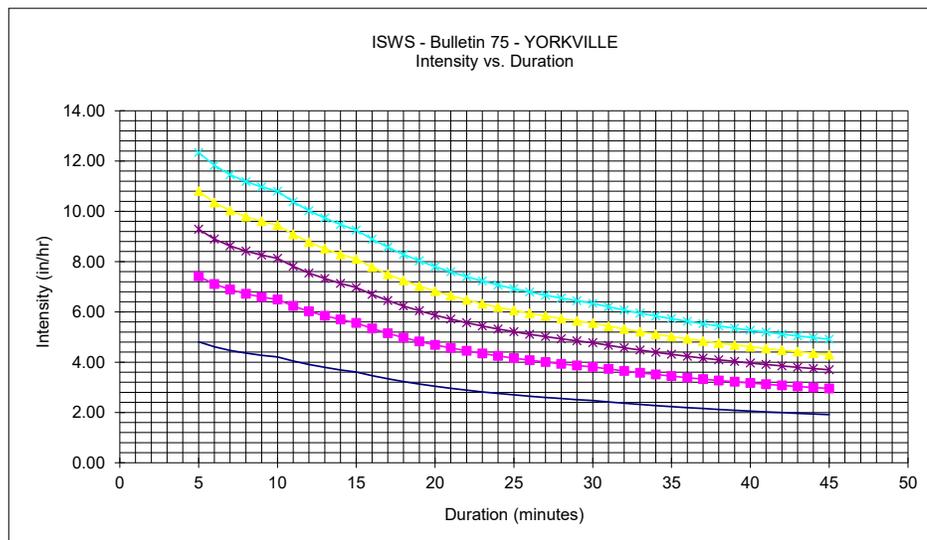

BASIN VOLUME SUMMARY – Table 1			
	Required Volume (Ac.Ft)	Actual Volume (Ac.Ft)	Calc. Elev. (HWL)
100 YR	2.271	2.831	729.00
100 YR @ Curtain Wall	-	3.204	729.50

County: Kendall
Permit Log: L-17766

Dear Mr. Schultz:

A review of your plan for a feasibility review for commercial access at the above-mentioned location has been completed and we offer the following:

1. Ensure that distance requirements for entrances at intersection meet the attached urban-commercial entrance detail.
2. Proposed entrances shall follow the requirements of the manual Access to State Highways and all District 3 details.
3. Proposed entrances should be reviewed to ensure that they meet property line offset requirements. Offset to property line is measured from a line perpendicular to the centerline of the roadway, to the intersection of the property line and the right-of-way line.
4. The design plans should take in account for existing traffic signal pole, handhole, conduit and cable.
5. May need a pay item for Traffic Signal Optimization.
6. Perform turn lane warrants for both full access entrances.
7. Operations Traffic has no issues with this proposal. The design of the entrance, for future re-construction of this section of IL 47, should be considered.
8. Natural Resource Comments: None

Mr. Schultz
Page 2
March 28, 2022

9. Special Waste Comments:

Reviewing the Preliminary Environmental site assessment dated March 25, 2021 (ISGS #2229V2) revealed Recognized Environmental condition site #2229V2 – "FS Growmark" – NE quadrant of IL 47 & IL 71, (#2229V-3 – REC site- NW quad of IL 71 & IL 47), and (#2229V2-6 REC site – SE quad of IL 47 & IL 71), see portions of report.

Reviewing the Preliminary Environmental site assessment dated March 10, 2010 (ISGS #5041) revealed Recognized Environmental condition site # 5041-78 – located north of NE quad of IL 47 & IL 71 intersection and (#5041 - 80' = "FS Growmark" – NE quad of IL 47 & IL 71 intersection, see portions of report.

Where contamination is encountered through excavation in the state right-of-way, it should be managed off-site using IDOT's generator number for Kendall County, generator #0938995003.

Please resubmit a cover letter and revised plans in .pdf format to DOT.D3.Permits@illinois.gov.

If additional information or clarification is required, please e-mail DOT.D3.Permits@illinois.gov.

Sincerely,

Masood Ahmad, P.E.
Region Two Engineer

Memorandum

To: Plan Council
 From: Krysti Barksdale-Noble, Community Development Director
 Date: May 5, 2022
 Subject: **PC 2022-08 Graham C Store** (Sp. Use, Rezone, Sign Variance & Final Plat)
 107 E. Stagecoach Trl. - Proposed New Fuel Station & Convenience Store

I have reviewed the applications for Special Use, Rezoning, Sign Variance and Final Plat approval received March 11, 2022 as submitted by David Schultz, Engineer, HR Green Development, LLC, on behalf of Graham C Stores Company, Petitioner, as well as the following documents/plans:

1. Preliminary Engineering Plans prepared by HR Green, dated 03-11-2022 (Sheets C-01 to C-05);
2. Photometric Plans prepared by LSI dated 03-10-2022 (Sheet 1 of 1);
3. Final Plat prepared by HR Green Development, LLC, dated 03-11-2022 (Sheets 1-2);
4. Building Elevations prepared by Torch Architecture dated March 11, 2022;
5. Sign Plans prepared by Image FX, Corp. no date provided;
6. Sign Plans prepared by Blair Companies dated 06.16.20; and
7. Preliminary Stormwater Report prepared by HR Green dated March 11, 2022.

The petitioner is seeking special use permit authorization of a proposed new fuel station and convenience store building to be constructed on approximately 5.51-acres of land located at the northeast corner of IL Route 47 (Bridge Street) and IL Route 71 (Stagecoach Trail). The property consists of two (2) parcels and will be resubdivided into two (2) lots consisting of the fuel station/convenience store and onsite detention (~4.32-ac), as well as a future buildable lot (~1.19-ac).

This property is currently improved with various detached metal structures on a gravel foundation utilized for industrial/farming storage and truck related services. These existing structures will be demolished and rezoned from M-1 Manufacturing to B-3 General Business District with a special use for a fuel station. Based upon my review of the application, documents and preliminary plans, I have compiled the following comments:

GENERAL ZONING/PLANNING COMMENTS:

1. **ZONING** - The subject property is currently zoned as M-1 Limited Manufacturing District. The following are the current immediate surrounding zoning and land uses:

	Zoning	Land Use
North	B3- SU (Unincorporated Kendall County)	Kendall County Highway Department
South	B-3 General Business District	Silver Dollar Restaurant All Season Motel Transportation Land Use (IL Route 71)
East	M-1 Limited Manufacturing District	Undeveloped Agricultural Land
West	B-3 Business District	Transportation Land Use (IL Route 47) Fountain Village Commercial Development

2. **BUILDING SETBACKS** – Staff notes that the petitioner has depicted the following property’s building setback locations for Lot 1:

BUILDING SETBACK	REQUIRED MINIMUM	PROPOSED SETBACK
Interior Side Yard (North)	20’	+/- 30’ (C Store)
Front Yard (West/IL 47)	50’	+/- 216.5’ (C Store) +/- 50.5’ (Gas Pump Canopy)
Corner Side Yard (South/IL 71)	30’	+/- 91.1’ (C Store) +/- 30’ (Gas Pump Canopy)
Rear Yard (East)	20’	+/- 40’ (Unlabeled Structure)

3. **MAXIMUM BUILDING HEIGHT** - Maximum building height for the B-3 District is 80 feet. The overall height of the primary building (convenience store) is not provided. Per Section 10-2-3, building height is measured at the mean height between the eaves and ridge.

a. **Petitioner must provide dimensioned and scaled building elevations.**

4. **PARKING** - According to the data table on the Site Plans submitted, there are 34 total parking stalls provided for the convenience store, including two (2) ADA handicapped accessible space. Per Section 10-16-3 of the Yorkville Zoning Code, the total required minimum parking needed is 14 spaces, which is exceeded by the 34 on-site spaces provided. The typical stall and drive aisle dimensions meet the minimum zoning standards.

5. **PARKING SETBACKS** – The applicant appears to have met the required minimum parking lot setback of 20 feet from arterial roadways (IL Rte. 47 and IL Rte. 71) for the proposed development, as follows:

PARKING LOT SETBACK	REQUIRED MINIMUM	PROPOSED PARKING LOT SETBACK
IL Rte. 47 – West (Arterial)	20’	+/- 20’ (Please Verify)
IL Rte. 71- South (Arterial)	20’	+/- 68’ (Please Verify)

Per Section 10-2-3 of the Yorkville Zoning Ordinance, “Parking Area, Private” is an open, hard surfaced area, other than a street or public way for the storage of private passenger vehicles. “Driveway” is defined as a paved or unpaved private roadway providing vehicular access between the right of way of the street and a parking space (storage area).

6. **PARKING LOT SCREENING** - All open automobile parking areas shall comply with the requirements of the current landscape ordinance regulations for perimeter parking lot landscaping. Code Reference:

https://library.municode.com/il/yorkville/codes/code_of_ordinances?nodeId=TIT8BURE_CH12LAOR_8-12-2LATRPRE

7. **LOADING ZONE** – Is a designated loading zone area provided for convenience and food delivery services? Per Section 10-2-3, Off-Street Loading and Unloading Spaces shall be exclusive of access aisles and maneuvering space.
8. **MAXIMUM LOT COVERAGE** – Per Section 10-7-1 of the Yorkville Zoning Code, the maximum lot coverage for the B-3 General Business District (inclusive of sidewalks, parking areas and all impervious surfaces) is 80%. The Site Data Table needs to indicate the maximum impervious coverage.
9. **BUILDING ELEVATIONS** – The prepared elevations appear to meet the minimum Appearance Code Standards.
 - a. Code Reference:
https://library.municode.com/il/yorkville/codes/code_of_ordinances?nodeId=TIT8BURE_CH15APCO_8-15-5CRAP
10. **SIGNAGE** – The petitioner has requested a variance for the monument signage on site plan.
 - a. Per Section 10-20-9-A of the Yorkville Zoning Ordinance, free standing monument signs on lots three (3) acres or larger with more than one street frontage, one freestanding sign sixty-four (64) square feet or less in area and twelve feet (12') or less in height per street frontage with an entrance/exit is allowed.
 - b. As proposed, only one (1) monument sign on Lot 1 is requested at the intersection of IL Rte. 47 and IL Rte. 71. A portion of the sign is located within the 10' public utility and drainage easement. Staff recommends that the sign either be adjusted so that it is not within the PU&D easement or sign a hold harmless agreement.
 - c. **The proposed overall sign height is 30' which exceeds the current code by 18 feet (or 250% taller). Additionally, the proposed sign area appears to be approximately 153 square feet which exceeds the maximum area of 64 sq. feet (~42% larger).**
 - d. The Casey's Gas Station on US 34 and McHugh was granted a sign variance for a monument sign of approximately 47 square feet, which exceeded the maximum sign area for parcel less than 3 acres by 15 square feet or 32%. Also, the recently approved Gas N Wash on IL Rte. 47 and Waterpark Way was granted a sign variance for a monument sign of approximately 107 square feet (40% larger than permitted by code) and an overall height of 12 feet.
 - e. Staff would support the sign variance for increased sign area, as it is consistent with previously approved gasoline station signs. However, staff is not supportive of the overall height of 30 feet, especially since the nearest gas fueling station to this property (Shell) is approximately 20'-4" tall. Staff recommends reducing the overall height to no taller than 20 feet by either removing a panel insert (e.g. BP Gasoline Invigorate), reducing the third digital panel display, or removing a tenant panel.
11. **DRIVEWAYS** – Per Section 10-16-3-D of the Yorkville Zoning Ordinance, Nonresidential driveways shall be a minimum of two hundred feet (200') when from the driveway edge to the nearest intersecting street right of way line. Driveways not meeting

the minimum distances may be approved administratively by the city administrator with a recommendation to approve made by the city engineer. If administrative approval is not granted, a variance must be approved. The proposed plan meets this standard. However, staff has the following concerns:

- a. Consider providing a “Do Not Block Entrance” sign at the southern driveway entrance (IL Rte. 71) to avoid potential conflicts with vehicles in turning lanes exiting the gas station site as this appears to be the prime ingress/egress access point for semi-trucks.

12. **LIGHTING** – A photometric plan has been provided along with manufacturers cut sheets of the proposed light standards to be installed within the parking lot area. Maximum illumination at the property line shall not exceed 0.1 foot-candle and no glare shall spill onto adjacent properties or rights of way.

- a. Any lighting used to illuminate off-street parking areas shall be directed away from residential properties and public highways in such a way as not to create a nuisance. The City of Yorkville promotes the "dark sky" concept. Lighting fixtures should be full cutoff, and the use of wall packs on buildings should be minimized.
- b. Section 10-16-3-D-7 of the Zoning Code requires the average foot candle to be between 2.0 and 2.5. Proposed average is 1.82. Additionally, the maximum to minimum light intensity ratio should be no more than 20:1. Please confirm the minimum to maximum light intensity ratio is in conformance.

13. **OUTDOOR SALES AND DISPLAY AREAS** – Due to the proposed use as a gas station with retail convenience store, staff assumes there will be outdoor sales and display areas located on the property. Therefore, the following provisions of the Zoning Ordinance shall apply:

- a. Per Section 10-3-10-F of the Yorkville Zoning Code, outdoor sales and display areas shall not exceed 35% of the gross floor area of the primary building (max 1400 sq. ft for Lot 102). Staff is seeking confirmation from the Petitioner that the overall area of the Outdoor Sales area will not exceed 1,400 square feet at any given time.
- b. Per Section 10-3-10-H of the Yorkville Zoning Code, outdoor sales and display areas, when located on a sidewalk and/or walkway, must allow for an unconstructive area of 3 feet for pedestrian access and shall not block the ingress or egress of the building at any time.

14. **TRUCK TURNING TEMPLATE** – A truck turning template demonstrating the maneuverability of standard sized semitrucks within the site layout has been provided. Staff has the following comments:

- a. Will the median at the proposed IL Rte. 47 right-in/right-out entrance be mountable?
- b. It appears the primary access point for semi-trucks to the site travelling east/west will be via the existing full access on IL Rte. 71. For northbound semi-trucks, it also seems the existing full access on IL Rte. 47 will be utilized. Is it the intention to have all semi-truck vehicles exit at these access points, thereby

discouraging the use of the proposed IL Rte. 47 right-in/right-out access point? If so, will there be internal directional signage for semi-trucks?

15. **TRASH ENCLOSURE** - Commercial trash dumpsters and other large waste receptacles must be screened on three (3) sides with a solid opaque material wall at least six feet (6') in height or to the extent where the wall screens the dumpster from view. **Applicant must verify the overall height of the proposed trash enclosure.** Landscaping is preferred to be put around the perimeter of the three (3) solid walls.

16. **LANDSCAPE PLAN** – A landscape plan must be submitted prior to Economic Development Committee (EDC) meeting.

17. **COMPREHENSIVE PLAN** – Future Land Use for this site is Destination Commercial (DC) which is consistent with the proposed B-3 General Business District and gas station land use.

18. **FUTURE SHARED USE TRAIL** – The plans indicate a Future Shared-Use Path along IL Rte. 47 to be installed by others and a proposed asphalt shared-use path at the intersection of IL Rte. 47 and IL Rte. 71 connecting the Future Shared-Use Path to the gas station property. **Staff recommends an additional asphalt share-use path installed by the developer connecting the IL Rte. 47 path to the proposed future Lot 2 parcel.**

19. **FINAL PLAT** – Refer to City Engineer's comments.

20. **STORMWATER DETENTION AREA** – **A backup/dormant Special Service Area will be required per the Stormwater Ordinance to ensure future maintenance of the detention facility. City staff will guide you through that process upon approval of the requested entitlements.**

Re: *Graham C Stores and Gas Station*
107 East Stagecoach Road
Engineering Plan Review – 1st Submittal
United City of Yorkville

Dear Krysti:

We have reviewed the following items for the above referenced project:

- Preliminary Site Plan dated March 11, 2022, prepared by HR Green
- Preliminary Storm Water Management Report dated March 11, 2022, prepared by HR Green

Our review of these plans and reports are to generally determine their compliance with local ordinances and whether the improvements will conform to existing local systems and equipment. This review and our comments do not relieve the designer from his duties to conform to all required codes, regulations, and acceptable standards of engineering practice. Engineering Enterprises, Inc.'s review is not intended as an in-depth quality assurance review, we cannot and do not assume responsibility for design errors or omissions in the plans. As such, we offer the following comments:

General

1. The following items will need to be provide with the final engineering plans:
 - a. An engineer's estimate needs to be provided and must include all public improvements within the ROW including utility connections and all soil erosion and sediment control items. This cost estimate will be used to determine the construction guarantee amount. In addition, a cost estimate needs to be provided for all site improvements which will be used to calculate the building permit fees.

- b. IEPA permits as well as YBSD sign-off.
 - c. Landscape Plan.
2. A truck turning movement diagram shall be submitted to confirm appropriate movements for service, delivery, and emergency vehicles.

Preliminary Engineering Plans

- 3. Improvements to Illinois Route 71 and Illinois Route 47 as directed by IDOT for the proposed site shall be shown. The engineer or developer should provide all correspondence with IDOT as it relates to the proposed road connections.
- 4. The parking counts do not match what is shown. Truck parking should be included.
- 5. Plans show that wheel stops will be placed in front of stalls along store fronts. This will require longer parking stalls than that shown as the wheel stops reduce the length of the stall.
- 6. The water main should be extended to the eastern property line for future extension.

Preliminary Storm Water Management Report

- 7. A high-level review was performed and it was noted that the rainfall intensity appears to be incorrect.

Final Plat

- 8. Lot numbers need to be added to the plat.
- 9. The second paragraph in the ownership certificate should be replaced with the following:
THE UNDERSIGNED HEREBY DEDICATES FOR PUBLIC USE THE LANDS INDICATED ON THIS PLAT AS THOROUGHFARES, STREETS, ALLEYS AND PUBLIC SERVICES; AND HEREBY ALSO RESERVES FOR ANY ELECTRIC, GAS, TELEPHONE, CABLE TV OR OTHER TELECOMMUNICATIONS COMPANY UNDER FRANCHISE AGREEMENT WITH THE UNITED CITY OF YORKVILLE, THEIR SUCCESSORS AND ASSIGNS, THE EASEMENT PROVISIONS WHICH ARE STATED HEREON.
- 10. Cross access easement provisions should be added.
- 11. The monument sign is in the 10' PU&E and needs to be moved.
- 12. An IDOT certificate is needs to be added.
- 13. A landscape setback line is noted on the engineering plans and should be addressed.

Ms. Krysti Barksdale-Noble

Memorandum

To: Economic Development Committee
 From: Krysti J. Barksdale-Noble, Community Development Director
 CC: Jason Engberg, Senior Planner
 Peter Ratos, Building Code Official
 Bart Olson, City Administrator
 Date: June 2, 2022
 Subject: **Urban (Domesticated) Chickens**

Summary:

At the May 3rd Economic Development Committee (EDC) meeting, staff was given direction to draft an ordinance permitting urban (domesticated) chickens for single-family residentially zoned parcels on smaller lot sizes than the previously proposed one (1) acre lot minimum and slightly less restrictive setbacks than the minimum 25 ft proposed in January 2021. The EDC also requested regulations related to privacy or solid fencing, required enclosures and a maximum of 4-6 chickens per lot. However, no specific direction given regarding enforcement criteria.

Policy Proposals:

Based on the feedback provided to staff from the EDC, the following regulations have been revised (in red) from the January 2021 proposal and incorporated into the attached draft ordinance:

	PREVIOUSLY PROPOSED REGULATIONS	CURRENTLY PROPOSED REGULATIONS
PERMITTED ZONING <i>(see attached map)</i>	Lot must be used for residential purposes <ul style="list-style-type: none"> E-1 (2 parcels) R-1 (24 parcels) <u>R-2 (39 parcels)</u> Total 65 parcels	Lot must be used for residential purposes <ul style="list-style-type: none"> E-1 (2 parcels) R-1 (38 parcels) <u>R-2 (305 parcels)</u> Total 345 parcels
MIN. LOT SIZE	One (1) acre	20,000 sq. ft.
MAX. NUMBER OF CHICKENS	Max. of 8 chickens	Max. of 5 chickens
LOCATION/SETBACK	Rear/Side Yard 25 ft. setback from property lines	Rear/Side Yard 15 ft. setback from property lines
SANITATION	Performance Standards & Property Maintenance Code applies. Prohibit feed from being scattered on the ground.	Performance Standards & Property Maintenance Code applies. Prohibit feed from being scattered on the ground.
ENCLOSURE/COOP	Enclosure constructed with a covered, predator-proof roof which allows for two (2) square feet per hen. Chicken-run and/or yard fence required.	Enclosure constructed with a covered, predator-proof roof which allows for two (2) square feet per hen. Privacy or solid yard fence required. Chicken-run optional.
SLAUGHTERING	Prohibited	Prohibited
ROOSTERS	Permitted up to 4 months of age	Permitted up to 4 months of age
PERMIT REQUIRED	Required w/o Inspection (\$25.00 one-time fee)	Required w/o Inspection (\$25.00 one-time fee)

Proposed Code Amendments:

The regulations permitting domesticated chickens are proposed as an amendment to Title 8: Building Regulations as an allowed accessory use/structure, similar to the ordinance approving beekeeping on residential properties. Additional amendments to Title 5: Police Regulations will also be required.

The following are areas in each aforementioned section which would require amending, text in red is proposed to be **added**:

Title 8: Building Regulations

Creation of a new chapter, **Chapter 19: Domesticated Chickens**, providing all regulatory requirements for permitting chickens in designated residential districts.

Title 5: Police Regulations, Chapter 2: Animals

“Agricultural Animal” definition in Section 5-2-1: Definitions will need to be amended to read as follows: “AGRICULTURAL ANIMAL: Livestock, poultry **with the exception of domesticated chickens as regulated in Title 8 Chapter 19**, and other farm animals.”

“Domestic Animal” definition in Section 5-2-1: Definitions will need to be amended to read as follows: “DOMESTIC ANIMAL: Dogs, cats and any other types of animals or fowl, **including domesticated chickens as regulated in Title 8 Chapter 19**, normally maintained as a household pet or guardian.”

Creation of a new definition in Section 5-2-1: Definitions for “domesticated chickens” to read as follows: **“DOMESTICATED CHICKENS: A subspecies of the species Gallus Domesticus which are kept in an enclosure in the rear or side yard of a residentially zoned property as permitted and regulated in Title 8 Chapter 19.”**

Title 5: Police Regulations, Section 5-2-5: Agricultural Animals

Section 5-2-5: Agricultural Animals will need to be amended to read as follows:

“Agricultural animals are prohibited within the corporate limits of the city, unless they **are domesticated chickens regulated in Title 8 Chapter 19** or are confined within an enclosure on land zoned A-1 agricultural zoning district, in accordance with title 10, chapter 9 of this code.”

Proposed Enforcement & Concerns:

Although not discussed at the May 2022 meeting, existing enforcement regulations for public health and safety would apply to properties permitted to have domesticated chickens:

1. **Property Maintenance Code** – existing provisions within the 2018 International Property Maintenance Code (IPMC) allows for the enforcement of public nuisances such as rodent harborage, maintenance of accessory structures, and proper rubbish and garbage containment, all which may result from unkept chicken coops.
2. **Animals At Large** – existing provisions within 5-2-4: Domestic Animals, prohibits domestic animals from running at large, with or without a tag fastened to its collar, within the corporate limits of the city. When any domestic animal is found on any public street, sidewalk, alley or any unenclosed place it is deemed to be running at large unless firmly held on a leash or is in an enclosed vehicle. This can be an issue if chickens are let loose in a backyard without secure fencing.
3. **Performance Standards** – located in the Zoning Ordinance, performance standards regulate noise (also regulated in Public Health and Safety ordinance the City Code) and odor which are also concerns related to permitting domestic chickens in residential districts.

4. **Permit Revocation** – the Building Code Official has the ability to revoke any valid permit if a violation is found and not corrected. Additionally, the draft ordinance provides that approval of a permit would allow building staff to have the right to inspect any enclosure or coop between the hours of 8:00 a.m. and 5:00 p.m. with prior notice to the permittee, when practical.
5. **Administration Adjudication** - All of the above provisions would require processing through the City's Administration Adjudication procedures which, in addition to compel compliance, but may also issue fines and/or fees to violators.
6. **Enforcement Concerns** - the Police Department previously expressed concern regarding nuisance and noise complaints, as well as conflicts between this ordinance and HOA regulations. While the existing enforcement City regulations address the noise and nuisance complaints, the City has no authority to enforce HOA regulations.

Staff Comments:

Staff is seeking formal direction from the Economic Development Committee (EDC) on the proposed draft ordinance. If it is the concurrence of the Committee to adopt the regulations for urban chickens as presented, staff recommends forwarding the ordinance to the next City Council for final consideration.

AN ORDINANCE OF THE UNITED CITY OF YORKVILLE, KENDALL COUNTY, ILLINOIS, ALLOWING BACKYARD COOPS/ENCLOSURES FOR DOMESTICATED CHICKENS IN CERTAIN RESIDENTIAL DISTRICTS AS A PERMITTED ACCESSORY STRUCTURE AND SUBJECT TO CERTAIN REGULATIONS

WHEREAS, the United City of Yorkville (the “*City*”) is a duly organized and validly existing non home-rule municipality created in accordance with the Constitution of the State of Illinois of 1970 and the laws of the State; and,

WHEREAS, domesticated chickens are of benefit to mankind by providing fresh eggs, garden fertilizer services, and companionship to their owners; and,

WHEREAS, pursuant to sections 11-5-3, 11-5-6, and 11-20-9 of the Illinois Municipal Code, as amended, (65 ILCS 5/11-5-3, 5/11-5-6, and 5/11-20-9) the City has the power and authority to regulate the licensing, treatment and prevention of nuisances regarding animals in the City.

WHEREAS, the Mayor and City Council deem it necessary to allow and regulate domesticated chickens in order to promote the health, safety, and welfare of the City’s residents.

NOW, THEREFORE, BE IT ORDAINED by the Mayor and City Council of the United City of Yorkville, Kendall County, Illinois, as follows:

Section 1: That Title 8 of the United City of Yorkville Code of Ordinances is hereby amended by adding Chapter 19 to read as follows:

CHAPTER 19
DOMESTICATED CHICKENS

8-19-1: Definitions

As used in this chapter, the following words and terms shall have the meanings ascribed in this section unless the context of their usage clearly indicates another meaning:

- A. “Coop” means an enclosure constructed with a covered roof.
- B. “Domesticated Chicken” means all life stages of the subspecies of the species *Gallus Domesticus* which are kept in an enclosure in the rear or side yard of a residentially zoned property as permitted and regulated in this Title.
- C. “Rooster” means an adult male chicken of the subspecies of the species *Gallus Domesticus*.
- D. “Slaughtering” means the killing of an animal for food or other reason.

8-19-2: Certain conduct declared unlawful.

- A. The keeping by any person of domesticated chickens in the City is prohibited except in compliance with this Chapter or upon any property zoned for agricultural uses.
- B. The purpose of this article is to establish certain requirements of sound domesticated chicken practices, which are intended to avoid problems that may otherwise be associated with the keeping of chickens in populated areas.
- C. Notwithstanding compliance with the various requirements of this Chapter, it shall be unlawful for any persons to keep any domesticated chickens in such a manner or of such disposition as to cause any unhealthy condition, interfere with the normal enjoyment of human or animal life of others, or interfere with the normal use and enjoyment of any public property or property of others.

