New Business:

1. PS 2024-01 Monthly Report Review for October and November 2023

For October, Chief Jensen informed the committee of community initiatives such as coffee with a cop, community roll calls, a CSO did a “find the Fox”, Biz Boo was a success and Battle of the Badge softball tournament. There were 574 training hours for the month. He said there were 10 crashes in October at Rt. 126 and 47 and none in November. The Chief also gave traffic enforcement info for the major roadways. The investigation numbers are increasing and there were fewer calls for service compared to last year.

For November, the Chief said the PD hosted pies at the senior center and an award was given to a 12-year old following a house fire. There were 202 training hours. There were several traffic stops on the major roadways and he said traffic study information will be provided to the Aldermen for their respective wards. He gave information from speed sign results and said there is a speeding problem in these areas—Kendall Drive and Center Parkway, and they have done directed patrols there. A fatal accident also occurred there recently. A possible 4-way stop is recommended for Countryside Parkway and Center Parkway and EEI is also doing a study there. The Chief noted that at one time a roundabout was considered for this location. Though it did not come to fruition, Alderman Funkhouser noted that road improvements were made.

Alderman Transier noted there is a park located near that intersection now and he said even if EEI does not recommend a 4-way stop there, he felt it would be beneficial for safety. Alderman Funkhouser also recommended a 4-way stop and he suggested a conversation with Public Works

after EEI's study is available. Chief Jensen added that this area is used a shortcut off Rt. 47 & 34. Alderman Soling also noted that the area is poorly lit. The Chief also noted other areas where speed studies have been done.

Continuing the November report, Chief Jensen said the Detective squad has seen increased cases from 2022 to 2023 for November. He also noted that 9-1-1 cell phone cases have increased partly due to the fact that all of these calls are dispatched. Stats for other crimes were given and the Chief also reported on monthly mileage and gas expense. He noted that the crashes at Rt. 126 and 47 are rear-end crashes rather than disobeying stop signs.

2. PS 2024-02 Adjudication Reports for October 30, 2023 - December 2023

There was a fight in October where 2 offenders were cited and there was a second fight in November. Chief Jensen noted numerous issues at the middle school. There were other adjudications for cannabis, vehicle tows, etc.

The middle school problems were discussed further. There has been preliminary conversations with the school district. When a second middle school is built, a second School Resource Officer would be needed and the Chief suggested a second one should be largely funded by the school. (The current SRO is funded by the city). He also said that the school security team resolves many of the problems and they do not involve the police.

3. PS 2024-03 Memorandum of Understanding for the Yorkville Police Department Information Center - Discussion

Chief Jensen said this is informational. The City Attorney drafted the MOU and other agencies will all sign. Those agencies have all seen the draft and had no issues with it. It states that Yorkville will own and maintain the center and it is hoped there is funding for 3 years. The committee was OK with this document.

Some of the equipment for the center has come in and other items are ordered. The county will have a full time person in this center and in March or April a full time Yorkville officer will be positioned in the center.

Facebook Post (1/6/24): As of 4:56 am the [Yorkville Police Department](#) and [United City of Yorkville](#) have declared the snow ordinance in effect. With over two inches of snow fall it is required that vehicles be moved off city streets to assist our snowplows clearing the roadway. Failure to remove vehicles from the city streets could lead to enforcement action being taken. We would appreciate your compliance in removing your vehicle from our streets. The snow ban will be in effect until 24 hours after the snow is done falling.

