Note: This meeting was held in accordance with Public Act 101-0640 and Gubernatorial Disaster Proclamation issued by Governor Pritzker pursuant to the powers vested in the Governor under the Illinois Emergency Management Agency Act. Due to the ongoing Covid-19 pandemic, The United City of Yorkville is encouraging social distancing by allowing remote attendance at the Public Safety Committee meeting.

Alderman Seaver Tarulis/in-person
Alderman Craig Soling/in-person

Absent: Alderman Marek

Other City Officials in Attendance:

Police Chief Jim Jensen/in-person

Others in Attendance: None

The meeting was called to order at 6:02pm by Chairman Dan Transier.

Citizen Comments: None

Minutes for Correction/Approval: July 7, 2022

The minutes were approved as presented.

New Business:

1. PS 2022-21 Monthly Report Review for June 2022 – July 2022

Chief Jensen gave the statistics for June including overtime hours, vacation time, Facebook posts, training hours, etc. He also reported on the occasion of the Vice-President coming into town. The Chief also discussed the number of accidents, their attempts to slow speeders and the number of citations. Many background checks were conducted which require about 40 hours per person. In June there was increased squad mileage and gas usage, but maintenance was down. There were fewer crisis intervention calls this year.

The July report also had reimbursible overtime hours for events as well as the waterpark and he said the waterpark wishes to hire officers for weekends. There was also a firearms incident there. There were several social media postings, the department has a new hire and he reported on training hours, accidents, speeding tickets and the number of stops on the major routes. Crisis calls and voluntary commitments were down. The mileage and gas cost was up and three new squads were just received. Chief Jensen noted that the cost of squads for next year could

reflect about a \$9,000 increase per car and there was a discussion of additional squad car purchases. Staff will determine how long it will take to get new squads and the cost.

2. PS 2022-22 Adjudication Reports for July and August 2022

The Chief reported on the types of citations that were written including a noise complaint ticket written to the Pinz business owner. Alderman Soling said the owner had reached out to him and said a noise meter had been used to measure the level of noise.

Chief Jensen added a couple updates at this point and said body cameras have come in. WatchGuard cannot activate them immediately, but the cameras should be ready for use by November. In another matter, the accreditation module has been purchased and the contract will be signed soon. Mr. Jensen said the department will strive for the upper level of the accreditation process.

3. PS 2022-23 Drone Discussion – Police Use (Discussion Item Only)

Chief Jensen said there has been a push for drone usage, surveillance, etc., at major events due to recent violence in the Chicago area. Emergency plans have always been in place, but City staff members recently met with other department heads for additional planning, including the use of cement barricades in the future. A drone has also been purchased which can detect heat signatures and it can be zoomed into a crowd. FAA certification is required for use by law enforcement, so 4-5 staff will be trained. (It was noted private citizens can use drones without training). He said there are limitations as to where the drone can be used by the police including on rooftops, however, these laws will be changing in the new year. Staff will also be trained to use the drone for other purposes and drones can be pre-programmed to watch a certain area.

Old Business: None

Additional Business:

Alderman Soling received a call from a Gawne Lane resident regarding a safety situation on the street. Gawne is a private road while nearby Worsley St. is in the city and the city is currently repaving it. The resident said the paving will stop 15 feet short of Gawne Lane and a concrete barrier will be placed to prevent traffic flowing from Gawne to Worsley. Since Gawne is private, it is not plowed by the city and it becomes icy so the resident uses Worsley. The barrier will prevent the resident from using Worsley for egress. Chief Jensen said this is a matter for Public Works Director Dhuse since he has knowledge of the area history. Alderman Soling also said there is a telephone pole that sits in the middle of the road, however, it does allow one car to pass. The resident asked if the city would consider extending the pavement up to Gawne Lane so they can get out in case of emergency or if the hill is not passable. Alderman Soling said he has spoken with Mayor Purcell about this matter also. The city installed new storm sewers in this area 2 years ago and an easement was needed from this resident at that time. Alderman Soling said D Construction was told to stop paving at Gawne. The Chief will contact Mr. Dhuse and this matter will also be presented at Public Works.

In another matter, Chairman Transier has received phone calls and a video regarding ingress/egress issues at the Early Childhood Center at Garden St. and Wood Sage. The concerned residents will be asked to provide a time frame when the problems occur.