8-19-2: Restrictions

- A. Domesticated chickens shall be permitted on lots used for residential purposes of ~~one (1) acre~~twenty thousand (20,000) square feet or greater in area and zoned within the E-1 Estate, R-1 Single-Family Suburban Residence and R-2 Single-Family Traditional Residence districts.
- B. A maximum of ~~eight (8)~~five (5) chickens shall be permitted on any lot.
- C. Roosters shall be prohibited.
- D. Domesticated chickens and associated enclosures, coops and fencing shall be located within rear or side yard of any lot and must maintain a minimum setback of ~~twenty-five (25)~~fifteen (15) feet from any property line.
- E. Slaughtering of domesticated chickens shall be prohibited.

8-19-3: Coop and fence type.

All domesticated chicken enclosures or coops shall be constructed with a covered, predator-proof roof which allows for a minimum of two (2) square feet per chicken. A ~~chicken run or yard privacy or solid~~ fence shall be required. A chicken run is optional.

8-19-4: Sanitation

- A. Enclosures or coops for domesticated chickens shall be kept clean and sanitary at all times. Any dirt or refuse resulting from the fowl or livestock shall be disposed in a clean and sanitary fashion.

- B. All feed for domesticated chickens shall be kept in containers that are rodent proof until put out for consumption in appropriate feeding vessel. No feed shall be scattered on the ground.

8-19-5: Permit.

- A. Permit applications for domesticated chickens shall be obtained from and submitted to the Community Development Director or his/her designee. At the time of permit application, the applicant shall:
 - 1. Submit proof of authorization from the property owner to allow domesticated chickens if the property is not owner occupied; and
 - 2. Pay a twenty-five dollar (\$25.00) nonrefundable application fee.
- B. Permit approval shall allow the Community Development Director or designees to have the right to inspect any enclosure or coop between the hours of 8:00 a.m. and ~~5:00~~4:30 p.m. Where practicable, prior notice shall be given to the permittee.

8-19-6: Compliance.

Upon receipt of information that any domesticated chicken enclosure or coop situated within the City is not being kept in compliance with this article, the Community Development Director or designee shall cause an investigation to be conducted. If grounds are found to exist to believe that one or more violations have occurred notices of violation for administrative adjudication pursuant to Chapter 14 of Title 1 may be issued or a complaint filed in the circuit court of Kendall County.

Section 2: That Subsection 5-2-1: Definitions of the United City of Yorkville Police Regulations of the Yorkville City Code is hereby amended to read as follows:

“AGRICULTURAL ANIMAL: Livestock, poultry with the exception of domesticated chickens as regulated in Title 8 Chapter 19, and other farm animals.”

“DOMESTIC ANIMAL: Dogs, cats and any other types of animals or fowl, including domesticated chickens as regulated in Title 8 Chapter 19, normally maintained as a household pet or guardian.”

“DOMESTICATED CHICKENS: A subspecies of the species Gallus Domesticus which are kept in an enclosure in the rear or side yard of a residentially zoned property as permitted and regulated in Title 8 Chapter 19.”

Section 3: That Subsection 5-2-5: Agricultural Animals of the United City of Yorkville Police Regulations of the Yorkville City Code is hereby amended to read as follows:

“Agricultural animals are prohibited within the corporate limits of the city, unless they are domesticated chickens regulated in Title 8 Chapter 19 or are confined within an enclosure

on land zoned A-1 agricultural zoning district, in accordance with title 10, chapter 9 of this code.”

Section 4: This Ordinance shall be in full force and effect upon its passage, approval, and publication as provided by law.

Passed by the City Council of the United City of Yorkville, Kendall County, Illinois this

Memorandum

To: Economic Development Committee
 From: Krysti J. Barksdale-Noble, Community Development Director
 CC: Jason Engberg, Senior Planner
 Peter Ratos, Building Code Official
 Bart Olson, City Administrator
 Date: December 8, 2020
 Subject: **Urban (Domesticated) Chickens**

Summary:

At the December 2020 Economic Development Committee (EDC) meeting staff was given direction to draft an ordinance permitting urban (domesticated) chickens for single-family residentially zoned parcels one (1) acre or larger in size. The EDC also recommended the proposed regulations be modeled after the moderate scope of regulations presented in staff’s memo dated July 20, 2020 and include specific language regarding enforcement.

Policy Proposals:

Based on the feedback provided to staff from the EDC, the following regulations have been incorporated into the attached draft ordinance:

PROPOSED REGULATIONS	
PERMITTED ZONING <i>(see attached map)</i>	Lot must be used for residential purposes <ul style="list-style-type: none"> • E-1 (2 parcels) • R-1 (24 parcels) • <u>R-2 (39 parcels)</u> Total 65 parcels
MIN. LOT SIZE	One (1) acre
MAX. NUMBER OF CHICKENS	Max. of 8 chickens
LOCATION/SETBACK	Rear/Side Yard 25 ft. setback from property lines
SANITATION	Performance Standards & Property Maintenance Code applies. Prohibit feed from being scattered on the ground.
ENCLOSURE/COOP	Enclosure constructed with a covered, predator-proof roof which allows for two (2) square feet per hen. Chicken run and/or yard fence required.
SLAUGHTERING	Prohibited
ROOSTERS	Permitted up to 4 months of age
PERMIT REQUIRED	Required w/o Inspection (\$25.00 one-time fee)

Proposed Code Amendments:

The regulations permitting domesticated chickens are proposed as an amendment to Title 8: Building Regulations as an allowed accessory use/structure, similar to the ordinance approving beekeeping on residential properties. Additional amendments to Title 5: Police Regulations will also be required.

The following are areas in each aforementioned section which would require amending, text in red is proposed to be **added**:

Title 8: Building Regulations

Creation of a new chapter, **Chapter 19: Domesticated Chickens**, providing all regulatory requirements for permitting chickens in designated residential districts.

Title 5: Police Regulations, Chapter 2: Animals

“Agricultural Animal” definition in Section 5-2-1: Definitions will need to be amended to read as follows: “AGRICULTURAL ANIMAL: Livestock, poultry **with the exception of domesticated chickens as regulated in Title 8 Chapter 19**, and other farm animals.”

“Domestic Animal” definition in Section 5-2-1: Definitions will need to be amended to read as follows: “DOMESTIC ANIMAL: Dogs, cats and any other types of animals or fowl, **including domesticated chickens as regulated in Title 8 Chapter 19**, normally maintained as a household pet or guardian.”

Creation of a new definition in Section 5-2-1: Definitions for “domesticated chickens” to read as follows: **“DOMESTICATED CHICKENS: A subspecies of the species Gallus Domesticus which are kept in an enclosure in the rear or side yard of a residentially zoned property as permitted and regulated in Title 8 Chapter 19.”**

Title 5: Police Regulations, Section 5-2-5: Agricultural Animals

Section 5-2-5: Agricultural Animals will need to be amended to read as follows:

“Agricultural animals are prohibited within the corporate limits of the city, unless they **are domesticated chickens regulated in Title 8 Chapter 19** or are confined within an enclosure on land zoned A-1 agricultural zoning district, in accordance with title 10, chapter 9 of this code.”

Proposed Enforcement & Concerns:

In regard to proposed enforcement, the following exist regulations would apply:

1. **Property Maintenance Code** – existing provisions within the 2018 International Property Maintenance Code (IPMC) allows for the enforcement of public nuisances such as rodent harborage, maintenance of accessory structures, and proper rubbish and garbage containment, all which may result from unkept chicken coops.
2. **Animals At Large** – existing provisions within 5-2-4: Domestic Animals, prohibits domestic animals from running at large, with or without a tag fastened to its collar, within the corporate limits of the city. When any domestic animal is found on any public street, sidewalk, alley or any unenclosed place it is deemed to be running at large unless firmly held on a leash or is in an enclosed vehicle. This can be an issue if chickens are let loose in a backyard without secure fencing.
3. **Performance Standards** – located in the Zoning Ordinance, performance standards regulate noise (also regulated in Public Health and Safety ordinance the City Code) and odor which are also concerns related to permitting domestic chickens in residential districts.

4. **Permit Revocation** – the Building Code Official has the ability to revoke any valid permit if a violation is found and not corrected. Additionally, the draft ordinance provides that approval of a permit would allow building staff to have the right to inspect any enclosure or coop between the hours of 8:00 a.m. and 5:00 p.m. with prior notice to the permittee, when practical.
5. **Administration Adjudication** - All of the above provisions would require processing through the City's Administration Adjudication procedures which, in addition to compel compliance, but may also issue fines and/or fees to violators.
6. **Enforcement Concerns** - the Police Department has expressed concern regarding nuisance and noise complaints, as well as conflicts between this ordinance and HOA regulations. While the proposed enforcement options address the noise and nuisance complaints, the City has no authority to enforce HOA regulations. Chief Jensen will be in attendance at the EDC meeting to discuss their concerns in detail.

Staff Comments:

Staff is seeking formal direction from the Economic Development Committee (EDC) on the proposed draft ordinance. If it is the concurrence of the Committee to adopt the regulations for urban chickens as presented, staff recommends forwarding the ordinance to the next City Council for final consideration.

AN ORDINANCE OF THE UNITED CITY OF YORKVILLE, KENDALL COUNTY, ILLINOIS, ALLOWING BACKYARD COOPS/ENCLOSURES FOR DOMESTICATED CHICKENS IN CERTAIN RESIDENTIAL DISTRICTS AS A PERMITTED ACCESSORY STRUCTURE AND SUBJECT TO CERTAIN REGULATIONS

WHEREAS, the United City of Yorkville (the “City”) is a duly organized and validly existing non home-rule municipality created in accordance with the Constitution of the State of Illinois of 1970 and the laws of the State; and,

WHEREAS, domesticated chickens are of benefit to mankind by providing fresh eggs, garden fertilizer services, and companionship to their owners; and,

WHEREAS, pursuant to sections 11-5-3, 11-5-6, and 11-20-9 of the Illinois Municipal Code, as amended, (65 ILCS 5/11-5-3, 5/11-5-6, and 5/11-20-9) the City has the power and authority to regulate the licensing, treatment and prevention of nuisances regarding animals in the City.

WHEREAS, the Mayor and City Council deem it necessary to allow and regulate domesticated chickens in order to promote the health, safety, and welfare of the City’s residents.

NOW, THEREFORE, BE IT ORDAINED by the Mayor and City Council of the United City of Yorkville, Kendall County, Illinois, as follows:

Section 1: That Title 8 of the United City of Yorkville Code of Ordinances is hereby amended by adding Chapter 19 to read as follows:

CHAPTER 19
DOMESTICATED CHICKENS

8-19-1: Definitions

As used in this chapter, the following words and terms shall have the meanings ascribed in this section unless the context of their usage clearly indicates another meaning:

- A. “Coop” means an enclosure constructed with a covered roof.
- B. “Domesticated Chicken” means all life stages of the subspecies of the species Gallus Domesticus which are kept in an enclosure in the rear or side yard of a residentially zoned property as permitted and regulated in this Title.
- C. “Rooster” means an adult male chicken of the subspecies of the species Gallus Domesticus.
- D. “Slaughtering” means the killing of an animal for food or other reason.

8-19-2: Certain conduct declared unlawful.

- A. The keeping by any person of domesticated chickens in the City is prohibited except in compliance with this Chapter or upon any property zoned for agricultural uses.
- B. The purpose of this article is to establish certain requirements of sound domesticated chicken practices, which are intended to avoid problems that may otherwise be associated with the keeping of chickens in populated areas.
- C. Notwithstanding compliance with the various requirements of this Chapter, it shall be unlawful for any persons to keep any domesticated chickens in such a manner or of such disposition as to cause any unhealthy condition, interfere with the normal enjoyment of human or animal life of others, or interfere with the normal use and enjoyment of any public property or property of others.

8-19-2: Restrictions

- A. Domesticated chickens shall be permitted on lots used for residential purposes of one (1) acre or greater in area and zoned within the E-1 Estate, R-1 Single-Family Suburban Residence and R-2 Single-Family Traditional Residence districts.
- B. A maximum of eight (8) chickens shall be permitted on any lot.
- C. Roosters shall be prohibited.
- D. Domesticated chickens and associated enclosures, coops and fencing shall be located within rear or side yard of any lot and must maintain a minimum setback of twenty-five (25) feet from any property line.
- E. Slaughtering of domesticated chickens shall be prohibited.

8-19-3: Coop and fence type.

All domesticated chicken enclosures or coops shall be constructed with a covered, predator-proof roof which allows for a minimum of two (2) square feet per chicken. A chicken run or yard fence shall be required.

8-19-4: Sanitation

- A. Enclosures or coops for domesticated chickens shall be kept clean and sanitary at all times. Any dirt or refuse resulting from the fowl or livestock shall be disposed in a clean and sanitary fashion.
- B. All feed for domesticated chickens shall be kept in containers that are rodent proof until put out for consumption in appropriate feeding vessel. No feed shall be scattered on the ground.

8-19-5: Permit.

- A. Permit applications for domesticated chickens shall be obtained from and submitted to the Community Development Director or his/her designee. At the time of permit application, the applicant shall:
 - 1. Submit proof of authorization from the property owner to allow domesticated chickens if the property is not owner occupied; and
 - 2. Pay a twenty-five dollar (\$25.00) nonrefundable application fee.
- B. Permit approval shall allow the Community Development Director or designees to have the right to inspect any enclosure or coop between the hours of 8:00 a.m. and 5:00 p.m. Where practicable, prior notice shall be given to the permittee.

8-19-6: Compliance.

Upon receipt of information that any domesticated chicken enclosure or coop situated within the City is not being kept in compliance with this article, the Community Development Director or designee shall cause an investigation to be conducted. If grounds are found to exist to believe that one or more violations have occurred notices of violation for administrative adjudication pursuant to Chapter 14 of Title 1 may be issued or a complaint filed in the circuit court of Kendall County.

Section 2: That Subsection 5-2-1: Definitions of the United City of Yorkville Police Regulations of the Yorkville City Code is hereby amended to read as follows:

“AGRICULTURAL ANIMAL: Livestock, poultry with the exception of domesticated chickens as regulated in Title 8 Chapter 19, and other farm animals.”

“DOMESTIC ANIMAL: Dogs, cats and any other types of animals or fowl, including domesticated chickens as regulated in Title 8 Chapter 19, normally maintained as a household pet or guardian.”

“DOMESTICATED CHICKENS: A subspecies of the species Gallus Domesticus which are kept in an enclosure in the rear or side yard of a residentially zoned property as permitted and regulated in Title 8 Chapter 19.”

Section 3: That Subsection 5-2-5: Agricultural Animals of the United City of Yorkville Police Regulations of the Yorkville City Code is hereby amended to read as follows:

“Agricultural animals are prohibited within the corporate limits of the city, unless they are domesticated chickens regulated in Title 8 Chapter 19 or are confined within an enclosure on land zoned A-1 agricultural zoning district, in accordance with title 10, chapter 9 of this code.”

Section 4: This Ordinance shall be in full force and effect upon its passage, approval, and publication as provided by law.

Passed by the City Council of the United City of Yorkville, Kendall County, Illinois

Memorandum

To: Economic Development Committee
 From: Krysti J. Barksdale-Noble, Community Development Director
 CC: Jason Engberg, Senior Planner
 Peter Ratos, Building Code Official
 Bart Olson, City Administrator
 Date: September 30, 2020
 Subject: **Urban (Domesticated) Chickens**

Summary:

At the September 1st Economic Development Committee (EDC) meeting, it was recommended that staff research the existing residential subdivision's homeowners' association (HOA) declarations to determine if there are any restrictions in place prohibiting "urban/backyard" chickens which would make the proposed zoning amendment to permit chickens in residential districts moot. This is due to a significant portion of Yorkville's residentially zoned land is part of a master planned development. Additionally, staff was tasked with creating a brief web survey presented to the community about the topic of allowing chickens in residential districts.

Subdivision Homeowner's Association Research:

Staff researched all residential subdivision homeowners' associations (HOA) declarations on file with the Kendall County Recorder's Office to determine if there were any restrictions to allowing backyard chickens in the City's master-planned developments. Below is a chart of the findings:

	Name of Current Development	Unit Type(s)	Covenant Record Doc. #	Date of Covenant	Restrictions/ Prohibits Chickens (Y/N)	Covenant Section & Language
1	Autumn Creek	Single Family Town Homes	#20060008954	3/27/2006	Y	Sec. 8.5 pg. 18: "No animals, livestock or poultry..."
2	Blackberry Woods	Single Family	#201000012125	7/14/2010	Y	Sec. 6 Animals: "No animals, livestock, or poultry of any kind shall be raised, bred, or kept on Lot, except that dogs, cats or other household pets may be kept provided that they are not kept, bred, or maintained for any commercial purpose."
3	Briarwood	Single Family	#200700000625	1/5/2007	Y	Sec. 3.2 (j) pg. 7 "No animals, livestock or poultry..."
4	Bristol Bay	Single Family Duplex Town Homes Condominiums	#200600003313	1/31/2006	Y	Article VIII Sec. 1 (f) pg. 13 "No animals, reptiles, rabbits, livestock, fowl or poultry..."
5	Caledonia	Single Family	#200600026078	8/21/2006	N	No language specific to pets

6	Cannonball Estates	Single Family	Not Recorded	N/A	N	N/A

18	Longford Lakes	Townhomes	20040000827	12-Jan-04	N	No language specific to pets
19	Prairie Gardens	Age Restricted	200400006116	15-Mar-04	N	No language specific to pets
20	Prairie Meadows	Single Family Multi-Family	200500003507	3-Feb-05	N	No language specific to pets
21	Prestwick of Yorkville	Single Family	200700014390	2-May-07	Y	4.3.11 Dogs and Cats: No more than a total of two (2) dogs or two (2) cats or one (1) dog and one (1) cat can be maintained, kept or housed in any residential unit whether or not such animal is the property of the owner of such residential unit. No such animal shall be allowed outside of a residential unit unless accompanied and attended at all times by an occupant of such residential unit and no dogs shall be allowed to bark as to create any type of nuisance to neighbors.
22	Raintree Village	Single Family Duplex Town Homes	201900008500	26-Jun-19	Y	Section 8.04 Pets: No animals, livestock or poultry of any kind shall be raised, bred, or kept in the Community Area. The Board may from time to time adopt rules and regulations governing (a) the keeping of pets in Detached Home or Duplex Home, which may include prohibiting certain species of pets from being kept in a Detached Home or Duplex Home and (b) the use of the Community Area by pets.
23	River's Edge	Single Family	200100025428	31-Dec-01	N	No language specific to pets
24	Sunflower Estates	Single Family	200700019804	27-Jun-07	N	HOA Rescinded
25	Whispering Meadows	Single Family	200500011560	25-Apr-05	N	No language specific to pets
26	White Oak Estates	Single Family	198900895534	27-Sep-89	Y	Article VII, Section 7: No animals, livestock, or poultry of any kind shall be raised, bred, or kept on any lot except that dogs, cats, or other household pets may be kept provided that they are not kept, bred, or maintained for any commercial purpose.

27	Wildwood	Single Family	198900891588	27-Mar-89	N	No language specific to pets
28	Windett Ridge	Single Family	200300034331	22-Mar-03	N	No language specific to pets

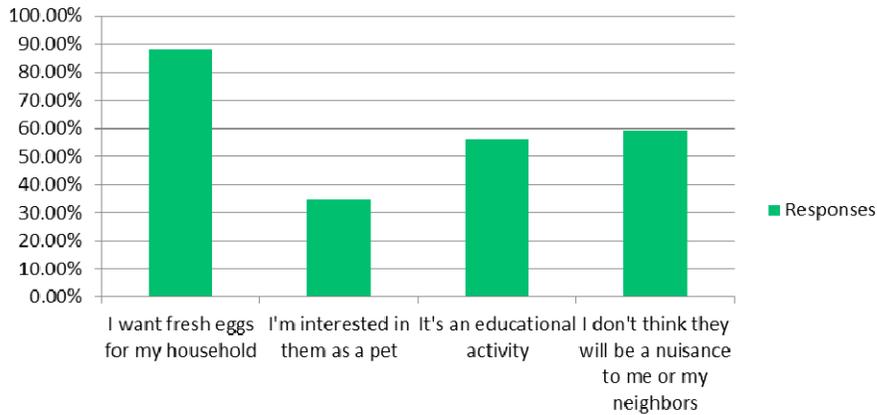

From the information in the above table, 14 of the 28 developments (50.0%) have regulations that specifically do not allow chickens within their HOA covenants. Of the remaining 14 (indicated in red in the table), 10 of the developments (35.7%) have no language specific to any pets and 4 (14.3%) have no HOA covenants recorded.

Urban Chicken Public Survey Results:

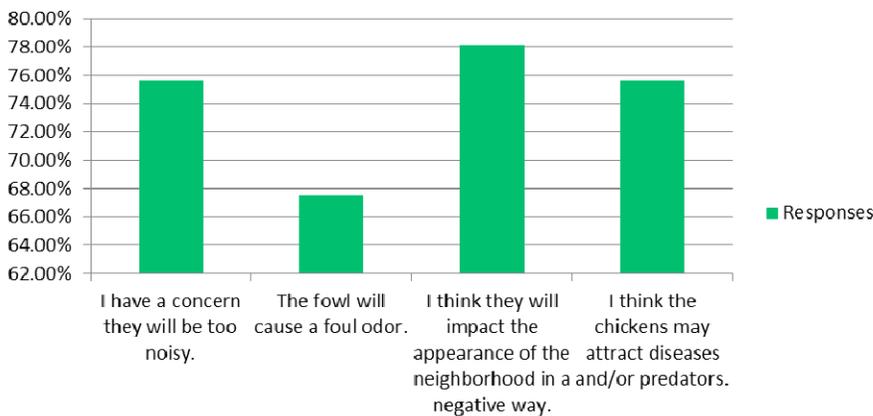

In regard to the public survey, the following summarizes the questions asked and the responses provided as of the date of this memo:

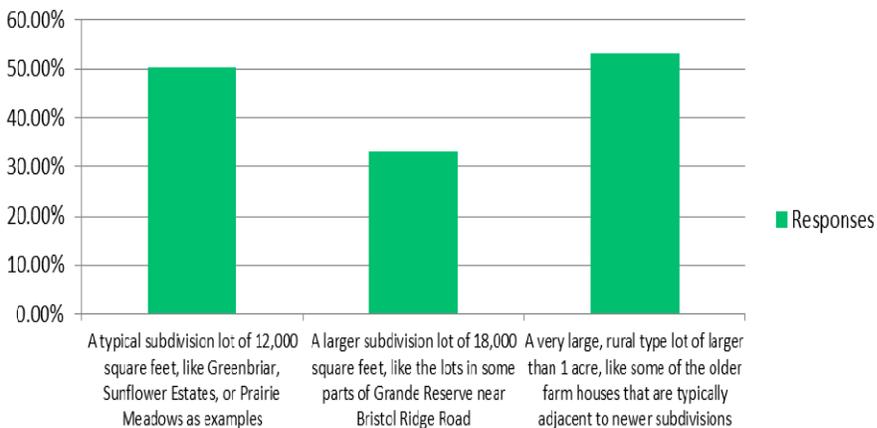

What are your reasons to support having chickens in a residential neighborhood?

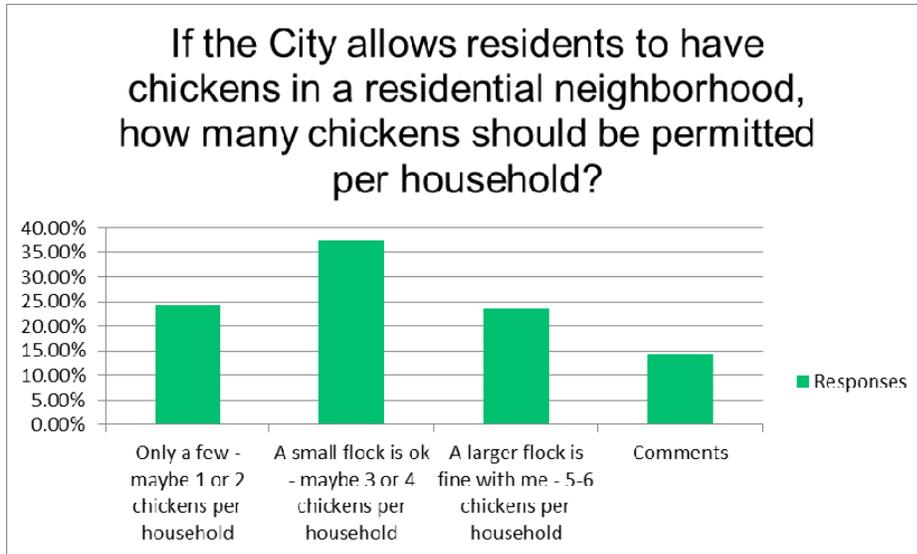

What are your reasons for opposing chickens in a residential neighborhood?

If the City allows residents to have chickens in a residential neighborhood, what property / lot sizes do you think is appropriate? (examples provided below are for illustrative purposes only and do not reflect whether a homeowner's association would allow)

From the preliminary results of the survey, respondents are split (37% Yes to 37% No) to interest in raising chickens in their backyards, but an overwhelming percentage of respondents (68%) are okay with their neighbor having the right to raise backyard chickens if it was clean and regulated by the City.

As far as respondents in support of backyard chickens, 87% would want them for their fresh eggs, while those opposed cited the impact to appearance (78%), the noise (75%) and disease and/or predators has major concerns.

Finally, respondents preferred very large rural lots (53%) and typical subdivision lots of 12,000 square feet (50%) to raise backyard chickens and overwhelming thought a small flock of 3-4 chickens was appropriate (37%).

Staff Comments:

Based upon the research of the City’s HOA covenants, only 50% have specific language restricting the raising of backyard chickens. This is consistent with the resident survey responses with 50% supporting backyard chickens in residential subdivisions and 50% opposed. **Therefore, staff is seeking formal direction from the Economic Development Committee (EDC) regarding the request to permit, define and regulate urban/domestic chickens within the city, and to what degree.**

If it is the concurrence of the Committee to amend the City’s Code, staff and the City Attorney will prepare the appropriate ordinance language per your direction and present it to the appropriate committees and/or commission at a future meeting with a recommendation to the City Council for final approval.

Memorandum

To: Economic Development Committee
 From: Krysti J. Barksdale-Noble, Community Development Director
 CC: Jason Engberg, Senior Planner
 Peter Ratos, Building Code Official
 Bart Olson, City Administrator
 Date: July 20, 2020
 Subject: **Urban (Domesticated) Chickens**

Summary:

At the July Economic Development Committee (EDC) meeting, it was recommended that staff move forward with preparing policy options for permitting “urban/domesticated” chickens in single-family residentially zoned districts within the city. Since the communities’ staff researched regulate urban/domesticated chickens to varying degrees, we are offering three (3) policy options: (1) permitted with limited regulation; (2) permitted with moderate regulation; and (3) permitted with substantial regulations.

