Activities Statement

US Rte 34 & IL Rte 47 Countryside

In 2005 the City issued bonds in the amount of \$3.525 million, the proceeds of which would be used to finance future retail development at Countryside Center. Currently there are no active projects in the TIF district. However, the City, in partnership with the Yorkville Economic Development Corporation (YEDC), continues to actively pursue potential developers.

In fiscal year 2011, the TIF district paid \$307,093 in debt service costs, consisting of principle and interest in the amounts of \$170,000 and \$137,093, respectively. As of April 30, 2011 the outstanding balance on the bonds was \$3,190,000.

Rob Fredrickson – unanimously elected

Mr. Fredrickson opened the annual meeting with discussion on the **Countryside TIF**.

Section 3.1 – Gives a summary report of where we are in regard to the fund balance of the Countryside TIF. Mr. Olson said there is a 23 year time period; the bond itself is a 20-year bond; and right now they are just making the payments on it with proceeds from the bond. In nine years from now, the City is going to owe money on the bond with any proceeds left and the City has to make a decision (internally) on what to do with the TIF and the bonds. It does not necessarily have anything to do with the TIF itself or the development plan other than the City hopes there will be a building there.

Mr. Fredrickson said if there was no further discussion or questions, he was moving on to the **Downtown TIF**. Mayor Burd asked for clarification on whether or not the City was not front-funding anyone. Mr. Fredrickson and Mr. Olson confirmed they were not. Mr. Fredrickson then asked everyone to look at **Section 3.1** of the Downtown TIF. He briefly reviewed the figures and said the \$136,294 positive fund balance will be used to pay for improvements in the Downtown area, such as the kayak chute. Mr. Olson said there has been some discussion at City Council with what we want to do with this money going forward since a small pot of money is being accumulated (ranging from recreation improvements – like the playground at River Front Park – to the destruction of another building in the downtown area). This would actually have a detrimental impact on the TIF increment.

Mr. Fredrickson asked if there was any further questions or comments on the Downtown TIF, then moved along to the **Fox Industrial TIF**. He then went to **Section 3.1** to review the funds. The ending balance, effective April 30, 2010, was \$423,352. He said the City plans to close out this TIF this year owing approximately \$150,000 in outstanding debt service, which we'll pay and leave a surplus of approximately \$230,000 which will be disseminated to the different taxing districts.

Kathleen Field Orr suggested letting the different taxing bodies know when the City was going to send the check to the County so they can anticipate receiving their share.

Mr. Fredrickson asked for a motion to adjourn; motion was made and seconded; all were in favor; meeting adjourned.

Minutes respectfully submitted by:

Bonnie Olsem
