## Objectives:

We will provide a clean, safe, and healthy environment where every child's natural desire to learn will be stimulated through meaningful, appropriate, and playful learning experiences! We believe that every child should be allowed to grow at their own pace, and to learn in ways that help them be more confident in themselves as learners. Activities will include, arts and crafts, reading time, musical activities, shapes, colors, numbers, and the alphabet.

## Ready Set Go!

This is a one of a kind pre-preschool program designed to get your child used to the routine of preschool. Our Ready Set Go! program is for 2-3 year olds and they do not have to be potty trained! However, parents will be contacted if a diaper change is needed. We feature both structured and non structured activities to allow your child to grow socially, emotionally, and intellectually.