Research:

In staff’s research of the decades old movement toward bringing agricultural practices into city/suburban lifestyles, the raising of non-traditional domesticated animals, such as chickens, has risen in popularity. Cities have generally responded to this trend by either banning such practices outright or permitting the practice with a wide range of regulations. Those municipalities that chose to permit the practice of raising chickens in non-agriculturally zoned districts typically focused on the following regulations:

Regulation	Best Practice	Reasoning
<i>Permitted Zoning Districts</i>	Single-Family Zoning Districts	<ul style="list-style-type: none"> • Generally, single-family dwelling units are located on larger lots, able to accommodate needed setbacks to house a coop. • Multi-family dwelling units are limited in lot size to permit every unit to have the opportunity to keep a chicken coop.
<i>Maximum number of chickens</i>	Typically permits a maximum of six (6) chickens.	<ul style="list-style-type: none"> • Chickens are stock animals which do not thrive alone, so most owners have a minimum of four (4) to maintain a proper “social order”. • Allows for owners to have hens that still produce eggs and keep those hens that are still valued by the owner but can no longer lay eggs. • Capping the number of hens to less than six (6) may lead owners who raise chickens for eggs to limit their flock to only egg producers and burden animal shelters with cast-off older hens.
<i>Minimum lot size requirement</i>	If specified, varies depending on Zoning Ordinance requirements (typically 2,500 - 8,000 sq. ft.).	<ul style="list-style-type: none"> • Generally, the requirement of a minimum lot size reduces the number of residentially zoning districts allowable for urban/backyard chickens (i.e., only permit in E-1 and R-1 districts and not in R-2) • Needlessly creates obstacles to raising chickens in residential districts otherwise suited for the use.

<i>Location and/or Setback Requirements</i>	<p>Located only in rear yards.</p> <p>Minimum of 25 ft. from any side/rear property line.</p>	<ul style="list-style-type: none"> • Typically seen as an “accessory use” to the primary residential land use, the location is most appropriate in rear yards. • Minimum 25 ft. setback is far enough to reduce nuisance of noise and odor, but also allows smaller properties to meet the standard.
<i>Sanitation Requirements (i.e. Performance Standards)</i>	<p>Requires coop and outdoor enclosure must be kept in a sanitary condition and free from offensive odors and accumulation of waste.</p> <p>Prohibit feed from being scattered on the ground and requiring chickens to be fed from a trough.</p>	<ul style="list-style-type: none"> • Typically, can be enforced through existing performance standards in Zoning Ordinance and Property Maintenance Code. • Goal is to reduce odor, rodent and accumulation of waste without implementing stringent cleaning requirements which would be impossible to enforce.
<i>Enclosure/Coop Construction</i>	<p>Constructed with a covered, predator-proof roof which allows for two (2) square feet per hen.</p> <p>Some ordinances provide sample construction diagram of wall/roof section and allowed materials.</p> <p>Typically requires a fenced “chicken run” area or located in a fenced yard.</p>	<ul style="list-style-type: none"> • Ensures adequate protection from natural predators (e.g. foxes, dogs, coyotes, etc.) and designed for easy access for cleaning. • Proposed size of 2 sq. ft. per hen provides adequate space for movement but small enough to keep birds warm in winter. • Fencing is required to allow birds to roam during cleaning but precludes chickens from running at large.
<i>Slaughtering</i>	<p>Prohibited</p>	<ul style="list-style-type: none"> • Intent of ordinance is for chickens as pets or for raising of hens for eggs, not for meat. • Addresses concerns of health/hygiene concerns related to backyard slaughtering/butchering of chickens.
<i>Roosters</i>	<p>Prohibited or only permitted under four (4) months of age.</p>	<ul style="list-style-type: none"> • Addresses concerns of noise (crowing) and are not needed for hens to produce eggs for feeding.
<i>Permit Required</i>	<p>Varies by community.</p> <p>Those that require a permit (\$0 - \$50), city inspection and an annual renewal requirement.</p> <p>Recommended not to permit, but establish regulations, similar to regulating home occupations.</p>	<ul style="list-style-type: none"> • Inefficient use of City staff time to require a permit/license, review plans and maintain records. • Permit fees, especially if annual, could prove cost prohibitive for chicken owner. • Enforcement of regulations can still occur through the property maintenance process on a complaint basis.

Policy Proposals:

In consideration of a policy permitting urban/domesticated chickens, staff took into account the above referenced best practices from research gathered in planning related studies, model ordinances and surrounding community zoning codes to create a tier of three (3) options with varying degrees of regulations:

	LIMITED REGULATION	MODERATE REGULATION	SUBSTANTIAL REGULATION
PERMITTED ZONING	<ul style="list-style-type: none"> • E-1 (4 parcels) • <u>R-1 (264 parcels)</u> Total 268 parcels	<ul style="list-style-type: none"> • E-1 (4 parcels) • R-1 (264 parcels) • <u>R-2 (6,358 parcels)</u> Total 6,626 parcels	<ul style="list-style-type: none"> • E-1 (4 parcels) • R-1 (264 parcels) • R-2 (6,358 parcels) • <u>R-2D (207 parcels)</u> Total 6,833 parcels
MAX. NUMBER	Max. 8 chickens	Max. 6 chickens	Max. 4 chickens
MIN. LOT SIZE	N/A	12,000 sq. ft.	10,000 sq. ft.
LOCATION/SETBACK	Rear/Side Yard	Rear/Side Yard 25 ft. setback	Rear Yard Only 25 ft. setback
SANITATION	Performance Standards & Property Maintenance Code applies.	Performance Standards & Property Maintenance Code applies. Prohibit feed from being scattered on the ground.	Performance Standards & Property Maintenance Code applies Prohibit feed from being scattered on the ground <u>and</u> requiring chickens to be fed from a trough.
ENCLOSURE/COOP	Enclosure Required. No specifications.	Enclosure constructed with a covered, predator-proof roof which allows for two (2) square feet per hen. Chicken run and/or yard fence required.	Enclosure constructed with a covered, predator-proof roof which allows for two (2) square feet per hen. Built per sample construction diagram of wall/roof section and allowed materials. Chicken run and/or yard fence required.
SLAUGHTERING	Prohibited	Prohibited	Prohibited
ROOSTERS	Permitted	Permitted up to 4 months of age	Prohibited
PERMIT REQUIRED	Not Required	Required w/o Inspection (\$25.00 one-time fee)	Required w/Inspection (\$50.00 one-time fee)

Examples of a “Limited Regulation”, “Moderate Regulation” and “Substantial Regulation” ordinances are attached to this memo.

Potential Code Amendments:

Current sections of the City Code would be impacted and require amending if any measure permitting domesticated chickens and backyard coops/enclosures are allowed as accessory uses/structure. These include Chapter 2: Animals of Title 5: Police Regulations; Chapter 3: General Zoning Provisions of Title 10: Zoning; and Title 8: Building Regulations.

However, staff recommends amending the Zoning Ordinance only if the City Council decides to implement the “Limited Regulations” which does not require a building permit for approval. Otherwise, we recommend amendments only to the Police and Building titles of the City Code if the “moderate” and “substantial” regulations are adopted, as this is consistent with how the Beekeeping Regulations were approved.

The following are areas in each aforementioned section which would require amending, text in red is proposed to be **added**:

Title 5: Police Regulations, Chapter 2: Animals

“Agricultural Animal” definition in Section 5-2-1: Definitions will need to be amended to read as follows: “AGRICULTURAL ANIMAL: Livestock, poultry **with the exception of domesticated chickens as regulated in (insert section)**, and other farm animals.”

“Domestic Animal” definition in Section 5-2-1: Definitions will need to be amended to read as follows: “DOMESTIC ANIMAL: Dogs, cats and any other types of animals or fowl, **including domesticated chickens as regulated in (insert section)**, normally maintained as a household pet or guardian.”

Creation of a new definition in Section 5-2-1: Definitions for “domesticated chickens” to read as follows: “**DOMESTICATED CHICKENS: A subspecies of the species Gallus Domesticus which are kept in an enclosure in the rear or side yard of a residentially zoned property as permitted and regulated in (insert section).**”

Title 5: Police Regulations, Section 5-2-5: Agricultural Animals

Section 5-2-5: Agricultural Animals will need to be amended to read as follows:

“Agricultural animals are prohibited within the corporate limits of the city, unless they **are domesticated chickens regulated in (insert section)** or are confined within an enclosure on land zoned A-1 agricultural zoning district, in accordance with title 10, chapter 9 of this code.”

Title 8: Building Regulations

Should the City Council pursue the moderate or substantial regulations, staff recommends creating a new chapter, **Chapter 19: Domesticated Chickens**, which will provide all regulatory requirements for permitting chickens in designated residential districts.

Title 10: Zoning, Chapter 3: General Zoning Provisions

Should the City Council pursue the limited regulations, staff recommends creating a new section in the General Zoning Provisions, **Section 10-3-15: Domesticated Chickens**, which will provide all regulatory requirements for permitting chickens in designated residential districts.

Creation of a new definition in Section 10-2-3: Definitions for “domesticated chickens” to read as follows: “**DOMESTICATED CHICKENS: A subspecies of the species Gallus Domesticus which**

are kept in an enclosure in the rear or side yard of a residentially zoned property as permitted and regulated in (insert section).”

Potential Enforcement Options:

In regard to potential enforcement options, the following options exist:

1. **Property Maintenance Code** – existing provisions within the 2018 International Property Maintenance Code (IPMC) allows for the enforcement of public nuisances such as rodent harborage, maintenance of accessory structures, and proper rubbish and garbage containment, all which may result from unkept chicken coops.
2. **Animals At Large** – existing provisions within 5-2-4: Domestic Animals, prohibits domestic animals from running at large, with or without a tag fastened to its collar, within the corporate limits of the city. When any domestic animal is found on any public street, sidewalk, alley or any unenclosed place it is deemed to be running at large unless firmly held on a leash or is in an enclosed vehicle. This can be an issue if chickens are let loose in a backyard without secure fencing.
3. **Performance Standards** – located in the Zoning Ordinance, performance standards regulate noise (also regulated in Public Health and Safety ordinance the City Code) and odor which are also concerns related to permitting domestic chickens in residential districts.
4. **Permit Revocation** – the Building Code Official has the ability to revoke any valid permit if a violation is found and not corrected.

All of the above provisions would require processing through the City’s Administration Adjudication procedures which, in addition, can lead to forced compliance, but fines and/or fees.

Additionally, staff has received feedback from the Police Department which expressed concerned regarding nuisance and noise complaints, as well as conflicts between this ordinance and HOA regulations. While the proposed enforcement options address the noise and nuisance complaints, the City has no authority to enforce HOA regulations.

To ensure communication between residents and their homeowners association is made prior to application submittal, staff can require a letter or approval from the HOA board as part of the permitting process. The attached permit example from the City of Batavia is provided for reference.

Municipalities with Similar Ordinance Feedback

Staff has reached out to four (4) area municipalities with existing urban (domesticated) chicken ordinances to seek their experiences administering and enforcing those regulations to share with the committee. Those communities were the cities of Naperville, Evanston, Batavia and the Village of Plainfield. Most of the communities adopted their regulations within the last 10 years and on average have had approximately twelve (12) applications during that time. None have reported any major complaints and administration of the regulations a non-issue.

Staff Comments:

Staff is seeking formal direction from the Economic Development Committee (EDC) to permit, define and regulate urban/domestic chickens within the city, and to what degree. If it is the concurrence of the Committee to amend, staff and the City Attorney will prepare the appropriate ordinance language per your direction and present it to the appropriate committees and/or commission at a future meeting with a recommendation to the City Council for final approval.

Illegal Fowl: A Survey of Municipal Laws Relating to Backyard Poultry and a Model Ordinance for Regulating City Chickens

by Jaime Bouvier

Jaime Bouvier is Visiting Legal Writing Professor,
Cleveland-Marshall College of Law.

Summary

As the movement toward keeping backyard chickens continues to grow, many cities are facing the decision of whether to allow residents to keep chickens and, if so, how to effectively regulate the practice. A survey of municipal ordinances in the top 100 most populous cities in the United States that concern keeping and raising chickens offers lessons that may be applied to designing a model ordinance. This survey reveals that chickens are, perhaps surprisingly, legal in the vast majority of large cities. The survey also identifies regulatory norms and some effective and less effective ways to regulate the keeping of chickens. A proposed model ordinance, based on the background information and survey results, could be adopted by a city or easily modified to fit a city's unique needs.

chickens.

William Carlos Williams, 1923.

The movement toward bringing agricultural practices into the city has continued to expand during the last decade.¹ As we learn more about the problems with our modern commercial agricultural practices—like keeping large numbers of animals crowded in small indoor facilities with little or no access to fresh air or sunlight and growing vast amounts of corn and soy in a monoculture environment to feed those animals²—many city-dwellers are taking it into their own hands to provide solutions.³ Community gardens are increasing in cities across the country.⁴ Market farms and even full-scale urban farms are popping up both in cities where the foreclosure epidemic has caused an abundance of abandoned properties and in cities where property has maintained or even increased in value.⁵ And, farmer's markets have increased exponentially across the country—allowing smaller scale local farmers to directly link to consumers and sell their produce for far above the wholesale amounts they could get from selling through

more established channels like supermarkets and convenience stores.⁶

Part of the greater urban agriculture movement involves urban animal husbandry—raising livestock in an urban setting.⁷ While many cities have allowed for bees, goats, and other livestock in the city,⁸ this Article will focus on how cities regulate chickens.⁹ Many people in urban environments are seeking to raise chickens to assert control over their food. This may be in reaction to increasing reports of how large industrial farms raise chickens in abusive and unsanitary settings—settings that not only are unhealthy for the chickens but negatively affect the health of people who live near such farms, as well as anyone who eats the eggs or meat from those chickens.¹⁰ Many people view raising chickens and other urban agricultural practices as a way to combat a broken food system and a way to assert individual political power against the large corporations that control much of our food.¹¹

In response to a growing demand from city-dwellers to raise their own chickens, either as part of a community

garden, urban farm, or just in their own backyard, cities across the country are amending their ordinances to allow for and regulate backyard chickens.¹² This Article will first provide a primer on what a city-dweller should know about chickens. This is especially targeted to city-dwellers who serve as councilpersons, mayors, or law directors and know little or nothing about chickens. Because many municipal officials lack agricultural knowledge, they lack a basis for understanding whether chickens can peacefully co-exist with their constituents in a cosmopolitan area. And, even if officials believe that residents should be able to keep chickens, they may still feel unequipped to figure out how to properly regulate chickens to head off practical concerns with noise, odor, and nuisance.

Many people may be surprised to learn that even in cities where raising chickens is illegal, many people are doing so anyway.¹³ For instance, in a suburb of Cleveland, Jennifer,¹⁴ a young mother of two boys, built a coop in her backyard and bought four chicks.¹⁵ These chicks grew up to be egg-laying hens and family pets before she learned that her city outlawed chickens. The city told her that if she did not get rid of the chickens, she would be subject to continuing expensive citations for violating the city's ordinance. Because both she and her children

15. Interview with Jennifer, July 18, 2011 (on file with author).

had grown close to the hens, they did not want to simply dispose of them or give them away. Instead, Jennifer moved to a neighboring city that had recently passed an ordinance legalizing backyard hens and started a chicken cooperative.¹⁶ Now, a group of neighbors take turns caring for the chickens and share the eggs. Neither in the suburb where she started raising the chicks nor in the city where she started the cooperative did neighbors complain about odor, noise, or any other potential nuisance. And the suburb, by prohibiting chickens, lost the opportunity Jennifer was willing to provide to build strong community ties with her neighbors.¹⁷

Instead of moving away, others are seeking to change the law to raise chickens in the city where they already live. For instance, Cherise Walker has been advocating for a new ordinance in her community.¹⁸ Ms. Walker is a veteran of the Iraq war who became interested in hens when she read that keeping chickens can help relieve post-traumatic stress disorder.¹⁹ She subscribes to *Backyard Poultry*—a magazine dedicated to backyard chickens²⁰; she became certified in hen-keeping by the Ohio State University Extension; and, she began assembling the materials to build a coop in her yard. But, she soon learned that her city outlaws hens as dangerous animals, placing them in the same category as lions, tigers, bears, and sharks.²¹ Unwilling to become an outlaw hen-keeper, she, like countless others across the country, is attempting to lobby her mayor and city council-people to educate them about chickens and encourage them to adopt a more chicken-friendly ordinance.²²

Because of the growing popularity of keeping backyard chickens, cities can benefit from well-thought-out ordinances that avert possible nuisance and make it easy and clear for would-be chicken owners to find out what they need to do to comply with the law.

Changing these ordinances, however, is often a contentious issue.²³ It has caused one mayor in Minnesota to say, “there is a lot of anger around this issue for some reason.

More so than the war by far.”²⁴ City leaders are understandably concerned that chickens may cause nuisances.²⁵ They have raised such concerns as decreasing property values²⁶ and increasing greenhouse emissions,²⁷ as well as concerns about excessive clucking and overwhelming odors bothering the neighbors.²⁸ Some express the belief that chickens, and other agricultural practices, simply do not belong in cities.²⁹ The controversy over backyard chicken regulation has been so contentious that at least one law review article uses it as a case study for the Coase theorem to illustrate how we unnecessarily inflate the costs of processes related to legal change.³⁰

In Part I, this Article will discuss the benefits of backyard chickens. Part II will investigate concerns that many people have with keeping chickens in the city. Part III will provide some background about chickens and chicken behavior that municipalities should understand before crafting any ordinance. Part IV will survey ordinances related to keeping chickens in the 100 most populous cities in the United States, identifying regulatory norms and particularly effective and ineffective means of regulation. Finally, Part V will put forward a model ordinance that regulates keeping chickens in an urban setting while providing sufficient regulation to abate nuisance concerns.

I. The Benefits of Backyard Chickens

In 1920, an elementary school textbook recommended that every family in America keep a small flock of backyard chickens.³¹ The textbook provided that “every family is better off for having a few chickens, provided they are kept out of the garden and at a suitable distance from any house.”³² It noted that of the millions of dollars worth of eggs that were sold each year at that time, comparatively little came from large poultry farms, but came instead “from the hundreds and thousands of farms and town lots where a few chickens and other fowls are kept in order that they may turn to profit food materials that otherwise would be wasted.”³³ The textbook asserted that chickens were a good value because, as scavengers and omnivores, it was relatively cheap to feed them scraps and receive in return fresh eggs. Also, the textbook championed city flocks because chickens eat insects and thus prevent the increase of insect pests.³⁴

The U.S. government was in agreement with the textbook’s advice. During World War I, the United States exhorted every person in America to raise chickens. The U.S. Department of Agriculture (USDA) issued posters with titles like “Uncle Sam Expects You to Keep Hens and Raise Chickens.”³⁵ One such poster encourages chicken ownership by exhorting that “even the smallest backyard has room for a flock large enough to supply the house with eggs.”³⁶ The poster goes on to say that because chickens eat table scraps and require little care, every household should contribute to a bumper crop of poultry and eggs in 1918.³⁷

These recommendations are still valid today, as many are reevaluating the suburbanization of America that occurred after World War II and reincorporating agricultural practices into daily life.³⁸ Keeping domesticated fowl has been a part of human existence for millennia,³⁹ and only in the last century has been seen as something that should be kept separate from the family and the home.⁴⁰ While humanity has long understood the benefits of keeping domesticated chickens, many city-dwellers have lost touch with what

Uncle Sam Expects You To Keep Hens and Raise Chickens

Two Hens in the Back Yard for Each Person in the House Will Keep a Family In Fresh Eggs

EVEN the smallest back yard has room for a flock large enough to supply the house with eggs. The cost of maintaining such a flock is small. Table and kitchen waste provide much of the feed for the hens. They require little attention—only a few minutes a day.

An interested child, old enough to take a little responsibility, can care for a few fowls as well as a grown person.

Every back yard in the United States should contribute its share to a bumper crop of poultry and eggs in 1918.

USDA Poster from Scott Doyon, *Chickens: WWI Solution to Almost Everything, Better Cities & Towns*, Nov. 4, 2011, <http://bettercities.net/news-opinion/blogs/scott-doyon/15562/backyard-chickens-wwi-era-solution-almost-everything> (last visited Feb. 15, 2012).

chickens have to offer. There continue to be many benefits to raising hens. Some of the benefits are apparent—like getting fresh free eggs. Some are less apparent—like hen manure being a surprisingly pricey and effective fertilizer and research findings that urban agricultural practices in general raise property values and strengthen the social fabric of a community. The benefits of keeping hens will be discussed more thoroughly below.

A. Chickens Are a Source of Fresh Nutritious Eggs

The most obvious benefit of keeping chickens in the backyard is the eggs. A hen will generally lay eggs for the first five to six years of her life, with peak production in the first two years.⁴¹ Hens lay more during the spring and summer months when they are exposed to more light because of the longer days.⁴² Hens also lay far more eggs when they are younger, starting off with between 150 to 300 eggs per year depending on the breed and dwindling down by about 20% each year.⁴³ Young hens or pullets often start out lay-

43. *Id.*

ing abnormal-looking or even double-yolked eggs, but as they mature begin laying more uniform eggs.⁴⁴ Although hens can live up to 15 or even 20 years, the average hen's lifespan is between four to eight years, so most hens will lay eggs during most of their life—but production will drop off considerably as they age.⁴⁵

Although some have argued that raising backyard chickens will save money that would have been used to buy eggs over time, this claim is dubious.⁴⁶ It would take many years to recoup the cost of the chickens, the chicken feed, and the coops.⁴⁷ But cost is only part of the equation.

Eggs from backyard hens have been scientifically shown to taste better.⁴⁸ First, they taste better because they are fresher.⁴⁹ Most eggs bought in a grocery store are weeks if not months old before they reach the point of sale.⁵⁰ Recent studies in agriculture science, moreover, demonstrate that if a chicken is allowed to forage for fresh clover and grass, eat insects, and is fed oyster shells for calcium, her eggs will have a deeper colored yolk, ranging from rich gold to bright orange, and the taste of the egg will be significantly fresher.⁵¹

Next, eggs from backyard hens are more nutritious.⁵² Poultry scientists have long known that a hen's diet will affect the nutrient value of her eggs.⁵³ Thus, most commercial hens are subjected to a standardized diet that provides essential nutrients; but even with this knowledge, large-scale operations cannot provide chickens with an optimal diet under optimal conditions.⁵⁴ Tests have found that eggs from small-flock pasture-raised hens actually have a remarkably different nutritional content than your typical store-bought egg—even those certified organic.⁵⁵ This is because backyard chickens can forage for fresh grass and other greens and get access to insects and other more natural chicken food.⁵⁶ The nutritional differences may also be attributed to the fact that hens are less stressed because

they are kept in a more natural environment with exposure to sun, weather, and adequate companionship.⁵⁷ Scientific nutritional analyses have proven that eggs from hens that are kept in small flocks and allowed to forage, when compared with store-bought eggs, have

- 1/3 less cholesterol
- 1/4 less saturated fat
- 2/3 more vitamin A
- 2 times more omega-3 fatty acids
- 3 times more vitamin E
- 7 times more beta-carotene.⁵⁸

Thus, four to six hens can easily provide enough eggs for a typical household and sometimes enough for the neighbors as well. And, the eggs are more nutritious, fresher, and tastier than those available in stores.

B. Chickens Provide Companionship as Pets

Many people who own a small flock of chickens consider their chickens to be pets and a part of their family—just like a dog or a cat.⁵⁹ Chickens have personalities, and many people and children bond with them just like any other pet.⁶⁰ Several forums exist on the Internet where people can trade stories about hen antics⁶¹ or debate what breed of chicken is best for children.⁶² Chicken owners tend to name their hens, and many can easily describe each hen's temperament and personality.⁶³

Perhaps recognizing this, many cities, as shown below, actually regulate chickens as pets—and place no further burden on chicken owners than it would on dog or cat owners.⁶⁴

C. Chicken Manure Is a Surprisingly Valuable Fertilizer

Chicken manure is an excellent and surprisingly valuable fertilizer. Currently, 20-pound bags of organic chicken manure fertilizer can fetch a price of between \$10 and

\$20.⁶⁵ Poultry waste has long been used as a fertilizer—it provides necessary nutrients for plants and works well as an addition to compost.⁶⁶ Large amounts of uncomposted chicken manure applied directly to a garden will overwhelm or burn the plants, because its nitrogen content is too high.⁶⁷ But, the amount of manure that a backyard flock of four to six hens would produce is not enough to harm the plants and can be beneficial to a home garden, even without first being composted.⁶⁸

A small flock of chickens, moreover, does not actually produce much manure. A fully grown four-pound laying hen produces approximately a quarter-pound of manure per day.⁶⁹ In comparison, an average dog produces three-quarters of a pound per day, or three times as much waste as one hen.⁷⁰ As cities have been able to deal with waste from other pets like dogs and cats with proper regulation, even though there is no market for their waste, cities should be confident that the city and chicken owners can properly manage chicken waste.

D. Chickens Eat Insects

Chickens, like other birds, eat insects such as ants, spiders, ticks, fleas, slugs, roaches, and beetles.⁷¹ Chickens also occasionally eat worms, small snakes, and small mice.⁷² Insects provide protein that the chickens need to lay nutritionally dense eggs.⁷³ Small flocks of chickens are recommended as a way to eliminate weeds, although a chicken does not discriminate between weeds and plants and, if left in a garden for too long, will eat the garden plants as well.⁷⁴ But, because chickens like to eat insects and other garden pests, allowing the chicken occasional and limited access

to a garden can eliminate a need to use chemicals or other insecticides and prevent insect infestations.⁷⁵

E. Chickens Help Build Community

Several studies have found that urban agriculture can increase social connections and civic engagement in the community.⁷⁶ Agricultural projects can provide a centerpiece around which communities can organize and, by doing so, become more resilient.⁷⁷ Building a sense of community is often especially valuable for more marginalized groups—like recent immigrants and impoverished inner-city areas.⁷⁸

Keeping chickens easily fits into the community-building benefit of urban agriculture. Because chickens lay more eggs in the spring and summer, an owner often has more eggs than he can use: neighbors, thus, become the beneficiaries of the excess eggs. Because chickens are still seen as a novelty in many communities, many chicken owners help to educate their neighbors and their communities by inviting them over for a visit and letting neighbors see the coops and interact with the chickens.⁷⁹ Finally, like the example of Jennifer above, keeping chickens can become a community endeavor; many people have formed chicken cooperatives where neighbors band together to share in the work of tending the hens and also share in the eggs.⁸⁰

II. Cities' Concerns With Backyard Hens

Never mind what you think.
The old man did not rush
Recklessly into the coop at the last minute.
The chickens hardly stirred
For the easy way he sang to them.

A. Noise

The most frequently expressed concern is that hens will be noisy. This may come from associating roosters with hens. Roosters are noisy.⁸¹ Hens are not particularly noisy. While they will cluck, the clucking is neither loud nor frequent.⁸² The clucking of hens is commonly compared to human conversation—both register around 65 decibels.⁸³ By contrast, the barking of a single dog can reach levels well over 100 decibels.⁸⁴

It should also be noted that chickens have a homing instinct to roost and sleep at night. A hen will return to her coop at night and generally fall asleep before or at sundown.⁸⁵ Thus, there should be little concern with clucking hens disturbing a neighborhood at night.

