

2023 ANNUAL Response to Resistance

In 2023, the Yorkville Police Department was involved in or responded to 12,901 incidents and made 500 custodial arrests. The Yorkville Police Department investigated nine (9) Response to Resistance cases, in which 7 arrests were made. All Response to Resistance incidents were deemed to be in compliance with Yorkville Police Department Policy and Illinois State Statutes. In the nine (9) Response to Resistance cases, three (3) individuals reported an injury. Three (3) Officers reported injuries to include abrasions and a black eye. As of 2021 we began tracking weapons used versus weapons deployed and pointed but not fired (Weapons Used / Pointing of Weapon Only), Response to Resistance by Race, by Age, and reporting on whether the subject was armed or believed to be armed with a weapon. For the purposes of reporting, the Yorkville Police Department considers the pointing of any lethal or less lethal weapon system at another person as a Response to Resistance, even though physical force may not have been used.

Year	Response to Resistance Incidents	Response to Resistance Arrests	Total Incidents	Total Custodial Arrests	Percentage of Total Incidents without Response to Resistance	Percentage of Total Incidents WITH a Custodial Arrest
2020	8	3	12,449	401	99.94%	3.22%
2021	9	7	13,450	502	99.93%	3.73%
2022	5	5	13,538	421	99.96%	3.11%
2023	9	7	12,901	500	98.20%	3.89%

Quick Facts by the Numbers for 2023

- 5 of the 9 cases occurred Outdoors
- Of the 9 cases there were 6 misdemeanor charges and 5 felony charges
- 5 of the 9 cases occurred between 6p.m and 12midnight
- In all 9 cases, males were the violators
- In all but 1 case, substance abuse or mental illness was the cause for the Response to Resistance
- 12,901 police incidents – 1.8% resulted in a Response to Resistance
- 500 arrests – Seven (7) involved a Response to Resistance
- 6 subjects (67%) were believed to be under the influence of alcohol, drugs, or a combination of both
- 3 subjects (33%) were believed to be emotionally disturbed and received a mental health evaluation
- 4 subjects (44%) were between the ages of 30-39
- 3 Officers were injured in the 9 Response to Resistance cases

Each Response to Resistance goes through a thorough review process to include the Shift Sergeant, Defensive Tactics/Firearms Instructor, Field Operations Deputy Chief and the Chief of Police. The purpose of this review is to make sure that the Officers involved in the Response to Resistance are in compliance with department policy. As part of the review process the Shift Sergeant will interview each officer involved and gather all associated reporting documents to include written reports, audio/video recordings, dispatch/911 recordings, photographs, and written statements. In addition, the Shift Sergeant will interview all witnesses to the Response to Resistance as well as the suspect in the Response to Resistance. Any Response to Resistance incidents that result in the use of deadly force, are investigated by an outside agency to include either the Illinois State Police or the Kendall County Major Crimes Task Force. A High-Level Response Review is conducted by the Yorkville Police Department at the conclusion of the outside agency's investigation. The review board may consist of the Field Operations Deputy Chief, Support Services Deputy Chief, Training Sergeant, Detective Sergeant, Department Defensive Tactics Instructor/Range Master, State's Attorney, and the United City of Yorkville Attorney. The purpose of this review is to determine whether the officer's actions were in violation of department policy and procedure. In addition, this review will help identify training deficiencies.