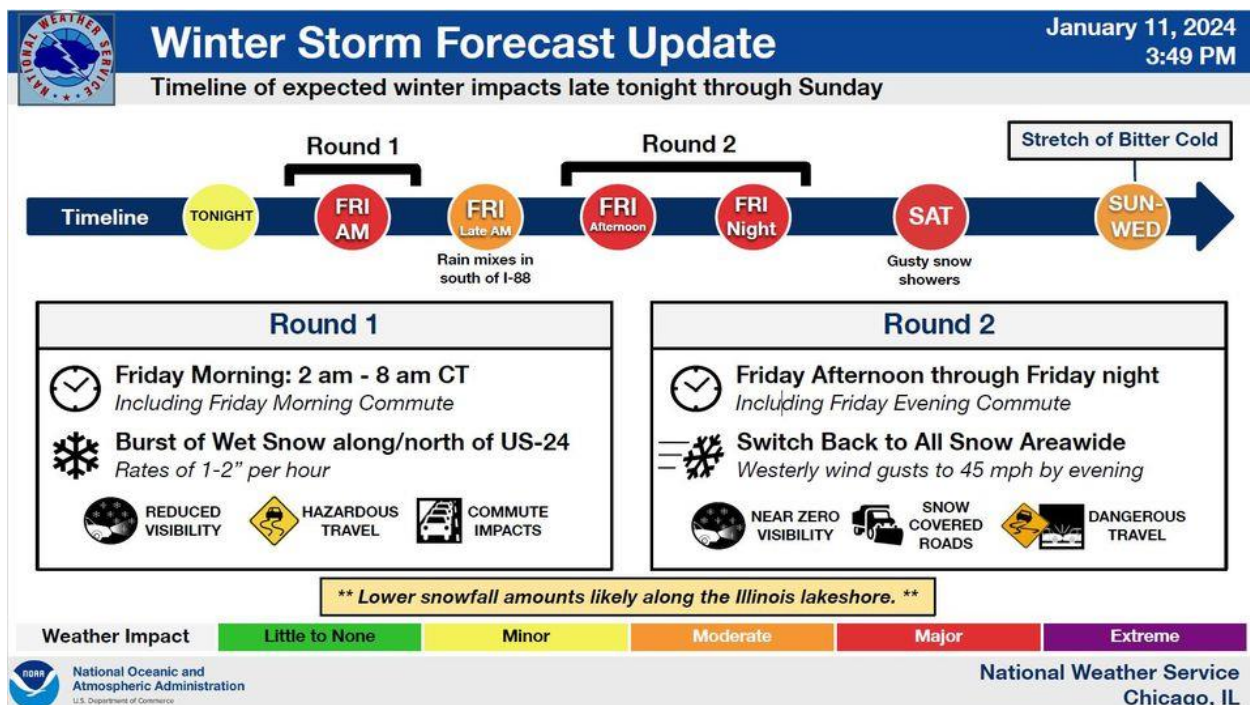

Facebook Post (1/6/24): Eastbound Galena Road at Cannonball Trail is temporarily shut down due to a crash. Please avoid the area. 

Facebook Post (1/8/24): With the winter weather quickly approaching, the Yorkville Police Department would like to remind all residents of our parking after two inches of snow fall ordinance. This ordinance places a parking ban on all city streets once two inches of fresh snow has accumulated and will remain in effect until twenty-four hours after the snow fall has stopped. By doing your part, you will help the Public Works Department have time to clear the roads and allow for safer travel. Failure to comply with this ordinance may result in a city ordinance citation which carries a fine of fifty dollars. We are encouraging everyone to utilize the Yorkville Police Department's Facebook page for updates on inclement weather as well as parking bans. The Yorkville Police Department would like to thank everyone for their attention and assistance with this matter.

Facebook Post (1/9/24): As of 7:00am we have received 2' of snowfall with more expected! The Yorkville Police Department wants to remind the public that per Yorkville city ordinance 6-2-3G, parking on city streets is prohibited after a snowfall of more than 2 inches for 24 hours after the snowfall has ended. Violations carry a \$50 fine. We are looking at several more rounds of snow today and in the coming days. Please help our city snow plows by moving your vehicles off the roadway. Thank you and be safe traveling!

Facebook Post (1/11/24): We wanted to share the latest information on the expected winter weather approaching. Friday into Friday night looks to potentially carry significant snowfall and high winds. Please avoid any unnecessary travel. If you must be out, please drive slow and allow for plenty of following distance. We ask again that you please remove any parked vehicles from the road to help our city plows clear the streets. If snow is not your thing, don't worry, we have bitter cold to look forward to next week! Thank you and have a safe weekend.