B. Odor

Many people are concerned that chicken droppings will cause odors that reach neighbors and perhaps even affect the neighborhood. These concerns may stem from publicized reports of odors from large poultry operations.⁸⁶ While it is no doubt true that the odors coming from these intensive commercial-scale chicken farms is overwhelming and harmful,⁸⁷ these operations often have hundreds of thousands of chickens in very small spaces.⁸⁸

Most of the odor that people may associate with poultry is actually ammonia. Ammonia, however, is a product of a poorly ventilated and moist coop.⁸⁹ Coop designs for backyard hens should take this into account and allow for proper ventilation. And, if coops are regularly cleaned, there should be little to no odor associated with the hens.⁹⁰

C. Diseases

Two diseases are frequently raised in discussions of backyard hens: avian flu and salmonella. For different reasons, neither justifies a ban on backyard hens.⁹¹

First, with the attention that avian flu has received in the past few years, some have expressed a concern that allowing backyard chickens could provide a transition point for an avian virus to infect humans.⁹² While no one can predict whether this virus will cross over to cause widespread illness or how it might do so, it is important to note that avian flu, right now, would have to mutate for it to become an illness that can spread from person to person.⁹³ Even the H5N1 strain of the virus, a highly pathogenic form that garnered news in the early 2000s because it infected humans, is very difficult for humans to catch and has not been shown to spread from person to person.⁹⁴ And that strain of the virus does not exist in the United States—it has not been found in birds, wild or domestic, in North or South America.⁹⁵

Encouraging a return to more small-scale agriculture, moreover, may prevent such a mutation from occurring. Many world and national governmental health organizations that are concerned with the possible mutation of avian flu link the increased risks of disease to the intensification of the processes for raising animals for food—in other words, large-scale factory farms.⁹⁶ For instance, the Centers for Disease Control and Prevention (CDC) blamed “the intensification of food-animal production” in part on the increasing threat.⁹⁷ The Council for Agricultural Science and Technology, an industry-funded group, created a task force including experts from the World Health Organization, the World Organization for Animal Health, and the USDA, and issued a report in 2006 finding that modern intensive animal farming techniques increase the risk of new virulent diseases.⁹⁸ The report stated “a major impact of modern intensive production systems is that they allow the rapid selection and amplification of pathogens that arise from a virulent ancestor (frequently by

subtle mutation), thus, there is increasing risk for disease entrance and/or dissemination.”⁹⁹ The report concludes by stating, “because of the Livestock Revolution, global risks of disease are increasing.”¹⁰⁰ It is for this reason that many believe that the movement toward backyard chickens and diverse small-scale poultry farming, rather than being a problem, is a solution to concerns about mutating avian viruses.¹⁰¹

Another theory for how an avian flu mutation may occur is that it will first occur in wild birds that could pass it on to domesticated birds.¹⁰² In this case, backyard hens could provide a transition point. For this reason the USDA, rather than advocating a ban on backyard hens, has instead offered some simple-to-follow precautionary procedures for small flock owners: the USDA counsels backyard bird enthusiasts to separate domesticated birds from other birds by enclosing coops and runs, to clean the coops regularly, and to wash their hands before and after touching the birds.¹⁰³

Another illness that causes concern because it can be transferred to humans is salmonella.¹⁰⁴ Chickens, like other common household pets—including dogs, turtles, and caged birds—can carry salmonella.¹⁰⁵ For this reason, the CDC counsels that people should wash their hands after touching poultry, should supervise young children around poultry, and make sure that young children wash their hands after touching chicks or other live poultry.¹⁰⁶

Chickens, like other pets, can get sick and carry disease. But public health scholars have found that there is no evidence that the incidence of disease in small flocks of backyard hens merits banning hens in the city and counsel city officials to regulate backyard hens like they would any other pet.¹⁰⁷

D. Property Values

Another common concern is that keeping backyard chickens will reduce surrounding property values.¹⁰⁸ Several studies, however, have found that agricultural uses within the city actually increase property values.¹⁰⁹ Community gardens increase neighboring property values by as much as 9.4% when the garden is first implemented.¹¹⁰ The property value continues to increase as the gardens become more integrated into the neighborhood.¹¹¹ The poorest neighborhoods, moreover, showed the greatest increase in property values.¹¹² Studies have also found that rent increased and the rates of home ownership increased in areas surrounding a newly opened community garden.¹¹³

Studies concerning pets, moreover, find that apartment owners can charge higher rent for concessions such as allowing pets.¹¹⁴ Thus, accommodating pets has been shown to raise property values.

As of yet, no studies have been done on how backyard chickens in particular affect property values, but given that communities express little concern that other pets, such as dogs or cats, reduce property values, and given research showing that pets and urban agricultural practices can increase them, there is little reason to believe that allowing backyard chickens will negatively affect them.¹¹⁵

E. Slaughter

Some people are concerned that chicken owners will kill chickens in the backyard.¹¹⁶ People are concerned that it may be harmful to children in the neighborhood to watch a chicken being killed and prepared for a meal.¹¹⁷ Others are concerned that backyard slaughtering may be unsanitary.¹¹⁸

First, many who raise chickens keep the hens only for the eggs.¹¹⁹ Most egg-laying breeds do not make for tasty meat.¹²⁰ Many people become attached to their chickens, as they would a cat or a dog, and treat a death

similarly.¹²¹ Veterinarians, moreover, have avenues for disposing of dead animals that are generally accepted in most communities.¹²²

But, if a person did want to use her chickens for meat, there are other methods for butchering a chicken rather than doing so in the backyard. As part of the local food movement, small-scale butchers have made a comeback in the last few years, and many are particularly interested in locally raised animals.¹²³ Thus, legalizing backyard chickens does not necessarily mean that a city must also legalize backyard chicken slaughtering.¹²⁴

F. Greenhouse Gases

Although worries that chickens will increase greenhouse gases appears to be a bit over the top, at least one city raised this as a concern when contemplating allowing chickens. In Montgomery, Ohio, at least one city council member was fearful that allowing chickens to be raised in the city might contribute to global warming.¹²⁵

While chickens do produce methane as a natural byproduct of digestion just like any other animal (including humans), the amount they produce is negligible in comparison to other livestock. Methane production is a concern largely confined to ruminant animals, such as cows, goats, and buffaloes.¹²⁶ These animals produce a large amount of methane every year because of the way in which they digest carbohydrates.¹²⁷ Cows produce an average of 55 kilograms (kg) per year per cow.¹²⁸ A goat will produce 5 kg per year, a pig 1.5, and a human 0.05.¹²⁹ Chickens, because they are nonruminant animals, and because they are much smaller than humans, produce less than 0.05 kg per year per chicken.¹³⁰

Finally, there is no reason to believe that an urban chicken would cause a net increase in the production of methane. A person who gets her eggs from her pet hen will likely be buying fewer eggs from the supermarket. Thus, there is unlikely to be a net increase in egg consumption, so there is unlikely to be a net increase in chickens. Thus, any

increase in methane production caused by urban chickens is not only negligible, but also likely offset by a decrease in rural chickens.¹³¹

G. Winter Weather

Northern cities may be concerned that their climate is not suitable for chickens. Chickens, however, were bred to thrive in certain climates. There are breeds of chicken that are more suited to warm or even hot climates. And, there are chickens that were bred specifically to thrive in colder weather, such as Rhode Island Reds or Plymouth Rocks.¹³²

While even cold-hardy breeds can be susceptible to frostbite in extreme winter weather, a sturdy coop with some extra insulation and perhaps a hot water bottle on frigid nights can protect the birds from harm.¹³³

H. Running Wild

Of all of the chicken ordinances that this Article will later discuss, it appears that one of the most popular regulations is to prohibit chickens running wild in the streets.¹³⁴ Chickens, like dogs and cats, sometimes escape their enclosures. While it would be irresponsible to presume that no chicken will ever escape its enclosure, city officials can rest assured that chicken keepers do not want to see their hens escape any more than city officials want to see hens running loose on the streets.

For this reason, and also to protect against predators, cities should ensure that chickens are kept in an enclosure at all times.

III. Some Necessary Background on Hens for Developing Urban Hen-Keeping Ordinances

His comb was finest coral red and tall,
And battlemented like a castle wall.
His bill was black and like the jet it glowed,
His legs and toes like azure when he strode.
His nails were whiter than the lilies bloom,
Like burnished gold the color of his plume.

A. Hens Are Social Animals

Chickens are social animals and do better if they are kept in flocks.¹³⁶ Chickens can recognize one another and can remember up to 50 or 60 other chickens.¹³⁷ Because of this, large flocks of chickens, like those found in most intensive farming operations, are socially unstable and can cause aggressive behavior.¹³⁸ In the wild, most flocks form sub-groups of between four to six chickens.¹³⁹

Chickens show affiliative behavior, eating together, preening together, gathering together in small groups if they are given space to do so, and sleeping at the same time.¹⁴⁰ Chickens also learn behaviors from one another—for instance, chickens that watch another trained chicken peck a key to obtain food will learn this task more quickly than other chickens that are not exposed to the behavior.¹⁴¹

Because chickens are flock animals, a chicken left alone generally will not thrive.¹⁴² An isolated hen will often exhibit disturbed and self-destructive behaviors, like chasing its own tail and exhibiting excessive aggression.¹⁴³ Because eating is social behavior, there are some reports that single chickens stop eating or eat less.¹⁴⁴ While scientific studies have yet to prove that a hen feels loneliness,¹⁴⁵ backyard hen enthusiasts are well aware that an isolated hen will often appear depressed or ill.¹⁴⁶

B. The Pecking Order

We often use the term pecking order to describe a hierarchy in a community. The term comes from the tendency for chickens to peck at one another and display aggressive behavior until a hierarchy is established.¹⁴⁷ Once the hier-

archy is established, the aggressive behavior will lessen or even abate until new birds are added to the flock or until a hen mounts a challenge to someone above her in the pecking order.¹⁴⁸

Studies have shown, however, that incidence of pecking is greatly reduced when hens are kept in lower densities.¹⁴⁹ (Feather pecking is often a problem in large-scale chicken farms.)¹⁵⁰ When densities were approximately six or fewer birds per 10 square feet, pecking behaviors abated or were significantly reduced.¹⁵¹

Because a new introduction into the flock will upset the pecking order, some farmers advocate for introducing at least two chicks at a time.¹⁵² This will help spread out the abuse that could be laid on a solitary young hen. It will also more fully upset the pecking order, so that the birds are forced to find a new hierarchy that will include the new birds instead of leaving one isolated hen at the bottom of the flock.¹⁵³

For these reasons, chicken owners should always be allowed to keep, at a minimum, four chickens. This ensures that city regulations do not stand in the way of good flock management: if any hens are lost through injury, illness, or old age, the chicken owner can ensure that the flock never goes below two hens before seeking to add new hens. This will also allow the owner to introduce new hens into the flock two at a time.

C. Chickens and Predators

Backyard hens in a metropolitan area may, in some ways, be better protected from predators than their rural counterparts, because there are fewer predators in the city. The more prevalent chicken predators in the United States—foxes, coyotes, and bobcats—are found less often in the city than they are in more rural areas.¹⁵⁴ Other predators, however, such as hawks and raccoons, are frequently found in the city.¹⁵⁵

These predators are one reason why chickens must have sturdy coops that are designed to protect hens from assault. Chickens have an instinct to return to their coop each night.¹⁵⁶ And most predators are more active at night when

the chickens are sleeping in their coops.¹⁵⁷ While there is no guarantee that predators will not find a way to prey on chickens, ensuring that coops are sturdily built with the intention to keep out predators can help ameliorate concerns with predators.¹⁵⁸

D. Roosters Like to Crow

Even city-dwellers who have never met a rooster know that roosters crow. But the popular belief, passed on in children's cartoons, that roosters crow in the morning like an alarm clock to welcome the rising sun is largely a myth. Roosters may crow in the morning, but they also crow in the afternoon or evening or, basically, whenever they feel like it.¹⁵⁹ While the frequency of crowing depends on the breed and the individual rooster, many roosters crow a lot.¹⁶⁰ In fact, because domestic roosters crow so much more frequently than their wild kin, one theory postulates that they were bred over many centuries for loud, long, and frequent crowing because such crowing played an important role in Zoroastrian religious ceremonies.¹⁶¹

Because roosters are noisy and frequently so, cities that have more dense urban environments should consider banning them—at least on smaller lot sizes. Some cities have allowed an exception for “decrowed” roosters¹⁶²: some veterinarians used to offer a “decrowing” procedure that would remove the rooster's voicebox. Because of its high mortality rate—over 50%—veterinarians no longer offer this procedure.¹⁶³ Because this procedure is dangerous and cruel to the rooster, cities that have such an exception should consider amending it so as not to encourage mistreatment of roosters.

E. Hens Don't Need Roosters to Lay Eggs

A common myth is that hens will not lay eggs without a rooster around. This is simply not true; hens do not need roosters to lay eggs.¹⁶⁴ In fact, it is likely that every egg you have ever eaten was produced by a hen that never met a rooster.¹⁶⁵

The only reason that hens require roosters is to fertilize the eggs, so that the eggs will hatch chicks.¹⁶⁶ Because this can be an easier way to propagate a flock, rather than sending away for mail-order chicks, some chicken owners would like to keep a rooster around or at least allow it to visit. To address this concern, at least one city that bans roosters allows “conjugal visits.” Hopewell Town-

ship, New Jersey, allows roosters that are certified disease-free to visit a hen flock for 10 days out of every year.¹⁶⁷ Although news about the township's policy garnered national attention for its quirkiness, it may work as a solution for hen owners seeking to add to their flock without having to buy new chicks.¹⁶⁸

IV. The Current State of Municipal Ordinances Governing Backyard Chickens

Such a fine pullet ought to go
All coiffured to a winter show,
And be exhibited, and win.
The answer is this one has been—

And come with all her honors home.
Her golden leg, her coral comb,
Her fluff of plumage, white as chalk,
Her style, were all the fancy's talk

Robert Frost, *A Blue Ribbon at Amesbury* (1916).

A. Introduction

To determine the current state of chicken legislation in the United States, the laws of the top 100 cities by population, according to the 2000 census are surveyed in this Article.¹⁶⁹ Currently, 94% of these cities allow for chickens in some manner.¹⁷⁰ While many cities impose various restrictions

on keeping chickens through zoning, setbacks, and permitting requirements, only three of the top 100 cities have ordinances that clearly ban the keeping of chickens within city limits: Detroit, Aurora, and Yonkers.¹⁷¹ Three others have unclear ordinances that city officials have interpreted as banning backyard chickens: Grand Rapids, Fort Wayne, and Lubbock.¹⁷² An additional 10 cities, while allowing for chickens, restrict them to either very large lots or only to

agriculturally zoned land.¹⁷³ Because such restrictions will exclude most people within the city from being able to keep hens, if such restrictions are interpreted to be a ban on chickens, then 84% of cities can be considered to allow for chickens.

Within that 84%, there is a wide range of how cities regulate chickens—ranging from no regulation¹⁷⁴ to a great deal of very specific ordinances governing where chickens can be located,¹⁷⁵ how coops must be built,¹⁷⁶ and how often chickens must be fed and coops must be cleaned.¹⁷⁷ Some of these cities also have restrictive setbacks or other regulations that will prohibit some residents from owning chickens—especially residents in multi-family dwellings or who live on small lots in a dense area of the city.¹⁷⁸ As described more fully below, there is no uniformity in the ways that cities regulate chickens; each city's ordinance is unique. Regulations are placed in different areas of a city's codified ordinances. Some regulations are spread throughout the code, making it difficult for a chicken owner to determine how to comply with the city's ordinances. Some cities regulate through zoning, others through animal regulations, and others through the health code.¹⁷⁹ Some cities simply define chickens as pets and provide no regulations at all.¹⁸⁰ Each of these methods of regulation will be explored in more detail below.

Although other surveys of urban chicken laws have been done, no basis was given for the choice of the cities sur-

veyed¹⁸¹ and the survey sizes were far smaller.¹⁸² By choosing the largest cities in the United States by population, this survey is meant to give a snapshot of what kind of laws govern the most densely populated urban areas. An understanding of how large cosmopolitan areas approach backyard chickens can help smaller cities determine the best way to fashion an ordinance.¹⁸³

Several aspects of these ordinances will be examined. First, the area within the codified ordinances that the city chooses to regulate chickens will be discussed.¹⁸⁴ Next, regulations based on space requirements, zoning requirements, and setbacks will be examined.¹⁸⁵ After that, the different sorts of sanitation requirements that cities impose will be examined, including looking at how specific or general those requirements are.¹⁸⁶ Then, the coop construction requirements, including how much space a city requires per chicken, will be examined.¹⁸⁷ Next, cities' use of permits to regulate chickens will be evaluated.¹⁸⁸ The Article will then discuss anti-slaughter laws.¹⁸⁹ Finally, the prevalence of banning roosters will be discussed, while noting

that quite a few cities do expressly allow roosters.¹⁹⁰ Examining each aspect of the ordinance piecemeal is designed to provide a thorough overview of ordinances regulating backyard chickens and classification of common concerns. Through this review, regulatory norms will be identified and especially effective, novel, or eccentric regulations will be noted.

Norms and effective regulations will be taken into account in constructing a model ordinance. The most thoughtful, effective, and popular regulations from each of these ordinances will be incorporated into these recommendations. Also, data discussed in the first part of this Article about chickens, chicken behavior, and chicken-keeping will inform the model ordinance.

But, before delving into each of these aspects of the ordinances, some more general impressions from this analysis will be discussed. These more general impressions will include identifying some themes in these regulations based on population size and region.

I. The More Populous the City, the More Likely It Is to Allow for Backyard Chickens

When reviewing the overall results of the survey concerning whether a city allows chickens or bans them, a pattern emerges based on population size. At least among the top 100 cities by population, the smaller the city, the greater the chance that the city will ban chickens. Of the top 10 cities by population, all of them allow for chickens in some way.¹⁹¹ Of those top 10 cities, however, Philadelphia has fairly strict zoning restrictions that only allows chickens in lots of three acres or larger.¹⁹² And, of the top 50 cities by population, only one city bans chickens outright: Detroit.¹⁹³

But in the last 20 of the top 100 cities, four of them ban chickens: Yonkers, Grand Rapids, Fort Wayne, and Lubbock.¹⁹⁴ So, within that subset, only 80% of the cit-

181. See Orbach & Sjöberg, *Debating Backyard Chickens*; Sarah Schindler, *Of Backyard Chickens and Front Yard Garden: The Conflict Between Local Government and Locavores*, 87 TUL. L. REV. (forthcoming Nov. 2, 2012); Patricia Salkin, *Feeding the Locavores, One Chicken at a Time: Regulating Backyard Chickens*, 34:3 ZONING & PLAN. L. REP. 1 (Mar. 2011); Kieran Miller, *Backyard Chicken Policy: Lessons From Vancouver, Seattle, and Niagara Falls*, QSPACE AT QUEENS U. (2011), <http://qspace.library.queensu.ca/handle/1974/6521>; Katherine T. Labadie, *Residential Urban Keeping: An Examination of 25 Cities*, U.N.M. RESEARCH PAPER (2008) http://www.google.com/url?sa=t&rc=t=j&q=&esrc=s&source=web&cd=1&ved=0CE0QFjAA&url=http%3A%2F%2F66.147.242.185%2F-urbanchickens%2Fwp-content%2Fuploads%2F2012%2F02%2FOrdinance-research-paper.pdf&ei=f_T5T8jOLCrljgGp5NGKCQ&usq=AFQjCNE-ArE_uYe4XcKDFhMrwS44mOLfQw&sig2=UcWfdU1smpoifnqTiE_vvA; Jennifer Blecha, *Urban Life With Livestock: Performing Alternative Imaginaries Through Small Stock Urban Livestock Agriculture in the United States*, PROQUEST INFORMATION AND LEARNING COMPANY (2007). See also *Chicken L.O.R.E Project: Chicken Laws and Ordinances and Your Rights and Entitlements*, BACKYARD CHICKENS.COM, <http://www.backyardchickens.com/t/310268/chicken-lore-project-find-submit-local-chicken-laws-ordinances> (last visited Feb. 20, 2012) (providing an extensive community-created database of municipal chicken laws).

182. *Poultry 2010, Reference of the Health and Management of Chicken Stocks in Urban Settings in Four U.S. Cities*, USDA, May 2011 (studying the urban chicken population in Denver, Los Angeles, Miami, and New York City).

183. Also, this survey is necessarily frozen in time for publicly accessible ordinances as of December of 2011. This is because at least two cities have already changed their ordinances to allow for more comprehensive and permissive livestock regulations—Pittsburgh and San Diego. Diana Nelson-Jones, *Pittsburgh Urban Chicken Coop Tour to Be Held on Sunday*, PITTSBURGH POST-GAZETTE, June 9, 2011, <http://www.post-gazette.com/pg/11160/1152234-34.stm> (stating that Pittsburgh had amended its ordinances to allow for 3 chickens for every 2,000 square feet of property); Adrian Florino, *San Diego City Council Approves Backyard Chickens, Goats, and Bees*, KPBS, Feb. 1, 2012, <http://www.kpbs.org/news/2012/feb/01/san-diego-city-council-approves-backyard-chickens/>. These ordinances, however, have not yet been codified within the cities code and, thus, are not yet publicly accessible. Although this Article intends to use the most recent ordinances, because of the size of the sample, and because of the scattered news coverage and the significant lag time in updating city codes, the author cannot be sure that other cities have not amended their ordinances. Thus, this study can do no more than provide a snapshot in time for these ordinances.

CODE §17C.310.100 (no date listed); AUGUSTA-

ies allow for chickens. This may go against popular belief that chickens would be more prevalent in bucolic suburbs and less popular in densely populated cosmopolitan areas. Because this survey only includes large urban areas, the percentage of smaller cities, suburbs, and exurbs that allow for chickens is not known. But, based on this limited survey, it appears that more populous cities have largely accepted chickens, and the pursuit of more chicken-friendly legislation has moved to smaller cities and the suburbs.

2. Some Regional Observations

Although it is difficult to draw regional distinctions from a limited set of data, it does appear that the states in what is colloquially called the Rustbelt are more likely to ban chickens. In Michigan, both cities within the top 100, Detroit and Grand Rapids, ban chickens.¹⁹⁵ And in Pennsylvania, similarly, both of its most populated cities, for the most part, ban chickens.¹⁹⁶ Philadelphia only allows chickens on lots of three acres or more—far more than the average lot size in Philadelphia.¹⁹⁷ Pittsburgh, although it recently amended its ordinances,¹⁹⁸ used to allow chickens only on parcels of five acres or more.¹⁹⁹ In either event, in both cities, keeping chickens is limited to property sizes that are far larger than the average for an urban area.

Within the Rustbelt states, Ohio stands out for legalizing chickens. All five of its major cities currently allow for chickens: Akron, Cincinnati, Cleveland, Columbus, and Toledo.²⁰⁰ Columbus and Akron have far more restrictive

ordinances, however. Columbus requires a permit to keep chickens and allows its Health Commissioner discretion over granting and revoking that permit.²⁰¹ Akron requires chickens to be kept at least 100 feet from any dwelling, which will restrict owners of small parcels in densely populated areas from raising chickens.²⁰²

In 2009, Cleveland passed a comprehensive ordinance legalizing chickens and bees.²⁰³ Cleveland allows for one chicken per 800 square feet, which would allow up to six chickens on a standard residential lot.²⁰⁴ Cleveland also has minimal setbacks and detailed coop requirements.²⁰⁵ And Cincinnati and Toledo have even more liberal ordinances, allowing for chickens as long as they do not create a nuisance.²⁰⁶

Virginia also stands out for restricting chickens. All four of Virginia's cities within the top 100 cities by population—Chesapeake, Norfolk, Richmond, and Virginia Beach—restrict chickens to large lots or to lands zoned agricultural.²⁰⁷

B. Where Regulations Concerning Chickens Are Placed Within a City's Codified Ordinances

The survey reveals that there is little consistency in where cities choose to locate chicken regulations within their codified ordinances. Most cities regulate chickens in sections devoted to animals, zoning, health, or nuisances. Each method of regulation will be examined for how often it is used and how effective it is.

RICHMOND, GA., CODE OF ORDINANCES tit. 4, art. 2 (2007); GLENDALE, CAL., MUN. CODE §6.04 (2011); TACOMA, WASH., MUN. CODE §5.30.010 (2011); IRVING, TEX., CODE OF ORDINANCES pt. II, ch. 6 (2011).

195. DETROIT, MICH., CITY CODE §6-1-3 (2010) (prohibits owning farm animals and defines chickens as farm animals); GRAND RAPIDS, MICH., CODE OF ORDINANCES §8.582 (2010) (prohibiting farm animals within 100 ft. of any dwelling unit, well, spring, stream, drainage ditch, or drain. City officials have interpreted this to ban chickens.); *but see* ANN ARBOR, MICH., CODE OF ORDINANCES tit. IX, ch. 107, §9:42 (allowing up to four chickens in single-family or two-family dwellings if a permit is secured and regulations are followed).

I. Animal Control Regulations

Seventy-one of the cities regulate chickens under their animal control ordinances.²⁰⁸ This makes sense, because chickens are animals and this is the natural place for would-be chicken owners to look to make sure that they won't get into legal trouble. Regulating chickens under animal control also leads to fairly easy-to-follow ordinances. Chickens are either allowed, or they are not. And, if there are further regulations concerning lot size, setbacks, or coop requirements, they are usually all in one place.

2. Zoning Regulations

Fourteen cities regulate chickens primarily under their zoning laws.²⁰⁹ These cities are much more likely to substantially restrict raising hens.²¹⁰ It also makes it much more difficult for a resident to determine whether he can legally raise chickens. Such a resident must not only determine in what zone chickens may be raised, but he must also determine whether his property falls within that zone. These laws also tend to sow unnecessary confusion. For instance, Lubbock Texas' law on paper would seem to allow for hens, but the city has exploited its vagaries to ban backyard chickens. Lubbock creates a loop within its code that chickens are allowed if the zoning ordinance permits it,²¹¹ and then providing in its zoning ordinance that chickens are allowed if the animal code permits it.²¹² The Lubbock city clerk resolved the loop by stating that the city interprets these provisions to entirely ban chickens within the city.²¹³

Finally, cities that regulate chickens primarily through zoning laws do so, presumptively, because they want to restrict raising chickens to certain zones. This, however, can cause unnecessary complications. Raising chickens is not only for residential backyards. Because of declining population and urban renewal projects in many cities, urban farms, market gardens, and community gardens are located in other zones, including business, commercial, and even industrial zones. Each time these farms or gardens would like to add a few chickens, they would have to petition the city for a zoning variance or seek a change in the law. This is not an efficient use of a city's limited resources.²¹⁴

In addition, other regulations pertaining to chickens, such as setbacks, coop construction, or sanitary requirements, can get lost among the many building regulations within the zoning code. Zoning codes are generally written for an expert audience of businesses, builders, and developers, and not for the lay audience that would comprise

210. Anaheim, Birmingham, Jacksonville, and Lubbock either ban hens altogether or restrict hens to certain zones. See ANAHEIM §18.38.030; BIRMINGHAM §2.4.1; JACKSONVILLE tit. XVIII, ch. 462, tit. XVII, ch. 656; LUBBOCK §4.07.001.

211. LUBBOCK §4.07.001.

212. *Id.* §40.03.3103.

213. See Interview with Lubbock city clerk (on file with author).

214. E.g., Schindler, *supra* note 181, 68-71 (arguing that the movement toward urban agriculture should cause cities to reconsider Euclidean zoning because such zoning no longer serves the needs of the cities and its residents).

chicken owners.²¹⁵ If cities are concerned about raising chickens too near businesses or neighbors, other regulations like setbacks from the street and neighboring properties can ameliorate this concern without having to include the regulation in the zoning code.

Regulations placed within the animal code, as described above, are generally in one place and often within a single ordinance. This leads to a better understanding of the law for chicken owners and, thus, easier enforcement for city officials. Unless the zoning regulations have a subsection devoted specifically to animals, like the ones in Spokane²¹⁶ or Greensboro,²¹⁷ the most sensible place for regulating chickens is within the animal code.

3. Health Code

Another popular place within a municipality's code to regulate chickens is within the health code. Seven cities regulate chickens primarily within the health code.²¹⁸ Many of these, however, have a separate section concerning animals or animal-related businesses within the health code.²¹⁹ Again, unless the code has such a separate section concerning animals, the better place to regulate is within the animal code.

