**YOU SEE THE STROBE LIGHT ON WHEN ARRIVING TO THE PARK**

There is a lighting detector present at the park. One loud horn blast and strobe light will come on when lightning has been detected in the area. This may even occur when clouds and/or rain is not present. When the detector comes on, the fields must be evacuated and everyone must seek shelter. The concession stands will be closed. We will not be able to resume games until the lighting detector gives the all clear, which is three short blast. –

If a tornado siren is heard, the grounds will be immediately evacuated. Games will be cancelled for the rest of the day.