Facebook Post (1/30/24): We are proud of our men and women every day, but every once in a while you get a letter that causes us to take pause....Thank you to one of our citizens for these kind words. Officer Soebbing, we are proud of you!

"Hello Officer Roman,

I would love to forward this email to your Chief.

Last weekend you rescued me at the Target parking lot.

My keys were locked in the car. The key fob was frozen and low on the battery.

You were determined to get that key fob out of my locked car. It's a Jeep. They are difficult to break into.

It was way below freezing. I think 9 degrees. It took a long time, but you got it!!!!

I was so impressed by your kindness and genuine care for my benefit.

If that wasn't enough.....

The Fob would not start the car because the battery in it was dead.

You gave me instructions about how to start my car while I stood there wearing my down jacket. By this time I knew you must have been completely frozen. I asked you if you needed to warm up in your car. Like I said; you were determined to solve my problems!!!

You said you were fine. I know you were freezing!!! This whole ordeal took way over 30 minutes, maybe an hour.

God puts angels in the weirdest places. You and a Target employee named Kyle gave me a true feeling of gratitude for those angels who do not even realize how much they make a difference. You did not know that my day was terrible. The key incident was merely frosting on the cake. " In spite of that I drove away knowing that there are genuine good people who actually want to help others.

Thanks, You are one of the Angels!

Facebook Post (1/31/24): January is Human Trafficking Prevention Month. This is our last post for the month but that doesn't mean you can't help the prevention of Human Trafficking.

TRAFFIC COMPLAINT / ENFORCEMENT INFORMATION

In **January 2024**, the Yorkville Police Department had received traffic concerns for various locations in town. These concerns were established through both citizen concerns and areas of concern for the department. All citizen concerns were tracked for potential issues. In some cases to verify that the concerns needed to be further addressed, (5) five years of crash data was researched. In addition, these locations were further researched by utilizing the department's speed signs. These speed signs were able to collect traffic data related to traffic counts, speed data, and various times of day of violations. In addition, the department also relied upon its partnership with EEI.

DETECTIVE SQUAD

On 01/17/2024, Detective Johnson was able to secure two arrests of juvenile males (15 counts each) for a series of burglary to motor vehicle reports made in August of 2023. Both juveniles were charged with multiple counts of Burglary to Motor Vehicle and Criminal Trespass to Vehicle.

On 01/24/2024, the Investigations Unit conducted compliance checks on half of the businesses that sell alcohol within the city limits. During that compliance check, we are happy to report that no violations occurred. This compliance check was organized and completed by Student Resource Officer Goldsmith and utilized an undercover area resident who assisted the Police Department.

The Police Department volume of law enforcement activity during the reporting period is demonstrated by category in the table below. The data includes activity reported to the State of Illinois monthly through the National Incident-Based Reporting System (NIBRS) as well as all other criminal and quasi-criminal activity that is not required to be reported to the State. For comparison purposes, the statistical reporting from the same reporting period one year ago is included. NOTE: This data is insufficient for use in establishing trends, assessing workload distribution or any other statistical analysis. Further data, delving beyond this report, is essential in determining accurate and meaningful insight beyond this report.

Subject: Traffic Complaint, Investigation and Reporting Process - Discussion

Summary

Traffic Sergeant Stroup will be presenting the process of receiving, reviewing, investigating, and reporting traffic complaints that are reported to the Police Department.

Background

The complaints we receive most often are traffic related. People speeding up and down the roadway or disobeying stop signs. Determining the legitimacy of these complaints before assigning resources is what we strive for. Over the past two years Sergeant Stroup has been tasked with developing our departments response to traffic complaints. This response involves multiple layers to include:

- Reporting, documenting, and classifying each complaint
- Review of historical data (previous complaints/results, engineering, enforcement, crash data, etc.)
- Department resource coordination (Police, Public Works, Engineering)
- Allocation of resources (speed study, engineering study, enforcement, etc.)
- Tabulate and report findings

While traffic enforcement can be effective, we believe that enforcement combined with education will be more effective. This year we are developing a comprehensive traffic crash reduction plan with the hope of combining education and enforcement to reduce traffic crashes and make our roadways safer.
