

#### **INTENT AND PURPOSE**

The purpose of this application is to allow land to be divided and distributed in a way that conforms to the City of Yorkville's standards. PUD Preliminary Plans allow the City Staff and local government to review how land will be developed and if it is ideal for that location within the City. This application is used to submit new preliminary plans, but may also be used to amend existing documents.

This packet explains the process to successfully submit and complete an Application for PUD Preliminary Plan & Final Plat. It includes a detailed description of the process, outlines required submittal materials, and contains the application.

For a complete explanation of what is legally required throughout the Subdivision process, please refer to "Title 10, Chapter 8, Section 6: Subdivision Procedures" of the Yorkville, Illinois Unified Development Ordinance.

This is a sample of what a schedule may look like after submission. The Step 1 Submission must be completed before the Plan Council Meeting can be scheduled. This timeline represents an ideal schedule. Throughout the review process, there may be requests or changes to the submission requested by the committees which may delay the meeting schedule. As illustrated, there is a small amount of time between meeting dates and the deadline for updated materials to be submitted for review. Depending on the complexity and nature of the request, this timeline may be extended to give the petitioner and staff enough time to review requested updates to the submission.

#### **DORMANT APPLICATIONS**

The Community Development Director shall determine if an application meets or fails to meet the submission requirements. If the Director determines that the application is incomplete it will become dormant under these circumstances:

- The applicant has been notified of such deficiencies and has not responded or provided a time line for completing the application within ninety (90) days from the time of notification.
- The applicant has not responded in writing to a request for information or documentation from the initial planning and zoning commission review within six (6) months from the date of that request.
- The applicant has not responded to a request for legal or engineering deposit replenishment for city incurred costs and fees within ninety (90) days from the date of the request.

If the Community Development Director has sent the required notice and the applicant has not withdrawn their application or brought it into compliance, then the director shall terminate the application. After termination, the application shall not be reconsidered except after the filing of a completely new application.

Withdrawal or termination of an application shall not affect the applicant's responsibility for payment of any costs and fees, or any other outstanding debt owed to the city. The balance of any funds deposited with the city that is not needed to pay for costs and fees shall be returned to the applicant.
