

## SITE SELECTION PROCESS & PROJECT OPPORTUNITIES.

The Yorkville Downtown Overlay District's Streetscape Masterplan identifies several locations for potential public art installations, as illustrated in the map below. The city may select public art based upon either (1) identifying the **location** where art work would be a valuable addition to the community and soliciting proposals from artist for that specific site, or (2) receiving **artwork** proposals from qualified artists and then determining the most suitable location for the installment.

 WALL MURAL

 UTILITY BOX

 LIGHT POLE BANNERS

 INTERACTITVE SCULPTURE

 TEMPORARY ART

 MANHOLE COVER