There was no further business and the meeting was adjourned at 6:55pm.

Facebook Post (8/14/22): With the school year quickly approaching, YPD will be providing informational posts about the upcoming school year along with safety precautions. Our first post will be introducing you to the sign pictured below. School zones at the beginning of the school year typically have heavy pedestrian traffic, especially with the nicer weather. When you see this sign, please immediately check your speed and surroundings. Please leave ample time to get to your location. May we suggest you leave earlier as traffic congestion will increase with school buses, pedestrian and vehicle traffic. Parents, please do not drop your child off in the middle of the street, please follow that school's protocol. Lastly, please check your crosswalks as children may be crossing. Thank you all for driving safely. [#SchoolZoneSafety](#)

Facebook Post (8/16/22): Today's back to school message relates to traffic safety. We have attached the following photos to discuss traffic laws regarding passing a stopped school bus. There are many bus stops in Yorkville, some near busy traffic intersections. Please obey the rules of the road. Our children are depending on you. A citation that leads to a conviction could mean a driver's license suspension. Thank you for your cooperation. Parents, please discuss these laws with young student drivers.

RISKY BUSINESS FOR MOTORISTS PASSING A STOPPED SCHOOL BUS

What is the most dangerous part of the school bus ride? The bus stop! Children are at greatest risk when they are getting on or off the bus. Most of the children killed in bus-related crashes are pedestrians, five to seven years old, who are getting on or off the bus. They are hit by the school bus or by motorists illegally passing a stopped school bus. In neighborhoods, near schools, and at bus stops, drivers need to take special care because children do not behave like adults.

Elementary school children

- Become easily distracted and may start across the street without warning.
- Don't understand the danger of moving vehicles.
- Can't judge vehicle speed or distance.
- May be blocked from view by the bus.

Most importantly, children expect vehicles to stop for them at the school bus stop.

Facebook Post (8/23/22): As we approach the 2022/2023 school year the Yorkville CUSD 115 and Yorkville Police Department have been preparing the implementation of numerous safety and security measures.

The school district has improved their security footprint by replacing and adding 287 more state of the art surveillance cameras in and around school buildings. There will now be 478 cameras in the school district.

The Yorkville Police Department has one full time School Resource Officer who is assigned during the school year. This is in addition to the five (5) armed and highly trained security personnel that

work and train hand in hand with local law enforcement. D115 plans to add two (2) additional security personnel this school year.

This summer there were numerous training sessions where the Yorkville Police Department focused on rapid response training. This training focused on active threats that Law Enforcement may encounter. D115 security staff had the opportunity to train with YPD. During these scenarios, multiple area schools were used.

“This new technology raises the game in securing our buildings and aiding our security team in identifying threats and possible intruder situations.” states Dr. Tim Shimp, D115 Superintendent.

“The safety and wellbeing of our students, teachers, and staff has always been top-of-mind, and now with nearly 500 cameras, district-wide, we have improved on that notion.” continues Shimp. Lastly, our parking and parent drop off routes were evaluated, and some changes have been made at Yorkville Middle School and Bristol Bay Elementary School. These changes should assist with traffic flow and the safety of pedestrian traffic.

As we begin this school year please know that District 115 and Yorkville PD have the safety of students and staff as a priority. Go Foxes!

This release prepared jointly by Yorkville Police Department and Yorkville CUSD 115.

Facebook Post (8/24/22): Officer Goldsmith wanted to welcome back all the students! Tomorrow, SRO Goldsmith will begin his fourth year as the [Yorkville Police Department](#)’s School Resource Officer. We wish you all a wonderful school year. Here are some fun facts you may not know about Ofc. Goldsmith.

Facebook Post (8/24/22): Please let this picture sink in. Tomorrow thousands of students will begin the new school year. Hundreds will walk to school using crosswalks. It is the law to yield to pedestrians in the crosswalk. Please keep the students, staff, crossing guards and officers safe. Please put the phone down and watch your speed.

Facebook Post (8/26/22): It's National Dog Day! Like many of you, we love our pups. To honor our special four-legged friends please share a picture in the comments section of your canine!

Facebook Post (9/24/22): YPD wanted to provide the following regarding the 988 mental health hotline. Here is a fact sheet regarding this service. As an agency we are committed to our Crisis Intervention Program and providing resources to those in need.