4. Other

Of the remaining cities, there is very little uniformity. Two, Boston and Columbus, regulate through permit sections within their codified ordinances.²²⁰ Because these cities require permits to keep chickens and give a great deal of discretion to city officials to grant or deny permits on a case-by-case basis, locating a chicken regulation within the permit section of the codified ordinance makes sense for those cities. But, as argued later, allowing such discretion is neither a good use of city resources nor a fair and consistent way to regulate chickens.

The only other pattern within these ordinances is that two other cities—Buffalo and Tampa—regulate chickens

under the property maintenance area of the code.²²¹ This is not an ideal place to locate such an ordinance, because potential chicken owners are unlikely to look for chicken regulations there.

Finally, one city—Arlington, Texas—places its chicken regulations in a section of the code entitled sale and breeding of animals.²²² Because backyard chicken owners generally do not raise their chickens for sale, and also likely do not consider themselves to be breeders, this area of the code is not well-suited to this regulation.

C. How Cities Regulate Chickens

1. Chickens Are Defined as Pets or Domestic Animals

Seven cities—Dallas, Indianapolis, Jacksonville, New Orleans, Plano, Raleigh, and Spokane—define chickens as domestic animals or pets, and thus subject them to the same enclosure and nuisance regulations as other domestic animals like cats and dogs.²²³ These cities' ordinances appear to be long-standing and were not recently modified in response to the backyard chicken movement.²²⁴ While many cities may want to more explicitly regulate chickens, this is a workable approach. General nuisance laws already regulate things like odor and noise.²²⁵ While many regulations particular to chickens duplicate nuisance ordinances, it is unclear whether such duplication actually reduces nuisances. More precise requirements on sanitation, coop standards, setbacks, and permits may signal to chicken owners that the city is serious about regulating chickens, protecting neighbors, and protecting the health and well-being of chickens. But, as chickens regain prevalence in urban areas, cities that regulate chickens as pets or domestic animals may find that—through inertia—they have taken the most efficient approach, both in terms of preserving city resources and curbing potential nuisances.

2. Space Requirements

Of the 94 cities that allow for raising chickens, 31 of them impose restrictions based upon how big the property is, either explicitly through lot size requirements, or implicitly through zoning requirements.²²⁶ Of those, 16 cities restrict

215. See Lea S. VanderVelde, *Local Knowledge, Legal Knowledge, and Zoning Law*, IOWA L. REV., May 1990, at 1057 (describing zoning law as "arcane"). Also, the sheer number of law treatises for zoning laws demonstrates that zoning laws require expertise to navigate. *E.g.*, PATRICIA SALKIN, AMERICAN LAW OF ZONING (5th ed. 2012); JULIAN CONRAD JUERGENSMEYER & THOMAS E. ROBERTS, LAND USE PLANNING AND DEVELOPMENT REGULATION LAW (2d ed. 2003); EDWARD H. ZIEGLER JR., RATHKOPF'S THE LAW OF ZONING AND PLANNING (4th ed. 2012).

CODE §17C.310.100 (no date listed).

224. *Supra* note 223.

225. Every city surveyed had general nuisance provisions in its code regulating odor and noise.

226. Cities that impose lot size requirements: Anaheim, Cleveland, Fort Wayne, Fremont, Garland, Greensboro, Nashville, Norfolk, Oklahoma, Philadelphia, Phoenix, Pittsburgh, Richmond, Rochester, Stockton, and Tampa. ANAHEIM, CAL., MUN. CODE §18.38.030 (2011); CLEVELAND, OHIO,

based on lot size and 17 restrict based on zoning. This adds up to 33, rather than 31, because two cities restrict based on both lot size and zoning.²²⁷ These restrictions range from draconian, practically banning chickens in most of the city by restricting chickens to extremely large lots,²²⁸ to extremely liberal, allowing up to 30 chickens per 240 square feet—or 30 chickens in an area approximately the size of a large bedroom.²²⁹ As discussed below, an additional 10 cities should be considered unfriendly to keeping hens because, while they do allow chickens under some circumstances, those circumstances are restricted to very large lots or agriculturally zoned land.²³⁰

a. Lot Size Requirements

Of the 15 cities that restrict based on lot size only, six of them restrict chickens to property that is one acre or more: Nashville, Norfolk, Oklahoma City, Philadelphia, Pittsburgh, and Richmond.²³¹ Nashville, Norfolk, and Pittsburgh appear to limit chickens to property of more than five acres, which in any urban area is a practical ban.

Norfolk appears to allow for an exception to the five-acre minimum²³² by allowing a would-be chicken owner to procure a permit to keep hens,²³³ but in practice, the city will not issue this permit to chicken hobbyists.²³⁴ But, as discussed below, Nashville and Pittsburgh have interpreted their restrictive ordinances to allow for chickens on much smaller parcels of property.

In Nashville, the zoning code conflicts with the health code, and the health code apparently won out. The zoning ordinance limits “common domestic farm animals” to a lot size of five acres or more, but the ordinance does not define what qualifies as a common domestic farm animal.²³⁵ Nashville’s health code, by contrast, specifically allows for chickens, as long as they do not create a nuisance.²³⁶ Nashville issued a memorandum in 2009 providing that the Board of Zoning Appeals held that the health code takes precedence over the zoning code.²³⁷ In so holding, the Board allowed a property owner to keep her chickens, because their owner considered them to be pets and the chickens did not create a nuisance.²³⁸

In Pittsburgh, while agricultural uses were limited to property of five acres or more, like Nashville, the code did not specifically define whether raising chickens was considered an agricultural use.²³⁹ Pittsburgh, thus, would allow chicken keepers to seek a variance for raising chickens on property of less than five acres.²⁴⁰ Apparently, though it is not yet codified, Pittsburgh recently made it much easier to raise chickens, and also bees, by allowing up to three hens and two beehives on property of 2,000 square feet or more.²⁴¹

So, both Nashville and Pittsburgh, while appearing to ban chickens, have become chicken-friendly.

The next most restrictive ordinance is in Philadelphia. Philadelphia restricts chickens to property of three acres or more. Philadelphia, however, apparently means it. In Philadelphia, the code specifically defines poultry as a farm animal,²⁴² and only allows farm animals on a parcel of property of three acres or more.²⁴³

242. PHILA. §10-100.

243. *Id.* §10-112.

Oklahoma City and Richmond both require at least one acre. Oklahoma City restricts raising chickens to property that is at least one acre, but apparently if the property owner has one acre, there is no restriction on how many chickens can be kept on that acre.²⁴⁴ Richmond requires 50,000 square feet, or slightly more square footage than the 43,560 square feet in an acre.²⁴⁵

After these, the lot sizes are far more lenient. Two cities, Garland and Stockton, require at least ½ acre.²⁴⁶ Three cities, Fremont, Greensboro, and Phoenix, require between 6,000 and 10,000 square feet, or between a little less than 1/8 to a little less than 1/4 acre.²⁴⁷ And four cities, Anaheim, Cleveland, Rochester, and Tampa, require between 240 to 1,800 square feet, or from not much larger than a shed to about the size of a modern master bedroom.²⁴⁸ So, out of the 15 cities that restrict based on lot size, the majority of them allow most residents to raise backyard chickens.

b. Zoning Requirements

Seventeen cities restrict chickens to certain zones. Of these, three of the cities restrict chickens only to land zoned for agricultural use: Birmingham, Hialeah, and Virginia Beach.²⁴⁹ Three more cities restrict chickens to agricultural or very low-density residential zones: Chesapeake, Jacksonville, and Montgomery.²⁵⁰ Thus, six of the 17 cities confine chickens to so few zones that it excludes the possibility of raising chickens for most families.

The remaining eleven cities, however, while still restricting chickens to certain zones, allow chickens in many or most residential zones.²⁵¹ Dallas only applies zoning

requirements if chickens are being raised for commercial purposes.²⁵² Memphis merely applies different building restrictions for coops depending on the zone.²⁵³ And two cities employ zoning laws to augment the area where chickens are allowed: Cleveland and Stockton specifically allow raising chickens in industrially zoned areas.²⁵⁴

c. Multi-Family Units

Two cities, Minneapolis and Newark, specifically regulate multi-family dwellings such as apartments. Both of these cities require permits, but will not grant one to certain multi-family dwellings. Minneapolis will not grant a permit to someone who lives in a multi-family home with four or more dwelling units.²⁵⁵ Newark will not grant one to anyone living in any multi-family home.²⁵⁶

d. Using Lot Size to Determine the Number of Chickens

Many other cities do not restrict chickens to certain lot sizes, but use lot size to determine how many chickens a property can have. There is no uniformity to these ordinances. Some ordinances set a maximum number of chickens for property of a certain size and under, and then allow for more chickens as the property size increases. For instance, Seattle allows up to eight chickens for lots under 10,000 square, and one more chicken for each additional 1,000 square feet.²⁵⁷ Fremont has an intricate step system, with four chickens for at least 6,000 square feet, six for at least 8,000 square feet, 10 for at least 10,000, 20 for at least ½ acre, and 25 for more than one acre.²⁵⁸ Riverside allows for up to four chickens on property between 7,200 and 40,000 square feet and up to 12 on property 40,000 square feet or more in residentially zoned areas.²⁵⁹

Some cities decide the number of chickens based on zoning. El Paso allows for up to six chickens on land not zoned agricultural.²⁶⁰ Tulsa allows up to six adults and 14 chicks under eight weeks of age on land not zoned agricul-

tural.²⁶¹ Neither city restricts the amount of chickens on agriculturally zoned land.²⁶²

Instead of using square footage or zoning, many cities divide by acre. These ordinances range between four to 12 chickens for property under ½ acre. For instance, Fort Worth allows for no more than 12 chickens on lots under ½ acre, no more than 20 on lots between ½ and one acre, and no more than 50 on lots of one acre or more.²⁶³ Mesa City allows for 10 rodents or fowl on ½ acre or less, and an additional 10 for each ½ acre, but no longer limits the number of chickens after 2 ½ acres.²⁶⁴ Louisville allows for five chickens on property of less than ½ acre, and no limit above that.²⁶⁵ Arlington provides for four on less than ½ acre, 10 for lots between ½ and one acre, and 25 for lots over one acre.²⁶⁶ And, Charlotte requires a permit and restricts chickens to 20 per acre.²⁶⁷

Des Moines' ordinance employs a similar step system but provides for a mix of other livestock. It allows for no more than 30 of any two species for property less than one acre. For property greater than one acre, one can have a total of 50 animals divided among up to six species.²⁶⁸

Lincoln, Nebraska, has one of the more unique chicken ordinances when it comes to limiting the number, in that it not only provides for a maximum number of chickens, but also a minimum. It also specifies the weight of the chickens. So, for property under one acre, with a permit, a person can have seven to 30 chickens under three pounds, three to 20 chickens between three and five pounds, and two to five chickens between five and 20 pounds.²⁶⁹ It allows chicken owners to double the number for each additional acre. Lincoln's ordinance should be applauded for recognizing that chickens are flock animals and thus require, at least, a minimum of two. It should also be applauded for not penalizing an owner for keeping less than two and only making it unlawful to keep numbers greater than the maximum.²⁷⁰ After all, if it penalized keeping less than a minimum number of chickens, Lincoln might be unique among cities for making it unlawful not to keep chickens.

More problematic are cities that do not allow owners to own a minimum number of four chickens. Several cities allow one chicken per a certain square footage area. Greensboro provides for one chicken for every 3,000 square feet, as long as the area is greater than 7,000 square feet.²⁷¹ Anaheim allows one chicken for each 1,800 square feet, but it does provide that if the calculation results in more than half an animal, the owner can round up to the next whole

animal.²⁷² Tampa provides five per 5,000 square feet. And, Cleveland allows for one chicken for each 800 square feet if residential and each 400 square feet if commercial or industrial.²⁷³ Cleveland, at least, has stated in its ordinance that these square feet requirements are meant to allow six chickens on an average-sized Cleveland lot. While many of these cities provide a small enough chicken to square foot ratio that the average single-family home should be able to accommodate four or more chickens, this method still leaves open the possibility that a chicken owner would be restricted to one or two chickens. An ordinance that allows only one chicken per a certain area does not take into account that chickens are flock animals that do not thrive when left alone.

3. Limit Number of Chickens

Many other cities limit the number of chickens any household can keep, no matter the size of the property. Thirty cities place a simple limit on the number of chickens.²⁷⁴ Of those cities that simply limit the number of chickens, the average number they allow is 12, the median number is nine, and the most popular number is a tie between four and 25.²⁷⁵ The lowest number is Garland and Honolulu with two.²⁷⁶ Somewhat surprisingly, the highest number comes from Jersey City—with 50.²⁷⁷ Jersey City collapses ducks and pigeons within the restriction of 50 fowl.²⁷⁸ Jersey City also requires a permit to keep chickens.²⁷⁹

At least four cities set a maximum number of chickens that can be owned before it is necessary to procure a per-

mit.²⁸⁰ Wichita allows three chickens, Santa Ana allows four, and San Jose and El Paso both allow up to six.²⁸¹ This appears to be the most workable system, because it takes into account that there are different levels of chicken-keeping in an urban agriculture context. It provides a bright-line rule for people who want small backyard flocks, while still allowing owners of market gardens, urban farms, or chicken cooperatives the opportunity to expand their operations without seeking to change the ordinance. It also conserves city resources by not forcing every would-be chicken owner to procure a permit. Finally, because there is no permit, it saves the city from any obligations to monitor the backyard operation. If any problem arises with a small backyard flock, the city can rely on its nuisance laws, or other setback or coop requirements within the statute to resolve the problem.

Some cities always require a permit, but set a relatively high number of chickens allowed. As noted earlier, with a permit, Jersey City allows up to 50,²⁸² and Boston and Mobile allow up to 25.²⁸³ According to several Bostonians who want chickens, however, Boston does not easily grant this permit.²⁸⁴ Miami allows up to 15 hens with a permit.²⁸⁵

Some cities take a belt-and-suspenders approach and require both a permit and restrict hens to a small number. With a permit, Milwaukee only allows four,²⁸⁶ and Sacramento, three.²⁸⁷

Several other cities, perhaps understanding that the hens may occasionally be used to produce more chickens, allow considerably more chicks than full-grown chickens. Both Miami and Kansas City allow only 15 grown hens, but Miami allows 30 chicks,²⁸⁸ and Kansas City allows 50.²⁸⁹ Tulsa allows seven adults and 14 chicks.²⁹⁰ Colorado Springs allows 10 hens and an unlimited number of chicks.²⁹¹ And Garland, even though it allows only two hens, does not limit the number of chicks less than one-month old.²⁹²

And for pure eccentricity, Houston has the most interesting restriction on the number of chickens. Houston allows up to seven hens if a person can present a written certification from a licensed physician that the person needs “fresh unfertilized chicken eggs for serious reasons

pertaining to said person’s health.”²⁹³ This ordinance was passed in 2010,²⁹⁴ presumably because Houstonites were able to show that fresh eggs help alleviate certain medical ailments.

4. Setbacks

Setbacks are, by far, the most popular way to regulate chickens. Sixty-three cities have some sort of setback requirement in their ordinances. The most popular setback is a setback from a neighboring dwelling: 56 cities require that chickens and chickens coops be kept a certain distance from other residences.²⁹⁵ The next most popular is a setback

from the property line: 20 cities require chickens to be kept away from the neighbor's property, even if the neighbor's actual house is much further away.²⁹⁶ Three cities require a setback from the street.²⁹⁷ Six cities ban chickens from the front yard.²⁹⁸ This adds up to more than 63, because several cities employ more than one kind of setback. Finally, several cities have unique setback requirements that will be discussed later.

a. Setbacks From Neighboring Buildings

Of the 56 cities that require that chickens be kept a certain distance away from neighboring residences,²⁹⁹ the setbacks range from 10³⁰⁰ to 500 feet.³⁰¹ The average of all of the setbacks is 80 feet,³⁰² although only one city, Phoenix, actually has a setback of 80 feet.³⁰³ The median and the mode are both 50 feet.³⁰⁴ The average is higher than both the median and the mode, because several cities that also require large lots, or agriculturally zoned land, also have very large setbacks.³⁰⁵ The mode, the most common set-

back, comprises 17 cities.³⁰⁶ After that, the most popular setbacks are the following:

- Fifteen cities have setbacks of less than 30 feet, with two at 30 feet,³⁰⁷ seven at 25 feet,³⁰⁸ six at 20 feet,³⁰⁹ and one at 10 feet.³¹⁰
- Thirteen cities have setbacks of 100 feet.³¹¹ Of those, three of them allow for smaller setback under certain conditions: St. Petersburg will allow for a smaller setback if the owner seeks permission from neighboring property owners; San Antonio will allow for a smaller setback with a permit; and Corpus Christi will allow for a smaller setback if the coop is enclosed.³¹²
- Seven cities have setbacks of more than 100 feet.³¹³ Of those, Mobile, Alabama, has a 150-foot setback, but allows chicken coops that were built before the ordinance passed to be grandfathered in.³¹⁴ Oklahoma City has a 200-foot setback and, puzzlingly, will waive these setbacks from horses, mules, donkeys, and pigs, but not for chickens.³¹⁵ Oklahoma City also has an additional 400-foot setback for roosters.³¹⁶

Several cities will shrink their setbacks under certain conditions. In what appears to be a thoughtful approach to requiring a neighbor's consent, four cities provide a standard setback, but provide relief from the setback if the owner gets permission from his neighbors to keep chickens.³¹⁷ And one city, San Antonio, as mentioned

above, will shrink its 100-foot setback to 50 feet if a permit is secured.³¹⁸

Two cities do not frame the setback as from a neighboring residence or building, but more specifically to a door or a window of the building. Both Buffalo and San Francisco have a 20-foot setback from any door or window of a building.³¹⁹

Several cities define the setback more broadly than a neighboring dwelling, and include schools, hospitals, and other businesses within the setback.³²⁰ Grand Rapids, Michigan, however, goes further; it has a 100-foot setback from any “dwelling unit, well, spring, stream, drainage ditch or drain.”³²¹ This, in effect, bans all chickens within the city.

b. Setbacks From Property Line

Twenty cities mandate setbacks from the property line;³²² those setbacks range from 18 inches³²³ to 250 feet.³²⁴ The average setback is 59 feet, but no city actually has such a setback. The closest are Jacksonville and Tulsa, which both have a setback of 50 feet.³²⁵ Again, a few cities with very large setbacks are raising the average.³²⁶ The median set-

back is 25 feet.³²⁷ And the mode, or most popular, setback is tied at either 20³²⁸ or 25 feet.³²⁹

Washington, D.C., which has the largest setback at 250 feet, allows relief from this setback if the owner has his neighbor’s consent to keep chickens.³³⁰

c. Setbacks From the Street

Three cities require chickens to be kept away from the street: Bakersfield, Birmingham, and Boston.³³¹ All of these setbacks are relatively large, ranging from 100 to 300 feet. Presumably, this is to stop chickens from being kept in the front yard or on a corner lot from a vantage point where passersby can easily see the coop. Bakersfield, provides a specific setback for corner lots, requiring that chicken coops be kept at least 10 feet away from the street side of a corner lot.³³² Another way that cities do this, perhaps more effectively, is by simply barring chickens from front yards, as six cities do.³³³

d. Other Kinds of Setbacks

While many ordinances exclude the owner’s house from the definition of a dwelling,³³⁴ two cities provide a separate setback requirement for an owner’s own dwelling. Atlanta requires chickens to be kept at least five feet away from an owner’s own house,³³⁵ and Los Angeles requires that the chickens be kept at least 20 feet away from the owner’s house.³³⁶

Three cities do not provide for explicit setbacks, but leave each setback up to some city official’s discretion. In Wichita, the chief of police can examine the property and determine the setback.³³⁷ In St. Paul, it is up to the Health Inspector’s discretion.³³⁸ And, in Fremont, it is the Animal Services Supervisor who has discretion.³³⁹

339. FREMONT, CAL., MUN. CODE §3-5803 (2011).

Finally, St. Louis wins for the most eccentric setback. It doesn't have any setbacks for neighboring buildings, or the property line, but it does require that chickens be kept out of the milking barn.³⁴⁰

5. Coop Requirements

Many cities regulate how the chicken coop should be built and maintained. There is a broad range in these regulations, and no two ordinances are alike. Some simply decree that it is unlawful for chickens to run at large, and thus implicitly mandate that the coop be constructed in a secure enough way so that chickens can't easily escape. Some appear to look out for animal welfare by decreeing that chickens should be provided adequate food, water, and shelter in sanitary conditions. And, some appear to try to proactively head off any potential problems by regulating the dimensions of the coop, how it must be built, and exactly how often it must be cleaned. First, some of the more common elements in these statutes will be explored. Then, more unique elements will be discussed.

a. No Running at Large

First, 33 cities prohibit chickens particularly or animals in general from running at large.³⁴¹ Most of those cities simply prohibit chickens from running at large, but some provide for a little more nuance. For instance, Cincinnati does not allow chickens to run at large "so as to do damage to gardens, lawns, shrubbery or other private property."³⁴² So, presumably, a chicken could run free, as long as it didn't damage anything. Five cities, instead of making it unlawful to run at large, provide that the chicken must be kept enclosed in the coop and

not allowed to escape.³⁴³ And two cities, Richmond and Stockton, frame it in terms of trespass and do not allow chicken trespassers.³⁴⁴ In any event, all of these statutes imply that a coop, minimally, must be constructed so that the birds cannot escape.

b. Coops Must Be Clean and Sanitary

Forty-six cities impose some sort of cleaning requirements on chicken owners.³⁴⁵ While many cities have cleaning requirements that apply to any animal,³⁴⁶ these cities ordinances are, for the most part, specific to chickens.

Nearly all of these ordinances mandate that the chicken coop be kept in a clean and sanitary condition and free from offensive odors. The degree to which each city regulates this, however, varies. Most cities have a variation on a general requirement that the coop be clean or sani-

tary.³⁴⁷ Most cities also expressly prohibit odors or offensive odors.³⁴⁸

Some cities are a little more explicit and require that the coop be cleaned regularly or routinely.³⁴⁹ Some cities go further and require the coop to be clean at all times.³⁵⁰ And some cities regulate precisely how often the coop must be cleaned. Houston is the most fastidious. In Houston, the coop must be cleaned once per day, limed once every other day, and all containers containing chicken manure must be properly disposed of once per week.³⁵¹ Milwaukee also requires coops to be cleaned daily and additionally “as is necessary.”³⁵² The next two most fastidious cities, Des Moines and Santa Ana, require that the coop be cleaned at least every other day.³⁵³ Seven cities require that the coop be cleaned at least twice a week.³⁵⁴ And another four cities require that the coop be cleaned at least once a week.³⁵⁵ And, splitting the difference, Jersey City requires the coop to be cleaned once a week from November to May, and twice a week from May to November.³⁵⁶

Many cities also have a particular concern with either flies or rodents. Fourteen cities specify that attracting flies will be a nuisance.³⁵⁷ Cities that specifically mention flies

within their ordinances are congregated mostly in the South or the Southwest.³⁵⁸ Several mandate that chicken feed or chicken waste be kept in fly-tight containers.³⁵⁹ Miami requires that a chicken’s droppings be treated to destroy fly maggots before it can be used as fertilizer.³⁶⁰ Mesa has four cleaning requirements all designed to keep flies away: (1) droppings must be removed twice weekly; (2) “fowl excreta” must be stored in fly-tight containers; (3) water and feed troughs must be kept sanitary; and (4) food and food waste must be kept in a fly-proof container—all explicitly “to prevent the breeding of flies.”³⁶¹

Kansas City’s concern with flies will stand in the way of keeping hens for eggs that would meet organic standards; it mandates the use of insecticide by providing that “all structures, pens or coops wherein fowl are kept or permitted to be shall be sprayed with such substances as will eliminate such insects.”³⁶² Because chickens eat insects, and because the protein they gain from eating those insects has a beneficial effect on the nutritional value of their eggs, this regulation stands at odds with a reason many people are interested in keeping backyard hens.

Glendale, California, appears to be the most concerned about flies, going so far as to mandate that the owner adhere to impossible building requirements. Glendale requires chickens to be kept in a fly-proof enclosure; it defines fly-proof quite specifically as “a structure or cage of a design which prevents the entry therein or the escape therefrom of any bee, moth or fly.”³⁶³ Because a chicken must enter into and exit from its enclosure, and because one would want the chicken to have access to fresh air and sunlight, such a structure presents itself as an architectural impossibility.

Ten cities are particularly concerned with rats.³⁶⁴ Of these cities, several are concerned about both flies and rats.³⁶⁵ Most of these cities simply mandate that the coop be free of rats,³⁶⁶ but three cities require that food be kept

within a rat-proof container.³⁶⁷ Denver appears to have the same antipathy toward rats as Glendale does toward flies. Denver requires that chickens be kept in a rat-proof building. A rat-proof building is one that is made with no “potential openings that rats could exploit and built with “material impervious to rat-gnawing.”³⁶⁸ While an opening for a rat would necessarily be bigger than an opening for a fly, because chickens will still have to enter and exit the structure, Denver appears to demand similarly impossible architecture.

c. Coop Construction Requirements

Thirty-seven cities regulate the construction of the chicken coop.³⁶⁹ Like the cleaning regulations, many of these cities’ ordinances are not particular to chickens, but cover any structure meant to house an animal.³⁷⁰ But, as demonstrated below, most specifically regulate chicken coops.

Most of these ordinances require that chickens be kept within an enclosure, and many add that the enclosure must

be secure.³⁷¹ Some further require that the enclosure keep animals protected from inclement weather.³⁷² Outside of this, however, there is no consistency to these statutes.

