Facebook Post (8/14/22): With the school year quickly approaching, YPD will be providing informational posts about the upcoming school year along with safety precautions. Our first post will be introducing you to the sign pictured below. School zones at the beginning of the school year typically have heavy pedestrian traffic, especially with the nicer weather. When you see this sign, please immediately check your speed and surroundings. Please leave ample time to get to your location. May we suggest you leave earlier as traffic congestion will increase with school buses, pedestrian and vehicle traffic. Parents, please do not drop your child off in the middle of the street, please follow that school's protocol. Lastly, please check your crosswalks as children may be crossing. Thank you all for driving safely. [#SchoolZoneSafety](#)

Facebook Post (8/16/22): Today's back to school message relates to traffic safety. We have attached the following photos to discuss traffic laws regarding passing a stopped school bus. There are many bus stops in Yorkville, some near busy traffic intersections. Please obey the rules of the road. Our children are depending on you. A citation that leads to a conviction could mean a driver's license suspension. Thank you for your cooperation. Parents, please discuss these laws with young student drivers.

RISKY BUSINESS FOR MOTORISTS PASSING A STOPPED SCHOOL BUS

What is the most dangerous part of the school bus ride? The bus stop! Children are at greatest risk when they are getting on or off the bus. Most of the children killed in bus-related crashes are pedestrians, five to seven years old, who are getting on or off the bus. They are hit by the school bus or by motorists illegally passing a stopped school bus. In neighborhoods, near schools, and at bus stops, drivers need to take special care because children do not behave like adults.

Elementary school children

- Become easily distracted and may start across the street without warning.
- Don't understand the danger of moving vehicles.
- Can't judge vehicle speed or distance.
- May be blocked from view by the bus.

Most importantly, children expect vehicles to stop for them at the school bus stop.

Facebook Post (8/23/22): As we approach the 2022/2023 school year the Yorkville CUSD 115 and Yorkville Police Department have been preparing the implementation of numerous safety and security measures.

The school district has improved their security footprint by replacing and adding 287 more state of the art surveillance cameras in and around school buildings. There will now be 478 cameras in the school district.

The Yorkville Police Department has one full time School Resource Officer who is assigned during the school year. This is in addition to the five (5) armed and highly trained security personnel that

work and train hand in hand with local law enforcement. D115 plans to add two (2) additional security personnel this school year.

This summer there were numerous training sessions where the Yorkville Police Department focused on rapid response training. This training focused on active threats that Law Enforcement may encounter. D115 security staff had the opportunity to train with YPD. During these scenarios, multiple area schools were used.

“This new technology raises the game in securing our buildings and aiding our security team in identifying threats and possible intruder situations.” states Dr. Tim Shimp, D115 Superintendent.

“The safety and wellbeing of our students, teachers, and staff has always been top-of-mind, and now with nearly 500 cameras, district-wide, we have improved on that notion.” continues Shimp. Lastly, our parking and parent drop off routes were evaluated, and some changes have been made at Yorkville Middle School and Bristol Bay Elementary School. These changes should assist with traffic flow and the safety of pedestrian traffic.

As we begin this school year please know that District 115 and Yorkville PD have the safety of students and staff as a priority. Go Foxes!

This release prepared jointly by Yorkville Police Department and Yorkville CUSD 115.

Facebook Post (8/24/22): Officer Goldsmith wanted to welcome back all the students! Tomorrow, SRO Goldsmith will begin his fourth year as the [Yorkville Police Department](#)’s School Resource Officer. We wish you all a wonderful school year. Here are some fun facts you may not know about Ofc. Goldsmith.

Facebook Post (8/24/22): Please let this picture sink in. Tomorrow thousands of students will begin the new school year. Hundreds will walk to school using crosswalks. It is the law to yield to pedestrians in the crosswalk. Please keep the students, staff, crossing guards and officers safe. Please put the phone down and watch your speed.

Facebook Post (8/26/22): It's National Dog Day! Like many of you, we love our pups. To honor our special four-legged friends please share a picture in the comments section of your canine!