988 Myth Busters  

Anyone across the U.S. experiencing a mental health or addiction crisis can now access 24/7, free and confidential help and support by contacting the nationwide easy-to-remember, three-digit number, **988 Suicide and Crisis Lifeline**. The 988 system is designed to help people experiencing a mental health or substance use crisis from becoming involved with the juvenile/criminal justice systems or sent to hospitals.

If you call 988, will a police officer immediately be dispatched to your location?

Fact: No, 988 is NOT 911. A goal of 988 is to reduce the necessity for police involvement, and a police officer will not immediately be dispatched to your location. When you call 988, a trained call specialist will answer your call, ask you to describe your crisis, and will assist you over the phone. Research has shown that 80% of calls to the Lifeline can be managed and resolved over the phone; however, in the rare circumstance where there is imminent risk of harm to self or others, or when the caller/texter's situation cannot be resolved and needs more support in-person, the call specialist may need to coordinate with a mobile crisis response team to go to the individual's location. These teams are made up of trained mental health professionals. Law enforcement may be asked to respond only as a last resort, to ensure safety for all.

Are 988 call specialists qualified to respond to crisis situations?

Fact: Yes, all 988 call specialists receive thorough suicide prevention and crisis intervention training based on practices or guidelines that have been shown to have good outcomes. Illinois' 988 call specialists are trained to listen and support callers who are in distress with a focus on de-escalation and coping skills. Callers can expect to receive compassionate and accessible care aimed at meeting the individual needs of each caller including linking them to additional care and community resources as necessary.

Did 988 replace the National Suicide and Crisis Lifeline?

Fact: Yes, 988 was built upon the existing National Suicide and Crisis Lifeline although the original crisis number remains in existence (1-800-273-TALK). Your local provider may also have warm lines to assist individuals in need. You may reach out to those providers in your community for more information.

Does 988 only help people who are actively suicidal?

Fact: No, 988 provides 24/7, free, and confidential support to all Illinoisans experiencing any type of mental health or substance use related distress – whether that is thoughts of suicide, mental health or addiction concerns, or any other kind of emotional distress. Individuals concerned about the mental and emotional well-being of someone they care about may also call 988 for support.

DETECTIVE SQUAD

On 26 September 2022, detectives charged Alejandro Mendoza (28, of Bolingbrook) with felony retail theft as the result of an investigation that began in August and involved numerous other police agencies. Mendoza is accused of stealing 191 gallons of diesel fuel from a business on the 4000 block of North Bridge Street. During the theft, Mendoza allegedly pumped the fuel into large tanks in the bed of his truck. During the course of the investigation, it was discovered that Mendoza had allegedly committed similar thefts of diesel fuel at other gas stations in DuPage and Will Counties. By working with other agencies, Mendoza was identified and charged. He is currently wanted on warrant for the Yorkville incident.

During September, detectives on the Kendall County Major Crimes Task Force were activated twice to assist other agencies. On 3 September detectives assisted the Kendall County Sheriff's Department investigate a shooting on Immanuel Road in unincorporated Yorkville. And on 19 September, detectives assisted the Montgomery Police Department with a homicide which occurred in that jurisdiction.

Summary

Review and discuss changes to current City Ordinance (Title 5 Police Regulations)

Background

November 9, 2021 Sergeant Garrett Carlyle was promoted to the position of Police Commander. At that time there should have been an update to our City Code adding this position. That update was never completed. Exhibit A, Title 5, Chapter 1 (Police Department) outlines the recommended changes to our City Code. These changes have been reviewed and discussed with our City Attorney.

Recommendation

Approve the recommended changes to Title 5, Chapter 1 (Police Department)

Subject: Surplus Request for Disposal of Police Vehicles

Summary

Authorizing the Disposal of Surplus Property Owned by the United City of Yorkville.

Background

During the budgeting process, staff evaluates its department fleet based on the Fleet Replacement Policy. Staff determines if a vehicle should continue its service within the said department or be repurposed or replaced/disposed of. Once the determination is reached to replace or dispose of the vehicle, it is up to the City Council to approve such action.