Of the cities that have promulgated shelter requirements specific to chickens, nine of them mandate that each chicken be given a specific amount of space.³⁷³ Of these cities, the average amount of space per chicken is five square feet, although no city actually mandates that.³⁷⁴ The median amount of space per chicken is four square feet. The mode, or most popular amount, is also four square feet.³⁷⁵ The next most popular is between two and two-and-one-half square feet.³⁷⁶ Cleveland requires 10 square feet per chicken, but specifies that this is for the outdoor run, not for the enclosed coop.³⁷⁷ Rochester also takes the difference between a chicken coop and a chicken run into account and requires at least four square feet per chicken in both the coop and the run.³⁷⁸ Long Beach does not give a particular square footage per chicken, but requires that each coop be at least twice as big as the bird.³⁷⁹

Instead of regulating coop size so specifically, some cities require that the coops not be cramped or overcrowded.³⁸⁰ Others state that the coop should be big enough for the chicken to move about freely,³⁸¹ or have space to stand,

turn around, and lie down.³⁸² Des Moines is unique, in that it looks to state or national standards for the coop size, providing that “such enclosures shall be of sufficient size to house the number of animals or fowl permitted by state or national standards.”³⁸³

Some cities also mandate how large the coop can be. The coop sizes also lack uniformity—both Buffalo and Cleveland provide that the coop can be no larger than 32 square feet, but Cleveland will allow the coop to be up to 15 feet high, while Buffalo caps height at seven feet.³⁸⁴ Seattle allows for up to 1,000 square feet and caps the height at 12 feet.³⁸⁵ Finally, Charlotte is the only city that provides for a minimum height by requiring the coops to be at least 18 inches high.³⁸⁶

Other requirements that turn up in more than one city is that the coop’s floor be impervious,³⁸⁷ the coop be adequately ventilated,³⁸⁸ and the coop be kept dry or allow for drainage.³⁸⁹ Some cities mandate that the enclosure protect the chickens from predators.³⁹⁰ And, Buffalo, Cleveland, and Colorado Springs require that the chickens have access to an outdoor run.³⁹¹

Two cities stand at odds on the issue of keeping chickens within solid walls. Baltimore prohibits chickens from being confined in a cage entirely of solid walls,³⁹² while Corpus Christi, to avoid large setbacks, requires that chickens be confined entirely within solid walls.³⁹³

And some cities have entirely unique ordinances. Irving is concerned with protecting chickens from inclement weather; it requires protection from the direct rays of the

sun when the temperature is over 90 degrees and protection from direct exposure to wind when the temperature is below 50 degrees.³⁹⁴ Jersey City’s ordinance stands out for its thoughtfulness.³⁹⁵ It requires that the coop contain windows if possible, that the coop be white-washed or painted, and that the coop contain removable perches and nests, so that they can be cleaned on a regular basis.³⁹⁶ Rochester does not allow fowl to be kept in a cellar.³⁹⁷ And San Antonio requires that the coop be built so that the chicken’s feet do not fall through the floor.³⁹⁸

d. Giving Authority Over Coop Requirements to a City Official

Instead of legislating coop requirements through City Council, four cities delegate to some other city official. San Francisco requires the coop structure to be approved by the Department of Health³⁹⁹; Washington, D.C., assigns it to the Director of the Department of Human Services.⁴⁰⁰ Columbus requires its Health Commissioner to approve the structure.⁴⁰¹ St. Louis allows its Animal Health Commissioner to set standards for coop construction.⁴⁰² And finally, Rochester mandates that the coop will, at all times, be subject to inspection and subject to the orders of its Chief of Police.⁴⁰³

e. Feed and Water Requirements

Eleven cities are concerned that chickens receive enough food and water.⁴⁰⁴ Most of these simply mandate that chickens receive adequate or sanitary food and water, but three of the cities show special concern with the chicken’s welfare. Long Beach and Los Angeles require chickens to be given water every 12 hours.⁴⁰⁵ Memphis and Omaha require that the chickens not only be given sufficient food but also “wholesome” food and water.⁴⁰⁶ And Buffalo requires that chickens be fed only through an approved

trough and prohibits feeding them through scattering food on the ground.⁴⁰⁷

6. Permit Requirements

Thirty-eight cities require a permit to keep chickens under certain circumstances.⁴⁰⁸ Like all of the other regulations, there is very little consistency. Eleven cities require permits for more than a maximum number of chickens.⁴⁰⁹ The average number the city allows before requiring a permit is seven. The average is high because San Diego allows up to 20 chickens before seeking a permit.⁴¹⁰ The median is five and the mode, with three cities, Saint Louis, Santa Ana and Spokane, is four. Two cities, El Paso and San Jose, allow for six.⁴¹¹ And, two cities, Portland and Wichita allow for three.⁴¹² Two cities require a permit if one seeks

to place the chickens within the legislated setbacks.⁴¹³ And one city, Riverside, only requires a permit if one wants to keep roosters.⁴¹⁴

The remaining 24 cities require a permit to keep chickens under all circumstances.⁴¹⁵ Permit renewal periods and fees also differ substantially among cities. Of the cities that require permits to keep chickens in all circumstances, there is little agreement for how long these permits should last or how much they should cost. At least 10 of them require permit holders to renew annually.⁴¹⁶ Two have an initial term of one year, but then either allow or require five-year permits after that.⁴¹⁷ Cleveland has a biennial permit.⁴¹⁸ Mobile allows for the permit to remain valid until revoked by the health officer.⁴¹⁹ And several simply don't specify how long the permit will last.⁴²⁰

There is also a lot of variety among cities in where to go to get the permit. Cleveland, Columbus, Omaha, and Norfolk grant the public health departments the authority to grant permits⁴²¹; Newark gives it to the Director of the Department of Child and Family Well-Being⁴²²; Sacramento to the Animal Care Services Operator⁴²³; Tacoma

to the City Clerk⁴²⁴; and Boston to the Inspectional Services Department.⁴²⁵ Most cities, however, do not state in the ordinance by what means a person actually procures a permit.⁴²⁶

Three cities use the permit process to make sure that would-be chicken owners have the consent of their neighbors. St. Paul, Minnesota, requires that an applicant show, through written consent, that 75% of the owners or occupants of property within 150 feet have given permission for the chickens.⁴²⁷ Las Vegas requires written consent of neighbors within 350 feet.⁴²⁸ Buffalo and Milwaukee also requires written consent from adjacent landowners to secure a permit.⁴²⁹ Riverside, California, allows residents to keep hens without a permit, but requires a permit, with written permission from the neighbors, to keep more than six roosters.⁴³⁰

Finally, some cities use the permitting schemes to ensure that chicken owners comply with a long list of regulations. For instance, Buffalo has set forth a labyrinthine process for securing a “chicken license.”⁴³¹ It requires the license seeker to provide his name, address, number of chickens sought, and the location of the coop. The city then notifies neighboring landowners with property within 50 feet of the applicant’s property of the application and allows them to provide written comments. The city also notifies the mayor and City Council. If the city clerk does not receive any comments, the clerk can issue a license for up to five hens. But if anyone lodges a negative comment, then the permit goes to City Council and Council must determine, after taking in the entire record before it, if the city will grant the license. If the Council approves it, it goes to the mayor, who has the power to veto it; if he does so—it would require a 2/3 majority at the following Council meeting to

pass.⁴³² If the permit is granted, then the Animal Control Officer must inspect the coop before the licensee is actually allowed to get chickens.⁴³³ Then, the licensee has to procure a separate license from the building department to build the chicken coop.⁴³⁴

And then Buffalo requires similar procedures for renewing the license each year. Each license automatically expires on June 1. From May 1 to June 1, the city opens up a comment period for anyone to complain about licensed chickens. The City Council is to consider all of these comments and any rebuttals to them before deciding whether to renew the license. The City Council can also revoke the license at any time if it hears any complaints about the licensee.⁴³⁵

This licensing scheme appears designed to ameliorate concerns that the city will be overwhelmed with complaints. But the resources the city puts into this process and the time it is requiring councilmembers and the mayor to put into it if a single person registers a negative comment must far outweigh any resources the city would be using to prosecute rogue chickens owners.

Many cities also charge fees for these permits. Because many cities do not list their fees on any publicly accessible website, it is difficult to draw strong conclusions on the norm for how much a city charges. But, 14 cities’ fees were identified.⁴³⁶ Three of the 14 charged an initial fee, Milwaukee charged a \$25 initial fee, Minneapolis \$50, and St. Paul \$72.⁴³⁷ Thirteen cities, including Minneapolis and St. Paul, charged annual fees.⁴³⁸ The fees ranged from specifying that the permit would be free to \$50 per year. The average annual fee was \$29, although no city charged that amount. The median fee and the mode are both \$25 per year. Two cities legislated late charges into the statute, Lincoln has a \$25 late fee,⁴³⁹ and Madison charges \$5 if a permit is renewed late.⁴⁴⁰ Finally, Minneapolis gives a \$50 discount from the annual fee if a licensee renews for five years, instead of paying \$40 a year, one can pay \$150 for a five-year period.⁴⁴¹

7. Slaughtering

Thirteen cities regulate slaughtering⁴⁴²; however, of those, only six ban slaughtering altogether.⁴⁴³ Three cities, Buffalo, Charlotte, and Pittsburgh, allow chickens to be slaughtered, but require that it not occur outdoors or in a public place.⁴⁴⁴ Cleveland allows a chicken to be slaughtered on site, but only if it is meant to be consumed on the occupant's premises.⁴⁴⁵ San Francisco requires that any slaughter occur in an "entirely separate" room than the one that fowl occupy.⁴⁴⁶ Rochester requires a poulturer's license to both keep chickens and slaughter them.⁴⁴⁷ And, Glendale, in keeping with its aversion to rats described above, only allows for slaughter if it occurs in a rat-proof structure.⁴⁴⁸

Several other cities only ban slaughter if a person is killing another's chickens without permission.⁴⁴⁹ Chesapeake is particularly concerned with dogs killing chickens. Chesapeake mandates compensation of no more than \$10 per fowl, if a dog or hybrid dog kills a chicken.⁴⁵⁰

Finally, several cities stand directly opposed concerning the killing of chickens for animal sacrifice. Chicago's ordinance banning the slaughter of chickens is directed toward chickens killed for animal sacrifice; it provides in the ordinance that this "section is applicable to any cult that kills (sacrifices) animals for any type of ritual, regard-

less of whether or not the flesh or blood of the animal is to be consumed."⁴⁵¹ Wichita, however, while banning the slaughter of chickens, states that the ordinance does not apply "to the slaughter of animals as part of religious practices."⁴⁵² And, Los Angeles expressly allows slaughter both for food and religious purposes.⁴⁵³

8. Roosters

Many cities that allow for hens ban roosters. Twenty-six cities prohibit roosters.⁴⁵⁴ Of these cities, four have exceptions: Phoenix will allow a rooster only if it is incapable of making vocal noises⁴⁵⁵; Rochester and San Jose will allow roosters under four months of age⁴⁵⁶; and Sacramento only prohibits roosters on developed lots used exclusively for residential purposes.⁴⁵⁷ Fort Wayne does not say anything about roosters, but its ordinance effectively bans them by defining poultry only as "laying hens."⁴⁵⁸

Many cities, instead of banning roosters altogether impose very large setbacks for roosters, require a larger property size for roosters, or relegate roosters to agriculturally zoned land. Four cities require relatively large setbacks for roosters: Cleveland requires 100-foot setbacks⁴⁵⁹; Kansas City, 300 feet⁴⁶⁰; Oklahoma City, 400 feet⁴⁶¹; and Glendale, California, requires 500 feet.⁴⁶² Wichita will also allow for roosters if they are more than 500 feet from any residentially zoned lot.⁴⁶³ Three cities require greater

462. GLENDALE, ARIZ., CODE OF ORDINANCES pt. II, art. 5 (2010) (multiple provisions in zoning code relating to roosters).

463. WICHITA, KAN., CODE OF ORDINANCES §6.04.171 (2011).

acreage for roosters: Cleveland requires at least one acre⁴⁶⁴; Baton Rouge requires two acres⁴⁶⁵; and Fremont California allows one rooster for ½ acre, and two roosters for more than one acre.⁴⁶⁶ Three cities, Anaheim, Arlington, and Dallas, relegate roosters to agriculturally zoned land.⁴⁶⁷

Many cities do not ban roosters but have noise regulations that would effectively cause any rooster to be a nuisance, at least a rooster that crows.⁴⁶⁸

Finally, nine cities expressly allow for roosters.⁴⁶⁹ Most of these cities, however, limit the number of roosters allowed. Three cities allow for only one rooster.⁴⁷⁰ Two cities allow for two roosters.⁴⁷¹ El Paso allows for up to three roosters with a permit.⁴⁷² And Riverside allows up to six and only requires a permit to keep seven or more roosters.⁴⁷³ San Diego and San Francisco allow for unlimited roosters; however, San Francisco animal control authorities stated that they do not recommend that San Franciscans keep roosters due to the number of complaints they have received concerning roosters.⁴⁷⁴

And, winning the award for most eccentric rooster ordinance is the city that allows roosters conjugal visits. While this city is not within the top 100 surveyed, Hopewell Township, New Jersey, as discussed above, allows roosters that are certified disease-free to visit a hen flock for 10 days out of every year.⁴⁷⁵

V. Model Ordinance

A. *Reasons Behind the Choices in the Model Ordinance*

Because many cities are recognizing that keeping chickens in the city should be allowed, but would like to regulate it properly so that the city can stop any nuisances before they arise, a model ordinance is provided below. Through surveying the ordinances of the most populous American cities, many types of regulatory schemes have already been identified and discussed. While different regulatory schemes may work better for different kinds of cities, depending on the density and variety of their residential, commercial, and industrial neighborhoods, the model ordinance provided should be easy to adapt to any city. First, each section of the model ordinance will be described and the reasons for choosing the regulation will be set out. Then, the model ordinance will be set out in full.

1. Chickens Should Be Regulated in a Unified Ordinance Within the Section Concerning Animals

Most cities regulate chickens within the animal code. This also appears to be the best option for where to place regulations affecting chickens within a city’s codified ordinances. This is the natural place for a person to look to see if the city allows chickens. By placing the regulation within the animal code, it also allows for all of the regulations affecting chickens to be in one place. This will help a chicken owner to more easily find and follow the city’s law.

If a city still wishes to incorporate zoning restrictions within a chicken ordinance, the city can easily do so within the unified ordinance located within the animal section by restricting chickens to certain zones. And if a city wishes to require a permit to keep chickens, the permit requirement may also easily be placed in a unified ordinance.

2. Chickens Should Be Limited to a Small Flock

A chicken ordinance should allow for at least four chickens. Because chickens are flock animals, they do not thrive when left alone. And, because chickens enforce a dominant social order by harassing new chicks, it is always best to introduce at least two chicks to a new flock. By allowing a minimum of four chickens, the city does not leave a chicken owner in a position of having to leave a hen in a solitary environment if another chicken dies. It also allows the chicken owner to introduce at least two new chicks to an existing flock of two.

The model ordinance sets out a maximum of six chickens. This number is still below the average number of chickens allowed in most cities, but is sufficient to keep a balanced backyard flock. Six hens will allow plenty of eggs for the hen-keepers, while still allowing an owner to keep

hens that no longer produce many eggs but are still valued by the owner for their companionship.

Cities may want to consider allowing even more chickens. Allowing more chickens will allow owners to keep chickens that are no longer producing eggs. Chicken owners who raise hens for eggs may feel pressured to rid themselves of older hens when they are faced with limitations on their flock.⁴⁷⁶ This has raised concerns in some areas that those chickens will burden animal shelters.⁴⁷⁷ Allowing a slightly larger flock may help to alleviate any burden.

3. Lot Size Should Not Be Restricted

The majority of cities do not require a specific lot size before a person can keep chickens. Lot size restrictions, moreover, often do little more than prohibit the majority of city residents from keeping hens. The concern that cities are mainly addressing through lot size, that of making sure that chickens are not located too close to neighbors, can better be addressed through setbacks.

For this reason, the model ordinance does not restrict through lot size. If a city has a wide variety of lot sizes, however, a city may wish to allow more hens for larger lot sizes. The city, for instance, can legislate a maximum number of chickens for lot sizes of ½ acre or below, and then increase the number of chickens for larger lot sizes.

4. Setbacks

Because there is a universal concern with keeping chickens too close to neighbors, a setback, rather than lot size, provides the best solution for this concern. A setback actually ensures that the chickens will be kept at an appropriate distance from neighbors without unduly restricting people who own smaller properties from owning chickens. The model ordinance proposes a setback of 25 feet from the doors or windows of any dwelling or occupied structure other than the owner's dwelling. This setback is less than the median setback of 80 feet and the most popular setback of 50 feet, but is in line with the setbacks of many cities that have recently amended their ordinances. A setback of 25 feet is far enough that any noise or odor from the hens should not cause nuisance to the neighbors, while allowing homeowners in smaller properties to keep hens. The addition of requiring the setback to be from doors or windows also allows more flexibility for where a coop can be placed, while still ensuring that it will not annoy neighbors.

Setbacks from a neighboring residence make sense because it can be assumed that no one wants someone keeping any pet, including chickens, very close to their house. A setback from the property line, however, may make less sense depending on where on the property chickens are kept. While a neighbor may be concerned that his neigh-

bor does not build a coop abutting his property that is also right next to a frequently used patio or deck, these sorts of setbacks may also overreach. For instance, these setbacks may require a coop to be located far from a little-used or overgrown part of a neighbor's property. It may also require the coop to be located far from an area of the neighbor's property where a garage or shed already provides a barrier. For these reasons, setbacks from property lines should be employed with care. But, it is understandable that a neighbor would not want a coop built directly next to a frequently used area of the yard, nor does a neighbor want to be responsible for cleaning errant droppings. For this reason, the model ordinance proposes minimal setbacks from property lines along the lines of the newly passed ordinances in Cleveland and Buffalo, of five feet from the side yard and 18 inches from the rear yard line.

Finally, the model ordinance provides that chickens may not be kept in the front yard. Because most cities are justifiably concerned that easily accessible chickens will attract vandalism, theft, or pranks, or possibly cause neighborhood dogs to behave in a predatory manner, instead of setting elaborate setbacks from the street, it is more efficient and more clear to simply ban chickens from the front yard.

5. Sanitation Requirements

The model ordinance requires that the coop and outdoor enclosure be kept in a sanitary condition and free from offensive odors. It also requires that the coop and outdoor enclosure be cleaned on a regular basis to prevent the accumulation of animal waste. The model ordinance does not go into further detail because more stringent cleaning requirements will be difficult to police and impossible to enforce. A city inspector will be able to tell if a coop is clean and odor-free when inspecting the coop. Unless the city inspector monitors a coop closely with daily visits, the inspector will be unable to tell if an owner cleaned it daily, or every other day, or weekly. It is unlikely that any city inspector would want to devote that much time to surveillance of chicken coops.

Also, because there are several different methods for cleaning a coop, and there continue to be new innovations in chicken-keeping and maintenance (witness the evolution of cat litter over the past few decades), legislating one particular method of cleaning might foreclose more efficient, more sanitary, and more attractive cleaning options. The city's concern is with sanitation and odor. Thus, the city should address its regulations to these concerns, rather than to more specific cleaning methods.

Concerns with flies will also be taken care of through requiring clean and odor-free coops and enclosures. As flies are attracted to waste, any problem with flies should be eliminated through requiring a sanitary coop. Rats are attracted to easily procured food. If the city is particularly concerned with rats, it may add that chicken feed be kept in a rat-proof container. But this regulation appears

476. *E.g.*, Kim Severson, *When the Problems Come Home to Roost*, N.Y. TIMES, Oct. 22, 2009, <http://www.nytimes.com/2009/10/23/dining/23sfdine.html>.

477. *Id.*

unnecessary in light of the fact that many people keep dog and cat food in bulk, as well as food for their own consumption, without regulations that the food be kept in a rat-proof container. There is no logical basis for the belief that rats will be more attracted to chicken feed than other food. If a city is concerned that feed scattered on the ground will attract rats, instead of legislating a rat-proof container for keeping the feed, a city may be better off following Buffalo's lead by prohibiting feed from being scattered on the ground and requiring chickens to be fed from a trough.

6. Enclosures

The model ordinance provides specific requirements for coops and outdoor runs. It also requires that hens should remain in the coop or outdoor run at all times, except when an adult is directly supervising the hen.

First, the model ordinance requires a covered, predator-proof coop or cage that is well-ventilated and designed to be easily accessed for cleaning. It also requires that the coop provide at least two square feet per hen. Finally, it requires that the birds have access to an outdoor run that is adequately fenced to contain the birds on the property and prevent predators from access to the birds. This ordinance is designed to address the city's concerns with odor, with the chicken's well-being, and with not attracting predators looking for an easy meal. The ordinance allows for only two square feet per hen to give each hen adequate space, but also to allow for a smaller coop size that can help to keep birds warm in the winter. The ordinance avoids giving too many instructions on building a coop that could preclude future innovations in coop design.⁴⁷⁸ If the city, however, wants to prohibit coops over a specific dimension, or will waive a building permit for coops under a specific dimension that are not permanent structures, the city can easily insert such a provision here.

The model ordinance also provides that chickens should not be allowed out of their coops, except when supervised by an adult. This addresses a city's concern with chickens running free on the streets while also recognizing that owners will need to remove hens from the coop and run occasionally to clean the areas, to inspect a bird more closely, or to allow a chicken to briefly roam the yard or garden to forage for fresh greens.

7. Slaughtering

The model ordinance prohibits slaughtering chickens outdoors. Because many people are concerned that neighbors or neighbors' children will accidentally witness a bird being killed and are also concerned with the lack of hygiene in backyard butchering, this regulation is included in the ordinance. Also, because most backyard hen enthusiasts are raising hens for eggs and companionship, and not for meat, most will not object to this regulation.

8. Roosters

The model ordinance prohibits roosters. It does so because roosters are noisy and are much more likely to bother neighbors than hens. Because, as discussed above, most backyard hen enthusiasts are interested in eggs, and roosters are not necessary to egg production, prohibiting roosters will not likely meet with much objection.

Because bringing in a rooster on occasion can help to cheaply and easily propagate a flock, cities may explore rooster "conjugal visits," like Hopewell township has done. While the township's regulation attracted press because of its eccentricity, it was a thoughtful solution to the practical effects of banning roosters. Most hen owners, however, are willing to add to their flocks through other means where they can be better assured of procuring only female fowl.

9. Permits

The model ordinance, following the ordinances of many other cities, does not require a permit, as long as the ordinance is followed. Because chickens are novel to many communities, city officials naturally want to closely monitor how well owners are maintaining their flocks. But, regulating through a permitting or licensing process, dedicating a city official to overseeing it, and maintaining the records that such a process will require appears to be an inefficient use of city resources. It is also expensive for owners to pay permitting fees on an annual basis and is a barrier to entry to keeping chickens to those with low or modest incomes. The fees that some cities charge, over \$50 annually, effectively prohibit poorer people from owning chickens.

The permitting process, moreover, does not necessarily give the city more control. If the city prohibits hens unless its ordinance is followed, it can enforce its laws in the same way that it enforces its laws against errant dog, cat, or bird owners. Requiring a permit, thus, appears to provide an unnecessary, inefficient, and expensive layer to the process of legalizing hens.

The model ordinance does require a permit, however, if the chicken owner puts forth a proposal for why she should not have to comply with the city's regulations—for instance if the owner wishes to keep more than the maximum amount of hens, wishes to keep hens in a multi-family dwelling, wishes to keep hens on a parcel of land that is unconnected to a dwelling, or wishes to keep a rooster.

478. Many companies sell commercially made coops, runs, and chicken tractors (portable enclosed structures that allow the owner to move the chickens around the yard) with novel designs. See, e.g., *Say Hello to the Brand New Eglu Go*, OMLET, http://www.omlet.us/products_services/products_services.php?cat=Eglu+Go (last visited July 25, 2012) (offering a plastic portable chicken coop and run designed for two chickens); *Chicken Coops*, SHEDS UNLIMITED, <http://www.shedsunlimited.net/portable-chicken-runs-and-coops-for-sale.html?gclid=CKXzvd2ruLECFEDQAodeCIAkw> (last visited July 25, 2012) (offering Amish-built chicken coops and runs); CHICKENSALOON.COM, <http://chickensaloon.com/?gclid=COLs7qysuLECFYS6KgodGBAAsw> (last visited July 25, 2012); THE GREEN CHICKEN COOP, <http://www.greenchickencoop.com/> (last visited July 25, 2012).

This permit is set up to allow people to keep chickens within setbacks, or to allow for more intensive chicken-keeping for urban agricultural uses, perhaps on an urban farm or market garden. As urban agriculture gains support and becomes more prevalent in the city, this will allow for people who wish to keep more chickens, or keep a rooster, as part of a market garden a set path for doing so without seeking to amend the ordinance. The permit process is designed to allow for more flexibility within the ordinance, while still laying down firm standards that all chicken owners must follow.

B. Model Ordinance

Below is a model ordinance designed for a city to either adopt or use as a starting point when deciding whether to allow hens in the city and how to regulate them:

- (a) **Purpose.** The following regulations will govern the keeping of chickens and are designed to prevent nuisances and prevent conditions that are unsanitary or unsafe. No person shall keep chickens unless the following regulations are followed:
- a. **Number.** No more than six (6) hens shall be allowed for each single-family dwelling.
 - b. **Setbacks.** Coops or cages housing chickens shall be kept at least twenty-five (25) feet from the door or window of any dwelling or occupied structure other than the owner's dwelling. Coops and cages shall not be located within five (5) feet of a side-yard lot line, nor within eighteen (18) inches of a rear-yard lot line. Coops and cages shall not be located in the front yard.
 - c. **Enclosure.** Hens shall be provided with a covered, predator-proof coop or cage that is well-ventilated and designed to be easily accessed for cleaning. The coop shall allow at least two square feet per hen. Hens shall have access to an outdoor enclosure that is adequately fenced to contain the birds on the property and to prevent predators from access to the birds. Hens shall not be allowed out of these enclosures unless a responsible individual, over 18 years of age, is directly monitoring the hens and able to immediately return the hens to the cage or coop if necessary.
 - d. **Sanitation.** The coop and outdoor enclosure must be kept in a sanitary condition and free from offensive odors. The coop and outdoor enclosure must be cleaned on a regular basis to prevent the accumulation of waste.
 - e. **Slaughtering.** There shall be no outdoor slaughtering of chickens.
 - f. **Roosters.** It is unlawful for any person to keep roosters.
- (b) **Permit.** A permit shall not be required if the above regulations are followed. If a person wishes to keep more than the maximum allowed number of hens, wishes to keep hens within the setback required, wishes to keep hens in a multi-family dwelling, wishes to keep hens on a parcel of land that is unconnected to a dwelling, or wishes to keep a rooster, a permit will be required. An application for a permit must contain the following items:
- a. The name, phone number, and address of the applicant.
 - b. The size and location of the subject property.
 - c. A proposal containing the following information.
 - i. The number of hens the applicant seeks to keep on the property.
 - ii. A description of any coops or cages or outdoor enclosures providing precise dimensions and the precise location of these enclosures in relation to property lines and adjacent properties.
 - iii. The number of roosters the applicant seeks to keep on the property.
 - d. If the applicant proposes to keep chickens in the yard of a multi-family dwelling, the applicant must present a signed statement from any and all owners or tenants of the multi-family dwelling consenting to the applicant's proposal for keeping chickens on the premises.
 - e. If the applicant proposes to keep more chickens than allowed in the above ordinance or wishes to keep a rooster, the applicant must present a signed statement from all residents of property adjacent to or within 50 feet of the applicant's property consenting to the applicant's proposal for keeping chickens on the premises. If the applicant proposes to keep chickens within a required setback, the applicant must present a signed statement from all residents of the property affected by that setback.
- (c) **Permit Renewal.** Permits will be granted on an annual basis. If the city receives no complaints regarding the permit holder's keeping of chickens, the permit will be presumptively renewed and the applicant may continue to keep chickens under the terms and condition of the initial permit. The city may revoke the permit at any time if the permittee does not follow the terms of the permit, if the city receives complaints regarding the permit holder's keeping of chickens, or the city finds that the permit holder has not maintained the chickens, coops, or outdoor enclosures in a clean and sanitary condition.

“A nuisance may be merely a right thing in the wrong place, like a pig in the parlor instead of the barnyard.” Village of Euclid, Ohio v Ambler Realty Co., 272 U.S. 365, 388, 47 S.Ct. 114, 118 (1926).

I. Introduction

The clucking sound of chickens, once only heard on farms across the rural countryside, is becoming more commonplace in suburban and urban backyards as locavores¹ search for more “green living” and a diet of fresh, locally grown and raised food.² In addition to producing eggs and meat, chickens provide the valuable service of eating garden pests and kitchen scraps.³ They are relatively inexpensive, and do not need a particularly large area of space.⁴ Some people have also started to welcome chickens into their homes and yards as domesticated pets.⁵ Longmont, Colorado of-

fers a good illustration of the growing interest in raising backyard chickens, as the municipality has issued 72 permits to keep them, and maintains a waiting list of 100 more requests.⁶ Hundreds of other cities across the country, including Austin, Nashville, St. Louis, Tulsa, New York, Seattle, Portland, Houston and San Francisco, as well as smaller towns and villages, have permitted the keeping of chickens in residential neighborhoods,⁷ and changes have been proposed in other cities, including Lafayette, Colorado;⁸ Batavia, Illinois;⁹ Albany, New York;¹⁰ and North Salt Lake, Utah.¹¹ Although some communities have welcomed backyard chickens, others have expressed overwhelming opposition.¹² People who criticize efforts to allow chickens in neighborhoods worry that property values will plummet,¹³ that chickens will create foul odors and noise, and that they will attract coyotes, foxes, and other pests.¹⁴ Efforts to allow chickens have recently been defeated in Springville, Utah,¹⁵ and Grand

Rapids, Michigan,¹⁶ and in February of this year, officials in Ludlow, Kentucky have bucked the trend as they announced efforts to amend their local laws to effectively prohibit the keeping of backyard chickens.¹⁷

Although some communities have welcomed backyard chickens, others have expressed overwhelming opposition.

