**Provide a general description of the redevelopment project area using only major boundaries.**

The Downtown TIF District contains a mix of residential, commercial, industrial, institutional, and undeveloped land uses. The northern boundary of the district stretches across the Fox River and the adjacent parcels front West and East Hydraulic Avenue. This area includes Yorkville’s Riverfront Park and several eating establishments. The eastern area of the district includes an undeveloped single-family residential subdivision which was established and platted in the early 2000’s but was never completed. The central area of the district aligns north and south along Bridge Street (Route 47) and contains many of the historic downtown structures which provide commercial services. Additionally, the properties along Heustis Street include a saw mill, grain silos, and single-family homes.

## **Activities Statement**

### **Downtown Yorkville**

The Downtown TIF district was created in 2006 to help facilitate mixed use development in the downtown area. Over the last several fiscal years, the City has entered into several agreements with Imperial Investments for the redevelopment of several buildings in the downtown area.

The downtown portion of the IL Route 47 expansion was completed in fiscal year 2015. This expansion is a joint project between the City and the Illinois Department of Transportation (IDOT), and includes various roadway and infrastructure (water, sanitary sewer, storm sewer) improvements on Route 47, from just south of Kennedy Road through its intersection with IL Route 71. The cost of the project that is applicable to the Downtown TIF district is approximately \$100,000, which will be paid to the State over a period of ten years. In fiscal year 2018 the City acquired the former Old Second Bank building at 102 East Van Emmon Street, which has been converted into an activity center managed by the Recreation Department. As of April 30, 2021, outstanding principal for 102 East Van Emmon Loan was \$200,000. During the current fiscal year, the TIF district paid \$212,233 in principal and interest on the outstanding loan.

In May of 2018 a second TIF was created in the downtown area, for the purposes of facilitating performance of the original redevelopment area. The new TIF is comprised of underperforming parcels from the original TIF, in addition to some new parcels, which expanded the overall size of the redevelopment area. By establishing a second TIF, these underperforming parcels now have a greater period of time to generate increment. Furthermore, TIF's that share a boundary may also distribute funds between them.

Fiscal Year 2019 saw the installation of new streetlights in the downtown area, with partial grant funding provided by the State of Illinois Integrated Transportation Enhancement Program (ITEP). In addition, the City installed wayfinding signage in the downtown area; completed sidewalk replacements in the east alley and on Main & Van Emmon Streets; and finished work on the downtown overlay district. In fiscal year 2022, the former Kendallwood Estates residential development, consisting of 83 single-family lots on 50-acres of land just south of Van Emmon Road and east of Route 47, was purchased by Rally Homes in winter 2021 and renamed the Timber Ridge Estates development. The development will offer seven (7) different semi-custom home plans and three (3) distinct elevations per plan. The homes will range in size from 2,000 square foot ranches to nearly 4,000 square foot two-story homes. While there are only 54 lots of the Timber Ridge Estates within TIF I, the developer has started construction of the first model home unit. Moreover, in December 2021, the City also approved a TIF inducement resolution for the Williams Group, LLC for eight (8) parcels located at the northwest corner of IL 47 (Bridge Street) and Hydraulic Avenue. The redevelopment plans included remodeling the interior spaces for two (2) residential apartments on the second floor and commercial space on the ground floor. One of the commercial spaces recently opened is a local coffee shop, Iconic Coffee, offering pastries and beverages. The developer is currently pursuing another development agreement for a micro-meadery selling hand-crafted artisan honey wines and taproom beers.