The police department has identified two (2) vehicles that are in need of replacement:

Squad M1 is a 2016 Chevrolet Impala (VIN #2G1WD5E33G1156250) with 70,865 miles. This vehicle spent its entire life in the patrol fleet. When serviced recently, we were advised of a critical structural safety concern with the vehicle. The concern for this vehicle is that the entire right front frame rail has rusted and is rotted. Two separate inspections were done on the vehicle. The first inspection was conducted by Gjovik Ford who services our fleet. The second inspection was done by Car Star Autobody. Both stated this is not a repair that they would recommend, advising that the cost would significantly exceed the value of the vehicle and that occupant safety, especially during a crash would be of concern. This vehicle has been removed from the patrol fleet due to the safety concerns.

Squad M22 is a 2014 Chevrolet Caprice (VIN #6G3N55U26EL975054) with 91,500 miles. This vehicle spent the majority of its term as a patrol vehicle for the Officer assigned to the Criminal Intelligence Team. Currently, this vehicle is assigned to the Criminal Investigations Division assigned to the Detective Sergeant. The United City of Yorkville has a vehicle scoring system (Exhibit B) which is a tool that evaluates when a vehicle qualifies for replacement. This can include age, reliability, and cost of repairs. This vehicle currently scores a 27 which falls into the higher end of the category "qualifies for replacement. Squad M22 is over the 25% mark for vehicle service and maintenance, which means the cost of service and maintenance exceeds 25% of the purchase price. Currently, we are experiencing a variety of issues to include, multiple sensor/dashboard lights, reliability with starting, electrical issues and the vehicle losing power all together

Recommendation

Staff recommends the following:

- Squad M1: Junk Vehicle: Be sold to a salvage yard
- Squad M22: Be sold at auction or on consignment through Auto Smart of Oswego

To: City Council
From: Ray Mikolasek, Deputy Police Chief
James Jensen, Chief of Police
CC: Bart Olson, City Administrator
Date: November 10, 2022
Subject: Pre-Order of two (2) 2023 Ford Interceptor SUV in FY2024

Summary

Staff is seeking support to pre-order two 2023 Ford Interceptor SUV vehicles in the amount not to exceed \$142,000 that will be proposed in the FY2024 budget.

Background

Our last six patrol vehicles purchased have been through Morrow Brothers Ford in Greenfield, Illinois. These vehicles have been Police utility Ford Explorers. We have heard positive feedback from our officers regarding these vehicles. Some of the highlights include ample space for equipment, the prisoner transport area is larger, and the vehicles are AWD.

Purchasing an SUV for patrol offers many advantages for the department. The winter months are harsh and having an all-wheel-drive vehicle will allow for safer roadway travel during inclement weather. Added interior room in the vehicles provide staff comfort as well as storing the necessary equipment (i.e., rifles, shotguns, ballistic shields, helmet, etc.).

Currently, Morrow Brothers Ford in Greenfield, Illinois, holds the state bid for the purchase of police fleet SUV vehicles. Unfortunately, supply chain issues have caused lengthy delays in vehicle deliveries and some cancellations all together for some departments. Morrow Brothers Ford advised they will have a very large shipment of vehicles arriving at their dealership early to mid-2023. Currently, they are taking orders on a first come first serve basis for agencies to received 2023 police vehicles. We would like to be added to that list. We would not take delivery/ownership of these vehicles until after May 1, 2023 (FY24). In the event we are placed on the list but have to cancel our order there is no penalty or cost to the United City of Yorkville.

See the attached vehicle specifications and pricing form (Exhibit A) for vehicle equipment and pricing. Below is a breakdown of the cost of a new patrol SUV which includes additional equipment and installation.

Morrow Brothers Vehicle Base Cost	\$39,890
Other Vendors Additional Equipment Costs	\$31,110 (including installation)
<hr/>	
Total Squad Cost not to exceed	\$71,000 per vehicle

***Included in the base vehicle cost is registration, key fobs, prisoner door locks, heated mirrors, police idle switch and grill prewire. Morrow Brothers Ford offers specific equipment packages that are installed in the vehicle upon delivery. We have compared the cost of purchasing and installing through a third party and have found Morrow Brothers to be cost-efficient and time efficient to include these items in the initial vehicle purchase.

The two vehicles proposed for purchase will be two fully marked squad cars. This would mean the lightbar would be on top of the vehicle, decals on the vehicle and a prisoner cage.

Recommendation

Staff recommends the ability to pre-order two 2023 Ford Interceptor SUV vehicles and associated equipment in the amount not to exceed \$142,000 as will be included in the FY24 budget.