Favoring locally grown foods, while popular today, is not new. Early settlers were self-sustaining farmers, and while the era of industrialization may have altered farming patterns, Americans tried to reclaim some self-sufficiency during both World War I and World War II, with the implementation of victory gardens.¹⁸ The federal government encouraged these efforts to reduce food shortages, and by 1943 the country’s 20 million victory gardens reportedly produced eight million tons of food.¹⁹ Food gardens surged in popularity again in the 1960s and 1970s through the “back to the land” movement, as environmentally conscientious consumers became aware of the pesticides, fertilizers, and other potentially dangerous chemicals used for industrial agricultural production.²⁰ Economic, environmental, and philosophical issues have recently renewed the public’s interest in home-based food production, community gardens, and local sourcing.²¹ With respect to chickens, the zoning ordinance of Cherokee County, Georgia explains that “[t]he keeping of hens supports a local, sustainable food system by providing an affordable, nutritious food source of fresh eggs. The keeping of hens also provides free nitrogen-rich fertilizer; chemical-free pest control; animal companionship and pleasure; and weed control, among other notable benefits.”²² While it is true that the impetus for the growing backyard chicken movement is owing primarily to the local and regional foodshed movement, the internet and the newspapers boast stories and posts about urban dwellers who simply enjoy keeping chickens as pets, and others who have taken an interest in raising chickens specifically for 4-H showings and other agricultural competitions.

This is no “Chicken Little” story; if chicken lovers are not present in your community today, chances are they are coming soon.

II. Federal and State Government Regulation

Although backyard chickens are primarily regulated at the local level, a number of federal and state health and food safety laws apply to egg and poultry production. For example, the United States Department of Agriculture (USDA) takes an active role in disease prevention²³ and regulates various aspects regarding the sale, transport and slaughter of chicken and egg products under the Poultry Products Inspection Act²⁴ and the Egg Products Inspection Act.²⁵ Although most people who own only a few birds are exempt from the regulations,²⁶ these laws still prohibit the adulteration and misbranding of poultry and egg products, regardless of exemption status.²⁷ Therefore, those who raise chickens in order to sell eggs and poultry at local farmers’ markets must comply with the federal regulations. Additionally, while the Center for Disease Control has no direct regulatory authority over backyard chicken farmers, the agency provides safety tips to prevent exposure to salmonella or campylobacter, bacteria that cause mild to severe gastrointestinal illness in humans and are associated with chickens.²⁸

People who own chickens for personal use are often exempted from state licensing and inspection requirements as well.²⁹ However, state regulations regarding avian diseases usually apply to all chicken owners, regardless of the size of their flocks and whether the birds are kept for food or as pets.³⁰ Additionally, health and safety statutes often apply to egg sales and may cover people who own small flocks and wish to sell eggs at farmers’ markets or to local restaurants. In Texas, for example, “A vendor must obtain a permit . . . to sell yard eggs at a farmers market. The eggs must be stored at a temperature of 45° Fahrenheit or less. The egg cartons or other containers must be labeled as ‘ungraded’ and provide the producer’s . . . name and address.”³¹ Kentucky requires retail and wholesale egg sellers to obtain a license, but exempts producers who sell directly to consumers and sell no more than 60 dozen eggs per

week.³² Chicken owners in Alabama who sell eggs from their homes or farms are not required to obtain a license, but if they transport their eggs to farmers’ markets, then they must follow the Alabama Shell Egg Law.³³ Other states exempt small-scale egg sellers from licensing regulations and handling requirements. In Michigan, for example, the egg law does not apply to people who sell eggs of their own production directly to consumers or first receivers,³⁴ and in Oregon, “eggs may be sold at farmers’ markets or roadside stands without an egg handler’s license and without labeling.”³⁵

Sales of poultry from small-scale producers may also be subject to health and safety regulations regarding slaughter and handling. In Michigan, poultry producers who sell fewer than 20,000 poultry per year must have their birds processed at a plant inspected by either the USDA or the state department of agriculture,³⁶ while in Oregon, all poultry must be USDA inspected and slaughtered at a USDA plant. The Oregon Department of Agriculture also licenses custom slaughter and processing operations, but these licenses do not allow retail sales and are primarily intended to allow persons to consume home-raised meat.³⁷

Various other regulations may affect backyard chicken owners. In New York, it is illegal to keep chickens and other livestock on apartment building premises unless the use is specifically permitting by local regulations.³⁸ A similar law in Michigan prohibits the keeping of chickens on any dwelling lot, except under appropriate regulations, in cities and villages with more than 10,000 residents.³⁹ Additionally, all states prohibit or criminalize chicken fighting,⁴⁰ and some prohibit chicken owners from using dye to change the birds’ colors,⁴¹ a practice that is apparently popular to produce multi-colored chicks for Easter.⁴²

III. Nuisance Law and Restrictive Covenants

Over the years, courts have had the opportunity to determine whether various impacts associated with the keeping of chickens can constitute a nuisance. In an early case decided in Louisiana, it was held that rooster crowing is not a nuisance per se.⁴³ The neighbor in the case cited a loss of sleep and physical discomfort caused by early morning crowing, which produced nervousness and potential

physical and mental disorders. In applying the reasonable person test, the court asked whether “such a condition . . . in the judgment of reasonable men is naturally producing of actual physical discomfort to normal persons of ordinary sensibilities and of ordinary tastes and habits,” and found that the crowing was not a nuisance, but rather a symbol of “good cheer and happiness.”⁴⁴ However, keeping an excessive number of chickens may be deemed a nuisance if the noise or odors would offend persons of ordinary sensibility.⁴⁵ Where neighbors were inundated by noise from a rooster farm, an Ohio appeals court remarked that the noise—which disrupted the plaintiffs’ sleep, forced them to keep their windows sealed at all times, and prevented them from inviting guests to their home—could be distinguished from “typical sounds of the country[.]”⁴⁶ The court concluded that the amount of noise created by the roosters was greater than that which is reasonably anticipated in the countryside and ordered the defendants to keep less than six roosters.⁴⁷

Even a small number of chickens or roosters may be considered a nuisance, depending on the character of the neighborhood and the amount of noise they produce.

Even a small number of chickens or roosters may be considered a nuisance, depending on the character of the neighborhood and the amount of noise they produce. St. Louis, Missouri, has designated the keeping of more than four chickens within city limits a public nuisance.⁴⁸ Roosters are especially likely to create nuisances. In a Minnesota case, a woman living in St. Paul was convicted for keeping a rooster in her house without the requisite municipal permit. The court found that the health officer was justified in denying her permit request and upheld the conviction, as the numerous complaints from neighbors regarding the bird’s frequent crowing at inconvenient hours demonstrated that it was a nuisance.⁴⁹ The same woman was cited again several years later for keeping her rooster in a St. Paul suburb. The ordinance under which she was charged prohibited the “raising or handling of livestock or animals causing a nuisance,” but the court reversed her conviction because it determined that a rooster was not livestock.⁵⁰ In a Hawaii case, the court reversed on pro-

cedural grounds three convictions sustained by the defendant for keeping a rooster in violation of an animal nuisance ordinance.⁵¹

Because chickens tend to create odors and noise, even if these do not rise to the level of a nuisance, the keeping of chickens is often prohibited by restrictive covenants and homeowners’ associations. In one case, homeowners who raised chickens on their property were found to be in violation of covenants prohibiting poultry and poultry houses. Because the covenant clearly prohibited “poultry of any kind,” the court rejected the homeowners’ contention that their birds were “pets” and not “poultry.”⁵² In a similar case, it was explained that “the clear intent expressed in the covenants as a whole is to create a desirable, pleasant residential area. It is clear that the exception as to pets was intended to limit the ownership of animals upon the property to that normally associated with residential, family living. We do not consider it in character with a planned residential community for a person to maintain a flock of 21 assorted poultry on his property.”⁵³ The city of Homewood, Alabama recently amended its code to provide, “It shall be unlawful for any person to keep, harbor, or possess any chicken, duck, goose, turkey, guineas or other fowl within the city, except . . . [u]nder circumstances where no noise, odor, or pollution violation or nuisance is occasioned thereby,”⁵⁴ perhaps leaving it open to interpretation as to what exactly would constitute a nuisance with backyard chickens.

IV. Using Zoning and Other Local Controls to Regulate Backyard Chickens

State and federal statutes regulating chicken raising focus mainly on food safety and disease prevention, leaving local governments the ability to regulate the location and intensity of residential chicken raising, as well as the physical aspects of chicken coops. Many communities across the country have enacted zoning and land use measures to effectively balance the desire to maintain small numbers of poultry for food or pets against concerns relating to noise and odors. Some of the common issues covered by local ordinances include limits on the number of birds, setbacks for coops and pens, requirements for neighbor consent, restrictions against roosters, requirements for proper feed storage, and pest control provisions.

Structures constructed for the housing of chickens, such as coops or fences, are also subject to zoning rules pertaining to cage size, height, and materials. Local laws may also include requirements for inspections by code enforcement officers, especially in the event of a complaint, as well as penalties for violations.

Because of their noisy habits, roosters are prohibited under many residential chicken laws.

Because of their noisy habits, roosters are prohibited under some residential chicken laws.⁵⁵ In Stamford, Connecticut, residents may keep roosters, but only so long as their crowing is not “annoying to any person occupying premises in the vicinity.” It is clear that local ordinances vary widely in approach to meet the particular challenges of a given community. What follows are examples of specific existing local approaches to regulating urban chickens.

A. Permits

It is not uncommon for municipalities to regulate residential chicken raising through licensing and permitting laws. An ordinance in Ann Arbor, Michigan, allows residents to apply for a permit to keep up to four “backyard chickens.” The permit costs \$20 and requires proof of consent by adjacent neighbors.⁵⁶ Similarly, residents of Charlotte, North Carolina, may apply for a permit to have “chickens, turkeys, ducks, guineas, geese, pheasants, pigeons or other domestic fowl[.]” Before a permit may be issued, a city employee must inspect the premises and determine that keeping the desired fowl will not “endanger the health, safety, peace, quiet, comfort, enjoyment of or otherwise become a public nuisance to nearby residents or occupants or places of business.”⁵⁷ In Knoxville, Tennessee, city residents may apply for an annual permit to keep up to six hens on their property. They must also obtain a building permit for any henhouse or chicken pen.⁵⁸ In Salem, Oregon, residents are required to obtain a license, valid for up to three years, at a cost of \$50 per year.⁵⁹ The City of Adair Village, Oregon, which charges \$10 for a permit, requires applicants to initial on the application that the space intended to house backyard chickens is currently in accordance with sight-obscuring fence and

setback requirements, and that the chicken coop and fenced chicken area enclosure is in accordance with the square footage size and sanitation maintenance standards associated with backyard chickens. Applicants also have to acknowledge the requirement that chickens must be shut into their coops from sunset to sunrise, and otherwise remain protected from natural predators, and they must attest to having read the backyard chicken information sheet provided by the city.⁶⁰

B. Neighbor Consent

A number of municipalities require consent of neighbors before permits will be issued for backyard chickens. For example, in Ann Arbor, Michigan, neighbors are asked to complete the Adjacent Neighbor Consent Form, and “[n]o permit shall be issued . . . and no chickens shall be allowed to be kept unless the owners of all residentially zoned adjacent properties . . . consent in writing to the permit.”⁶¹ Similar consent requirements have been enacted in Brainerd, Minnesota.⁶² In Mankato, Minnesota, consent is required not only from abutting owners, but also from three-fourths of the residents living within 300 feet of the proposed chicken coop.⁶³ Under the regulations enacted in Durham, North Carolina, a neighbor’s objection can warrant an administrative review.⁶⁴ And in Longmont, Colorado, nonconforming coops located six feet from the property line must obtain the neighbors’ approval. Longmont also requires neighbors’ consent for free-ranging chickens.⁶⁵

C. Keeping Chickens for Personal Use

Backyard chicken ordinances often limit residents to keeping chickens for personal use, and prohibit them from selling eggs or poultry on-site. For example, the zoning regulation in Portland, Maine, provides that its purpose is “to enable residents to keep a small number of female chickens on a non-commercial basis while creating standards and requirements that ensure that domesticated chickens do not adversely impact the neighborhood surrounding the property on which the chickens are kept.”⁶⁶ In San Francisco, residents are also prohibited from raising or breeding chickens for commercial purposes, and chicken operations that qualify as commercial are subject to different regulations.⁶⁷ In addition to al-

lowing up to seven backyard chickens for personal egg consumption, Houston allows residents to keep show chickens intended purely for public exhibition.⁶⁸ In Windsor Heights, Iowa, no more than two chickens are allowed and they must be kept in a pen or coop at all times.⁶⁹

D. Backyard Chickens Permitted as Accessory Uses

In Larimer County, Colorado, up to six backyard chickens are permitted as a residential accessory use. They must be provided with appropriate shelter and have access to a fenced outdoor enclosure no larger than 120 square feet.⁷⁰ Seattle, Washington also allows chickens in residential districts as accessory uses.⁷¹ If chickens are not specifically permitted in a residential district, a homeowner can also try to receive approval for them as an accessory use.⁷² This tactic has been successful in some cases involving farm animals and agricultural structures,⁷³ but the courts have not tended to accept chickens as residential accessory uses.⁷⁴ As backyard chickens become more commonplace, however, they may be more likely to be treated as a use customarily found in connection with residential uses.

E. Minimum Lot Size and Setback Requirements

Rather than setting a limit on the number of chickens allowed, a number of municipalities set minimum lot size and setback requirements for keeping chickens in the backyard. This approach can serve a number of purposes: it can bar chickens from particularly dense neighborhoods, prevent residents from keeping large flocks, and ensure that chickens have enough space to live comfortably. However, if such requirements are too restrictive, they may create obstacles to chicken raising in neighborhoods otherwise suited for that use. The 150-foot setback required in Concord, New Hampshire, for example, effectively limits backyard chicken raising to single-family homes on large lots.⁷⁵ Minimum lot size requirements for chickens vary. In Grand Rapids, Minnesota, only one chicken is permitted per 2,500 square feet of lot size,⁷⁶ while in Pima County, Arizona, 24 chickens may be kept per 8,000 square feet of lot space in single-family zones.⁷⁷ In Hayden, Idaho, up to ten chickens “may be kept on premises containing a minimum of three-fourths (3/4) acre of securely

fenced, irrigated open space, exclusive of a homesite, and containing at least one acre in total[.]”⁷⁸

Setbacks also vary. Little Rock, Arkansas has a 25-foot setback requirement,⁷⁹ while Topeka, Kansas,⁸⁰ and Stamford, Connecticut,⁸¹ have 50-foot setback requirements. Setbacks are often measured from other residential uses or districts, or uses that could be sensitive to nearby chickens. In Sacramento, for example, a chicken coop may not be located “nearer than seventy-five (75) feet to any building or structure on adjacent property used for dwelling purposes, food preparation, food service, school, hotel or as a place of public assembly.”⁸² In Lenexa, Kansas, chickens are subject to minimum lot size requirements and coops must also be set back at least 100 feet from any adjacent building (except the owner’s), 100 feet from any front lot line, and 25 feet from any side or rear lot line.⁸³ Chicken coops in Atlanta, in addition to being set back at least 50 feet from any neighboring residence or business, must also be set back at least five feet from the owner’s residence.⁸⁴

F. Chicken Coop Design, Site Placement, Materials and Maintenance

Local laws permitting backyard chickens often regulate the size, height, and site placement of chicken coops and pens, as well as requiring them to be adequately cleaned and safeguarded from predators. For example, the city of Knoxville, Tennessee, requires that hens be kept inside a fenced enclosure at all times during the day and secured inside a coop during non-daylight hours. If the fenced enclosure is not covered, then it must be at least 42 inches high and the hens’ wings must be clipped. A building permit is required for construction of a coop, which must be made of uniform materials, have a roof and doors that can be tightly secured, be properly ventilated, and have adequate sunlight.⁸⁵ In Atlanta, Georgia, chicken coops must have solid floors made out of cement or another washable material, unless the enclosure is more than 75 feet away from the nearest neighbor’s residence or business.⁸⁶ The size of coops and fenced enclosures is often determined by the number of hens kept in the flock. In Knoxville⁸⁷ and Atlanta,⁸⁸ coops must give each chicken at least two square feet of space. Mobile, Alabama, requires four feet of space per chicken in chicken houses,⁸⁹

while at least six square feet of space per chicken is required in Concord, New Hampshire coops.⁹⁰

Maintenance laws are also common. In Baton Rouge, for example, “[a]ll enclosures shall be cleaned regularly to prevent an accumulation of food, fecal matter, or nesting material from creating a nuisance or unsanitary condition due to odor, vermin, debris, or decay.”⁹¹ The New York City Health Code requires coops to be “whitewashed or otherwise treated in a manner approved by the Department at least once a year . . . in order to keep them clean.”⁹²

G. Special Use Permits

Some communities allow for the keeping of urban chickens subject to a special use permit. This permits the municipality to assess the particular impacts of a given application on the character of the neighborhood. The zoning ordinance for Overland Park, Kansas requires that people wishing to keep chickens on less than three acres must apply for a special use permit.⁹³ Recently, in Jamestown, New York, the zoning board of appeals approved a special use permit based on the following conditions and restrictions: No more than ten hens would be housed on the property at any one time; no roosters would be housed on the property; a fence would be placed around the border on the property line; no slaughtering of chickens would be permitted; chickens would be in the coops from approximately dusk to dawn; and no storage of chicken manure would occur within 20 feet of the property line.⁹⁴ The permit was granted for one year, at the end of which time the property owners would be required to appear before the board for review and potential renewal of the permit.⁹⁵ In Leadville, Colorado, the Council recently issued a conditional use permit for the keeping of six chickens on residential property with the following conditions imposed: the special use shall not run with the land, but will sunset when the applicant no longer occupies the premises; that fresh water will be available for the chickens at all times; and that all representations made by the applicant and relied upon by the Planning and Zoning Commission and/or the City Council in evaluating the Conditional Use Permit shall be deemed a part of the application and binding upon the applicant.⁹⁶

H. Slaughter

Abattoirs and slaughtering are restricted or prohibited in many cities, and they may also be subject to federal and state regulations, as discussed above. Some cities, such as Rogers, Arkansas,⁹⁷ and Buffalo, New York,⁹⁸ prohibit slaughtering outside. Madison, Wisconsin,⁹⁹ and Knoxville, Tennessee,¹⁰⁰ prohibits chicken slaughtering in residential districts, while Chicago allows slaughtering only by licensed slaughtering establishments.¹⁰¹ In San Francisco, slaughtering must be carried out in a separate room, away from any chickens.¹⁰² Most of the ordinances and zoning provisions addressing the slaughtering of chickens apply to larger commercial operations, and ordinances relating to urban chickens are quiet on this matter.

V. Conclusion

The bottom line is that this is no “Chicken Little” story, and if chicken lovers are not present in your community today, chances are they are coming soon. In addition to significant websites and blogs¹⁰³ that boast thousands of active members and readers, a quick search on Amazon.com reveals dozens of books about how to raise urban and backyard chickens, and magazines are on the market catering to this growing interest. Municipalities would be wise to proactively address these issues now, by reviewing the experience in other communities and by studying the various methods for most effectively regulating the keeping of hens and roosters in non-rural residential neighborhoods.

NOTES

1. “Locavore” was chosen as the Oxford American Dictionary’s 2007 word of the year. As the dictionary explained, “The ‘locavore’ movement encourages consumers to buy from farmers’ markets or even grow or pick their own food, arguing that fresh, local products are more nutritious and taste better. Locavores also shun supermarket offerings as an environmentally friendly measure, since shipping food over long distances often requires more fuel for transportation.” Oxford University Press Blog, Oxford Word of The Year: Locavore, Nov. 12, 2007, <http://blog.oup.com/2007/11/locavore/> (visited February 2011).

Keeping Poultry as Nuisance, 2 A.L.R.3d 965

CITY OF BATAVIA
CHICKEN AND COOP REQUIREMENTS

City of Batavia
Building Division
Community Development Department
100 North Island Avenue
Batavia, Illinois 60510
Tel: (630)454-2700
Fax: (630) 454-2775
<http://www.cityofbatavia.net>

Please direct all questions to the City of Batavia Building Division of the Community Development Department, Monday through Friday from 8 AM to 5 PM at (630) 454-2700.

This is a summary of the City of Batavia Ordinances allowing chickens and chicken coops. This is intended to interpret and explain the ordinances but does not represent or replace the actual ordinance language. Every effort has been made to ensure the accuracy and timeliness of this information.

12/04/15

Requirements for the keeping of hens and coops

- A maximum of eight (8) domestic hens shall be kept on a property that is zoned and occupied for single family residential use, or zoned PFI Public Facilities and Institutional and occupied by Schools, Public and Private only.
- The keeping of roosters and the slaughter of any chickens is prohibited.
- Hens shall be provided with a covered inside enclosure and adjacent covered outside fenced area. The outside area shall not be less than 32 square feet in area.
- For all properties, enclosures and the adjacent occupied fence area shall be setback a minimum of thirty (30) from any adjacent occupied residential structure, other than that of the owner; but not less than the minimum property line setback required for accessory structures in the Zoning District. Additionally for PFI zoned properties, the enclosures and adjacent occupied fenced area shall be set back a minimum of one hundred and fifty feet (150') from all streets and located not between the principal structures and adjacent streets
- All enclosures shall be constructed and maintained in manner to be free of rodent infestation.
- A building permit is required for all enclosures. The permit fee is the same as a shed permit.

Requirements for the keeping of hens and coops (Continued)

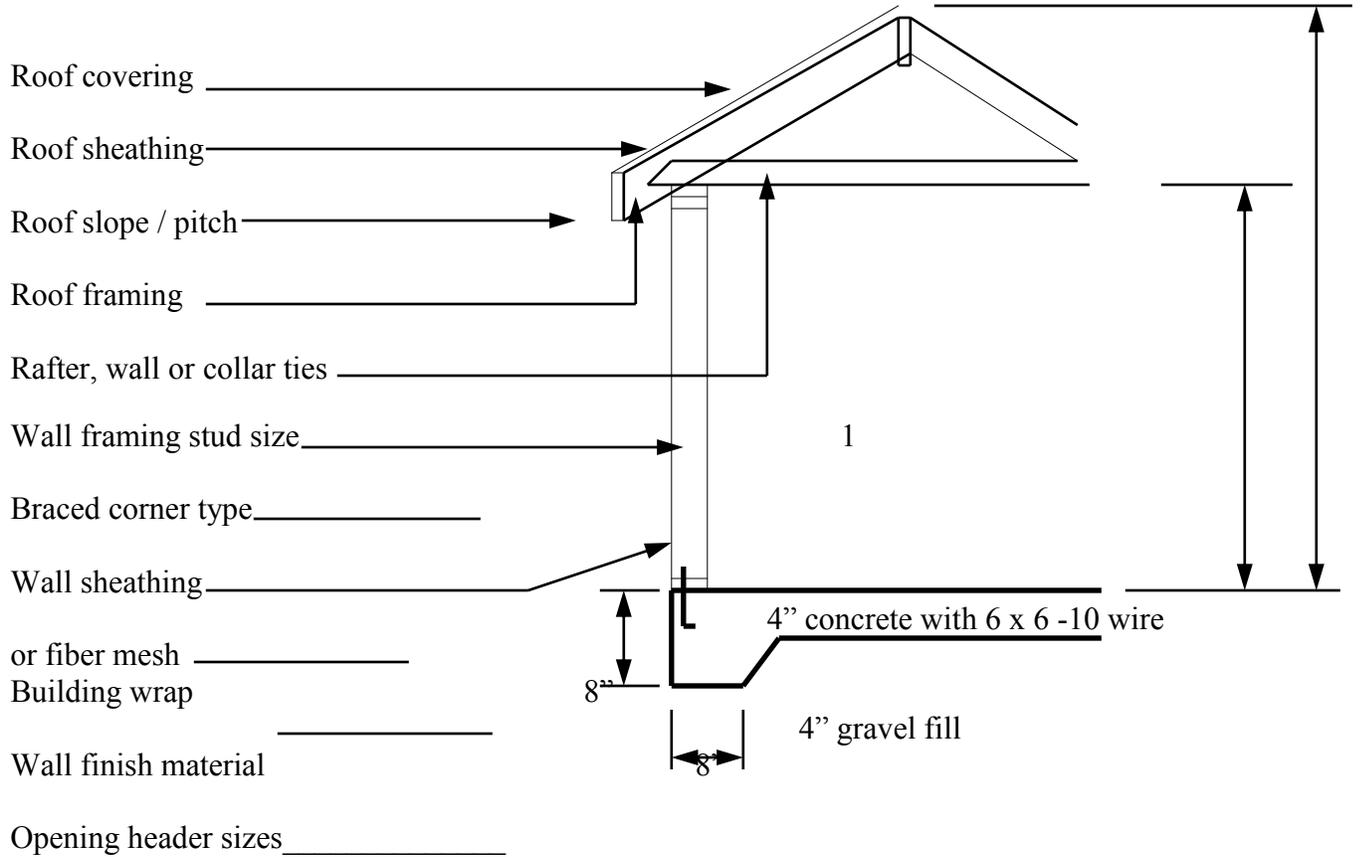

- Electric service to enclosures shall not be provided by an extension cord or cords.
- Hens shall be kept in the enclosure and fenced area at all times.
- All chickens and enclosures shall be kept in the rear yard.
- All areas where hens are kept shall be maintained neat and clean and free of undue accumulation of waste such as to cause odors detectable on adjacent property.
- No person shall allow chickens to produce noise loud enough to disturb the peace of persons of reasonable sensitivity and shall not allow the nuisance to exist.

Application Procedure

1. Submit a completed Building Permit Application to the Building Division of the Community Development Department.
 2. Pay required minimum submittal fee.
 3. Attach two (2) copies of drawings to the application showing the construction details, see attached sample.
 1. Attach two (2) copies of the plat of survey showing the location of the coop and outside fenced area, setbacks to property lines, setbacks to any adjacent occupied residential structures, and all utilities (electric, gas, phone, sewer, water, etc.) *(sample attached)*
Survey shall be to scale, not reduced or enlarged when copied.
 5. Call J.U.L.I.E (Joint Underground Location for Inspectors and Engineers) at least 48 hours prior to any digging to locate any underground utilities. (Dial 811 or 800-892-0123)
 6. Complete the Keeping of Chickens registration form.
 7. If property is not owner occupied, Property owner's signature will be required on the building application and chicken and coop registration form.
 8. Schedule the required inspections with the City of Batavia Building Division at least 48 hours in advance to insure that we can meet your schedule.
-

Wall & Roof Section

INDICATE DIMENSIONS AND MATERIALS

- Indicate the location with dimensions of the coop and the run area on the property.
- Show the location and distance of all occupied residential structures that surround the property applying for permit.

PLEASE READ THE FOLLOWING CONDITIONS REGARDING THE KEEPING OF CHICKENS

All persons keeping chickens in the City of Batavia shall keep no more than 8 hens.
 Roosters shall not be kept anywhere on premise.
 Slaughter of any chickens shall not be allowed except for humane reasons only.
 Hens shall be provided with a covered inside enclosure and an adjacent covered outside fence area not less than 32 square feet.
 All hens will be kept in the enclosures and fenced areas at all times.
 All hens are kept in the rear yard.
 All enclosure (s) will remain 30 feet from any adjacent residential structure, other than the owner, but not less than the minimum property line setback required for accessory structures in the Zoning District.
 PFI zoned properties shall keep enclosures and fenced areas 150 feet from all streets and not between the principal structure and adjacent streets.
 Electric service to enclosure will not be provided by electrical cord or cords.
 All enclosures and areas will be kept clean, sanitary and rodent free at all times.
 All feed shall be contained in containers with tightly fitted lids.
 Owner will ensure that the hens do not produce unreasonable noise.
 Owner agrees to allow Building Division staff personnel to access the rear yard of the residence for the purpose of verifying compliance with the above and Title 5, Chapter 4, and 5-4B7 of the Municipal Code.

If it has been found that violation exists and correction has not been made within the timeframe given by the Code Compliance Officer, fines in the amount of \$100.00 a day, every day the violation exists will be implemented as well as an appearance in front of the Adjudication Hearing Officer. If there have been three documented violations within any twelve month period, there will be a loss of permission to keep chickens on the property. Keeping chickens after permission has been revoked will result in a \$750.00 fine a day every day the violation exists and an appearance in front of the Adjudication Hearing Officer.

By signing this document, I understand and agree to the conditions set forth.

**CITY OF BATAVIA, ILLINOIS
ORDINANCE 11-04
AMENDING TITLE 5 OF THE MUNICIPAL CODE
RELATING TO ALLOWING CHICKENS ON CERTAIN
RESIDENTIAL PROPERTIES IN THE
CITY OF BATAVIA**

**ADOPTED BY THE
MAYOR AND CITY COUNCIL
THIS 16TH DAY OF MAY, 2011**

Published in pamphlet form
by authority of the Mayor
and City Council of the City of Batavia,
Kane & DuPage Counties, Illinois,
This 17th day of May, 2011

Prepared by:

City of Batavia
100 N. Island Ave.
Batavia, IL 60510

CITY OF BATAVIA, ILLINOIS
ORDINANCE 11-04
AMENDING TITLE 5 OF THE MUNICIPAL CODE
RELATING TO ALLOWING CHICKENS ON CERTAIN
RESIDENTIAL PROPERTIES IN THE
CITY OF BATAVIA

WHEREAS, the City of Batavia's Municipal Code has for many years prohibited the keeping of chickens on residential property in the City limits; and

WHEREAS, the City Council has been requested by several residents to change the City Code to permit the keeping of chickens on residential property in the city limits; and

WHEREAS, there has been significant public input presented to the City demonstrating that there is substantial community benefit from permitting residents to keep a limited number of chickens for personal use in the residential areas of the City; and

WHEREAS, those communities who permit a limited number of chickens to be kept in residential areas have experienced few problems resulting from that action; and

WHEREAS, there are demonstrated health benefits from allowing residents to raise chickens; and

WHEREAS, many communities in the region have adopted ordinances permitting residents to keep up to eight hens for personal uses; and

WHEREAS, the City Services Committee has studied the issue and held several public meetings where residents were afforded an opportunity to express their opinions about a potential change to the City Code to permit chickens on residential property; and

WHEREAS, the County Health Department has noted its approval for the adoption of an ordinance allowing up to eight hens on a residential property; and

WHEREAS, the City Services Committee has voted to recommend approval of Ordinance 11-04 to the City Council; and

WHEREAS, the City Council has reviewed the recommendation of the City Services Committee for changes to Municipal Code Title 5; and

WHEREAS, it is in the best interests of the City of Batavia and its residents that the proposed ordinance be adopted by the City Council of the City of Batavia.

NOW THEREFORE, BE IT ORDAINED, by the City Council of the City of Batavia, Kane and DuPage Counties, Illinois:

SECTION 1: That Title 5 of the Municipal Code be revised as follows:

Chapter 4 ANIMAL CONTROL, Article 4B ANIMALS

5-4B-1: KEEPING OF ANIMALS RESTRICTED

The words “other than eight (8) domestic hens” shall be inserted following the words “fowl and poultry” in sentence one. The last sentence, beginning with the words “In regard to fowl/poultry...”, shall be deleted.

Add new Section 5-4B-7: STANDARDS FOR KEEPING OF CHICKENS

- A. Up to eight domestic hens may be kept on properties zoned and occupied for single family residential use only.
- B. Roosters are prohibited in the city limits.
- C. No person shall slaughter any chickens in the city limits, except for humane reasons.
- D. Hens shall be provided with a covered inside enclosure and an adjacent covered outside fenced area. The outside fenced area shall be no less than 32 square feet in area.
- E. The enclosures and adjacent fenced area shall be set back:
 - 1. thirty feet from any adjacent occupied residential structure, other than that of the owner; but
 - 2. not less than the minimum property line setback required for accessory structures in the Zoning district.
- F. All enclosures shall be constructed and maintained in such a manner as to be free of rodent infestation.
- G. A building permit shall be required for all enclosures. The permit fee shall be the same as for a shed.
- H. Electric service to enclosures shall not be provided by an extension cord or cords.

- I. Hens shall be kept in the enclosure and fenced area at all times.
- J. All feed and other items that are associated with the keeping of chickens that are likely to attract or to become infested with rats, mice or other rodents shall be protected in a container with a tightly fitted lid so as to prevent rodents from gaining access to or coming into contact with them.
- K. All chickens shall be kept in the rear yard.
- L. All areas where hens are kept shall be maintained in a neat and clean manner, free of undue accumulation of waste such as to cause odors detectable on adjacent properties.
- M. No person shall allow chickens to produce noise loud enough to disturb the peace of persons of reasonable sensitivity, and it is hereby declared a nuisance and shall be unlawful for any person to allow such nuisance to exist.

Add new Section 5-4B-8. REGISTRATION AND PENALTIES

- A. All persons keeping chickens in the City shall register with the Code Compliance officer prior to acquiring the chickens. Registration shall be on a form established by the Community Development Department. Registration forms will not be accepted until the enclosure has passed a final inspection by the Building Division. Persons having chickens as of the effective date of this Ordinance shall have 30 days to bring their property into compliance with this Ordinance.
- B. The registration form shall include written permission for any Building Division staff member to access the rear yard of the residence for the purpose of verifying compliance with this Code on a periodic basis. The form shall also acknowledge receipt of a copy of the standards set forth in Section 5-4B-7 above by person registering.
- C. There shall be no fee charged for registration.
- D. Failure to notify the Code Compliance Officer in accordance with "A" above or failure to allow an inspection in accordance with "B" above shall constitute a violation of the City Code and shall be punishable by a fine of no more than \$100 plus hearing costs, the amount to be established by the Code Hearing Officer.
- E. Violation of any standard in Section 5-4B-7 above shall be punishable by a fine not to exceed \$100 plus court costs, such fine to be established by the Code Hearing Officer. Each day a violation continues shall be considered a separate offense.

- F. Three violations of this Ordinance on a property within any twelve month period shall result in loss of permission to keep chickens on the property. Keeping of chickens after permission has been revoked shall be punishable by a fine not to exceed \$750 plus court costs, such fine to be established by the Code Hearing Officer. Each day a violation continues shall be considered a separate offense.

Add new section 5-4B-9. CONFLICT WITH PRIVATE COVENANTS

Nothing in this Chapter shall be construed to permit the keeping of chickens when such activity is prohibited by private covenants, conditions or restrictions governing the use of property, or by rules, regulations or orders issued by the Illinois Department of Public Health or the Kane County Health Department.

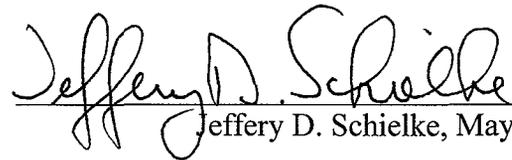

SECTION 2: That this Ordinance 11-04 shall be in full force and effect upon its presentation, passage and publication according to the law.

CITY OF BATAVIA, ILLINOIS ORDINANCE 11-04

PRESENTED to the City Council of the City of Batavia, Illinois, this 16th day of May, 2011.

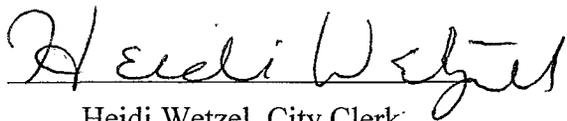

PASSED by the City Council of the City of Batavia, Illinois, this 16th day of May, 2011.

APPROVED by me as Mayor of said City of Batavia, Illinois, this 16th day of May, 2011

**CITY OF BATAVIA, ILLINOIS
ORDINANCE 15-45**

**AMENDING TITLE 5 OF THE MUNICIPAL CODE
RELATING TO ALLOWING CHICKENS ON CERTAIN
RESIDENTIAL PROPERTIES IN THE
CITY OF BATAVIA**

WHEREAS, the City of Batavia's Municipal Code had for many years prohibited the keeping of chickens in the City limits; and

WHEREAS, in 2011, the City Council, in response to citizen request, adopted Ordinance 11-04 that amended the Municipal Code to permit the keeping of chickens on certain residential property; and

WHEREAS, few negative effects have been experienced with keeping of chickens on residential property; and

WHEREAS, the City received a request to permit keeping of chickens on a private school property; and

WHEREAS, the City recognizes the educational and developmental opportunities that caring for chickens provides to students; and

WHEREAS, the City Council has found that applying similar rights and restrictions for keeping of chickens on residential properties is appropriate to extend to school properties; and

WHEREAS, the City Council's Committee of the Whole has voted to recommend approval of Ordinance 15-45 to the City Council; and

WHEREAS, the City Council has reviewed the recommendation of the Committee for changes to Municipal Code Title 5; and

WHEREAS, it is in the best interests of the City of Batavia and its residents that the proposed ordinance be adopted by the City Council of the City of Batavia.

NOW THEREFORE, BE IT ORDAINED, by the City Council of the City of Batavia, Kane and DuPage Counties, Illinois:

CITY OF BATAVIA ORDINANCE 15-45

SECTION 1: That the following Sections of Municipal Code Section 5-4B-7: STANDARDS FOR KEEPING OF CHICKENS be amended to read as follows:

5-4B-7-A. Up to eight (8) domestic hens may be kept only on properties zoned and occupied for single-family residential use or zoned PFI Public Facilities and Institutional and occupied by Schools, Public and Private, as defined in Title 10 herein, only.

5-4B-7-E. The enclosures and adjacent fenced area shall be set back:

1. A minimum of one hundred and fifty feet (150') from all streets and located not between the principal structures and adjacent streets on properties zoned PFI;
2. Thirty feet (30') from any occupied residential structure on an adjacent property, other than that of the owner; but
3. Not less than the minimum property line setback required for accessory structures in the zoning district.

5-4B-7-K. All chickens shall be kept in the rear yard on residential properties.

SECTION 2: That the following Subsection of Municipal Code Section 5-4B-8: REGISTRATION AND PENALTIES FOR CHICKENS be amended to read as follows:

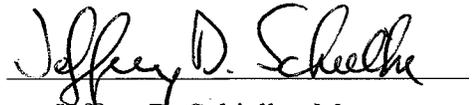

5-4B-8-B. The registration form shall include written permission for any building division staff member to access the rear yard of the residence or to access the school property for the purpose of verifying compliance with this code on a periodic basis. The form shall also acknowledge receipt of a copy of the standards set forth in section 5-4B-7 of this article by person registering.

SECTION 3: That this Ordinance 15-45 shall be in full force and effect upon its presentation, passage and publication according to the law.

CITY OF BATAVIA ORDINANCE 15-45

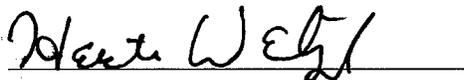

PRESENTED to and **PASSED** by the City Council of the City of Batavia, Illinois, this 2nd day of November, 2015.

APPROVED by me as Mayor of said City of Batavia, Illinois, 2nd day of November, 2015.

It shall be unlawful for any person to keep any chickens within the village, on any lot, piece or parcel of land, except as provided in subsections (a) through (i) below.

- (a) *Permitted locations.* Domestic hens may be kept within the village only on property zoned and occupied for single family residential use. All hens shall be kept in the rear yard of the permitted location.
- (b) *Maximum number.* It shall be unlawful for any person to keep more than eight (8) hens, of any age, on property zoned and occupied for single family residential use within the village.
- (c) *Keeping of roosters.* It shall be unlawful for any person to keep a rooster(s) within the village.
- (d) *Slaughtering of chickens.* It shall be unlawful for any person to slaughter any chickens within the village, except for a humane reason.
- (e) *Shelter and fenced areas.* All hens kept in the village pursuant to this article, shall at all times be provided a shelter and an adjacent covered outside fenced area. All hens shall be kept in a shelter or adjacent outside fenced area at all times. The outside fenced area shall be no less than thirty-two (32) square feet in area and shall be demarcated with a fence constructed of wood or metal, excluding barbed wire or razor wire, of sufficient height to contain the hens. The shelter shall be no less than sixteen (16) square feet in area and no more than six (6) feet in height. The shelter shall contain an independent electric/heat source. Such utilities shall not be maintained with the use of extension cords.

The shelter and adjacent outside fenced area shall also be:

- (1) Thirty (30) feet from any adjacent occupied residential structure other than that of the owner or occupant of the real property on which the shelter and adjacent outside fenced area are located;
 - (2) Not less than the minimum property line setback required for accessory structures in an R-1 zoning district as defined by the village's zoning code; and
 - (3) Constructed in such a manner as to contain the hens to the shelter or the adjacent outside fenced area at all times and to keep the shelter and adjacent outside fenced area free from rodent infestation.
- (f) *Property maintenance.* All areas in which hens are kept shall be maintained in a neat and clean manner, free from undue accumulation of waste such as to cause odors detectable on adjacent properties. All feed for hens shall, except when placed for consumption by the hens, be kept in containers with tightly fitted lids that are rodent-proof.
 - (g) *Permit/inspection required.* A permit shall be required for construction of a shelter utilized to contain hens. The permit shall be issued by the village's building department. The fee for the permit for construction of the shelter shall be twenty dollars (\$20.00). Two (2) inspections by the village's building department officials shall be required during construction of the shelter. The first shall occur upon installation of the base/floor of the shelter and prior to any further construction of the shelter; and the second shall occur upon completion of the shelter and prior to the owner acquiring hens to occupy the shelter. The inspections are required to confirm compliance with this article and the village's building code. A fee of thirty dollars (\$30.00) shall be charged for each inspection. The owner/occupant of the property shall be responsible for contacting the village's building department to schedule each inspection of the shelter.
 - (h) *Registration.* All persons keeping hens in the village shall register with the village's planning department prior to acquiring the hens. Registration shall be on a form established by the village's planning department and shall include written permission for any village building or code enforcement official to access the rear yard of the property where the hens are located for the purpose of verifying compliance with applicable village Code. Registration shall not be permitted until the shelter has passed final inspection by the village's building department.
 - (i) *Compliance.* All persons having chickens as of the effective date of this ordinance shall have ninety (90) days to bring their property into compliance with this article.

10-4-6: - FOWL AND LIVESTOCK:

1. Housing: All fowl and livestock shall be kept within a pen, coop, building or other enclosure sufficient in size and strength to confine such animals to the owner's property, except that livestock may be tethered securely to a fixed object outside the enclosure, but only if the animal is so confined to the owner's property. A permit shall be obtained from the City of Naperville prior to the construction, addition, or modification of any pen, coop, building or other enclosure used for the purposes of housing fowl or livestock.
2. Zoning: Fowl and livestock may be kept in any area in the City except as otherwise provided by this Chapter or the City's Zoning Ordinance. ^[8]
3. Restrictions:
 - 3.1. A maximum of eight (8) fowl shall be permitted on any property. Roosters shall be prohibited.
 - 3.2. No livestock shall be kept, housed, maintained, or pastured within a distance of two hundred (200) feet of any occupied residence other than that of the owner.
 - 3.3. No pen, coop, building or other enclosure used for the purpose of housing fowl (with the exception of homing pigeons) shall be erected or maintained within thirty (30) feet of any occupied residence other than that of the owner.
 - 3.4. Every person maintaining a pen, coop, building, yard or enclosure for fowl or livestock shall keep such area clean and sanitary at all times. Any dirt or refuse resulting from the fowl or livestock shall be disposed in a clean and sanitary fashion.
 - 3.5. All feed for fowl or livestock shall be kept in containers that are rodent-proof until put out for consumption by fowl or livestock.
 - 3.6. Any pen, coop, or other structure used for the purpose of housing fowl that is not fully-enclosed shall be screened to a height of six (6) feet. Said screening shall be comprised of fences or walls six (6) feet in height, landscaping of at least seventy-five percent (75%) opacity, such as non-deciduous plantings, or equivalent screening and shall be located either along the perimeter of the lot where the pen, coop, building or other enclosure used for the purpose of housing fowl is located, or around the perimeter of the pen, coop, or enclosure itself.

(Ord. No. 12-013, § 2, 2-7-2012)

Editor's note— Section 3 of Ord. No. 12-013 states the following: "Any housing for fowl or livestock lawfully established prior to February 7, 2012 shall be permitted to continue operating in accordance with provisions of law and the Municipal Code related to nonconforming uses for a six-month period expiring August 8, 2012. Upon completion of the amortization period, all housing for fowl or livestock shall operate in compliance with the provisions of Section 10-4-6 (Fowl and Livestock)."

--- (8) ---

See Title 6 of this Code.

9-4-5. - CERTAIN ANIMALS PROHIBITED.

- (A) It shall be unlawful, and is hereby declared a nuisance for any person to keep or allow to be kept any animal of the species of horse, mule, swine, sheep, goat, cattle, poultry (with the exception of hens as herein provided), skunks, or poisonous reptiles within the corporation limits of the City of Evanston.
- (B) Hens shall mean the female of the species Gallus Gallus Domesticas.
- (C) It shall be unlawful to keep roosters within City limits.
 - 1. The number of hens allowed shall be no less than two (2), and no more than six (6).
 - 2. Any structures housing hens shall be termed an "accessory structure" as defined in Title 6, Chapter 18, Section 3 of the Evanston City Code, and shall abide by all requirements set forth in Title 6, Chapter 4, Section 6-2, "General Provisions for Accessory Uses and Structures," and Title 5, Chapter 1, "Property Maintenance Code" of the Evanston City Code.
 - 3. Applicants shall register with the Illinois Department of Agriculture Livestock Premises Registration, and must have proof of registration on-site.
 - 4. Care for hens shall follow the provisions set forth in this Chapter.
 - 5. Hens shall be kept in such a way so as not to cause a nuisance as defined in Title 1, Chapter 3, Section 2, and enumerated in Title 8, Chapter 4, Section 1 of the Evanston City Code and shall be kept in conformance with the following requirements:
 - a. Hen yards and coops shall be constructed and maintained to reasonably prevent the collection of standing water; and shall be cleaned of hen droppings, uneaten or discarded feed, feathers, and other waste with such frequency as is necessary to ensure the hen yard and coop do not become nuisances as defined in Title 8, Chapter 4, Section 1 of the Evanston City Code.
 - b. Hens shall be kept in an enclosure which shall be maintained in such a manner so as to protect the hens from predators and trespassers.
 - c. Hen coops shall be built and kept in such a manner so as to allow for easy ingress and egress for the hens and shall offer protection from weather elements including cold temperatures.
 - d. Hen coops and yards shall be large enough to provide at least four (4) feet per hen.
 - 6. Licenses for coops must be obtained and shall meet the rules of this Chapter where applicable.
 - a. Prior to a license being granted to an applicant, the applicant must show proof of notice to all adjacent landowners except landowners that are municipalities or utilities.
 - b. A license shall not be granted unless the applicant has obtained all necessary building permits and can show proof that a hen yard and coop that comply with this Section have been erected.
 - c. Coop licenses shall not run with the land.
 - d. Applications shall be submitted to the City of Evanston Public Health Director who shall have the authority to enforce this Section.
 - e. An applicant who lives in an apartment or condominium building is not eligible to receive a coop license.
 - f. No more than twenty (20) valid coop licenses shall be active within the City of Evanston at any given time for the first calendar year that the ordinance codified in this Section is in effect.
 - 7. No person shall slaughter any hen, or any other animal, within City limits. Nothing in this Section is to be interpreted as prohibiting any establishment that is licensed to slaughter, from slaughtering for food purposes any animals which are specifically raised for food purposes.
 - 8. Any person found to be in violation of this Section shall be fined not less than fifty dollars (\$50.00), nor more than seven hundred fifty dollars (\$750.00) for each offense. In the event that an owner is adjudged to have three (3) violations of this Section, the owner's coop license shall be revoked. Each day an owner is not

compliant with this Section shall constitute a separate offense.

Joel,

Thank you for asking! I wish more people would be curious about many topics. I appreciate this as a human and a political figure.

Yes, as a former agricultural educator, I helped children learn tangible life lessons with chickens. They learned responsibility, economics and husbandry to name a few. I watched as some students who have autism and struggled with social situations "come out of their shell" around chickens. Chickens offer a glimpse into the birdworld that we cant often have with wild animals, they are a domesticated animal but they do have similar behaviours to some of our wild feathered friends. I have friends who live in areas where chickens are allowed and for them its chance to do micro homesteading, earn a small amount of extra income (usually only enough to buy chicken feed) and reduce their food miles. Chickens also are insectivores they can aid in eating ticks, mosquitos and may other pests that annoy us or carry disease. They themselves cannot get lymes disease so it's a win win.

Please feel free to ask anymore questions and share this information.

April Morris

Dear Yorkville City Council,

I appreciate Alderman Funkhouser's efforts bringing the topic of Urban Chickens forward to the council. My family lives on a unique piece of property in town. We own ~1.25 acres between two connected parcels on Main Street. Main Street lets people go back in time surrounded by historic homes and the occasional glimpse of the Fox River. Many of these properties would have maintained chickens and other fowl to provide for those families. Recently, my son found remnants of an old chicken coop in our back woods. Our property offers a unique habitat for chicken and some would say other animals as well.

I had to put some thought into how much I really wanted chickens. Chickens are extra work, the costs take years to recover, and you must take into consideration end of life. We are a busy and expensive family of 7 plus our puppy Leo. However, I know these animals would quickly become family. I think of the unique opportunity it would offer my children and neighboring friends. I think of sustainability in these COVID days. The regular supply of fresh eggs offered by the hens is a great and healthy perk. Chickens also eliminate many nescient pests without spraying chemicals over our properties. They are also substantially quieter than the Route 47 traffic I can hear 4 blocks away.

I hope you continue discussions and find an agreement as you did bringing apiaries into town. No matter the decision, I appreciate you taking the time and consideration as many Illinois towns have over recent years.

Sincerely,

Tim Johnson & Family (DeeDee, Claudia, Dylan, Scarlett, Monreau, Fiona, and Leo)

Chickens

name: scallett Johnson
age: 10

Why I want chickens. I think chickens would be so fun to have and here is why, I would want to feed them because it would be fun to have more animals to love. I think that chickens would be a big responsibility but it would be fun! Chickens seem like they would listen. While being a big responsibility they would be fun and loving. Me and my family would take great care of them. We have a dog and we take great care of him. Chickens seem really fun I would hang out with them and feed them all the time!

Date: May 31, 2022
Subject: **Lisa Pickering Loop – Proposed Virtual Bike Path & Monument**

Summary

An update on the proposal for the approval of a digital bike path and the installation of a monument pillar in recognition of Lisa Pickering, Yorkville’s former City Clerk, longtime resident, and avid bike rider. The path traces a favorite route Lisa took when bicycling around Yorkville. Since the route utilizes various roadways with and without a dedicated bike path or trail, staff has proposed to recreate the path virtually utilizing ArcGIS Experience and marking the start of the path with a stone pillar and brass plaque.

Proposal

Since the untimely passing of Lisa Pickering, her fellow colleagues have sought ways to public memorialize Lisa’s life and sixteen (16) years of service to the City of Yorkville. Recognizing her passion for cycling, staff thought it fitting to honor her legacy with a virtual bike path of her favorite route around the City she dedicated so much of her life.

With assistance from her husband, staff mapped out the nearly 25-mile course which winds through north Yorkville and Kendall County as seen in the map below. There are two components to the path including the virtual experience map and a monument pillar.

Virtual Experience Map

ArcGIS Experience is an online web-browser application that utilizes location data to tell a story. The complete “Lisa Pickering Loop – A Bicycle Tour of Yorkville” can be viewed by clicking on the following link: <https://experience.arcgis.com/experience/31ee0618dc75486b999ca271ad583ce0/>.

In Honor of Lisa Pickering

The Lisa Pickering Loop is dedicated to the former Yorkville City Clerk who unexpectedly passed away in July 2021. Lisa often bicycled through town and had a common 25 mile route she enjoyed. This map illustrates the Loop's route and highlights different areas along the path. By clicking the arrow buttons in the photo box to the left, you will be able to see each highlighted area. You may also hit the play button to have the photos transition automatically. If you travel along the path, make sure you take pictures and add [#LisaLoopYorkville](#) to your social media posts.

The web browser experience starts with an initial splash page about Lisa and the purpose of the application. After reading the introduction, the user is shown the entire path around Yorkville. While the user may zoom into certain areas and move around the map freely, the highlight of the application is the guided tour along the path. The user may click through the slideshow at their own pace to read about each of the areas within Yorkville or they may click the “play button” to be automatically taken to each location. The guided tour highlights certain areas that Lisa enjoyed viewing on her bike rides.

At the top of the map there is an option to share this application on social media and the splash page instructs those to use the hashtag #LisaLoopYorkville. Staff is hoping that others will use this route and post pictures from their ride.

Monument Pillar

The second component of the proposed Lisa Loop virtual bike path is a stone pillar which will serve as a physical monument memorializing Lisa. Parks and Recreation staff proposes to use a pillar similar to one currently located along the bike path on Game Farm Road (see image to the left).

The pillar will have a brass plaque on one side with an inscription dedicated to Lisa and an image of the loop. A QR Code can also be included to link directly to the ArcGIS Experience webpage. The tentative location for the pillar is somewhere along Beecher Park.

According to Parks and Recreation staff, the cost of the pillar can be absorbed in the current department’s budget, and the installation can be done in-house.

Existing Roadway Jurisdictions

Since the approximately 25-mile route utilizes various public roadways with and without a dedicated bike path or trail located partially under, jurisdictions and homeowner’s associations were sent a courtesy notification this past winter. While staff does not anticipate a significant increase in cyclists along this route, there is a possibility of more bike riders as a result of the path and felt it was best to contact those with jurisdiction over the roadways in case there were any objections.

Staff did not receive any objection to the establishment of this virtual path and if approved, the agencies will be contacted again prior to the application going live. See the table below for a reference of the groups that were contacted:

Jurisdictional Authority	Subdivision
United City of Yorkville	Caledonia Grande Reserve Autumn Creek Heartland Heartland Circle Blackberry Woods Kendall Marketplace Kendall Marketplace Residential Townes of Kendall Marketplace Kylyn’s Ridge
Kendall County	Blackberry Oaks Golf Course Kendall County Campus (Complex)
Bristol Township	Beecher Road

Staff Comments

Staff is seeking formal direction from the Economic Development Committee regarding the proposed Lisa Pickering Loop project prior to publishing the ArcGIS Experience Map and installation of the monument pillar.

Once approved, a webpage on the City's website will be created providing a link to the map and information about the loop. Additionally, the City will promote the virtual path via social media and provide encouragement to residents to travel the path in Lisa's honor.
